

Physics Department - University of South Alabama
Presents Colloquium Speaker

Dr. Michael Harpen

Professor of Radiology, University of South Alabama

Thursday, March 24, 2011

4:00-5:00 P.M., ILB 250

MAGNETIC RESONANCE IMAGING

A brief overview of the basic phenomena and principles of image acquisition and reconstruction will be presented. We will also present examples of functional Brain Imaging, Magnetic Resonance Angiography (MRA), and Gadolinium Contrast Imaging.

Refreshments are served at 3:45 p.m.

Host: Dr. R. Godang
