**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Management's Discussion and Analysis (Unaudited)  
September 30, 2023

**Introduction**

The following discussion presents an overview of the financial position and financial activities of the University of South Alabama (the University), including the University of South Alabama Health System (USA Health), a division of the University, at September 30, 2023 and 2022, and for the years then ended. This discussion has been prepared by University management and should be read in conjunction with the financial statements and notes thereto, which follow.

The basic financial statements of the University consist of the University and its component units. The financial position and results of operations of the component units either are blended with the University's financial position and results of operations or are discretely presented. The treatment of each component unit is governed by pronouncements issued by the Governmental Accounting Standards Board (GASB). As more fully described in note 1 to the basic financial statements, the University of South Alabama Professional Liability Trust Fund, the University of South Alabama General Liability Trust Fund, USA HealthCare Management, LLC, Jaguar Realty, LLC, and various billing entities are reported as blended component units. The University of South Alabama Foundation, the USA Research and Technology Corporation, and the University of South Alabama Health Care Authority are discretely presented.

**Financial Highlights**

At September 30, 2023 and 2022, the University had total assets and deferred outflows of \$2,049,385,000 and \$1,849,857,000, respectively; total liabilities and deferred inflows of \$1,556,146,000 and \$1,488,669,000, respectively; and net position of \$493,239,000 and \$361,188,000, respectively.

The University has experienced a significant growth in its healthcare operations over the past several years incurring increases in net patient service revenues of \$71,391,000, or 10%, between 2022 and 2023. Due to improved operational performance by both the University and USA Health, significant market growth, and the issuance of the 2023 bonds, there was a notable increase in cash and investment balances between 2022 and 2023, increasing by \$159,510,000, or 26%, to \$763,957,000 at September 30, 2023.

An overview of each statement is presented herein along with financial analysis of the transactions impacting each statement. Where appropriate, comparative financial information is presented to assist in the understanding of this analysis.

**Analysis of Financial Position and Results of Operations**

*Statement of Net Position*

The statement of net position presents the assets, deferred outflows, liabilities, deferred inflows, and net position of the University at September 30, 2023. Net position is displayed in three parts: net investment in capital assets, restricted, and unrestricted. Restricted net position may be either expendable or nonexpendable and is the net position that is restricted by law or external donors. Unrestricted net position is generally designated by management for specific purposes and is available for use by the University to meet current expenses for any purpose. The statement of net position, along with all of the University's basic financial statements, is prepared under the economic resources measurement focus and the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when incurred by the University, regardless of when cash is exchanged.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Management's Discussion and Analysis (Unaudited)  
September 30, 2023

The condensed schedules of net position at September 30, 2023 and 2022 follow (in thousands):

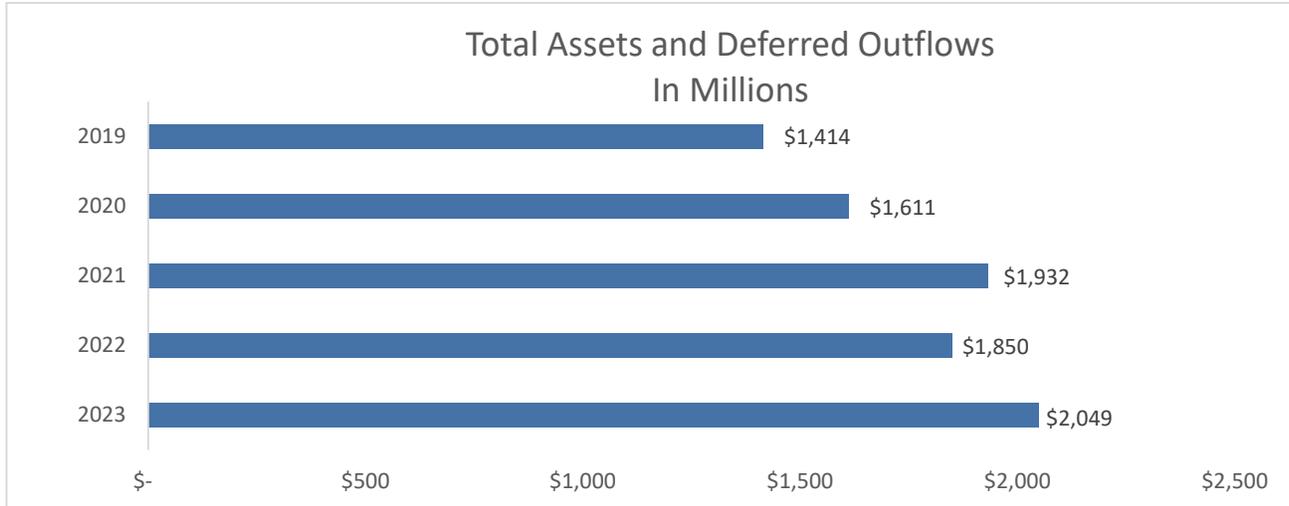

**Condensed Schedules of Net Position**

	<u>2023</u>	<u>2022</u>
Assets:		
Current	\$ 508,729	362,646
Capital assets, net	914,673	840,112
Other noncurrent	<u>383,610</u>	<u>421,804</u>
Total assets	1,807,012	1,624,562
Deferred outflows	<u>242,373</u>	<u>225,295</u>
Total assets and deferred outflows	<u>2,049,385</u>	<u>1,849,857</u>
Liabilities:		
Current	\$ 307,203	211,958
Noncurrent	<u>934,032</u>	<u>975,247</u>
Total liabilities	1,241,235	1,187,205
Deferred inflows	<u>314,911</u>	<u>301,464</u>
Total liabilities and deferred inflows	<u>\$ 1,556,146</u>	<u>1,488,669</u>
Net position:		
Net investment in capital assets	\$ 383,248	373,258
Restricted, nonexpendable	79,728	74,299
Restricted, expendable	90,416	90,534
Unrestricted deficit	<u>(60,153)</u>	<u>(176,903)</u>
Total net position	<u>\$ 493,239</u>	<u>361,188</u>

Assets included in the statement of net position are classified as current or noncurrent. Current assets consist primarily of cash and cash equivalents, restricted cash and cash equivalents, and investments. Of these amounts, cash and cash equivalents, restricted cash and cash equivalents, and investments comprise approximately 50%, 17%, and 13%, respectively, of current assets at September 30, 2023. Noncurrent assets consist primarily of restricted cash and cash equivalents, restricted investments, and capital assets. The increase in total assets and deferred outflows is attributed to an increase in investment value and restricted cash and cash equivalents.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Management's Discussion and Analysis (Unaudited)  
September 30, 2023

Total assets and deferred outflows of the University as of September 30 is as follows:

Net position represents the residual interest in the University's assets and deferred outflows after liabilities and deferred inflows are deducted. Net position is classified into one of four categories:

Net investment in capital assets represents the University's capital assets less accumulated depreciation and outstanding principal balances of the debt attributable to the acquisition, construction, or improvement of those assets.

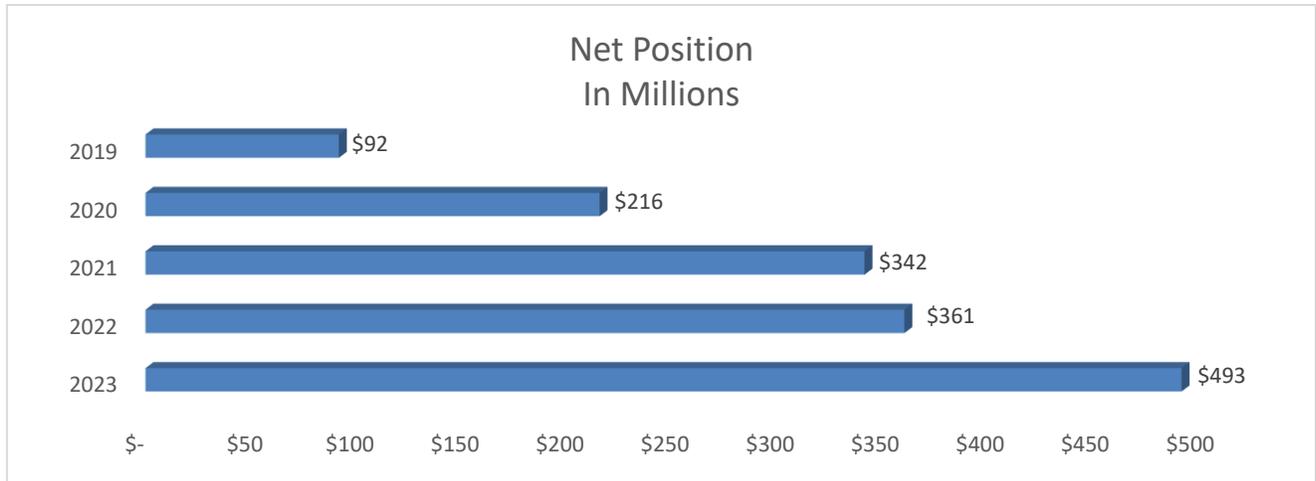

Restricted nonexpendable net position consists primarily of the University's permanent endowment funds. In accordance with the policies of the University and donor agreements, the earnings from these funds may be expended, but the corpus may not be expended and must remain intact with the University in perpetuity.

Restricted expendable net position is subject to externally imposed restrictions governing their use. The funds are restricted primarily for debt service, capital projects, student loans, and scholarship purposes.

Unrestricted deficit of net position represents amounts not invested in capital assets or not subject to externally imposed stipulations. Even though these funds are not legally restricted, the majority of the University's unrestricted net position has been internally designated for various projects, all supporting the mission of the University. Unrestricted net position includes funds for various academic and research programs, auxiliary operations (including student housing and dining services), student programs, capital projects, and general operations. Also included in unrestricted net position at September 30, 2023 is the impact of the net pension liability recorded pursuant to the requirements of GASB Statement No. 68 and the impact of the net OPEB liability recorded pursuant to the requirements of GASB Statement No. 75.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Management's Discussion and Analysis (Unaudited)  
September 30, 2023

Net position of the University as of September 30 is as follows:

All categories of restricted net position collectively increased by approximately \$5,311,000 between September 30, 2023 and 2022, primarily due to market increases on investments. Unrestricted deficit decreased from \$(176,903,000) to \$(60,153,000) between September 30, 2023 and 2022. A summary of unrestricted net position (deficit) at September 30, 2023 is summarized as follows (in thousands):

	<u>2023</u>	<u>2022</u>
Unrestricted deficit related to net pension liability	\$ (375,894)	(237,578)
Unrestricted deficit related to net OPEB liability	(53,421)	(205,378)
Unrestricted net position related to other activity	<u>369,162</u>	<u>266,053</u>
Unrestricted net position (deficit)	<u>\$ (60,153)</u>	<u>(176,903)</u>

*Statement of Revenues, Expenses, and Changes in Net Position*

Changes in total University net position are based on the activity presented in the statement of revenues, expenses, and changes in net position. The purpose of this statement is to present the changes in net position resulting from operating and nonoperating revenues earned by the University, and operating and nonoperating expenses incurred by the University, as well as any other revenues, expenses, gains, and losses earned or incurred by the University.

Generally, operating revenues have the characteristics of exchange transactions and are received or accrued for providing goods and services to the various customers and constituencies of the University. These include patient service revenues (net of provision for bad debts), tuition and fees (net of scholarship allowances), most noncapital grants and contracts, revenues from auxiliary activities, and sales and services of educational activities (primarily athletic activities). Operating expenses are those expenses paid or incurred to acquire or

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Management's Discussion and Analysis (Unaudited)  
September 30, 2023

produce the goods and services provided in return for the operating revenues and to carry out the mission of the University.

Nonoperating revenues have the characteristics of nonexchange transactions because, generally, no goods or services are provided. Such transactions include investment income, state appropriations, gifts, and other contributions. State appropriations are required by GASB to be classified as nonoperating revenues. Nonoperating expenses are those expenses required in the operation and administration of the University, but not directly incurred to acquire or produce the goods and services provided in return for operating revenues. Such nonoperating expenses include interest on the University's indebtedness, losses related to the disposition of capital assets, transfers to affiliates to fund operations, and transfers to intergovernmental agencies related to medical expenditures.

The condensed schedules of revenues, expenses, and changes in net position for the years ended September 30, 2023 and 2022 follow (in thousands):

In 2022, the University adopted the provisions of GASB Statement No. 87, *Leases*, which establishes a single model for lease accounting, whereby certain leases that were previously classified as operating leases are now reported on the statement of net position. GASB Statement No. 87 required the University to record right-of-use assets and the corresponding current and noncurrent portions of lease liabilities for noncancelable, long-term contracts related to use of tangible property under which the University is the lessee. In addition, GASB Statement No. 87 required the University to record the current and noncurrent portions of lease receivables and the corresponding deferred inflow of resources for noncancelable, long-term contracts related to use of tangible property under which the University is the lessor. The adoption of the provisions of GASB Statement No. 87 resulted in a restatement of beginning unrestricted net position at October 1, 2021 by decreasing unrestricted net position \$7,064,000.

In 2023, the University adopted the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, which requires subscription-based information technology arrangements (SBITA) be recorded as both an intangible asset and a corresponding subscription liability, provides capitalization criteria for outlays related to nonsubscription payments, and requires note disclosures for SBITA. This adoption resulted in increased right-of-use assets and the related lease and subscription obligations at the beginning of the fiscal year, in the amount of \$25,081,000, which is represented in capital assets, net on the statement of net position. Upon analysis of the facts and circumstances at the time of adoption, the impact on beginning net position was deemed immaterial by management, and therefore, no prior-period adjustment was necessary.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Management's Discussion and Analysis (Unaudited)  
September 30, 2023

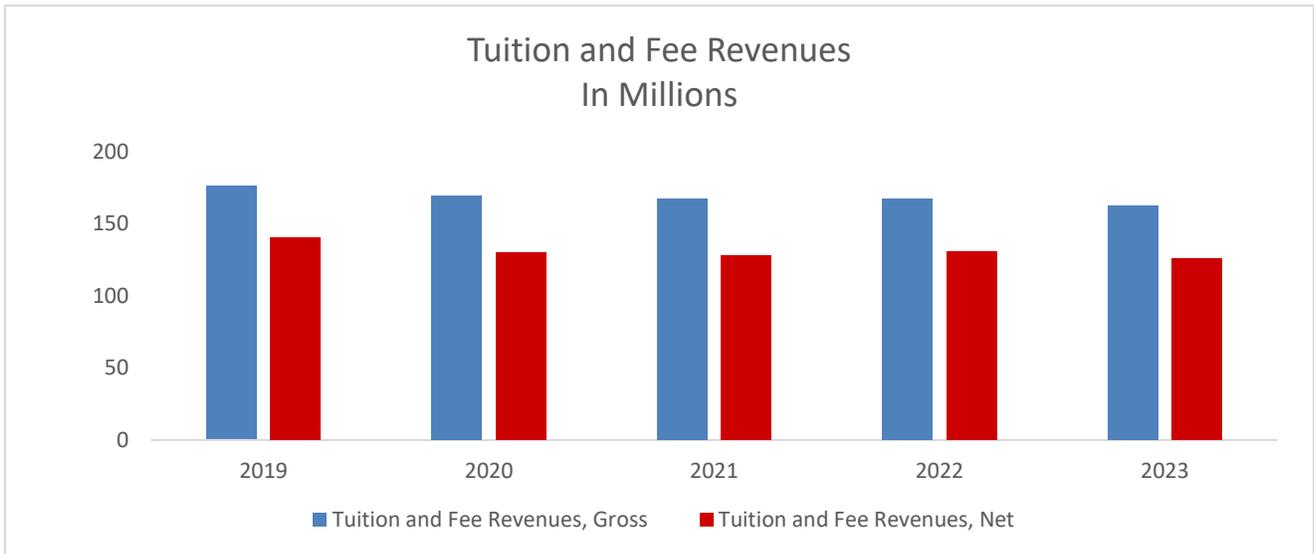

Approximately 57% of total revenues of the University were net patient service revenues in 2023. Excluding patient service revenues, tuition and fees charged to students and state appropriations represent the largest component of total University revenues, approximately 9% and 13% of total revenues in 2023, respectively. In 2023, grants and contracts (federal, state, and private) represented approximately 5% of total revenues.

A summary of University revenues for the year ended September 30, 2023 is presented as follows:

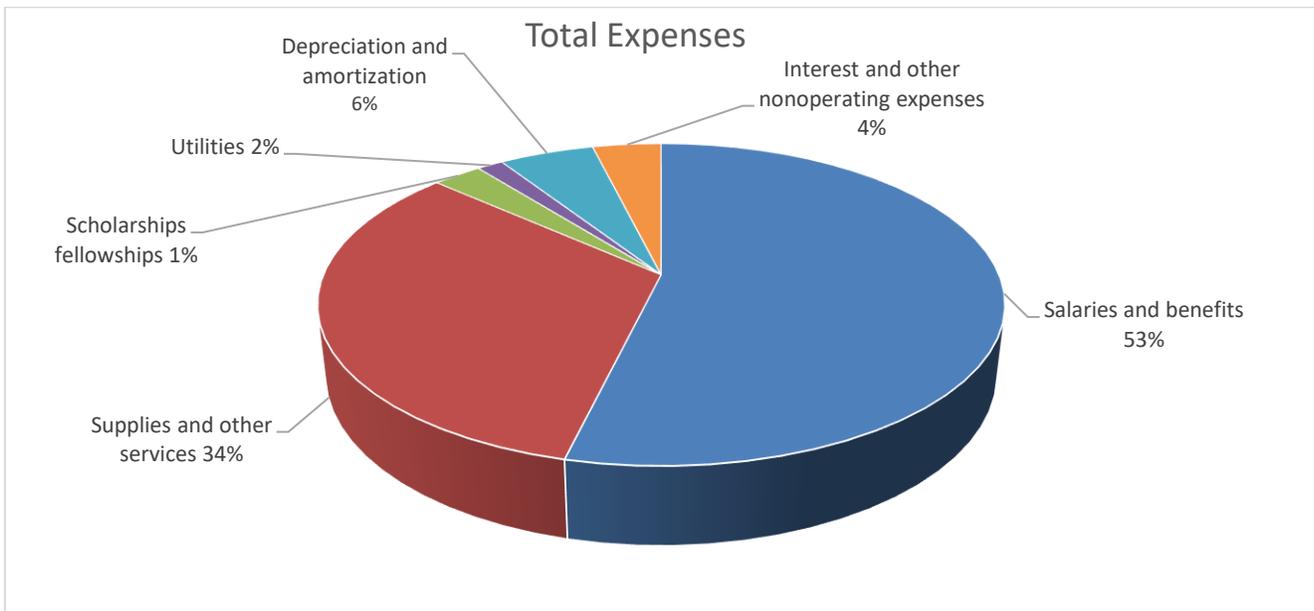

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Management's Discussion and Analysis (Unaudited)  
September 30, 2023

Tuition revenues have generally remained steady in recent years. A decline in enrollment coupled with increases in tuition rates have caused tuition revenues to remain relatively flat. Tuition and fees, gross and net of scholarship allowances, for the past five fiscal years are as follows:

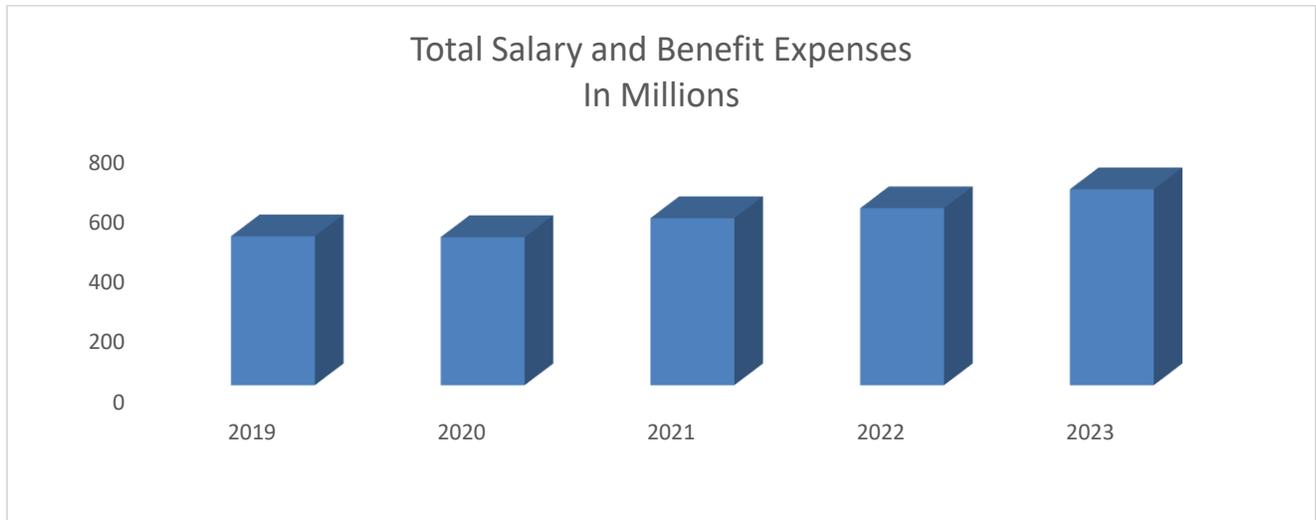

University expenses are presented using their natural expense classifications. A summary of University expenses for the year ended September 30, 2023 is presented as follows:

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Management's Discussion and Analysis (Unaudited)  
September 30, 2023

Functional classifications represent expenses categorized based on the function within the University. Such University functions include instruction, research, public service, academic support, student services, institutional support, operation and maintenance of plant, and scholarships. Expenses related to auxiliary enterprise activities, USA Health, and depreciation and amortization are presented separately. Functional expense information is presented in note 18 to the basic financial statements.

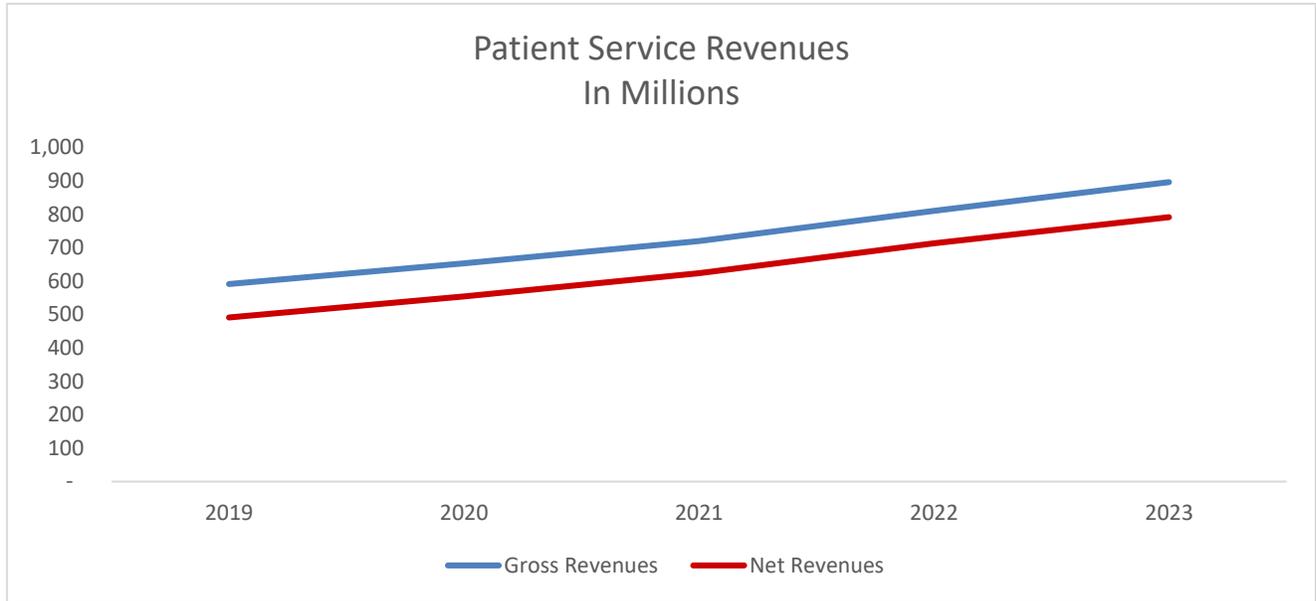

In 2023, approximately 53% of the University's total expenses were salaries and benefits.

For the year ended September 30, 2023, the University reported an operating loss of approximately \$127,574,000. The operating loss is offset by state appropriations, which, as mentioned earlier, are reported as nonoperating revenues. After considering all nonoperating revenues and expenses, including capital appropriations, capital contributions and grants, and additions to the endowment, the total increase in net position was approximately \$132,051,000 for the year ended September 30, 2023.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Management's Discussion and Analysis (Unaudited)  
September 30, 2023

USA Health represents a significant portion of total University revenues. Operating patient service revenues, gross and net, for the last five fiscal years are presented as follows:

*Statement of Cash Flows*

The statement of cash flows presents information related to cash flows of the University. The statement presents cash flows by category: operating activities, noncapital financing activities, capital and related financing activities, and investing activities. The net cash provided to, or used in, the University is presented by category.

**Capital Assets and Debt Administration**

Total capital asset additions for the University were approximately \$95,530,000 in 2023. Significant construction projects that remain in progress as of September 30, 2023 include the campus storm shelter, a 3D printer lab, Science Laboratory Building renovation, new Central Energy Plant, the demolition of Alpha Hall South and East, and utilities improvement in preparation for the new College of Medicine Building. Major projects completed and placed into service in fiscal year 2023 include Gamma 0-4 HVAC upgrade, Greek housing renovations, outdoor pool repairs, quantum cell service, Football Fieldhouse roof repairs, and the North Drive utilities project. At September 30, 2023, the University had outstanding commitments of approximately \$26,764,000 for various capital projects. Additional information regarding the University's capital assets is included in note 5.

On March 5, 2021, the Financial Conduct Authority announced that the final publication date for US LIBOR would be June 30, 2023. Loans maturing after the end of LIBOR were reviewed to determine if appropriate language, referred to as fallback language, was used to provide for the replacement of LIBOR with an alternative index. The Alternative Reference Rates Committee (ARRC) has recommended the Secured Overnight Financing Rate (SOFR) as an alternative to replace LIBOR. As recommended by the ARRC, all rate

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Management's Discussion and Analysis (Unaudited)  
September 30, 2023

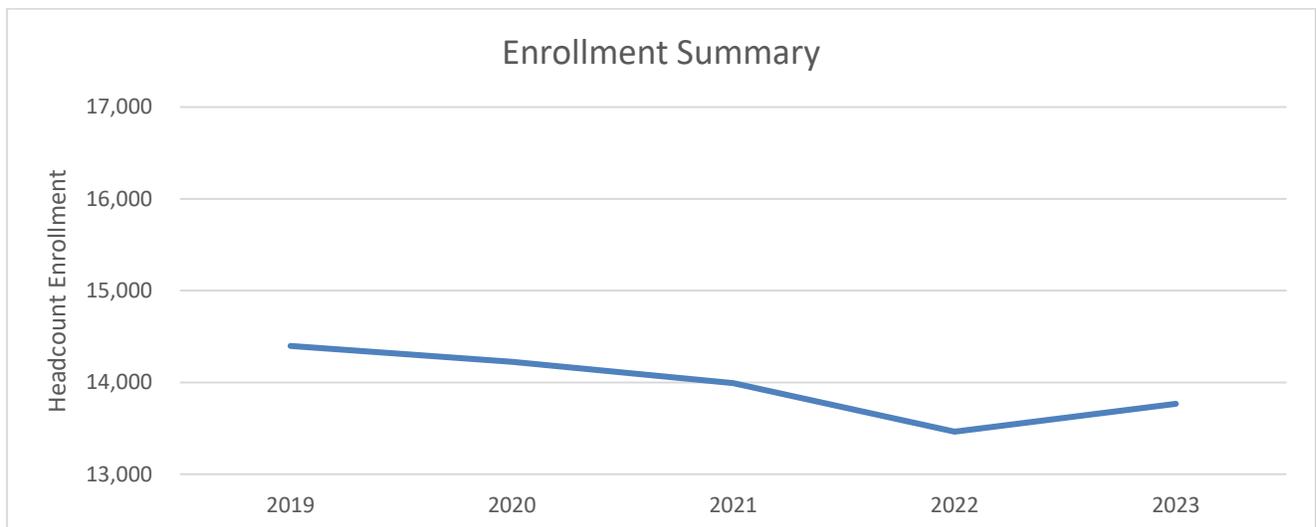

and fee settings for affected facilities maturing after the end of LIBOR have been replaced with a SOFR-based index.

In April 2023, the University of South Alabama Health Care Authority (a component of the University) entered into an agreement with Gulf Coast Health System to acquire an acute care hospital, its ancillary-related healthcare delivery businesses, and related facilities effective October 1, 2023. This acquisition is referred to as Ascension Providence. In April 2023, the University delivered up to \$80,000,000 University Facilities Revenue Bond (Draw-Down Loan), Series 2023-A, and up to \$20,000,000 Taxable University Facilities Revenue Bond (Draw-Down Loan), Series 2023-B. The proceeds, along with internal contributions from the University, are financing this acquisition. The draw down facility allows the University, from time to time through April 15, 2024, to request funds from the 2023-A totaling up to \$80,000,000 (2023-A Advances) and from the 2023-B totaling up to \$20,000,000 (2023-B Advances). Interest payments are due on June 1, 2023, September 1, 2023, December 1, 2023, March 1, 2024, and April 19, 2024. The principal balance, which will be paid with proceeds from a long-term bond issuance, will be due on April 19, 2024. At September 30, 2023, the outstanding principal for 2023-A is \$67,020,000 and 2023-B is \$16,635,000.

The University's credit rating is A1 (Negative) as rated by Moody's Investors Service and A+ (Stable) as rated by Standard and Poor's Global Ratings. Moody's Investors Services revised the University's outlook to negative from stable and affirmed its A1 issuer and revenue bond ratings in July 2023. Standard and Poor's Global Ratings affirmed the University's current rating in February 2023. Additional information regarding the University's debt is included in note 8.

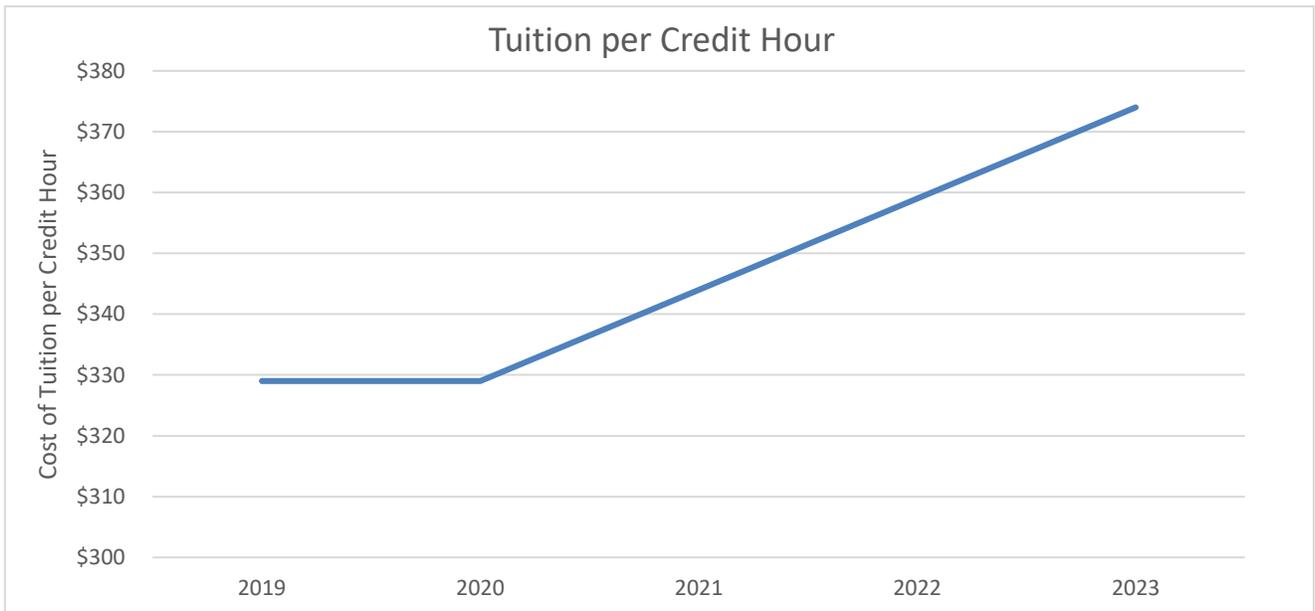

**Economic Outlook**

While tuition and fee rates per credit hour have increased over the past five years, there have been declines in enrollment from 2019 through 2022. The University experienced a decline in enrollment of approximately 4% between Fall 2021 and Fall 2022 and an increase of 2% between Fall 2022 and Fall 2023. The University did have a rise in enrollment for Fall 2023, due mainly to increased freshman enrollment. The enrollment trend for the University between 2019 and 2023 is as follows:

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Management's Discussion and Analysis (Unaudited)  
September 30, 2023

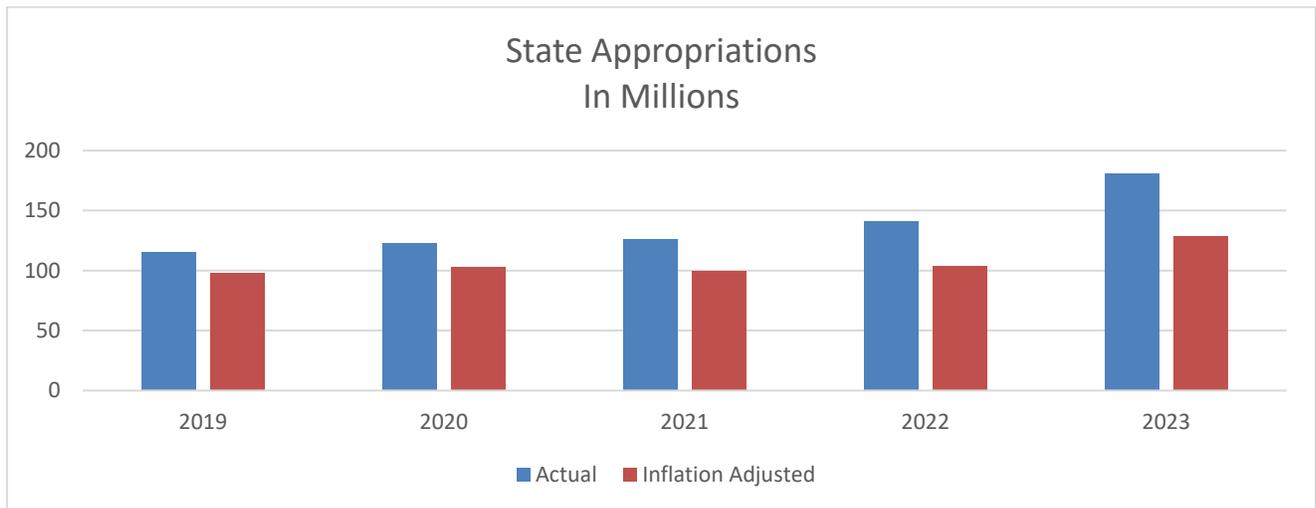

During the same period, in-state tuition per credit hour for in-person classes has increased by approximately 9%. Similar increases have been experienced in out-of-state tuition and College of Medicine tuition. Web tuition has decreased slightly during that period. The trend of in-state tuition per credit hour between 2019 and 2023 is as follows:

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Management's Discussion and Analysis (Unaudited)  
September 30, 2023

A state appropriation in the amount of approximately \$140,714,000 and \$129,098,000 was authorized for the years ended September 30, 2023 and 2022, respectively. Additional appropriations of approximately \$40,463,000 were received in 2023 for capital project improvements and equipment. In 2022, additional appropriations of \$4,111,000 and \$7,500,000 were received for advancement and technology and certain academic and healthcare initiatives. A state appropriation in the amount of approximately \$150,375,000, representing an increase of approximately 6.87%, has been authorized for the year ending September 30, 2024. While no announcement has been made, the University is aware that reductions in the 2024 appropriation are possible.

The five-year trend of state appropriations for the University is as follows:

In addition to state appropriations, the University is subject to declines in general economic and political conditions in the United States and, specifically, the State of Alabama. Weakening of the economy, as well as changes in federal and state funding policies, could potentially have a negative impact on the University's enrollment, extramural funding, endowment performance, and healthcare operations.

During the second fiscal quarter of 2020, the United States was thrust into the midst of a pandemic health crisis related to the spread of COVID-19 (the Crisis). The University returned to normal operations for the Fall 2021 semester, and USA Health operations have returned to a normal level with minimum impact on the finances of USA Health.

The University has taken all necessary steps to ensure that the University takes full advantage of the Coronavirus Aid, Relief, and Economic Security Act of 2020 (the CARES Act). As of September 30, 2023, the University (including USA Health) has been awarded \$105,456,000 in CARES Act and other funding from federal and state sources for COVID-19 relief. Of this amount, \$6,202,000 was awarded in the year ended September 30, 2023 and \$6,189,000 was awarded in the year ended September 30, 2022. Of the total amount awarded, \$12,703,000 has been recognized as nonoperating revenue in the statements of revenues, expenses, and changes in net position for the year ended September 30, 2023.

## Independent Auditors' Report

The Board of Trustees  
University of South Alabama:

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of University of South Alabama (the University), a component unit of the State of Alabama, as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the University, as of September 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

We did not audit the financial statements of University of South Alabama Foundation, which represent 82% and 33%, respectively, of the assets and revenues of the aggregate discretely presented component units as of September 30, 2023 and for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for University of South Alabama Foundation, is based solely on the report of the other auditors.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of University of South Alabama Foundation were not audited in accordance with *Government Auditing Standards*.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### *Auditors' Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### *Required Supplementary Information*

U.S. generally accepted accounting principles require that the management's discussion and analysis, schedule of the University's proportionate share of the net pension liability and related ratios, schedule of the University's pension contributions, schedule of the University's proportionate share of the net OPEB liability and related ratios, and the schedule of the University's OPEB contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2023 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters.

The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**(1) Summary of Significant Accounting Policies**

**(a) Reporting Entity**

On May 3, 1963, the Governor of Alabama signed enabling legislation creating the University of South Alabama (the University). The accompanying basic financial statements present the financial position and activities of the University, which is a component unit of the State of Alabama.

The financial reporting entity, as defined by Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, and GASB Statement No. 80, *Blending Requirements for Certain Component Units*, consists of the primary government and all of its component units. Component units are legally separate organizations for which the primary government is financially accountable. In addition, the primary government may determine, through exercise of management's professional judgment, that the inclusion of an organization that does not meet the financial accountability criteria is necessary in order to prevent the reporting entity's financial statements from being misleading. In such instances, that organization is included as a component unit. Accordingly, the basic financial statements include the accounts of the University, as the primary government, and the accounts of the entities discussed below as component units.

GASB Statement No. 61 amended GASB Statements No. 14 and No. 39 and provides criteria for determining whether certain organizations should be reported as component units based on the nature and significance of their relationship with the primary government. Such criteria include the appointment of a voting majority of the board of the organization, the ability to impose the will of the primary government on the organization, and the financial benefits/burden between the primary government and the potential component unit. The statement also clarifies reporting and disclosure requirements for those organizations. Based on these criteria as of September 30, 2023, the University reports University of South Alabama Foundation (USA Foundation), USA Research and Technology Corporation (the Corporation), and University of South Alabama Health Care Authority (HCA) as discretely presented component units. Each of these entities issue separate audited financial statements, which can be obtained by contacting Kristen Roberts, Chief Financial Officer, University of South Alabama Administration Building, Suite 353, Mobile, Alabama 36688.

The University is also affiliated with the South Alabama Medical Science Foundation (SAMSF), Gulf Coast TotalCare (Gulf Coast), the University of South Alabama Foundation for Research and Commercialization (FRAC), Jaguar Athletic Fund (JAF), and the USA Presidential 1963 Fund. These entities are considered component units of the University under the provisions of GASB Statement Nos. 14, 39, 61, and 80. However, these entities are not presented in the accompanying basic financial statements as the University does not consider them significant enough to warrant inclusion in the University's reporting entity.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

GASB requires the University, as the primary government, to include in its basic financial statements, as a blended component unit, organizations that, even though they are legally separate entities, meet certain requirements. Based on these requirements, the University reports the Professional Liability Trust Fund (PLTF); General Liability Trust Fund (GLTF); USA HealthCare Management, LLC; Jaguar Realty, LLC; USA Health Physician Billing Services, LLC; USA Health Hospital Billing Services, LLC; USA Health Anesthesia Billing Services, LLC; USA Health Reference Lab Billing Services, LLC; USA Health MCI Business Services, LLC; USA Health Children's and Women's Provider Based Clinics, LLC; and USA Health Community Providers, LLC as blended component units. All significant transactions between the University and its blended component units have been eliminated.

**(b) Professional Liability and General Liability Trust Funds**

The medical malpractice liability of the University is maintained and managed in its separate PLTF in which the University, HCM, SAMSF, and HCA are the only participants. In accordance with the bylaws of the PLTF, the president of the University is responsible for appointing members of the PLTF policy committee. Additionally, the general liability of the University, HCM, SAMSF, the Corporation, and HCA is maintained and managed in its GLTF for which the University is responsible. The PLTF and GLTF are separate legal entities, which are governed by the University Board of Trustees through the University president. As such, PLTF and GLTF are reported as blended component units (see note 19 for further discussion of, and disclosure for, these entities).

**(c) USA HealthCare Management, LLC**

In June 2010, the University's Board of Trustees approved the formation of USA HealthCare Management, LLC (HCM). HCM was organized for the purpose of managing and operating on behalf of, and as agent for, payroll activities related to the healthcare clinical enterprise of the University. The University is the sole member of HCM. HCM commenced operations in October 2010 and is reported as a blended component unit (see note 19 for further discussion of, and disclosure for, this entity).

**(d) USA Health Billing Limited Liability Companies**

Over the last few years, the University formed the USA Health Physician Billing Services, LLC; USA Health Hospital Billing Services, LLC; USA Health Anesthesia Billing Services, LLC; USA Health Reference Lab Billing Services, LLC; USA Health MCI Business Services, LLC; USA Health Children's and Women's Provider Based Clinics, LLC; and USA Health Community Providers, LLC as limited liability companies, whereby the University is the sole member. These companies were created to assist with the complex patient and insurance billing of USA Health, a division of the University that includes two hospitals, a free-standing emergency department, a cancer treatment center, and various health clinics. Based on GASB requirements, the University, as the primary government, includes these limited liability companies as blended component units. All significant transactions between the University and its blended component units have been eliminated.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**(e) *University of South Alabama Health Care Authority***

In May 2017, the University's Board of Trustees approved the formation of HCA. HCA is a public corporation created under and pursuant to the provisions of the State of Alabama University Authority Act of 2016. HCA employs physicians and staff of certain physician practice groups as determined appropriate by the University. HCA presents its financial statements in accordance with GASB.

HCA is the sole member of the following companies: Mobile Heart USA, LLC; USA HCA OBGYN Services, LLC; USA HCA PBC, LLC; USA Health HCA Industrial Medicine Clinic, LLC; USA Health Daphne Family Practice, LLC; USA Health IPA, LLC; USA Health Mobile County ASC, LLC; USA Health HCA Providence Hospital, LLC; and USA Health Providence Retail Pharmacy, LLC. Based on the criteria listed above, GASB requires HCA, as the primary government, to include each of these limited liability companies as blended component units. All significant transactions among HCA and its blended component units have been eliminated.

HCA holds a 51% equity interest in USA BC ASC Holdco, LLC, a limited liability company formed in 2020, and Surgery Center Holdings, Inc. owns the remaining 49%. USA BC ASC Holdco, LLC. owns 51% of USA Baldwin County ASC, LLC and the remaining 49% is owned by an unrelated third party. There has been no financial activity to date for USA BC ASC Holdco, LLC or USA Baldwin County ASC, LLC. HCA's capital account balance is \$443,000 and is presented on the statement of net position as an investment.

During fiscal year 2022, HCA obtained an equity interest in a multimember limited liability company, USA Fairhope Physician Investors, LLC (FPI). FPI was initially considered as a component unit under the provisions of GASB Statement Nos. 14 and 61. Amendment 1 to the initial agreement was executed during fiscal year 2023, removing HCA's control of the entity and ability to impose its will on the entity. The change resulted in HCA's relationship with FPI shifting from a component unit to an investment in a joint venture. HCA's capital account balance is presented on the 2023 statement of net position as an investment. No distributions have been received by HCA to date; therefore, no income statement impact has been reported.

In 2023, HCA formed USA Health HCA Providence Hospital, LLC and USA Health Providence Retail Pharmacy, LLC as limited liability companies, whereby HCA is the sole member. There was no financial activity for these entities during the year ended September 30, 2023.

Since inception, HCA's operations have been partially funded by the University, with total support amounting to \$35,385,000 during the year ended September 30, 2023. This support is reported in nonoperating expenses on the University's statement of revenues, expenses, and changes in net position. Due to the significance of the relationship between the University and HCA, HCA is considered a component unit of the University. The accompanying statement of net position and statement of revenues, expenses, and changes in net position for HCA as of and for the year ended September 30, 2023 are discretely presented.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**(f) *University of South Alabama Foundation***

USA Foundation is a not-for-profit corporation that was organized for the purpose of promoting education, scientific research, and charitable purposes, and to assist in developing and advancing the University in furthering, improving, and expanding its properties, services, facilities, and activities. Because of the significance of the relationship between the University and USA Foundation, USA Foundation is considered a component unit of the University. The Board of Directors of USA Foundation is not appointed or controlled by the University. The University receives distributions from USA Foundation primarily for scholarship, faculty, and other support. Total distributions received or accrued by the University for the year ended September 30, 2023 were \$20,900,000 and are included primarily in other nonoperating revenues and capital contributions and grants in the University's statement of revenues, expenses, and changes in net position. In addition, USA Foundation donated a 63-acre parcel of land on Dauphin Island, Alabama, which has an estimated value of approximately \$1,000,000. This land donation is included in capital assets, net on the statement of net position and the gift revenue is in nonoperating revenues on the statement of revenues, expenses, and changes in net position for the University. USA Foundation presents its financial statements in accordance with standards issued by the Financial Accounting Standards Board (FASB). USA Foundation is reported in separate financial statements because of the difference in the financial reporting framework since USA Foundation follows FASB rather than GASB. USA Foundation has a June 30 fiscal year-end, which differs from the University's September 30 fiscal year-end. In accordance with GASB Statement No. 14 and GASB Statement No. 61, the University has included USA Foundation's statements for the year ended June 30, 2023 in the University's financial statements as of September 30, 2023. The accompanying consolidated statement of financial position and consolidated statement of activities and changes in net assets for USA Foundation as of and for the year ended June 30, 2023 are discretely presented.

**(g) *USA Research and Technology Corporation***

In June 2002, the University's Board of Trustees approved the formation of the Corporation. The Corporation is a not-for-profit corporation that exists for the purpose of furthering the educational and scientific mission of the University by developing, attracting, and retaining technology and research industries in Alabama that will provide professional and career opportunities to the University's students and faculty. Because of the significance of the relationship between the University and the Corporation, the Corporation is considered a component unit of the University. The Corporation presents its financial statements in accordance with GASB. The accompanying statement of net position and statement of revenues, expenses, and changes in net position for the Corporation as of and for the year ended September 30, 2023 are discretely presented.

**(h) *Measurement Focus and Basis of Accounting***

For financial reporting purposes, the University is considered a special purpose governmental agency engaged only in business-type activities, as defined by GASB Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. Accordingly, the University's basic financial statements have been presented using the economic resources measurement focus and the accrual basis of

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

**(i) Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires that management make estimates and assumptions affecting the reported amounts of assets and liabilities, revenues, and expenses, as well as disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

In particular, laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates related to these programs could change by a material amount in the near term.

**(j) Cash and Cash Equivalents (including restricted amounts)**

Cash and cash equivalents are defined as petty cash, demand accounts, certificates of deposit, and any short-term investments that take on the character of cash. These investments have maturities of less than three months at the time of purchase and include repurchase agreements and money market accounts. Restricted cash and cash equivalents share the same definitions and maturities of unrestricted cash and cash equivalents but are designated by external parties for specified purposes such as collateral requirements, designated gifts, or bond proceeds.

**(k) Investments and Investment Income**

The University reports the fair value of investments using the three-level hierarchy established under GASB Statement No. 72, *Fair Value Measurement and Application*. The fair value of alternative investments (low-volatility, multistrategy funds of funds) and certain private equity partnerships do not have readily ascertainable market values and the University values these investments in accordance with valuations provided by the general partners or fund managers of the underlying partnerships or companies, typically based on net asset value (NAV) of the partnership or commingled vehicle. Because some of these investments are not readily marketable, the estimated fair value is subject to uncertainty and, therefore, may differ from the fair value that would have been used had a ready market for the investment existed. Investments received by gift are recorded at fair value at the date of receipt. Changes in the fair value of investments are reported in net investment income.

**(l) Derivatives**

The University has adopted the provisions of GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. GASB Statement No. 53 establishes a framework for accounting and financial reporting related to derivative instruments, requiring the fair value of derivatives to be recognized in the basic financial statements. At September 30, 2023, the University had two hedging derivative instruments in the form of interest rate swaps in effect. In accordance with hedge accounting, the changes in fair values of the interest rate swaps are reported as changes in deferred inflows and outflows and the fair values of the interest rate swaps are recognized in other long-term liabilities and deferred inflows and outflows on the statement of net position since the interest rate swaps are deemed effective.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

***(m) Deferred Outflows and Inflows of Resources***

Deferred outflows of resources consist of employer contributions to the Teacher's Retirement System of Alabama and the Public Education Employees Health Insurance Plan subsequent to the plan's measurement dates, changes in proportion and differences between employer contributions and proportionate share of contributions related to the OPEB plan, changes in actuarial and other assumptions related to the pension plan, changes in the fair value of interest rate swaps, and the loss on the defeasement of certain bond amounts.

Deferred inflows of resources consist of the proportionate share of the differences between expected and actual experience related to the pension plan, net difference between projected and actual earnings on pension and OPEB plan investments, changes of assumptions in the OPEB plan, changes in proportion and differences between employer contributions and proportionate share of contributions in pension and OPEB plans, changes in the fair values of interest rate swaps, gain on the refunding of certain bond amounts, and the value of contractual rights to lease revenue in future reporting periods.

***(n) Bond Premiums, Discounts, and Loss on Extinguishment Costs***

Bond premiums, discounts, and loss on extinguishment costs associated with the issuance of certain bond series are capitalized and amortized over the life of the respective bond series on a straight-line basis.

***(o) Accounts Receivable***

Patient receivables primarily result from hospital and ambulatory patient service revenues. Accounts receivable, other includes amounts due from students, the federal government, state and local governments, or private sources in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts. Accounts and patient receivables are recorded net of estimated uncollectible amounts.

***(p) Lease Receivable***

Lease receivable and current portion thereof on the statement of net position represents the University's contractual right to receive cash in exchange for the right to use an asset for a specific amount of time. Lease receivables are recognized at the commencement date based on the present value of lease payments to be received over the lease term discounted using an appropriate incremental borrowing rate. The commencement date is either when the lessee takes possession of the asset or, in the case of real estate leases, when the landlord makes the building or office space available for use. The value of an option to extend or terminate a lease is reflected to the extent it is reasonably certain the lessee will exercise that option. Interest revenue is recognized as a component of the lease payments received and is included in other nonoperating revenues on the statement of revenues, expenses, and changes in net position.

***(q) Inventories***

The University's inventories primarily consist of medical supplies and pharmaceuticals. Medical supplies and pharmaceuticals are stated at the lower of cost (first-in, first-out method) or market.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**(r) Capital Assets**

Capital assets are recorded at cost, if purchased, or, if donated, at fair value at the date of donation. Depreciation is provided over the estimated useful life of each class of depreciable assets using the straight-line method. Major renewals and renovations are capitalized. Costs for repairs and maintenance are expensed when incurred. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and the gain or loss, if any, is included in nonoperating revenues (expenses) in the statement of revenues, expenses, and changes in net position.

All capital assets other than land are depreciated using the following asset lives:

Buildings, infrastructure, and certain building components	40 to 100 years
Fixed equipment	10 to 20 years
Land improvements	8 to 20 years
Library materials	10 years
Other equipment	4 to 15 years

Certain buildings are componentized for depreciation purposes.

Lease and subscriptions are included in capital assets as right-of-use assets on the statement of net position. Right-of-use assets represent the University's right to use an underlying asset for the specified term and are comprised of leased equipment, buildings, office space, and subscription-based information technology arrangements. Lease and subscription right-of-use assets are recognized at the commencement date based on the present value of the payments over the agreement term discounted using the lessor interest rate or an appropriate incremental borrowing rate. The commencement date is either when the University takes possession of the asset or when the asset becomes available for use. Amortization of right-of-use assets is recognized on a straight-line basis over the agreement term or useful life of the asset, whichever is shorter.

The University evaluates impairment in accordance with GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*. For the year ended September 30, 2023, no impairments were identified.

**(s) Unrecognized Revenues**

Student tuition, fees, and dormitory rentals are billed in advance and initially recorded as a component of unrecognized revenues in the statement of net position and, then recognized in revenue over the applicable portion of each school term.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**(t) Cost Sharing Multiple-Employer Pension Plan**

Employees of the University are covered by a cost sharing multiple-employer defined benefit pension plan (the Plan) administered by the Teachers' Retirement System of Alabama (TRS). The TRS financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to Plan requirements. Benefits and refunds are recognized as expenses when due and payable in accordance with the terms of the Plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with requirements of the GASB. Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Annual Comprehensive Financial Report.

**(u) Postemployment Benefits Other Than Pensions (OPEB)**

Employees of the University are covered by a cost sharing multiple-employer other postemployment benefit plan administered by the Alabama Retired Education Employees Health Care Trust (Trust). The Trust's financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Trust, and additions to/deductions from the Trust's fiduciary net position. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due pursuant to plan requirements. Benefits are recognized when due and payable in accordance with the terms of the Plan. In accordance with GASB, the Trust is considered a component unit of the State of Alabama and is included in the State's Annual Comprehensive Financial Report.

**(v) Classification of Net Position**

The University's net position is classified as follows:

*Net investment in capital assets* reflects the University's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such debt is excluded from the calculation of net investment in capital assets.

*Restricted, nonexpendable* net position consists of endowment and similar type funds for which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

*Restricted, expendable* net position includes resources that the University is legally or contractually obligated to spend in accordance with restrictions imposed by external parties.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

*Unrestricted* net position represents resources derived from student tuition and fees, state appropriations, patient service revenues, sales and services of educational activities, and auxiliary enterprises. Auxiliary enterprises are substantially self-supporting activities that provide services for students, faculty, and staff. While unrestricted net position may be designated for specific purposes by action of management or the Board of Trustees, they are available for use at the discretion of the governing board to meet current expenses for any purpose.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the University addresses each situation on a case-by-case basis prior to determining the resources to be used to satisfy the obligation.

**(w) *Scholarship Allowances and Student Financial Aid***

Student tuition and fees, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University and the amount paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state, or nongovernmental programs are recorded as either operating or nonoperating revenues in the University's basic financial statements based on their classification as either an exchange or a nonexchange transaction. To the extent that revenues from such programs satisfy tuition and fees and certain other student charges, the University has recorded a scholarship discount and allowance.

**(x) *Donor-Restricted Endowments***

The University is subject to the "Uniform Prudent Management of Institutional Funds Act" (UPMIFA) of the Code of Alabama. This law allows the University, unless otherwise restricted by the donor, to spend net appreciation, realized and unrealized, of the endowment assets. The law also allows the University to appropriate for expenditure or accumulate to an endowment fund such amounts as the University determines to be prudent for the purposes for which the endowment fund was established. The University's endowment spending policy provides that 4.5% of the five-year invested net asset moving average value (inclusive of net realized and unrealized gains and losses), as measured at September 30, is available annually for spending. The University's policy is to retain the endowment net interest and dividend income and net realized and unrealized appreciation with the endowment after distributions allowed by the spending policy have been made. These amounts, unless otherwise directed by the donor, are included in restricted expendable net position.

**(y) *Classification of Revenues***

The University has classified its revenues as either operating or nonoperating revenues.

Operating revenues include activities that have the characteristics of exchange transactions such as student tuition and fees, net of scholarship discounts and allowances; patient service revenues, net of provision for bad debts; most federal, state, and local grants and contracts; sales and services of auxiliary enterprises, net of scholarship allowances; and lease revenue.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as state appropriations, investment income, and gifts and contributions.

**(z) Gifts and Pledges**

Pledges of financial support from organizations and individuals representing an unconditional promise to give are recognized in the basic financial statements once all eligibility requirements, including time requirements, have been met. In the absence of such a promise, revenue is recognized when the gift is received. Endowment pledges generally do not meet eligibility requirements, as defined by GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, and are not recorded as assets until the related gift has been received. Unconditional promises that are expected to be collected in future years are recorded at the present value of the estimated future cash flows.

**(aa) Grants and Contracts**

The University has been awarded grants and contracts for which funds have not been received or expenditures made for the purpose specified in the award. These awards have not been reflected in the basic financial statements but represent commitments of sponsors to provide funds for specific research or training projects. For grants that have allowable cost provisions, the revenue will be recognized as the related expenditures are made. For grants with work completion requirements, the revenue is recognized as the work is completed. For grants without either of the above requirements, the revenue is recognized as it is received.

**(bb) Patient Service Revenues**

Patient service revenues are reported at estimated net realizable amounts due from patients, third-party payers, and others for healthcare services rendered, including estimated retroactive revenue adjustments due to future audits, reviews, and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered and such amounts are adjusted in future periods, as adjustments become known or as years are no longer subject to such audits, reviews, and investigations.

**(cc) Compensated Absences**

The University accrues annual leave for employees as incurred at rates based upon length of service and job classification.

**(dd) Recently Adopted Accounting Pronouncements**

In 2023, the University adopted the provisions of GASB Statement No. 91, *Conduit Debt Obligations*. The objective of this statement is to clarify the definition of conduit debt obligations, establish that conduit debt is not a liability of the issuer, establish standards for reporting additional commitments and voluntary commitments extended by issuer, and improve note disclosures. There was no significant impact to the financial statements as a result of adoption.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2023

In addition, the University adopted GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, which requires subscription-based information technology arrangements (SBITA) to be recorded as both a right-of-use asset and a corresponding subscription liability, provides capitalization criteria for outlays related to nonsubscription payments, and requires note disclosures for SBITA. This adoption resulted in increased right-of-use assets and related subscription liabilities at the beginning of the fiscal year, in the amount of \$25,081,000, which is represented in capital assets, net on the statement of net position. Upon analysis of the facts and circumstances at the time of adoption, the effect on prior period net position was immaterial.

Additionally, the University adopted certain provisions of GASB Statement No. 99, *Omnibus 2022*, related to public-private and public-public partnership arrangements (PPP) and SBITA. The objective of this statement is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB statements and accounting and financial reporting for financial guarantees. There was no significant impact to the financial statements as a result of adoption.

**(2) Income Taxes**

The University is classified as both a governmental entity under the laws of the State of Alabama and as a tax-exempt entity under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). Consistent with these designations, no provision for income taxes has been made in the accompanying basic financial statements.

In addition, the University's discretely presented component units, except for HCA, are tax-exempt entities under Section 501(a) of the Internal Revenue Code as organizations described in Section 501(c)(3). The income of HCA is excluded from federal and state income taxation pursuant to the provisions of Section 115(1) of the Internal Revenue Code. Consistent with these designations, no provision for income taxes has been made in the accompanying discretely presented component unit financial statements.

**(3) Cash and Cash Equivalents**

Pursuant to the Security for Alabama Funds Enhancement Act, funds on deposit may be placed in an institution designated as a qualified public depository (QPD) by the State of Alabama. QPD institutions pledge securities to a statewide collateral pool administered by the State Treasurer's office. Such financial institutions contribute to this collateral pool in amounts proportionate to the total amount of public fund deposits at their respective institutions. The securities are held at the Federal Reserve Bank and are designated for the State of Alabama. Additional collateral was not required for University funds on deposit with QPD institutions. At September 30, 2023, the net public deposits subject to collateral requirements for all institutions participating in the pool totaled approximately \$17.6 billion. The University had cash and cash equivalents, including restricted cash and cash equivalents, in the pool of \$357,970,000 at September 30, 2023.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

At September 30, 2023, restricted cash and cash equivalents consist of \$3,280,000 related to cash included in the PLTF and GLTF to pay insurance liability claims, \$3,681,000 of unspent proceeds from the issuance of University bonds for capital purchases as outlined in the bond indenture, \$6,202,000 related to restricted donations related to certain capital projects, \$941,000 related to endowment funds, and \$89,590,000 restricted for the Ascension Providence acquisition.

**(4) Investments**

**(a) *University of South Alabama***

The investments of the University are invested pursuant to the University of South Alabama “Nonendowment Cash Pool Investment Policies,” the “Endowment Fund Investment Policy,” and the “Derivatives Policy” (collectively referred to as the University Investment Policies) as adopted by the Board of Trustees. The purpose of the nonendowment cash pool investment policy is to provide guidelines by which commingled funds not otherwise needed to meet daily operational cash flows can be invested to earn a maximum return, yet still maintain sufficient liquidity to meet fluctuations in the inflows and outflows of University operational funds. Further, endowment fund investment policies exist to provide earnings to fund specific projects of the endowment fund while preserving principal. The University Investment Policies require that management apply the “prudent person” standard in the context of managing its investment portfolio.

The investments of the blended component units of the University are invested pursuant to the separate investment policy shared by the PLTF and GLTF (the Trust Fund Investment Policy). The objectives of the Trust Fund Investment Policy are to provide a source of funds to pay general and professional liability claims and to achieve long-term capital growth to help defray future funding requirements. Additionally, certain investments of the University’s component units, both blended and discretely presented, are subject to UPMIFA as well as any requirements placed on them by contract or donor agreements.

Certain investments, primarily related to the University’s endowment assets, are pooled. The University uses this pool to manage its investments and distribute investment income to individual endowment funds.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

Investments and restricted investments of the University, by type, at fair value at September 30, 2023 (in thousands) are as follows:

U.S. treasury securities	\$	15,578
U.S. federal agency notes		94,185
Commingled equity funds		98,076
Commingled fixed income funds		48,253
Marketable equity securities		59,872
Marketable debt securities		12,958
Private credit alternative fixed income investments		6,526
Private REIT alternative real estate investments		5,686
Private equity alternative investments		19,193
Real estate		8,479
Managed income alternative investments (low-volatility, multistrategy funds of funds)		37,181
	\$	<u>405,987</u>

At September 30, 2023, restricted investments consist of endowment funds, funds held in the PLTF and GLTF to pay insurance liability claims, and funds related to collateral requirements of the interest rate swaps.

At September 30, 2023, \$30,146,000 of cumulative increase in fair value of investments of donor-restricted endowments was recognized and is included in restricted expendable net position in the accompanying statement of net position.

The University invests in several private equity and private credit funds. At September 30, 2023, the University had outstanding capital commitments to those funds of \$26,293,000.

(i) *Credit Risk and Concentration of Credit Risk*

**Nonendowment Cash Pool Investment Policy**

The University Investment Policies limit investment in corporate bonds to securities with a minimum "A" rating, at the time of purchase, by both Moody's and Standard and Poor's. Investments in corporate paper are limited to issuers with a minimum quality rating of P-1 by Moody's, A-1 by Standard and Poor's, or F-1 by Fitch.

Additionally, the University Investment Policies require that not more than 10% of the cash, cash equivalents, and investments of the University be invested in the obligations of a single private corporation and not more than 35% of the cash, cash equivalents, and investments of the University be invested in the obligations of a single government agency.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**Endowment Fund Investment Policy**

The University Investment Policies limit investment in fixed income securities to securities with a minimum “BAA” rating, at the time of purchase, by both Moody’s and Standard and Poor’s. Money Market Funds selected shall contain securities whose credit rating at the absolute minimum would be rated investment grade by Standard and Poor’s and/or Moody’s. Investment in fixed income securities within the fixed income portfolio shall be restricted to only investment grade bonds rated “BAA” or higher. Any investment in below investment grade bonds shall be considered an equity or fixed income alternative investment.

Additionally, the University Investment Policies require that not more than 5% of the Endowment Fund assets of the University be allocated to an individual investment manager and no more than 25% of the Endowment Fund assets be allocated to a “Funds of Funds” or multimanager fund.

The University’s exposure to credit risk and concentration of credit risk at September 30, 2023 is as follows:

	<u>Credit rating</u>	<u>Percentage of total investments</u>
Federal National Mortgage Association	AAA	1.0 %
Federal Home Loan Mortgage Corporation	AAA	6.9
Federal Home Loan Banks	AAA	12.9
Federal Farm Credit Banks Funding Corporation	AAA	2.3
Common Fund Bond Fund	Various	4.0
PIMCO Pooled Bond Fund	Various	7.6
Blackrock Credit Strategies Income Fund	Various	0.3
US Treasury securities	AAA	3.8
Marketable debt securities	Various	3.2

(ii) *Interest Rate Risk*

At September 30, 2023, the maturity dates of the University’s fixed income investments are as follows (in thousands):

	<u>Fair value</u>	<u>Years to maturity</u>			
		<u>Less than 1</u>	<u>1–5</u>	<u>6–10</u>	<u>More than 10</u>
US Treasury securities	\$ 15,578	2,171	8,059	5,101	247
US federal agency notes	94,185	31,302	57,342	165	5,376
Marketable debt securities	12,958	4,971	5,181	2,806	—
Commingled fixed income funds	48,253	—	27,400	4,623	16,230
	<u>\$ 170,974</u>	<u>38,444</u>	<u>97,982</u>	<u>12,695</u>	<u>21,853</u>

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

Commingled fixed income funds are classified based on the weighted average maturity of the individual investment instruments within each fund.

The University's Investment Policies do not specifically address the length to maturity on investments that the University must follow; however, they do require that the maturity range of investments be consistent with the liquidity requirements of the University.

*(iii) Custodial Credit Risk*

Custodial credit risk is the risk that, in the event of a failure of the counterparty to a transaction, an organization will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The University's investments are held by third-party institutions in the name of the University. The University's Investment Policies do not specifically address custodial credit risk.

*(iv) Mortgage-Backed Securities*

The University, from time to time, invests in mortgage-backed securities such as the Federal Home Loan Mortgage Corporation (FHLMC), the Federal National Mortgage Association (FNMA), and other government sponsored enterprises of the United States government. The University invests in these securities to increase the yield and return on its investment portfolio given the available alternative investment opportunities.

*(v) Fair Value Measurement*

Fair value measurements represent the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The University measures and records its investments using fair value measurement guidelines established by GASB Statement No. 72. These guidelines prioritize the inputs of valuation techniques used to measure fair value are as follows:

- Level 1: Quoted prices for identical investments in active markets
- Level 2: Observable inputs other than quoted market prices
- Level 3: Unobservable inputs.

The level in the fair value hierarchy that determines the classification of an asset or liability depends on the lowest-level input that is significant to the fair value measurement. Observable inputs are derived from quoted market prices for assets or liabilities traded on an active market where there is sufficient activity to determine a readily determinable market price. Investments that are not traded on an active exchange and do not have a quoted market price are classified as unobservable inputs. The University's assets that have unobservable inputs consist of the investment in real estate, with fair value based on an independent third-party appraisal performed by qualified appraisers specializing in real estate investments, and of investments in private capital, with fair value determined by the investment managers and primarily utilizes management assumptions and best estimates after considering internal and external factors. Other assets included in the University's investment portfolio with unobservable inputs are the shares or units in

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2023

certain partnerships or other commingled funds that do not have readily determinable fair values. For these funds, fair value is estimated using the NAV reported by the investment managers as a practical expedient to fair value. Such investments have not been categorized within the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net position.

The following tables summarize the fair value measurements for all investment assets and liabilities carried at fair value at September 30, 2023 (in thousands):

Description	Asset fair value measurements			
	Level 1	Level 2	Level 3	Total
U.S. treasury securities	\$ 15,578	—	—	15,578

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

A roll-forward schedule for Level 3 financial instruments for the year ended September 30, 2023 is as follows (in thousands):

Beginning balance	\$	16,378
Purchases		8,930
Net realized/unrealized gains		518
Sales		<u>(294)</u>
Ending balance	\$	<u><u>25,532</u></u>

**(b) Health Care Authority**

HCA holds a 2.5% equity interest in USA Fairhope Physician Investors LLC (FPI), a multimember limited liability company that was formed to invest in the entity that developed and is now leasing an ambulatory surgical center. HCA's capital account balance in FPI is considered an investment in a joint venture, pursuant to GASB Statements Nos. 14 and 61. For the year ended September 30, 2023, HCA's capital account balance is \$15,000 and is presented on the statement of net position as such. No distributions have been received by HCA to date; therefore, no income statement impact has been reported.

HCA holds a 51% equity interest in USA BC ASC Holdco, LLC (USA BC ASC Holdco), a multimember limited liability company formed to invest in USA Baldwin County ASC, LLC (USA BC ASC), a limited liability company formed to develop, own, and operate the Ambulatory Surgery Center on the USA Health Mapp Family Campus. For the year ended September 30, 2023, HCA's capital account balance is \$443,000 and is presented on the statement of net position as an investment. HCA has received no distributions or allocations of gains or losses to date and there is no financial activity to report for USA BC ASC Holdco or USA BC ASC.

**(c) University of South Alabama Foundation**

Investments in securities consist primarily of equity securities totaling \$223,532,000 at June 30, 2023.

Investment gains was composed of the following for the year ended June 30, 2023 (in thousands):

Unrealized gains	\$	35,902
Realized gains		<u>5,651</u>
Net realized and unrealized gains on investments		<u><u>41,553</u></u>

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

Timber sales	\$	3,064
Rents		785
Royalties		128
		3,977
Rents, royalties, and timber sales		3,977
Interest and dividends		2,896
		2,896
Total investment income	\$	48,426

Investments consisted of participation in the Foundation's pooled investment funds. Investment related expenses in the amount of \$404,000 are included in USA Foundation's management and general expenses in the accompanying consolidated statement of activities and changes in net assets for the year ended June 30, 2023.

Real estate at June 30, 2023 consisted of the following property held (in thousands):

Land and land improvements – held for investment	\$	7,991
Building and building improvements – held for investment		1,073
		9,064
	\$	9,064

Timber and mineral properties are stated at fair value. Depletion of mineral properties is recognized over the remaining producing lives of the properties based on total estimated production and current-period production. Depletion of timber properties is recognized on a specific identification basis as timber rights are sold or on a unit basis for sales made on that basis. Reforestation costs consisting of site preparation and planting of seedlings are capitalized.

Investments at June 30, 2023 include an equity interest in a timberland management company. The company's primary assets consist of timberland. USA Foundation's proportionate share of the fair value of the company is based upon the valuation from the trustee responsible for the management of the company and the timber valuation.

USA Foundation has adopted Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*. ASC 820 provides a single definition of fair value and a hierarchical framework for measuring it, as well as establishing additional disclosure requirements about the use of fair value to measure assets and liabilities. Fair value measurements are classified as either observable or unobservable in nature. Observable fair values are derived from quoted market prices for investments traded on an active exchange or in dealer markets where there is sufficient activity and liquidity to allow price discovery by substantially all market participants (Level 1). USA Foundation's observable values consist of investments in exchange-traded equity securities with a readily determinable market price. Other observable values are fair value measurements derived either directly or indirectly from quoted market prices (Level 2). Investments that are not traded on an active exchange and do not have a

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2023

quoted market price are classified as unobservable (Level 3). USA Foundation's unobservable values consist of investments in timber and real estate with fair values based on independent third-party appraisals performed by qualified appraisers specializing in timber and real estate investments.

USA Foundation's investment assets at June 30, 2023 are summarized, based on the criteria of ASC 820, as follows (in thousands):

Description	Level 1	Level 2	Level 3	Total
Equity securities	\$ 133,476	—	—	133,476
Timber and mineral properties	—	—	176,002	176,002
Real estate	—	—	9,064	9,064
Other investments	—	—	5,814	5,814
	<u>\$ 133,476</u>	<u>—</u>	<u>190,880</u>	<u>324,356</u>
Investment in Commonfund measured at NAV				<u>90,056</u>
			<u>\$ 414,412</u>	

A roll-forward schedule for Level 3 financial instruments for the fiscal year ended June 30, 2023 is as follows (in thousands):

Description	Timber and mineral properties	Real estate	Other investments	Total
Beginning balance	\$ 176,680	9,034	5,809	191,523
Net unrealized gains	3,291	48	5	3,344
Reforestation	226	—	—	226
Purchase of building improvements	—	14	—	14
Depreciation/depletion	(4,195)	(32)	—	(4,227)
Ending balance	<u>\$ 176,002</u>	<u>9,064</u>	<u>5,814</u>	<u>190,880</u>

As of June 30, 2023, USA Foundation has no outstanding commitments to purchase securities or other investments

As part of USA Foundation's liquidity management, the Foundation structures its financial assets to be available as its general expenditures, liabilities, and other obligations come due. Cash withdrawals from the Foundation's managed investments coincide with the Foundation's spending obligations but may be adjusted higher or lower based on the timing of when investment income is received and expenditures become due. In addition to financial assets available within one year, the Foundation

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

receives investment income from timber sales, rents and royalties, and interest and dividends that are used to meet the Foundation's general expenditures within one year. The Foundation believes it has sufficient assets to meet its obligations.

**(6) Noncurrent Liabilities**

**(a) University of South Alabama**

A summary of the University's noncurrent liability activity for the year ended September 30, 2023 is as follows (in thousands):

	Adjusted beginning balance	Additions	Reductions	Ending balance	Less amounts due within one year	Noncurrent liabilities
Long-term debt:						
Bonds payable	\$ 458,916	83,655	(24,370)	518,201	109,000	409,201
Notes payable from direct borrowings	618	802	(623)	797	189	608
Lease and subscription obligations	57,095	15,898	(21,646)	51,347	20,862	30,485
Total long-term debt	<u>516,629</u>	<u>100,355</u>	<u>(46,639)</u>	<u>570,345</u>	<u>130,051</u>	<u>440,294</u>
Other noncurrent liabilities:						
Net pension liability	237,578	138,316	—	375,894	—	375,894
Net OPEB liability	205,378	—	(151,957)	53,421	—	53,421
Other long-term liabilities	81,662	5,129	(16,394)	70,397	5,974	64,423
Total other noncurrent liabilities	<u>524,618</u>	<u>143,445</u>	<u>(168,351)</u>	<u>499,712</u>	<u>5,974</u>	<u>493,738</u>
Total noncurrent liabilities	<u>\$ 1,041,247</u>	<u>243,800</u>	<u>(214,990)</u>	<u>1,070,057</u>	<u>136,025</u>	<u>934,032</u>

Other long-term liabilities primarily consist of self-insurance liabilities, liabilities related to compensated absences, and the fair value of derivatives. Amounts due within one year are included in current portion of other long-term liabilities.

In August 2023, the University entered into a three-year direct borrowing finance purchase agreement for the purchase of medical equipment. The purchase agreement for the equipment was for \$46,000, with a down payment of \$5,000 and thirty-six monthly payments of \$1,000. After thirty-six monthly payments of \$1,000, the equipment will become property of the University. The amount outstanding at September 30, 2023 is \$41,000, and is reported as long-term debt (and current portion thereof) in the statement of net position.

In September 2023, the University entered into a five-year direct borrowing finance purchase agreement for the purchase of software and equipment. The full amount of the purchase agreement is \$756,000, with monthly payments in the amount of \$14,000 through June 1, 2028. At the end of the scheduled payments, the equipment and software will become property of the University. The full amount is outstanding at September 30, 2023 and is reported as long-term debt (and current portion thereof) in the statement of net position.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

*Lease and Subscription Obligations*

The University determines whether an arrangement is a lease at inception by evaluating whether the contract conveys the right to use an identified asset and whether the University obtains substantially all of the economic benefits from and has the right to control the asset. Any lease or software subscription identified is recorded as a right-of-use asset under capital assets and lease and subscription obligations. Lease and subscription right-of-use assets and related obligations are recognized at the commencement date based on the present value of the payments over the agreement term discounted using an appropriate incremental borrowing rate. Amortization of right-of-use assets is recognized on a straight-line basis over the specified term or useful life of the asset, whichever is shorter. Interest expense is recognized as a component of the lease or subscription payment and recorded as such in the statement of revenues, expenses, and changes in net position. The difference in methodology between the amortization of the right-of-use asset and the reduction in liability balance related to principal payments will result in a difference between the net right-of-use asset and related lease and subscription obligations.

The University leases various automobiles, buildings, equipment, office space, and software subscriptions under leases expiring at various dates through 2038. Aggregate future minimum lease and subscription payments under noncancelable agreements as of September 30, 2023, by year, are as follows (in thousands):

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2024	\$ 20,862	2,028	22,890
2025	13,937	1,290	15,227
2026	5,203	743	5,946
2027	3,393	523	3,916
2028	2,688	372	3,060
2029 – 2033	4,660	525	5,185
2034 – 2038	604	52	656
Lease and subscription obligations \$	<u>51,347</u>	<u>5,533</u>	<u>56,880</u>

These amounts are included in lease and subscription obligations and the current portion thereof in the accompanying statement of net position.

The University has commitments under leases and subscriptions for which the lease term has not commenced in the amount of \$4,235,000 as of September 30, 2023.

The University leases space from the Corporation and HCA. See additional details in the following sections.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**(b) USA Research and Technology Corporation**

Changes in noncurrent liabilities for the year ended September 30, 2023 are as follows (in thousands):

	September 30, 2023					
	Beginning balance	Additions	Reductions	Ending balance	Less amounts due within one year	Noncurrent liabilities
Notes payable	\$ 19,379	—	(1,390)	17,989	1,022	16,967

*(i) Notes Payable*

Notes payable from direct borrowings consisted of the following at September 30, 2023 (in thousands):

PNC Bank promissory note, 4.38%, payable through 2028	\$ 10,738
Hancock Whitney promissory note, 3.08%, payable through 2031	<u>7,251</u>
	<u>\$ 17,989</u>

The promissory note payable to PNC Bank has a 10-year term and amortization is based on a 10-year term. The promissory note payable is secured by an interest in tenant leases for Buildings II and III and an interest in income received from rental of Buildings II and III. The Corporation agreed to not transfer or encumber the buildings or its leasehold interest in the real estate on which the buildings stand.

The promissory note payable to Hancock Whitney Bank has a 10-year term and is secured by an interest in rental leases and an interest in income received from rental of Building I. The Corporation agreed to not transfer or encumber the buildings or its leasehold interest in the real estate on which the buildings stand.

In connection with the PNC note and the Hancock Whitney note, the University entered into an agreement with both lenders providing that for any year in which the Corporation's debt service coverage ratio is less than 1 to 1, the University will pay the Corporation rent equal to the amount necessary to bring the ratio to 1 to 1. The debt service coverage ratio is calculated by dividing the sum of unrestricted cash and cash equivalents at the beginning of the year (reduced by current year capital asset additions) and current year change in net position (determined without depreciation, amortization, and interest expenses) by current year debt service. As of September 30, 2023, the Corporation's debt service coverage ratio was 2.07 to 1.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

The Corporation's outstanding notes from direct borrowings with PNC Bank and Hancock Whitney Bank contain a provision that, in the event of default, PNC Bank or Hancock Whitney Bank may take any or all of the following actions: (a) declare the loan due and payable, (b) declare the note in default, and (c) exercise any other remedies or rights which it has under any instrument executed in connection with the loan. Prior to any of these actions, however, PNC Bank and Hancock Whitney Bank will give the Corporation 30 days to cure the default.

(ii) *Debt Service on Long-Term Obligations*

At September 30, 2023, total future debt service by year is as follows (in thousands):

	<b>Debt service on notes payable</b>		
	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2024	\$ 1,022	676	1,698
2025	1,061	637	1,698
2026	1,101	597	1,698
2027	1,144	554	1,698
2028	9,028	424	9,452
2029-2031	4,633	286	4,919
Total	\$ 17,989	3,174	21,163

(iii) *Derivative Transaction*

The Corporation was a party to a derivative with Wells Fargo Bank, N.A., the counterparty (successor to Wachovia Bank, N.A., the original counterparty). The derivative was a "receive variable, pay fixed" interest rate swap entered into in connection with the promissory note to Wells Fargo Bank, N.A.

The swap was terminated on June 20, 2018 as part of a transaction refunding the Wells Fargo loan with the proceeds of a loan from PNC Bank. The fee paid by the Corporation to Wells Fargo to terminate the swap was \$1,478,000. Pursuant to GASB Statement No. 65, the fee is reported in deferred outflows on the statement of net position and amortized to interest expense according to the percentage of annual interest paid on the loan from PNC Bank to the total interest to be paid on that loan over the 118 months that were remaining on the Wells Fargo loan when the swap was terminated. As of September 30, 2023, the unamortized balance in deferred outflows was \$607,000.

*Long-Term Debt*

HCA entered into an agreement with Family Medical Investments, LLC to construct a medical office building on the Mapp Campus. Construction began in 2021 and was completed in October 2022. The agreement commenced upon construction completion for an initial 15-year period plus two options to extend for consecutive 5-year terms. HCA began making monthly payments at a 4.79% interest rate in October 2022 to Family Medical Investments, LLC. The total balance of principal payments outstanding at September 30, 2023 is \$21,834,000. Upon conclusion of the agreement term, HCA will obtain ownership of the building.

At September 30, 2023, total future debt service by year is as follows (in thousands):

	<b>Debt service on long-term debt</b>		
	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2024	\$ 160	1,042	1,202
2025	198	1,034	1,232
2026	240	1,024	1,264
2027	284	1,011	1,295
2028	331	997	1,328
2029-2033	2,474	4,676	7,150
2034-2038	4,199	3,891	8,090
2039-2043	6,528	2,625	9,153
2044-2047	7,420	760	8,180
Total	<u>\$ 21,834</u>	<u>17,060</u>	<u>38,894</u>

*Lease and Subscription Obligations*

HCA determines whether an arrangement is a lease at inception by evaluating whether the contract conveys the right to use an identified asset and whether HCA obtains substantially all of the economic benefits from and has the right to control the asset. Any lease or software subscription identified is recorded as a right-of-use asset under capital assets with a related lease and subscription obligation. Right-of-use assets and related obligations are recognized at the commencement date based on the present value of lease payments over the lease term discounted using an appropriate incremental borrowing rate. Amortization of right-of-use assets is recognized on a straight-line basis over the lease term or useful life of the asset, whichever is shorter. Interest expense is recognized as a component of the lease payment and recorded as such in the statement of revenues, expenses, and changes in net position. The difference in methodology between the amortization of the right-of-use asset and the reduction in liability balance related to principal payments will result in a difference between the net right-of-use asset and related lease and subscription liability.

HCA has entered into agreements to lease various buildings and equipment and to utilize various software subscriptions under lease and subscription obligations expiring at various dates through 2033.

Aggregate future minimum lease payments under noncancelable agreements as of September 30, 2023, by fiscal year, are as follows (in thousands):

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2024	\$ 1,934	367	2,301
2025	1,882	291	2,173
2026	1,671	219	1,890
2027	1,683	152	1,835
2028	971	97	1,068
2029 – 2033	<u>1,922</u>	<u>100</u>	<u>2,022</u>
	<u>\$ 10,063</u>	<u>1,226</u>	<u>11,289</u>

These amounts are included in lease and subscription obligations and current portion thereof in the accompanying statement of net position.

HCA has no lease or subscription commitments for which the term has not commenced as of September 30, 2023.

*Other Noncurrent Liabilities*

Other noncurrent liabilities consist of liabilities related to long-term vacation accruals. Amounts due within one year are included in current portion of other long-term liabilities.

(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**(7) Deferred Outflows and Inflows**

Deferred outflows of resources are consumption of net assets that are applicable to a future reporting period. In 2016, the University issued its Series 2016 Bond. The proceeds from this series were used to partially defease the Series 2008 Bonds resulting in a loss of the difference between the acquisition price of the new debt and the net carrying amount of the old debt. In accordance with GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, this loss was recorded as a deferred outflow and is being amortized over the remaining life of the Series 2016 Bonds. Additionally, in accordance with GASB Statements Nos. 68 and 75, changes in assumptions, changes in the proportion of total net liabilities relative to other plan participants, differences between employer contributions and the proportionate share of contributions, and employer contribution subsequent to the measurement date of the net pension liability but prior to the end of the fiscal year are presented as a deferred outflow of resources.

The components of deferred outflows of resources as of September 30, 2023 are summarized below (in thousands):

<b>Deferred outflows</b>	
Loss on refunding of 2016 bonds	\$ 5,111
Pension	122,095
OPEB	<u>115,167</u>
	<u>\$ 242,373</u>

Deferred inflows of resources are net asset acquisitions that are applicable to a future reporting period. In 2016, the University issued its 2016-B, C, and D Bonds. In accordance with GASB Statement Nos. 63 and 65, the proceeds from these series refunded the remaining outstanding 2006 bonds and the resulting gain is being amortized over the remaining life of the Series 2016-B, C, and D Bonds as a deferred inflow of resources. Additionally, the University is a party to two derivatives in which the change in fair value is reported as a deferred outflow. Additionally, in accordance with GASB Statement Nos. 68 and 75, the difference between the expected and actual experience and the net difference between projected and actual earnings on investments are presented as a deferred inflow of resources. Finally, in accordance with

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

GASB Statement No. 87, the deferred inflow of resources attributable to leases is recognized on a straight-line basis over the respective lease terms.

The components of deferred inflows of resources as of September 30, 2023 are summarized below (in thousands):

<b>Deferred inflows</b>	
Gain on refunding of 2016 Series B, C & D bonds	\$ 2,988
Interest rate swaps	19,406
Pension	29,230
OPEB	260,679
Leases	2,608
	\$ 314,911

**(8) Bonds Payable**

Bonds payable consisted of the following at September 30, 2023 (in thousands):

University Facilities Revenue Capital Improvement Bonds, Series 2013-A, 2.83% payable through August 2033	\$	18,218
University Facilities Revenue Capital Improvement Bonds, Series 2013-B, 2.83% payable through August 2033		4,555

Plus unamortized premium	35,865
Less unamortized debt extinguishment costs	<u>(1,299)</u>
	<u>\$ 518,201</u>

Substantially all student tuition and fee and auxiliary revenues secure University bonds. Additionally, security for all bonds includes USA Health Children's and Women's Hospital revenues in an amount not exceeding \$10,000,000. The Series 2013-A, 2013-B, and 2013-C Bonds began maturing in August 2014 and are redeemable beginning in June 2023. The Series 2014-A Bonds began maturing in March 2015 and are redeemable at any time. The Series 2015 Bonds began maturing in August 2015 and were redeemable beginning in June 2020. The Series 2016-A Bonds began maturing in November 2018 and are redeemable beginning in November 2026. The Series 2016-B, C, and D Bonds will begin maturing in December 2024 and became redeemable as of December 2017. The Series 2017 Bonds began maturing in October 2017 and are redeemable beginning in October 2027. The Series 2019-A Bonds will begin maturing in April 2033. The Series 2019-B Bonds began maturing in April 2021. Both Series 2019-A and 2019-B are both redeemable beginning in April 2029. The Series 2019-C Bonds began maturing in April 2020 and are not subject to redemption at the option of the University. Series 2020 Bonds began maturing in April 2021 and are redeemable beginning April 2030. Series 2021 Bonds began maturing in April 2022 and are redeemable beginning April 2041. The Series 2021-B Bonds began maturing in August 2022 and are not subject to redemption. The Series 2023-A and 2023-B will mature in April 2024 and were redeemable beginning April 2023.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

In September 2016, the University issued its University Facilities Revenue Refunding Bonds, Series 2016- A, with a face value of \$85,605,000. The proceeds from the Series 2016-A Bonds were used to partially defease the Series 2008 Bonds. The funds were deposited into escrow trust funds to provide for the subsequent repayment of the Series 2008 Bonds when they were called in December 2018. Neither the assets of the escrow trust account nor the defeased indebtedness is included in the accompanying statement of net position. The loss on the defeasement of the Series 2008 Bonds of \$7,859,000 was recorded as a deferred outflow and is being amortized over the remaining life of the Series 2016-A Bonds. The balance of the related deferred outflow totaled \$5,111,000 at September 30, 2023. The principal outstanding on all defeased bonds is \$71,300,000 at September 30, 2023.

In December 2016, the University issued its University Facilities Revenue Refunding Bonds, Series 2016-B, C, and, with a face value totaling \$100,000,000. The proceeds refunded the remaining outstanding Series 2006 Bonds. The gain on the refunding of the Series 2006 Bonds of \$4,539,000 was recorded as a deferred inflow and is being amortized over the remaining life of the Series 2016-B, C, and Bonds. The balance of the related net deferred inflow at September 30, 2023 totaled \$2,988,000.

In September 2021, the terms for the outstanding bonds of the University designated "Series 2016-B," "Series 2016-C," and "Series 2016-D" (together, the Original 2016 Bonds), each of which bore interest at a variable rate based on a one-month LIBOR base index, were revised to address, among other things, the cessation of LIBOR. Specifically, the University issued bonds designated "Amended and Restated Series 2016-B," "Amended and Restated Series 2016-C," and "Amended and Restated Series 2016-D" (together, the Amended and Restated 2016 Bonds) in exchange for the Original 2016 Bonds. Each of the Amended and Restated 2016 Bonds provide that, upon the cessation of LIBOR as a base index for purposes of ISDA-based defined rates, the base index for such bond (the Replacement Index) would equal a benchmark replacement and any applicable spread adjustment that would apply for derivatives transactions referencing the ISDA Definitions. In addition, for each Amended and Restated 2016 Bond, the earliest date (the Put Date) on which the holder could elect to cause all scheduled principal thereunder to become due and payable was extended by approximately five years as compared to the first Put Date for the Original 2016 Bond exchanged therefor.

On March 5, 2021, the Financial Conduct Authority (FCA) announced the final publication date for US LIBOR is June 30, 2023. The Alternative Reference Rates Committee (ARRC) has recommended the Secured Overnight Financing Rate (SOFR) as an alternative to replace LIBOR.

Approximately \$3,681,000 of proceeds from the issuance of the Series 2021 Bonds remained unspent at September 30, 2023 and are included in restricted cash and cash equivalents on the statement of net position. All bond funds are restricted for capital purposes as outlined in the bond indentures. The University is subject to arbitrage restrictions on its bonded indebtedness prescribed by the U.S. Internal Revenue Service. As such, amounts are accrued as needed in the University's basic financial statements for any expected arbitrage liabilities. At September 30, 2023, no amounts were due or recorded in the financial statements.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

In April 2023, the University issued University Facilities Revenue Bond (Draw-Down Loan) 2023-A, which can be drawn up to \$80,000,000, and University Facilities Revenue Bond (Draw-Down Loan) 2023-B, which can be drawn upon up to \$20,000,000. An initial draw of \$485,000 was made on 2023-A at the inception of the bond. On September 27, 2023, an additional draw was made from 2023-A and 2023-B in the amounts of \$66,535,000 and \$16,635,000, respectively. The monies from both 2023-A and 2023-B can be drawn down at any time through the advance period, which ends in April 19, 2024, at which time the full principal drawn is due. The principal outstanding at September 30, 2023 for 2023-A is \$67,020,000 and the balance for 2023-B is \$16,635,000. Of the total funds drawn-down, \$83,170,000 is unspent and is reported as current restricted cash and cash equivalents, which is related to the pending acquisition of Ascension Providence. These amounts are reported as current portion of long-term debt in the statement of net position. At September 30, 2023, the undrawn portion of 2023-A and 2023-B was \$12,980,000 and \$3,365,000, respectively.

A summary of the University's short-term borrowing activity for the year ended September 30, 2023 follows (in thousands):

	<b>September 30, 2023</b>			
	<b>Beginning balance</b>	<b>Additions</b>	<b>Reductions</b>	<b>Ending balance</b>
Short-term debt:				
Bonds payable	\$ —	83,655	—	83,655

The University is subject to restrictive covenants related to its bonds payable.

**(b) USA Research and Technology Corporation**

The Corporation leases land, buildings, and suites to various lessees under financing leases and short-term leases expiring at various dates through 2057. In Building I, space is leased under five lease agreements. The first lease has a 5 year initial term expiring in October 2023 with two 5 year renewal options. The second lease had a 1 year initial term, which was amended to include an additional 2 year term expiring in December 2025 with no renewal options. The third lease has a 5-year initial term expiring in August 2024 with one 5 year renewal option. The fourth and fifth leases both have 5-year terms and no renewal options, with the fourth lease expiring in April 2024 and the fifth lease in July 2024.

Space in Buildings II and III is leased to the University and various other tenants. The leases have remaining terms varying from month-to-month to seven years.

Under leases for Buildings I, II, and III, the Corporation must pay all operating expenses of the buildings, including utilities, janitorial, maintenance, and insurance. Tenants will reimburse the Corporation for such expenses only as the total expenses for a year increase over the total expenses for the base year of the lease (which generally is the first calendar year of the lease term). In 2023, the Corporation recognized operating expense reimbursement income of \$19,000 as a component of operating revenues in the statement of revenues, expenses, and changes in net position.

Space under lease to the University was 78,123 square feet at September 30, 2023.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

The Corporation owns a building located on the premises of the USA Health, which is leased to a single tenant. The Corporation paid for construction of the building shell and land improvements while the tenant paid for the cost of finishing the building's interior. The lease had a 10-year initial term, which was initially set to expire in March 2020, with three 5-year renewal options. The lease was renewed for an additional 10 years, expiring in March 2030, with three 5-year renewal options. Under the lease, the tenant must also pay for utilities, taxes, insurance, and interior repairs and maintenance. The Corporation is responsible for repairs and maintenance to the exterior and HVAC system.

The Corporation, as lessor, had three ground leases in place at September 30, 2023. One lease is for a 40-year initial term expiring in October 2046 with two renewal options—the first for 20 years and the second for 15 years. The second lease is for a 30-year initial term expiring in October 2036 with four 5-year renewal options. The third lease has a 38.5-year initial term expiring in September 2046 with two renewal options—the first for 20 years and the second for 15 years.

The terms and conditions of each lease agreement vary by tenant with some including early termination options. Of the existing lease agreements, three have early termination options. One tenant in Building I and two tenants in Building II have options to terminate their lease agreement early if notice is given within the stated timeframe and all, if any, monetary obligations have been met.

In 2023, a tenant in Building I exercised an early termination option that required payment of the unamortized portion of tenant improvement costs incurred by the Corporation. This payment totaled \$164,000 and was recognized as a component of rental income and is recorded as operating revenues in the statement of revenues, expenses, and changes in net position.

For the year ended September 30, 2023, the Corporation recognized a total of \$3,988,000 of inflows of resources from financing leases, of which \$3,617,000 was recognized as lease revenue and \$371,000 was recognized as interest income in other nonoperating revenues.

**(c) Health Care Authority**

Leases as a lessor are included in the lease receivable and current portion thereof on the statement of net position.

Lease receivables represent HCA's contractual right to receive cash in exchange for the right to use an asset for a specific amount of time. HCA subleases buildings and suites to the University of South Alabama under leases expiring at various dates through 2072. For the year ended September 30, 2023, HCA recognized a total of \$540,000 of inflows of resources from leases, of which \$407,000 was recognized as lease revenue and \$133,000 was recognized as interest income. Lease revenue is included within other operating revenues and interest income is included within investment income on the statement of revenues, expenses, and changes in net position.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

Future minimum lease revenue under noncancelable agreements as of September 30, by fiscal year, are as follows (in thousands):

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2024	\$ 324	132	456
2025	281	119	400

**(10) Derivative Transactions – Interest Rate Swaps**

The University is a party to two derivatives with Wells Fargo Bank, the counterparty. The income associated with the derivatives is a component of investment income and the corresponding expense is a component of interest expense. The terms of the derivatives require the University to post collateral when certain criteria are met. Such amounts as of September 30, 2023 totaled \$14,285,000, which is included in restricted investments on the statement of net position.

The 2014 swap will terminate in March 2024, when the Series 2014-A Bond matures. The notional amount of the 2014 swap will at all times match the outstanding principal amount of the related bond. Under the swap, the University pays the counterparty a fixed semiannual payment based on an annual rate of 4.9753%. Prior to the cessation of LIBOR, the University received, on a monthly basis, a variable payment of 68% of the one-month LIBOR. In connection with the cessation of LIBOR, the University is adhering to the ISDA Fallback protocols, which means that, as of the cessation of LIBOR on June 30, 2023, the University receives payments calculated at 68% of SOFR compounded in arrears + 0.11448%, plus 0.25%.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

The 2016 swap will terminate in December 2036, when the Amended and Restated 2016 Bonds reach their final scheduled maturity. The notional amount of the swap will at all times match the outstanding principal amount of the related bonds. Under the swap, the University pays the counterparty a fixed semiannual payment based on an annual rate of 5% and receives on a monthly basis a variable payment of 68% of SOFR Compounded in arrears + 0.11448%, plus 0.25%. Conversely, the Amended and Restated 2016 Bonds bear interest at 68% of SOFR compounded in arrears + 0.11448% plus 72 basis points (as respects the Amended and Restated 2016-B Bond), 77 basis points (as respects the Amended and Restated 2016-C Bond), and 83 basis points (as respects the Amended and Restated 2016-D Bond).

*Fair value:* The 2014 swap had a negative fair value of approximately \$9,138,000 at its inception. This amount, net of any amortization and adjustments to fair market value, is reported as a borrowing arising from the 2014 swap as other long-term liabilities in the amount of \$40,000 in the statement of net position at September 30, 2023. The change in the fair value of the swap of \$255,000, during the year ended September 30, 2023, is reported as a change in both deferred inflow and contra liability (other long-term liabilities) in the statement of net position since the interest rate swap is a hedging derivative instrument. Net deferred inflows of resources for the 2014 interest rate swap totaled \$417,000 at September 30, 2023.

The 2016 swap had a negative fair value of approximately \$48,530,000 at its inception. This amount, net of any amortization and adjustments to fair value, is reported as a borrowing arising from the 2016 swap as other long-term liabilities in the amount of \$12,566,000 in the statement of net position at September 30, 2023. The change in the fair value of the swap of \$5,210,000 during the year ended September 30, 2023, is reported as a change in both deferred inflow and contra liability (other long-term liabilities) in the statement of net position at September 30, 2023, since the interest rate swap is a hedging derivative instrument. Net deferred inflows of resources for the 2016 swap totaled \$18,989,000 at September 30, 2023.

The fair values of the interest rate swaps are estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement.

*Risks Associated with these Transactions*

*Interest rate risk:* As the SOFR rate decreases, the net payments on the swaps increase. This, however, is mitigated by the fact that a decline in the SOFR rate will also result in a decrease of the University's interest payments on the related bonds. The University's exposure is limited to 0.48% of the notional amount for the Series 2014-A and 0.47%, 0.52%, and 0.58% of the notional amounts for the Series 2016-B, 2016-C, and 2016-D, respectively. The exposure is the difference in the payment from the counterparty and the interest payment on the related bonds.

*Credit risk:* As of September 30, 2023, the University was not exposed to credit risk on the interest rate swaps because the swaps had a negative fair value. However, if interest rates change and the fair value of the derivatives become positive, the University would have a gross exposure to credit risk in the amount of the derivative's fair value. The counterparty was rated Aa2 by Moody's Investor Services and A+ by Standard & Poor's Ratings Services as of September 30, 2023.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

*Termination risk:* The University may be required to terminate the swaps based on certain standard default and termination events, such as failure to make payments, breach of agreements, and bankruptcy. As of the current date, no events of termination have occurred.

*Derivative payments and hedged debt:* As interest rates fluctuate, variable rate debt interest and net derivative payments will fluctuate. Using interest rates as of September 30, 2023, and calculating interest for subsequent years using forward rates of one-month LIBOR (adjusted to 68% of SOFR Compounded in arrears + 0.11448%, plus .73%), debt service requirements for the 2014 swap payments, by year, are as follows (in thousands):

	<u>Variable rate note</u>		<u>Interest rate swap, net</u>	<u>Total</u>
	<u>Principal</u>	<u>Interest</u>		
2024	\$ 8,455	123	108	8,686
Total	<u>\$ 8,455</u>	<u>123</u>	<u>108</u>	<u>8,686</u>

Debt service requirements for the 2016 swap payments, by year, are as follows (in thousands):

	<u>Variable rate note</u>		<u>Interest rate swap, net</u>	<u>Total</u>
	<u>Principal</u>	<u>Interest</u>		
2024	\$ —	2,849	2,691	5,540

2026	5,885	2,210	2,849	10,944
2027–2031	34,285	8,551	11,363	54,199
2032–2036	44,025	3,863	5,246	53,134
2037–2040	10,205	64	205	10,474
Total	<u>\$ 100,000</u>	<u>19,977</u>	<u>25,291</u>	<u>145,268</u>

**(11) Patient Service Revenues**

USA Health has agreements with governmental and other third-party payers that provide for reimbursement at amounts different from their established rates. Contractual adjustments under third-party reimbursement programs represent the difference between USA Health's billings at established rates for services and amounts reimbursed by third-party payers.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

A summary of the basis of reimbursement with major third-party payers follows:

**Medicare** – Substantially all acute care services rendered to Medicare program beneficiaries are paid at prospectively determined rates. These rates vary according to patient classification systems that are based on clinical, diagnostic, and other factors. Additionally, USA Health is reimbursed for both direct and indirect medical education costs (as defined), principally based on per-resident prospective payment amounts and certain adjustments to prospective rate-per-discharge operating reimbursement payments. USA Health is generally paid for certain retroactively determined items at tentative rates, with final settlement determined after submission of annual cost reports by USA Health and audits by the Medicare fiscal intermediary.

USA Health University Hospital's Medicare cost reports have been audited by the Medicare fiscal intermediary through September 30, 2018.

USA Health Children's & Women's Hospital's Medicare cost reports have been audited by the Medicare fiscal intermediary through September 30, 2020.

Revenues from the Medicare program accounted for approximately 14% of USA Health's patient service revenues for the year ended September 30, 2023.

**Blue Cross Blue Shield** – Inpatient services rendered to Blue Cross subscribers are paid at a contractually determined per diem rate based upon Medicare Severity Diagnosis Related Groups. Outpatient services are reimbursed under a contractually determined reimbursement methodology based on Blue Cross Enhanced Ambulatory Patient Groups.

Revenues from the Blue Cross program accounted for approximately 29% of USA Health's patient service revenues for the year ended September 30, 2023.

**Medicaid** – Inpatient services rendered to Medicaid program beneficiaries are reimbursed at all-inclusive prospectively determined per diem rates. Outpatient services are reimbursed based on an established fee schedule.

USA Health qualifies as a Medicaid essential provider and, therefore, also receives supplemental payments based on formulas established by the Alabama Medicaid Agency. There can be no certainty that USA Health will continue to qualify for future participation in this program or that the program will not ultimately be discontinued or materially modified. For the year ended September 30, 2023, the University received supplemental payments from this program in the amount of \$87,279,000.

Revenues from the Medicaid program accounted for approximately 25% of USA Health's patient service revenues for the year ended September 30, 2023.

**Other** – USA Health has entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payments to USA Health under these agreements includes discounts from established charges and prospectively determined daily and case rates.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

The composition of patient service revenues for the year ended September 30, 2023 follows (in thousands):

Gross patient service revenues	\$	2,074,922
Less:		
Provision for contractual and other adjustments		(1,178,169)
Provision for bad debts		(105,307)
		\$ 791,446

**(12) Defined-Benefit Cost-Sharing Pension Plan**

Employees of the University are covered by a cost-sharing, multiple-employer defined-benefit pension plan administered by the TRS.

**(a) Plan Description**

The TRS was established in September 1939, under the provisions of Act 419 of the Legislature of 1939 for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by State-supported educational institutions. The responsibility for the general administration and operation of the TRS is vested in its Board of Control. The TRS Board of Control consists of 15 trustees. The Plan is administered by the Retirement Systems of Alabama (RSA). Title 16-Chapter 25 of the Code of Alabama grants the authority to establish and amend the benefit terms to the TRS Board of Control. The Plan issues a publicly available financial report that can be obtained at [www.rsa-al.gov](http://www.rsa-al.gov).

**(b) Benefits Provided**

State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the TRS. Benefits for TRS members vest after ten years of creditable service. Tier 1 TRS members who retire after age 60 with 10 years or more of creditable service or with twenty-five years of services (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or formula method, with the member receiving payment under the method that yields the higher monthly benefit. Under the formula method, members of the TRS are allowed 2.0125% of their average final compensation (highest three of the last ten years) for each year of service.

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 TRS members are eligible for retirement after age 62 with 10 years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, Tier 2 members of the TRS are allowed 1.65% of their average final compensation (highest five of the last ten years) for each year of service. Members are eligible for disability retirement if they have ten years of credible service, are currently in service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

are calculated and paid to the beneficiary based on the member's age, service credit, employment status, and eligibility for retirement.

**(c) Contributions**

Covered members of the TRS contributed 5% of earnable compensation to the TRS as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, covered members of the TRS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered Tier 1 members of the TRS are required by statute to contribute 7.50% of earnable compensation.

Tier 2 covered members of the TRS contribute 6.2% of earnable compensation to the TRS as required by statute.

Participating employers' contractually required contribution rates are 12.59% of annual pay for Tier 1 members and 11.44% of annual pay for Tier 2 members. These required contribution rates are a percentage of annual payroll, actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the University were \$21,345,000 for the year ended September 30, 2023.

**(d) Pension Liabilities, Pension Expenses, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions**

At September 30, 2023, the University reported a liability of \$375,894,000 for its proportionate share of the collective net pension liability. At September 30, 2023, the collective net pension liability was measured as of September 30, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2021. The University's proportion of the collective net pension liability is based on the employer's shares of contributions to the pension plan relative to the total employer contributions of all participating TRS employers. At the measurement date of September 30, 2022, the University's proportion of contributions to the pension plan was 2.418758%, which was a decrease of 0.103213% from its proportion measured as of September 30, 2021 of 2.521971%.

For the year ended September 30, 2023, the University recognized pension expense of approximately \$33,657,000, which is included in salaries and benefits on the statement of revenues, expenses, and changes in net position.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

At September, 30, 2023, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

	<b>Deferred outflows of resources</b>	<b>Deferred inflows of resources</b>
Differences between expected and actual experience	\$ 8,263	9,122
Changes of assumptions	17,057	—
Net difference between projected and actual earnings on pension plan investments	75,430	—
Changes in proportion and differences between employer contributions and proportionate share of contributions	—	20,108
Employer contributions subsequent to measurement date	21,345	—
	\$ 122,095	29,230

At September 30, 2023, approximately \$21,345,000 reported as deferred outflows of resources related to pensions resulting from University contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands):

Year ending September 30:	
2024	\$ 16,985
2025	14,957
2026	11,588
2027	27,990
	\$ 71,520

**(e) Actuarial Assumptions**

The total pension liability as of September 30, 2023 was determined by an actuarial valuation as of September 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 %
Investment rate of return*	7.45 %
Projected salary increases	3.25–5.00%

\* Net of pension plan investment expense

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

The actuarial assumptions used in the September 30, 2021 valuation were based on the results of an actuarial experience study for the period from October 1, 2015 through September 30, 2020. Mortality rates for TRS were based on the Pub-2010 Teacher Below Median tables adjusted for males (108% ages < 63, 96% ages > 67; phasing down 63–67) and for females (112% ages < 69, 98% > age 74, phasing down 69–74), projected generationally using scale MP-2020 adjusted by 66-2/3% beginning with year 2019.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

	<b>Target allocation</b>	<b>Long-term expected rate of return*</b>
Fixed income	15.0 %	2.8 %
U.S. large stocks	32.0	8.0
U.S. mid stocks	9.0	10.0
U.S. small stocks	4.0	11.0
International developed market stocks	12.0	9.5
International emerging market stocks	3.0	11.0
Alternatives	10.0	9.0
Real estate	10.0	6.5
Cash equivalents	5.0	2.5
	<u>100.0 %</u>	

\* Includes assumed rate of inflation of 2.00%

**(f) Discount Rate**

The discount rate used to measure the total pension liability as of September 30, 2023 was 7.45%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**(g) Sensitivity of the University's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The following table presents the University's proportionate share of the net pension liability calculated using the discount rate of 7.45%, as well as what the University's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.45%) or one percentage point higher (8.45%) than the current rate (in thousands):

	September 30, 2023		
	1% Decrease (6.45)%	Current rate (7.45)%	1% Increase (8.45)%
University's proportionate share of collective net pension liability	\$ 486,391	375,894	282,821

**(h) Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued RSA Annual Comprehensive Financial Report for the fiscal year ended September 30, 2022 as well as prior-year reports. The supporting actuarial information is included in the GASB Statement No. 68 Report for the TRS prepared as of September 30, 2022. The auditors' report dated January 17, 2023 on the total pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense for the sum of all participating entities as of September 30, 2022 along with supporting schedules is also available. The additional financial and actuarial information is available at [www.rsa-al.gov](http://www.rsa-al.gov).

**(13) Other Employee Benefits**

**(a) Other Pension Plans**

Certain employees of the University also participate in a defined-contribution pension plan. The defined-contribution pension plan covers certain academic and administrative employees, and participation by eligible employees is optional. The plan is administered by the University and the plan assets are held in annuity contracts and custodial accounts. The annuity contracts are with, and the custodial account assets are invested through investment options offered by, Teachers Insurance and Annuity Association – College Retirement Equities Fund (TIAA-CREF). Under this plan, contributions by eligible employees are matched equally by the University up to a maximum of 3% of current annual pay. The University contributed \$351,000 in 2023, representing 156 employees participating in this plan.

All employees of HCM working at least half-time are eligible to participate in a defined-contribution pension plan. The plan is administered by HCM and the plan assets are held in annuity contracts and custodial accounts. The annuity contracts are with, and the custodial account assets are invested through investment options offered by, TIAA-CREF and VALIC. Under this plan, contributions by eligible employees are matched equally by HCM up to a maximum of 5% of current annual pay. HCM

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

contributed \$9,402,000 in 2023, representing 2,909 employees, participating in this plan. University employees as of September 30, 2010, who later transfer to HCM, are immediately vested in the plan.

All other employees do not vest until they have held employment with HCM for 36 months; at which time, they become 100% vested in the plan.

Effective April 1, 2022, HCM adopted a deferred compensation retirement plan. All nonstudent employees are eligible to defer receipt of a portion of their salary until a later date. The plan is administered by HCM and the plan assets are held in annuity contracts and custodial accounts. The annuity contracts are with, and the custodial account assets are invested through investment options offered by, TIAA-CREF. Under this plan, contributions by eligible employees are not matched by HCM. During the year ended September 30, 2023, 131 employees participated in this plan. All eligible employees are fully vested in their accounts under this plan immediately upon contributing.

**(b) *Compensated Absences***

Regular University employees accumulate vacation and sick leave and hospital and clinical employees accumulate paid time off. These are subject to maximum limitations, at varying rates depending upon their employee classification and length of service. Upon separation of employment, employees who were hired before January 1, 2012 are paid all unused accrued vacation at their regular rate of pay up to a maximum of two times their annual accumulation rate. Employees hired after January 1, 2012 are not eligible for payment of unused accrued vacation or PTO hours upon separation of employment. The accompanying statement of net position include accruals for vacation pay and paid time off of approximately \$11,194,000 at September 30, 2023. The accrual is included in other long-term liabilities (and current portion thereof) in the accompanying financial statements. No accrual is recognized for sick leave benefits since no terminal cash benefit is available to employees for accumulated sick leave.

**(14) Other Postemployment Benefit Plans**

Retirees of the University are covered by the Public Education Employees Health Insurance Plan (PEEHIP), which is a cost-sharing, multiple-employer defined-benefit OPEB plan administered by the TRS.

**(a) *Plan Description***

The Alabama Retiree Health Care Funding Act of 2007 authorized and directed the Public Education Employees Health Insurance Board (Board) to create an irrevocable trust to fund postemployment healthcare benefits to retirees participating in PEEHIP. Active and retiree health insurance benefits are paid through the PEEHIP. The PEEHIP was established in 1983 pursuant to the provisions of the Code of Alabama 1975, Title 16, Chapter 25A to provide a uniform plan of health insurance for active and retired employees of state and local educational institutions and to fund benefits related to the plan. The responsibility for the general administration and operation of the PEEHIP is vested in its Board, which consists of 15 trustees. Title 16-Chapter 25 of the Code of Alabama grants the authority to establish and amend the benefit terms to the PEEHIP Board. GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, requires the reporting of the participating employers' share of net OPEB liability and the OPEB expense in the financial statements as well as enhanced financial statements note disclosures.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**(b) Benefits Provided**

PEEHIP offers a basic hospital medical plan to active members and non-Medicare eligible retirees. Active employees and non-Medicare eligible retirees who do not have Medicare eligible dependents can enroll in a health maintenance organization (HMO). In addition to or in lieu of the basic hospital medical plan or HMO, the PEEHIP offers four optional plans: Hospital Indemnity, Cancer, Dental, and Vision. Also, PEEHIP members (only active and non-Medicare eligible) may elect the Supplemental Plan as their hospital medical coverage instead of the PEEHIP Hospital Medical Plan. This Supplemental Plan provides secondary benefits to the member's primary plan provided by another employer.

Effective January 1, 2020, Medicare eligible members and Medicare eligible dependents covered on a retiree contract were enrolled in the Humana Group Medicare Advantage plan for PEEHIP retirees. Effective January 1, 2023, United Health Care (UHC) Group replaced the Humana contract. The Medicare Advantage Prescription Drug Plan (MAPDP) is fully insured by UHC, and members are able to have all of their Medicare Part A, Part B, and Part D (prescription drug coverage) in one convenient plan. With the UHC plan for PEEHIP, retirees can continue to see their same providers with no interruption and see any doctor who accepts Medicare on a national basis. Retirees have the same benefits in and out-of-network, and there is no additional retiree cost share if a retiree uses an out-of-network provider and no balance billing from the provider.

**(c) Contributions**

The employer contribution to the health insurance premium is set forth by the Board annually.

Total employer contributions to the OPEB plan from the University were \$6,382,000 for the year ended September 30, 2023.

**(d) OPEB Liabilities, OPEB Expenses, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB**

At September 30, 2023, the University reported a liability of \$53,421,000 for its proportionate share of the net OPEB liability. At September 30, 2023, the net OPEB liability was measured as of September 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of September 30, 2021. The University's proportion of the net OPEB liability was based on a projection of the University's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At the measurement date of September 30, 2022, the University's proportion of contributions to the OPEB plan was 3.065860%, which was a decrease of 0.90909% from its proportion measured as of September 30, 2021 of 3.974950%.

For the year ended September 30, 2023, the University recognized negative OPEB expense of approximately \$25,190,000, which is included in salaries and benefits on the statement of revenues, expenses, and changes in net position.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

At September 30, 2023, the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (in thousands):

	<b>Deferred outflows of resources</b>	<b>Deferred inflows of resources</b>
Differences between expected and actual experience	\$ 2,450	108,013
Changes of assumptions	43,332	77,758
Net difference between projected and actual earnings on OPEB plan investments	6,718	—
Changes in proportion and differences between employer contributions and proportionate share of contributions	56,285	74,908
Employer contributions subsequent to the measurement date	6,382	—
	\$ 115,167	260,679

At September 30, 2023, approximately \$6,382,000 reported as deferred outflows of resources related to OPEB resulting from University contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending September 30, 2024.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB income (expense) as follows (in thousands):

Year ending September 30:	
2024	\$ (35,828)
2025	(35,176)
2026	(10,386)
2027	(16,525)
2028	(32,491)
Thereafter	(21,488)
	\$ (151,894)

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**(e) Actuarial Assumptions**

The total OPEB liability as of September 30, 2023 was determined by an actuarial valuation performed as of September 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 %
Projected salary increases*	3.25-5.00 %
Long-term investment rate of return**	7.00 %
Municipal bond index rate at the measurement date	4.40 %
Municipal bond index rate at prior measurement date	2.29 %
Projected year for fiduciary net position to be depleted	N/A
Single equivalent interest rate at the measurement date	7.00 %
Single equivalent interest rate at prior measurement date	3.97 %
Healthcare cost trend rate	
Pre-Medicare eligible	6.50 %
Medicare eligible	***
Ultimate trend rate	
Pre-Medicare eligible	4.50 %
Medicare eligible	4.50 %
Year of ultimate trend rate	
Pre-Medicare eligible	2031
Medicare eligible	2027

\* Includes 2.75% wage inflation

\*\* Compounded annually, net of investment expense, and includes inflation

\*\*\* Initial Medicare claims are set based on scheduled increases through plan year 2025.

Mortality rates were based on the Pub-2010 Teacher Below Median tables adjusted for males (108% ages < 63, 96% ages > 67; phasing down 63–67) and for females (112% ages < 69, 98% > age 74, phasing down 69–74), projected generationally using scale MP-2020 adjusted by 66–2/3% beginning with year 2019.

The decremental assumptions used in the valuation were selected based on the actuarial experience study prepared as of September 30, 2020, submitted to and adopted by the TRS on September 13, 2021. The remaining actuarial assumptions (e.g., initial per capita costs, healthcare cost trends, rate of plan participation, rates of plan election, etc.) of the total OPEB liability were based on the September 30, 2021 valuation.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

The target asset allocation and best estimates of expected geometric real rates of return for each major asset class are summarized in the following table:

	<b>Target allocation</b>	<b>Long-term expected real rate of return*</b>
Fixed income	30 %	4.40 %
U.S. large stocks	38	8.00
U.S. mid stocks	8	10.00
U.S. small stocks	4	11.00
International developed market stocks	15	9.50
Cash	5	1.50
	100 %	

\* Geometric mean, includes 2.50% inflation

**(f) Discount Rate**

The discount rate used to measure the total OPEB liability at September 30, 2023 was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan contributions will be made at the current contribution rates. Each year, the State specifies the monthly employer rate that participating employers must contribute for each active employee. 15.257% of the employer contributions were used to assist in funding retiree benefit payments in 2022. It is assumed that the 15.257% will increase at the same rate as expected benefit payments for the closed group until reaching an employer rate of 20.000%, at which point this amount will increase by \$800 with inflation at 2.5% starting in 2027. The long-term expected rate of return on OPEB plan investments will be determined based on the allocation by the asset class and by the mean and variance of real returns. The discount rate determination will use a municipal bond rate to the extent the trust is projected to run out of money before all benefits are paid. Therefore, the projected future benefit payments for all current plan members were projected through 2120.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**(g) Sensitivity of the University's Proportionate Share of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates and Discount Rates**

The following table presents the University's proportionate share of the net OPEB liability calculated using the healthcare cost trend rate of 4.50%, as well as what the net OPEB liability would be if calculated using one percentage point lower 3.50% or one percentage point higher 5.50% than the current rate (in thousands):

	<b>September 30, 2023</b>		
	<b>1% Decrease (3.50)%</b>	<b>Current rate (4.50)%</b>	<b>1% Increase (5.50)%</b>
University's proportionate share of collective net OPEB liability	\$ 40,509	53,421	69,256

The following table presents the University's proportionate share of the net OPEB liability calculated using the discount rate of 7.00%, as well as what the net OPEB liability would be if calculated using one percentage point lower 6.00% or one percentage point higher 8.00% than the current rate (in thousands):

	<b>September 30, 2023</b>		
	<b>1% Decrease (6.00)%</b>	<b>Current rate (7.00)%</b>	<b>1% Increase (8.00)%</b>
University's proportionate share of collective net OPEB liability	\$ 66,047	53,421	42,822

**(h) OPEB Plan Fiduciary Net Position**

Detailed information about the OPEB plan's fiduciary net position is available in the Alabama Retired Education Employees' Health Care Trust's financial statements for the fiscal year ended September 30, 2022. The supporting actuarial information is included in the GASB Statement No. 74 Report for PEEHIP prepared as of September 30, 2022. Additional financial and actuarial information is available at [www.rsa-al.gov](http://www.rsa-al.gov).

**(15) Risk Management**

The University, HCM, SAMSF, and HCA participate in the PLTF; and the University, HCM, SAMSF, the Corporation, and HCA participate in the GLTF. An independent trustee administers both funds. These trust funds are revocable and use contributions by the University and HCA, together with earnings thereon, to pay liabilities arising from the performance of its employees, trustees, and other individuals acting on behalf of the University. Any risk related to the payment of claims is the responsibility of the PLTF and GLTF. If the trust funds are ever terminated, appropriate provision for payment of related claims will be made and any remaining balance may be distributed to the participating entities in proportion to contributions made.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2023

As discussed in note 1, the PLTF and GLTF are blended component units of the University and, as such, are included in the financial statements of the University for the year ended September 30, 2023. Claims and expenses are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Those losses include an estimate of claims that have been incurred but not reported and the future costs of handling claims. These liabilities are generally based on actuarial valuations and are reported at their present value.

The University, HCM, and HCA each participate in a separate self-insured health plan administered by unaffiliated entities. Administrative fees paid by the University for such services were approximately \$3,003,000 in 2023. Contributions by the University and its employees, together with earnings thereon, are used to pay liabilities arising from healthcare claims. It is the opinion of University administration that plan assets are sufficient to meet future plan obligations.

The changes in the total self-insurance liabilities for the year ended September 30, 2023 for the PLTF, GLTF, and health plan are summarized as follows (in thousands):

Balance, beginning of year	\$	50,015
Liabilities incurred and other additions		83,243
Claims, administrative fees paid, and other reductions		<u>(87,072)</u>
Balance, end of year	\$	<u><u>46,186</u></u>

These amounts are included in other long-term liabilities and in accounts payable and accrued liabilities in the accompanying statement of net position.

**(16) Other Related Parties and Related-Party Transactions**

During the year ended September 30, 2023, the University had certain related-party transactions with affiliates as described below.

South Alabama Medical Science Foundation (SAMSF) is a not-for-profit corporation that exists for the purpose of promoting education and research at the University. For the year ended September 30, 2023, SAMSF had total assets of \$11,282,000, net assets of \$11,232,000, and total revenues of \$1,487,000. During fiscal year 2023, SAMSF made contributions in the amount of \$267,000 to support clinical trials and research at the University. In addition, SAMSF also donated \$26,000 in research equipment. Contributions from SAMSF are presented as private grants and contract revenues on the statement of revenues, expenses, and changes in net position for the University.

Jaguar Athletic Fund (JAF) is a not-for-profit corporation that was organized for the purpose of providing support for the athletic programs and student-athletes at the University. For the year ended September 30, 2023, JAF had total assets of \$1,185,000, net assets of \$1,179,000, and total revenues of \$2,799,000. During fiscal year 2023, JAF made contributions to the University for the support of athletic programs and student-athletes in the amount of \$2,400,000. These contributions are presented as other nonoperating revenues on the statement of revenues, expenses, and changes in net position for the University.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2023

Gulf Coast TotalCare (Gulf Coast) is an Alabama not-for-profit corporation created for the purpose of operating a community-led network to coordinate the healthcare of Medicaid patients in Southwest Alabama. For the year ended September 30, 2023, Gulf Coast had total assets of \$1,100,000, net assets of \$596,000, and total revenues of \$9,304,000. During fiscal year 2023, HCM (a blended component unit of the University) charged Gulf Coast a management fee of \$1,048,000 to cover management and administrative expenses for Gulf Coast operations. In addition, HCM transferred \$650,000 to Gulf Coast due to increased expenses related to COVID-19. The management fee and transfer are presented as other operating revenue and supplies and services, respectively, on the statement of revenues, expenses, and changes in net position for the University.

The University of South Alabama Foundation for Research and Commercialization (FRAC) is an Alabama non-for-profit corporation created for the purpose of promoting and advancing the University's educational, research, and service missions. For the year ended September 30, 2023, FRAC had total assets of \$45,000, net assets of \$45,000, and total revenues of \$8,000. FRAC has royalty sharing agreements in place with the University and inventors in which each party receives a designated percentage of licensing income generated from intellectual property. For fiscal year 2023, FRAC distributed \$11,000 to the University and \$1,000 to inventors under royalty sharing agreements.

USA Presidential 1963 Fund is an Alabama not-for-profit corporation created for promoting charitable, scientific, literary, or educational initiatives that benefit and support of the University. This not-for-profit corporation had no financial activity for the year ended September 30, 2023.

**(17) Commitments and Contingencies**

**(a) Grants and Contracts**

At September 30, 2023, the University had been awarded approximately \$153,569,000 in grants and contracts for which resources had not been received and for which reimbursable expenditures had not been made for the purposes specified. These awards, which represent commitments of sponsors to provide funds for research or training projects, have not been reflected in the accompanying basic financial statements, as the eligibility requirements of the awards have not been met. Advances, if any, are included in unrecognized revenues and include amounts received from grant and contract sponsors that have not been expended under the terms of the agreements and, therefore, have not yet been included in revenues in the accompanying basic financial statements. Federal awards are subject to audit by federal agencies. The University's management believes any potential adjustment from such audits will not be material.

**(b) Litigation**

Various claims have been filed against the University alleging discriminatory employment practices and other matters. University administration and legal counsel are of the opinion the resolution of these matters will not have a material effect on the financial position or the statement of revenues, expenses, and changes in net position of the University.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

**(c) Rent Supplement Agreements**

The University has entered into two irrevocable rent supplement agreements with the Corporation and a financial institution. The agreements require that, in the event the Corporation fails to maintain a debt service coverage ratio of one to one with respect to all of its outstanding indebtedness, the University will pay to the Corporation any and all rent amounts necessary to cause the Corporation's net operating income to be equal to the Corporation's annual debt service obligations (see note 6). As of September 30, 2023, no amounts were payable pursuant to these agreements.

**(d) USA Research and Technology Corporation Leases**

The University has commitments under lease receivables with the Corporation. Space under lease to the University was 78,123 square feet at September 30, 2023. See note 9 for additional details.

**(18) Functional Expense Information**

Operating expenses by functional classification for the year ended September 30, 2023 are as follows (in thousands).

Instruction	\$	120,779
Research		36,305
Public service		12,823
Academic support		28,956
Student services		44,326

Operating revenues	\$	402,499
Operating expenses		(407,196)
Operating loss		(4,697)
Nonoperating revenues		5,287
Nonoperating expenses		—
Change in net position	\$	590

**(20) Recently Issued Accounting Pronouncements**

In April 2022, the GASB issued Statement No. 99, *Omnibus 2022*. The objectives of the statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB statements and accounting and financial reporting for financial guarantees. The statement extends the use of LIBOR for accounting for Supplemental Nutrition Assistance Program (SNAP) distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement No. 34, as amended, and terminology updates related to Statement Nos. 53 and 63 were effective upon issuance. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement No. 53 are effective for fiscal years beginning after June 15, 2023.

In June 2022, the GASB issued Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*. The statement, effective for periods beginning after June 15, 2023, requires changes in accounting principles and error corrections be reported retroactively by restating prior periods, changes to or within the financial reporting entity to be reported by adjusting beginning balances of the current period, and changes in accounting estimates be reported prospectively by recognizing the change in the current period.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Basic Financial Statements  
September 30, 2023

In June 2022, the GASB issued Statement No. 101, *Compensated Absences*, which is effective for fiscal years beginning after December 15, 2023. The objective of this statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences.

The effect of the implementation of GASB Statement Nos. 99, 100, and 101 on the University has not yet been determined.

**(21) COVID-19 Pandemic**

COVID-19, a respiratory disease caused by a novel strain of the coronavirus, has spread around the world, including the State of Alabama. The Centers for Disease Control confirmed the spread of the disease to the United States in February 2020 and the World Health Organization declared the COVID-19 outbreak a pandemic in March 2020.

The CARES Act was signed into law on March 27, 2020 and was designed to provide economic relief to Higher Education Institutions and other entities for a number of situations including the provision of direct financial support for students in need, reimbursement for the costs incurred as a result of moving instruction online, to provide relief funds for healthcare providers for purposes of covering costs incurred and lost revenues due to the pandemic. Through September 30, 2023, the University (including USA Health) has been awarded \$105,456,000 in CARES Act, and other funding from federal and state sources for COVID-19 relief. Of this amount, \$6,202,000 was awarded during the year ended September 30, 2023. Of the total amounts awarded, \$12,703,000 has been recognized as nonoperating revenue in the statement of revenues, expenses, and changes in net position for the year ended September 30, 2023.

**(22) Subsequent Event**

On October 1, 2023, HCA acquired Ascension Providence, which included a hospital and multiple facilities, for \$89,590,000. The University funded this acquisition with the cash proceeds from the University Facilities Revenue Bond (Draw-Down Loan), Series 2023-A, the Taxable University Facilities Revenue Bond (Draw-Down Loan), Series 2023-B, and internal contributions. In exchange for the University funding the acquisition, the University acquired ownership of the assets. The University entered into an agreement with HCA to operate and manage the Facilities under USA Health. The acquisition of Providence Hospital expands operations along the Gulf Coast region and is expected to have a significant impact on the financial position and results of operations for both the University and HCA during fiscal year 2024 and beyond.

**UNIVERSITY OF SOUTH ALABAMA**

(A Component Unit of the State of Alabama)

Notes to Required Supplementary Schedules (Unaudited)

September 30, 2023

**(1) Summary of Cost-Sharing Pension Plan Provisions and Assumptions**

Employees of the University of South Alabama are covered by a cost-sharing, multiple-employer defined-benefit pension plan administered by the Teachers Retirement System (TRS) of the State of Alabama.

**(a) Actuarial Assumptions**

The total pension liability as of September 30, 2023 was determined by an actuarial valuation as of September 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 %
Investment rate of return*	7.45 %
Projected salary increases	3.25–5.00 %

\* Net of pension plan investment expense

The actuarial assumptions used in the September 30, 2021 valuation were based on the results of an actuarial experience study for the period from October 1, 2015 through September 30, 2020. Mortality rates for TRS were based on the Pub-2010 Teacher Below Median tables adjusted for males (108% ages < 63, 96% ages > 67; phasing down 63–67) and for females (112% ages < 69, 98% > age 74, phasing down 69–74), projected generationally using scale MP-2020 adjusted by 66 2/3% beginning with year 2019.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

**(b) Discount Rate**

The discount rate used to measure the total pension liability as of September 30, 2023 was 7.45%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**UNIVERSITY OF SOUTH ALABAMA**

(A Component Unit of the State of Alabama)

Notes to Required Supplementary Schedules (Unaudited)

September 30, 2023

**(c) Method and Assumptions Used in Calculations of Actuarially Determined Contributions**

The assumptions and methods used in the valuation are based on the results of the Experience Investigation for the five-year period ended September 30, 2020, dated July 12, 2021, and adopted by the Teachers' Retirement System Board of Control on September 13, 2021. The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial cost method	Entry age
Amortization method	Level percentage of payroll, closed
Remaining amortization period	27 years
Asset valuation method	Market value of assets
Inflation	2.50%
Salary increase	3.25% to 5.00%, including inflation
Investment rate of return	7.75%, net of pension plan investment expense, including inflation

**(2) Summary of OPEB Plan Provisions and Assumptions**

Retirees of the University of South Alabama are covered by the Public Education Employees Health Insurance Plan (PEEHIP), which is a cost-sharing, multiple-employer defined-benefit OPEB plan administered by the Teachers Retirement System (TRS) of the State of Alabama.

**(a) Changes in Actuarial Assumptions**

In 2021, rates of withdrawal, retirement, disability, and mortality were adjusted to reflect actual experience more closely. In 2021, economic assumptions and the assumed rates of salary increases were adjusted to reflect actual and anticipated experience more closely.

In 2019, the anticipated rates of participation, spouse coverage, and tobacco use were adjusted to reflect actual experience more closely.

**(b) Recent Plan Changes**

Beginning in plan year 2021, the Medicaid Advantage Prescription Drug plan premium rates exclude the ACA Health Insurer Fee, which was repealed on December 20, 2019.

Effective January 1, 2017, Medicare eligible medical and prescription drug benefits are provided through the Medicare Advantage Prescription Drug plan.

The Health Plan is changed each year to reflect the ACA maximum annual out-of-pocket amounts.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Required Supplementary Schedules (Unaudited)  
September 30, 2023

**(c) Method and Assumptions Used in Calculations of Actuarially Determined Contributions**

The actuarially determined contribution rates in the schedule of employer contributions are calculated as of September 30, three years prior to the end of the fiscal year in which contributions are reported. Therefore, the actuarially determined employer contribution for fiscal year ended September 30, 2023 is determined based on the actuarial valuation as of September 30, 2019. The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial cost method	Entry age normal
Amortization method	Level percent of pay, closed
Remaining amortization period	22 years
Asset valuation method	Market value of assets
Inflation	2.75%
Healthcare cost trend rate:	
Pre-Medicare eligible	6.75%
Medicare eligible	**
Ultimate trend rate:	
Pre-Medicare eligible	4.75%
Medicare eligible	4.75%
Year of ultimate trend rate	2027 for Pre-Medicare eligible 2024 for Medicare eligible
Investment rate of return	5.00%, including inflation
Optional plans trend rate	2.00%

\*\*Initial Medicare claims are set based on scheduled increase through plan year 2022.

**Independent Auditors' Report on Internal Control Over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance With *Government Auditing Standards***

The Board of Trustees  
University of South Alabama:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, and the aggregate discretely presented component units of University of South Alabama (the University), a component unit of the State of Alabama, as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated December 20, 2023.

Our report includes a reference to other auditors who audited the financial statements of University of South Alabama Foundation, as described in our report on the University's financial statements. The financial statements of University of South Alabama Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with University of South Alabama Foundation or that are reported on separately by those auditors who audited the financial statements of University of South Alabama Foundation.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

See accompanying independent auditors' report.

**UNIVERSITY OF SOUTH ALABAMA**

(A Component Unit of the State of Alabama)

Notes to Schedule of Expenditures of Federal Awards

September 30, 2023

**(1) Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the University of South Alabama (the University) and is presented on the accrual basis of accounting. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

**(2) Campus-Based Loan Programs**

Outstanding campus-based federal loans made by the University are included in notes receivable in the University's 2023 statement of net position and consist of the following loan programs:

	<u>ALN</u>	<u>Outstanding amounts at September 30, 2023</u>	<u>Amounts advanced in 2023</u>
Federal Perkins Loan Program	84.038	\$ 566,207	—
Nurse Faculty Loan Program	93.264	984,630	133,034
Nurse Faculty Loan Program ARRA	93.408	2,658	—
		<u>\$ 1,553,495</u>	<u>133,034</u>

For the Federal Perkins Loan Program (FPLP) the Schedule includes the beginning of the year balance of loans outstanding under the FPLP and current year FPLP loan advances to students totaling \$717,637 and \$0, respectively. No administrative cost allowance was claimed related to the FPLP during 2023.

**(3) Contingencies**

The University's federal programs are subject to financial and compliance audits by grantor agencies which may result in disallowed expenditures and affect the University's continued participation in specific programs.

**(4) Federal Direct Student Loans Program (ALN 84.268)**

The University's Federal Direct Student Loan Program (Direct Loan) included in the Schedule represents loans advanced to students of the University during 2023, which were not originated by the University. Accordingly, Direct Loan amounts are not reflected in the University's basic financial statements. It is not practicable to determine the balance of loans outstanding to students and former students of the University under these programs as of September 30, 2023.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Notes to Schedule of Expenditures of Federal Awards  
September 30, 2023

During the year ended September 30, 2023, the University advanced to students the following amounts of new loans under Direct Loan programs:

		<b>Amounts advanced</b>
Stafford loans	\$	13,810,970
Unsubsidized stafford loans		64,459,687
Parent loans for students		<u>34,243,860</u>
Total	\$	<u><u>112,514,517</u></u>

**(5) Matching**

Under the Federal Supplemental Education Opportunity Grant Program, the University matched \$180,040 in funds awarded to students for the year ended September 30, 2023 in addition to the Federal share of expenditures included in the Schedule.

**(6) Indirect Cost Rate**

For the year ended September 30, 2023, the University did not elect to use the 10% De Minimus Indirect Cost Rate permitted by Uniform Guidance, as a negotiated indirect cost rate existed on all grants where indirect costs are applicable.

**(7) Provider Relief Fund and American Rescue Plan Rural Distribution (ALN 93.498)**

As required by the granting agency, the Provider Relief Fund and American Rescue Plan Rural Distribution (PRF) amounts presented in the Schedule represent lost revenues and expenses as reported to the U.S. Department of Health and Human Services for the PRF Portal Reporting time periods of January 1, 2023 to March 31, 2023 and July 1, 2023 to September 30, 2023.

**Independent Auditors' Report on Compliance for Each Major Federal Program;  
Report on Internal Control over Compliance; and Report on Schedule of Expenditures of  
Federal Awards Required by the Uniform Guidance**

The Board of Trustees  
University of South Alabama:

**Report on Compliance for Each Major Federal Program**

*Opinion on Each Major Federal Program*

We have audited the University of South Alabama (the University)'s compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended September 30, 2023. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2023.

*Basis for Opinion on Each Major Federal Program*

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

*Responsibilities of Management for Compliance*

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the University's federal programs.

*Auditors' Responsibilities for the Audit of Compliance*

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS,

*Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### *Other Matters*

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2023-001 and 2023-002. Our opinion on each major federal program is not modified with respect to these matters.

*Government Auditing Standards* require the auditor to perform limited procedures on the University's responses to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The University is also responsible for preparing a corrective action plan to address each audit finding included in our auditors' report. The University's responses and corrective action plan were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response or the corrective action plan.

#### **Report on Internal Control Over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned

functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2023-001 and 2023-002 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on the University's responses to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The University is also responsible for preparing a corrective action plan to address each audit finding included in our auditors' report. The University's responses and corrective action plan were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses or the corrective action plan.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the University as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the University's basic financial statements. We issued our report thereon dated December 20, 2023, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**KPMG LLP**

Jackson, Mississippi  
December 20, 2023

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Schedule of Findings and Questioned Costs  
Year ended September 30, 2023

**(1) Summary of Auditors' Results**

- (a) Type of report issued on whether the financial statements were prepared in accordance with U.S. generally accepted accounting principles: **Unmodified**
- (b) Internal control deficiencies over financial reporting disclosed by the audit of the financial statements:
  - Material weaknesses: **No**
  - Significant deficiencies: **None reported**
- (c) Noncompliance material to the financial statements: **No**
- (d) Internal control deficiencies over major programs disclosed by the audit:
  - Material weaknesses: **No**
  - Significant deficiencies: **Yes, findings 2023-001 and 2023-002**
- (e) Type of report issued on compliance for major programs: **Unmodified**
- (f) Audit findings that are required to be reported in accordance with 2 CFR 200.516(a): **Yes**
- (g) Major programs:
  - Student Financial Aid Cluster – various ALNs
  - COVID-19 – Education Stabilization Fund – ALN 84.425D, 84.425F, and 84.425M
  - COVID-19 – Provider Relief Fund and American Rescue Plan (ARP) Rural Distribution – ALN 93.498
- (h) Dollar threshold used to distinguish between Type A and Type B programs: **\$1,796,689**
- (i) Auditee qualified as a low-risk auditee: **Yes**

**(2) Findings Related to Financial Statements Reported in Accordance with *Government Auditing Standards***

None

**(3) Findings and Questioned Costs relating to Federal Awards**

**Finding No: 2023-001 Activities Allowed or Unallowed/Allowable Costs**

**Federal Agency:**

U.S. Department of Health and Human Services

**Assistance Listing Number:**

93.498

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Schedule of Findings and Questioned Costs  
Year ended September 30, 2023

**Program:**

COVID -19 Provider Relief Fund and American Rescue Plan (ARP) Rural Distribution

**Award Year:**

January 1, 2020 through December 31, 2022

**(a) Criteria or Requirement**

The specific requirements for activities allowed or unallowed are unique to each federal program and are found in the federal statutes, regulations, and the terms and conditions of the federal award pertaining to the program. This program allows expenditures to prevent, prepare for, and respond to coronavirus and COVID-19, domestically or internationally, for necessary expenses to reimburse, through grants or other mechanisms, eligible health care providers for health care related expenses or lost revenues that are attributable to coronavirus.

Per 2 CFR 200.303, a non-Federal entity must establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award.

**(b) Condition Found, Including Perspective**

During our test work, we selected a sample of 60 non-payroll disbursements made during the fiscal year 2023 reporting period. We noted eight instances totaling \$1,717 in which expenditures were approved for payment based on vendor invoices which included inaccurate calculations. In addition, we noted three instances of duplicate expenditures totaling \$38,971 being transferred and charged to the program. Lastly, the University was unable to provide supporting documentation and evidence of the effective operation of the management review control for one of the 60 disbursements sampled totaling \$803.

**(c) Possible Cause**

The University has a management review process to review invoices and related documentation before payments are disbursed. The University management review control that was in place did not operate effectively to prevent duplicate charges, inaccurate amounts and charges that lacked supporting documentation from being submitted for reimbursement by the federal agency.

**(d) Questioned Cost**

Duplicate expenditures totaling \$38,971 and payment of inaccurate vendor invoices totaling \$1,717.

**(e) Effect**

Federal funds were expended for duplicated or inaccurate amounts and supporting documentation and evidence of the effective operation of management review controls were not consistently maintained in accordance with Federal requirements.

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Schedule of Findings and Questioned Costs  
Year ended September 30, 2023

**(f) Statistical Validity**

The sample was not intended to be, and was not, a statistically valid sample.

**(g) Repeat Finding in the Prior Year**

This finding also occurred in the prior year listed as Finding No. 2022-001.

**(h) Recommendation**

We recommend that the University strengthen controls over the management review process to prevent duplicate and inaccurate amounts from being charged to Federal programs and to enhance the retention of supporting documentation and evidence of management review and approval.

**(i) View of Responsible Officials**

Management concurs with the finding. While appropriate controls exist relative to management review and recalculation of expenditures, opportunities exist to retrain staff and further enhance controls related to procedures for submission, review, and approval of contract labor invoices. Specific instructions to recalculate each contract employees' timesheet(s) and agree the totals to the related invoice prior to approval were distributed and outlined for department managers, accountants, and accounts payable staff.

In addition, the process for reviewing and approving grant expenditures has since been enhanced subsequent to manager turnover during the fiscal year. Specifically, employees responsible for processing grant transfer documentation will ensure documents contain management approval(s), grants and contracts accounting approval, and appropriate documentation prior to keying and uploading documentation into the general ledger. The new practice will help compensate for employee turnover as documentation of historical review will be available to successors.

**Finding No: 2023-002 Special Tests and Provisions - Enrollment Reporting**

**Federal Agency:**

U.S. Department of Education

**Assistance Listing Number:**

84.268 and 84.063

**Program:**

Federal Direct Student Loan Program and Federal Pell Grant Program

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Schedule of Findings and Questioned Costs  
Year ended September 30, 2023

**Award Year:**

July 1, 2022 through June 30, 2023

**(a) Criteria or Requirement**

Institutions are required to report enrollment information under the Federal Pell Grant Program, the Federal Direct Student Loan Program and the Federal Family Education Loan Program, via the National Student Loan Data System (NSLDS) in accordance with 34 CFR 690.83(b)(2); 34 CFR 682.610; and 34 CFR 685.309.

Per 2 CFR 200.303, a non-Federal entity must establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award.

**(b) Condition Found, Including Perspective**

During our enrollment reporting test work, we selected for testing a sample of 60 students awarded and disbursed Federal Pell Program (Pell) funds and/or Federal Direct Student Loan Program (Direct Loans) funds that had an enrollment change (i.e., dropped, withdrawn, or graduated) during fiscal year 2023. We noted one instance in which the student's status change was submitted to the National Student Clearinghouse (NSC) and was subsequently rejected by the NSC due to inconsistent data related to the student's social security number. The rejection of this student's status change was included on an NSC Reject Detail Report for Fall 2022 through Fall 2023 and was not timely resolved and resubmitted by the University. As a result, we reviewed the cumulative NSC Reject Detail Report as of September 30, 2023 and noted 66 students with 132 instances of enrollment status rejections due to inconsistent data primarily related to social security numbers that had not been timely resolved and resubmitted.

In addition, we noted one student selected for testing that was reported late to the NSLDS via the NSC due to management not maintaining a schedule to report every 60 days. As a result, we reviewed the enrollment report that included the student selected and identified an additional 60 students included on that enrollment report having an enrollment change that was reported late by the University (i.e., outside of the 60-day period).

For perspective, 10,058 students received Pell program funds and/or Direct Loan program funds during the 2022-2023 academic year.

**(c) Possible Cause**

The University's Registrar Office has a review process in place to review the NSC Reject Detail Report following the submission and processing of enrollment files to the NSC's website. However, the University does not reach out to the student to obtain verification or additional information to correct NSC rejections identified in the report that are related to social security number errors (i.e., NSC error code 290).

**UNIVERSITY OF SOUTH ALABAMA**  
(A Component Unit of the State of Alabama)  
Schedule of Findings and Questioned Costs  
Year ended September 30, 2023

The University's Registrar Office also has a process in place to maintain a transmission schedule on the NSC secure site. The schedule is set to report student enrollment status changes approximately 4 times each semester: 1) early registration is sent approximately one week before the start of the term; 2) first of term report is sent the day after Student Accounting cancels classes; 3) mid-term report is sent 45-60 days after the first of term submission; and 4) end of term transmission is sent within 60 days of the mid-term submission. An additional report is sent the next working day after the end of the add-back period for graduating students for degree verification, which is usually the last day before the start of the next term. As the student status change enrollment reports are not on a consistent reporting schedule to be submitted to the NSLDS via the NSC every 60 days, instances of untimely reporting of student enrollment status changes occurred.

**(d) Questioned Cost**

None reportable.

**(e) Effect**

As a result of management not resolving the student rejections on the NSC Reject Detail Report, the NSLDS was not notified of the student's enrollment status change by the NSC as required. In addition, as a result of management not maintaining a consistent enrollment reporting schedule every 60 days, untimely reporting of students' enrollment status changes to the NSLDS via the NSC occurred.

**(f) Statistical Validity**

The sample was not intended to be, and was not, a statistically valid sample.

**(g) Repeat Finding in the Prior Year**

This finding is not a repeat finding.

**(h) Recommendation**

We recommend the University design a process and implement effective controls over the management review process of the NSC Reject Detail Report to prevent untimely resolution of all enrollment status change notification rejected by the NSC.

We also recommend that the University Registrar's Office submit student status enrollment changes every 60 days based on the date the enrollment file was submitted, rather than the date the enrollment file was processed, to ensure timely reporting to the NSLDS via the NSC.

**(i) View of Responsible Officials**

Management concurs with the finding. The University Registrar will review the NSC Reject Detail Report every 45 days and will use the NSC error description resources to resolve any errors noted. In addition, the University Registrar's Office will submit student status enrollment changes every 30 days based on the date the enrollment file was submitted.
