During Homecoming, the University and its National Alumni Association announced plans to add a Bell Tower and Alumni Plaza to beautify the campus.

To be located between Alumni Hall and the north side of the Mitchell Center, this stunning new architectural feature will naturally become a prominent center of student life and a meaningful tribute to the most committed University alumni and leaders. The Bell Tower and Plaza complex will include: a beautiful tower more than 140 feet tall; an open-sided, multi-purpose activity space under the tower with a seating area for 142 people; two arbors; Walls of Honor; and an alumni plaza with benches and walkways.

The National Alumni Association and the University are partnering to make this $2.7 million enhancement to the campus. Plans for funding the project include raising $1.8 million dollars from University alumni and friends, with the University providing $900,000 in matching funds. The Association hopes to break ground by year-end.

“The University of South Alabama Bell Tower will be a symbol of unity for our faculty, staff, students, alumni, and supporters, as well as an important icon reflecting both the growing strength of the University and the ever-increasing positive impact USA is having each day on the people it serves,” said President Gordon Moulton. “The Bell Tower will become a campus focal point that students and alumni can use for important moments and significant events in their lives.”

Carol Kittrell, Association executive director, said, “This project has long been anticipated by a number of our former Association presidents and board members. We have dreamed and planned for it for years, and now, finally the dream will come to fruition.”

Renderings have been completed, and the Bell Tower and Alumni Plaza Campaign is underway. Naming opportunities are available for many of the architectural features in the complex. University Alumni, faculty, staff, and friends will have exclusive rights to have their names inscribed on the Walls of Honor through a Lifetime Association membership. For information contact Carol Kittrell in the Office of Alumni Relations, at (251) 460-7084.
University of South Alabama

Mission Statement

The mission of the University Development Program is to maximize, from all sources, the private gift support necessary to help the University of South Alabama fulfill its mission, pursue its vision and to provide the “margin of excellence” necessary to enable the University to achieve its full potential.
Dear Friends of the University:

This has proven to be a banner year for the University of South Alabama. Through the generous support of private philanthropists, faculty, staff and alumni, Campaign USA – our first comprehensive fund-raising initiative – is already paying great dividends for University faculty, staff and students. We’re seeing great progress in the quality and future of this institution and its positive impact on the bay area and University community.

Generous donations such as that from Bert and Fanny Meisler created the University’s first building endowment that came to fruition with the construction of the new student services building – Meisler Hall – which conveniently houses services in one location such as student accounting, the registrar’s office and financial aid. Gifts from Dr. and Mrs. Steven Stokes, the Mobile County Foundation for Public Higher Education, and the American Hellenic Educational Progressive Association (AHEPA) will fund scholarships for hopeful and deserving students in all of our academic areas, and the Vincent F. Kilborn, Jr. Cancer Fellowship Endowment Fund stands to attract top physicians in the field of cancer research and treatment. These are just a few examples of how the generosity of private benefactors is Making A Difference for our students, supporting our faculty, and improving research and health care for the patients we serve.

I’m extremely pleased with the momentum of Campaign USA, and I’m optimistic that we’ll meet our goal. Through this publication, I wish to thank everyone who is helping to make this historic campaign a success.

Sincerely,

V. Gordon Moulton
Message from the Board of Trustees

Dear Friends:

On behalf of the Board of Trustees, thank you for your fervent and continued support of this distinguished institution. The entire Board of Trustees, representing the citizens of Alabama, thoroughly supports this Campaign USA effort that will forever raise the level of excellence in all endeavors of the University. We are pleased by the rapid progress and that the community response has been so positive. Our three new alumni recently appointed to the Board are also fully immersed in the campaign – Mr. John Peek, Dr. Scott Charleton, and especially Mr. Jim Yance, who is serving as campaign chair.

I would be remiss if I didn’t also take this opportunity to express our gratitude for the service of the late Mr. Jack Brunson. Jack’s support of the University of South Alabama as a member of the Board of Trustees and the Campaign Leadership Team will always be appreciated, and his USA legacy will live on through the generosity of his family.

Again, please accept my personal thanks, along with those of the entire Board of Trustees for your gift and support.

Sincerely,
Donald L. Langham
Chair Pro Tempore

BOARD OF TRUSTEES

The Honorable Bob Riley, President
Governor, State of Alabama

Dr. Joseph B. Morton

*deceased
Campaign USA: *Leadership* has spurred unprecedented giving to the University of South Alabama. During fiscal year 2006, this first ever comprehensive campaign attracted more than $20 million dollars in private support. Because of this exceptional support from generous friends, alumni, faculty, and staff members, the University of South Alabama is stronger, reaches farther into our communities, and creates more opportunities for Gulf Coast neighbors than ever before.

**Source of Gifts**

Giving by individuals totaled more than $17 million, representing 83 percent of all gifts. This generosity by more than 5,100 individuals is *Making a Difference* by expanding care, attracting the best students and faculty, and accelerating research in every division of the University.

**Number of Gifts**

The number of gifts made increased by 18 percent during fiscal year 2006, reaching an all-time high of 6564. The fact that the number of gifts made during the year significantly outpaces the number of donors (5631) is indicative of the enthusiasm of USA’s supporters. A significant proportion of the University’s donors make multiple gifts during the year, another indication of the value they place on the institution’s contributions to the community and region.

**Total of New Gifts and Pledges**

Total giving to USA grew by an astounding 65 percent in fiscal year 2006 to $20.9 million. This tremendous response to Campaign USA: *Leadership* demonstrates the strong support of the University’s friends and alumni as well as the high value that the larger community places on teaching, research, and service.
Recognizing Your Generosity

The University of South Alabama strives to recognize and honor the important role donors of charitable gifts play in advancing the teaching, research and service missions of the University.

The Honor Roll of Donors recognizes all donors who have made gifts during the fiscal year covered by this volume (FY 2006—October 1, 2005 to September 30, 2006). Donors whose cumulative giving exceeds $24,999 will be recognized by lifetime membership in the Jaguar Society and donors who have made deferred gifts are recognized by lifetime membership in the Legacy Society.

Donors whose gifts are matched by an employer or other organization will be recognized for the full amount of their gift and the matching gift received through their efforts. The company or organization providing the matching gift will also be recognized.

Our publication recognizes donors within the following categories:

The Jaguar Society provides lifetime recognition for donors to the University of South Alabama whose cumulative gifts exceed $24,999. We gratefully recognize these generous supporters through four levels of membership:

- Platinum Jaguar Society—lifetime giving of more than $10 million
- Gold Jaguar Society – lifetime giving from $1,000,000 to $9,999,999
- Silver Jaguar Society – lifetime giving from $100,000 to $999,999.
- Bronze Jaguar Society – lifetime giving from $25,000 to $99,999

The Legacy Society provides lifetime recognition for donors who provide for the future growth of the University through deferred gifts.

Annual support for the University is gratefully recognized through:

- President’s Council – donors whose FY 2006 gifts total $1,000 to $24,999
- Century Club – donors whose FY 2006 gifts total $100 to $999
- Friends of USA – donors whose FY 2006 gifts total $1 to $99
A Belated Thank You:

Donors during Fiscal Year 2004-2005

The University of South Alabama gratefully recognizes the following donors whose generous gifts made during Fiscal Year 2004-2005 were not represented in that year’s Honor Roll of Donors.

Alumni Society Contributes to New Alumni Courtyard

In 1997, the Mitchell College of Business (MCOB) was the first alumni society chartered by the University of South Alabama National Alumni Association. It serves alumni and University friends who have common interests arising from their academic affiliation with the MCOB and who relate to and support the mission of the University. Through the society, MCOB alumni can positively influence the goals of the College through an active relationship with the College faculty, its alumni, students and friends.

Over the years, the MCOB Alumni Society has held many activities including several fund-raisers. Founding MCOB society president Donna Cunningham ’77 and alumnus David Rose ’78 were instrumental to fund-raising efforts that allowed the society to donate more than $9,000 to the MCOB Learning Resource Center to create the Alumni Courtyard. MCOB Alumni Society President for 2007 Jeanne Harris ’77, MBA ’95 reminisced, “We all have memories of sitting on the floor of the MCOB studying. Look how far we have come! The Learning Resources Center has so much to offer prospective students—our future alumni.” She added “We are so pleased that the MCOB Alumni Society was able to make a contribution to this project.”
In their longstanding tradition of generous support for the University of South Alabama, the Mitchell family led the way in USA's first comprehensive campaign by making a $22 million gift, which will be used to underwrite the university's cancer research institute. The contribution was made by trustee Mayer Mitchell, his wife Arlene Mitchell, and brother, Abraham Mitchell. Their donation will enable the institute to recruit more physicians and scientists to the new research and treatment facility, which is projected to open in 2008. In tribute to the donors, the USA Board of Trustees voted unanimously to rename the center the Mitchell Cancer Institute.

The Mitchells’ donation and patronage of the cancer institute hold special meaning for their family. In 1969, Mayer Mitchell was diagnosed with stage-four Hodgkin's Disease and was told he would not likely survive beyond six months. Mayer and Arlene were able to travel to the cancer research center at the University of Rochester in New York for treatment. While there, Mayer told Arlene, “If the good Lord lets me live, there’s going to be a cancer center in Mobile for those who haven’t been this fortunate.”

The Mitchells’ commitment to the cancer institute is the fulfillment of a decades-long dream the family has had since Mayer was successfully treated those many years ago. Mr. Mitchell says, “Cancer has afflicted our family, and to be able to help develop an institution here in Mobile to serve the metropolitan Mobile area for people who are less fortunate than we are, who cannot travel to other places for treatment, that’s the inspiration. I think it will mean a lot for families. People will be able to get the best possible treatment right here in Mobile, Alabama, without the burden, stress, and strain of having to leave their communities to seek that out.”

Through this extraordinary gift, the Mitchell family will have a lasting impact on the lives of people across the Gulf Coast. Their remarkable generosity is already inspiring others to support fund-raising efforts for the Mitchell Cancer Institute. As Abe Mitchell has publicly declared many times, “We can make a difference.”
Alumni Couple Makes Record Gift

A University of South Alabama trustee and his wife have made the largest gift ever to USA by an alumni couple — a $2 million gift to be used toward scholarships in creative writing and for the College of Medicine.

Stokes and his wife Angelia are USA alumni. She completed her business degree in 1979, and he received his medical degree in 1980. He is a practicing radiation oncologist in the Dothan area.

The most recent gifts by Dr. and Mrs. Steven H. Stokes of Dothan bring their total giving to the University to $2.42 million, including University matching gifts. The $2 million gift is a combination of a bequest of 1,000 acres of timberland, valued at $1.75 million, and a $125,000 pledge to the Angelia and Steven H. Stokes Endowed Scholarship in Creative Writing. The scholarship pledge over the next five years will be matched by University funds with a like amount.

Dr. Stokes was appointed to the USA Board of Trustees in 1993 by then-Gov. Jim Folsom, Jr., and reappointed by Gov. Bob Riley in 2005. Stokes currently serves as board vice-chairman.

“The University of South Alabama and the people it serves have benefited doubly from Dr. Steve Stokes and Angelia Stokes, through the wise counsel of Dr. Stokes on the Board of Trustees, as well as the couple’s generous giving in support of USA’s students and academic programs,” said USA President Gordon Moulton.

Of their gifts to the University, Stokes said, “I have learned as a cancer specialist that each of us is only a heartbeat away from eternity, and therefore, don’t delay doing good until later because tomorrow is promised to no one.”

When asked about the couple’s commitment to creative writing, he said, “A society will be remembered by the literature it produces. I hope someday South Alabama will have an alumnus win the Pulitzer Prize in literature.”

Mrs. Stokes added, “The University of South Alabama has always meant a lot to us. The University gave us such a great start in life that we feel obligated to give something back.”

Dr. Joseph F. Busta, Jr., vice president for development and alumni relations at USA, said the Stokes gift is very important to the University and the Campaign.

“This wonderful gift is the largest commitment to Campaign USA by alumni to date, and it should serve as an inspiration to other alumni to support their alma mater through this campaign,” Busta said.

Silver Jaguar Society continued...

Established in 1998, the University of South Alabama endowment has grown rapidly to $27,450,925 in total assets at the close of Fiscal Year 2006. Many generous donors are establishing chairs, professorships, research funds, and scholarships that will produce income to support academic excellence for many decades to come. Earnings from the endowment are accelerating research, attracting top students, and rewarding exceptional faculty members.

Alumni Couple Creates Four Endowments

Alumni couple, Tom and Barbara Corcoran, have made a gift of $100,000, which will establish four endowments. Tom is a member of the Campaign USA Leadership Team, a 1970 graduate of the Mitchell College of Business, and the President and CEO of Fort Dodge Animal Health in Kansas City, Missouri, and Barbara is currently a family medicine resident at the USA College of Medicine. Speaking about this generous gift Tom said that it “represents our desire to give back to the institution that continues to be a significant part of our lives.”

Students and programs across the University will benefit from these endowed funds: the Barbara Corcoran Endowed Book Award in the College of Medicine, the Thomas Corcoran Endowed Scholarship in Interdisciplinary Studies Adult Degree Program in the Mitchell College of Business, the Thomas Corcoran Endowed Scholarship in Interdisciplinary Studies Adult Degree Program, and the Mr. and Mrs. E.T. Corcoran Endowed Fund for the Mitchell Cancer Institute. Because the Corcorans are alumni, their endowments will be augmented by University matching funds, which will double the impact of their gift on USA programs.

In 2005 the AFSA extended the reach of its support to include the USA Burn and Wound Care Center as one of three beneficiaries of this tournament. To date, the USA center has received $18,300 and is already putting these vitally important funds to work for the direct benefit of burn patients.

AFSA’s gift has enabled the USA Burn and Wound Care Center to purchase a total lift chair costing approximately $7000. This apparatus speeds recovery by making it easier to get patients out of bed. AFSA’s support has also provided two tvs complete with DVD and Play-station II for use by adolescent patients. Part of AFSA’s gift was used to provide educational opportunities for several of the burn center’s nurses, whose added training in technological advances, leading-edge burn research, and the emotional and rehabilitative aspects of burn care will benefit burn patients for years to come.

Annual giving of $1,000 to $24,999

---

ExxonMobil Corporation Supports Coastal Weather Research Center

In June 2006, Mr. Mike Todd and Mr. Paul Dieffenthaler of ExxonMobil Corporation presented the USA Meteorology Program with a check for $10,000 to support the Coastal Weather Research Center. ExxonMobil Corporation has been a long standing customer of the Coastal Weather Research Center’s forecasting and service programs. The Coastal Weather Research Center, a self-supporting operation within the University that provides forecasts, warnings, and special weather information to over 100 subscribers from Texas to North Carolina, provides ExxonMobil with valuable hurricane information for their many offshore platforms in the Gulf of Mexico. In addition, the Center provides daily weather information to the South Mobile County ExxonMobil plant. This recent ExxonMobil gift to the Meteorology Program will support ongoing forecasting expansions, technology upgrades, and teaching programs. ExxonMobil also supports the Meteorology Program by presenting two annual scholarship awards to outstanding meteorology students.

The Coastal Weather Research Center enhances USA’s meteorology education program, which currently has 111 majors enrolled. The meteorology program is the ninth largest in the country and is the only undergraduate meteorology program in Alabama. The meteorology curriculum concentrates heavily on math and science attracting students with excellent quantitative and reasoning skills. Gifts to the program help to build core competencies and to provide scholarship support to recruit and retain top students.

A long ago search for good family entertainment brought Mobile residents Goldie and Herman Ungar to the University of South Alabama to cheer its then fledgling Jaguar basketball program. During the tenure of Coach Cliff Ellis, the Ungars were encouraged by their then new friend, USA Director of Athletics Joe Gottfried, to join the Jaguar Athletic Club. Over many succeeding years, the couple has faithfully supported the Jags via this membership, as Herman recently put it, “from the lowest level of membership, and, as our love for the program grew, to the highest level where we continue to support the group now known as the Fast Break Club.”

Through the years, attracted by Gottfried’s enthusiasm, Herman and Goldie became more involved with the Jags and encouraged many of their friends to support the basketball program. Over the years, the Ungars have grown close to many players and coaches, some of whom continue to send annual birthday greetings to Goldie.

Some years ago, Goldie and Herman began to present the Heart of Gold Award at the annual All-Sports Banquet. This coveted award honors the men’s basketball player who gives 110 percent to the sport; its recipient is recognized as a leader who demonstrates tireless effort, deep desire and total dedication during practice and competition.

Clearly, the Ungars dedication to Jaguar basketball far exceeds the usual role of fan.

“The impact that Herman and Goldie have had on the basketball program cannot be measured in good deeds alone – it is measured in financial support as well as a spirit of loyalty and genuine excitement generated by the couple,” Gottfried says. “If I look into the crowd during a home game and I don’t see Herman and Goldie, I get worried.”

Gottfried is not alone. The couple’s infectious enthusiasm and ongoing commitment inspires Jag fans and players alike. The Ungars give and encourage others to provide financial, social, and emotional support that promotes the growth of each student-athlete toward a rewarding, full life.

The Crampton Trust

The Crampton Trust, a foundation created by the last will and testament of Mrs. Katherine Crampton Cochrane, has provided significant support to USA for many years. To honor her father Dr. Orson L. Crampton who practiced medicine in Mobile, Mrs. Cochrane dedicated funds to establish a professorship or chair in his memory at the College of Medicine. Thanks to her generosity, the Crampton Chair in Gerontology will support the work of a physician having a sincere interest in diseases associated with the aging process. Since 1994 annual distributions from the trust have supported students and faculty at the College of Medicine.

In addition to establishing the Crampton Chair in Gerontology, the Crampton Trust has also supported projects within the University, including the Alfred and Lucile Delchamps Archeology Building, a pre-medical scholarship, and several full four-year scholarships for medical students. The University of South Alabama is grateful that Mrs. Cochrane’s commitment to advancing medical science continues to encourage worthy Alabama residents to pursue medical education and thereby improve health care in our region.

Mr. James G. Harrell, Jr., Vice President of Industrial Valve Sales and Service Inc., exemplifies the commitment that many donors to USA Children’s and Women’s Hospital express. Mr. Harrell and many others recognize the unique and vital role that the high quality care provided at hospital plays in the health of our region’s families.

Mr. Harrell’s family knows first-hand the value of the advanced care available to premature and critically ill children through Hollis Wiseman Neonatal Intensive Care Unit. Mr. Harrell has generously supported improvements and equipment for the neonatal intensive care unit. He explains, “The University of South Alabama Children’s and Women’s Hospital was there for my daughter and grandson when they needed it the most. Langdon, my grandson, was in the neonatal intensive care unit. His family recognizes the unique and vital role that the high quality care provided at hospital plays in the health of our region’s families.”

Dear Friends,

Thank you for your gifts to the University of South Alabama. It is my great pleasure to share with you the news that, at the conclusion of one year of the three-year public phase of this campaign, we have raised $51.6 million – 69 percent of our $75 million goal. This feat would not have been possible without your generous contributions to Campaign USA: Leadership coupled with the efforts and dedication of an outstanding Leadership Team.

As we enter our second year, we are faced with a new task – to remain focused on our goal and to sustain our momentum during the remaining two years of the campaign. With your support and the tenacity of our Leadership Team, we will continue to build on USA’s strong tradition of teaching, and enable the University to enhance its research and public service missions, setting the stage for ever greater growth and opportunity.

The success of Campaign USA yields more than dollars for the University of South Alabama. Our success in raising private support will aid in attracting outstanding students, hiring and retaining top faculty, and expanding USA’s reputation for excellence in medical research and providing excellent health care. Campaign USA offers the opportunity to reach out regionally and nationally to alumni and friends whose support and encouragement enhance the positive impact that the University of South Alabama makes in the lives of those we serve.

Sincerely,

Dr. Joseph F. Busta, Jr.
Vice President for Development and Alumni Relations
Director, Campaign USA: Leadership

---

Dear Friends,

As an alumnus of the University of South Alabama, it gives me great personal pride to serve as chair for Campaign USA: Leadership and to see the impact your generosity is already making at our institution. The hallmark of any great institution is the value that it places on cultivating its students, attracting and supporting top faculty, growing its infrastructure and planning for the future. After a successful first year of this campaign, we are well on our way to achieving these goals. Thank you to all of the donors who selflessly contributed to our success.

Thank you as well to my fellow Leadership Team members for their hard work this past year. They have worked tirelessly along with me, and the impact they have made on this campaign and their dedication to the University of South Alabama cannot be overstated. In addition, I would be remiss if I didn’t recognize the two team members lost during the past year: Mr. Jack Brunson and Mrs. Camille Head Corte. Their contributions to the team have been invaluable; they will be missed.

On behalf of the Leadership Team, I thank you again for your support and look forward to continued success because of you.

Sincerely,

James A. Yance, Class of 1970
Campaign Chair
What a difference a year makes! With dedication and tenacity, the Campaign USA: Leadership Team completes the first public year of the campaign having raised an unprecedented $51.6 million, representing 69 percent of the total campaign goal of $75 million. This achievement demonstrates the hard work that has been undertaken by the Leadership Team since the March, 2006 kick off event at which University leaders announced that led by a $22 million commitment from the family of Arlene, Mayer and Abraham Mitchell, they already had raised $36.6 million, or 48 percent, toward the Campaign USA goal. Since the beginning of the campaign, more than 13,370 donors have contributed.
In recent years, the University has dramatically increased efforts to seek private philanthropic support, yielding a four-year increase in private giving from approximately $2 million per year to more than $20 million annually today. This rapid growth is a strong indication of the University’s private gift potential.

Major campaign gifts during this first public year include: a $2 million endowment from Bert and Fanny Meisler to support the new student services building; a $2 million gift from Dr. Steven Stokes and his wife, Angelia, to endow scholarships in creative writing and the College of Medicine; a $1 million gift from Vincent and Marcia Kilborn to establish the Vincent F. Kilborn, Jr. Cancer Fellowship Endowment Fund; and a $500,000 grant from the Alabama Power Foundation to furnish two new engineering labs.

Through Campaign USA, the University’s Board of Trustees, faculty, staff, students, alumni and community leaders are transforming the institution, heightening its capacity for Making A Difference in education, research, service, health care and economic development.
Leadership Team

V. Gordon Moulton - President
Donald L. Langham – Chair, Board of Trustees
James A. Yance – Campaign Chair
Joseph F. Busta, Jr. – Campaign Director, Vice President for Development and Alumni Relations
Beth Schiavoni – Campaign Coordinator

Independent Pilots Association

USA Children's and Women's Hospital received a generous gift of $52,475 from the Independent Pilots Association (IPA) Foundation for the role the hospital played before and after the landfall of Hurricane Katrina. The IPA is the trade union representing the pilots who fly for United Parcel Service.

“The IPA Foundation and its members felt blessed that we could contribute, in some way, to the relief effort at USA Children's and Women's Hospital,” commented UPS B757 Captain and IPA Foundation Trustee Chris Dabbikeh at the check presentation. He continued, “Helping children is at the core of the IPA Foundation. In the wake of Hurricane Katrina, the pilots who fly for UPS and our Foundation members wanted to respond to the needs in the Gulf area. Through your wonderful hospital, we were able to do just that.”

WalMart Giving Enhances Care

Each year, Wal-Mart is consistently one of the top three donors for USA Children’s and Women’s Hospital through their sponsorship of Children’s Miracle Network. “Wal-Mart has been an amazing partner with the USA Children’s and Women’s Hospital over the past 20 years,” said Dr. Becky DeVillier, hospital administrator. “With the support of the associates and stores, we have been able to enhance the care provided to the children and women we serve. We appreciate their dedication and commitment to the hospital as they give back to our community.”

From left to right, Joe Smith from Store #934 in Daphne; Eunice Owens from Store #866 on Rangeline Road; and Rachel Morgan from Store #3174 in Semmes.

### Mobile’s Young Lawyers Support Mitchell Cancer Institute

The Young Lawyers Section of the Mobile Bar Association pledged its support to the Mitchell Cancer Institute this year because of the tremendous positive impact the Mitchell Cancer Institute will have on this community and region. The group's choice of the Mitchell Cancer Institute has a motivation close to home. “Obviously, cancer has affected members of the legal community and family and friends of many lawyers in the local bar association. The Mitchell Cancer Institute will spur research, new technologies and techniques to help patients conquer cancer. Therefore, the decision to give to the Mitchell Cancer Institute was an easy one, and the Mobile Young Lawyers Section is honored to dedicate a physician/patient consult room of the Center for Clinical Oncology at the new Mitchell Cancer Institute,” explained Chad Brown, the group’s representative.

The Mobile Young Lawyers’ Golf Tournament is the main fund-raising event for the group and supports its operating expenses and various charitable projects throughout the year. Charities supported by past tournaments include: Victory Health Partners, the Multiple Sclerosis Society, the American Cancer Society, the United Way of Southwest Alabama, L’Arche, the Albert P. Brewer Center, the American Diabetes Foundation, The Boys and Girls Club, and the Mulherin Custodial Home.

The Mobile Young Lawyers’ Golf Tournament, held annually since the early 1970s, draws a field of nearly 200 golfers, including local judges, attorneys, and members of the business and legal community. This year more than 40 generous sponsors helped to make the tournament a success.

Local Attorney Endows $1 Million Cancer Fellowship

Mobile attorney Vince Kilborn and his wife Marcia have pledged $1 million to the University of South Alabama to create a new fellowship to train top doctors and researchers at the Mitchell Cancer Institute.

Named in memory of Kilborn’s father, who died of cancer, the Vincent F. Kilborn Jr. Cancer Research Fellowship Endowment Fund will support postdoctoral researchers and doctors who want to further their training at the Mitchell Cancer Institute. “My father gave me a love of the law, a fine education and empathy for other people,” Kilborn said. “These gifts have provided the means for me to make this gift to the University of South Alabama.”

In 1971, the elder Kilborn was diagnosed with pancreatic cancer and died four months later at age 54. Kilborn said the gift in memory of his father will help the Mitchell Cancer Institute. “There is a lot of excitement around the Cancer Institute. It will do a lot for the community, for Alabama and the entire Gulf Coast region.”

Kilborn is an attorney at the firm of Kilborn Roebuck & McDonald. Kilborn received an undergraduate degree from Spring Hill College, a law degree from the University of Alabama, and a master’s in law from New York University.

Kilborn met his wife Marcia while she was a nurse at the University of South Alabama’s Medical Center Burn Unit. She now owns Mouvement Centre in Fairhope, a clinical Pilates studio. The couple resides in Montrose.

**Lettie Pate Whitehead Foundation Funds Nursing Scholarships**

The College of Nursing is grateful to the Lettie Pate Whitehead Foundation for a $36,000 grant to provide scholarships during the 2007-2008 academic year. The gift will support numerous undergraduate nursing students with an interest in health education. Last year, 15 scholarships were awarded with the Lettie Pate Whitehead Foundation funding. The Foundation has provided $86,000 for nursing scholarships at USA during the past three years.

The College of Nursing ranks among the largest nursing education programs in the United States and is a leader in training professional nurses to meet the needs of the state and region. The College has an enrollment of more than 2,000 students and offers the Bachelor of Science in Nursing degree and the Master of Science in Nursing degree. The College has made history by being the first and only Alabama institution to establish a Doctorate of Nursing Practice degree and psychiatric nurse practitioner program.

Compassionate Friends Donate Sculpture

The Mobile Chapter of Compassionate Friends donated a sculpture, which they named “On Wings of Forever” by artist Jo Saylors. “The beautiful bronze sculpture of a young girl releasing butterflies sits nestled among flowering plants that attract real butterflies and is a wonderful addition to the Children’s Sculpture Park,” said Children’s and Women’s Hospital administrator Becky DeVillier. “Everyone especially loves the patina variations used on the bronze butterflies which reflect the sunlight throughout the day.”

Compassionate Friends is a national organization comprised of parents and families who have experienced the loss of a child. The support group meets regularly and provides assistance to other grieving parents. “The butterfly is the organization’s national symbol and this sculpture was a perfect fit for our group,” said the organization’s president Peggy Sheffield.

“We all wanted to be a part of the healing this park offers to families, and we are extremely happy with the sculpture we chose.”

Herbert and Fanny Meisler Create Historic $2 million Endowment

The first endowment in the history of the University designated for ongoing maintenance and enhancement of a building was created by Herbert A. and Fanny R. Meisler, who gave $2 million to endow the University’s new student services building, named Meisler Hall in their honor.

The Meislers have been longtime supporters of the University, and to date, their gifts to the University total $2.6 million. “The University has done wonders for the city,” Mr. Meisler said. “It’s the best thing we have in the city. We are so fortunate to have it because it has had a tremendous economic impact through bringing people to the community and through its payroll — not to mention all the health care it has provided.”

Meisler Hall provides a central location for all student services including: Admissions, Financial Aid, Career Services, Enrollment Services, International Student Services, Registrar, New Student Orientation, Student Accounting, Veterans Affairs, and other services.

The Meislers credit their families for their philanthropic commitment. Mr. Meisler especially recalled his grandparents who welcomed new immigrants to their home, and later, sent them on their way with some money to help them get settled.

“His philosophy has always been, ‘You cast your bread upon the water and it comes back two-fold,’” Mrs. Meisler said of her husband.

Mr. Meisler praised his wife’s support and encouragement of philanthropy throughout the years.

The couple have five children — Benjamin, Martin, Allen, Irving, and Lori — and 13 grandchildren.

Alumni Skipper and Story Walters — Always There To Help

Skipper and Story Walters, both graduates of the University, have provided continuous support to a myriad of programs: men’s basketball, the National Alumni Association, tennis, and baseball. The Walters’ most recent support was to help build the Learning Resource Center adjacent to Skipper’s alma mater, the Mitchell College of Business. Utilizing both manpower and product from his business, Walters Controls, Skipper helped build the Center — literally. “Skipper and Story are well known throughout the community for their commitment to help others and genuinely make our community a better place in which to live,” said Dr. Joe Busta. “The University community is blessed to be a recipient of their time, talent, and dollars, but most of all, we are proud to call them our alumni.” Skipper is a member of the Campaign USA: Leadership Team.

Ipsco Steel Celebrates Its 50th Anniversary with Gift to Engineering

In recognition of its 50th Anniversary, IPSCO Steel, located in Axis, Alabama, has given $125,000 to the College of Engineering.

IPSCO’s gift will be used to purchase priority equipment needs for labs within the College and to provide hands-on training for engineering students. One of the engineering classrooms will be named in honor of IPSCO’s generous support.
The 2006 Faculty/Staff Annual Fund campaign was the first major initiative to follow the kick off of Campaign USA: Leadership, and the University’s employees wholeheartedly endorsed the new campaign. More than 57 percent of employees participated, giving more than $293,000 that will create and enhance programs in every division of the University.

For the first time, employees were offered the opportunity to establish or augment endowments through multi-year pledges that will be matched dollar for dollar by the University. During the campaign, 19 employees established new endowed funds or made multi-year pledges to existing endowments to provide for the ongoing needs of the University.

**These committed, generous employee families include:**

- Mr. Keith Ayers
- Mr. Ken Bloch
- Dr. & Mrs. Mike Boyd
- Dr. and Mrs. Joseph Busta, Jr.
- Dr. Patsy Covey
- Dr. Debra Davis

LOOKING FOR YOUR LISTING?

The USA Honor Roll of Donors includes the names of all individuals, organizations, corporations, and foundations that made charitable gifts to the University of South Alabama during Fiscal Year 2006 (covering the period from October 1, 2005 until September 30, 2006) and all donors whose cumulative giving exceeds $25,000, qualifying them for membership in the Jaguar Society.

Your support is important to us! If you believe that your gift should be represented in this publication but is not, please consider whether:

- Your gift to support USA was made to an area that maintains accounts separate from those of the University of South Alabama. This publication does not reflect gifts made directly to hospital auxiliaries, the USA Foundation, the National Alumni Association or the Medical Alumni Association, the South Alabama Medical Science Foundation, the Health Services Foundation, or other University-related organizations.

- Your gift to USA was made via a company check or credit card. If this is the case, please check for the listing under your company’s name.

- Your gift to USA was made prior to a change in your name. If so, please check for a listing under your former name.

We have tried diligently to list each gift appropriately but recognize that errors and omissions may still occur. If we have made an error, please accept our apologies and notify the Office of Development at the University of South Alabama, HSB 2150, Mobile, Alabama 36688 or (251) 460-7032.
VOLUNTEER LEADERS

The University of South Alabama is supported by many individuals, groups and organizations, but none are more important to the University than the USA National Alumni Association, the USA Medical Alumni Association, and the Jaguar Athletic Club. It is through the fund raising efforts of these great volunteer organizations that scholarships are created; student, faculty, and employee awards are presented; academic programs are supported; athletic programs are enhanced and school spirit is exemplified.

USA National Alumni Association

President’s Message

The USA National Alumni Association works closely to foster active, productive relationships that contribute to the vitality of the University family. Association membership enables alumni to stay connected to USA wherever their lives have taken them. Spread across the United States and the world, USA alumni are the University’s best ambassadors embodying the spirit and integrity cherished at the University of South Alabama.

Growing the Association’s membership is critical to accomplish our mission. I am pleased to announce that 2006 was a very productive year for the Association. Membership participation is increasing and the Lifetime Membership level has grown the most significantly in the past year.

One of our 2006 goals was to expand our chapter network into new areas of the state and nation. We have alumni in almost every U.S. state and we held events in many cities. As a result, we now have 12 chapters, five societies and more are in the works.

Another goal was to increase alumni scholarship funding. Our golf tournament raised over $16,000 for scholarships, and Dr. Kit Outlaw ’87 endowed The USA National Alumni Association Madge and Gladys Outlaw Endowed Freshman Leadership Award in honor of his aunts. The Association currently awards ten academic scholarships, three faculty/staff awards, and six outstanding employee awards.

In an endeavor to increase student involvement, the Association created the student alumni association, named STAT—Students Today, Alumni Tomorrow during this year.

I would like to thank all of our alumni who have contributed back to their alma mater whether through alumni membership or gifts to the University. I also want to acknowledge the commitment and guidance of the 21-member Association Board of Directors that serves as the voice of more than 54,000 graduates.

In closing, 2006 was a busy year—2007 will be even busier with the announcement of plans for the Bell Tower and Alumni Plaza Campaign. And we look forward to working with our alumni and University friends to make this endeavor a reality.

President
USA Medical Alumni Association

President's Message

The University of South Alabama Medical Alumni Association’s ongoing mission is to enhance medical education at the University, and to promote the professional development of the College of Medicine’s students, graduates and resident graduates. It is our hope the bonds we form during our education endure throughout our professional careers and are reflected in ongoing pride in this institution.

In 2006, thanks to the generous support of our membership, the Association was able to make substantial contributions in medical education and student scholarships. Excellence begets excellence, and the Medical Alumni Association is grateful for the opportunities to foster collaborative efforts with the College of Medicine.

Jaguar Athletic Club

President’s Message

Founded in January 2006 to replace the Jaguar Athletic Club, the Jaguar Athletic Fund (JAF) is the first truly comprehensive Athletic Annual Giving program for USA Athletics. The JAF is the umbrella organization for all athletic fund-raising. The JAF Board of Directors is comprised of individuals representing all sports within the USA Athletic Department. They are charged with identifying individual financial goals for each sport and then obtaining the private support necessary to help each sport reach its peak of performance.

The mission of the JAF is to provide financial assistance to the USA athletic programs through scholarships for student athletes, supplemental funding to support team travel, promote and supplement recruitment of exceptional athletes, and purchase necessary equipment.

The facilities of the USA Athletic Program continue to grow and rival those of any institution in the Southeast. We have added softball to our program and are working with the USA Development Office to find funding for a number of exciting capital programs.

The Jaguar Athletic Fund is proud of the role it serves in helping out student athletes excel on the field as well as in the classroom. We invite you to join in that success by making a gift to the Jaguar Athletic Fund today!

**OPPORTUNITIES FOR GIVING**

Private support is critical to the future success of the University of South Alabama (USA). There are many ways to make philanthropic gifts. Gifts can be restricted gifts to a department, college, or program, or you can make unrestricted gifts to the University to be used “where the need is greatest” at the President’s discretion.

A charitable gift to the University of South Alabama can be made in many ways:

**Cash or securities** - are the most immediately useable gifts and can be designated for any purpose.

**Corporate matching gifts** - many companies encourage their employees’ philanthropy by matching the employee’s gift sometimes doubling or tripling the size of the gift. If you work for a matching gift company, just send your employer’s matching gift form with your gift, and USA will take care of the details. Both you and your company will be recognized for the matching gift.

**Bequest through a will or living trust** - many donors find a bequest the most convenient way to leave a legacy to USA.

**Charitable trust or other life income plan** - various trust arrangements such as charitable remainder unitrusts, charitable remainder annuity trusts enable you simultaneously to make a gift, retain income from the assets, and secure a tax advantage.

**Annuity lead trust** - through this instrument a fixed annuity is distributed annually to USA for a specified number of years. At the end of the specified term, the gift principal is distributed to family members.

**Gifts of real and personal property** - a gift of real estate, works of art, collectibles, rare books, copyrights, oil and gas interests may be made to the University and then sold and the proceeds used for endowment or for capital or operating funds. Gifts of useable scientific equipment or computers may go immediately into the classroom or research laboratory.

**Life insurance** - a life insurance policy that is no longer needed can be donated during your lifetime to support a favorite program. Such a gift offers income and estate tax savings. USA can also be named as owner and beneficiary of a new policy.

**Life estates** - enable a donor to give his or her home, while retaining use of the home for life. Primary benefits from this type of gift are income tax deductions and direct transfer of the home to the University without probate.

**IRA’s and qualified retirement plans** - because these assets may be subject to heavy taxation when passed to heirs, they are wonderful assets to consider using for charitable giving. A gift can be made simply by designating USA as a beneficiary of a retirement plan. If, however, you meet the minimum age for withdrawals and would benefit from a deduction to use against your current taxes, you might also consider a lifetime distribution to USA. Due to the dynamic nature of the law, you should consult your tax advisor prior to making such a gift.

**Special Note on IRA's**
The Pension Protection Act of 2006, allows individuals to make charitable distributions of up to $100,000 from their traditional or rollover IRAs without those distributions counting as gross income. Donors must be at least 70 1/2 years of age, and the funds must pass directly from the IRA custodian to the qualifying charity. This provision is effective only until December 31, 2007.

*If you would like more information about making a gift to the University of South Alabama, please call the Development Office at 251-460-7032.*
The Legacy Society

honors individuals who have provided for the future of the University through a planned gift instrument.

Planned gifts can take many forms:
• including USA in a will or making a bequest;
• naming the University as a beneficiary of a retirement plan;
• setting up a charitable trust that will create either income for the University or a life income that can go directly to you or your designees
