

Chapter 5 terms

Anticyclone (high pressure cell)
Atmospheric pressure
Coriolis effect
Cyclone (low pressure cell)
Dynamic high
Dynamic low
Easterlies
El Niño
Hadley Cells
High
Intertropical convergence zone (ITCZ)
Jet Stream
Land breeze
Low
Monsoon
Mountain breeze
Polar easterlies
Polar front
Polar highs
Pressure gradient
Santa Ana winds
Sea breeze
Subpolar lows
Subtropical highs
Thermal high
Thermal low
Trade winds
Westerlies
