

Computer/Information Sciences

The School of Computer and Information Sciences at the University of South Alabama is seeking a full-time Assistant Professor, tenure-track faculty member for its information systems (IS) program at the undergraduate and graduate level for Fall, 2012.

Ph.D. in information systems or closely related area is required. Competitive candidates will be able to contribute to one or more of the following research areas: information security, health information systems, or business intelligence. Exceptional candidates with research interests in other areas will also be considered. Salary is competitive. A qualified candidate must be a productive researcher capable of securing extramural funding and must be committed to student success and retention.

Prospective candidates should send a letter of application, a one page statement of teaching philosophy, a one page research statement, curriculum vitae, and the contact information of three references to the chair of the faculty search committee, Dr. Harold Pardue at hpardue@usouthal.edu, (electronic submission only). Application review begins January 16, 2012 and will continue until position is filled. The University of South Alabama is an Equal Opportunity/Equal Access Employer.
