

DIRECTED STUDIES AUTHORIZATION

Chemistry

Student Name: _____ JAG Number: _____

Semester & Year: _____ Course Number: _____

Credit Hours: _____ CRN (*office use only*): _____

In the space provided, please indicate the general subject matter in which you will be exploring throughout the course of your research, as well as a **succinct description** of the project.

Topic: _____

Description: _____

I request to take Directed Studies, a course that requires independent laboratory research under faculty guidance. I understand that it is my responsibility to consult with my faculty mentor promptly and frequently to insure that all necessary work is completed on time and in a professional manner. I have obtained, understand and agree to the Standard Operating Procedures of the research lab of my faculty mentor concerning conduct, proper handling of chemicals, attire, eye protection, and proper handling of equipment and agree to abide by said procedures. I also understand that at the completion of this course, a written report is due to my faculty mentor for grading, as well as the Chemistry Department Secretary for verification purposes. (*If you are a CH394/494 or 2nd term CH 499 student, please indicate when your report will be turned in, at the discretion of the mentor, a report does not have to be furnished for 1st term CH 499 students.*)

My report is due _____.
 I am a first Term CH 499 student and will not turn in a report.

While this experience may be repeated, the sum of CH 394 and 494 cannot exceed eight (8) hours.* Please list all previous CH 394/494 experiences below by term and credit hours.
