Mobile Bay Heritage Award Application

The Mobile Bay Heritage Award was established to encourage a project highlighting Mobile County or Baldwin County history, archeology, and/or culture. Examples of projects might include a fee for a speaker, a photo exhibit, a class field trip, a research stipend, or the publishing of a report. It is made possible by the generous support of donors and is open to students, student groups, or faculty within the College of Arts and Sciences. One (1) or more awards may be given, totaling up to \$2,500 and the project must be completed by the end of the Spring 2014 semester. Projects occurring in the same academic year, but completed before the award announcement are eligible for reimbursement with appropriate documentation.
