All Recitals: Students are required to write program notes under the supervision of their applied professor. Notes must include biographical info about composer and info about the piece. Cite sources, if used. Translation for voice must be included.

Comprehensive Exams

Each student will be evaluated to ensure achievement of program outcomes. This evaluation may be in the form of a comprehensive exam or other measurement tools, such as a recital. If unsatisfactory, after corrective action, the evaluation may be repeated up to two (2) times. Eligibility for graduation is contingent upon successful completion of the degree requirements specified by both the University and the Department of Music, including (1) Completion of all coursework with a minimum grade point average of 3.0 (A=4.0) and (2) Successful completion of comprehensive examinations after all course work is completed.

Approval of committee must be secured no less than two weeks prior to the scheduled date of the recital. The Graduate Coordinator will complete the "USA Graduate School Comprehensive Examination Committee Appointment Request and Evaluation Report" Form prior to recital. The Student will sign the form upon notification of recital results. A recital program will be attached and the form with program will be sent to the Graduate College.
