

## Electrical and Computer Engineering Faculty Position (Assistant/Associate professor)

The Department of Electrical and Computer Engineering at the University of South Alabama invites applications for tenure-track faculty positions at the Assistant/Associate Professor level starting in the 2018-2019 academic year. Applicants must have a Ph.D. degree in electrical and computer engineering or closely related discipline by the time of hire. The department is looking for candidates who can strengthen the core competencies and have expertise in electrical engineering that include, but are not limited to power systems, power electronics, communication/digital systems, control/robotics, and other closely related research areas. Outstanding candidates in all areas of electrical and computer engineering are encouraged to apply. Applicants are expected to have a track record and ability to teach electrical and computer engineering core courses at the undergraduate and graduate level, communicate effectively, potential to establish and conduct sponsored research, and a strong publication record. Candidates from underrepresented groups are strongly encouraged to apply.

The University of South Alabama is a public, doctoral-level institution. The Electrical & Computer Engineering Department is housed in a 155,000 s.f. state-of-the-art building opened in 2012. The department offers BSEE and BSCpE degrees that are ABET accredited and the MSEE degree. The College of Engineering offers the Doctor of Science (D.Sc.) in Systems Engineering.

Located in the beautiful historic city of Mobile, the university is a public Doctoral Research-Intensive institution enrolling over 15,500 students in its nine colleges and schools. For more information on the university, visit the website at [www.southalabama.edu](http://www.southalabama.edu). Mobile, a cultural, economic and recreational center on the northern Gulf of Mexico, has a population of 400,000, while that of the larger metropolitan area totals over 500,000. Applicants must be legally eligible to work in the U.S. The University of South Alabama is an EO/AA employer and does not discriminate on the basis of race, color, national origin, sex (including pregnancy, sexual orientation, gender identity and gender expression), religion, age, genetic information, disability, or protected veteran status.

Interested candidates should submit (1) a cover letter, (2) letter of teaching statement, (3) letter of research specialization and future research statement, (4) current curriculum vitae, (5) a list of at least three references, and (6) completed Biographical data form located at <https://academicjobsonline.org/ajo/jobs/10969>.

Review of applications will begin immediately and will continue until the position is filled. Candidates will be asked to submit official transcripts of their BS, MS and Ph.D. degrees prior to official offer of the position.
