BID SPECIFICATIONS

SALE OF POWER LIFTING PLATFORMS

USA BID NO. 2011601

The University of South Alabama seeks sealed bids for the sale of twenty-four (24) power lifting platforms in accordance with the specifications noted herein. Bids may be made on the entire twenty-four platforms or for a portion of the platforms. The platforms are approximately 2 and ½ years old. Interested bidders are welcome to view the platforms or ask questions by contacting the USA Head Strength and Conditioning Coach Mr. Justin Schwind at 251-445-9558 or schwind@usouthal.edu.

All platforms are sold as-is, and the successful bidder is responsible for the transportation of the platforms.

Twenty Four (24) Power Lifting Platforms 6' x 8' x 3"

- The manufacturer is Wilder Fitness; the platforms are from Wilder's laser double rack station.
- The University of South Alabama purchased the platforms in August, 2008.
- Three layer plywood sub floor construction allows for maximum impact without damaging platform.
- Center oak section consists of ¾" solid oak tongue and grooved flooring.
- All layers are glued and screwed together.
- ¾" solid rubber impact mats are located on both sides of the oak center.
- Steel frame is constructed of 2" x 3" square tubing unlike a channel frame which is potentially dented.
- Five coats of bona sports polyurethane provide maximum floor protection.
