What is USA's Math Booster Program?

USA's Math Booster program is a 10-day student-centered mathematics review and success program designed to help incoming freshmen:

- Assess math background
- Prepare for college level math
- Enhance study skills
- Develop problem-solving strategies
- Experience cooperative learning in a college environment
- Review and prepare to re-take the Math Placement Exam

Who should attend USA's Math Booster Program?

The Math Booster Program is designed for incoming freshmen who successfully completed high school algebra II (intermediate algebra) and who need an intense review to prepare for their first college math course. Before submitting the enclosed program application form, students should take USA's online Math Placement Exam at <http://www.southalabama.edu/mathstat/css-placement.shtml> and enter the score on the application form.

Space is limited so please enroll early.

Deadline for applications is July 7, 2010

About your Instructors

Nancy Williams

Nancy Williams received her undergraduate and graduate degrees from the University of South Alabama, and has been teaching math for more than 30 years. Her experience includes middle school and high school, as well as post-secondary. She has been an instructor at the University of South Alabama for 15 years and is a math instructor in the Developmental Studies Program through the School of Continuing Education and Special Programs.

Amy Kingman

Amy Kingman received her undergraduate degree from Louisiana State University in Baton Rouge, LA and her master's degree from the University of South Alabama. For more than 20 years she taught math in the Mobile County Public School System at the high school level and is now an instructor in the Developmental Studies Program at USA through the School of Continuing Education and Special Programs. Prior to teaching, she was a cost accountant in the petro-chemical industry.
