Business

**BUS 101  Prof Experience I**  
1 cr  
An introduction to career success tools including: personality and career interest inventories, steps to succeed basic resume preparation, business ethics, personal branding, university and community involvement and other career preparation activities. This course is designed for students in their first and second semester within the MCOB.  
Pre-requisite: EH 101 Minimum Grade of C or EH 102 Minimum Grade of C. EH 101 and EH 102 can be taken concurrently with this course.

**BUS 150  Intro to Business and Mgt**  
3 cr  
A survey of the field of business, including profit-seeking firms, not-for-profit organizations, and new businesses created by entrepreneurs. Emphasis on the business environment, organization and management, current economic and international issues, and career opportunities. Societal and ethical issues are also examined. Open to University of South Alabama freshmen only.  
Pre-requisite: EH 101 Minimum Grade of C or EH 102 Minimum Grade of C. EH 101 and EH 102 can be taken concurrently with this course.

**BUS 201  Professional Experience II**  
1 cr  
Continued introduction to Career success tools including: resume building activities, cover letter and references development, career for a day shadowing, speed branding, dress for success, networking, career fair tools for success, university and community involvement and other career preparation activities. Prerequisite: C or better in BUS 101, Sophomore standing.  
Pre-requisite: BUS 101 Minimum Grade of C.

**BUS 245  Business Analytics I**  
3 cr  
An introduction to data analytics in business that includes analysis to make data driven business decisions. This course utilizes statistical applications in business problems solving using descriptive statistics, probability theory, sampling distributions, methods of estimation, and tests of hypotheses. The course introduces students to basic predictive business modeling, and the communication of analytical results.  
Pre-requisite: University test - Math 75 or MyMathTest 080 or ACT Math 23 or MA 112 Minimum Grade of D or MA 113 Minimum Grade of D or MA 115 Minimum Grade of D or MA 120 Minimum Grade of D or MA 121 Minimum Grade of D or MA 125 Minimum Grade of D or MA 126 Minimum Grade of D or MA 131 Minimum Grade of D or MA 132 Minimum Grade of D or MA 171 Minimum Grade of D or MA 172 Minimum Grade of D or MA 287 Minimum Grade of D.

**BUS 255  Business Analytics II**  
3 cr  
A second course in quantitative data analytics in business decision making utilizing methods of analysis including statistical inference, predictive, modeling, forecasting, correlation and regression analysis. It further develops fundamental knowledge and skills for making data driven business decisions including the use of computer applications for problem solving. This course relies heavily on project based learning to provide students with experience of solving data based business problems.  
Pre-requisite: (BUS 245 Minimum Grade of C or BMS 245 Minimum Grade of D or BMS 250 Minimum Grade of D or ST 175 Minimum Grade of D or ST 210 Minimum Grade of D) and (University test - Math 75 or (MA 112 Minimum Grade of D or MA 171 Minimum Grade of D or MA 113 Minimum Grade of D or MA 172 Minimum Grade of D or MA 115 Minimum Grade of D or MA 121 Minimum Grade of D) or (MA 120 Minimum Grade of D or MA 287 Minimum Grade of D) or (MA 125 Minimum Grade of D or MA 132 Minimum Grade of D) or (MA 126 Minimum Grade of D or MA 233 Minimum Grade of D).

**BUS 265  Legal Environ of Business I**  
3 cr  
A study of the global legal environment in which contemporary American business functions, including a review of legal thought and ethical considerations and the foundations and impacts of governmental regulation in areas such as labor and employment, environmental concerns, consumer protection, and antitrust. Contemporary issues, domestic and international concepts and institutions, and social forces that shape the legal environment are emphasized. Requires sophomore standing

**BUS 301  Professional Experience III**  
1 cr  
Career success tools including: personal professional strategic plan development, mock interviewing, dining etiquette, personal and professional mentoring, job search, application, and acceptance, job search ethics, creating a career plan, university and community involvement and other career preparation activities. Prerequisite: C or better in BUS 201, Junior standing.  
Pre-requisite: BUS 201 Minimum Grade of C.

**BUS 302  Professional Preparation**  
3 cr  
Career success tools including personal professional strategic plan development, interviewing, personal and professional mentoring, job search, application, creating a career plan, university and community involvement, and other career preparation activities. Prerequisite: Junior transfer standing. Business students only.
BUS 305  Advanced Business Analytics  3 cr
A course in quantitative data analytics in business decision making utilizing methods of analysis including linear programming, network optimization, binary integer programming, nonlinear optimization, decision analysis, and deep learning. It further develops fundamental knowledge and skills for making data driven business decisions including the use of computer applications for problem solving. This course relies heavily on project based learning to provide students with the experience of solving data based business problems.
Pre-requisite: BUS 255 Minimum Grade of C and CIS 250 Minimum Grade of D.

BUS 440  Bus in Reg and Emerg Markets-W  3 cr
A comprehensive analysis of the issues in starting and maintaining business in emerging and developing markets, building on data and research skills acquired in foundational international business courses.
Pre-requisite: MKT 310 Minimum Grade of D and (EH 102 Minimum Grade of C or EH 105 Minimum Grade of C) and (ECO 330 Minimum Grade of D or ECO 363 Minimum Grade of D or FIN 332 Minimum Grade of D or MGT 334 Minimum Grade of D or MGT 336 Minimum Grade of D).

BUS 490  Special Topics  3 cr
Designed to provide senior students an opportunity to study selected topics of particular interest. A student may count no more than six hours of Special Topics in the concentration.
Prerequisite: Approval of Department Chair.

BUS 496  MCOB Honors Sr Project I - H  3 cr
Applied business project and paper prepared under the direction of a project advisor plus two other persons selected by the advisor in consultation with the student.
The student must have developed a proposal for the project and paper in consultation with the advisor and received permission from the committee to proceed. In addition, the student must be entering his or her senior year and be a major in the Mitchell College of Business. The project proposal must be formulated no later than the end of the first semester of the student's senior year and the project must be completed by the student's graduation date. The student must have maintained his or her standing in the university honors program to be eligible to enroll in this course. The student will formally enroll in the course in his or her last full semester in school. The course may be counted in one or two ways: 1) as an additional course not counting towards the business degree, or 2) in special cases, as a major or business elective, to be decided by the major department's faculty. Requires completion of the business core with the exception of MGT 485.
Pre-requisite: BUS 496 Minimum Grade of C.

BUS 497  MCOB Honors Sr Project II - H  3 cr
Applied business project and paper prepared under the direction of a project advisor plus two other persons selected by the advisor in consultation with the student.
The student must have developed a proposal for the project and paper in consultation with the advisor and received permission from the committee to proceed. In addition, the student must be entering his or her senior year and be a major in the Mitchell College of Business. The project proposal must be formulated no later than the end of the first semester of the student's senior year and the project must be completed by the student's graduation date. The student must have maintained his or her standing in the university honors program to be eligible to enroll in this course. The student will formally enroll in the course in his or her last full semester in school. The course may be counted in one or two ways: 1) as an additional course not counting towards the business degree, or 2) in special cases, as a major or business elective, to be decided by the major department's faculty. Requires completion of the business core with the exception of MGT 485 and approval of Associate Dean.
Pre-requisite: Mitchell Scholars 10 and BUS 305 Minimum Grade of D and MGT 300 Minimum Grade of D and FIN 315 Minimum Grade of D and MGT 300 Minimum Grade of D and MGT 305 Minimum Grade of D and MGT 310 Minimum Grade of D and MGT 325 Minimum Grade of D and MGT 330 Minimum Grade of D and MGT 335 Minimum Grade of D.

BUS 498  Mitchell Scholars Sr Project  3 cr
Applied business project and presentation prepared under the direction of the instructor in consultation with the student. This course will have irregular meetings scheduled by the instructor and will have both a classroom component and a project component. The student must have maintained his/her standing in the Mitchell Scholars program and be a senior to be eligible to enroll in this course. This class will be counted in one of three ways: 1) as a business elective, 2) as an additional course not counting towards the business degree; or 3) in special cases, as a major elective to be decided by the major department's faculty. Requires completion of the business core with the exception of MGT 485 and approval of Associate Dean.
Pre-requisite: Mitchell Scholars 10 and BUS 305 Minimum Grade of D and MGT 300 Minimum Grade of D and FIN 315 Minimum Grade of D and MGT 300 Minimum Grade of D and MGT 305 Minimum Grade of D and MGT 310 Minimum Grade of D and MGT 325 Minimum Grade of D and MGT 330 Minimum Grade of D and MGT 335 Minimum Grade of D.

BUS 555  Study Abroad  3 TO 6 cr
Examines issues in business administration in an international setting at the graduate level. Specific topics selected from the fields of accounting, economics, finance, information systems, management or marketing depending on the instructor's area of expertise. Part or all of the course will be conducted outside the United States. Prerequisite: Permission to enroll in a relevant Mitchell College of Business study abroad program.

BUS 600  Fund of Research  3 cr
This course provides students with the tools and perspective necessary to succeed in the DBA program. Readings are drawn from several sources and provide participants with a better understanding of the way to approach their work.
BUS 602  Applied Stat and Reg  3 cr
This course provides an examination of statistical concepts used for business research. Topics include: fundamentals of probability, sampling, statistical estimation, test of hypotheses, analysis of variance, chi-square analysis and regression analysis. Emphasis is placed on the use of statistical techniques for business research applications.

BUS 604  Multivariate Analysis  3 cr
The course is designed to broaden and enrich a student's knowledge and understanding of statistical methodology as it pertains to the study of multivariate techniques used in behavioral research.

BUS 606  Research Design and Methods  3 cr
This course focuses on the general concepts related to conducting academic research and the various research methods commonly used in business research, including quantitative and qualitative analysis.

BUS 608  Adv Stats & App Res  6 cr
An examination of advanced statistical concepts used for business research. This course is designed to broaden and enrich students' knowledge and understanding of statistical methodology as it pertains to advanced techniques used in behavioral research. In addition, this course provides applied research opportunities to assist in advancing the student's research requirements necessary for degree completion.

BUS 610  Struct Equation Modeling  3 cr
This course provides students with a functional understanding of path analysis theory and procedures of structural equation modeling. Students will learn to specify, estimate, and evaluate models using software packages designed for this purpose.

BUS 699  Res and Teaching Concepts  1 cr
Presentations and discussions related to teaching and research concepts.
