

Secondary Education, Spanish, Alternative M.Ed.

This program is designed to provide initial teacher certification at the graduate level, primarily for students interested in a career in teaching, but whose undergraduate degree did not include a teacher preparation program. Successful completion of the program may qualify the candidate for the Class “A” Professional Educator Certificate.

Advanced programs are extensions of basic preparation and differ from basic programs not in general purpose but in competence they seek to develop.

Click on the link below to view the course of study for the program.
