ABSTRACT

Schmidt, Nicholas J., M.S., University of South Alabama, July, 2009. Stereotype Vulnerability and Performance on the NEO PI-R Neuroticism Scale. Chair of Committee: Elise E. Labbé-Coldsmith, Ph.D.

The heading ABSTRACT, in all caps, is centered 2 inches from the top of the page; the first paragraph begins on the 4th line below the heading and is single spaced. It must contain: Your name (must match signature page, title page and bio sketch). Last name first as it is in above example, abbreviation of degree, the name of the institution granting the degree, the date (last month of semester in which you complete your degree), title of document (title must match signature and title page exactly) and the name of your committee chair.

Follow the first paragraph with a double-spaced statement of the problem, a brief exposition of the research, and a condensed summary of the findings. A thesis abstract must only be one page in length. A dissertation abstract may be two pages in length. See abstract in sample thesis.
