

**APPLICATION FOR RADIOACTIVE MATERIAL USE  
SUBPERMIT HOLDER  
PERSONAL DATA FORM**

INSTRUCTIONS: This form should be completed and submitted to the Radiation Safety Office.

DATE \_\_\_\_\_

1. NAME \_\_\_\_\_ TELEPHONE \_\_\_\_\_

2. DEPARTMENT \_\_\_\_\_

3. BUILDING \_\_\_\_\_ ROOM # \_\_\_\_\_

4. List degrees and/or certificates you have earned (or number of years of college attended). A copy of your curriculum vitae, transcript, or highest degree is required.

\_\_\_\_\_

5. Have you been licensed for use of radioactive materials at locations other than USA?  
Yes \_\_\_\_ No \_\_\_\_\_. If yes, state the location(s), dates, radionuclide(s), chemical form(s),  
possession limit(s), and whether for human use. \_\_\_\_\_

\_\_\_\_\_

6. Have radiation exposure records been maintained for you at these locations?  
Yes \_\_\_\_ No \_\_\_\_\_. If yes, list the location(s) and dates. If the exposure records have been  
maintained under a name different from that given in Item 1, please indicate. \_\_\_\_\_

\_\_\_\_\_

7. List formal training received in Radiation Safety or Radionuclides Techniques. This should  
include: title of course, institution where course was taken, and dates attended. A letter,  
certificate, or transcript, verifying course completion should accompany this application.

\_\_\_\_\_

8. I certify that I have read and understand the University of South Alabama Radiation Safety  
Procedures Manual. Every individual working with radioactive materials under my  
supervision will be required to read this manual and attend an orientation course. No one  
under 18 years of age will be permitted to work with radioactive materials without approval  
from the Radiation Safety Officer.
