

The Department of Information Systems and Technology (IST), School of Computing at the University of South Alabama is seeking a full-time instructor beginning August 15, 2018. A master's degree or higher in information systems, information technology, or a closely related area is required. Salary is competitive. Qualified candidates must be committed to student success and retention. Primary duties include teaching undergraduate courses and supervising student interns. Teaching areas include database management, networking, programming, project management, and other courses as assigned. The teaching load is four classes per semester. Prospective candidates should electronically submit a letter of application, a one page statement of teaching philosophy, curriculum vitae, and the contact information of three references to the search committee chair, Dr. Bob Sweeney at bsweeney@southalabama.edu. Review of applications will commence upon receipt and continue until the position is filled. The University of South Alabama is an Equal Opportunity Employer – minorities/females/veterans/disabilities/sexual orientation/gender identity.
