

Math 237.101 Exam 1 Information

Exam 1 will be on **Wednesday, October 5.**

It will cover sections 1.1-1.5, 2.1-2.4, and 2.7.

No books or notes, except for one 3" by 5" note card, are allowed on the test. You may use a calculator, but there will be no problems where it is needed.

The exam will contain 10 True/False questions and a number of problems where calculations and/or explanations are required. The problems on the test will be similar to homework problems, so go over the Hw problems as needed. Also, review the definitions and properties discussed in the course.

A complete list of Hw assignments is available at the course home page
