

# Electronic Portfolios for Teachers

## Presented by Susan Lee

---

- I. What is an Electronic Portfolio?
  - a. Refer to *How to Create an Electric Portfolio Using Microsoft Word and a Macintosh 9.1 Operating System iBook Computer*
  
- II. All about Electronic portfolios
  - a. Purposes
    - i. Student portfolios
      - 1. Display student work
      - 2. Motivate learning
      - 3. Good feedback tools
  
    - ii. Teacher portfolios
      - 1. Teacher electronic portfolios are concise, annotated collections of teacher work and things they have accomplished, in and outside the classroom. What makes them very different from traditional portfolios is that they can include scanned or digital photos, video and sound clips, animations, recordings of students, text, traditional writings and drawings.
      - 2. Display classroom ideas
      - 3. Impressive on job interviews
  
  - b. Examples
