**M.Ed. Program in Educational Leadership Non Certification Option**

Educational Leadership courses empower students for advancement in educational service. Leadership programs emphasize growth from the knowledge base through practical applications and experiences. This program may be completed entirely online, however the option to take approximately 40% of the courses in a campus based format also exists. This program leads to a Master of Education degree and is intended for individuals currently employed in, or interested in working in post-secondary education. Specifically, this program will NOT lead to certification in Instructional Leadership for P-12 school administrators.
