HONOR ROLL OF DONORS

VOLUME V
A Report on Philanthropy
Covering Fiscal Year 2007

CAMPAIGN USA
Leadership
UNIVERSITY OF SOUTH ALABAMA
Fireworks exploded during Homecoming as hundreds gathered to celebrate the public groundbreaking ceremony for the Bell Tower and Alumni Plaza. A 30-foot rendering of the bell tower served as a backdrop for the ceremony and gave those attending a hint of the vibrant new complex soon to take shape at the center of the main campus.

The National Alumni Association and the University have partnered to make this $2.7 million enhancement to the campus. There is still time to name many of the complex’s unique architectural features. University faculty, staff, alumni and friends will have exclusive rights to have their names inscribed on the Walls of Honor through a Lifetime Association Membership. For information contact Carol Kittrell in the Office of Alumni Relations at (251) 460-7084 or visit www.southalabama.edu/alumni.
Message from President
V. Gordon Moulton

Dear Friends of the University,

With time comes change, and change often inspires a new vision for the future. The same can be said for the University of South Alabama. Over the past few years, our University has emerged to become more than just a regional institution. We are a formidable competitor in our state and among other national institutions of higher learning. In recognition of the changes taking place at USA, a new Mission, Vision and Goals statement has been adopted which reflects our outlook for the University and calls upon us to serve the people of Alabama as citizens in a global community. In essence, we aspire “to become a preeminent comprehensive university that is recognized for its intellectual, cultural, and economic impact on the health and well-being of those we serve as leaders and citizens in a global community.”

Your support of our institution through Campaign USA: Leadership is the vehicle by which we will employ this mission, keep steady our vision and reach the goals we have set to achieve continued excellence in higher education and health care. In addition, your support of USA – as the employer with the largest payroll in Mobile County – also enables us to continually improve our economic impact on the local community.

I wish to take this opportunity to thank all of you – alumni, friends, faculty, and staff – who have placed your faith and your resources in the University of South Alabama. Your selfless contributions are paving the way toward an unprecedented time in our history, and together we look forward to rewarding times ahead.

V. Gordon Moulton
President

**Mission Statement**

The mission of the University of South Alabama is to offer high-quality programs of teaching, research, public service, and health care that create, communicate, preserve, and apply knowledge in service to the people of Alabama as citizens in a global community.

**Vision Statement**

Our vision is to become a preeminent comprehensive university that is recognized for its intellectual, cultural, and economic impact on the health and well-being of those we serve as leaders and citizens in a global community.

Message from the Board of Trustees

Dear Friends,

On behalf of the Board of Trustees, I wish to extend our sincere thanks to our generous supporters, the Campaign USA: Leadership volunteers, and university leadership who have given of their time and resources to see that the University of South Alabama does become the preeminent comprehensive university we aspire to be.

We are a vibrant, growing and competitive institution with an exceptionally bright future ahead. The goals we have set are clearly within reach and your continued generous support will make them possible to attain. We appreciate the faith you have placed in us, and the Board will see to it that the resources you entrusted to the university will be managed responsibly.

My fellow Trustee – Mr. Jim Yance – and his distinguished team of volunteers have done an outstanding job of engaging the community on behalf of the university and conveying our mission and vision in a way that speaks to our role in their future. President Gordon Moulton is breaking ground – both literally and figuratively – on new ventures that will move this institution into the forefront of higher education. Dr. Joe Busta, Vice President for Development and Alumni Relations, is working diligently to strengthen the university's private financial support, our faculty and staff are showing their support in unprecedented numbers, and our student base is growing more rapidly than any institution in our state.

Again, my sincere thanks to you all – especially our donors and friends – for Making A Difference.

Steven H. Stokes, M.D. ’80
USA Board of Trustees
Chair Pro Tempore
Philanthropic giving through Campaign USA: Leadership continues at record levels. In fiscal year 2007 more than $22 million dollars in gifts and new pledges have pushed us closer to our goal. This unprecedented support strengthens the University of South Alabama, broadening its impact across the Gulf Coast and beyond.

**Source of Gifts**

Giving by individuals continues to account for the majority of gifts to USA; in fiscal year 2007, individuals made 60 percent of all gifts. During the same period, giving by foundations and organizations rose substantially. Foundation gifts totaled $3.9 million, accounting for 18 percent of all gifts. Gifts by organizations accounted for 16 percent of gifts totaling $3.5 million.

**Number of Gifts**

Campaign USA: Leadership attracted record numbers of donors and gifts in fiscal year 2007: 5,920 donors made 6,975 gifts. These figures indicate that 15 percent of all gifts (1,055 gifts) came from repeat donors, who demonstrate a high degree of commitment to USA and its mission.

**Total of New Gifts and Pledges**

Giving to USA during fiscal year 2007 outpaced last year’s record success, topping $22.4 million. Total giving this year nearly doubled the $11.5 achieved in fiscal 2004, the first year of Campaign USA: Leadership.
RECOGNIZING YOUR GENEROSITY

The University of South Alabama strives to recognize and honor the important role donors of charitable gifts play in advancing the teaching, research and service missions of the University.

The Honor Roll of Donors recognizes all donors who have made gifts during the fiscal year covered by this volume (FY 2007—October 1, 2006 to September 30, 2007). Donors whose cumulative giving exceeds $24,999 will be recognized by lifetime membership in the Jaguar Society and donors who have made deferred gifts are recognized by lifetime membership in the Legacy Society.

Donors whose gifts are matched by an employer or other organization will be recognized for the full amount of their gift and the matching gift received through their efforts. The company or organization providing the matching gift will also be recognized.

Our publication recognizes donors within the following categories:

The Jaguar Society provides lifetime recognition for donors to the University of South Alabama whose cumulative gifts exceed $24,999. We gratefully recognize these generous supporters through four levels of membership:

- Platinum Jaguar Society – lifetime giving of more than $10 million
- Gold Jaguar Society – lifetime giving from $1,000,000 to $9,999,999
- Silver Jaguar Society – lifetime giving from $100,000 to $999,999.
- Bronze Jaguar Society – lifetime giving from $25,000 to $99,999

The Legacy Society provides lifetime recognition for donors who provide for the future growth of the University through deferred gifts.

Annual support for the University is gratefully recognized through:

- President’s Council – donors whose FY 2007 gifts total $1,000 to $24,999
- Century Club – donors whose FY 2007 gifts total $100 to $999
- Friends of USA – donors whose FY 2007 gifts total $1 to $99

DeBakey Foundation Helps Underserved Rural Communities

The Ernest G. DeBakey Charitable Foundation gave $280,000 to establish The Ernest G. DeBakey Scholarship Fund in the USA College of Medicine. The DeBakey Scholarship Fund will award two full four-year medical scholarships to students who agree to practice in underserved rural Alabama upon completion of their primary care residencies.

With the increasing shortage of physicians in rural areas of Alabama, a need exists for more graduates to enter primary care residencies and practice in areas where access to health care is severely limited. To address this need, the USA College of Medicine is honored to partner with The DeBakey Foundation to help in a concrete way to alleviate the shortages of physicians in these areas of the state. The incentive of the DeBakey Scholarship, combined with a mentoring program within the College of Medicine, will encourage more medical students toward practicing in the areas of the state where the need is greatest.

The University is very grateful to The Ernest G. DeBakey Charitable Foundation for establishing this unprecedented scholarship program, which benefits deserving medical students and will ultimately improve health care for Alabama rural communities in the future.

RE/Max of Orange Beach
Raises Money for CWH

RE/MAX of Orange Beach recently raised $50,000 during the National Shrimp Festival in Gulf Shores to benefit USA Children’s and Women’s Hospital. “Being a competitive group, the agents started selling tickets and wanted to see who could sell the most,” said Lezlie Parker, director of operations for RE/MAX of Orange Beach. “The situation evolved and it became ‘What can we do for the children at USA Children’s and Women’s Hospital?’ It was a labor of love. We plan even bigger and better things for next year.”
Thomas and Barbara Corcoran recently established the Corcoran Scholar–Athlete Endowed Scholarship with a gift of $50,000 to Campaign USA. Their gift will be matched by the University to create a $100,000 endowment, the largest athletic scholarship endowment to date. Earnings on the endowment will support a scholarship for a junior at USA who excels in both sports and academics. Students will be nominated by the head coach in each sport and a winner will be selected by an awards committee.

“Barbara and I are quite happy to continue supporting the Campaign USA initiative,” said Corcoran. “The University, under the leadership of Gordon Moulton, and the campaign, under the leadership of Joe Busta, clearly show the University is headed in the right direction and we are delighted to play a very small part,” he added. The Corcorans previously gave $100,000 to the campaign designated for medical, continuing education, and business scholarships as well as an endowed fund at the Mitchell Cancer Institute.

The Corcorans are both USA graduates: Tom is a 1970 graduate of the Mitchell College of Business and a member of the Campaign USA Leadership Team. Barbara recently completed her residency in family practice at USA.
Gosas Support Nursing and Business Scholarships

Mr. & Mrs. Jake Gosa have established a scholarship program benefiting the Mitchell College of Business and the College of Nursing. Jake Gosa is a 1972 business graduate and his wife Pat is a trained nurse. The couple visited campus last fall after more than 30 years away so that Mr. Gosa could share his expertise with students as a visiting executive lecturer at the Mitchell College of Business.

Mr. Gosa is the Chairman and Chief Executive Officer of American Woodmark Corporation, a leading national cabinet manufacturer. Under Gosa’s leadership, annual sales at the company have grown from $200 million to over $777 million and the company currently employs more than 6,300 workers. Mr. Gosa joined the company in 1991 and has been its leader since 1996.

Interaction with students and a belief in the importance of higher education led Mr. and Mrs. Gosa to make a $200,000 gift to endow a scholarship fund. Their gift was matched 100 percent by the University creating a $400,000 fund. This is a significant new resource for USA students and will be an important recruitment and retention tool for the Mitchell College of Business and the College of Nursing.

During Mr. Gosa’s presentation on campus, he encouraged students to set their career goals early and shared that employers value honesty, integrity, and a willingness to learn and grow. Mr. Gosa has also established an internship program through American Woodmark Corporation to provide opportunities for USA graduates.

Alumnus Honors Former Professor

Many successful professionals credit a particular incident, individual, teacher or professor with making a significant impact on their lives. Unfortunately, many of these mentors never know of their important effects on others. Alumnus and Director of Athletic Development John Goodroe has chosen to show his gratitude for a special professor by creating an endowed library book fund in his name. He created the Dr. Ellwood (Woody) B. Hannum Endowed Library Book Fund in appreciation of the guidance, encouragement and mentorship Dr. Hannum provided to him and others. “Dr. Hannum was the main reason I stayed in college. He instilled a love of books in me and actually thought I had great potential!”

Goodroe’s generosity will enable the University Library to purchase books using earnings on the endowment forever. “I have known Woody for thirty-two years, and there is one behavior that has stood above the rest, his great love of books. He continually reads and is open to new ideas and ways of thinking about issues. I have found him to be a wonderful colleague and friend. There is no better way to honor him than to endow a book fund for the USA library,” said Dr. Tom Wells, Dean of the School of Continuing Education and Special Programs.

Cancer Research Endowment Honors Audrey Joyce Grodnick

There are basically two types of philanthropic giving: first, a gift of financial support and second, a gift of time. Few donors make it their mission to do both - Joy and Jimmy Grodnick are the exception. Both serve on a variety of not-for-profit boards, volunteering their time, talents, and direction. They also attend countless fund-raising events and galas providing financial support to each and every one, and encourage others to do the same.

So, it was no real surprise that Joy and Jimmy chose to make a gift to the Mitchell Cancer Institute – further evidence of their efforts to improve the quality of life for their neighbors. But, what is unique about this gift is that it serves to honor Jimmy’s mother Audrey Joyce Grodnick who battled and eventually became a victim of breast cancer.

The Audrey Joyce Grodnick Breast Cancer Research Endowment Fund will provide funds for scientists and doctors at the USA Mitchell Cancer Institute to conduct groundbreaking research and provide state-of-the-art treatment. With help from extraordinary community leaders like Joy and Jimmy Grodnick, the USA Mitchell Cancer Institute will truly be a place of helping and healing.

Class of 2007
Dear Friends, Alumni and Supporters of the University of South Alabama,

First of all, my sincere thanks. Your generous gifts and pledges will aid the university in its mission to offer high-quality programs of teaching, research, public service, and health care that create, communicate, preserve, and apply knowledge in service to the people of Alabama as citizens in a global community. This new mission reflects the future of USA and our commitment to our constituents.

Your resources will allow us to build upon the academic quality and learning environment of the university, enhance the quality of student life, and sustain the growth of high-quality health care services. How will we do that? By creating new scholarships, professorships, chairs and research funds, we will be able to recruit and graduate high-caliber students and recruit and develop exceptional faculty and staff.

Through your generosity, we are also able to provide high-quality physical facilities for our students and the patients we serve. A multi-million dollar construction initiative is currently underway on new facilities such as the Health Sciences Building which will house the Colleges of Nursing and Allied Health Professions on the main campus, a new student recreation center, additional on-campus student housing in The Grove, the Alumni Plaza and Bell Tower and the Mitchell Cancer Institute. Many of these facilities have been made possible through your support – our friends, alumni and constituents.

As we embark on our final year of Campaign USA: Leadership, I sincerely hope that our good-faith stewardship of your resources will affirm your support of the university and strengthen the bond we have with you, our generous supporters.

Thank you.

Dr. Joseph F. Busta, Jr.
Vice President for Development and Alumni Relations

Dear Friends,

Andrew Carnegie once said, “Teamwork is the ability to work together toward a common vision.” As the chair of Campaign USA: Leadership, I want to take this opportunity to personally thank our team of volunteers who have worked so hard to help the University of South Alabama achieve the goals it has set forth in its new mission. Our team of business, civic and national leaders understands USA’s desire to enhance the public image of the university and strengthen its financial support through increased public and extramural funding. They have dedicated themselves to this effort and I thank them.

I would be remiss, however, if I did not express my sincere appreciation, admiration and heart-felt loss for one of our Leadership Team members and a fellow Board of Trustee member, Mr. Mayer Mitchell. Mayer was a visionary, a true friend of the university and, simply a great man. He will be dearly missed.

Last but certainly not least, I want to thank you, our generous supporters. You too have dedicated yourselves and your resources to a very worthwhile endeavor. The growth and changes – both academically and physically – happening at the University of South Alabama in the past few years would not have been possible without your help. As an alumnus, I am proud to be a part of this campaign and I look forward to this final year as we move forward to reach our goal.

Thank you again for your generosity and support.

James A. Yance ’70
Chair, Campaign USA: Leadership

Women and children across South Alabama will have access to better diagnostic testing because of the Dr. Monte L. Moorer Foundation's gift of $500,000 to modernize and upgrade the radiographic and fluoroscopic suite at University of South Alabama's Children's and Women's Hospital. The new Louise R. Moorer Radiographic and Fluoroscopic Suite will include diagnostic equipment that will allow radiologists to visualize and test what is going on inside a patient's body.

Mrs. Bradley Goodyear Smith, chair of the Moorer Foundation's distribution committee, said, “We wanted to make a significant impact on the health care of the region through our gift. It is an important part of our mission to improve the wellbeing, on every level, of the people across the region.”

Dr. Becky DeVillier, hospital administrator, said, “This suite and its associated diagnostic equipment allows us to provide the lowest dose of radiation possible to detect diseases, an important consideration when conducting radiological examinations of neonatal, pediatric, and pregnant patients. This gift will help our patients tremendously.”

Employee Couple Funds Trauma Center Endowment

Bill and Anita Bush, married USA employees, have committed to a $25,000 gift to establish the Bill and Anita Bush Endowment for the USA Trauma Center. This gift is being matched by the University, to create a $50,000 endowment.

"A growing institution like USA has many important areas needing support. Because both of us have worked in the healthcare industry for over 20 years, we wanted our gift to impact this area. We decided to make our gift to the trauma center for three reasons; the first is because the USA Trauma Center provides an important service to our community and toward the education of future healthcare professionals. The second reason is the critical need for funding to help offset the cost of new equipment and around the clock staffing of physicians and support personnel needed to operate a trauma center. The fact is level-one trauma centers cost more to operate than they make. That is why no other hospital in the area has one. The third reason is we hope others interested in giving will consider the trauma center as a worthwhile option when they are deciding the best way to put their gift to use,” explained Bill Bush.

Bill and Anita’s gift was made through the 2007 Faculty/Staff Annual Fund that generated more than $340,000 for programs across the University during a six-week fundraising drive.
Inc. Mr. Melton will return to campus to serve as an Executive in Residence at the Mitchell College of Business.

Mr. Melton is a co-founding partner of the Atlanta-base private investment firm, the White Oak Group. He also serves as co-chairman of finance and operations for Dataline, Inc., and he is vice-president of finance and operations for Datapath, providing the foundation to build an outstanding entrepreneurship program at USA.

Dean Carl Moore of the Mitchell College of Business expressed his appreciation for Mr. Melton’s generosity saying, “Chris has shown tremendous support of the Mitchell College of Business. He is a truly University success story, and his gift will provide the foundation to build an outstanding entrepreneurship program at USA.”

Mr. Melton is a co-founding partner of the Atlanta-base private investment firm, the White Oak Group. He also serves as co-chairman of finance and operations for Dataline, Inc., and he is vice-president of finance and operations for Datapath, Inc. Mr. Melton will return to campus to serve as an Executive in Residence at the Mitchell College of Business.

Alumni Endows Entrepreneurship Center and Scholarship

Mitchell College of Business alumnus, Christopher C. Melton, gave $250,000 to establish the Melton Center for Entrepreneurship within the college. Because he is an alumnus, Mr. Melton’s gift was matched by the University, bringing the total endowment to $500,000. His gift will support the operating expenses of the center.

In addition, Mr. Melton endowed a $12,500 scholarship in honor of his parents for students pursuing a degree in this program. With University matching funds, the Carl C. and Jewel O. Melton Endowed Entrepreneurship Scholarship has a principal of $25,000, which will be invested to generate income for annual scholarships in perpetuity.

From $25,000 to $75,000: Matching Gifts Triple Alumnum's Endowment

Timothy K. Driggers, a 1984 graduate of the Mitchell College of Business, recently endowed a scholarship for accounting majors from his hometown. The Timothy K. Driggers Endowed Scholarship in Accounting will fund an annual tuition award for top accounting majors from Elba High School or Elba County, Alabama. The scholarships can be renewed each year based on the student’s academic performance.

Mr. Driggers, who now resides in Texas, was a fellow classmate of USA National Alumni Association President Diana Laier. Encouraged by their correspondence about Campaign USA: Leadership, Mr. Driggers knew he wanted to support his alma mater. He joined the USA Alumni Association and made a commitment of $25,000 to endow a scholarship to support students in his college. As an alumnus, his gift qualified to be matched dollar for dollar by the University and his employer EOG Resources. By requesting the matching gift form from his company and submitting it to the USA Development office, Mr. Drigger's enabled his gift to be matched a second time, achieving a 200 percent return on his investment!

“This $75,000 endowment is an excellent example of what can be accomplished when an alumnus, the University, and an employer join forces to better our institution. Mr. Drigger’s gift clearly demonstrates how important contributions from alumni who work for matching gift companies are for our Campaign,” said Dr. Joe Busta, vice-president of development and alumni relations.

Cox Gift Makes a Difference for Community

When asked why they chose to give to the Mitchell Cancer Institute, Billy and Tammy Cox responded, “We chose to give to the Mitchell Cancer Institute to support cancer research and to promote better cancer detection in our community. For years people from the Mobile are have had to travel to Birmingham, Houston, Tampa, or further to get the most advanced cancer treatment and care available. Now the people of our community will have state-of-the-art, innovative medical procedures available without having to leave their families.” The PET/CT Suite in the new facility will be named after Tammy and Billy Cox.

The Mitchell Cancer Institute has a mission of providing cutting-edge cancer research, prevention, clinical care, outreach, and education programs to its patients. In addition to improving cancer care, the institute stimulates the region’s growing biomedicine and biotechnology sector.

Bonds of friendship forged at USA can and do connect alumni for decades beyond graduation. College of Arts and Sciences alumni from 1972, Judy Culbreth and Bruce McCrory have traveled divergent paths. Culbreth pursued a publishing career that included leadership positions with the magazines: *Seventeen, Working Mother, Parent & Child* and *Redbook*. McCrory with his brother Don established a business – Kiker Corporation, which has since grown into one of the leading commercial roofers on the Gulf Coast. Over the years, Culbreth and McCrory kept in touch, enjoying dinners at the Bluegill during Culbreth’s visits back to Mobile.

Both Culbreth and McCrory remain deeply attached to the University of South Alabama and its College of Arts and Sciences. Each has been honored with a Distinguished Alumnus Award and each has chosen to support the College of Arts and Sciences by establishing an endowment. Both serve on the college’s advisory board.

Culbreth’s $25,000 gift with a university match created a $50,000 corpus for the Mobile Bay Heritage Award Fund to support projects highlighting local history, archaeology, and culture.

“I don’t know how I would have gone to college without the University of South Alabama,” she said. “From deep in my heart, I wanted to acknowledge what the University had done for me. I also wanted to challenge the University to continue its commitment to the community and to preserve its history and culture.”

McCrory and his wife Pat, who is a 1974 alumnus of the College of Arts and Sciences, created the Bruce and Patricia McCrory Endowed Scholarship with a gift matched by the University to support students in several areas of the college. Over the years, Bruce and Pat have supported a number of University of South Alabama programs, including Children’s and Women’s Hospital, athletic programs, the National Alumni Association, and the Mitchell College of Business.

Thanks to the generosity of Ms. Culbreth and the McCrorys, generations of future arts and sciences students will have opportunities to grow and connect with those who will shape and share their own lives.

Faculty and Staff Campaign Sets Giving and Participation Records

Record numbers of USA employees responded to the Faculty Staff Annual Fund Campaign—2,743 employees made gifts during the eight-week campaign. “To have 64 percent of university employees participate in this campaign demonstrates remarkable commitment and testifies powerfully to the value that USA employees place on this institution,” commented Dr. Joseph F. Busta Jr., vice president for development and alumni relations. He continued, “The ongoing growth of annual giving by USA employees, represented by an 11 percent increase in participation over last year, is a great indicator of the University’s health and vitality.

This year USA faculty and staff contributed $227,106, and the University matched gifts given to endowments with an additional $116,564, significantly outpacing last year’s total for gifts and matching funds of $292,659.

President Gordon Moulton joined employee campaign volunteers for a celebratory luncheon at the Waterman Globe in the Mitchell Center where he recognized the important role that employee commitment and giving is playing in the advancement of the University toward ever greater achievement.

The 2007 campaign was led by Dr. Thomas Wells, dean of the School of Continuing Education and Special Programs, and Beth Anderson, administrator of USA Medical Center.

Looking for Your Listing?

The USA Honor Roll of Donors includes the names of all individuals, organizations, corporations, and foundations that made charitable gifts to the University of South Alabama during Fiscal Year 2007 (covering the period from October 1, 2006 until September 30, 2007) and all donors whose cumulative giving exceeds $25,000, qualifying them for membership in the Jaguar Society.

Your support is important to us! If you believe that your gift should be represented in this publication but is not, please consider whether:

- Your gift to support USA was made to an area that maintains accounts separate from those of the University of South Alabama. This publication does not reflect gifts made directly to hospital auxiliaries, the USA Foundation, the National Alumni Association or the Medical Alumni Association, the South Alabama Medical Science Foundation, the Health Services Foundation, or other University-related organizations.

- Your gift to USA was made via a company check or credit card. If this is the case, please check for the listing under your company’s name.

- Your gift to USA was made prior to a change in your name. If so, please check for a listing under your former name.

We have tried diligently to list each gift appropriately but recognize that errors and omissions may still occur. If we have made an error, please accept our apologies and notify the Office of Development at the University of South Alabama, TRP III Suite 2150, Mobile, Alabama 36688 or (251) 460-7032.
VOLUNTEER LEADERS

The University of South Alabama is supported by many individuals, groups and organizations, but none are more important to the University than the USA National Alumni Association, the USA Medical Alumni Association, and the Jaguar Athletic Fund. It is through the fund raising efforts of these great volunteer organizations that scholarships are created; student, faculty, and employee awards are presented; academic programs are supported; athletic programs are enhanced and school spirit is exemplified.

USA National Alumni Association President’s Message

The University of South Alabama National Alumni Association serves as a conduit for our university’s more than 56,000 alumni, as well as its faculty, staff, and retirees—sustaining their connections and encouraging continued involvement. Your active participation through membership is critical to our success.

During 2007, the Association has extended its services to reach more alumni wherever their lives have taken them. This year our chapter network has spread into new areas of the state and nation. We have alumni in almost every U.S. state and we held events in many cities. The Association welcomed a new Gulf Coast Area Chapter and an additional society to serve alumni of the College of Education—the Association now includes 13 chapters and six societies.

Spread across the United States and the world, USA alumni are the University’s best ambassadors, embodying the spirit and integrity cherished at the University of South Alabama. Our Association grows stronger with each membership, so I am pleased to tell you that 2007 was a very productive year—membership participation continues to grow, most significantly at the Lifetime Membership level. I would like to thank all of our alumni who give back to our alma mater through alumni membership. I also want to acknowledge the commitment and guidance of the 21-member Association Board of Directors that serves as the voice of more than 56,000 graduates.

I am also grateful to every alumnus who supports the University and the Alumni Association through philanthropy. Thanks to the generosity of our members, the Association now awards ten academic scholarships, three faculty/staff awards, and six outstanding employee awards. Forward-thinking alumni have provided perpetual support for several of these awards through endowment gifts. Christie Miree ’93, endowed the outstanding employee awards program to recognize the excellent service our University employees provide to students, faculty, staff, alumni and other constituencies. Michael McGlothren ’72 endowed a faculty award to recognize outstanding scholarly achievement.

It’s been a thrilling year! We broke ground for the Bell Tower and Alumni Plaza and initiated our NCAA-sanctioned football program. We look forward to working with you, our alumni and friends, to continue this exciting progress.

W. Andrew “Andy” Denny ’72, MA ’73
USA Medical Alumni Association

President’s Message

The bonds we formed during the early years of our medical education continue into our professional careers. This unique camaraderie is the foundation of our pride and underscores our sincere gratitude for the educational opportunities provided to us by the University of South Alabama College of Medicine.

On behalf of our organization of graduate physicians, former hospital residents and basic science alumni, I would like to thank President Gordon Moulton and Dean Samuel Strada, for the financial support given to our organization and its affiliated activities.

I take this opportunity to thank Association members and to remind them that collectively, we are “making a difference” by providing quality professional health care and developing innovative research. I encourage you to continue to support the institutional advancement of our university and its endeavors.

Jaguar Athletic Fund

President’s Message

Founded in January 2006, the Jaguar Athletic Fund is the comprehensive private gift support program for USA Athletics. The JAF is the umbrella organization for all athletic fund-raising. The JAF Board of Directors is comprised of individuals representing all sports within the USA Athletic Department.

They are charged with identifying the private financial support needs for the Athletic Department and goals for each sport and then obtaining the private gift support necessary to help the department reach its goals.

The mission of the JAF is to provide financial support necessary to fund scholarships for student athletes, supplemental funding to support team travel, promote and supplement recruitment of exceptional athletes, and purchase necessary equipment.

The facilities of the USA Athletic Program continue to grow and rival those of any institution in the Southeast. The addition of women’s softball and, more recently, football to our program requires us to work even more closely with the USA Development Office to find funding for our program and to address the capital needs of athletics.

The Jaguar Athletic Fund is proud of the role it serves in support of our student athletes on the field as well as in the classroom. We invite you to join in that success by making a gift to the Jaguar Athletic Fund today!

Bobby Marks
President

Private support for is critical to future success of the University of South Alabama (USA). There are many ways to make philanthropic gifts. Gifts can be restricted gifts to a department, college, or program, or you can make unrestricted gifts to the University to be used “where the need is greatest” at the President’s discretion.

A charitable gift to the University of South Alabama can be made in many ways:

- **Cash or securities** - are the most immediately useable gifts and can be designated for any purpose.

- **Corporate matching gifts** - many companies encourage their employees’ philanthropy by matching the employee’s gift sometimes doubling or tripling the size of the gift. If you work for a matching gift company, just send your employer’s matching gift form with your gift, and USA will take care of the details. Both you and your company will be recognized for the matching gift.

- **Bequest through a will or living trust** - many donors find a bequest the most convenient way to leave a legacy to USA.

- **Charitable trust or other life income plan** - various trust arrangements such as charitable remainder unitrusts, charitable remainder annuity trusts enable you simultaneously to make a gift, retain income from the assets, and secure a tax advantage.

- **Annuity lead trust** - through this instrument a fixed annuity is distributed annually to USA for a specified number of years. At the end of the specified term, the gift principal is distributed to family members.

- **Gifts of real and personal property** - a gift of real estate, works of art, collectibles, rare books, copyrights, oil and gas interests may be made to the University and then sold and the proceeds used for endowment or for capital or operating funds. Gifts of useable scientific equipment or computers may go immediately into the classroom or research laboratory.

- **Life insurance** - a life insurance policy that is no longer needed can be donated during your lifetime to support a favorite program. Such a gift offers income and estate tax savings. USA can also be named as owner and beneficiary of a new policy.

- **Life estates** - enable a donor to give his or her home, while retaining use of the home for life. Primary benefits from this type of gift are income tax deductions and direct transfer of the home to the university without probate.

- **IRA’s and qualified retirement plans** - because these assets may be subject to heavy taxation when passed to heirs, they are wonderful assets to consider using for charitable giving. A gift can be made simply by designating USA as a beneficiary of a retirement plan. If, however, you meet the minimum age for withdrawals and would benefit from a deduction to use against your current taxes, you might also consider a lifetime distribution to USA. Due to the dynamic nature of the law, you should consult your tax advisor prior to making such a gift.

If you would like more information about making a gift to the University of South Alabama, please call the Office of Development at 251-460-7032.
The Legacy Society honors individuals who have provided for the future of the University through a planned gift instrument.

Planned gifts can take many forms:
- including USA in a will or making a bequest;
- naming the University as a beneficiary of a retirement plan;
- setting up a charitable trust that will create either income for the University or a life income that can go directly to you or your designees.

If you would like information about how to plan a gift to the University through a will, trust, insurance policy, or other deferred gift instrument or if you have designated a future gift to the University and would like to be listed in future publications please contact Ben Samel at 251-460-7906 or bsamel@usouthal.edu.
