Office Hours: MWF 9:30-10:20

Textbook: The textbook for this course is *Elementary Linear Algebra (8th edition)*, by Kolman and Hill (Pearson Prentice Hall 2004). We will cover much of the first seven chapters of the book.

Grading: Grades will be determined according to the following:

Homework/Quizzes — 30%
Three Midterms — 40%
Final Exam — 30%

Exams: There will be three midterm tests and a final exam. Tentative dates for the midterms are **Friday, September 24; Monday, October 25; and Monday, November 22**. The final exam is scheduled for 10:30am-12:30pm, **Monday, December 13**.

Homework/Quizzes: Homework will be assigned and collected roughly once a week. Late homework will not be accepted. The homework will be graded by a course assistant. There will be sporadic quizzes in class over the semester. These will usually (but not necessarily) be announced. Each quiz and homework assignment will be graded out of 20 points. Roughly the lowest 20% of your homework/quiz grades will be dropped at the end of the semester when determining the homework/quiz portion of your total course grade.

Attendance: Routine attendance in this class is essential and expected.

Resources: You are encouraged to come to my office hours with homework questions or for related reasons.

Student Disabilities: The University of Oklahoma is committed to providing reasonable accomodation for all students with disabilities. Students with disabilities who require accomodations in this course are requested to speak with the professor as early in the semester as possible. Students with disabilities must be registered with the Office of Disability Services prior to receiving accomodations in this course. The Office of Disability Services is located in Goddard Health Center, Suite 166, phone 405/325-3852 or TDD only 405/325-4173.

Academic Misconduct: Procedures for dealing with cases of academic misconduct have changed as of Fall 2004. Students are assumed to be familiar with the current Academic Misconduct Code, details of which may be found at
