Students majoring in the College of Education are required to purchase the license to use Foliotek beginning with the first College of Education course (which contains teacher education standards) taken and continue to use the software throughout their program of study.

Integration with eCollege allows for a direct link on your personal eCollege USA Online homepage. Login into eCollege and click [Foliotek](#) near the center of the screen. The [Foliotek HELP](#) links is located under *Online Services* on the menu to the left of your eCollege USA Online homepage.
