

Geology Instructor Position, Department of Earth Sciences

The University of South Alabama Earth Sciences Department invites applications for a full-time (12-month), non-tenure track Instructor position in Geology, beginning August 15, 2017. The primary responsibilities of the position are teaching lecture and lab classes for Physical/Historical Geology. Additional duties include co-instructor for the department's Field Geology course (5-6 weeks) during the summer term and organizing the Physical/Historical lab specimen collections during all academic terms. Minimum qualifications: M.S. degree in Geology. Preference will be given to candidates with an outstanding teaching record, the potential to become involved with undergraduate research projects, and the ability to teach an undergraduate Mineralogy/Crystallography course. Information about the Department is available on our web site at:

<http://www.southalabama.edu/colleges/artsandsci/earthsci/geology/>

Review of applications will begin January 5, 2017, and will continue until the position is filled. Applicants must send a cover letter of interest and a current curriculum vita and must also arrange for official transcripts and three original letters of reference to be sent directly to: Dr. David Allison, Chair, Geology Instructor Search Committee, 5871 USA Drive North, RM 136 LSCB, Mobile, AL 36688. For inquiries regarding the position, contact Dr. David Allison, (dallison@southalabama.edu).
