USA Bulletin Disclaimer

University of South Alabama
Mobile, Alabama  36688-0002
https://www.southalabama.edu

The University of South Alabama reserves the right to make changes in course offerings, curricula, academic policies, tuition and fee schedules and other rules and regulations affecting students in order to correct errors, omissions, inconsistencies or changes required by regulatory, accrediting and/or other governing bodies as necessary. Date of effectiveness and interpretation of said rules, regulations and policies are within the sole discretion of the University. These changes will apply to students who are enrolled at the time of the change, as well as those who will become enrolled in the future.

The University of South Alabama is an EO/AA employer and does not discriminate on the basis of race, color, national origin, sex, pregnancy, sexual orientation, gender identity and gender expression, religion, age, genetic information, disability, protected veteran status or any other applicable legally protected basis.

About The University

The University of South Alabama, founded in 1963, offers a superb, well-rounded educational experience with high academic standards. USA's fields of study are remarkably diverse, encompassing business, the liberal arts, education, engineering, computing, the sciences and health care.

USA enrolls approximately 15,000 students and has awarded more than 82,000 degrees in its history. The Mitchell-Moulton Scholarship Initiative, a $50-million fundraising challenge, is strengthening USA's commitment to expanding opportunities for current and future students.

A University of South Alabama education provides opportunities for students to explore and develop interests that build the foundation of lifelong career paths. With more than 50 undergraduate degree programs, there are plenty of avenues for discovery. Through graduate study in 35 master's and 13 doctoral programs, students focus on specific areas of learning and research to gain specialized skills. Academic programs are offered through 10 divisions: Pat Capps Covey College of Allied Health Professions; College of Arts and Sciences; Mitchell College of Business; School of Computing; College of Education and Professional Studies; College of Engineering; College of Medicine; College of Nursing; the Graduate School; and the Auburn University School of Pharmacy at USA.

USA's undergraduate Honors College for highly motivated and accomplished students includes course work and extracurricular activities throughout the four years of a student's undergraduate career. In the past few years, USA students have been awarded national scholarships and fellowships that include a National Merit Scholar, five Goldwater Scholarships, seven Hollings Scholarships, 29 Tau Beta Pi Scholarships (Engineering Honor Society), and 17 fellowships for graduate study from organizations such as the American Heart Association and the National Science Foundation.

The faculty at USA promote an environment in which hands-on research is widely available to undergraduate and graduate students. As problem-solvers and pioneers in developing new technologies and promoting bold ideas, USA researchers collaborate across disciplines to address global issues and uncover new fields of inquiry. The outcomes are new information and opportunities, the transformation of traditional disciplines, new global partnerships and innovations that benefit society.

In health care, USA Health serves the region with advanced and innovative care through USA Medical Center, USA Children's & Women's Hospital, USA Physicians Group and the USA Mitchell Cancer Institute.

USA’s beautiful, tree-shaded main campus spreads across 1,200 acres. The campus includes state-of-the-art educational facilities as well as a 116,000-square-foot recreation center, indoor and outdoor pools, a nature trail and even a disc golf course.

In addition to USA’s outstanding academic programs, our students enjoy a wide variety of social, cultural, entertainment and athletic activities that contribute to an outstanding college experience. The USA Jaguars men’s and women’s athletics teams compete in 17 Division I sports within the Sun Belt Conference. Intramural and club sports allow all students the opportunity to participate at a level that suits their abilities.

Students have many choices for on-campus housing, with six residential communities that are home to 32 residence halls. These co-ed communities offer standard double occupancy rooms, plus suite and apartment-style accommodations with kitchenettes. Each community has recreational and study lounge areas, multipurpose rooms and laundry facilities. The Greek housing community is made up of nine houses for specific social Greek organizations.

USA’s location in the historic city of Mobile, Alabama, and the University’s close proximity to the beaches of the Gulf Coast affords a wide variety of off-campus recreational, arts and cultural opportunities.

To learn more about USA, visit our website at www.southalabama.edu or schedule a campus visit by calling (251) 460-6141 or (800) USA-JAGS.
The University

University Of South Alabama

The University of South Alabama, the only major public institution of higher learning on the upper Gulf Coast, was created by act of the Alabama State Legislature in May, 1963. With Alabama’s two older universities more than 200 miles distant, the University is strategically located in the greater Mobile area, which has a population of more than a million within a 100-mile radius.

The Gulf Coast Region

Exploration in the Mobile River area began in 1519 when the Spanish Admiral Alonzo Alvarez de Pineda entered and charted the area now known as Mobile Bay. The old fort, now known as Fort Morgan, guarding Mobile Bay, was first fortified by the Spanish in 1559. Settled in 1711 by the French, the bay area has had a tradition rich in culture and vital in the affairs of the nation from its formative years to the present.

Trade and shipping are vital to the economy of the area. Millions of tons of shipping are handled annually through the Port of Mobile, which is rated among the top ports in the country. More than fifteen million tons of shipping are carried yearly on the Tombigbee-Black Warrior waterway system with its modern locks and dams. The intracoastal waterway, crossing the southern end of the state, is connected at Mobile Bay with both inland and ocean shipping. Railroads and airlines serve the Bay area. Diversified farming, woodland crops, and seafood and fisheries are major factors in the area's economy.

Mission Statement

The University of South Alabama, with a global reach and special focus on the Gulf Coast, strives to make a difference in the lives of those it serves through promoting discovery, health, and learning.

Vision Statement

The University of South Alabama will be a leading comprehensive public university internationally recognized for educational, research, and health care excellence as well as for its positive intellectual, cultural, and economic impact on those it serves.

Institution Philosophies And Purposes

The University of South Alabama is dedicated in purpose to the creation of an environment of intellectual excitement and an educational climate that will stimulate both faculty and students. A forum of free thought and discussion is provided which is intended to help develop an independent spirit undergirded by the moral and ethical values essential for effective participation in a free society.

The University strives for fresh approaches to courses and programs. Emphasis is placed on the traditional dedication to the advancement and dissemination of knowledge, as a center of learning concerned with the arts and humanities, study of human nature, phenomena of the physical world, processes of human relationships, and the knowledge and skills necessary for participation in professional vocational endeavors.

The University actively encourages the students to take responsibility for their own welfare and that of the community, thus stimulating them to become vitally involved in the pursuit of knowledge and the continuing use of their intellectual capabilities as responsible and effective individuals. Students are encouraged to participate in University decisions involving their own welfare, impressing upon them the responsibility inherent in this participation. The University is conscious of its obligation to the local, state, and national communities to assist students to attain the fullest possible knowledge of themselves in relation to
society and to become enlightened participants in civic affairs. An ever-present concern with the problems of a changing society causes recognition of the University’s responsibility to cooperate with local, civic, professional, and governmental organizations. It inculcates an awareness of the necessity for effective leadership in the social, political, and economic affairs of our society.

The University intends to extend its academic and professional programs to the highest level by introducing graduate programs and forming new schools and colleges when appropriate. New programs will be instituted only after necessary facilities, library resources, and faculty are acquired.

The University reaches outward to the international community and encourages a wide exchange of knowledge and cultural relationships with other peoples. Relations are maintained with other colleges and universities for the purpose of sharing resources and responsibilities in teaching, research, and service in this country and abroad, as well as with the secondary schools and junior colleges in this vicinity. The need for continuing adult education accounts for the public being offered an opportunity to profit from these intellectual and technical resources.

By contributing to the advancement of knowledge, by involving faculty and students in teaching, learning and research, and by offering its services to society commensurate with its resources, the University will achieve its maximum effectiveness.

Institutional Effectiveness

The University Of South Alabama Statement On Institutional Effectiveness

To insure continued excellence as an educational institution, the University of South Alabama is committed to evaluating its effectiveness. The institution has carefully developed goals and objectives which are used as the basis for planning and evaluation. A variety of assessment methods are employed to determine the extent to which each goal has been met, and the results of such assessments are used to improve both educational and support activities.

Athletic Department Mission

Mission Statement: The mission of the University of South Alabama Department of Athletics is to complement and support the University’s overall institutional mission while developing leaders who achieve academic and athletic excellence.

Vision: The Department of Athletics will be a model intercollegiate athletics program recognized for its academic and competitive excellence. Our operations and culture will be student-centered and managed with sound educational and business practices. Sport programs will provide a source of pride and unity among students, alumni, faculty, staff, and the community we serve.

Core Values/Guiding Principles: The Department of Athletics affirms the following core values and guiding principles as essential to the accomplishment of its mission:

Core Values

• Work ethic; Selflessness; Respect; Diversity; Fairness; Integrity; and Transparency.

Guiding Principles

• Commitment to Graduation
• Commitment to Citizenship
• Commitment to Championships

University Organization

The University of South Alabama, operating as a state institution of higher learning and financed in large part by public funds, is governed by a Board of Trustees.
The Board of Trustees has sixteen members who are appointed by the Governor, with the advice and consent of the Senate, with the exception of ex officio members:

- Twelve are from south Alabama including three from Mobile County and one from each of the nine southern senatorial districts as they were designated at the time the University was organized;
- Three are from the State at large;
- The Governor of Alabama serves as President, ex officio.

The administrative organization of the University has been designed to provide the greatest possible efficiency in operation for a multiplex, yet young, institution. The framework is sufficiently flexible, involving three primary areas of operation: academic, administrative, and student personnel. The three primary areas of institutional operation are supplemented and supported by programs in development and university relations. The organization includes:

- The President, appointed by the Board of Trustees;
- Other chief administrative officers who report directly to the President include the Executive Vice President, Provost and Senior Vice President for Academic Affairs, Vice President for Development and Alumni Relations, Vice President for Finance and Administration; Vice President for Medical Affairs; Chief Executive Officer and Sr. Associate Vice President for Medical Affairs for USA Health; Vice President for Research and Economic Development; and Vice President for Student Affairs.

Each college within the University listed below is headed by an academic officer:

- The Pat Capps Covey College of Allied Health Professions
- College of Arts and Sciences
- Mitchell College of Business
- College of Education and Professional Studies
- College of Engineering
- College of Medicine
- College of Nursing
- School of Computing
- Graduate School
- Honors College

The Executive Director of University Libraries operates in cooperation with the faculty and reports directly to the Provost and Senior Vice President for Academic Affairs.

Within Colleges, departments operate under the direction of departmental chairs who report directly to the deans of the colleges.

**Accreditations**

The University of South Alabama is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate, masters, specialist, and doctoral degrees. Contact the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097 or call (404) 679-4500 for questions about the accreditation of the University of South Alabama.
Policy Of Non-Discrimination

The University of South Alabama reserves the right to make changes in course offerings, curricula, academic policies, tuition and fee schedules and other rules and regulations affecting students in order to correct errors, omissions, inconsistencies or changes required by regulatory, accrediting and/or other governing bodies as necessary. Date of effectiveness and interpretation of said rules, regulations and policies are within the sole discretion of the University. These changes will apply to students who are enrolled at the time of the change, as well as those who will become enrolled in the future.

The University of South Alabama is an EO/AA employer and does not discriminate on the basis of race, color, national origin, sex, pregnancy, sexual orientation, gender identity and gender expression, religion, age, genetic information, disability, protected veteran status or any other applicable legally protected basis.

Compliance With Rehabilitation And ADA

The University of South Alabama complies with Section 504 of the Rehabilitation ACT of 1973 and the ADA of 1990 as amended. Any questions relating to disability accommodations should be directed to the Office of Student Disability Services, Services, Educational Services Building, Suite 19, (251)460-7212.

University Libraries

The University Libraries provide the resources and services necessary to obtain, understand, and think critically about information, whether it is located physically in one of the libraries, or available electronically. Licensed full-text article services, periodical indexes and abstracts, eBooks, audiovisual resources and electronic reference materials are accessible online via the Libraries’ web pages. The Libraries’ book, journal, microform, and audiovisual collections provide students with physical information not available electronically. Individual and group study rooms and comfortable seating is available throughout the libraries. University librarians hold Master of Library Science degrees, specialize in particular fields of study, and are available to provide instructional classes at the request of faculty, as well as individualized reference and research services for students.

The Libraries of the University of South Alabama consist of the:

- Marx Library, the general library on the main campus
- Doy Leale McCall Rare Book and Manuscript Library, located in Marx Library
- Mitchell College of Business Joseph & Rebecca Mitchell Learning Resource Center
- Charles M. Baugh Biomedical Library, main campus adjacent to the College of Medicine

The Marx Library houses a Learning Commons offering reconfigurable table and lounge seating, whiteboards and technology for individual and group project development; group study rooms, photocopiers, networked printers; an auditorium and meeting rooms available for reservation; galleries featuring shows by student, faculty and regional artists, traveling exhibits, and special displays from the university collections. A full-service Starbucks is located at the west entrance to Marx Library. Reference, interlibrary loan, printing, photocopying, and other services are also available. USA’s Student Academic Support JagSuccess tutoring services and its Writing Center are located within Marx Library. Marx Library houses the university’s U.S. Documents collection. Marx Library faculty provide instructional services at the USA Baldwin County Campus.

The Doy Leale McCall Rare Book and Manuscript Library, located on the third floor of Marx Library, holds collections of local, regional, and national importance focused on the history of Mobile, the Alabama Black Belt, and southwest Alabama. These unique collections highlight the civil rights, cultural, economic, educational, environmental, legal, literary, military, political, and social history of the region from the early nineteenth century to the present. Of particular note are the McCall Library’s photographic collections, which include over 1.2 million images, negatives, slides, and glass plates.

Located in the Mitchell College of Business, the Joseph & Rebecca Mitchell Learning Resource Center houses a business library, featuring a reading room and group study rooms, a computer lab, and the John B. Saint Financial Analysis Center.

The Charles M. Baugh Biomedical Library features library materials, study rooms, collaboration areas, instructional space, and the John F. Gray Student Veterans Resource Room, and provides reference and interlibrary loan services. The Biomedical Library oversees hospital-based library services, as well as an extensive program of instruction to support the Colleges of Medicine,
Nursing, and Allied Health. Biomedical Library faculty work closely with clinical and teaching faculty to support student learning and information services for USA Health System personnel and patients.

Admissions / Enrollment Services

The University of South Alabama welcomes applications from all individuals whose preparations and abilities give them reasonable chance of success in its programs. Admission recognizes both the university's commitment to excellence and its role as an urban institution. The University of South Alabama does not discriminate on the basis of age, sex, race, color, religion or national origin. These provisions also apply to disabled individuals pursuant to current federal and state regulations subject to reasonable standards of admission and employment.

Admission To The University

The Office of Admissions processes all applications for admission to undergraduate and graduate programs at the University. Inquiries about admission should be addressed to the Director of Admissions, Meisler Hall Suite 2500, University of South Alabama, Mobile, Alabama 36688-0002, or telephoned to (251)460-6141, toll-free number at (800)872-5247, or e-mail at admiss@southalabama.edu. Information is also available via a link on the University's Home Page on the World Wide Web: https://www.southalabama.edu/departments/admissions/.

Application For Admission

Students applying for admission to the University of South Alabama are required to file an application for admission with the $35 nonrefundable processing fee (paper fee $45) by the deadlines noted. The application is available on the Admissions website via a link from https://www.southalabama.edu/departments/admissions/applytousa.html. Note: The University reserves the right to change fees without prior notice, as deemed necessary by the Board of Trustees.

Deadlines, Transcripts, And Test Scores

Students are urged to apply for admission well before their intended semester of entry. Scholarships and other financial aid and housing are more likely to be available to the qualified student who applies early. All undergraduate applications, including the required official documents, must be received no later than July 15 for fall semester, December 1 for spring semester, and May 1 for summer semester. Deadlines for applications and supporting documents for international students are earlier than the deadlines for U.S. Citizens. Refer to the "International Students" section for details. Scholarship deadlines are significantly earlier and published in the "Financial Aid" section of the Bulletin.

All documents required for admission review (transcripts, test scores, or letters of recommendation) must be official, i.e., mailed from the home institution or testing agency directly to the Office of Admissions by the deadline. These documents become the property of the University of South Alabama. The applicant is responsible for making certain that the admission application, processing fee, and all required documents are received by the University by the appropriate deadline.

First Time Freshmen must submit an official high school transcript showing grades earned and courses pursued. (A final official high school transcript showing the date of graduation is required for those who apply before the end of their senior year.) In addition, First-Time Freshmen applicants must submit official college entrance examination scores — either the result of the ACT or the Scholastic Assessment Test (SAT).

High school students should take the test in the spring of the junior year or early in their senior year so test results will reach the University in ample time for admission review. Applicants must have the scores sent directly to the University from the testing agency by listing the University's code number as a recipient when registering for the examination (ACT code is 0059; SAT code is 1880) or by requesting an additional score report from the testing agency.

High school graduates must submit test scores if their semester of matriculation is within five years of high school graduation or if they have not reached the age of 23. If applying for admission five years after graduation, applicants who have not taken the ACT or SAT need not sit for the examination and may apply under the Special Freshman Admissions category.

(See "Special Freshmen Admission" under Admission Types).

GPA And Test Scores

USA generally admits students with:

- a minimum ACT score of 19 or SAT score of 900 (critical reading and math only) if taken before March 2016, or New SAT score of at least 980 (Evidence Based Reading/Writing and math only) with a minimum GPA of 2.50.

Students who do not meet the standards for regular admission may be considered for conditional admission. Students who have completed and satisfied academic certification requirements for the National Collegiate Athletic Association under Division I guidelines may be considered for conditional admission. (This option is available to all freshmen applicants.)

It is recommended that students submit the following items for additional consideration:

1. Letter of recommendation from your high school counselor or a teacher in a college preparatory course.
2. Personal essay on your reason for attending USA and your career plans.
3. Resume, to include a summary of special talents or skills.

The Alabama High School Diploma with Advanced Endorsement meets all University of South Alabama core requirements.

The Credit Based Diploma awarded by Alabama High Schools is accepted; however, students must meet all high school core requirements listed above.

Students will be permitted to enroll in mathematics classes based on either a prerequisite course, their Math-ACT score, their Math-SAT score, or the Mathematics Placement test. Mathematics placement can be found at https://www.southalabama.edu/colleges/artsandsci/mathstat/placementinfo.html. Students may also be required to take reading or English courses based upon their ACT-English, ACT-Reading or SAT-Critical Reading score.

Applicants are now eligible to select test-optional as a path for admission to USA for 2021-2022 academic year. Students who take this route could be asked to supply additional materials. Test optional students are also eligible for scholarship consideration.

Permanent Residents who have not attended a US institution, whose native language is not English, must demonstrate English proficiency by submitting one of the following:

- Test of English as a Foreign Language (TOEFL) – composite of 61
- International English Language Testing System (IELTS) – composite of 5.5
- International Test of English Proficiency (iTEP) – composite of 3.6
- Pearson Test of English (PTE) – composite of 44
- Duolingo - composite 95
- ACT English – 19
• SAT Reading – 26
• Advanced Level English examinations from the United Kingdom with a score of “A”, “B”, or “C/A-E”

Applicants who hold a baccalaureate or graduate degree from a regionally accredited United States institution are exempt. Students transferring from postsecondary institutions within the United States are exempt, subject to the following conditions:

1. Transfer credits total at least 24 semester hours;
AND
2. Completion of English Composition I with a grade of “C” or better.

Permanent residents of the U.S. who have completed less than 30 semester hours from a US institution must submit an acceptable score on the ACT or SAT examination. Students who have graduated from a US high school 5 or more years previously, or apply on the basis of the GED are exempt.

**Admission Appeal Procedure**

Applicants who fail to meet admission requirements as listed above and who believe that they have extenuating circumstances that might justify a different decision may contact the Admissions Office for procedures to seek additional consideration.

**Special Freshman Admission**

Special Freshman Admission are students who graduated from high school at least five years prior to the semester of entry or who have reached the age of 23, and did not sit for the college entrance examinations (ACT or SAT).

**Academic Requirements:** Applicants who do not satisfy the requirements for traditional admission may be admitted if satisfactory evidence is provided that they have the ability to successfully pursue the courses in which they wish to enroll.

**Documents Required:** Adult Special Freshman Admission applicants must submit an official high school transcript for admission consideration. Applicants for admission as Adult Special Freshman students should be high school graduates whose semester of entry to the university is at least five years since high school graduation or are at least 23 years of age.

**Permanent Residents** who have not attended a US institution, whose native language is not English, must demonstrate English proficiency by submitting one of the following:

• Test of English as a Foreign Language (TOEFL) – composite of 61
• International English Language Testing System (IELTS) – composite of 5.5
• International Test of English Proficiency (iTEP) – composite of 3.6
• Pearson Test of English (PTE) – composite of 44
• Duolingo - composite 95
• ACT English – 19
• SAT Reading – 26
• Advanced Level English examinations from the United Kingdom with a score of “A”, “B”, or “C/A-E”

Applicants who hold a baccalaureate or graduate degree from a regionally accredited United States institution are exempt. Students transferring from postsecondary institutions within the United States are exempt, subject to the following conditions:

1. Transfer credits total at least 24 semester hours;
AND
2. Completion of English Composition I with a grade of “C” or better.

Permanent residents of the U.S. who have completed less than 30 semester hours from a US institution must submit an acceptable score on the ACT or SAT examination. Students who have graduated from a US high school 5 or more years previously, or apply on the basis of the GED are exempt.

**GED First Time Freshmen Admission**

GED First Time Freshmen Admission are students at least 17 years of age who took the General Education Development (GED) test and did not graduate from high school.

**Academic Requirements:** Applicants are granted admission based on adequate performance on high school level General Education Development (GED) test. Students taking the test prior to January 2014, must score an average of at least a 500 or a 50, if taken before January 2002. Students taking the GED beginning January 2014 must score at least a 170 in each subject area.
Documents Required: GED First Time Freshman applicants must submit an official copy of their General Educational Development (high school level) test results.

Both Adult Special Freshman Admission and GED First Time Freshman students are considered degree-seeking students and are subject to all academic regulations.

**Permanent Residents** who have not attended a US institution, whose native language is not English, must demonstrate English proficiency by submitting one of the following:

- Test of English as a Foreign Language (TOEFL) – composite of 61
- International English Language Testing System (IELTS) – composite of 5.5
- International Test of English Proficiency (iTEP) – composite of 3.6
- Pearson Test of English (PTE) – composite of 44
- Duolingo - composite 95
- ACT English – 19
- SAT Reading – 26
- Advanced Level English examinations from the United Kingdom with a score of “A”, “B”, or “C/A-E”

Applicants who hold a baccalaureate or graduate degree from a regionally accredited United States institution are exempt. Students transferring from postsecondary institutions within the United States are exempt, subject to the following conditions:

1. Transfer credits total at least 24 semester hours;
   AND
2. Completion of English Composition I with a grade of “C” or better.

Permanent residents of the U.S. who have completed less than 30 semester hours from a US institution must submit an acceptable score on the ACT or SAT examination. Students who have graduated from a US high school 5 or more years previously, or apply on the basis of the GED are exempt.

**Freshmen With Previous Credits**

Freshmen with Previous Credits are students who attended another college prior to high school graduation. Note: A student who also attended another college during the Summer directly after high school graduation, with no more than 11 credit hours earned, will be considered as a Freshman with Previous Credits. If a student earns 12 or more hours during the Summer after graduation or earns college credits in subsequent terms prior to enrolling at USA, the student will be considered as a Transfer student.

**Academic Requirements:** Applicants must satisfy the requirements for First-Time Freshmen applicants and must have earned at least a “C” (2.0) average on all previous collegiate work attempted. The grade-point average used is that computed by the Office of Admissions.

**Documents Required:** Freshmen with Previous Credits applicants must submit all the documents required for First-Time Freshmen as well as an official transcript from each college attended prior to enrolling at USA.

**Permanent Residents** who have not attended a US institution, whose native language is not English, must demonstrate English proficiency by submitting one of the following:

- Test of English as a Foreign Language (TOEFL) – composite of 61
- International English Language Testing System (IELTS) – composite of 5.5
- International Test of English Proficiency (iTEP) – composite of 3.6
- Pearson Test of English (PTE) – composite of 44
- Duolingo - composite 95
- ACT English – 19
- SAT Reading – 26
- Advanced Level English examinations from the United Kingdom with a score of “A”, “B”, or “C/A-E”

Applicants who hold a baccalaureate or graduate degree from a regionally accredited United States institution are exempt. Students transferring from postsecondary institutions within the United States are exempt, subject to the following conditions:

1. Transfer credits total at least 24 semester hours;
   AND
2. Completion of English Composition I with a grade of “C” or better.
Permanent residents of the U.S. who have completed less than 30 semester hours from a US institution must submit an acceptable score on the ACT or SAT examination. Students who have graduated from a US high school 5 or more years previously, or apply on the basis of the GED are exempt.

**Early Admission Applicants**

Early Admission applicants are students who have completed the junior year of high school and wish to enroll prior to high school graduation.

**Academic Requirements:** Applicants must be recommended by the high school counselor, have:

1. a 3.5 minimum high school GPA, as computed by the USA Office of Admissions;
2. scored at least a 28 composite on the ACT (or 1250 SAT scores);
3. completed the junior year of high school;
4. completed the Core High School Requirements listed above under Regular Admission.
5. and be approved by the Director of Admissions.

**Documents Required:** Early Admission applicants must submit an official high school transcript showing grades through the junior year, official ACT or SAT scores and a letter of recommendation from the school guidance counselor.

**Permanent Residents** who have not attended a US institution, whose native language is not English, must demonstrate English proficiency by submitting one of the following:

- Test of English as a Foreign Language (TOEFL) – composite of 61
- International English Language Testing System (IELTS) – composite of 5.5
- International Test of English Proficiency (iTEP) – composite of 3.6
- Pearson Test of English (PTE) – composite of 44
- Duolingo - composite 95
- ACT English – 19
- SAT Reading – 26
- Advanced Level English examinations from the United Kingdom with a score of “A”, “B”, or “C/A-E”

Applicants who hold a baccalaureate or graduate degree from a regionally accredited United States institution are exempt. Students transferring from postsecondary institutions within the United States are exempt, subject to the following conditions:

1. Transfer credits total at least 24 semester hours;
   AND
2. Completion of English Composition I with a grade of “C” or better.

Permanent residents of the U.S. who have completed less than 30 semester hours from a US institution must submit an acceptable score on the ACT or SAT examination. Students who have graduated from a US high school 5 or more years previously, or apply on the basis of the GED are exempt.
Special Programs

Start South Dual Enrollment Program

Start South is the dual enrollment/early college program. It is open to high school sophomores, juniors, and seniors in the state of Alabama. Courses can be used to satisfy degree requirements at USA, or they can be transferred to other institutions. Coursework is offered online, on campus, and on the high school campus when available.

Academic Requirements:

Applicants must have authorization from their high school, and they must have earned at least a "B" (3.0 on a 4.0 scale) average in academic subjects. Tests scores are not needed for admission, but may be needed for math and English placement.

Alabama residents participating in Start South can qualify for automatic admission to USA if they complete 9 or more credit hours of USA coursework listed by August 15 of senior year and earn a minimum cumulative 3.0 USA GPA. Start South students also receive priority housing for entering freshmen upon earning 9 or more credit hours with a minimum 3.0 GPA by December of the senior year of high school.

College Of Medicine Early Acceptance Program (EAP)

Qualified high school seniors are selected for acceptance to the University and to the University of South Alabama College of Medicine. Candidates selected for the program enter the Health Pre-Professions Program at USA; their curriculum will include core requirements for the selected baccalaureate program and prerequisites for matriculation in medical school. Students participating in the College of Medicine Early Acceptance Program must meet program requirements during their tenure as undergraduates to continue in the program. Upon successful completion of the baccalaureate degree and EAP requirements, students enter the University of South Alabama College of Medicine.

Go to the Early Acceptance page for more detail.

Physical Therapy Early Acceptance Program (PTEAP)

The Department of Physical Therapy Early Acceptance Program offers a select number of talented high school seniors a position in the University of South Alabama Department of Physical Therapy first year class after completion of the pre-requisite requirements of the program and their USA undergraduate degree.

Go to our Early Acceptance page for more detail.

College Of Nursing Early Acceptance Program

Highly qualified high school seniors selected for the College of Nursing Early Acceptance Program and fulfilling all program requirement are guaranteed admission to the upper division professional component of the nursing curriculum. Students are admitted to the College of Nursing and must complete all Pre-Professional Nursing courses at USA; their curriculum includes core requirements and prerequisites for the upper division nursing program.

Go to our Early Acceptance page for more details.

The Honors College:

See "Honors College".

Department Of Psychology Early Acceptance Program

The Department of Psychology offers highly qualified high school students a position in the Master’s Program in Experimental Psychology (Behavior and Brain Sciences) upon successful completion of pre-requisite requirements and their USA undergraduate degree.

Go to our Early Acceptance page for more details.
Undergraduate Transfer Admissions

Transfer Students

Transfer students have attended a regionally accredited college or university after high school graduation.

**Academic Requirements:** Applicants are granted unconditional admission if they have earned a cumulative average of at least "C" (2.00) on all work attempted. (Note: The grade-point average used is that computed by the University of South Alabama.) Applicants must be eligible to attend the institution in which they were last enrolled. Applicants that have earned college credits, but fewer than 30 semester hours, must also satisfy freshman admission requirements.

Students graduating with an AA or AS Degree from a regionally accredited institution will be granted admission if this is their last school attended and they have earned a cumulative average GPA of at least a "C" (2.00); as calculated by the AA or AS Degree granting institution and documented on their college transcript.

**Documents Required:** Transfer student applicants must make certain that official transcripts of all courses for which they have been registered at other colleges or universities are sent directly to the University from each home institution. Students must report colleges where registration was completed even though no credit was earned. Prior enrollment information will be verified by National Student Clearinghouse.

Applicants who have attempted fewer than 30 semester hours or 40 quarter hours of college work must submit college transcripts and high school transcripts and ACT or SAT scores.

**Permanent Residents** who have not attended a US institution, whose native language is not English, must demonstrate English proficiency by submitting one of the following:

- Test of English as a Foreign Language (TOEFL) – composite of 61
- International English Language Testing System (IELTS) – composite of 5.5
- International Test of English Proficiency (iTEP) – composite of 3.6
- Pearson Test of English (PTE) – composite of 44
- Duolingo - composite 95
- ACT English – 19
- SAT Reading – 26
- Advanced Level English examinations from the United Kingdom with a score of “A”, “B”, or “C/A-E”

Applicants who hold a baccalaureate or graduate degree from a regionally accredited United States institution are exempt. Students transferring from postsecondary institutions within the United States are exempt, subject to the following conditions:

1. Transfer credits total at least 24 semester hours;
   
   AND

2. Completion of English Composition I with a grade of “C” or better.

Permanent residents of the U.S. who have completed less than 30 semester hours from a US institution must submit an acceptable score on the ACT or SAT examination. Students who have graduated from a US high school 5 or more years previously, or apply on the basis of the GED are exempt.

1. Applicants who fail to meet admission requirements and who believe they have extenuating circumstances that might justify a different decision may appeal for further consideration. The following items are required for the admissions appeal process: Admissions Appeal Form, located at: https://www.southalabama.edu/departments/admissions/appealform.html

2. A current resume, including summary of special talents or skills
3. A personal essay describing why you want to attend USA and your career goals.
4. Letter/s of recommendation
**Transfer of Credit:** The Registrar’s Office evaluates all credits to determine the number transferable to the University of South Alabama. Such transferred credit will be applied, after evaluation, to the specific program of the student. The final program evaluation requires approval by the Dean of the College in which the student is accepted or by the Dean's designated representative. Credits transferable to the University may or may not be applicable, in whole or in part, to a specific program. Transfer students are urged to review all the requirements for a degree as specified in the Academic Policies and Procedures section of the Bulletin.

No credit is given for college-level General Education Development tests, or for courses evaluated as non-credit or remedial at this institution. No more than a combined total of 25% of the total credits required for the degree will be allowed for credit received through the College Level Examination Program (CLEP), Advanced Placement Program (AP), credit by examination, correspondence courses, military service school courses, and other approved non-collegiate-sponsored programs as recommended by the American Council on Education.

Only one half of the credit hours required for a degree may be transferred from a community college. While the total number of transfer hours will appear on the transcript, the academic department offering the major will determine how they may apply to the degree.

A transfer student from a collegiate institution not accredited by the appropriate regional association may request an evaluation of transfer credits from the student’s academic dean after completing one year (30 semester hours) of work at the University of South Alabama. Students must provide syllabi for each course to their academic dean. Syllabi will be sent to the appropriate colleges for approval. No degree credit will be accepted by the College of Education and Professional Studies from any collegiate institution unless that institution has regional accreditation.

**Transfer Credit for English Composition:** No credit is given for course work in English Composition in which the grade is below a “C”.

**Community/Junior Colleges**

The University evaluates and includes all community college/junior college transfer credit on the transcript. Although transferable to the University, credits may or may not be applicable to a specific degree program. The final program evaluation of transfer credit requires the approval of the Dean. In no case will transfer credit applied to a degree program exceed 50% of the total number of hours in the program (up to a maximum of 64 hours).

No credit will be awarded for remedial, vocational and technical courses. Courses not generally accepted from a junior/community college may be considered for transfer credit on a selective basis. Such courses must be approved for degree credit by the student's academic dean based upon the recommendation of the appropriate department chair.

University of South Alabama students at any level of progress toward a degree are restricted, in terms of junior college transfer credit, only by the first and second items above.

**Alabama Articulation Program (STARS)**

The Alabama Articulation Program (also called STARS - Statewide Articulation Reporting System) is a web-based articulation and transfer planning system designed to inform students who attend Alabama Community Colleges about degree requirements, course equivalents, and other transfer information pertaining to specific majors at each state funded four-year institution. STARS provides students, counselors, and educators with accurate information upon which transfer decisions can be made. STARS is the information link between the state's public two-year and four-year institutions, and can prevent the loss of course credit hours, can provide direction for the scheduling of course work, and can ease the transition from one institution to another. Students who are interested in obtaining a “Transfer Guide” should visit the University of South Alabama Transfer Assistance website at https://www.southalabama.edu/departments/admissions/transfer.html.
Military Service Schools

Military service-school courses will be evaluated with reference to the recommendation of the American Council on Education (ACE) when official credentials have been presented by the student to the Registrar’s Office. Such recommendations, however, are not binding upon the University. In no instance, however, may any of the hours of credit be substituted for specific courses, but they may be substituted for electives.

Students who have successfully completed basic training in the armed forces may receive four semester hours of elective credit and exemption from P.E. by presenting a DD214, DD295, a copy of a Community College of the Air Force transcript, or a certificate of training to the Office of the Registrar for currently enrolled or former students, or to the Office of Admissions for new students. Army, Coast Guard, Marine Corps, and Navy (Active Duty, Reserve, and Veterans) may request an official Joint Services Transcript by visiting: https://jst.doded.mil/official.html

The Office of Veterans Affairs is located in Academic Support Center, Suite 1345 on the main campus of the University to facilitate veterans’ programs and to provide counseling and other veterans’ services. (See "Student Activities Section.")

Foreign Institutions

See “International Student section.”
Special Category Students

Transient Students

Transient Students are visiting students from other colleges/universities and who wish to attend the University for one term and return to the home institution.

**Academic Requirements:** Students must be in good standing at the current institution and have the approval of their registrar or dean to enroll at USA.

A transient student must accept full responsibility in meeting course prerequisites and having the necessary preparation to take the course or courses desired.

Enrollment as a transient student in no way implies future admission as a regular student to the University of South Alabama.

**Documents Required:** Transient applicants must request the registrar or dean of the college or university in which they are currently enrolled to complete the University’s Transient Form or write a letter of good standing for the applicant and mail it directly to the University.

If the student should decide to remain in transient status for more than one term the student must submit the University’s Transient Student Form and a Readmission Application (available from the Office of Admissions) by the specified deadline (see "How to Apply for Readmission" section of the Bulletin) each semester. Should a transient student decide to transfer to the University of South Alabama, the student would be required to apply in the same manner as a transfer student and submit complete transcripts from each college or university attended.

Audit Students

Audit students wish to take courses, but not receive credit.

**Academic Requirements:** Students are admissible if a completed application for admission and the $35 nonrefundable processing on-line fee (paper fee $45) are submitted to the Office of Admissions by the published deadlines. No other documentation is required. Audit students pay the same tuition and fees as credit students.

**NOTE:** Transient, Unclassified and Audit students are not eligible to be considered for financial aid since they are not enrolled in degree-seeking programs.

Unclassified Applicants

Unclassified applicants are students who have earned at least a baccalaureate degree and wish to take additional undergraduate courses, but not for degree purposes.

**Academic Requirements:** Applicants are admissible if an official transcript showing evidence of the baccalaureate, master’s or doctoral degree is received. Note that unclassified students are eligible to enroll in undergraduate courses only and are not working toward a degree. Students seeking a second undergraduate degree should apply as Transfer students.

**Documents Required:** Unclassified students submit an official transcript showing their earned baccalaureate, master’s, or doctoral degree.
International Student Admissions

Requirements For Admission

The Office of International Admissions and Student Programs at the University of South Alabama provides special services and programs for non-U.S. Citizens and is responsible for the processing of applications for admission submitted by non-citizens. The following are the specific requirements needed by the applicants.

Application Deadlines

All necessary documents must be received by the established deadline as indicated below for the semester the student wishes to enter. Applications completed after the deadline will be considered for the following term, unless otherwise requested by the student.

<table>

Undergraduate International Applicants

I. Non-citizen Application for Admission - The Non-citizen Application for Admission must be completed and signed by the applicant. A nonrefundable $35.00 application fee, payable through a U.S. bank, must accompany the application. Applications received without the $35.00 processing fee will not be processed.

II. Academic Records - Complete and certified academic records of all secondary and/or postsecondary education attempted must be submitted. Whenever possible, the records must be forwarded directly from the issuing institution to the University of South Alabama. Copies must be certified by an official of the government or school (e.g., Registrar or Dean). Unofficial copies may be accepted on a temporary basis. Any applicant who submits unofficial documents for admissions consideration must submit official copies no later than the student’s first semester check-in and orientation. Failure to do so may result in revocation of admissions and cancellation of the immigration document issued by the University.

If an applicant submits documentation that is deemed fraudulent, the University will immediately revoke admission and terminate/cancel immigration documents issued by USA. If already a student, OIASP will also send notification to the Dean of Students of student misconduct.
III. English Proficiency
   A. New Freshman/Transfer
      Nonimmigrant applicants, whose native language is not English, must demonstrate English proficiency by submitting one of the following:
      1. Tests of English Proficiency (minimum overall score posted below)
         a. TOEFL - 61
         b. IELTS - 5.5
         c. ITP - 3.6
         d. PTE - 44
         e. Duolingo - 95
         f. Advanced Level English examination from the United Kingdom with a score of "A", "B", or "C/A-E"
   B. Transfer Students
      Applicants transferring from a United States regionally accredited institution will be exempt, subject to the following conditions:
      1. Transfer credits total at least 24 semester hours; AND
      2. Completion of English Composition I with a grade of "C" or above
   C. Exemptions
      Applicants may be exempt from the English proficiency requirement, under the following conditions:
      1. Completion of a baccalaureate or graduate degree from a regionally accredited United State institution
      2. From a native English speaking country

IV. Other Test Options
   a. ACT Composite - 19
   b. SAT Evidence Based Reading & Writing & Math - 980

Students not meeting EH 101-English Composition prerequisites will be required enroll in a supported section of the course based upon their English proficiency Reading and Writing subscores, their ACT-English, SAT-Critical Reading, or SAT-Reading Test score. Students will be permitted to enroll in mathematics classes based on either a prerequisite course, their Math-ACT score, their Math-SAT score, or the Mathematics Placement test. Mathematics placement can be found at https://www.southalabama.edu/colleges/artsandsci/mathstat/placementinfo.html.

Unofficial test scores may be accepted on a temporary basis. Any applicant who submits unofficial test scores for admissions review must submit official score reports no later than the student's first semester.

Notification: Students are notified of admissions decisions as soon as all required documents are received. The I-20 or DS-2019 is mailed to students after additional documentation is received by the Office of Immigration.

Transfer Credit from Foreign Institutions - Students transferring to the University from foreign postsecondary institutions much submit a detailed course syllabus from which to evaluate transfer credit. Advanced Placement credit is available from a number of worldwide sources. Contact the Registrar's Office for details. Students may secure a professional evaluation of academic credentials at their own expense. Course-by-course professional evaluation is required of transfer students accepted into the College of Education and Professional Studies and students applying to the professional component of any program in the Pat Capps Covey College of Allied Health Professions.

(See the section below entitled "Additional information for all International Students.")

1. Graduate International Applicants

I. Non-citizen Application for Admission - Students will submit their graduate application through UniCAS, the university's graduate application portal. A non-refundable $60 application fee, payable through a U.S. Bank must accompany the application. Applications received without the $60.00 application fee will not be processed.
II. Academic Records - Complete and certified academic records of all secondary and postsecondary education attempted must be submitted. Whenever possible, the records must be forwarded directly from the issuing institution to the University of South Alabama. Copies must be certified by an official of the government or school (e.g., Registrar or Dean). Unofficial copies may be accepted on a temporary basis. Any applicant who submits unofficial documents for admissions consideration must submit official copies no later than the student's first semester check-in and orientation.
Failure to do so may result in revocation of admissions and cancellation of the immigration document issued by the University.
If an applicant submits documentation that is deemed fraudulent, the University will immediately revoke admission and terminate/cancel immigration documents issued by USA. If already a student, OIIA will also send notification to the Dean of Students of student misconduct.

III. English Proficiency
- Minimum TOEFL score of 71 OR
- Minimum IELTS score of 6 OR
- Minimum iTEP score 3.7 OR
- Minimum Pearsons (PTE Academic) score 48
- Minimum Duolingo score of 100
Please note that score programs may require higher scores to prove English proficiency.

Short-term exchange students holding J-1 visas and those holding baccalaureate or graduate degrees from regionally accredited United States postsecondary institutions are exempt.

IV. Standardized Tests - Standardized test requirements for the various academic programs are listed in the appropriate sections of the Bulletin. All test scores must be official documents sent directly from the testing service which administered the examination to UniCAS. The only exception is an IELTS score report which must be mailed directly to the Office of Immigration and International Admissions. Unofficial test scores may be accepted on a temporary basis. Any applicant who submits unofficial test scores for admissions review must submit official score reports no later than the student's first semester.

V. Recommendation Letters - Three recommendations may be required by the department of applicants with each recommender's information added to the Evaluators section in UniCAS. The recommender should be a person familiar with the applicant's academic qualifications and ability to undertake the proposed course of study.

VI. Financial Statement - Nonimmigrants must provide proof that sufficient finances are available to undertake their study and living expenses for one year. Applicants for graduate assistantships should contact the appropriate department directly for information and assistantship applications.

VII. Narrative Statement of Purpose - A narrative Statement of Purpose written by applicant may be required by the department and must be uploaded to UniCAS.

Notification: Students are notified of the admissions decision from the Graduate Dean as soon as all required documents are received and the Graduate Dean has received a recommendation from the appropriate graduate program. The I-20 or DS-2019 is mailed to students after additional documentation is received by the Office of Immigration.

Students wishing to postpone their arrival to a later semester must notify the Office of Immigration and International Admissions in writing. Students who have previously attended USA and wish to re-enroll should contact the Office of Immigration and International Admissions to see what steps need to be taken to be reviewed for readmission or re-entry.

Nonimmigrant International Students

International Student Nonimmigrant And International Student Fees
All international students with nonimmigrant visas are considered nonresidents for tuition purposes and will be assessed a nonresident fee and an international student fee each semester.

Orientation
New international students are required to participate in an orientation program prior to their first semester at the University. The orientation program welcomes students to the University, introduces them to staff and students, and familiarizes them with
immigration regulations, academic procedures and the community. Readmitted and matriculated international students will be required to attend all or parts of the orientation program the first semester they return to or begin a new program at the University.

Medical Insurance
The University requires all international students on nonimmigrant visas to maintain medical insurance coverage. Students must purchase the University's international student health insurance policy at registration or apply for a waiver of the University health insurance plan. Proof of adequate health insurance must be submitted with the waiver application. Sponsored students may request to waive the health insurance requirement if they receive health insurance from their home country government or Embassy.

Readmission To The University

Students who have been previously enrolled in the University of South Alabama and have been absent for at least three consecutive terms should comply with the following:

How To Apply For Readmission

An applicant should request the appropriate application from the Office of Admissions. The readmission application, including all required credentials, should be filed with the Office of Admissions by the published deadlines found at https://www.southalabama.edu/departments/admissions/under_readmissions.html. Readmission applications do not have to pay another processing fee.

Requirements For Readmission

An applicant must be eligible to return to the University of South Alabama on the basis of a previous academic record at this institution. If the student has attended any college or university subsequent to last enrollment at the University of South Alabama, the student must also have the required transfer average or higher (as computed by the University of South Alabama, Office of Admissions) on work attempted, and must be in good standing and eligible to return to the last institution attended.

The University of South Alabama supports its students who are called into active military service or its members of a US military reserve unit. Students who have been admitted to or enrolled at the University of South Alabama may request a withdrawal to fulfill a US military obligation by contacting the Registrar’s Office. These students will be readmitted in accordance with readmission provisions in the Higher Education Opportunity Act of 2008 (Section 484C of the HEA) and implementing regulations in 34 CFR Section 668.18. Students needing readmission should contact the Office of Admissions to provide notification of intent to return and would need to provide documentation of military service.

Permanent Residents who have not attended a US institution, whose native language is not English, must demonstrate English proficiency by submitting one of the following:

- Test of English as a Foreign Language (TOEFL) – composite of 61
- International English Language Testing System (IELTS) – composite of 5.5
- International Test of English Proficiency (iTEP) – composite of 3.6
- Pearson Test of English (PTE) – composite of 44
- Duolingo - composite 95
- ACT English – 19
- SAT Reading – 26
- Advanced Level English examinations from the United Kingdom with a score of “A”, “B”, or “C/A-E”

Applicants who hold a baccalaureate or graduate degree from a regionally accredited United States institution are exempt. Students transferring from postsecondary institutions within the United States are exempt, subject to the following conditions:

1. Transfer credits total at least 24 semester hours;
   AND
2. Completion of English Composition I with a grade of “C” or better.

Permanent residents of the U.S. who have completed less than 30 semester hours from a US institution must submit an acceptable score on the ACT or SAT examination. Students who have graduated from a US high school 5 or more years previously, or apply on the basis of the GED are exempt.
Applicants who fail to meet admission requirements and who believe they have extenuating circumstances that might justify a different decision may appeal for further consideration. The following items are required for the admissions appeal process:

1. Admissions Appeal Form, located at: https://www.southalabama.edu/departments/admissions.appealform.html
2. A current resume, including summary of special talents or skills
3. A personal essay describing why you want to attend USA and your career goals.
4. Letter/s of recommendation
5. Optional: Additional supporting documents to substantiate an appeal (including any documents from USA departments or personnel)

Please return the Admissions Appeal Form along with all supporting documents by e-mail to the Office of Admissions at admiss@southalabama.edu.
Office Of Prospective Student Programs And New Student Orientation

Southbound Orientation provides an introduction to the academic, service, and social areas of the University of South Alabama. This mandatory program is offered at the beginning of each semester and prior to class registration. Details are sent to all new students prior to registration. Further information may be obtained from the Office of Prospective Student Programs and New Student Orientation, 5910 USA South Drive, Mobile, AL 36688-0002, telephone (251) 460-7093. Re-admits do not need to attend New Student Orientation.

Nonresident And Residency Reclassification

Nonresident And Residency Reclassification

Students enrolling at the University of South Alabama who come to the state of Alabama from another state [with the exception of the Service Area in Florida (Escambia and Santa Rosa counties) and Mississippi (George, Greene, Harrison, Jackson, Perry, and Stone counties)] for the purpose of attending school will be considered a "non-resident student" for tuition purposes. The Office of Admissions determines a student's residency status at the time of admission. This determination is based on the application information, transcripts, and other documents required for admission and will default to "non resident" status if any out-of-state information is received. After the initial determination of a student's residency status, the status shall continue unchanged through all registrations at the university until and unless 1) a non-resident student provides satisfactory evidence that they are a resident of Alabama as defined by this policy, or 2) a student classified as a resident is absent from Alabama with the intent to become a resident in another state. Residency status is also reviewed at the time of readmission to the university after any absence of one year (three semesters) or more. At the discretion of the institution, residency status can be reviewed at any time.

A person or, if the person is a minor, the person's supporting person(s) who moves to Alabama or to the Service Area for the primary purpose of attending college shall not be considered to have demonstrated intent to establish domicile in the Alabama or the Service Area and will not generally be considered eligible for classification as a resident student. A person or, if the person is a minor, the person's supporting person(s) who establishes domicile in Alabama or the Service Area for the sole purpose of avoiding Alabama non-resident tuition will be subject to non-resident tuition.

Non-resident students who carry a full-time academic load for the fall or spring semester will be presumed to be in Alabama or in the Service Area for the primary purpose of attending college. These students will not be considered to have demonstrated the intent to establish domicile in Alabama or the Service Area and will remain subject to non-resident tuition.

A "resident student" for tuition purposes is one who,

- Is not a "minor" and is a resident of the state of Alabama and has been a resident of the state for a least one year (12 consecutive months) immediately preceding the date of registration; or
- Is a "minor" whose "supporting person(s)" is a resident of the state of Alabama and has been a resident of the state for at least one year immediately preceding the date of registration; or
- Is a recipient of the Alabama G.I. Dependents’ Scholarship administered through the Alabama Department of Veterans Affairs; or

southalabama.edu/bulletin
• One who, at the time of registration, is not a "minor" and:
  • Is a full-time (not temporary) employee of the University of South Alabama or is the spouse of such an employee; or
  • Is employed as a graduate assistant or fellow at the University of South Alabama; or
  • Is able to verify full-time permanent employment within the state of Alabama and shall commence said employment not more than 90 days after registration (first day of classes) with the institution, or is the spouse of such an employee; or
  • Is a member or the spouse of a member of the United States military on full-time active duty stationed in Alabama under orders for duties other than attending school; or
  • Is a resident of any county within the University of South Alabama's Service Area (Florida: Escambia and Santa Rosa counties; and Mississippi: George, Greene, Harrison, Jackson, Perry, and Stone counties) and has been a resident of that county for at least one year immediately preceding the date of registration; or
  • Has been a member of the Alabama National Guard for a period of at least two years immediately preceding the student qualifying for resident tuition and continues to be a member of the Alabama National Guard while enrolled at the University of South Alabama; or
  • Is a veteran of the Armed Forces of the United States, provided that the veteran has become a resident of Alabama and satisfies one of the following conditions:
    • The veteran has served on active duty for a continuous period of time, not less than two years, and has received an honorable discharge as verified by a United States Department of Defense Form 214 within five years of enrolling at the University of South Alabama.
    • The veteran is currently serving in a reserve component of the Armed Forces of the United States as verified by a memorandum from the commanding officer of the veteran student.
    • The veteran has been assigned a service-connected disability by the United States Department of Veterans Affairs; or
  • Is in a program or takes courses within an interstate consortium of colleges or universities that either offers reciprocal resident student tuition to residents of Alabama in the program or courses offered by colleges or universities not within Alabama, or is enrolled in a program or courses through an interstate consortium of colleges or universities that assesses tuition at a uniform rate for all students enrolled in that course or program; or
  • Is an accredited member of or the spouse of an accredited member of a consular staff assigned to duties in Alabama; or
• One who, at the time of registration, is a "minor" and whose "supporting person(s)":
  • Is a full-time employee (not temporary) of the University of South Alabama; or
  • Is able to verify full-time permanent employment within the state of Alabama and shall commence said employment not more than 90 days after registration (first day of classes) with the institution; or
  • Is a member of the United States military on full-time active duty stationed in Alabama under orders for duties other than attending school; or
  • Is a resident of any county within University of South Alabama's Service Area and has been a resident of that county for at least one year immediately preceding the date of registration.

A non-resident student is one who does not meet the criteria for a "resident student" as specified in the preceding section.

Definitions:

• Minor Students:

  Minor Students are those students who lack the capacity to contract under the law of the State of Alabama because of their age (persons under 19 years of age or persons under 18 years of age if married) excluding those persons whose disabilities of non-age have been removed by a court of competent jurisdiction for a reason other than establishing a legal residence in Alabama.

• Residence:

  For the purpose of this policy, a residence shall be the single location at which a person resides with the intent of remaining in that location indefinitely as evidenced by more substantial connections with that place than with any other place and not for the purposes of obtaining an education.

• Resident:

  A person or, if the person is a minor, the person's supporting person(s) whose residence is in the state of Alabama or the defined Service Area and not for the purposes of obtaining an education.

• Residence of a Minor Student:
The residence of a minor student shall be the residence of his or her supporting parent unless neither parent has legal custody. When neither parent has legal custody, the residence of the minor student shall be the residence of the person having legal custody of the minor student.

**Supporting person:**

If the student's parents are living together, the "supporting person(s)" may be either or both of the parents. If the parents are divorced or living separately, then either the parent having legal custody or the parent providing the greater amount of financial support of the two (verified by a copy of the most recent income tax return.) If both parents are deceased or if neither had legal custody, then supporting person shall be established in the following order: legal custodian of the student, and, if none, the guardian, and, if none, the conservator.

**Service Area:**

The following counties in the states of Florida and Mississippi shall be defined as the University of South Alabama Service Area: in Florida: Escambia and Santa Rosa; in Mississippi: George, Greene, Harrison, Jackson, Perry, and Stone.

The ultimate determination of residency status shall be made by the institution. In determining whether the student is in fact a resident of Alabama or a resident of the Service Area for the purposes of assessing a student non-resident fee, the burden of proof is on the student. A student can change their status from non-resident to resident student only by establishing a physical presence and place in Alabama or in the predefined Service Area and by providing clear and convincing evidence that, for 12 consecutive months prior to the semester of registration, this presence and place has been the student's or, if the student is a minor, the student's supporting person's single location at which they reside with the intent of remaining in that location indefinitely as evidenced by more substantial connections with that place than with any other place and not for the purposes of obtaining an education.

## Request Reclassification

### How Does A Non-resident Student Request Reclassification Of Residency Status For Tuition Purposes?

To be reclassified for tuition purposes, a non-resident student must prove by sufficient evidence, as determined by the institution, that he or she is a resident of the state of Alabama. A student's status as a resident student is determined by one of the following methods by proving that:

- The student has a residence in the state of Alabama which means the specific address in Alabama at which they reside; that they intend to remain there indefinitely; that they have more substantial connections with Alabama than with any other state; and that the student has established a physical presence and place that has been their true, fixed, and permanent place of habitation for the 12 consecutive months preceding the semester of registration; or
- The student is not a "minor" and is a full-time employee (not temporary) of the University of South Alabama or is the spouse of such an employee; or
- The student is able to verify full-time permanent employment within the state of Alabama and shall commence said employment not more than 90 days after registration (first day of classes) with the institution, or is the spouse of such an employee; or
- The student is a member or the spouse of a member of the United States military on full-time active duty stationed in Alabama under orders for duties other than attending school; or
- The student is a recipient of the Alabama G.I. Dependents' Scholarship administered through the Alabama Department of Veterans Affairs; or
- The student is a resident of any county within the University of South Alabama's Service Area and has been a resident of that county for at least one year immediately preceding the date of registration; or
- The student has been a member of the Alabama National Guard for a period of at least two years immediately preceding the student qualifying for resident tuition and continues to be a member of the Alabama National Guard while enrolled at the public institution of higher education; or
- The student is in a program or takes courses within an interstate consortium of colleges or universities that either offers reciprocal resident student tuition to residents of Alabama in the program or courses offered by colleges or universities not within Alabama, or is enrolled in a program or courses through an interstate consortium of colleges or universities that assesses tuition at a uniform rate for all students enrolled in that course or program; or
- The student is an accredited member of or the spouse of an accredited member of a consular staff assigned to duties in Alabama.
If the student is a minor, then the minors "supporting person," as that term is defined in the Non-resident Tuition Policy statement, must meet similar tests which are described in the Non-resident Tuition Policy.

In Determining Whether A Student Has A Residence In Alabama, The University Will Evaluate The Presence Or Absence Of Connections With The State Of Alabama Including, But Not Limited To, The Following:

- Continuous physical presence in the state for a purpose other than attending school except for temporary absences for travel, military service, temporary employment, etc.
- Payment of income tax to the State of Alabama or Service Area in the previous calendar year.
- Voter registration in the State of Alabama or Service Area; more significantly certification of voting in the State of Alabama or Service Area that initially occurred at least 12 months prior to the initial registration of the student in Alabama at a public institution of higher education.
- Evidence of employment in the State of Alabama or Service Area for the 12 consecutive months prior to the semester of registration.
- In-state address and date shown on selective service registration, driver's license, automobile title registration, hunting and fishing license, insurance policies, stock and bond registrations, last will and testament, annuities, or retirement plans.
- Ownership of personal property in the state and payment of state taxes thereon (e.g. automobile, boat, etc.) and possession of state license plates.
- Residence in the state of a spouse, parents, or children.
- Transfer of all banking services to Alabama, such as "checking and savings" accounts, safe deposit boxes, and/or investment accounts.
- Financial transactions in the state or Service Area.
- Previous periods of residency in the state continuing for 12 months or more.
- Possession of state or local licenses to do business or practice a profession in the state.
- Membership in religious, professional, business, civic, or social organizations in the state not connected to their status as a student.
- Location within the state of the high school from which the individual graduated.
- Financial independence from non-Alabama resident parents or other relatives.
- Military records, such as Leave & Earning Statements, showing an in-state address. CO Letter indicating date of Assignment in Alabama or Service Area (for Active Duty Military).
- Documentation that Alabama is home state of record for returning military personnel.

This list is not meant to be all inclusive and merely describes examples of supporting evidence which may be considered in the determination of whether a student has more substantial connections with the state of Alabama than any other state. Supplying such supporting evidence does not guarantee classification as a resident.

For A Student Who Is Not A Minor, Factors Which May Show More Connections With A State Other Than Alabama Include, But Are Not Limited To, The Following:

- Student maintains ties with another state such as maintaining a driver's license in another state, or owning a house in another state.
- Student begins living in Alabama shortly before or only after being admitted to attend school in an Alabama university.
- Student lives in Alabama only while in school and returns repeatedly to another state during summer term, vacations, and holidays.
- A parent or other person who is not an Alabama resident provides more than minimal or occasional financial support.
- Student leaves personal possessions in another state and only brings to Alabama what is necessary for temporary stay.
- Student receives PLUS loan money from parents who are not Alabama residents.
- Student receives personal loans other than from a financial institution.
- Student obtains loans with co-borrowers who are non-Alabama residents.
- Student receives financial aid that requires the student to be a resident of another state.

For information regarding the Residency Reclassification process, please contact the Office of the Registrar at:

Office of the Registrar
Meisler Hall, Suite 1100
390 Alumni Circle

southalabama.edu/bulletin
On-line Programs

Tuition and fees for programs delivered in a distance format are assessed based on a separate schedule approved by the Board of Trustees.

International Student Residency Status

In general, international students may apply for residence reclassification but must have the ability to remain indefinitely in the United States and otherwise meet the requirements of the Alabama Code and Board Rule 202. More specifically, a person must be a Permanent Resident Alien, Political Asylee, Political Refugee, or hold an A, E, G, H, I, L, O, P, R, TC, TD or TN visa to be eligible for review as an in-state resident for tuition purposes. Students who hold a B, F, J, or M visa are not eligible to establish Alabama residency unless their supporting person is an Alabama resident or is a full-time employee of a company party to an Alabama Free Trade Agreement.

Academic Common Market Non-Resident Tuition Remission

Academic Common Market (ACM) non-resident tuition remission (exemption) is available to students from certain states for specific academic programs. Application must be made first with the awarding state. The student must be a legal resident of that state and approved for a specific major at the University of South Alabama. Both undergraduate and graduate students are eligible to apply. The waiver is 100 percent of the non-resident tuition remission and will remain at this level unless the student's field of study changes, or a student no longer has full-time status.

A qualified student must maintain full-time status, remain in academic good standing and comply with all the requirement of the degree program. If a student changes their major from the approved ACM certified major, then they must inform the Office of the Registrar at USA of the change of status. The student will be responsible for the non-resident tuition for the remaining semesters at the University of South Alabama. To be eligible for the non-resident tuition remission during the first semester of enrollment, applications and resident verification must be submitted to and approved by the Office of the Registrar prior to the first day of class.

For more information about submission and deadlines, please contact the Office of the Registrar at (251) 460-6251. Students seeking information on the Academic Common Market waiver should contact the Academic Common Market at:

Departmental Fees

These fees are charged on a semester basis to students who enroll in certain courses; see Schedule of Classes for detailed information.

All students enrolled in courses utilizing university computing facilities will be charged a fee. The amount of the fee ($15.00 or $22.00) will be based on the planned level of computer utilization as defined by individual departments.

Miscellaneous Fees

These fees are charged on a semester, yearly, or one-time basis or when certain conditions are present:

**Greek Housing**

For information about Fraternity and Sorority Housing rates, please visit [https://www.southalabama.edu/departments/housing/fshapply.html](https://www.southalabama.edu/departments/housing/fshapply.html).

*All rates are subject to change. Room rates include campus mail box, digital cable, Ethernet & wireless internet access, all utilities (electricity, water/sewer, heat/air, garbage service, and pest control), housing and facilities staff available 24/7, accommodation furnishings, and unlimited laundry access.*

**Board Plans**

Information on the Board Plans is available through USA Dining, located in the Student Center, (251) 460-6296. See [Housing & Dining](https://www.southalabama.edu/). For additional information.

**Payment Policy**

These are the University of South Alabama’s payment policies effective Fall Semester 2021. Payment can be made via cash, check, electronic check or money order, Visa, MasterCard, Discover or American Express card. Student payments can be made on-line on PAWS with your credit card or ACH web check. Payment Drop Boxes are located at Meisler Hall, and the lobby of the College of Education. (No Cash Please.) The Office of Student Accounting is open Monday-Friday 8:00 AM - 5:00.

**Payment Plans**

The University of South Alabama offers the option to pay in full or to pay via participation in a payment plan. Students must enroll in the payment plans in accordance with each semester’s payment deadlines or their class schedule is subject to cancellation.

Payment by payment plan requires the student or authorized user to sign up each term within their student financial account. The plan features four monthly payments for the Fall and Spring terms (late enrollment may reduce the number of payments available to three) based on actual charges and plan enrollment date. Three payments are offered for the Summer term. The plan payments may increase or decrease if a student makes changes to their schedule. A late fee of $15 will apply if installment payments are not made by the due date. Installment plan payments are divided equally according to the duration of the plan.

The first payment and a $35 nonrefundable processing fee are due at the time of enrollment. Students must have a minimum balance of $400 to be eligible to enroll in the payment plan. Students with a past due balance of $200 or more from a previous term are not eligible to participate. Students in the College of Medicine, English Language Center and Study Abroad are not eligible to participate. Enrolling in a payment plan does not result in automatic payment scheduling. Payment plan participants must either log in each month to make payments or schedule their payments in advance according to the due dates of the plan installments within the student financial account.
Payment Plan Schedules For Fall 2021
Fall payment plan open enrollment begins on June 21st. If you would like to participate in the four payment plan, you should sign up as early as possible. The first ¼ payment plus the $35 nonrefundable enrollment fee is due at the time of enrollment. The remaining installments are due on August 15th, September 17th, and October 17th. The ability to sign up for four payment plan ends on July 19th.

Sign up for the three payment plan opens July 20th. The first 1/3 payment plus the $35 nonrefundable enrollment fee is due at the time of enrollment. The remaining installments are due on September 17th and October 17th. The ability to sign up for all payment plans ends on August 23rd. Once payment plan enrollments are closed, payment in full is required.

Payment Plan Schedules For Spring 2022
Spring payment plan open enrollment begins on October 25th. If you would like to participate in the four payment plan, you should sign up as early as possible. The first ¼ payment plus the $35 nonrefundable enrollment fee is due at the time of enrollment. The remaining installments are due on January 9th, February 18th, and March 18th. The ability to sign up for the four payment plan ends on December 16th.

Sign up for the three payment plan opens December 17th. The first 1/3 payment plus the $35 nonrefundable enrollment fee is due at the time of enrollment. The remaining installments are due on February 18th and March 18th. The ability to sign up for all payment plans ends on January 14th. Once payment plan enrollments are closed, payment in full is required.

2021 - 2022 Payment Policy Summary

Full payment or enrollment in a payment plan is required for all tuition and fees, including housing and meals, by the following dates for students registered before the first day of class.

- Fall 2021 - August 11, 2021 on campus payments, or on-line (PAWS).
- Spring 2022 - January 5, 2022 campus payments or on-line (PAWS).

Full payment or enrollment in a payment plan is required for all tuition and fees, including housing and meals, by the following dates for students registering during the late registration period.

- Fall 2021 - August 23, 2021 on campus payments, or on-line (PAWS).
- Spring 2022 - January 14, 2022 campus payments or on-line (PAWS).

Class cancellations will occur on the following dates:

- Fall 2021
  - 1st cancellation - August 12, 2021, if account is not paid in full or nor enrolled in a payment plan.
  - 2nd cancellation - August 24, 2021, if account is not paid in full or not enrolled in a payment plan.

- Spring 2022
  - 1st cancellation - January 6, 2022, if account is not paid in full or not enrolled in a payment plan.
  - 2nd cancellation - January 18, 2022, if account is not paid in full or not enrolled in a payment plan.

Late Registration and Re-registration Periods:
Fall 2021: August 17-23, 2021
Spring 2022: January 10-14, 2022

- Students registering during the late registration period will be assessed $100 Late Registration.

PLEASE SEE https://www.southalabama.edu/departments/financialaffairs/studentaccounting/financialcalendar.html FOR SUMMER SEMESTER PAYMENT DEADLINES.

Financial Aid Refunds:

Financial Aid Refunds Will Be Distributed After Drop/Add.
The Office of Student Accounting will review eligibility after the third day of class and process the refunds within 10 business days. Refunds will continue to be processed via direct deposit and checks.

For more detailed information, please see the Schedule of Classes for fall semester. Remember, if you are a financial aid recipient, be sure to apply early and complete your file in a timely manner. Enrollment Services will be happy to direct students to the proper office, should assistance be needed.

Charging Privileges At The USA Bookstore (For Financial Aid Recipients Only):

Students who have been awarded financial aid may now charge their books at the USA Bookstore immediately. Students will no longer need to wait until their financial aid balance is returned to them to buy books. If a student has been awarded financial aid by USA's Office of Financial Aid and has excess funds after all tuition, fees, meals, and housing have been paid, he or she may charge up to $1,500 (or the available balance, whichever is less) of books at the USA Bookstore. The Bookstore will have the available amount at checkout. Bookstore charges will be placed on the student's account and covered by the financial aid disbursement. Bookstore charges will run from July 26, 2021 to August 23, 2021 for Fall Semester 2021, December 6 - January 17, 2022 for Spring Semester 2022.

University Withdrawals And Refunds

A student who withdraws from one or more courses may request a refund on course fees only. The refund period is the first two weeks of the semester.

<table>
<thead>
<tr>
<th>Withdrawal Date</th>

</tr>
</thead>
<tbody>
<tr>
<td>First eight days of classes</td>
<td>100%</td>
</tr>
<tr>
<td>Second six days of classes</td>
<td>50%</td>
</tr>
</tbody>
</table>

For complete withdrawals, other fees are also proportionately refunded, except those listed as nonrefundable. The actual dates for withdrawals are shown in the University Calendar section of this Bulletin.

Application fees and registration fees (including the late-registration or late-payment fees) are nonrefundable fees.

A student called for military service during the school term should consult the Office of Student Accounting regarding refunds of fees.

Housing and Meal Plan refund information is located at: https://www.southalabama.edu/departments/housing/financialpolicies.html.

Guaranty Tuition Bond

For certain distance education courses, the University of South Alabama maintains a guaranty tuition bond covering any amounts of tuition that may be refundable according to the policies of the University. To obtain a copy of this bond, please e-mail your request to USAonline at ecampus@southalabama.edu.

Federal Financial And Recipient Withdrawals And Refunds

Return Of Federal Financial Aid Refunds

In accordance with federal guidelines, when a student completely withdraws from school, a portion of Federal Financial aid grant or loan funds, except for Federal Work-Study earnings, must be returned to the applicable federal program(s). If a federal aid recipient completely withdraws from school after beginning attendance, the amount of federal aid earned by the student must be determined based on the number of days the student attended in the given term. If the amount disbursed to the student is greater than the amount the student earned, the unearned federal aid funds must be returned. Federal aid funds will be returned in the following order:

- Unsubsidized Direct Stafford loans (other than PLUS loans)
- Subsidized Direct Stafford loans
- Federal Perkins loans
• Direct PLUS loans
• Federal Pell Grants
• Federal SEOG
• Federal TEACH Grants
• Iraq and Afghanistan Service Grant

NOTE: If your Title IV Financial Aid required return is greater than the posted University refund at the time of your withdrawal, you will owe the difference to the University. The Office of Student Accounting will notify you of the amount due.

If a student completely withdraws after completing 60% of the term, then it is assumed that the student has earned 100% of their federal aid award, and no funds will be returned to the federal programs.

Return Of Department Of Defense Tuition Assistance Funds

In accordance with the Department of Defense Memorandum of Understanding (MOU), the University is required to return unearned funds to the program, if a student withdraws from a course paid for by Department of Defense funds (tuition assistance), based on the following schedules:

<table>

Delinquent/Unpaid Accounts

In the event of an unpaid balance of any nature on the student’s account (including any unpaid check returned by a bank) the following services will be withheld until the balance is paid in full:

• Enrollment for subsequent terms
• Transcripts, including any for transfer of college credits
• Grades, including viewing on PAWS
• Diploma

If it is necessary to refer an unpaid account to an outside collection agency, any costs and fees of collection (up to 34% of the debt) will be added to the student's account, and the account will be reported to the credit bureaus. If legal action is required to collect the account, attorney fees will be added to the amount due.
Offset Of Funds

If a student’s University account has an outstanding balance due, of any nature, including departmental fines and the University has in its possession any funds payable to the student (from payments or credits applied to the student’s account, payroll checks, and/or any other source, except federal financial aid awards), the University reserves the right to withhold the funds necessary to clear the student’s outstanding balance and to cover any collection costs incurred. Once those amounts are paid, any remaining funds are paid to the student.

Check-Cashing Service

Checks drawn on out-of-town banks to a maximum of $25.00 may be cashed at the Office of Student Accounting by presenting a valid I.D. card. A $15.00 charge will be made on each returned check not paid by the bank. Checks are not cashed for students during the last two weeks of classes each semester.
Financial Aid

General Information

Purpose
The University of South Alabama (USA) subscribes to the principle that the purpose of financial aid is to provide assistance to students who, for lack of funds, would otherwise be unable to attend college. Financial aid is offered according to each student's need in relation to college costs. Aid offers may include grants, loans and part-time employment, and may be offered to a student in various combinations.

Inquiries about financial aid should be addressed to the Office of Financial Aid, 390 Student Center Circle, 1200 Meisler Hall, University of South Alabama, Mobile, AL 36688-0002, telephone (251) 460-6231 or e-mail: finaid@southalabama.edu.

Applying For Financial Aid
Students interested in receiving federal student aid must complete the Free Application for Federal Student Aid (FAFSA) at https://fafsa.gov. The FAFSA must be filed each year and is available to complete starting October 1 for the upcoming academic year. USA's federal school code is 001057. By listing USA's federal school code and completing the FAFSA correctly, USA will receive the FAFSA electronically. Upon receipt of this data, notification will be sent via email of additional forms needed by the Office of Financial Aid.

Students are eligible to continue receiving financial aid as long as they meet federal aid eligibility criteria and the academic policies of the USA. Students must also meet the conditions of Satisfactory Academic Progress (SAP) as defined in the current University Bulletin.

Additionally, students may be asked to submit information such as tax transcripts and other documents to support the information provided on the FAFSA. Official aid offers will not be determined until all requested documents are received and reviewed.

When all required application information is submitted to the Office of Financial Aid, the student's file is reviewed and evaluated to determine eligibility for federal aid. Students are notified of their aid offers via their JagMail email address.

Application Deadlines
Students who submit all required application data early and correctly will receive priority for financial aid funding. Please refer to the Office of Financial Aid's website at https://www.southalabama.edu/departments/finaid/ for important deadlines.

Disbursement Of Financial Aid
Financial aid is typically disbursed on the eighth day of each academic term and paid to students at the rate of one-half (1/2) per semester.

Aid eligibility is determined at the end of the official Drop/Add period. Classes added after the Drop/Add period ends will not increase a student's aid eligibility.

All aid except Federal Work Study (FWS) will be applied to institutional charges. Students whose federal aid eligibility has not been determined by the payment deadlines or whose federal aid does not cover all institutional charges should be prepared to pay the difference with a personal check, credit card or enroll in the University Payment Plan. If the amount of aid is more than institutional charges, the excess funds excluding scholarships will be issued a credit balance refund by the Office of Student Accounting.

Admission
To be considered for financial aid, a student must be accepted for admission. A student must be classified as a degree seeking student in an eligible program and major. Students who are non-degree, unclassified, transient, or audit students are not eligible to receive financial aid. Only courses required for the student's degree program can be used to determine enrollment status.

Citizenship
For all programs, an applicant must be a citizen of the United States or an eligible noncitizen.
Grants

Federal Pell Grant
The Federal Pell Grant is a need-based grant given to undergraduate students who are enrolled in a bachelor’s degree program. Eligibility is determined through a standard formula established by Congress, which is used to evaluate the information reported on the FAFSA. This will produce an Expected Family Contribution (EFC). The amount of Pell Grant that the student is eligible to receive depends on the EFC, and enrollment status. Pell Grant is prorated for three-quarter, half-time, or less-than-half time enrollment. Students must be enrolled full time in order to receive the full amount of the Pell Grant listed on their finalized aid offer. A student’s Pell Grant eligibility cannot exceed 600% which is the equivalent of 12 full time semesters. Pell Grant does have to be repaid.

Federal Supplemental Educational Opportunity Grant (FSEOG)
The Federal Supplemental Educational Opportunity Grant (SEOG) is a need based grant given to undergraduate students who are enrolled in a first bachelor’s degree program and are Federal Pell Grant eligible. Students with the highest need are given priority. SEOG funds are limited and are given to eligible students until the funds are depleted. SEOG does not have to be repaid.

Federal Teacher Education Assistance For College & Higher Education (TEACH) Grant
Federal Teacher Education Assistance for College & Higher Education (TEACH) Grant are conditional grants of up to $4,000 per year provided to students who intend to teach in a public or private elementary or secondary school that serves students from low-income families.

In exchange for receiving a TEACH Grant, students must agree to serve as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves low-income students. For more information on high-need fields and schools serving low-income students, visit [https://studentaid.gov](https://studentaid.gov).

As a recipient of a TEACH Grant, students must teach for at least four academic years within eight calendar years of completing the program of study for which they received a TEACH Grant.

To receive a TEACH Grant, students must meet the following criteria:

- The Free Application for Federal Student Aid (FAFSA) must have been filed for the application year and USA must have the results of the FAFSA.
- Be a U.S. citizen or eligible non-citizen.
- Meet USA’s Satisfactory Academic Progress standards.
- Attend each term at USA. Disbursement amounts are prorated based on hours of attendance. (ex: Full Time - 100% award, 3/4 time - 75% of award, 1/2 time - 50% of award, less than half time - 25% of award)
- If an undergraduate student (second bachelor’s student are not eligible):
  - Be enrolled in the College of Education and Professional Studies in an eligible TEACH Grant major.
  - Maintain a cumulative USA GPA of at least a 3.25
  - A final high school GPA of 3.25 for a new first year students or a cumulative USA GPA of 3.25 for continuing students.
- If a graduate student (not eligible if received TEACH for previous degree in same teaching field):
  - Be enrolled in the College of Education and Professional Studies in an eligible TEACH Grant major.
  - Maintain a cumulative USA GPA of at least a 3.25.
  - An overall undergraduate GPA of at least 3.25 documented on the transcript at the time of graduation for new graduate students or a cumulative USA graduate GPA of 3.25 for continuing graduate students.

If a student receives a TEACH Grant but does not complete the required teaching service, the student will be required to repay the grants as a Federal Direct Unsubsidized Direct Loan with interest charged from the date of each TEACH Grant disbursement.

Alabama Student Assistance Program (ASAP)
Alabama Student Assistance Program (ASAP) is a need-based grant offered to eligible Alabama residents seeking a first undergraduate degree and are Federal Pell Grant recipients.

The amount of ASAP offered depends on the student’s need, the amount of funds allocated to USA, and the availability of funds.
Federal Work Study (FWS)

The Federal Work Study (FWS) Program is a federally funded part time work program administered through the Office of Financial Aid. FWS funding is need-based and offered to students based on their eligibility as determined by the FAFSA and other financial aid criteria. Students must indicate their interest in the FWS program on the FAFSA to be considered each academic year. FWS funds are limited and are offered to eligible students on a first come first serve basis until the funds are depleted.

The Office of Financial Aid will offer FWS to students as part of their overall financial aid package. These funds must be earned and will not be available at the time of registration for the payment of fees. The amount listed on a student’s aid offer is the maximum amount available to earn from the FWS program and will usually allow student employees to work up to 15 hours per week. FWS student employees are paid bi-weekly or every other week. Each student is required to accept their FWS offer, complete orientation, locate a job and begin working within 30 days of the first day of class.

The FWS Program provides funding for both on campus and off campus jobs based on the student’s institutional housing plans on the FAFSA. Students assigned on campus FWS are able to apply for jobs that are available on USA’s campus. Students who are assigned off campus FWS may apply for community service-based jobs or through USA’s Students Teaching America’s Youth (STAY) program in partnership with the Mobile County Public School System (MCPSS) elementary schools under the America Reads Program. Through the STAY program, FWS students assist teaching students in approved Mobile County public elementary schools. STAY students are required to pay for a nationwide background check and be cleared before working in the elementary school. Some community service opportunities may require a background check as well. FWS Jobs are offered exclusively posted on https://southalabama.joinhandshake.com/login.

Student Employment Program

Part-time employment is available to students through individual departments or colleges. Students should contact departments or colleges directly regarding possible employment opportunities for student employment.

Off-Campus Employment

The Office of Financial Aid provides a job database which is a federal funded referral service for students seeking employment. The job referral services are provided to help students meet the increasing cost of education. Announcements of part-time job openings in the Mobile area are posted in Handshake at https://www.southalabama.edu/departments/finaid/job.html. Students must be enrolled at USA to access the job listings.

The Job Location and Development (JLD) Program is a federally funded program administered through the Office of Financial Aid and is dedicated to helping students find part-time employment. The primary goal of this program is to help currently enrolled students locate off-campus, part-time job opportunities regardless of financial need. Announcements of part-time job openings in the Mobile, AL and surrounding areas are posted in Handshake at https://www.southalabama.edu/departments/finaid/job.html. Students must be enrolled at USA to access the job listings.

Loans

Federal Direct Loans are low interest loans that undergraduates, parents of dependent undergraduates and graduates may obtain from the federal government. They include the Federal Direct Subsidized Loan, Federal Direct Unsubsidized Loan, Federal Direct Parent Loan for Undergraduate Students (PLUS) Loan and the Federal Direct Graduate PLUS Loan. These loan programs were created by Congress to help all eligible students and parents with and without financial need pay for educational expenses. Students must be enrolled at least half time to be eligible to receive Federal Direct Loan funds.

The type of Federal Direct Loan a student may borrow is based mainly on the student’s demonstrated need. Demonstrated need is the student’s Cost of Attendance minus the Expected Family Contribution, which is calculated from the information submitted on the FAFSA, minus other aid.
Federal Direct Loans have loan origination fees that are a percentage of the total loan amount. The loan fee is deducted proportionately from each loan disbursement that is received. Information regarding loan fees and interest rates can be found at https://studentaid.gov.

**Direct Subsidized Loan**

The Direct Subsidized Loan is offered to undergraduate students with demonstrated need. The federal government pays the interest while the student is in school.

**Direct Unsubsidized Loan**

The Direct Unsubsidized Loan is offered to both undergraduate and graduate students without demonstrated need. The student pays the interest while in school and during the grace period. Undergraduate students may receive a combination of both Subsidized and Unsubsidized loans depending on their eligibility of need versus no-need and their dependency status.

**Federal Direct Loan Limits:**

**Dependent Undergraduates:**

- Freshmen may borrow up to $5,500 per year. (Not to exceed $3,500 in Federal Direct Subsidized Loans)
- Sophomores may borrow up to $6,500 per year. (Not to exceed $4,500 in Federal Direct Subsidized Loans)
- Juniors and Seniors may borrow up to $7,500 per year. (Not to exceed $5,500 in Federal Direct Subsidized Loans)
- The maximum that all dependent undergraduates may borrow for all years is $31,000 (not to exceed $23,000 in Federal Direct Subsidized Loans).

**Independent Undergraduates:**

- Freshmen may borrow up to $9,500 per year. (Not to exceed $3,500 in Federal Direct Subsidized Loans)
- Sophomores may borrow up to $10,500 per year. (Not to exceed $4,500 in Federal Direct Subsidized Loans)
- Juniors and Seniors may borrow up to $12,500 per year. (Not to exceed $5,500 in Federal Direct Subsidized Loans)
- The maximum that all independent undergraduates may borrow for all years is $57,500. (Not to exceed $23,000 in Federal Direct Subsidized Loans)

**Graduate Students:**

- Graduate students may borrow up to $20,500 per year in Federal Direct Unsubsidized Loans.
- The maximum that all graduate students may borrow is $138,500. (including Federal Direct Loans received as an undergraduate student)

The table below displays sample repayment plans. The minimum Federal Direct Loan payment is $50 per month, and repayment usually begins six (6) months after a student graduates, drops below half-time enrollment or leaves school.

Federal Direct Parent Loan For Undergraduate Students (PLUS)
The Federal Direct Parent Loan For Undergraduate Students (PLUS) allows parents to borrow up to the Cost of Attendance, less other financial aid. A credit check is required for all Federal Direct PLUS Loan applications. The parent borrower is generally expected to start making payments on the Direct PLUS Loan once the loan is fully disbursed. However, the parent borrower may request a deferment while the student is enrolled at least half-time and for an additional six months after the student graduates, leaves school, or drops below half-time enrollment. A student must be enrolled at least half-time to be eligible for the funds. Please visit https://studentaid.gov for current loan fees and interest rates.

Federal Direct Graduate PLUS Loan
Federal Direct Graduate PLUS loans are federally sponsored loans for students attending graduate school. With a Graduate PLUS Loan, students may borrow up to the full cost of their education less other financial aid received including Federal Direct Loans. A credit check is required for all Graduate PLUS Loan applications. A student must be enrolled at least half time to be eligible for the funds. Repayment of Graduate PLUS Loans is not required while the student is in enrolled at least half-time, and for an additional six months after graduation, leaving school or dropping below half-time enrollment. Please visit https://studentaid.gov for current loan fees and interest rates.

Federal Direct Student Loan Counseling
Entrance Counseling
Students receiving Federal Direct Loans for the first time at USA must complete online Entrance Counseling before receiving their student loan disbursement. During Entrance Counseling, students will be informed of their rights and responsibilities as borrowers, advised on the consequences of excessive borrowing, of defaulting on a student loan, and given tips on money management. Students must complete Entrance Counseling online at https://studentaid.gov.

Exit Counseling
Students who received a Federal Direct Loan while attending USA must complete online Exit Counseling before leaving the University through graduation, withdrawal, transfer, or when dropping below half-time status. Students should complete Exit Counseling online at https://studentaid.gov. Completion of Exit Counseling will not prevent receipt of federal aid in the future or prevent a student from returning to school.

Overawards
Definition
When students receive federal funds, their financial need is established according to federal guidelines. Students may not receive more financial assistance than their Cost of Attendance. This occasionally occurs when students receive funds from other sources after the Office of Financial Aid issues a financial aid offer. This situation is called an over award.

When overawards occur, the Office of Financial Aid is required to adjust the student's financial aid. Students may be required to repay some of the funds they have already received.

To prevent over awards, students should take the following steps:

- Notify the Office of Financial Aid of any assistance from outside sources not listed on the award letter such as scholarships, ROTC, etc.
- Check with the Office of Financial Aid before applying for financial assistance from other sources.

Federal Financial Aid Recipient Withdrawals And Refunds To Title IV Refunds
The Return to Title IV Funds Policy applies to all federal aid recipients who completely withdraw from the university or cease attending all classes during the term of enrollment, after federal aid has been disbursed. Federal financial aid recipients considering withdrawing from all courses are advised to contact the Office of Financial Aid prior to withdrawal. PLEASE NOTE: This policy would not apply to students who withdraw from some classes but continue participating in and ultimately earn credit
for their remaining classes. However, withdrawing from any classes can still impact future federal financial aid eligibility. Please refer to USA’s Satisfactory Academic Progress Policy for more information.

Federal financial aid (Title IV aid) is offered under the assumption that the student will attend school for the entire term of enrollment for which the federal aid is received. When a Title IV aid recipient completely withdraws or ceases attendance in all classes, on or before completing 60% of the term, the University is required to return a percentage of the disbursed aid.

1. Official Withdrawals:

Official withdrawals occur when an enrolled student drops all registered courses for the term through their PAWS account. Students may contact the Office of the Registrar at (251) 460-6251 or by email at registrar@southalabama.edu for more information regarding the official withdrawal process.

2. Unofficial Withdrawals:

Unofficial withdrawals occur when an enrolled student begins attendance, received federal Title IV aid, but ceases to attend class without officially withdrawing; the student is considered to have unofficially withdrawn for federal Title IV aid purposes. This includes students who earn failing grades in all classes if it is determined the student ceased attending classes before the end of the term. The withdrawal date for students who unofficially withdraw is the last date of class participation reported by the student’s instructor(s).

When a student is considered to have completely withdrawn during a semester in which he/she has begun attendance and received federal Title IV aid, federal regulations require the University to perform a calculation to determine the amount of Title IV aid that was earned versus unearned. A student is only eligible to retain the percentage of Title IV aid originally disbursed that is equal to the percentage of the term of enrollment actually completed by the student. If the amount disbursed to the student is greater than the amount the student earned, the unearned Title IV aid funds must be returned.

Example: If a student completed 30% of the term, the student would earn 30% of the aid they were originally scheduled to receive. The unearned Title IV aid must then be returned to the appropriate federal aid program(s). If more than 60% of the term of enrollment has been completed by the student, the student is considered to have earned all of the disbursed aid for the term and no Title IV aid needs to be returned.

In accordance with federal regulations, unearned Title IV aid shall be returned in the following order:

- Federal Direct Unsubsidized Stafford Loans
- Federal Direct Subsidized Stafford Loans
- Federal Direct Parent or Graduate PLUS Loans
- Federal Pell Grants
- Federal Supplemental Educational Opportunity Grants (SEOG).
- Federal Teacher Education Assistance for College and Higher Education Grants (TEACH)
- Iraq and Afghanistan Service Grant

The unearned portion of the Title IV aid will be charged back to the student’s billing account and must be repaid by the student. A hold will be placed on the student’s account by the Office of Student Accounting until the outstanding balance is repaid. If it is determined that a portion of a student’s federal financial aid must be returned due to completely withdrawing from the school, an email notification will be sent to the student’s Jag Mail account.

The requirements of the Return to Federal Financial Aid (Title IV aid) program funds when a student withdraws are separate from other USA refund policies. If a student’s required return to the Title IV aid program(s) is greater than the posted University refund at the time of withdrawal, the student will owe the difference to the University. Therefore, a student may still owe funds to the school to cover unpaid institutional charges and/or any federal aid funds that the school was required to return.

**Student Rights**

**Students Have The Right To Know**

1. The names of organizations which accredit and license the University;
2. About the University's programs, instruction, laboratories, physical facilities, and faculty;
3. The cost of attending the University and its refund policy;
4. The type of financial assistance offered by the University from federal, state, local, and private programs;
5. Who the financial aid personnel are and the location of the Office of Financial Aid;
6. What the procedures and deadlines are for applying for financial aid;
7. How the University selects its financial aid recipients;
8. How the University determines financial need;
9. How much financial need has been met;
10. How financial aid is received;
11. About each type of financial assistance offered;
12. Information about all student loans offered;
13. The kind of Federal Work Study (FWS) jobs that are offered, hours, duties, rate, and frequency of pay;
14. When and how financial aid offers are adjusted;
15. About special facilities for the handicapped; and
16. The University's Satisfactory Academic Progress (SAP) Policy.

Consumer Complaint Procedures

Students and prospective students should be aware that, should they have concerns or complaints related to the management or conduct of the Title IV financial assistance programs or to misleading or inappropriate advertising and promotion of the institution's educational programs, this institution has a complaint procedure. To the extent possible, students must seek a resolution of such matters through the institution's internal complaint procedure before involving others. Students with complaints should refer to the guidelines at https://www.southalabama.edu/departments/studentaffairs/grievances.html. Should the institution not be able to resolve the problem, students may contact the Department of Education Ombudsman at 1 (202) 401-4498 or toll free at 1 (877) 557-2575.

Student Responsibilities

Students Have The Responsibility To:

1. Review and consider all information about the University before enrolling;
2. Pay special attention to the application for financial aid, complete it accurately, submit it on time and to the right place;
3. Know all deadlines for applying for aid and meet them;
4. Provide all required documentation, corrections, and/or information requested by the Office of Financial Aid;
5. Notify the University of any information that has changed since the financial aid application was submitted;
6. Read, understand, and keep copies of all forms;
7. Repay any student loans borrowed;
9. Notify the Office of Financial Aid of a change in name, address, or enrollment status (half-time, full-time, three-quarter-time);
10. Satisfactorily perform the work agreed upon in a Federal Work-Study (FWS) job;
11. Understand the University's refund policy.

Satisfactory Academic Progress Policy

Federal financial aid funds are given with the understanding that students will make progress toward their chosen degree. The University of South Alabama, as directed by the U.S. Department of Education, has established guidelines (Standards of Satisfactory Academic Progress) to follow in order to meet this goal. To download a copy of the policy, please visit https://www.southalabama.edu/departments/finaid/sap.html.

Standards of Satisfactory Academic Progress apply for the following types of federal financial aid funds:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (SEOG)
- Federal Work-Study (FWS)
• Federal Perkins Loan
• Federal Direct Loans (Subsidized & Unsubsidized)
• Federal Direct PLUS Loan
• Federal Direct Graduate PLUS Loan
• Federal Teacher Education Assistance for College & Higher Education Grant (TEACH)
• Iraq and Afghanistan Service Grant

The requirements of this policy apply to all undergraduates, graduates, and doctoral students including all levels of enrollment. Satisfactory Academic Progress is evaluated at the end of each semester.

**Student Standards For Satisfactory Academic Progress (SAP)**

The Standards of Satisfactory Academic Progress (SAP) are comprised of the following components. Students who fail to meet any one of these academic standard components outlined below will lose their eligibility for federal financial aid funds. Students can view their SAP status at any time on PAWS.

**Cumulative Grade-Point Average (CGPA):** Undergraduate students must maintain a minimum CGPA of at least 2.0 on all credit hours attempted at USA. **PLEASE NOTE:** Undergraduate students enrolled in programs in the College of Education after being admitted to Candidacy must have and maintain a minimum 2.2 CGPA for non-teacher certification programs, or a 2.75 CGPA and 2.75 program GPA for teacher certification programs.

Graduate students must maintain a CGPA of 3.0 to meet minimum CGPA requirements. **PLEASE NOTE:** Graduate students enrolled in the College of Education after being admitted to Candidacy must maintain a CGPA of 3.25 as well as a 3.25 program GPA and a 3.5 GPA for Educational Specialist Degree programs in order to graduate.

1. **Pace of Progression Requirements:** To ensure that students earn a degree within the maximum time frame allowed, students must be passing 67% of all attempted hours (including transfer hours).
2. **Maximum Time Frame:** Federal financial aid funds cannot be paid to a student who exceeds 150% of the published length of the degree program (including transfer hours) in credit hours.

Examples: (1) If a student’s degree is a 120 hour program: 120 x 150% = 180 attempted hours maximum time frame. The student is eligible for only the first 180 hours attempted. (2) If a student transfers and bring 70 hours credit into a 120 hour program: 120 x 150% = 180 – 70 = 110 hours maximum time allowed for degree funding (transfer credits count towards credit hours attempted and earned so when the student transfers, the initial calculation would be 70/70).

**PLEASE NOTE**

• Assigned grades of A, B, C, D, F and F* are all included in the CGPA, Pace of Progression, and Maximum Time Frame components. Courses with non-assigned letter grades of S, P, U, U*, I, X, WD, AU, UA, and N are considered in Pace of Progression and Maximum Time Frame components but are not included in the CGPA component.
• All terms of attendance are reviewed including terms when no federal financial aid funds were received.
• Students transferring to USA are assumed to be maintaining Satisfactory Academic Progress. Grades from transfer credits will not factor into the CGPA at USA but transfer credits will count as credits attempted and credits earned.
• A student may elect to declare Academic Bankruptcy, as defined in the USA Bulletin, in which none of a student’s prior course work is counted towards completion of grade requirements and the computation of their institutional CGPA. Credit hours and grades earned prior to declaring Academic Bankruptcy will continue to be included in the determination of Satisfactory Academic Progress.
• Repeating classes may negatively affect federal aid eligibility. A student who remains otherwise eligible to receive federal financial aid funds under the applicable requirements, including this SAP Policy, may repeat failed classes and continue to receive federal financial aid funds. Similarly, an otherwise eligible student may repeat a previously passed course once and continue to receive federal financial aid funds. All attempts of a course, including repeat courses, are included in CGPA, Pace of Progression, and Maximum Time Frame components. Changes to a student’s CGPA due to grade replacement will not be taken into account until the grade replacement is approved in accordance with the Grade Replacement Policy. Grade replacement will allow for a prior grade earned not being included in the CGPA component, if approved by the Registrar’s Office; however, all attempts will still be counted in the Pace of Progression and Maximum Time Frame components.
• All remedial courses are included in CGPA, Pace of Progression, and Maximum Time Frame components.
Students classified as pursuing a second Bachelor’s degree will continue to be evaluated on Pace of Progression and Maximum Time Frame components stated above. For students who pursue a second degree at USA, a CGPA of 2.0 must be maintained. In calculating the Maximum Time Frame component, the published program length for the second degree will be reduced by the number of general education credit hour requirements earned from the first degree (generally 40 credit hours).

For students changing programs or majors prior to completion, all credit hours and grades will continue to be included in CGPA, Pace of Progression, and Maximum Time Frame components.

Students in candidacy status in a program in the College of Education who fail to meet the minimum CGPA requirement at the end of a semester will automatically be removed from candidacy status and evaluated under the minimum CGPA requirement for students not in a candidacy status.

Satisfactory Academic Progress (SAP) Evaluation – Financial Aid Warning Status

Students who have been receiving federal financial aid funds in a clear SAP status and fail to meet one or more of the SAP components at the end of a semester will automatically be placed on Financial Aid Warning and will be eligible to receive federal financial aid funds for one additional semester. Students who do not meet Satisfactory Academic Progress requirements after this period of Financial Aid Warning will be denied eligibility for future semesters until they have met SAP requirements or submit an appeal that is approved.

Students that have exceeded the Maximum Time Frame component will NOT be eligible for one term of Financial Aid Warning Status but may submit an appeal as indicated below.

Satisfactory Academic Progress (SAP) Appeal Procedures And Financial Aid Probation

Students who fail to meet the components of Satisfactory Academic Progress (SAP) after one semester on Financial Aid Warning status will be sent an e-mail notifying them that they are no longer eligible to receive federal financial aid funds. Students have the option to appeal the loss of federal financial aid eligibility as follows:

- If the failure to maintain SAP was due to extenuating circumstances (examples: a significant injury or illness of the student or the death of an immediate family member), students may submit an appeal through the USA Financial Aid Verification Portal. Once logged in, the appeal can be initiated by selecting the +/- Request box in the upper right-hand corner of the page and selecting the green plus sign for SAP appeal for the appropriate aid year.

- Students are strongly encouraged to submit their letter of appeal within 15 days of being notified of their aid suspension. Submitting an appeal letter does not guarantee that financial aid will be reinstated. Results of the financial aid appeal letter can be viewed in PAWS under “Academic Progress” within 14 business days of submission.

- If the appeal is approved and minimum requirements can be met in one additional term, the student will be placed on Financial Aid Probation. If it will require more than one additional term to meet SAP requirements, a student whose appeal has been approved will be placed on an Academic Plan where such a plan will make it possible for the student to meet the institution’s SAP requirements within a reasonable timeframe. The student will be eligible for federal financial aid funds during the period of Financial Aid Probation and Academic Plan. As part of any Financial Aid Probation status or Academic Plan, a student is required to complete a Financial Aid Probation Agreement which must be signed by the student and their academic advisor. If the student’s appeal is not successful, the student will not be eligible for federal aid.

- Note: Circumstances related to the typical adjustment to college life such as working while attending school, financial issues related to paying bills and car maintenance/travel to campus are not considered as extenuating for purposes of appealing suspension of federal financial aid funds.

- If a student fails to meet the terms of the Financial Aid Probation or their Academic Plan, any additional federal financial aid funds will be denied until minimum standards are met.
USA Education/Study Abroad

Students wishing to use financial aid for study abroad opportunities should contact the Office of Financial Aid and the USA Office of International Education. Financial aid may be available based on student eligibility and certification of the program through the USA Office of International Education in collaboration with the USA Office of Financial Aid.
Scholarships

USA’s scholarship opportunities include four-year, renewable Freshman Scholarships for incoming traditional freshmen, one year General Scholarships for new and Current Students, Transfer Scholarships, and Departmental Scholarships awarded by the various colleges and schools on campus.

Students should visit the Office of Scholarship Services website, at www.southalabama.edu/scholarships, for a complete list of all scholarship opportunities and to access JagSPOT.

Students use JagSPOT – USA’s Scholarship Program Opportunity Tracker - to search for scholarships, complete applications, and accept/track offers.

All incoming students must complete the application process by December 1st to ensure consideration for general and departmental scholarships. Individual scholarship deadlines vary.

Scholarships are awarded using a variety of factors including, but not limited to, academic achievement, departmental and community involvement, employment experience, areas of study, and financial need.

Students receiving University scholarships will have the award credited to their tuition and fees due each semester. Any balance from scholarships may be eligible to pay for associated academic costs such as books at the USA Bookstore, USA Housing and USA Food Service. Review your individual award letter for specific eligibility. Annual University scholarships are split between Fall and Spring semesters.

Any awards or scholarships funded by USA are considered institutional aid. Some examples of institutional aid are admission based scholarships, departmental awards, employee tuition assistance, housing benefits and athletic scholarships. USA reserves the right to adjust aid if a student receives multiple scholarship awards or exceeds the institutional maximum.

Scholarships For Freshman Students

Mitchell-Moulton Scholarship Initiative

Under the Mitchell-Moulton Scholarship Initiative, USA offers several scholarship levels based on standardized test scores, high school GPA and area of study. The University’s largest scholarship programs for academic achievement are:

USA Freshman Admission Scholarships For First-Time Freshmen

All first-time freshmen who meet the USA Freshman Admission Scholarship Program requirements, funded by the Mitchell-Moulton Scholarship Initiative, by December 1st will be guaranteed a scholarship award. USA Freshman Admission Scholarship Program levels can be viewed at Freshman Scholarships.

Abraham Mitchell Scholars Program In Business

The Abraham Mitchell Scholars Program allows elite business students to develop to their full potential. Through faculty mentorships and a four-year scholarship that includes a laptop computer, scholars will pursue challenging programs while developing stewardship and civic responsibility.

After acceptance to USA, incoming first-time freshman majoring in the Mitchell College of Business will automatically be reviewed for the Abraham Mitchell Scholarship award.

For more information and qualifications visit the Mitchell Scholars Program website.

Please note: Students who are awarded both a Mitchell Business Scholarship and a USA Freshman Admission Scholarship must choose which scholarship they wish to accept.
USA Honors College

The University of South Alabama Honors College offers a curriculum of interdisciplinary excellence designed to stimulate the analytical and critical thinking of exceptionally qualified and highly motivated students. The USA Honors College challenges each student through discussion, research, creative scholarship, intercultural engagement and the arts in an effort to create the feel of a small college environment in the midst of the opportunities provided by a large urban university.

The USA Honors College provides its students with opportunities for travel, research programming support, and unique opportunities throughout their four years of enrollment. These experiences and activities are designed to foster student success and encourage students to participate in enhanced intellectual experiences.

A limited number of scholarships are awarded competitively and are available to students of the USA Honors College once admission is complete. Additional scholarships may be available as the student progresses through the Honors College.

First-time freshman, who meet the December 1st priority deadline, have a qualifying score on the ACT/SAT and have at least a 3.0 cumulative high school GPA, will automatically receive the USA Freshman Admissions Scholarship that matches their profile.

Please note: Students who are awarded both a Whiddon Honors Scholarship and a USA Freshman Admission Scholarship must choose which scholarship they wish to accept.

Visit the USA Honors College website to learn more information.

Scholarships For Transfer Students

Scholarships For Community College Transfer Students

USA offers a variety of scholarships to admitted Community College transfer students based on criteria such as academics and academic extracurricular activities. These scholarships are competitive and do require an application. Please note that for the purpose of these scholarships, you will only be considered if you have earned at least 48 credit hours at an approved community college.

To ensure consideration, students accepted for admission must apply through the JagSPOT portal prior to the transfer priority deadline. For questions about specific requirements or how to apply, please contact the Office of Scholarship Services.

Scholarships For Current, Incoming, And Transfer Students – Other University Scholarship Opportunities

Current, Incoming, And Transfer Students - Other University Scholarship Opportunities

USA offers scholarships for its students at every academic level, many of which are based on a student's academic discipline, leadership, and specific student interests. A student that has been admitted to USA can apply for scholarships available through the University by logging into JagSPOT. By using your Jag Number (student id) and JagMail (student email) password, you can log into JagSPOT to accept and apply for USA scholarships. After you complete the matching questions, JagSPOT will show you any recommended opportunities you are eligible for to apply for under the Application tab on the left-hand side.

You can view a complete list of scholarship opportunities at USA through the University A-Z or Departmental Scholarship directories.

For more information, or assistance, please contact the Office of Scholarship Services:

Office: (251) 461-1958

USA One Stop

At the University of South Alabama, there’s a shortcut for students with questions about everything from financial aid to academic resources to campus activities. It is called One Stop it makes problem-solving more convenient so students can focus on school and make the most of their college experience.

Whether you are getting a head start on planning for college, want to know more about your financial aid options, are a current student who needs assistance paying a bill, locating a transcript, or finding a job, the USA One Stop provides access to Academic, Campus, and Financial resources all in one location. On the One Stop website, there are specific links for all sorts of task.

The USA One Stop is staffed with a combination of professional student support advocates and a team of cross-trained student assistants. If you cannot find what you need online, or simply want to speak with someone in person, contact our team today – we are here to assist. If you’ve got questions, we’ve got answers.

One Stop is your go-to for assistance with resources and support services across USA. This is your experience; we are here to connect you!

You can reach us by calling 251-341-4USA, visiting us in Meisler Hall, emailing us at onestop@southalabama.edu, or live chatting us at www.southalabama.edu/onestop.

South CARES

South CARES is USA’s Collaborative Access, Resources, and Emergency Support program. At South, we are committed to your success and stand ready to support you in navigating your journey in whatever that includes.

The South CARES team was established to support students when unexpected challenges rise and may impact your ability to be successful. Our team can provide guidance and connect you to the resources necessary to flourish in your academic pursuit. This includes short term financial hardship, money management programs, a one-on-one resource connection.

You can reach our team by calling us at 251-341-4USA, emailing us at southcares@southalabama.edu, or visiting our portal.

The South CARES portal will allow you to connect with us by submitting an online request for contact, securely. By giving us a little information about your situation we can match you with a Student Aid Advocate, who can help identify resources and programming for your specific need.
Global USA

Global USA is a division of Academic Affairs and is the central international office for the University of South Alabama. This division supports the University's Strategic Priority of Global Engagement by working with colleges, departments, faculty, staff, students and the Mobile area community to facilitate the comprehensive internationalization of the University of South Alabama. Global USA encompasses all international and continuing education offices on the university's main campus in Mobile as well as our satellite campus in Fairhope, Alabama.

The Office of Immigration is designed to handle immigration and compliance for both students and scholars. The Office of International Admissions and Student Programs is specifically designed to assist with admissions, support services, and activities for international students and scholars. The Office of Global Outreach is in charge of all international recruiting. The Office of International Education connects students to study abroad programs in a variety of countries, facilitates foreign exchange programs and works with international partnerships. The Center for Continuing Education and Conference Services designs international and domestic camps, offers training programs and certificate programs, plans conferences and special events as well as provide continuing education for adults. USA Baldwin County offers another location for students to take credit and non-credit courses as well as being the site for many university and community events.

Global USA is here to serve and support our international students and scholars as well as our domestic students who are interested in traveling and studying all over the world.

Global Outreach

The Office of Global Outreach oversees and implements the University of South Alabama’s strategic plan for international student recruitment. Along with international and domestic recruitment travel, the Office of Global Outreach works closely with various educational organizations, institutions, consultancies and partners abroad. Faculty, staff, and university partners interested in collaborating with the Office of Global Outreach for international student recruitment should contact globalusa@southalabama.edu for more information. Prospective students can visit https://www.southalabama.edu/departments/globalusa/outreach/aboutus.html to see the international locations our recruiters will be visiting and inquire about attending events.

Office Of Immigration

southalabama.edu/bulletin 2021-22 GRADUATE/UNDERGRADUATE BULLETIN
The Office of Immigration at the University of South Alabama is responsible for immigration compliance for those foreign national student, scholars, faculty, and staff associated with the University and USA Health. The University of South Alabama does not discriminate on the basis of age, sex, race, color, religion or national origin. These provisions also apply to disabled individuals pursuant to current federal and state regulations subject to reasonable standards of admission and employment.

**Immigration Compliance**

The Office of Immigration is responsible for the development and implementation of policies and procedures associated with U.S. immigration compliance functions for foreign nationals associated with current and potential nonimmigrant degree and non-degree students, nonimmigrant faculty/staff employment, J exchange scholars (including postdoctoral trainees, medical trainees, degree and non-degree students, professors and research scholars), academic/co-curricular exchange program participants and international guests. Inquiries regarding immigration matters should be emailed to immigration@southalabama.edu. For specific immigration policies and procedure, please visit https://southalabama.edu/departments/immigration.

The Office of International Education provides to the University community information and support on international initiatives and is responsible for Education Abroad, student exchange and international partnerships as well as providing assistance with visiting international delegations, reviewing and approving university related travel abroad for students, faculty, and staff. OIE is actively involved in facilitating international academic exchange programs and additional international agreements for the University.

The Office of International Education is available for collaboration with local governmental, business and community organizations that foster international cooperation, exchange and understanding. All existing or proposed international programs, exchanges, contracts and grants are reviewed and registered with the Office of International Education. The director chairs the University Council on International Education and Scholarship (USACIES), whose members are appointed by the Senior Vice President of Academic Affairs and charged with disseminating information, developing, and guiding policy and planning for USA in the international arena.

**Study Abroad**

The Office of International Education administers all USA Education Abroad Programs and international cooperation agreements/contracts. In addition, the Director of International Education works in collaboration with University deans, division heads and directors responsible for curriculum and faculty development.

All USA students who plan to participate in a study, research, internship, work or virtual abroad opportunity must contact the Office of International Education for information on program advising and approval procedures.

### Center For Continuing Education And Conference Services

| Center for Continuing Education & Conference Services | Alpha Hall East 335
|-----------------------------------------------------|-------------------|
| Interim Director | Joy Aull
| Program Director | Ginger Wade
| Support Staff/Student Assistants | Alaynna Surcouf
| | Ana Claire Giffin
| | Autumn Faulkner
| Accountant | Patricia Miles
| Hazardous Material Instructors | Paul Phillips
| | Scott Faust
| | Chris Laytham

The mission of the Center for Continuing Education and Conference Services (CCE or the Center) is to provide innovative and in-demand educational programs and experiences to the Mobile, Gulf Coast and international communities focused on growing strategic partnerships, providing student enrichment opportunities and encouraging economic, civic and cultural development. The CCE offers professional and career development opportunities through noncredit seminars, courses and certificate programs. The Center also works with local businesses and industry to provide custom training solutions. In addition, the CCE enriches the lives of individuals who seek to invigorate their minds through noncredit enrichment course offerings including: foreign languages, art, music, literature, and leisure activities. The Center administers the awarding of Continuing Education Units (CEUs) and issues transcripts for noncredit courses, workshops, and conferences.

**Workforce Development**

The CCE offers continuing education programs for the working professional in the form of seminars, workshops, conferences, and short-term courses. University faculty, along with field experts, actively participate in the development and instruction of these programs. Staff members focus on meeting the needs of our regional community partners by assisting them in building human capital.

The CCE Safety and Emergency Response Training program serves industry, government and other agencies with state-of-the-art instruction in the handling of hazardous materials and emergency spills, technical rescue and incident command in accordance with state and federal regulations. The Center also offers training programs in mental health and crisis intervention for first responders and other primary responders such as school counselors and hospital personnel.
Career Development
Certificate programs are available for individuals seeking new careers or ways to advance in their current profession. Some of our certificate programs are Paralegal Studies, Photography and Medical Billing and Coding.

Recognizing that members of the community may need more flexibility than traditional in-person classes, the CCE has partnered with some of the most widely recognized providers of online educational courses to bring students learning opportunities in a plethora of areas for both professional development and personal enrichment.

Personal Enrichment
The CCE offers noncredit classes for adults in a number of areas for personal enrichment. Whether it is to learn a new hobby or simply have fun, the CCE selects instructors who are experts in their fields to provide engaging quality courses in a wide variety of topics including foreign languages, photography, music and physical activities.

Odyssey USA is the University's Institute for Learning in Retirement in Mobile. Senior adults have the opportunity to attend noncredit classes that are designed to satisfy the quest for knowledge in areas of the arts, history, music, literature, and other interesting disciplines. These students enjoy a broad selection of classes and events year-round. Courses are offered in four 6-week terms, and students may choose to take just one course at a time, or they may choose to take all that are offered. No membership fee is required; students only enroll in and pay for the courses that interest them.

Test Prep
With test preparation courses for the GRE®, GMAT®, LSAT®, Praxis®, SAT® and ACT®, the CCE is the Gulf Coast's leading test prep solution for admission exams. These courses are designed to strengthen students' performance in all core areas that are covered in the examinations, providing them a greater chance of success and a competitive edge among their peers. Also offered is a Part 107 Remote Drone Pilot Ground School to prepare students with the technical and practical understanding of the regulations, procedures, and aeronautical knowledge necessary to take and pass the FAA Part 107 Remote Pilot Certification Knowledge Test and receive their Remote Pilot rating which is required for commercial drone applications.

Summer Programs, Camps And Conferences
The CCE serves as a resource for event administration, registrations and payment processing for university departments and external groups. For external groups seeking to hold events at USA, the Center coordinates arrangements for University facilities and services. Our professional staff also provides event management services for educational events off-site. As part of Global USA, the Center assists other university departments with the logistics, coordination and management of short-term, non-credit international cohorts. Additionally, the CCE develops custom short-term, non-credit programs with academic enrichment and cultural components for domestic and international groups.

The University of South Alabama Baldwin County (USABC) was established as a campus of the University in August, 1984, to offer higher education in one of the fastest growing and most diverse counties in Alabama. USABC offers upper-level (junior and senior) undergraduate courses, graduate courses, and non-credit programs. The campus is in downtown Fairhope. The
classroom complex is at 111 St. James Avenue, the corner of Summit Street and St. James; and the College of Nursing building at 161 N. Summit Street.

Academic offerings include courses leading to Bachelor's degrees in Interdisciplinary Studies, Communication, Criminal Justice, Elementary Education, Emergency Medical Services and Nursing Accelerated BSN Track. Courses in business, education, and liberal arts are offered each semester which can be used as credit in a variety of degree programs. Faculty who teach these courses are hired by the University's academic divisions.

Computer services are provided for students and faculty. Classrooms have internet access and audio-visual equipment. The administration building contains a computer laboratory and computers are available in the building's lobby for use during business and class hours. An additional computer lab is located at the Classroom Complex.

Credit courses are offered during the day and the evening in Fairhope. Most evening courses meet once per week and day time courses meet in a variety of formats. USABC students are eligible for on-line courses scheduled by the academic departments. Check the USABC website for the complete schedule of courses for each semester.

Printed materials for admission, academic programs, financial aid and student services are available. Academic advising is available, by appointment, on the campus.

USABC supports the University's mission of public service by working cooperatively with community organizations. The Fairhope Film Festival is co-sponsored by USABC and is held in the USABC Performance Center, USABC co-sponsors Leadership Baldwin County which is open to adults in the county. Special events are held on the USABC campus throughout the year.
Academic Services

Student Academic Success

Student Academic Success supports the mission of the University by developing, implementing, and assessing initiatives and practices to ensure all students are offered the resources and relationships necessary for high quality learning, academic persistence, and degree completion. This includes Academic Advising & Transfer Services, the Center for Academic Excellence, Career Services, freshman learning communities, the university first year experience courses, and the USA Scholars initiative, including our Earn Back program. For more information visit https://www.southalabama.edu/departments/academicsuccess/.

Learning Communities

Freshman learning communities at South are focused on academic courses. A learning community usually includes two or three classes shared with other students enrolled in that community. Learning communities typically enroll about 25 first year students; generally, all students share their first year experience course. In most communities, students will share one or two additional classes with the same group of 25 students. Learning communities are designed to provide students with the opportunity to meet other students in the same major, to offer the best schedule for the first semester, and to maximize the applicability of courses should a student decide to change majors.

First Year Experience Courses

First year experience (FYE) courses are offered at universities around the world. At USA, this course was constructed by faculty and designed to address areas where first year students need additional development. Currently, first year experience courses are offered in the College of Arts and Sciences, the College of Education and Professional Studies, the College of Engineering, the Mitchell College of Business, the Pat Capps Covey College of Allied Health Professions, and the College of Nursing.

USA Scholars Initiative

The USA Scholars Initiative focuses additional attention on USA scholarship students who may be academically at risk. First year students whose fall GPA is below 3.0 may be contacted about additional resources designed specifically to increase academic insight. Included in this program is our Earn Back opportunity. Students who have lost their Freshman Admission Scholarship may be able to earn it back by participating in this program.

Academic Advising & Transfer Services

Students begin their relationship with their advisor during orientation. Students should meet with their academic advisor each term and are encouraged to meet as often as needed. Generally, students move to an advisor in their major when they complete between thirty and sixty credit hours. Students are expected to communicate with their assigned academic advisor regularly; however expectations for meetings vary by major and department. For more information visit https://www.southalabama.edu/departments/academicadvising/.

Students enrolled in Pathway USA meet with transfer advisors during enrollment at their community college prior to transferring to USA. Transfer students outside of Pathway USA are welcome to make an appointment with transfer advisors to discuss their transition to USA. Students may also be referred to major advisors as appropriate. For more information visit https://www.southalabama.edu/departments/admissions/pathwayusa/.

Pre-Health advising at the University of South Alabama offers valuable resources to students interested in a variety of graduate professional health programs. In order to prepare students for the rigorous demands of these programs, advisors provide information and guidance on required course work, admission test needs, the application process and non-academic requirements. Pre-health advising is provided as a supplement to major academic advising. All pre-health students have an academic advisor who will guide them in meeting requirements for graduation.

https://www.southalabama.edu/departments/academicadvising/pre-health/
The Center For Academic Excellence

The Center for Academic Excellence is a full-service learning center, providing subject tutoring, writing center consultations, workshops, and learning resources for all USA students. The Center for Academic Excellence strives to help every student reach their academic goals. The CAE’s academic enrichment services are grounded in a growth mindset that students can learn anything with hard work, perseverance, and good study habits.

The Center for Academic Excellence offers subject tutoring for a large variety of general education courses. Subject tutoring is a collaborative learning experience in which peers work together to develop knowledge, build skills, and think critically and creatively to solve problems. The CAE also provides writing center consultations for courses in any discipline. Writing center consultations focus on helping students improve their writing skills, rather than simply editing papers. Students may receive help with any type of writing task at any stage of the writing process, including understanding assignments, brainstorming, organization, development, and revision. Additionally, the CAE provides workshops, events, and a variety of programs aimed at empowering USA students to succeed in their coursework and beyond.

The Center for Academic Excellence is located on the second floor of the Marx Library. For more information, please call (251) 460-6480 or visit https://www.southalabama.edu/cae.

Career Services

USA Career Services assists students and alumni in all phases of the career development process. As a comprehensive career services center, the office offers services to support career and academic major exploration, co-op and internship participation, identification and preparation for employment opportunities, and graduate and professional school preparation assistance.

Career Exploration

Career Services guides students in determining career interests and selecting appropriate academic programs to reach career goals. The appropriate selection of a major can impact a student's desire to complete a college education and a student's success in college and the workplace. Career Advisors are trained to assist students in the various aspects of career and academic development. Among the many resources available to students are:

- One-on-one advising appointments with career advising staff
- Career Resource Center containing information on career and major exploration, job search skills, resume preparation, interviewing, employer information, and more
- Self-assessments and career inventories
- Handshake career management system
- Video interviewing platform containing curriculum and capability to practice and record mock interviews.
- Resources on numerous career fields including entrance requirements and projected employment outlook
- Graduate and professional school information

Cooperative Education And Internship Program

The Cooperative Education (Co-op) and Internship Program enables students to combine classroom studies with paid work experience related to their major field of study. Co-op and Internships are designed to supplement classroom experience and to promote academic and professional development. Students generally complete one year of courses prior to beginning an assignment. Students receive academic recognition through a transcript notation for each term. Students do not earn academic credit hours. Employers and students appreciate this official recognition because it reflects a student's desire to obtain practical work experience while pursuing their degree.

Program Requirements

Undergraduate students must meet general program requirements, including being classified as a full-time student upon participation in the program, completion of 12-24 credit hours depending upon the selected program option, an overall institutional GPA of 2.3 or higher for the Co-op options, and an overall institutional GPA of 2.0 or higher for the Internship option. Graduate students may participate after they are accepted into a graduate program. Program requirements may vary based upon the student's academic college. While the program is open to all academic majors, there are some majors/academic departments in
which the curriculum may not support a particular work-schedule option. Students on study visas can participate in the program with prior approval from the Office of Immigration.

Program Options

Alternating Co-op
The Alternating Co-op program option integrates multiple terms of work and academics. Students work in professional assignments directly related to their major. Students on the alternating plan rotate semesters of full-time work with semesters of full-time school. Students are required to meet and maintain an institutional GPA of 2.3 or higher and remain in good standing with the university in order to be eligible. Engineering students must also complete MA 125 and MA 126 prior to participation. Students must meet with Career Services to receive program approval prior to accepting employment.

Parallel Co-op
The Parallel Co-op program option allows nursing students to gain practical, relevant work experience at one of the participating area hospitals. Nursing students may apply to the Co-op program after completing the designated first semester foundation courses with at least a 2.5 GPA. Students must maintain above a 'C' in nursing courses, may not earn an 'F' in any course, and must be designated as full-time to remain eligible for participation. Students accepted into the Co-op program must meet with Career Services to complete the program orientation.

Internship
The internship program offers students a unique educational opportunity to participate in either a part-time or full-time work experience to complement their major field of study. Participants are required to meet and maintain an institutional GPA of 2.0 or above and remain in good standing with the university in order to be eligible. The partnership between the student, the employer, and the university is a collaboration structured to maximize the value of an internship. Prior to accepting employment, students should meet with a Career Services advisor to review the internship duties and discuss program requirements.

Career Services support internships completed for academic credit. These opportunities may be paid or unpaid. Students interested in earning academic credit should consult with their academic department to determine eligibility for credit. For assistance initiating, an internship search or help with the approval process, please contact Career Services.

Job Search And Graduate School Assistance
Career Services assists students in multiple ways. Students seeking career-related employment, planning to pursue graduate or professional school, or those that need a job to supplement income while completing their degree, are encouraged to utilize Career Services' resources. Handshake, an online career management system, is just one of the resources students are encouraged to use when seeking a job, internship, or co-op. From Handshake, students can share their profile, submit employment applications, upload and have resume documents reviewed. In addition, career advisors are available for individual appointments at a student’s request. Career Services provides additional assistance by offering seminars, job search and networking programs, career, graduate, and professional school fairs, on-campus interviews, employer information sessions, and other career-related events.
Student Affairs & Student Affairs Services

The Division of Student Affairs is responsible for that part of the student’s total educational experience which takes place outside the formal classroom program. Among its concerns are student center, student activities, student health, recreation, student organizations, programs, disciplinary actions, disabled student services, personal counseling, multicultural affairs, testing services, and veterans affairs. Through such activities as the Student Government Association, the students are given a responsible voice in the governance of the University.

(See Student Handbook, The Lowdown https://www.southalabama.edu/lowdown/).

Students also participate as members of some University-wide committees as well as on committees within the colleges of the University.

Student Life And Student Center

The University of South Alabama, is committed to providing services and creating a supportive campus environment which fosters engagement, academic success, and personal development within a diverse community of learners.

Student Center

The Student Center supports the University mission by providing quality programs, facilities, and services that create a community that encourages involvement, development and personal and academic growth. The Student Center is truly the center of it all on campus.

Located in the building are lounge areas, the Student ID Office, a computer lab office that supports student engagement, dining and other student life areas. Nine meeting rooms, including a ballroom, that have audio-visual equipment are available for student organizations, and administrative and academic departments. Individuals and outside organizations must be sponsored by a registered student organization or department to reserve space and equipment for a fee.

Reservations for any space in or around the Student Center may be made Monday through Friday, 8:00 a.m. - 5:00 p.m. at (251) 460-6077 or https://www.southalabama.edu/departments/studentcenter/.

Campus Recreation

The Campus Recreation Department offers a wide variety of recreational opportunities for the entire University community. Campus Recreation accommodates many styles of participation, including intramural team and individual competition in a variety of sports and activities. Open recreational opportunities, fitness programs, outdoor recreation activities, aquatics, and sports clubs are also offered. Student groups may use recreational facilities and equipment for social activities approved by the Campus Recreation Department. The continuing goal of the recreation program is to provide activities that offer optimum benefits of enjoyment, health, social interaction, and sportsmanship to participants.

• Our state-of-the art Student Recreation Center is an impressive facility that contributes greatly to student life on campus. Within the Student Recreation Center, one will find a wide array of recreational and fitness facilities. The 116,000 square foot complex contains a cardio exercise room and a weight room with selectorized machines, plate loaded machines, and free weights. Also, within the Center are three basketball courts, an indoor soccer court, four racquetball courts, two multipurpose rooms for activities such as fitness classes, and a track. A 35' high rock climbing wall offers challenges and excitement to climbing enthusiasts. An outdoor heated swimming pool and an indoor heated swimming pool are included as part of the complex. There is also an outdoor heated spa. In addition, saunas are located in both the men's and women's locker rooms. After a good workout, patrons can enjoy refreshments from the smoothie bar and sit on the deck overlooking the courtyard containing beautiful heritage oak trees. For members of the Student Recreation Center who have children, there is a children's play zone.
Located next to the Student Recreation Center is the Outdoor Adventures cabin. The Outdoor Adventures program offers a variety of activities including canoeing, kayaking and hiking. Also housed in our Outdoor Adventures cabin is our Jag Bike rental program. Students can rent a bike to use on campus on a semester basis. We offer minor repairs of personally owned bikes free of charge. Owners must provide the needed parts for repairs.

The Intramural Sports Complex consists of six multipurpose playing fields. These lighted fields are used throughout the year for intramural games and practices. One of the fields is designated for use by sports clubs.

The SGA Sports Complex, supervised and maintained by the Department of Campus Recreation, is available for use by university members throughout the year. A pavilion, sand volleyball courts, horseshoe pits, and barbecue grills make this area a great spot for fun and entertainment.

The Glenn Sebastian Nature Trail is available for those who like to walk or jog through the woods. This is both beautiful and educational.

Our newest addition is the Jag Fitness Trail. It was created to help promote a culture of fitness and wellbeing for our entire university community. The three fitness zones spaced around the mile and a half trail will allow for each person to incorporate the strength, balance, and flexibility training with the cardio workout of the trail itself. The Department of Campus Recreation and the President’s Wellness Initiative Committee will also partner together to program events along the trail such as weekly group walks with the students, staff, and faculty including regular walks with the President, runs, fitness stage training, and circuit training with a cardio component. Research shows a strong correlation between enhanced mental wellbeing and participation in activities based in an outdoor and relaxed environment.

Other services offered at the Student Recreation Center include chair massage therapy, body fat and blood pressure readings. All members of our university community are encouraged to take advantage of the wonderful opportunities for fun and fitness offered through the Department of Campus Recreation. For further information, please visit our web page or call (251) 460-6065.

---

University Counseling And Testing Center, Drug/Alcohol Policy And Disability Services

University Counseling/Testing Center

The University Counseling And Testing Center strives to facilitate the academic, emotional, social, and career development of students. It offers individual and group counseling for all interested students and conducts outreach educational programs. Counseling services are provided free and confidentially by a staff composed of qualified mental health counselors. Students having mental health and/or relationship problems are invited to take advantage of this campus resource.

The Substance Abuse Program is another facet of the University Counseling and Testing Center. This program provides the USA community with counseling, educational, and prevention programs related specifically to substance abuse. The primary goals of the Substance Abuse Program are to increase knowledge and awareness of alcohol and other drug issues and to decrease the harmful consequences associated with high risk drinking and/or illegal drug use.

The University Counseling and Testing Center also serves as a regional testing center for various national testing organizations. Testing services are provided for USA students as well as non-students. Fees for testing services vary according to the types of tests administered.

The University Counseling and Testing Center is located at 300 Student Center Circle. For further information about any of these services, contact our office at (251) 460-7051 or go on-line to www.southalabama.edu/departments/counseling.

Drugs And Alcohol

The University does not permit the possession, consumption, or distribution of alcohol by an individual on any of its campuses and in any of its facilities without prior approval. The possession, consumption, and/or distribution of illegal substances are forbidden. Violation of either policy is subject to both University administrative action and criminal prosecution.

See The Lowdown at https://www.southalabama.edu/lowdown/ for a full description of the policy.
Disability Services

The University offers special services to students with disabilities. Students requesting services must submit documentation regarding the disability to the Office of Student Disability Services prior to receiving services. Reasonable accommodations are offered in accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Amendments Act of 2008. The Office of Student Disability Services is located at 320 Alumni Circle, Suite 19, (251) 460-7212.

Multicultural Student Affairs

The Office of Multicultural Student Affairs is committed to providing programming for cultural awareness, coordinate efforts to increase the retention of minority students, encourage minority students to participate in all aspects of campus life, and provide leadership development for aspiring student leaders. For further information or assistance contact (251) 460-6895 or visit https://www.southalabama.edu/departments/omsa/.

University Programs And Activities

Jaguar Productions

The Student Activities Board, Jaguar Productions, presents activities to serve the cultural, educational, recreational, and social interests of students. Students directly involved have opportunities to exemplify creative thinking and leadership outside the classroom.

Jaguar Productions functions through committees, such as Talks & Topics, Comedy, Music, Movies, Special Events, Technical and Promotions. Students select, publicize and produce the events. All students are invited to join these committees. For more information, please call (251) 460-7144 or visit the Jaguar Productions Office on the first floor of the USA Student Center.

Educational Talent Search

Educational Talent Search (E T S) is a federally funded program designed to encourage low income and first generation college students to consider post-secondary opportunities while they are in secondary schools. The program serves sixth (6th) through twelfth (12th) grade students. Participants must demonstrate a potential for academic success and have a desire to further their education. E T S is designed to improve academic performance, increase student motivation and facilitate transitions from one level of education to the next. The services offered are counseling techniques related to academic, career, vocational, and enrichment activities, study skills training, college preparation, financial aid and scholarship information, educational trips, and tutorial sessions. Tutorial services are conducted by students who are enrolled at the University. For more information, contact the Educational Talent Search Office, 320 Alumni Circle, Educational Services Building, Suite 6 (251) 380-2620.

Upward Bound

Upward Bound is a federally funded, college preparatory program for high school students in Mobile County. The program provides academic counseling, tutorial support, cultural enrichment activities, and academic courses offered during a six (6) week
summer residential component. The primary goal of Upward Bound is to provide each participant with the necessary skills to successfully enter and complete a program of post-secondary education. USA students serve as tutors and residential counselors for the participants. For information, contact the Upward Bound Office, 320 Alumni Circle, Educational Services Building, Suite 5, (251) 460-7322.

Student Activities

Student Activities is home to over 240 registered student organizations which represent a wide variety of interests and provide an opportunity for students to get involved. The Office of Student Activities is committed to the development of student organizations and student leaders. The addition of new student organizations enhances the campus community and provides more opportunities for students to become involved and participate in activities that support their interest. For more information about registered student organizations, including how to start a new student organization, visit https://www.southalabama.edu/departments/studentactivities/.

Cultural Activities

The University and the community offer to students an opportunity to participate in a variety of cultural and recreational programs. Among them are concerts by symphonic and chamber organizations, choral groups and choirs, ballet and opera productions, theatre, art exhibits, film series, and lecture and discussion conferences. In many of these programs, students are urged to participate as performers. Special events are scheduled on the campus, and reduced rates for students are arranged for many civic programs.

Student Conduct

Students attending the University of South Alabama are accepted as responsible adults working with their faculty colleagues in search of knowledge. Rigid regulation of personal conduct will not be necessary since freedom as an objective of education is difficult without the actual existence of freedom.

Such freedom must be balanced by individual responsibility and respect for the rights, responsibilities, and freedom of others. Students, therefore, will be held accountable for their own decisions and actions. Failure to assume responsibility for actions that jeopardize the rights and freedoms of others or involve the integrity of the University will result in disciplinary review.

The University holds its students to high standards of academic excellence and similarly expects high standards of individual conduct. The Spirit of South Alabama was adopted by the Student Government Association as a basis for expectations from our students. Persistent violations of expected standards or established regulations will necessarily involve appropriate disciplinary action. The University reserves the right to deny admission or continued attendance to students whose decisions and actions are contrary to the purposes and procedures of the University. The Lowdown, the USA student handbook (https://www.southalabama.edu/lowdown/), contains the Code of Student Conduct.

Student Academic Conduct

The Student Academic Conduct Policy is presented in the USA student handbook, The Lowdown. Please refer to https://www.southalabama.edu/lowdown/.

Housing & Dining
On-Campus Living

A college education offers students opportunities for advanced learning, interesting career options, and meeting new people. Students who live on campus have an even greater opportunity for an enhanced college experience! Residents of USA Housing report a sense of community by living where learning and personal growth are a priority. Students who live in one of our residence halls have direct access to campus resources and support staff which helps cultivate a positive and successful college experience.

The University of South Alabama offers a wide range of facilities to meet the lifestyles of a diversified student body. As a student, you have a wealth of choices to choose from when it comes to on-campus housing, including private and semi-private room options. Whether your plans include taking classes the entire academic year or simply during the spring or summer semesters, you can find housing on-campus. Our 33 residence halls can be found on the west side of main campus divided into 7 residential communities that are home to approximately 2500 residents.

Once admitted to the University, students should apply for housing as soon as possible. The earlier you complete your housing contract the larger your selection of room choices will be. Visit the USA Housing website for details about room assignments and key deadlines.

Overview
The University of South Alabama is committed to providing students with a vibrant, comprehensive and successful undergraduate student experience. National studies show that students who live on campus are more successful, have higher grade point averages, are more engaged, and have higher rates of retention and graduation. This is true for students who live on campus at the University of South Alabama.

Data from USA’s Office of Institutional Research suggests that students who live in University Housing at South Alabama have higher grade point averages, have a higher rate of first to second year retention and are more likely to graduate within six years (national average). Additionally, results from the Annual Resident Student Satisfaction Survey indicate students who live on campus report a greater sense of belonging on campus and to college life.

Therefore, in an effort to enhance student success and the undergraduate student experience as well as improve student retention and graduation rates, the University of South Alabama will require first-time, fulltime freshmen to live on campus in university housing beginning in fall semester 2021.

Policy
Beginning in fall 2021, first-time freshmen who are enrolled in 12 or more hours and graduated from high school within the preceding 12 months of enrolling to the University are required to live on campus in university housing.

Exceptions will be made for students meeting the following criteria:

• Commute from the permanent residence of a parent, grandparent, or legal guardian
• Military veteran
• Married and/or have dependent child(ren) in residence

Students who first enroll in the summer are required to live in the residence halls for the summer, fall, and spring semesters during their first year attending the University.

Students who first enroll in the fall are required to live in the residence halls for fall and spring semesters during their first year attending the University.

Students who first enroll in the spring semester are required to live in the residence halls for the spring semester during their first year attending the University.

Residency Exception:

• Should be requested in writing and will be reviewed by a committee of University officials. Students will be notified of the committee decision through their JagMail email account.
• Will be granted in other well documented circumstances. Students for whom the policy presents an undue hardship should provide compelling evidence of such circumstances.
• Can be appealed to the Associate Vice President of Student Academic Success or the appropriate designee.
Furnishings And Amenities

Room rates include campus mail box, digital cable, Ethernet, all utilities (electricity, water/sewer, heat/air, garbage service, and pest control), housing and facilities staff available 24/7, accommodation furnishings, and unlimited laundry access. All residence hall rooms are furnished with a bed frame (adjustable height), mattress, desk, chair, and closet or wardrobe per student. Additionally, each room comes with its own fridge or mini-fridge (size depends on the room type). Visit our Residence Hall webpage for more detailed furnishings information for each residential community. USA Housing and Facilities staff are available 24/7 to ensure all resident maintenance concerns are addressed quickly and effectively.

All residential communities include vending machines with drink and snack options. Also, each residential community has one or more common spaces available for student use (lounges, study rooms, TV rooms, conferences rooms, etc.).

Additional Residence Hall Info

All students living in University housing must provide proof of having received the Meningitis vaccine within the last 5 years by uploading to the Student Health Web Portal: studenthealth.southalabama.edu. Please call Student Health at (251) 460-7151 should you encounter any problems.

While all of the rooms in our residence halls are great places to live, we understand that some students would prefer to live in a different room than where they are assigned for various reasons. This is why we offer several opportunities for students to request a room change after receiving their initial assignment. Please visit the ‘Assignment Process’ section of your specific classification online at the USA Housing website to review the timelines and procedures associated with these opportunities.

Visit our Financial Policies webpage page for detailed housing contract cancellation guidelines.

USA Dining / Meal Plans

USA Dining offers a wide variety of food and convenient services across campus. These services are designed with the students’ needs in mind, providing flexibility and convenience to meet their demanding schedules. Click Here to review all campus dining locations.

Residential Meal Plans

Living where you learn means that eventually, you'll need to eat. With the dining experience at South you'll never have to worry! The meal plan options for residential students offer quality food at a discounted price. The Dining Hall is conveniently located within the residential area. Visit the Meal Plan section of our Rates page for detailed meal plan descriptions, requirements, and cost. All students living in University housing are required to have a meal plan.

Commuter Student And Faculty/Staff Meal Plans

Meal plan options are also available for faculty, staff, and commuter students. These plans provide a discounted price over purchasing individual meals on each visit to the dining facility.

Other Meal Plans

In addition, faculty, staff, residential and commuter students can purchase Dining Dollars to use at any food service location on campus. Dining Dollars never expire! These funds are added to the Jag ID card and are deducted each time there is a food service transaction.

Click Here to review detailed meal plan descriptions and cost.

Catering

USA Dining is also the exclusive caterer on campus. A full catering guide is available online under the Catering tab. Click Here to view the full catering guide. Don’t see what you want listed in the guide? Call USA Catering to request a custom menu. Written approval to use an outside caterer must be obtained in advance from the Vice President for Student Affairs.

Student Affairs Services

USA Bookstore

The USA Bookstore is located in the Student Center on the main campus. The bookstore offers a wide range of products and services on campus and online at southalabama.bncollege.com. The bookstore carries all required textbooks in either new, used, rental and digital options and required supplies for courses taught on campus and online for distance students. The bookstore also carries a wide variety of USA branded clothing and gift items as well as school supplies, laptops, test preps, general reading trade books, and diploma frames.

Regular store hours are Monday-Thursday, 8am-6pm, Friday, 8am-5pm and Saturday, 11am-3pm. Extended store hours for back to school and summer hours will be posted in store and online.

The bookstore accepts all major credit cards and student financial aid. For additional information, please visit our website at southalabama.bncollege.com or call the store at (251) 460-7012.

USA Mail Hub

Located in the Student Center and managed by Ricoh Americas Corporation, the USA Mail Hub provides campus mail services for students, faculty and staff. University of South Alabama students and employees have access to an array of services including: mailing, shipping options using all major carriers, shipping and mailing supplies, printing, faxing, and copying services. Cash, checks, and credit/debit cards are accepted.
Departmental mail pickup and delivery service is provided by means of an established route. The Mail Hub processes all departmental mail, domestic and foreign.

All residence hall students receive a mail box in the Mail Hub at no additional cost. Mail Hub service includes automated electronic notifications for student letters and packages. Mail and packages are not delivered to residence hall rooms.

For more information, contact USA’s Ricoh representative at mailhub@southalabama.edu, or call (251) 414-8191.

Student Insurance

All students should have medical insurance. This information is available through Student Health Services. Students are encouraged to purchase this policy if they do not have medical insurance. For more information contact Student Health Services, (251) 460-7151.

University Police

The University of South Alabama has its own University Police Force. The University of South Alabama Police Department's mission is to partner with the university community, so that we can provide a safe environment to learn, live, work, and play.

1. Educate the University community, which includes faculty, staff, and students, on crime prevention methods and techniques and encourage them to accept appropriate responsibility for their safety and security on campus.
2. Provide purpose-driven services to all segments of the university community while aggressively striving to maximize campus safety and minimize security risk factors.
3. Encourage and provide professional development opportunities for the Police Department.
4. Enforce state and federal statues, rules and regulations to ensure the safety of university faculty, staff, students, and guests.
5. Achieve this mission in the most efficient manner possible.
Auxiliary Student Services

Please navigate to the individual services for additional information on these services:

- JagTran
- Intercollegiate Athletics
- Student Health Services
- Student Media
- Office of veterans Affairs
- Mitchell Center
- Telecommunications Department
- Licensing
- Publication Services

Intercollegiate Athletics

Competing in both men's and women's sports on the intercollegiate level, the University's athletic program fulfills a vital role in giving the students a well-rounded environment of study and recreational entertainment. The University is an active member of the National Collegiate Athletic Association Division 1AAA. Teams are maintained yearly in baseball, basketball, cross country, golf, soccer, tennis, track, and volleyball. Governed by regulations set forth by the President of the University, the Director of Athletics, the NCAA, and the Sun Belt Conference, athletic participation and expansion is occurring as rapidly as facilities permit.

JagTran

The University of South Alabama's campus transportation, JagTran, was created to provide easy, safe, and efficient transportation for USA students, employees and visitors. Some JagTran vehicles run continuously throughout the day on the main campus. No tickets, money, or reservation are needed. Students will park their cars in color-coded lots, which they choose, and then walk or ride JagTran. For more information, visit https://www.southalabama.edu/jagtran.

Licensing

As a program within the Public Relations Department, licensing serves as a support function to the University's overall mission which is: to protect the name and identifying marks of the University of South Alabama, also, to preserve the University's good name and reputation by insuring that products bearing its name or marks are good quality and reflect positively on the University, and to promote the University by stimulating public awareness and support of the University through use of its name and marks.

All items bearing the logo/marks of the University, must be ordered through companies that are officially licensed. A list of vendors is maintained by this office and can be provided if requested. This includes items that bear the logo/marks of the University that aren’t for resale. A letter of request should be sent to the licensing department stating the nature of the use and that the product is being used internally along with the name and address of the licensed company so the royalty fee can be waived.

All royalty income received will be placed into a permanent endowment for scholarships. The proceeds from this endowment will be divided equally for use in undergraduate, graduate, and athletic scholarships.

For questions concerning the licensing program, please call (251) 460-6211.
Mitchell Center

The Mitchell Center, home to the University of South Alabama Jaguars, which is located adjacent to the historical Jaguar Gymnasium, features a 10,000-seat arena and exceptional support space with state-of-the-art equipment. The Center is a multi-purpose facility that hosts major events such as graduation, convocation, concerts, sporting events, and a variety of family events. There is also space dedicated to classrooms, meeting rooms, private offices, Athletic Administration offices and the USA Coastal Weather Research Center. A “must see” for many tourists visiting the area, the Waterman Globe is located in the Grand Lobby of the Mitchell Center. This massive historic globe was originally installed in 1948 in the Waterman Building, in downtown Mobile. It was acquired by the University and installed in the Mitchell Center Grand Lobby to be shared with the community and its many visitors. For rental information call (251) 461-1632 or visit our website at http://www.mitchellcenter.com.

Office Of Veterans Affairs

The Office for Veteran Affairs provides services to meet the special needs of veterans, service members, dependents, and survivors in order to ease their transition to college life and fulfill their educational goals.

The office is located in the Academic Services Center, Ill Jaguar Drive, Suite 1345 on the main campus. Students who wish to use veterans’ education benefits must contact the office of Veterans Affairs, (251) 460-6230.

PL 115-251 Sec. 301 Authorizes Tuition Rates For Veterans And Certain Military-Affiliated Students

The following individuals shall be charged a rate of tuition not to exceed the in-state rate for tuition and fees purposes:

- A Veteran using educational assistance under either chapter 30 (Montgomery G.I. Bill -Active Duty Program) or chapter 33 (Post-9/11 G.I. Bill), of title 38, United States Code, who lives in Alabama while attending a school located in Alabama (regardless of his/her formal State of residence) and enrolls in the school within three years of discharge or release from a period of active duty service of 90 days or more.
- Anyone using transferred Post-9/11 GI Bill benefits (38 U.S.C. § 3319) who lives in Alabama while attending a school located in Alabama (regardless of his/her formal State of residence) and enrolls in the school within three years of the transferor's discharge or release from a period of active duty service of 90 days or more.
- Anyone described above while he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the same school. The person so described must have enrolled in the school prior to the expiration of the three year period following discharge or release as described above and must be using educational benefits under either chapter 30 or chapter 33, of title 38, United States Code.
- Anyone using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (38 U.S.C. § 331 l(b)(9)) who lives in Alabama while attending a school located in Alabama (regardless of his/her formal State of residence).
- Anyone using transferred Post-9/11 G.I. Bill benefits (38 U.S.C. § 3319) who lives in Alabama while attending a school located in Alabama (regardless of his/her formal State of residence) and the transferor is a member of the uniformed service who is serving on active duty.
- Anyone using educational assistance under chapter 31, Vocational Rehabilitation/Employment (VR&E), also be charged the resident rate. Effective for courses and terms beginning after March 1, 2019, a public institution of higher learning must charge the resident rate to chapter 31 participants, as well as the other categories of individuals described above. When an institution charges these individuals more than the rate for resident students, VA is required to disapprove programs of education sponsored by VA.

PL 115-407 Sec .103 Veterans Benefits Transition Act Of 2018

Students utilizing VA education benefits shall not be charged a penalty, including assessment of late fees, denial of access to classes, libraries, or other institutional facilities, or be required to borrow additional funds because of the individual’s inability to meet their financial obligations due to the delayed disbursement of a payment to be provided by the Department of Veterans.
Complaint Policy For Students Receiving VA Education Benefits

Individuals who wish to submit a complaint can do so on their own behalf, on behalf of someone else, or anonymously, by visiting the GI Bill Feedback System at https://www.benefits.va.gov/GIBILL/Feedback.asp

Publication Services

USA Publications is a full service design, copying, printing and production facility providing the University community with a high quality, cost efficient services. Publications handles printing of all University business items including but not limited to: business cards, forms, envelopes and letterhead. Publications also provides competitively priced graphic design services for complex printing projects and ensures that print projects are in compliance with required USA Brand standards. Consultation with Publications in the early stages of project development is highly recommended to ensure each project is developed in a timely and cost-effective manner.
Publications is extremely creative and versatile, with a wide selection of formats and sizes available to create printed materials, signage, banners and merchandise that is tailored to your needs. For more information, visit https://www.southalabama.edu/departments/publications/.

Student Health Center

Student Health Center
5870 Alumni Circle
(251) 460-7151
www.southalabama.edu/studenthealth/

The USA Student Health Center (SHC) is staffed with a team of physicians, nurse practitioners, registered nurses, licensed practical nurses and clerical personnel dedicated to providing quality medical and educational services to students.

All currently enrolled students are eligible for treatment in the SHC. The SHC accepts and processes claims for the following insurance carriers: Aetna, Blue Cross Blue Shield, Medicaid and United Healthcare. Students with coverage with any other carrier will need to pay for charges at the time of service. A claim form will be provided, so that you can file a claim with your carrier to get reimbursed for the payment. We strongly recommend that all students have health insurance. The University sponsors a United Healthcare health insurance plan that is specifically designed for USA students and is available for purchase.

The services offered in the Student Health Center are the same as in any physician’s private practice. The SHC provides treatment for a variety of medical conditions as well as physical examinations, sports medicine, immunizations, women’s health, sexual assault services and health education. Laboratory testing is offered in the clinic and by reference laboratory to assist in properly diagnosing and treating students. X-rays are also available by referral through the SHC.

For more information, you may contact us at (251) 460-7151 or
https://www.southalabama.edu/departments/studenthealth/

Student Media

The student newspaper The Vanguard, is distributed free to students and is under the direction of a Board comprised of representatives from the Student Government Association, The Vanguard, the faculty, media services, and public relations. The editor and business manager are selected from applications submitted by interested students.
Telecommunications Department

USA Telecommunications Department is committed to providing high quality, cost effective services to the University Community.

Telecommunications is located off USA North Drive. As you approach the traffic circle on USA North Drive, we are the first building on your right. Hours are Monday through Friday, from 8:00 a.m. to 4:45 p.m. Our information number is (251) 460-7114 or if you are on campus, dial 6-7114.
Academic Policies & Procedures

Undergraduate Academic Policies And Procedures

The University of South Alabama’s academic policies and procedures provide the framework for the orderly conduct of its degree programs. They are intended to ensure a thorough and complete education for each of the University’s graduates. Academic programs are administered through the Office of the Provost and Senior Vice President for Academic Affairs and the Office of the Vice President for Medical Affairs.

General Information

University E-mail

Each student admitted to the University of South Alabama is assigned a free, official University e-mail address (@jagmail.southalabama.edu). Most changes in University policies and official University correspondence will be transmitted via the student's official e-mail account. Instructors must also utilize this address to communicate with students. Students are responsible for regularly reading e-mail sent to this address. The official University e-mail address cannot be changed, but students may elect to have official mail forwarded to any other personal e-mail address. To activate your JagMail account, select that link on the University's PAWS website at https://www.southalabama.edu/services/logins/students/.

Academic Terms And Credit Hours

The institutional process for assigning credit hours to courses is based on the minimum academic activity to achieve intended learning outcomes as verified by evidence of student achievement. For traditional classes, a credit hour consists of approximately one hour of classroom or direct faculty instruction and a minimum of two hours of out of class work each week for approximately fifteen weeks for one semester or the equivalent amount of work over a different amount of time for semesters of other durations. For classes offered in other formats leading to the award of academic credit, the equivalent amount of academic activity is required.

The University Academic Calendar is two semesters (Fall and Spring) and three terms: a May term and two Summer terms. Semesters normally consist of fifteen weeks of class followed by a final examination week. In some programs of study, courses may be scheduled for parts of terms different from a normal semester. Usually, one semester credit hour is awarded for each 50-minute lecture class per week or 2-3 hour laboratory or studio period.

Each hour of lecture usually requires two hours of outside preparation. Thus, a student carrying sixteen semester hours should be prepared to spend at least 48 hours in class and study per week.

Student Classification

A student's classification is determined by the number of credits earned toward the degree. A student is classified as follows:

- Freshman: 0 - 29 semester hours
- Sophomore: 30 - 59 semester hours
- Junior: 60 - 89 semester hours
- Senior: 90 semester hours or more

Policy For Declaring An Academic Major

Declaring an Academic Major, Non-Transfer Students

Students who enter the university as undeclared or who intend to complete a degree at the university must declare a degree granting major by the time they complete 60 credit hours.

There are two exceptions: Students classified as Business Administration students need to declare their major in the College of Business by 75 credit hours. Students majoring in programs leading to teacher certification in the College of Education and Professional Studies need to enter candidacy, which leads to a degree granting major, by 75 credit hours.

Policy will not apply to second degree seeking or graduate students.
Full-time/Part-Time Enrollment Status
Undergraduate degree seeking students carrying twelve or more credit hours of coursework each semester are considered full-time. However, students must carry at least fifteen hours each semester (for eight semesters) to meet requirements for graduation in four academic years. Co-op students who alternate full-time enrollment with employment are considered full-time students for enrollment purposes. Students carrying nine to eleven credit hours are considered three-quarter time, students carrying six to eight credit hours are considered half-time and students enrolled for one to five credit hours are considered less than half-time.

Full Load Of Course Work In A Semester
Permission of the student's academic dean is required to take more than 19 semester hours.

Registration
Registration (making course selections and enrolling in classes) occurs prior to the beginning of each semester or term. All students obtain registration appointment times (“time tickets”) and register utilizing USA’s Personal Access Web System (PAWS) at https://www.southalabama.edu/services/logins/students/.

Registration is not complete until all fees have been paid and all admissions documents and examinations furnished. Failure to satisfy any of the admission or registration requirements will prevent registration for subsequent semesters and terms. Enrollment status can be found in PAWS website at https://www.southalabama.edu/services/logins/students/.

Course Numbering System
Course Number
001-099 Remedial courses which do not carry credit toward graduation
100-199 Freshman
200-299 Sophomore
300-399 Junior
400-499 Senior
500-699 Graduate/Professional
700-799 Doctoral

Attendance And Absences
An individual student is responsible for attending the classes in which the student is officially enrolled. The quality of work will ordinarily suffer from excessive absences. At the beginning of classes, instructors must define their policy on absences, and all cases of illness and emergency shall be promptly reported and verified to the instructor. For excessive absences (two or three consecutive class meetings) due to illness, death in family, or family emergency, the Dean of Students’ office should be advised. Absence notices will be sent to each instructor notifying him of the reason for and the approximate length of the absence. This notification does not constitute an excused absence.

Students receiving veterans' benefits are required to attend classes according to the regulations of the Veterans Administration.

All international students on F-1 visas must comply with attendance regulations as dictated by the Department of Justice, Immigration and Naturalization Services. They must remain students in good standing with at least twelve (12) hours per semester.

Students attending authorized off-campus functions or required activities shall be excused by the responsible University official through the Office of Academic Affairs. In case of doubt, instructors may consult these lists in that office. Work missed as a result of these excused absences may be made up.

Computer Access Requirement
All students enrolled at the University of South Alabama are required to have access to personal computer. This may be achieved by individual ownership, access to a family computer when residing at home, sharing with a roommate, or other suitable arrangements not dependent on University public computer laboratories. Student personal computer access must include a current version of word processing software appropriate to college-level work, access to the Internet, and access to the university’s e-mail system. Individual degree programs and specific courses may have additional requirements appropriate to curriculum needs.
Mathematics Placement Exam

Students will be permitted to enroll in mathematics classes based on their prerequisite course grade(s), Math-ACT score, Math-SAT score, or the Mathematics Placement test score as described on the following website: https://www.southalabama.edu/colleges/artsandsci/mathstat/placementinfo.html

Students who transfer credit for MA 112 or higher with a grade C or better and who plan to take subsequent mathematics courses are not required to take the Mathematics Placement Exam. Nevertheless, they are encouraged to take the exam to help evaluate their level of preparation. If a student chooses to take the Mathematics Placement test, it must be completed before enrolling in any mathematics course other ST 210.

Students who transfer credit for MA 110 or higher and who DO NOT plan to enroll for any other mathematics courses are not required to take the Mathematics Placement Exam. Note that MA 110 does not fulfill prerequisite requirements for most mathematics courses.

The Mathematics Placement test is a computer-based test administered in a computer lab. A Texas Instruments TI-30XIIs calculator is allowed during this exam. No other resources are permitted during this exam. Students should complete the exam at least 48 hours prior to coming to campus for orientation. Students without any transfer credit for pre-requisite course(s) will be blocked from registering for most mathematics and some statistics courses. Questions concerning the Math Placement Exam should be directed to the Department of Mathematics and Statistics (MSPB 325, (251) 460-6264). Dates when the Math Placement Exam is given and information on how to sign up for it can be found on the webpage: https://www.southalabama.edu/colleges/artsandsci/mathstat/placementschedule.html.

Academic Recognition

Candidates for all honor lists must be undergraduate degree-seeking students with a clear academic status. Graduates, professional level, unclassified, auditors, transients, non-degree, or other special categories are excluded.

- The President's Scholars include all full-time students earning a 4.0 semester grade-point average.
- The Dean's Honor List includes all full-time students who have completed a minimum of 30 hours at the University of South Alabama, earned a cumulative grade-point average of 3.40 or greater, and a 3.50 or greater semester grade-point average.
- The Dean's List includes all full-time students earning a 3.50 or greater semester grade-point average.
- The Dean's List for part-time students (students taking fewer than twelve hours) includes all students who are enrolled in at least six semester hours and have earned a semester grade-point average of 3.50 or greater.

All of the above lists are compiled upon completion of the processing of a particular semester's grades. Removal of "I" and "P" symbols at a later date will not qualify the student for recognition. Grades recorded in error will be considered only if properly changed and the Dean's office is notified before publication of the lists.

Academic Status Policy For Undergraduates

Status Policies

Required Grade Point Average

All undergraduate students must meet the established standards designating appropriate academic progress.

As discussed in the section, General Requirements of Bachelor Degrees, a student must earn a minimum cumulative USA grade point average of 2.0 to graduate. (See special requirements in the College of Education and Professional Studies.) The
cumulative GPA hours- all hours taken at USA and all transfer hours -will determine the required minimum USA GPA. Cumulative GPA hours can be found on the unofficial transcript or in the Student Information System.

**Academic Probation**

Students with a cumulative grade point average below 2.0 are having academic difficulties and are alerted to this fact by being placed on Academic Probation. Students who earn Academic Probation receive a Academic Probation hold and are required to meet with their academic advisor to discuss their course load and plans for the upcoming semester. Students will not be able to adjust or make changes to their schedule until they speak with their academic advisor or designated staff in their dean's office.

**Academic Suspension**

Academic Suspension for one regular semester, Fall or Spring, results if a student at the end of any semester on Academic Probation does not have the minimum cumulative USA grade point average indicated in the table below, but does earn a USA grade point average of 2.0 or higher for the term, the student may request consideration for an exception. In order to receive an exception, the student must meet with their academic advisor to create an academic plan that specifies a viable path to degree completion and complete the Academic Recovery Plan document. If the advisor and the student agree to and sign the plan, the student may remain enrolled at USA for the subsequent term. As long as the student remains on probation and does not meet the minimum grade point average indicated in the table below, the student must continue to meet each term with an academic advisor to review the academic plan and progress, and must indicate agreement each term with signatures to the ongoing Academic Recovery Plan.

The minimum required grade point average varies with the total number of Cumulative GPA hours. No student will be placed on Academic Suspension who has not spent the prior term of enrollment on Academic Probation. Students will not receive credit at USA for courses taken at other institutions while on suspension from USA.

**Academic Dismissal**

Academic Dismissal for one calendar year results if a student who has been reinstated following a previous Academic Suspension or Dismissal fails to make satisfactory progress. Satisfactory progress is specified in the sections following titled Reinstatement Following Academic Suspension and Reinstatement Following Academic Dismissal. Students will not receive credit at USA for courses taken at other institutions while on Academic Dismissal from USA.

**Suspension And Dismissal Table**

<table>

<tr>
<td>102-up</td>
<td>1.80</td>
</tr>
</tbody>
</table>

**Reinstatement Following Academic Suspension**

Students reinstated following one regular term, Fall or Spring, (excludes summer term) of Academic Suspension are reinstated on Academic Probation. Students who do not return to the institution immediately following Academic Suspension will be subject to the rules of readmissions. Reinstated students are subject to Academic Dismissal if they do not make satisfactory progress. A student is considered to be making satisfactory progress as long as he or she maintains a USA grade point average for each semester of 2.0 or above until their cumulative USA grade point average is above the minimum required grade point average as outlined in the table above. Once a student achieves a grade point average higher than the minimum required grade point average, he or she is subject to the requirement to maintain his or her grade point average above the minimum value as listed in the table. Reinstated students will remain on probation until the cumulative USA grade point average is 2.0 or greater.

Students intending to seek reinstatement after suspension must first file a Readmission Form by the official deadline with the Admission's Office.
Reinstatement Following Academic Dismissal

Students academically dismissed from USA will be reinstated on Academic Probation after a period of one calendar year. Reinstatement on Academic Probation requires students to meet with an academic advisor prior to registering for classes. Students reinstated after Academic Dismissal are subject to a second Academic Dismissal if they do not make satisfactory progress. A student is considered to be making satisfactory progress as long as he or she maintains a USA grade point average for each semester of 2.0 or above until their cumulative USA grade point average is above the minimum required grade point average as outlined in the table above. Once a student achieves a grade point average higher than the minimum required grade point average, he or she is subject to the requirement to maintain his or her grade point average above the minimum value as listed in the table. Reinstated students will remain on Academic Probation until the cumulative USA grade point average is 2.0 or greater.

Students intending to seek reinstatement after Academic Dismissal must first file a Readmission Form with the Admission's Office by the official deadline.

Academic Bankruptcy

Undergraduate students readmitted after an absence of at least one or more calendar years may choose to count all or none of their University of South Alabama credits toward completion of degree requirements and the computation of their GPA. Should the student elect to count none of the prior work, i.e., declare academic bankruptcy, the student is, in effect, allowed to start academic work at the University of South Alabama over with a GPA of zero in good standing; however, all course work will remain on the student's academic record. This determination must be made by the student during the term of reentry no later than the last day of class for that term, but preferably at the time of application for readmission. It requires dean's office approval. This election may be made only once during a student's USA career and is irrevocable. Such election also carries with it the stipulation that the student's choice of Bulletin is limited to those in effect from the time in which the student declares academic bankruptcy onward. Academic bankruptcy applies only to courses completed at the University of South Alabama.

In determining academic honors at the University of South Alabama, only the course work taken after academic bankruptcy has been declared counts in the calculation of GPA.

The option of academic bankruptcy is not available to a student who has received a bachelor's degree or certificate.

For financial aid recipients - filing academic bankruptcy will not clear your satisfactory progress problem nor reinstate your federal financial aid eligibility (including loans).

Withdrawals

Official withdrawal (dropping all courses in progress) from the University can be done through PAWS (the student on-line self-service system). Students attending with VA benefits need to check with the Veteran Affairs Office prior to withdrawing. Students with financial aid need to check with that office to determine the impact of course drops or complete withdrawals on financial aid eligibility or possible repayments. International students must get authorization from the Office of International Services prior to withdrawing. The symbol "WD" is recorded for all courses when the student completes the withdrawal within the time limits listed in the official calendar. A grade of "F*, or U*" is recorded when a currently enrolled student leaves the University without completing the withdrawal.

Readmission To The University

Students who were previously enrolled in courses at the University of South Alabama, and have been absent from the University of South Alabama for at least three consecutive terms should comply with the following:

How To Apply For Readmission

An applicant should request the appropriate forms from the Admission's Office. The readmission form, including all required credentials, should be filed with the Admission's Office by the published deadlines found on the Admission's Office website https://www.southalabama.edu/departments/admissions/applytousa.html.
Requirements For Readmission
An applicant must be eligible to return to the University of South Alabama on the basis of a previous academic record at this institution. If the student has attended any college or university subsequent to last enrollment at the University of South Alabama, the student must also have the required transfer average or higher (as computed by the University of South Alabama) on work attempted, and must be in good standing and eligible to return to the last institution attended.

Transient Credits Earned
A student enrolled in the University of South Alabama is not permitted to take credit work as a transient student at another institution to be applied toward a degree without prior permission from the dean of the college. The permission must be in writing, specifying which courses are acceptable and their equivalents at the University of South Alabama. A copy of this permission must be filed with the University Registrar. Students do not need transient approval if they have not been enrolled at the University for two or more consecutive terms (not including summer).

College Course Credit Received By Testing Or Other Sources

English Composition I Exemption:
Students who score a minimum ACT English score of 27 or an old SAT verbal score of 610 or a new SAT Reading Test score of at least 33 will be exempt from taking English 101. Official scores should be mailed to the Office of Admissions for exemption to be granted.

Credit By Examination:
A student may receive credit for a course by passing a locally prepared examination and by paying appropriate fees. (See "Credit by Examination".)

Military Service/ROTC Credit:
A student may receive Military Science or Aerospace Science placement credit for prior military service or Junior ROTC training. Contact the Department of Military Science or the Department of Air Force Studies for details.

The Prior Learning Assessment Center:
The Prior Learning Assessment Center, housed in the Department of Integrative Studies, will serve as a central location where potential and enrolled USA students can obtain information and advising on the assessment options available for earning USA credit for prior learning. The center will also be the primary academic unit responsible for the coordination and administration of prior learning assessment by portfolio.

Advanced Placement (AP) Credit:
Students participating in the Advanced Placement Program of the College Entrance Examination Board (CEEB) will be granted University credit as indicated below.

### International Baccalaureate Program (IB)

Students participating in the International Baccalaureate Program (IB) will be granted credit by the University of South Alabama to those who have achieved a score of "5" or higher on the International Baccalaureate Program examinations. Individual academic disciplines will determine if a higher score is required in a particular course(s). IB Credit with a grade of at least "5" will be awarded as follows:

## CLEP

A student can receive up to 25% of the total credits required for the degree from the General Examinations and certain Subject Examinations of the College Level Examination Program (CLEP) as shown below. Official CLEP scores mailed directly from the CLEP division of the Educational Testing Service are required before credit will be awarded.

Computer Science CLEP credit is awarded based on USA departmental recommendations. The University reserves the right to change the CLEP minimum scores and credit awarded based on recommendations by the College Board and University research.

### Double & Second Majors And Minors

#### Double Majors

Undergraduate students may elect to fulfill the requirements for two majors concurrently. To do so, the student must declare a primary major and a secondary major on the Declaration of Program form that is filed with the Registrar's Office. Students who declare a double major must participate in academic advising in each major. Completion of a minor is not required of students completing two majors. Students who declare two majors from different colleges will be required to fulfill all requirements for each major and to fulfill all degree requirements, including those for general education, that apply in the college of the primary major. Students who complete requirements for two majors from different colleges will be awarded the degree granted by the college of the primary major, and transcripts will designate that both the primary and secondary majors were completed.

#### Second Major

Students who have been awarded a baccalaureate degree at the University of South Alabama may return to study for a second major as a non-degree student (see unclassified). Such students must fulfill the following requirements to have a second major recorded on their academic record:

1. They must be enrolled in the college in which the major is administered.
2. They must meet all the requirements of the second major.
3. At least half the total number of hours required for the second major must be satisfactorily completed in residence at the University of South Alabama.
4. At least nine hours of the work in the second major satisfactorily completed in residence at the University of South Alabama must be in addition to work completed as part of the bachelor's degree.
5. The appropriate dean's office is responsible for notifying the Registrar's office of satisfactory completion of the second major. When these requirements have been met, a notation will be entered on the student's record to indicate that the student has "completed work equivalent to a major in ____". Students completing a major equivalency in this fashion may not apply the additional coursework toward a second bachelor's degree.

Minors

The purpose of a minor program is to specify a set of courses that provide a degree of content mastery in a discipline or coherent interdisciplinary field. Ordinarily, a minor program consists of a minimum of 18 hours with at least 9 hours at the upper-division level. Exceptions to the 9 upper-division hours in a minor may occur when the prerequisite sequence for a minor requires more than 9 hours of lower-division courses. Minors approved prior to December 3, 2014 are exempted from the minimums identified above. A minimum of 9 credit hours of courses in the minor must be completed at the University of South Alabama.

Examinations

Examinations

Final examinations are held at the end of each semester or term.

Credit By Examination

USA students may receive credit by special examination upon approval of the appropriate academic personnel (statement of application procedures may be obtained from the Office of the Registrar). A fee of $30.00 will be charged for each examination. In addition, the student will be charged the current course fee per hour of credit. Hours attempted will be included in determining the student's grade-point average.

College Level Examination Program (CLEP)

The University of South Alabama is a participant in the College Level Examination Program. Transfer credits earned through the College Level Examination Program will be evaluated according to standards established by this University. Prospective or enrolled students may seek information from the Office of Admissions or Office of the Registrar.

Credit Limitation

No more than a combined total of 25% of the total credits required for the degree will be allowed for credit received through the College Level Examination Program (CLEP), Advanced Placement Program (AP), International Baccalaureate Program (IB), military service school courses, and other approved non-collegiate-sponsored programs, as recommended by the American Council on Education.

Grades / Grade Point
Grades

Reporting Of Grades
Final grades are available through PAWS (Personal Access Web System at http://paws.southalabama.edu at the completion of each semester or term.

Midterm Grades
Undergraduate students in full-term courses will receive midterm grades that will address attendance and academic progress. Midterm grades are intended to provide feedback for students and will not show on the academic transcript unless the midterm grade is the final grade submitted due to the student’s failure to continue in the course.

Graduate students in full-term courses will receive midterm grades. Letter grade feedback for graduate courses may or may not be assigned at midterm but all graduate course midterm grades will address attendance and academic progress. Midterm grades are intended to provide feedback for graduate students and will not show on academic transcripts unless the midterm grade is the final grade submitted due to the student’s failure to continue in the course.

Grades And Grade-Points
Final examinations are held at the end of each semester. Students are graded on the basis of the following guidelines:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Guideline</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent, 4 grade-points per semester hour</td>
</tr>
<tr>
<td>B</td>
<td>Good, 3 grade-points per semester hour</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactory, 2 grade-points per semester hour (Undergraduate); Marginal, 2 grade-points per semester hour (Graduate)</td>
</tr>
<tr>
<td>D</td>
<td>Minimum Passing, 1 grade-point per semester hour (Undergraduates)</td>
</tr>
<tr>
<td>F</td>
<td>Failure, no grade-points (weighted)</td>
</tr>
<tr>
<td>F*</td>
<td>Failure in cases where the student does not officially withdraw, but failed to attend or participate in class activities, or stopped attending or participating in class activities prior to the end of classes. No grade points.</td>
</tr>
<tr>
<td>S</td>
<td>Satisfactory, no grade-points (unweighted)</td>
</tr>
<tr>
<td>U</td>
<td>Unsatisfactory, no grade-points (unweighted)</td>
</tr>
<tr>
<td>U*</td>
<td>Unsatisfactory in cases where the student does not officially withdraw, but failed to attend or participate in class activities, or stopped attending or participating in class activities prior to the end of classes. No grade points.</td>
</tr>
</tbody>
</table>

The following symbols are substitutes for grades. They are not grades:

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>Incomplete (see below)</td>
</tr>
<tr>
<td>WD</td>
<td>Withdrawal</td>
</tr>
<tr>
<td>P</td>
<td>Course in progress (see below)</td>
</tr>
<tr>
<td>AU</td>
<td>Audit</td>
</tr>
<tr>
<td>N</td>
<td>No grade or invalid grade (assigned only by the Registrar)</td>
</tr>
</tbody>
</table>

The symbol “I” (Incomplete) is assigned when, for reasons beyond the student’s control, the student is unable to fulfill all the normal course requirements. The situation warranting an “I” must be a medical condition, an equipment problem, or other mitigating circumstance that is patently demonstrable to be beyond the student’s control. This symbol is not used to provide time for completion of extra work beyond the normal course requirements for improving the student’s grade, or to permit the student to avoid probation, suspension, or dismissal. The “I” symbol should not be assigned unless the amount of incomplete work can reasonably be completed in the time period allotted for an “I” grade without additional extensions. Extensions of “I” grades should only be granted in rare cases where additional and unanticipated circumstances beyond a student’s control have
prevented completion. All records of the symbols “I” must be cleared by the specified deadline of the next semester or term; if they are not, grades of “F” will be recorded by the Registrar.

The symbol “P” (In Progress) is assigned only in a limited number of approved courses which require more than one semester or term for completion. Unless the “P” is removed by the end of the second succeeding semester or term, a grade of “F” will be recorded.

Change Of Grade
Grades reported by instructors to the Registrar may not be changed unless there was an error in recording or in evaluation. Grade changes require the approval of the primary instructor of record and the signature of the department chair and the dean of the college in which the course is taught (or, for graduate students, the Director of Graduate Studies and the Dean of the Graduate School.) A Dean may delegate this responsibility to an Assistant/Associate Dean or to a Director or other academic administrator in their college when appropriate. All grade changes involving an F* or U* grade will also require the signature of the Associate Vice President for Academic Affairs. Grades on record for one calendar year may not be changed. The approval authority of the Dean is not intended to impede or restrict the right of the faculty to request and be granted approval to change a grade when it has been erroneously entered into the official academic records of the University.

Final Grade Grievance Policy
A student may initiate an inquiry under procedures set forth by the Undergraduate Final Course Grade Grievance Policy. A copy of this policy is available in the dean’s office of each college and is published in The Lowdown (Student Handbook) and in the Faculty Handbook.

Repeated Courses
A student may repeat a course in which a grade of “D” or “F” is received. Total grade-points are computed on the basis of all attempts. A student who has a grade of “C” or better may repeat the course with the approval of the appropriate academic dean. Credit for a repeated course may be counted only once toward graduation, but all grades are recorded on the student’s transcript and are counted in determining quality points.

Grade Replacement Policy

Please Note: A USA grade point average that includes grade replacement, may not be used for some purposes. For example, graduate and professional programs may recalculate your grade point average with no grade replacement for admissions decisions.

If you are receiving financial aid, please be aware that the Standards of Academic Progress Policy is separate from the Grade Replacement Policy. Replacement of a grade does not change the satisfactory academic progress calculation. All work attempted is part of this calculation and repeating courses could negatively affect your eligibility for financial aid. If you have questions please contact the Office of Financial Aid at (251) 460-6231 or finaid@southalabama.edu.

This policy is subject to the following conditions:

• Only USA undergraduate students qualify for this policy
• All attempts for each course are recorded on the transcript. Courses that are not used in calculating the GPA will remain on the transcript.
• Only courses taken at USA are eligible for grade replacement.
• Courses in which a B, C, D or an F was earned are eligible for grade replacement.
• A maximum of three course grades can be replaced. In each case, the student must have repeated the identical course with an improved grade relative to the course grade being replaced.
• It is possible for a student to have more than one grade removed from the GPA calculation for the same course. However each grade that is removed counts towards the maximum of three course grades that can be replaced.
• Course substitutions are not eligible for grade replacement. To be eligible, the repeated course must have the identical course number and identifier as that for the grade being replaced.
• Certain courses are not eligible for grade replacement. Courses that are not eligible include: Graduate courses, PE activity courses, internships/clinicals, health science professional courses, field experiences, research seminars, independent/directed studies, and special topics courses. Please check with your specific program for further restrictions on eligible courses.
• A course grade received as a result of academic misconduct does not qualify for grade replacement.
• Once a student graduates, a class may not be repeated to improve his/her grade point average.
• Grade replacement does not change a student's past academic standing.

Application Procedure
• Complete a Grade Replacement Application form and turn it in to your College Advising office.
• Each course grade replacement request must be done on a separate form.
• Once a grade is replaced, the action is irrevocable.
• A maximum of three grades for repeated courses can be replaced. Additional requests will not be granted. This rule may not be appealed.
• This form may be turned in anytime before the awarding of the bachelor's degree.
• You will be notified through your USA e-mail of the approval or denial of this request. You may confirm by viewing your PAWS transcript.

Adding Or Dropping Courses

Students may drop courses, using PAWS (the student on-line self-service system), without penalty provided the withdrawal occurs within the time limits listed in the official calendar. See procedures for withdrawals below. Course drops may also be submitted in person to the Registrar's Office. The grade of "F*" or "U*" is recorded for a course abandoned without an official withdrawal. Students who withdraw from a course after the last day for refunds may, with the permission of the instructor, continue to attend the course but may participate in class activities and assignments only to the extent allowed by the instructor. Students who withdraw from clinical courses or laboratory or field experiences must have permission of the department chair to continue in the course.

Graduate Study For Advanced Undergraduates

With permission of the department chair and appropriate director of graduate studies, a student who has completed 90 semester hours with a "B" (3.0) average may register for graduate courses, provided the total load does not exceed 12 hours. This policy is extended to provide an opportunity for well-prepared undergraduates who meet minimum GPA and sufficient undergraduate course work in the major subject to qualify for graduate study in the involved discipline.

The same course may not be counted both for undergraduate and graduate credit. Up to 12 graduate credit hours may be transferred to a future graduate degree at USA. The graduate course may only count toward a degree in graduate school if and when the student is admitted to the graduate school, provided such course was taken no more than 5 years prior to the completion of the graduate degree, and the course is approved for credit by the graduate advisor.

Graduation

Application And Bulletin Choice

Application For Graduation

Students planning to graduate must submit an application according to the dates specified in the University Calendar. Failure to apply will result in a delay in scheduled graduation dates.

A student must file an application for graduation with the Registrar's Office at least one semester before expected degree completion (see University Calendar for deadlines). The degree audit/official check sheet must be approved by the graduation check out personnel in each college with the approval of the chair of the major department and the academic dean.
Choice Of Bulletin Under Which A Student Graduates

A candidate for the bachelor's degree must fulfill the requirements of a degree program as specified in the Bulletin in effect during the academic year of the student's first matriculation as a degree student. Students may select a subsequent Bulletin during their matriculation with the approval of an academic advisor. If a student does not attend the University for a period of one (1) calendar year or longer, the student will be required to fulfill the requirements of the degree program as specified by the Bulletin in effect during the year of the student's return as a degree student.

If a student prolongs the completion of a degree program, curricular or programmatic changes may occur to such an extent that the requirements for the degree program as outlined in a Bulletin for which the student would otherwise be eligible can no longer be fulfilled. If in the judgment of the appropriate academic dean, this has occurred, such Bulletins cannot be used for meeting degree requirements. In these cases, the academic dean would designate the appropriate Bulletin for determination of degree requirements.

If a student changes degree programs, the student will fulfill the requirements of the Bulletin in effect when the change of degree program is approved.

The University reserves the right to make changes, as required, in course offerings, curricula, academic policies, and other rules and regulations affecting students, to be effective whenever determined by the University. These changes will govern current and former students. Interpretations of these policies will be made by the appropriate University authorities, keeping in mind the interests of the students and the University. Enrollment of all students is subject to the conditions and policies as set forth in the Bulletin.

Evaluation Of Degree Requirements

Each candidate will have one official check of remaining degree requirements following filing of the application for graduation which includes the payment of the $65.00 application fee. Students who apply for graduation after the dates posted in the University Calendar will be assessed a $25.00 late fee. Students may verify degree progress at any time using the Degree Works audit available through PAWS.

Graduation With Honors

Undergraduate students who have at least 60 GPA hours in residence with a grade-point average of 3.50 or better at the University of South Alabama are graduated with distinction. Transfer credit hours are not included in the determination of academic honors. Academic honors are not awarded for graduate or professional degrees.

Students completing a second undergraduate degree at USA are eligible for consideration of academic hours. Such students must have 60 or more undergraduate GPA hours in residence at USA, including any work towards a first degree at USA and all work on the second degree. All undergraduate work at USA is used in the calculation. No work at another institution is considered.

Students earning a grade-point average of 3.90 or higher are graduated summa cum laude.

Students earning a grade-point average of 3.70 but less than 3.90 are graduated magna cum laude.

Students earning a grade-point average of 3.50 but less than 3.70 are graduated cum laude.

Since commencement occurs before final grades are processed, final official honors cannot be determined before the commencement ceremony. Thus tentative honors, based on the student's academic record through the end of the last term completed, will appear in the printed commencement program. Final, official honors will be computed after all grades are processed at the end of the term for the last term of attendance, and will appear on student's diploma and transcript.
Honors College

Students who have completed all requirements for the University of South Alabama Honors College with an overall grade-point average of 3.50 or higher will receive special recognition at graduation. For details of the USA Honors College see USA Honors College.

Commencement

USA has commencement ceremonies in Spring and Fall Semesters. Summer candidates participate in the Spring commencement ceremony with the exception of doctoral candidates. Summer doctoral candidates will have their degrees presented at the Fall commencement ceremony. Participation in commencement does not mean that degree requirements have been completed or that academic honors have been awarded.

Diplomas

Diplomas are issued each term. Diplomas will be held until all outstanding obligations to the University have been cleared. Unclaimed diplomas become the property of the University one calendar year thereafter.

Awarding Of Posthumous Degree

A posthumous degree may be awarded to a deceased undergraduate student who had senior academic status or to a deceased graduate student near completion of his or her graduate program. Qualifying students must have been registered at the University of South Alabama within twelve months of the time of death and be in good academic standing at the University. The Dean of the student's college submits a recommendation to the Provost and Senior Vice President for Academic Affairs or Vice President for Medical Affairs for review. If approved, the recommendation will be forwarded to the Office of the President for final approval.

If they so desire, the deceased student's family may receive the diploma in a regularly scheduled university commencement ceremony or in a private ceremony.

International Academic Opportunities - Education

University of South Alabama students in all academic disciplines are encouraged to participate in a study abroad experience for credit toward their major, minor or elective credits. Academic research, practicum, internship and work abroad experience are also highly encouraged for all disciplines and all USA students. Students should check with their academic advisors and the Office of International Education for available opportunities, information on scholarships and application/approval procedures.

Study Abroad

All students receiving academic credit for study or interning abroad must be enrolled in an official USA Study Abroad "course" (check with the Office of International Education for course and section numbers). This includes participation in faculty-led USA Study Abroad programs as well as other USA approved study abroad programs offered by other universities and third party program providers. To participate in a study abroad program, have an overall GPA of at least 2.25 for undergraduates. Graduate student qualifications vary by department and program. Student should see Office of International Education for "exceptional" circumstances procedures. Students with a GPA between 2.0 and 2.25 must demonstrate positive and constructive maintenance of their GPA with no decline in order to be considered for study abroad. Students should have no incomplete coursework due from the term prior to going abroad. Students experiencing academic challenges on campus should work closely
with their academic advisors and the Office of International Education prior to making any plans to study abroad. Students requiring accommodations or special services should contact the USA Office of Student Disability Services and discuss such arrangements with OIE and the host program well in advance of their proposed activity abroad. All applicants for USA Study Abroad must be in good academic and non-academic standing prior to and during the proposed activities abroad. Additionally, all students who plan to study are encouraged to take a pre-departure course entitled IST 300: Global Orientation prior to going abroad. This course is an eight week, one credit hour blended format course designed to help students prepare to go abroad. The IST 300 course is a requirement for all students who intend to participate in semester or yearlong programs, and for all Foreign Languages and Literature majors.

With some planning, study abroad can be fully integrated in USA degree programs and applied to core, major, minor and elective courses. Prior knowledge of a foreign language is not required although many programs provide access to all levels of language learning (beginning to expert). All programs encourage and facilitate intercultural learning opportunities. Opportunities abroad last from one week (depending on the nature of the program) to a full academic year and are available for all semesters including fall, spring, summer and May term. Upon completing USA’s study abroad application, including course approval form(s), students will enroll in a USA Study Abroad “course”. These courses carry an administrative and registration fee of at least $150 per program and term abroad. With this registration students are able to receive academic credit for courses taken abroad and while abroad have access to a 24/7 emergency assistance network. Additionally this registration provides access to study abroad advising and support services. Depending on the duration of the program, students may be charged additional fee for international insurance. Students participating in USA Faculty-led programs will enroll in a discipline specific USA course that confers USA credits. Students on Faculty-led programs pay a program fee that generally includes tuition, housing abroad, in-country travel, international insurance, and other on-site expenses. All students who plan to study abroad must attend required USA Study Abroad information and pre-departure sessions. By participating in an approved program, students will retain official full time USA student status and in some instances, may apply for or retain their existing financial aid and scholarship money. Freshmen are encouraged to begin planning for study abroad upon arrival to USA. Scholarship information is available through International Education for internal University scholarships as well as for external sources, such as the Gilman Scholarship, U.S. Fulbright Awards for graduating seniors, and the National Security Education/Boren Program for Undergraduate and Graduate Students. Additionally, students eligible for the Alabama prepaid tuition (PACT) program, vocational rehab, and veteran's benefits may be able to apply these funds to their study abroad program. For more information, please visit the Office of International Education’s website at www.southalabama.edu/ie or www.southalabama.edu/studyabroad. Students can also come to Study Abroad walk-in hours (see website for hours) or schedule an appointment with a study abroad advisor by e-mailing intledu@southalabama.edu.

Plagiarism And Cheating

See Student Academic Conduct Policy.

Requirements For Bachelor's, Dual Bachelor's, And Second Bachelor's Degree

Bachelor's Degree

To qualify for a baccalaureate degree a student must complete a minimum of 120 approved semester hours, meet the university's general education requirements, meet the requirements of the major, and meet any specific requirements of the college or school. Some colleges and schools also require a minor. Degree requirements in some academic programs may exceed 120 hours. Students should consult the individual college or school for more details.
I. General Education Requirements

General Education Mission
The General Education Curriculum at USA helps students succeed academically in college, be prepared for their professional careers, be equipped for life-long learning, and become responsible citizens and leaders. To meet these goals in a dynamic world, General Education provides shared experiences for students to acquire foundational skills and knowledge, along with an appreciation of diverse perspectives and a broad intellectual context in which students can situate their specialized fields of study.

General Education Competencies And Student Learning Outcomes

Communication Skills:
• The student will demonstrate effective writing skills.
• The student will demonstrate effective oral presentation skills.

Aesthetic and Critical Interpretations:
• The student will demonstrate a foundational knowledge of artistic and literary interpretations, and the student will demonstrate proficiency in basic interpretive skills.

Scientific Reasoning:
• The student will demonstrate proficiency in scientific reasoning and foundational knowledge of the natural sciences.

Quantitative Reasoning:
• The student will demonstrate proficiency in quantitative reasoning and the use of mathematics.

Social Scientific Literacy:
• The student will demonstrate foundational knowledge of the social sciences.

Historical Perspectives:
• The student will demonstrate a foundational knowledge of historical perspective.

General Education Course Requirements
All students must fulfill the following general education requirements, consisting of a minimum of 41 semester hours plus two designated writing intensive or "W" courses. Specific degree program and college requirements may exceed any or all of the minimum general education requirements. Also, because specific course requirements in general education will vary from major to major, students must refer to the program section of the Bulletin for their major before enrolling in courses intended to satisfy general education requirements as well as other program requirements. In addition, students should plan their degree program with an academic advisor. The general education requirements are:

Area I. Written Composition
EH 101 and 102 are required of all students, unless exempted. In addition, two designated writing (W) courses are required with at least one course chosen from offerings in the students' major or minor. Courses carrying this required credit are identified in the University Bulletin by a (W) after the course title. EH 101 and EH 102 are prerequisites to writing courses.

Students must demonstrate general competence in writing by earning a "C" or better in EH 101 and a "C" or better in EH 102. Students are exempt from the EH 101 requirement with an enhanced ACT English score of 27 or above, a recentered old SAT score of 610 or above, or a new SAT Reading Test. Students scoring a minimum of 50 on the CLEP English Examination will satisfy the EH 101 requirement. Students completing an IB degree, with an IB exam score of 5 or higher in English, will satisfy the EH 101 requirement. Students failing to complete IB degree, but who have an IB exam score of 5 or higher in English, may satisfy only EH 101 requirement.

NOTE: Credits earned in the English as a Second Language courses or Developmental Studies will not be accepted toward meeting writing competency requirements.

Area II. Humanities And Fine Arts
Requirements include at least 12 semester hours in humanities, with a minimum of three semester hours in literature and three semester hours in the arts and the remaining semester hours from the humanities and fine arts. In addition to literature, disciplines in the humanities include, but are not limited to, philosophy, religious studies, speech*, modern and classical languages and literature, art, music, and theater and dance.
Courses should be broad in scope and content rather than specific and should emphasize a global perspective. Courses in the arts should emphasize history and appreciation rather than performance. Examples in the humanities and fine arts include, but are not limited to, world literature, art history, music appreciation, comparative religions, and history or origins of dance.

*Students must complete one course that demonstrates competency in oral communication. Within the Colleges of Allied Health Professions, Arts and Sciences, Education and Professional Studies, Nursing, the School of Computing, and in the Departments of Civil Engineering, Electrical and Computer Engineering, and Mechanical Engineering in the College of Engineering, students must complete CA 110 to satisfy the competency in oral communication requirement. Students majoring in the College of Business and the Department of Chemical and Biomolecular Engineering must meet the specific oral communication requirements of their major (see appropriate sections of this Bulletin for details.)*

**Area III. Natural Sciences And Mathematics**

Requirements include at least 11 semester hours with at least three semester hours in mathematics at the finite mathematics (MA 110) or precalculus algebra (MA 112) level or higher and at least eight semester hours in the natural sciences which must include laboratory experiences. See the MATHEMATICS PLACEMENT section.

Disciplines in the natural sciences include, but are not limited to, astronomy, biology, chemistry, geology, physical geography and physics.

Courses in the natural sciences should be broad in scope and content rather than specific to an aspect of a discipline and may include interdisciplinary science courses. Courses in the natural sciences must include laboratory experiences which emphasize the scientific method.

**Area IV. History, Social, And Behavioral Sciences**

Requirements include twelve semester hours in history, social and behavioral sciences with at least six semester hours from among other disciplines in the social and behavioral science. Other disciplines include, but are not limited to, anthropology, economics, geography, political science, psychology, and sociology.

Courses should be broad in scope and content, include global or international perspectives, and must emphasize the methods of inquiry in the social sciences. Students must complete a six semester hour sequence in literature or history.* Note that some majors specify the sequence and the requirements of the major should be referred to before deciding upon either a literature or history sequence. If the sequence selected is in literature, an additional three hours must be taken in any of the history, social science or behavioral science disciplines above.

*Students preparing to complete the BS degree in engineering are required to complete nine rather than 12 semester hours in the humanities and fine arts. Rather than the six hour sequence in history or literature, they must demonstrate in-depth study in a particular discipline of the humanities and fine arts or history or the social and behavioral sciences through completion of six semester hours in a particular discipline.

**II. Major Requirements**

*(Refer To The Program Section Of The Bulletin)*

**Technology Use Requirement**

All undergraduate students must have access to and training in the use of technology to enhance learning and appropriate to meeting the objectives of individual degree programs. Each degree program will specify how its students will meet this requirement.

**Prerequisites**

Students may not register for courses for which they do not have the prerequisites specified in the course descriptions. Any student who does so will be withdrawn by the Registrar, the student's dean, or the dean of the college in which the course is taught.

**Minimum Grade-Point Average**

A student must earn a minimum grade-point average (GPA) of 2.00 (an average grade of “C”) based on all course work taken at the University of South Alabama. Students enrolled in the College of Education and Professional Studies in majors with candidacy requirements must have a minimum grade-point average of 2.20 (2.75 grade-point average for teacher certification). Grades in pass-fail (S/U) courses do not carry quality points and are not used in determining the grade-point average.
Hours In Residence/Residency Requirement
A candidate for graduation must complete a minimum of 25 percent of the credit hours required for the degree through instruction offered by the University of South Alabama in upper-division course work (300 and 400 levels). Upon the recommendation of the dean of the appropriate college and approval of the Provost and Senior Vice President for Academic Affairs or Vice President for Medical Affairs, other credit earned at USA may be substituted to meet the residency requirement. Up to 15 credit hours of study abroad courses may be used to satisfy USA upper-division course requirement. In such cases, up to 15 credit hours of lower-division courses may be used to help meet the requirement that a minimum of 25 percent of the credit hours required for the degree are accomplished through courses offered by USA.

There is also a minimum number of semester hours that must be completed in the major and minor at the University of South Alabama: A minimum of 15 credit hours of courses at the 300/400 level in the major discipline must be completed at the University of South Alabama. If a minor is required in the particular degree program, 9 credit hours of courses in the minor must also be completed at the University of South Alabama.

Any deviation from these residency policies must be approved by the Provost and Senior Vice President for Academic Affairs or Vice President for Medical Affairs. Students should consult the University Bulletin for additional regulations in each academic unit.

Dual Bachelor's Degree

Students currently enrolled in a degree program may pursue a dual degree. A dual degree differs from a double major in that the dual degree has additional requirements beyond those of a second major's as specified below. To earn a dual degree, students must fulfill the following requirements:

1. They must complete the appropriate form(s) in the Registrar's Office.
2. They must be enrolled in the college(s) in which both degrees are administered.
3. They must complete at least 150 total semester hours.
4. They must complete a course of study, approved by the appropriate dean, consisting of at least 30 credit hours in upper division course work in residence over and above the requirements for the first bachelor's degree including a recognized major program.
5. They must satisfy all degree requirements of the college(s) awarding each degree.
6. They must comply with all other University regulations.

Second Bachelor's Degree

Students who have been awarded a bachelor's degree from a regionally accredited college or university, based on at least 120 semester hours of fully accredited work, may seek a second bachelor's degree at the University of South Alabama. To earn a second bachelor's degree, students must fulfill the following requirements:

1. Complete the appropriate form(s) in the Admissions Office or Registrar's Office.
2. Complete a course of study, with a grade point average of 2.0 or higher, consisting of at least 30 credit hours in upper division course work in residence over and above the requirements for the first bachelor's degree, including a recognized major program.
3. Students must select a major different from that of the first degree.
4. Certain majors may require students to complete prerequisite courses before enrolling in the minimum 30 hours in upper division coursework.
5. The general education requirements earned during the first baccalaureate degree will be honored by the University as fulfillment of the general education curriculum.
Student Records

The University of South Alabama maintains records and data relative to the individual student to facilitate the educational process of the student and to assist in the administration of student needs by the University. The University of South Alabama complies with the rights of privacy and access to the educational records of the student as set forth in the Family Educational Rights and Privacy Act (FERPA) of 1974.

The University of South Alabama has formulated the following policy in accordance with the Act:

- No information from records, files, or data directly related to a student other than that defined as "directory information" shall be disclosed or released to any individual or agency outside the University without the prior written consent of the student, except according to lawful subpoena or court orders, or except in the case of need by other educational agencies or governmental agencies. Information will be available to University personnel and faculty only for legitimate educational purposes. The student shall have the right of access to and to review the accuracy of all such information with those exceptions that are defined within this policy statement.
- The University is not required to disclose information from the student's education records to any parent of a dependent student. Discretion in releasing the student's records to the parent will be exercised.
- Information about deceased students may be released to legal next of kin and or the executor of the student's estate. The request for deceased student information must be in writing accompanied by an official death certificate and any additional documentation deemed necessary by the University.
- A deceased student's educational records may also be accessed by subpoena and or court order issued by a court of competent jurisdiction. No notification of such subpoena or court order will be issued by the University.
- Directory information may be released by the University without the written consent of the student. Directory information, as defined by FERPA, includes the student's name, address, telephone number, photograph, major, dates of enrollment, degrees conferred and dates of conferral, any graduation distinction, institutions attended prior to admission, participation in officially recognized activities and sports, and weight and height of members of University athletic teams.
- To request nondisclosure of directory information, students must complete a "Request to Prevent Disclosure of Directory Information" form in the Registrar's Office. This request will remain in effect unless changed by the student.

Additional information on FERPA may be found in the University Lowdown (student handbook) under "Student Record Policy". A complete explanation of FERPA is available in the Registrar's Office. Any complaints regarding University compliance with this law may be filed with the Family Educational Rights and Privacy Act, Department of Education, Washington, DC 20201.

The Registrar's Office follows the recommendations of the State of Alabama Records Disposition Authority and the American Association of Collegiate Registrars and Admissions Officers in the retention and disposal of student records.

Transcripts

Students may request transcripts on-line through the National Student Clearinghouse or via PAWs (the student on-line self-service system). Students may also request their transcript at the Registrar's Office in Meisler Hall. The costs involved when requesting transcripts can be obtained by contacting the Registrar's Office or visiting https://www.southalabama.edu/departments/registrar/records/transcripts.html. All outstanding obligations to the University must be cleared prior to the release of transcripts. The University does not release copies of transcripts from other institutions.

Enrollment Certification / Degree Verification

Students may request official enrollment/degree verification through their PAWS account, from the National Student Clearinghouse or in person with a written request of the student.
For enrollment/degree verification related to employment or financial aid, the University of South Alabama is a participant in the National Student Clearinghouse. The Clearinghouse is a repository for enrollment/degree status information and was established to simplify, standardize and automate the status verification and deferment process. The Clearinghouse, the University's agent, will provide student enrollment/degree information directly to the guaranty agencies, lenders, and other services.
Graduate School

The University of South Alabama, the only major public institution of higher learning on the upper Gulf Coast, was created by act of the Alabama State Legislature in May, 1963. With Alabama’s two older senior universities more than 200 miles distant, the University is strategically located in the greater Mobile area, which has a population of more than a million within a 100-mile radius. The Graduate School provides the student with opportunities for creative achievement and the advancement of knowledge. Graduate study fosters the spirit of independent investigation while creating an environment for free inquiry and intellectual challenge in advanced and specialized areas. Emphasis upon scholarship, original thinking, and the practical application of knowledge to the solution of complex problems will enable the student to make a valuable contribution to society.

All graduate work is administered by the Graduate School under the direction of the Graduate Dean who is advised by the Graduate Council. The voting members of the council are eight Full Members of the Graduate Faculty, eight Graduate Directors, one from each college, a Faculty Senate representative, and one graduate student. Non-voting ex officio members are the Provost and Senior Vice President for Academic Affairs, the Graduate Dean, the Dean of the University Libraries, a representative of the Office of Admissions, and a representative of the Registrar’s Office.

For more information, see Graduate School section in the Bulletin under Colleges and Schools.
Pre-Professional Programs

Please navigate to the appropriate program:

• Pre-Law

Pre-Law Program

Preparation For Law School

Students interested in preparing for a career in law will find outstanding opportunities at the University of South Alabama. The finest pre-law education is considered by many to be a four-year liberal arts curriculum, but law schools will accept bachelor's degrees in other areas also.

Law schools generally do not prescribe a particular major or course of undergraduate study to qualify for admission. They all stress, however, the importance of excellence in whatever course of study is pursued. Specifically, the Association of American Law Schools emphasizes excellence in attaining the following three objectives in pre-law studies:

1. Comprehension and expression in words.
2. Critical understanding of human institutions and values with which the law deals.
3. Creative power in thinking.

"Shortly stated, what the law schools seek in their entering students is not accomplishment in mere memorization but accomplishment in understanding, the capacity to think for themselves, and the ability to express their thoughts with clarity and force" (from Association of American Law Schools, Statement of Policy).

To help the student develop the best possible course of study to prepare for law school in the light of particular needs, the University of South Alabama provides a pre-Law Advisor in the Department of Political Science and Criminal Justice. Pre-Law students are urged to consult with the Advisor for detailed information concerning how best to prepare for law school and for information concerning the Law School Admission Test, now required by practically all law schools.

Pre-Health Program

Pre-Health advising at the University of South Alabama offers valuable resources to students interested in a variety of graduate professional health programs. In order to prepare students for the rigorous demands of these programs, advisors provide information and guidance on required course work, admission test needs, the application process and non-academic requirements. Pre-health advising is provided as a supplement to major academic advising. All pre-health students have an academic advisor who will guide them in meeting requirements for graduation.

College of Allied Health website
https://www.southalabama.edu/colleges/alliedhealth

The Pat Capps Covey College of Allied Health Professions is dedicated to the provision of the highest quality in basic medical sciences and health professional education to meet healthcare needs and to contribute to new knowledge through research. Our programs vary in specialization and are either clinical or non-clinical in nature.

Clinical Programs And Accrediting Agency

- **Emergency Medical Services Paramedic & EMT Programs:**
  Committee on Accreditation of Allied Health Educational Programs (CAAHEP) and the Committee on Accreditation for the EMS Professions (CoAEMSP)

- **Occupational Therapy (Master of Science in Occupational Therapy):**
  Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA)

- **Physical Therapy (Doctor of Physical Therapy):**
  Commission on Accreditation in Physical Therapy Education (CAPTE) for the American Physical Therapy Association (APTA)

- **Physician Assistant (Master of Health Sciences):**
  Accreditation Review Commission on Education for the Physician Assistant, Inc. (ARC-PA)

- **Radiologic Sciences (Bachelor of Science Program):**
  Joint Review Committee on Education in Radiologic Technology (JRCERT)

- **Speech-Language Pathology and Audiology Programs (Master of Science in Speech-Language Pathology and Doctor of Audiology):**
  Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA)

The clinical programs are accredited by their national specialized accreditor and lead to certification and licensure in the United States. Upon graduation from a professional/clinical program, students are eligible to sit for their respective certification and licensure board examinations to enter professional practice in their chosen specialization.

The clinical programs in the Pat Capps Covey College of Allied Health Professions are full-time programs that provide the scientific education and clinical education needed for clinical practice. Coursework and clinical placements are full-time in nature. Students must be able to manage full-time clinical placements appropriate to the profession. Clinical placements may be weekdays or on the weekend. Students may need to be placed at clinical sites between semesters. Additionally, students are not guaranteed clinical placements in Mobile and should be prepared to commute.
Through University approval, and when deemed to be in the best interest of the students, the faculty of the College reserves the right to alter curricula and regulations as considered necessary.

**Non-clinical Programs:**

Biomedical Sciences (BS)
Communication Sciences and Disorders (Doctor of Philosophy)
Master of Science in Physical Therapy (MS)
Professional Health Sciences (BS)
Rehabilitation Sciences in Occupational Therapy (MS)
Rehabilitation Sciences in Speech Therapy (MS)
Speech and Hearing Sciences (BS)

The non-clinical programs prepare students for the health care workforce or for graduate-level clinical/professional programs.

**Academic Advising**

Students are encouraged to take full advantage of the academic advising services provided in the College of Allied Health Professions. The academic advisors are available throughout the academic year to assist undergraduate students and other persons seeking information about Allied Health Professions programs. First year students are advised in the Academic Advising and Transfer services office. Sophomores, Juniors, and Seniors are advised in the College of Allied Health Professions. The academic advisors are located in the Health Sciences Building, room 3028 (HAHN 3028), and the telephone number is (251) 445-9260. Undergraduate students in the professional component of their program and graduate students are advised by their respective departmental faculty advisors.

**Computer Access Requirement**

All students enrolled in the Pat Capps Covey College of Allied Health Professions are required to have access to a personal computer. This access must include a current version of the Microsoft Office® software suite including Word® and Excel®, access to the University’s e-mail system and access to the Internet for research purposes. Individual programs may have additional requirements specific to their curriculum.

**General Requirements For Immunizations, Health Insurance, Background Checks, And Drug Screening**

Students in clinical programs are required to provide documentation of immunizations. Confirmation of immunization and/or documentation that the immunization process is underway (e.g. multiple shot immunization process) is required prior to matriculation. Additionally, some immunizations will be confirmed annually (i.e. flu shot). Students will be required to meet the immunization requirements of clinics where students complete their clinical rotations. Some clinical sites may require updated paperwork and/or additional immunizations.

Students in clinical programs are required to have continuous health care coverage. As such, students in clinical programs are required to maintain health insurance throughout the program of study and bear all costs associated with their health care.

Students applying for admission to clinical programs will need to provide proof of health insurance coverage before matriculation to the program and every year after matriculation.

Students in clinical programs are required to pass background checks and drug tests prior to being admitted to a clinical program. For clinical programs, acceptance, admission, and retention in the applicable program are contingent upon an acceptable background check for the profession. Drug tests may be randomly administered while in clinical programs. Students are informed of these requirements in the application process (i.e. admissions websites). Specific requirements for each program are listed in the respective departments' sections. Students are responsible for becoming familiar with individual requirements and regulations specific to their programs.

**Admission To Professional Programs**

The Dean of the Pat Capps Covey College of Allied Health Professions oversees the establishment and monitoring of the admission standards for the professional clinical degree programs. Each student must meet the admission standards of the program for which they are applying. However, because of limited capacities, admission is on a competitive basis. Notice of actions on applications for admission is provided by the respective departments. Any other correspondence between students and faculty members, department chairs, and/or administrative officers does not constitute nor does it imply admission to any specific program.
Application forms and other information may be obtained from each department’s website or by contacting the department directly.

College Requirements

Undergraduate

Admission To Professional Programs
The Dean of the Pat Capps Covey College of Allied Health Professions oversees the establishment and monitoring of the admission standards for the professional clinical degree programs. Each student must meet the admission standards of the program for which they are applying. However, because of limited capacities, admission is on a competitive basis. Notice of actions on applications for admission is provided by the respective departments. Any other correspondence between students and faculty members, department chairs, and/or administrative officers does not constitute nor does it imply admission to any specific program.

Application forms and other information may be obtained from each department’s website or by contacting the department directly.

Undergraduate Promotion Policies
For professional component undergraduate students in Radiologic Sciences, a minimum grade of "C" is required in each professional component course. This minimum grade of "C" reflects only the letter grade since many courses will require an 80% or 90% competency in order to be considered passing level. Students receiving less than a "C" in a professional course in Radiologic Sciences will not be allowed to proceed in the program (i.e. dismissed). Students not meeting this minimal requirement may apply for reinstatement by petitioning the respective departmental Student Evaluation and Promotions Committee. The student must petition in writing through the office of the Department Chair no later than five days prior to the beginning of the semester for which reinstatement is requested. If for any reason, a student must withdraw from the professional component of a program, readmission will require approval of the appropriate Department Chair and the Dean of the College. Undergraduate students majoring in Speech and Hearing Sciences must complete each SHS course with a grade of "C" or better.

Transient Course Work Credit
All students enrolled in the Pat Capps Covey College of Allied Health Professions must receive prior approval from their academic advisor, the Chair of the Department and the Dean before taking courses at another institution. Failure to obtain prior approval may result in loss of credit for the course work.

Graduate

Graduate Degree Programs
The Pat Capps Covey College of Allied Health Professions offers a Doctor of Philosophy (Ph.D.) in Communication Sciences and Disorders; two clinical doctoral degrees, the Doctor of Audiology (Au.D.) and the Doctor of Physical Therapy (DPT); and 6 Masters degrees, the Master of Health Sciences (MHS), Master of Occupational Therapy (MSOT), Master of Speech-Language Pathology (MSLP), Master of Rehabilitation Sciences in Occupational Therapy (RSOT), Master of Rehabilitation Sciences in Speech Therapy (RSST), and a Master of Physical Therapy (MSPT). These degrees are administered through the Department, the College, and the Graduate School. Program requirements for all graduate programs can be found under the respective departmental information.
Admission To Graduate Programs
In addition to the minimum requirements set by the Graduate School, students applying to clinical graduate programs in the Pat Capps Covey College of Allied Health Professions must take the Graduate Record Examination (GRE). The minimum GRE score required to apply for admission to each graduate program is established by the program’s admissions committee. Interested students should check the specific requirements for every program.

Admission to the graduate programs in the Pat Capps Covey College of Allied Health Professions is competitive. The programs are limited access and students are admitted based on their credentials. Students are encouraged to refer to the departmental website for admissions criteria and information.

Documents Required For Admission
All documents required for admission review such as transcripts and test scores must be official. Transcripts must be transmitted from the home institution to the department. Scores from testing agencies must be sent directly to the University. These documents become the property of the University of South Alabama. Programs may use a Centralized Application System or other admissions process. Students may be asked to upload transcripts, test scores, and letters of recommendation to this system as well. If a student decides to apply to another program, a new application and processing fee must be submitted.

Grade Standards
The grading system for graduate-level include "A", "B", "C", and "F". A minimum overall Grade Point Average (GPA) of 3.0 must be maintained throughout the program. A maximum of eight semester credits of courses with the grade of "C" may be counted toward a degree program. Students may, with approval of the departmental faculty, repeat a course in which a "C" has been earned. Any grade lower than a "C" in any course will result in academic dismissal from the program. Academic programs may establish more stringent grade requirements for program retention.

Students may appeal dismissal to the Department Academic Standards Committee, but reinstatement is not automatically granted and will be evaluated on a case-by-case basis.

Academic Dismissal
Any term in which a graduate student drops below an overall 3.0 GPA, the student is placed on probationary status and has a period of two terms to attain an overall 3.0 GPA or be dismissed.

Students who receive more than 8 credit hours of "C" in courses will be dismissed from their program. The student may appeal the dismissal following the CAHP Appeals Process for Academic Dismissal. If the appeal is granted, the student may be allowed to retake up to one course in order to reduce the number of hours of "C" within the 8-hour limit. If the student cannot reach this limit by retaking only one course, they will be dismissed from the program. If the student is allowed to remain in the program by retaking one course, any "C" grades in the repeated course and future courses will also result in automatic dismissal from the program.

Any grade lower than a "C" will result in academic dismissal. A student who is academically dismissed from a program will not be allowed to re-apply to the same program.

Academic Misconduct
A student dismissed from a graduate program as the result of an academic misconduct penalty will be automatically dismissed from the College and will not be eligible to apply for readmission.

Final Grade Grievance Policy
A student may initiate an inquiry under procedures set forth in The Lowdown (www.southalabama.edu/lowdown/).

Appeal Procedure
Students may appeal academic dismissal, academic misconduct dismissal and final grade grievance decisions under specified circumstances. Information concerning this procedure may be obtained from the office of the Dean of the College.

Transfer Credit
A maximum of twenty-five (25) semester hours of transfer credit from regionally accredited universities may be accepted by a program. Programs in the College may accept transfer credit from a regionally accredited university and/or programs with specialized accreditation; however, programs may set a limit to the total transfer credit accepted and programs are not required to accepted transfer credits. Prior approval of the Chair of the department and College Director of Graduate/Professional Studies is required. For specific information concerning Transfer Credit see appropriate section under Pat Capps Covey College of Allied Health Professions or contact the Chair of the specific program. Only courses with "A" or "B" grades are acceptable for transfer.
Student Responsibility

While the Pat Capps Covey College of Allied Health Professions will endeavor to provide timely and accurate advisement, it is the responsibility of the student to know and satisfy the degree requirements of the academic program, to be aware of the University and College academic calendar and to understand and comply with University and College academic policies and procedures.

College Mission Statement

The College of Arts and Sciences is the intellectual center of the University of South Alabama and is the foundation for establishing and building the quality of the University’s academic programs. In the College of Arts and Sciences, students receive broad exposure to all areas of academic inquiry, as well as in-depth knowledge in their chosen field of study. The College provides every undergraduate student at the University, regardless of major, with the fundamentals of a liberal arts education to enhance students’ knowledge and create an atmosphere in which students develop their own critical thinking, communication skills, and the tools with which to carry out independent inquiry. Such an education promotes a heightened sense of intellectual curiosity, an appreciation of the values and accomplishments of the sciences, arts and humanities, and a sense of awareness and responsibility for the well-being of their society.

In achieving these educational goals, the College of Arts and Sciences will:

- offer a full range of subjects in the humanities, fine arts, social sciences, mathematics, and the natural sciences
- encourage breadth of learning and training in the fundamentals of scholarship
- create and apply knowledge in the arts and sciences through dedicated research, teaching, scholarship, and creative works
- maintain a community of teachers and scholars devoted to the preservation and discovery of knowledge and its transmission to students and to the public
- encourage and support the application of knowledge in service to the University, the Mobile metropolitan area, and the wider society
- emphasize the regional uniqueness of southwest Alabama, including its cultural heritage, its natural environment, and its strategic location as a port city on the Gulf of Mexico
- prepare students to participate in the larger world beyond the region by giving them an awareness of the complexity of global issues and contexts
- prepare students for meaningful and productive careers and contribute to the development of an educated work force responsive to the needs of the region

Options exist for students to earn dual degrees, double majors, or complete more than one minor. Students interested in these options should contact the A&S Student Academic Services at (251) 460-7233 for details.

Degree requirements are to be satisfied with Arts and Sciences courses unless otherwise specified. Credits earned in the Developmental Studies Program or the Department of English as a Second Language (ESL) cannot be used to satisfy degree requirements.

At least 30 hours of course work, which represents 25% of the required 120 hours, must be at the upper division level in order to fulfill the University’s residency requirement. At least 15 of the 30 upper-division hours must be in the major or concentration area. If a minor is required in the particular degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

An overall grade-point-average (GPA) of 2.0 is required for graduation. In addition, a minimum GPA of 2.0 is required in the student’s major or concentration area.

Majors in Arts and Sciences may be completed with a minimum of 120 semester hours unless designated otherwise.

**Technology Proficiency**

Each department will designate a course that will fulfill the technology requirement.

**Mathematics Proficiency**

All incoming students who do not have ACT scores and require MA 112 or higher for their major must take the Mathematics Placement Test administered in the department.

Calculators and other outside resources are not permitted during this exam.

Students should complete the exam at least 48 hours prior to coming to campus for orientation. If the exam is not taken, the students will be blocked from registering for all mathematics courses. To take the test, students will need their JAG number and the e-mail address provided by the USA Office of Admissions. The result of the test will be e-mailed to the student's JagMail e-mail address. Students should keep a copy of their Mathematics Placement Test results to take to their academic advisor. Students should anticipate a 48 hour lag time between the time they take the Math Placement Test and the time they register.

Required ACT, SAT, or Math Placement Exam scores for entry into MA 112 or higher are viewable at the following link:

https://www.southalabama.edu/colleges/artsandsci/mathstat/placementinfo.html

The Math Placement Exam schedule and sign-up instructions are available at:

https://www.southalabama.edu/colleges/artsandsci/mathstat/placementschedule.html

Questions concerning the Math Placement Exam should be directed to the Math/Statistics Department (251) 460-6264. The PAWS registration system will enforce the placement and course prerequisites.

**CAS 100: First Year Experience (2cr)**

A course for first-year students majoring in the College of Arts and Sciences that assists with maximizing the student's potential to achieve academic success and to adjust responsibility to the individual and interpersonal challenges presented by college life. Taught in small groups, the course provides an introduction to the nature of higher education and a general orientation to the functions and resources of the University.

All first-time freshmen must successfully complete CAS 100: First Year Experience as a degree requirement. Students must enroll during their first term at USA, except for summer-entry students who may enroll in CAS 100 during their first summer or fall term.
Bachelor Of Arts And Bachelor Of Science
A minimum of 120 hours in prescribed and elective courses is required for the Bachelor of Arts or Bachelor of Science degrees in the College of Arts and Sciences.

Candidates for these degrees must meet the general education requirements listed below, as well as completing the requirements for a major and minor field. All Bachelor of Arts and Bachelor of Science degrees within the College of Arts and Sciences require a minor. Requirements for a major or minor are listed under the departmental headings. Major programs may require no more than 47 hours in a single discipline. A student may count no more than eight hours of directed study toward a degree. Two courses (6 semester hours) may count toward both the major and minor only after approval of the student's advisor, chair of the major department, chair of the minor department, and the dean.

Majors And Minors In The College Of Arts And Sciences
Undergraduate students pursuing a Bachelor of Arts or a Bachelor of Science degree in the College of Arts and Sciences are required to have a major and a minor. The exceptions to the minor requirement are: students pursuing a Bachelor of Fine Arts degree, or a Bachelor of Music degree.

Requirements for a major are determined by the department and are listed under the departmental listing in this Bulletin. At least 15 hours of upper-division course work in the major must be satisfactorily completed in residence at the University of South Alabama. Courses are chosen in consultation with departmental advisors. Substitutions for stated requirements must be approved by the Chair of the department and the Dean of the college.

Requirements for a minor are determined by the department and are published in this Bulletin. At least 9 hours of (lower and/or upper-division) course work in the minor must be satisfactorily completed in residence at the University of South Alabama.

Students may not choose a major and a minor in the same department unless they are clearly separate disciplines that fall administratively under a single department and have been approved by the Dean. Two courses (6 semester hours) may count toward both the major and minor only after approval of the student's advisor, chair of the major department, chair of the minor department, and the Dean.

Students who take two minors cannot count the same or equivalent courses toward both minors.

Double Major
Undergraduate students pursuing a Bachelor of Arts or Bachelor of Science degree may elect to fulfill the requirements for two majors simultaneously. To do so, the student must declare a primary major and a secondary major on the Declaration of Major form that is filed with the Registrar’s Office. The student’s academic file will be maintained in the department of the primary major. Students who complete the requirements for a second major are not required to complete a minor.

Students may count related courses from one major toward the fulfillment of the requirements for the other major, provided that the total number of credit hours counted toward both majors does not exceed twelve. Required courses for a major that are not in the major discipline do not count toward the twelve hour limit. At least one major must be in the College of Arts and Sciences. Written permission of the student’s academic advisors, the Chair or Director of each major department or program and the Deans of all involved colleges is required for all courses double-counted.

Bachelor Of Fine Arts In Studio Art
The degree requirements and admission requirements to the B.F.A. program in studio art are listed under the Department of Visual Arts.

Bachelor Of Fine Arts In Theatre Art
The requirements for the B.F.A. degree in theatre arts are listed under the Department of Dramatic Arts.

Bachelor Of Music
The requirements for the B.M. degree in performance and music education are listed under the Department of Music.
Bachelor Of Social Work
The requirements for the B.S.W. degree in social work are listed under the Department of Sociology, Anthropology, and Social Work.

Programs In Other Colleges And Divisions
Students in the College of Arts and Sciences may elect to pursue a second major or a minor in other colleges and divisions of the University.

Students seeking dual degrees or second degrees must have a course of study approved in advance by the student's advisor, department Chair, and the Dean.

Transient Course Credit
Students enrolled in the College of Arts and Sciences must receive prior approval from the Chair of the Department and the Dean before enrolling in courses at another domestic institution. Approval will not be granted for transient enrollment in a course during a semester in which the requested course is available at USA. Students must have earned a “C” in English 101 before transient approval is granted. If these conditions are met, transient course approval may be granted in one or more of the following circumstances:

A student is not a resident of the area and leaves USA to return home for one or more semesters;

A student has met the residency requirements for the University and moves to another area prior to completing all degree requirements;

A student is scheduled to graduate and the course is not offered at USA during their final term.

Failure to obtain prior approval may result in a loss of credit for the course work. This policy applies to transient courses offered at domestic institutions only.

International Programs
The College participates in a number of international programs: summer sessions in England, and Mexico; student exchange programs and seminars in France, Germany, Russia and Greece; as well as the International University Consortium.

For further information about these programs, contact the Department of Foreign Languages and Literatures, or the Office of International Programs.

Teacher Certification For Arts And Sciences Students
Students in the College of Arts and Sciences may participate in the program leading to teacher certification in middle and high school education.

See College of Education and Professional Studies for Teacher Certification Requirements.

Cooperative Education Program
Students in the College of Arts and Sciences may participate in the Cooperative Education Program, which is described in a later section of the Bulletin. For further information, write to the Director, Career Services Center, University of South Alabama, Mobile, Alabama 36688-0002.

Graduate

Graduate Studies
The College of Arts and Sciences offers programs leading to a Master of Arts degree in Communication, English, History, or Sociology; a Master of Public Administration degree; a Master of Science degree in Biology, Marine Sciences, Mathematics, or Psychology; a Master of Music degree in Music, a Master of Science in Environmental Toxicology, a Master of Fine Arts degree in Art, and to Doctor of Philosophy degrees in Marine Sciences and Clinical and Counseling Psychology.

Requirements For Admission
Each applicant to a graduate program must meet the general Graduate School standards stated in the Graduate School Admission Requirements and Procedures. Individual programs may have additional requirements for admission and may be restricted because of capacity limitations. Consult departmental descriptions for additional information.

Mitchell College of Business website
https://www.southalabama.edu/colleges/mcob

The Mitchell College of Business offers the degrees of Bachelor of Science in Business Administration, Master of Accounting, Master of Business Administration, and Doctor of Philosophy. The foundation of the College is quality instruction in all undergraduate and graduate programs. Our instructional mission is to prepare our graduate and undergraduate students for professional careers in the fields of accounting, economics, finance, management, marketing, and international business, and supply chain management through a curriculum designed for both broad exposure to each field and in-depth coverage within a specific field of choice.

Mission

The Mitchell College of Business provides value-added experiential business education opportunities to undergraduate, masters, and doctoral students along the Gulf Coast through innovative engagement with constituents, while advancing the area's economic and social well-being.

Priorities

I. Instruction
The highest responsibility of the College is the instruction of its students and primary emphasis is placed on excellent teaching. In so doing, the College affirms its commitment to the University focus on excellence, lifelong learning and the education of the whole person. The College fulfills its instructional mission through the Bachelor of Science in Business Administration degree program for undergraduates and the Master of Business Administration, Master of Accounting, and Doctor of Philosophy programs at the graduate level.

II. Intellectual Contributions
The College encourages and supports faculty basic and applied scholarship as well as instructional development for the purposes of expanding knowledge, enhancing classroom instruction, and contributing to regional economic development. Scholarship is broadly defined to include investigative efforts that lead to the origination, the integration, or the application of knowledge pertinent to the various fields of business. A program of continuing scholarship is the responsibility of each faculty member. The College is responsible for using its resources to encourage, support, and reward faculty scholarship.

III. Service
The College's service mission is to engage in activities which support and contribute to the development of the University, community and region, and to provide a vehicle for the continuing development of faculty and staff through interaction with the College's numerous constituents. This mission is accomplished through participation in the College's external programs, and through the efforts of individual faculty and staff.

The Center For Real Estate And Economic Development

The Center for Real Estate and Economic Development serves as the Central Gulf Coast region's leading information source for business, economic, and real estate market activities. The Center supports and promotes the Mitchell College of Business's Real Estate Concentration; presents multiple professional and continuing education opportunities for practitioners in the fields of
real estate, law, accountancy, appraisal, insurance, and analytics; and provides research and consulting services for businesses, governmental entities, and non-profit organizations.

The Melton Center For Entrepreneurship And Innovation

The Melton Center impacts the Central Gulf Coast region by stimulating and nurturing entrepreneurship and innovation. The Center leverages federal, state, and local resources to impact and expand the entrepreneurial culture at the University of South Alabama and the Central Gulf Coast region through education, engagement, and development opportunities. The activities of the Melton Center directly support the service mission of the Mitchell College of Business to contribute to the economic development of the region.

Career Services Center

The University Career Services Center acts as a liaison between employers and students. Business and professional firms of national significance visit the campus regularly to interview prospective graduates.

Scholarships

The Mitchell College of Business offers prestigious scholarships to entering freshmen students who are majoring in the Mitchell College of Business. Contact the Office of Enrollment Services, (251) 460-6494, for application procedures, deadline dates and more information about the Abraham Mitchell Business Scholarships. In addition, scholarships for eligible students in the Mitchell College of Business are made available by local and regional firms in Accounting, Management, Marketing, Real Estate, and Finance. (Refer to the Financial Aid section of this Bulletin for details.) Visit JagSPOT on the University’s website to apply.

Cooperative Education Program

The Cooperative Education Program is available to students in the Mitchell College of Business. This program offers qualifying students opportunities to work part-time while attending school as a full-time student or alternate full-time employment with course work on a rotating semester basis. For details contact the Director, Career Services Center, 2100 Meisler Hall, University of South Alabama, Mobile, Alabama 36688-0002, (251) 460-6188.

Admission To The Mitchell College Of Business

Students may transfer from other colleges in the University to the Mitchell College of Business. Students transferring into the Mitchell College of Business with fewer than 45 hours will be required to take BUS 150, Introduction to Business. Students transferring into the College with 46-60 hours are highly encouraged to take BUS 150. Degree requirements are defined by the University Bulletin in effect for the semester of entry into the College.

Transfer Students

The Office of Student Services in the Mitchell College of Business evaluates for credit all courses transferred from other colleges and universities. Degree credit will be given only for those courses which meet the requirements for the degree program of the College. Transfer credit for major-specific courses will only be given for courses taken at an AACSB accredited institution. Students transferring into the Mitchell College of Business with fewer than 45 hours will be required to take BUS 150, Introduction to Business. Students transferring into the College with 46-60 hours are highly encouraged to take BUS 150. Students transferring from a community college may have a maximum of 61 semester hours accepted toward the degree program. No junior or senior-level courses listed in the curriculum of the Mitchell College of Business will be accepted from a community college for degree credit.

Transient Course Credit

Students enrolled in the Mitchell College of Business must receive prior approval from the MCOB Dean's Office before enrolling in any courses at another institution. Approval will not be granted for dual enrollment for any semester in which the requested course is taught at USA. If the course is a major requirement, prior approval of the Department Chair is also required.

Transient course approval may be granted to students in good academic standing who have not previously attempted the course at USA on one of the following conditions:

1. Students who are not residents of the area and who leave USA to return home for one or more semesters and the course is not offered on-line at USA during the at-home semester.
2. Students who move to another area prior to completing all degree requirements but who have met the residency requirements for the Mitchell College of Business and the courses needed to complete the degree are not offered on-line at USA.

3. Students who are scheduled to graduate and the course will not be offered at USA during the final term. Except in extraordinary circumstances, transient approval will not be given for Pre-Major Courses (EH101, EH102, and MA120) and courses in the 200-level Basic Business Technique Core. Transient approval for upper division major courses will only be given for approved courses taken at an AACSB accredited institution.

FAILURE TO OBTAIN PRIOR APPROVAL MAY RESULT IN LOSS OF TRANSFER CREDIT FOR THE COURSE WORK. The Transient Approval form may be downloaded from the MCOB website and forwarded to the Office of Student Services for consideration.

Transient Approval will not be granted to students on probation or for previously-unsuccesful courses attempted at USA. Approval will not be granted for a course the student is not eligible to take at USA.

College Requirements

Student classifications in MCOB are Pre-Business, Business Administration, and Declared Major. Freshmen who are admitted in the Pre-Business Classification will be restricted to enrollment in General Education classes, which can include ECO 215, ECO 216, CIS 150, CIS 250, BUS 101, and BUS 150. In order to advance to the Business Administration classification, students admitted in the Pre-Business classification must successfully complete any developmental studies requirements and MA 112 with a GPA of 2.0 or higher before enrolling in MCOB courses.

Students enrolling in the College, who are eligible to enroll in MA 112, are assigned to Business Administration as their major until they have completed EH 101, EH 102, MA 120, and the 200-level Basic Business Techniques Core listed below with a minimum grade of C in each course and have a 2.0 USA GPA. After fulfilling these requirements, students must declare a major selected from the fields of Accounting, Economics and Finance, Management, Marketing, International Business, Supply Chain Management, or General Business. In Economics and Finance, Management, and Marketing, a concentration must also be declared. Students must have completed or be in the process of completing eighteen (18) hours of the 200 Business Techniques Core before enrolling in the Upper Division Business Core. MCOB students should officially declare a major before taking major courses or business electives.

After declaring a major, students will be advised by a faculty advisor from that area.

Students attending other colleges, including community colleges, who are planning to enter the Mitchell College of Business must take at least 50% of the required business credit hours and at least six (6) out of nine (9) major courses at the University of South Alabama.

Each student is responsible for meeting all requirements of the degree program. Before registering for any course, students must complete any prerequisites listed in course descriptions in this Bulletin. The Office of Student Services is available to all students for the evaluation of their degree-program record. When an exception is made in a student's program, written approval of the exception by the Associate Dean must be placed in the student's file. Failure to properly document exceptions may delay graduation.
Requirements For A Second Major In Business, Dual Major Across Colleges, And Minors In Business

Undergraduate students enrolled in the Mitchell College of Business who plan to add a second major to their curriculum must meet all requirements for the second major. Courses included in the first major cannot be counted toward the second major requirements. Students not enrolled in the Mitchell College of Business who are interested in a dual major in business or a minor in business must meet with the Director of the MCOB Office of Student Services for information and course planning.

All Course Requirements For The Bachelor Of Science In Business Administration Degree

All students enrolled in the Mitchell College of Business are required to take specified business courses and courses in other colleges of the University. Additionally, a major field of study must be selected in Accounting, Economics and Finance, Management, Marketing, International Business, or General Business. The 300 and 400 level courses necessary to complete the General Business major are delivered on-line at least one time each academic year. The tentative schedule for on-line delivery is available from the MCOB Office of Student Services.

To graduate, students complete a minimum of 122 semester hours with an overall institution grade-point average of 2.0 (38 hours of general education requirements and 84 hours of business courses). In addition, a grade of at least C is required in each of the Basic Business Techniques courses and a 2.0 GPA is required in the 300-level business core courses, and a 2.0 grade-point average is required for all courses counted in the Major.

All students enrolling in the Mitchell College of Business must complete at least fifty percent of all business credit hours and at least six of the nine courses counted toward the major at the University of South Alabama.

All students must petition for graduation according to University requirements explained elsewhere in this Bulletin.

Minors

Minors In The Mitchell College Of Business

The Mitchell College of Business offers minors for both business and non-business students. Business students, except General Business majors, may elect minors in Accounting, Economics, Finance, I/O Psychology, Management, and Marketing. Because of the general nature of the General Business degree, General Business majors are not eligible for business minors. Student in other colleges may elect, with the approval of their department chair, a minor in the Mitchell College of Business. Minors for non-business majors are offered in Economics, Entrepreneurship, Finance, General Business, I/O Psychology, General Management, Marketing and Real Estate. A 2.0 is required for the courses applied toward the minor. Students must complete at least 50% of the courses counted towards the minor at the University of South Alabama. Except as otherwise noted in the Bulletin, courses used for the business minor may not also count as major courses. Courses used for a first business minor may not be used for a second business minor. Specific course requirements for each minor may be found in the individual departments’ bulletin information.

### Vision And Mission

**Vision Statement**
The vision of the College of Education and Professional Studies is to prepare exemplary professionals committed to life-long learning who are leaders in contributing to the betterment of our diverse and dynamic world.

**Mission Statement**
The mission of the College of Education and Professional Studies is to transform our community and expand our outreach through a commitment to excellence in education and human services, advancement of innovative research, and supporting the dedicated service of our faculty, staff, students, and alumni.

**Diversity, Equity, And Inclusion Statement**
The College of Education and Professional Studies is committed to creating and sustaining an inclusive environment where every student's unique identity is valued and respected, and in which students feel safe to explore their intellectual, interpersonal and professional development in order to serve competently in a multicultural world.

The risk of engaging in bias is always present and requires constant vigilance. Faculty, staff and administrators of the College of Education and Professional Studies are dedicated to making an active, conscious, and intentional effort to provide educational experiences, conduct research, and provide community service in a manner which furthers our collective capacity for civil discourse, which actively combats racism, sexism and other forms of bigotry, and which reflects an appreciation for diverse values and cultures of all people.

**International Education**
As part of its mission, the College of Education and Professional Studies is committed to broadening students' understanding of different cultures and preparing them for the global community in which we live. We believe that an international academic experience, in which students immerse themselves in a different culture and apply what they have learned in their USA classes, can enhance their cross-cultural competence and improve their interpersonal skills. While abroad, students develop a greater understanding and a deeper appreciation of the complexity of educational, cultural, political, environmental, economic, and social issues worldwide that promote the knowledge and skills needed to interact effectively in today's global society. Students are encouraged to explore the full range of international opportunities for directed study, teaching internships, collaborative research, and service learning projects available in the College and in other programs across campus.

Interested students should contact the College's Office of Student Advising (https://www.southalabama.edu/colleges/ceps/advising.html) or the USA Office of International Education (https://www.southalabama.edu/ie) to explore options available to students majoring in programs in the College.
Accreditation And Approvals

The College of Education and Professional Studies at the University of South Alabama is accredited by the Council for the Accreditation of Educator Preparation (CAEP) 1140 19th St. NW, Suite 400 Washington, DC 20036; (202) 223-0077. This accreditation covers initial and advanced educator preparation programs.

Additionally, teacher and support personnel certification programs are approved by the Alabama State Board of Education.

The Clinical Mental Health Counseling program at the University of South Alabama is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

The Combined-Integrated Clinical & Counseling Psychology Ph.D. program is accredited by the American Psychological Association Commission on Accreditation.

Choice Of Bulletin

If a student does not attend the College for a period of one (1) calendar year or longer, he/she will be required to fulfill the requirements of the program as specified by the Bulletin in effect during the year of his/her return as a student.

Students requesting to change their program, major, or concentration must meet the requirements as specified by the Bulletin in effect at the time of the change.

Computer Access Requirement

College of Education and Professional Studies Computing Policy

In addition to the University Access Requirement the College of Education and Professional Studies requires all students who are pursuing a degree in designated programs to own or have access to a personal portable laptop computer or equivalent device and accessories that conform to the College's current minimum standards. See https://www.southalabama.edu/colleges/ceps/resources/computerpolicy.pdf for details.

Fingerprint/Background Check Requirement

Beginning fall term 2011 proof of a clear ALSDE background check (Suitability Letter) will be required to complete any course in a teacher education program which contains a field experience/placement in a K-12 school.

In addition, proof of clear background check may also be required prior to enrollment in any course which contains a field experience in a Non Teacher Cert program.

College Requirements

Undergraduate Programs

The College of Education and Professional Studies, working in cooperation with the Administrative staff and with other colleges of the University, recognizes and accepts the responsibility for identifying, recruiting, and preparing students who will be capable of providing education in a dynamic society. It accepts the further responsibility of insuring that every student preparing to teach will have the advantage of continuous counseling. Planned observation and participation are regular parts of the student’s program throughout the preparation period.
The College of Education and Professional Studies has five major objectives: to prepare professional educators for meeting the educational needs of children, youth, and adults; to prepare support personnel for meeting the educational needs of the schools; to assist schools with the improvement of instructional programs; to prepare students in professional areas other than teaching; and to conduct research to expand, enhance, and evaluate instructional programs and personnel.

Undergraduate preparation is offered in elementary education, middle and high-school education, special education, and Instructional Design and Performance Improvement. Offerings in educational psychology, foundations of education, health, physical education and leisure studies, safety education, and other areas of general appeal are available to students in the University.

**Student Portfolio Assessment**

The College of Education and Professional Studies uses student portfolio assessment as a part of program requirements and assessment of student learning outcomes.

Students majoring in the College of Education and Professional Studies are required to purchase the License to use the portfolio beginning with the first College of Education and Professional Studies course containing teacher education standards taken and will continue to use the software throughout their program of study.

**Undergraduate Residency Requirement For Teacher Certification Programs**

In addition to the University Residency Requirements, a student seeking a degree in the College of Education and Professional Studies that leads to teacher certification must complete 25 percent of the credit hours required for the degree from the last 45 semester hours and a minimum of 32 hours of upper level course work in the major discipline as a student at the University of South Alabama.

**The Teacher Education Program**

The Teacher Education Program begins with selective recruitment, gives careful attention to each phase of the preparation program, and assists in the proper placement and adjustment of teachers and other educational personnel. Follow-up studies of graduates are made in an effort to assist them, to gain knowledge of their effectiveness on the job, and to secure data vital to future planning and development. Programs for the preparation of teachers are built on a liberal arts foundation. Those preparing for teaching positions in the secondary schools pursue a composite teaching specialization in the College of Education and Professional Studies, and a content area in the College of Arts and Sciences. Those preparing to teach in elementary school concentrate on subject matter relevant to the elementary school curriculum while completing general requirements in the liberal arts. Those preparing for a teaching specialization which extends from nursery through twelfth grade pursue a broad program appropriate to elementary and secondary schools. All groups complete their undergraduate programs with suitable professional preparation.

**Undergraduate Program Options Within The College**

The College of Education and Professional Studies offers teaching and non-teaching programs. Teaching programs are presented first and predominate among all programs offered.

Various teaching program options are available at the Class B (Bachelor of Science degree) level in the College.

**Course Fees**

All undergraduate three semester hour courses in the CEPS, except the PE activity courses, internships and practicum, have a special computer fee. Internships have an internship fee, and some PE activity courses have special fees as noted in other sections of this Bulletin.

**Minimum Professional Studies Requirements**

Because professional studies requirements vary from program to program, the student is referred to the appropriate departmental section in this Bulletin. However, a candidate may not enroll in more than five professional studies courses before the candidate has met all criteria for unconditional admission to a teacher education program. The candidate may repeat any of the five courses in which he or she received a grade of "C" or below. A student who changes from non-teacher certification to a teacher certification program must comply with this standard. A student who violates this standard is in jeopardy of losing academic credit.

**Requirements For Admission To Candidacy In Teacher Education Programs**

Student should make a written application for admission to a teacher education program during the semester preceding the completion of 60 semester hours of credit. Courses in progress during the semester the student makes the application for candidacy may be used as a part of meeting the regulations.
Admission to a program in teacher education requires:

1. The student
   a. declare teaching specializations,
   b. take any necessary tests
   c. submit any needed evaluations, and
   d. be available for necessary interviews.
2. The student's application must be submitted to the College of Education and Professional Studies Advising Center by the published deadline of the semester in which the student is eligible to be admitted.
3. Transfer students must complete twelve semester hours of work at the University of South Alabama to be eligible for candidacy consideration.
4. The student's application receives approval from the Undergraduate Candidacy Committee.

Criteria For Admission To Teacher Education Candidacy

1. Completion of 60 semester hours of course work, 48 of which must be in general studies.
2. A minimum overall grade-point average of 2.75 on all work attempted at the University of South Alabama and a minimum program grade-point average of 2.75 (including transfer work).
3. A minimum grade point average of 2.75 in professional studies (including transfer work), no grade below "C" is acceptable.
4. A minimum grade-point average of 2.75 in area(s) of teaching specialization(s) (including transfer work).
5. Completion of EH 101, 102, CA 110, EDM 310, EPY 351 including successful completion of the e-portfolio assessment of standards in completed courses. Secondary Education, Health Education, and Physical Education and SPE Collaborative 6-12 must also complete EDU 400.
6. Satisfactory completion of a departmental interview designed to provide information on the applicant's personality, dispositions, interests, and aptitudes consistent with the requirements for the successful teaching.
7. Proof of clear (ALSDE) background check, and professional liability insurance.
8. Sufficient physical ability and emotional stability to perform successfully as a teacher. (NOTE: These factors might be covered in the departmental interview.)
10. Department/program may have additional candidacy requirements.

**Completion of the minimum requirements does not guarantee admission to Teacher Candidacy.**

Requirements For Admission To Student Teaching

Admission to student teaching requires that the applicant:

1. Submit an application for student teaching to the Office of Field Services through the advisor February 15 for fall placements and September 15 for spring placements.
2. Receive approval of the application from the Director, Office of Field Services.
3. All students must comply with the College of Education and Professional Studies Policies and Procedures, which are on file in the Office of Field Services and in the Office of the Dean.
4. A student may not enroll in any other course during the hours assigned for student teaching except by approval and for one course only.
5. Student Teaching Assignments: All student teaching placements and nontraditional fifth-year teaching field internships will be coordinated by the Office of Field Services. All student teaching placements will be made in the Greater Mobile area to facilitate the supervision of students by University of South Alabama faculty or other personnel so designated by the chair of the department in which that student is enrolled.

Criteria For Admission To Student Teaching

1. Be admitted to Teacher Candidacy and senior standing.
2. A minimum overall grade point average of 2.75 at the University of South Alabama.
3. A minimum program grade point average of 2.75 (including transfer work).
4. A minimum grade point average of 2.75 in professional studies (including transfer work). No grade below a "C" is acceptable.
5. Completion of a minimum of three-fourths of teaching specialization(s) with a minimum grade point average of 2.75 (including transfer work).
6. Completion of all program prerequisite courses.
7. Continued satisfactory progress in meeting requirements for admission to the program of teacher education.
8. Recommended for Student Teaching by assigned faculty advisor.
9. Satisfactory score on the required Praxis II test(s).
10. Completion of any departmental prerequisites.
11. Proof of clear (SDE suitability letter) background check and professional liability insurance.
12. Completion of field experience requirement, hours vary with program.
13. Department/program may have additional admission requirements.

See departmental section of the bulletin.

Retention
To remain in the teacher education program, each student shall make satisfactory progress as determined by continuous evaluation. A student shall be removed from candidacy when any of the minimum required program GPA's drop below 2.75, or, the USA transcript GPA drops below 2.75 (Per the ALSDE, effective for student unconditionally admitted July 1, 2017, and thereafter.) or if a D or F or U grade is received in a candidacy course. Violations of the Alabama Educators Code of Ethics is grounds for dismissal from the program or delay in advancing through the program. Failure to receive or maintain a clear background check is grounds for dismissal from the program.

Minimum Completion Requirements For Certification Programs
Successful completion of the following minimum requirements may qualify the student for Class B Certification. Currently in Alabama this certificate is valid for five years.

1. Satisfactory completion of a program approved by the State Board of Education with a minimum overall grade-point average of 2.75 (Per the ALSDE, effective for student unconditionally admitted July 1, 2017, and thereafter.) on all work attempted at the University of South Alabama and a minimum program grade-point average of 2.75 (including transfer work), a minimum grade point average of 2.75 in professional teacher education with no grade below "C" (including transfer work), and a minimum grade-point average of 2.75 in area(s) of teaching specialization(s) (including transfer work).
2. Demonstrated readiness to teach through on-the-job performance as a student teacher as determined by an evaluation plan approved by the State Board of Education.
3. Satisfactory completion of the student teaching experience.
4. A minimum of 25 percent of the credit hours required for the degree from last 45 semester hours and a minimum of 32 semester hours of upper level course work in the major discipline must be earned in residence at The University of South Alabama.
5. A community college graduate can transfer no more than 50% of the credits used toward the degree with a maximum of 64 semester hours toward the Bachelor of Science degree requirements.
7. Satisfactory performance on all requirements of the Alabama Educator Certification Assessment Program (AECAP). (a) Praxis test(s) (b) Effective September 1, 2018, a performance assessment (edTPA) administered by Pearson will be required for initial certification in a teaching field or area of instructional support.
8. An official transcript from a regionally accredited institution documenting an earned bachelor’s degree.
9. Course work used to meet certification requirements (B, A, AA) may not be used to meet a different level requirement.
10. Secondary Education programs require an academic major in Arts & Sciences.
11. Remedial or developmental studies courses may not be used to meet program requirements.

Recommendation For Certification
The Dean of the College of Education and Professional Studies is responsible for recommending qualified University of South Alabama students seeking teacher certification. Only those students who have completed requirements of the University and of the Alabama State Department of Education will be recommended for Class B Professional Teaching Certificate. The State Department of Education and Teacher Certification do not recognize minors in teacher education programs.

A candidate cannot be recommended for certification based on completion of a program for which State approval expired more than seven years prior to the date of program completion.
Warranty Statement
Consistent with the policies of the Alabama State Department of Education, the College of Education and Professional Studies at the University of South Alabama warranties its graduates (State Approved Program Competencies) under the following conditions:

Warranties will be provided to USA graduates who receive their initial professional certification through the college and are employed by a public school district in Alabama in their area of specialization. The College of Education and Professional Studies shall provide assistance at no cost to such individuals who were recommended for certification by the College of Education and Professional Studies and are deemed to be unsatisfactory based on performance evaluations established/approved by the Alabama State Board of Education and recommended by the Local Education Agency within two years after program completion.

Transfer Credit From Non-Accredited Institutions
No degree credit will be accepted by the College of Education and Professional Studies from any collegiate institution unless that institution has regional accreditation and prepares teachers on the same degree level of certification. Course work from institutions in foreign countries require an official (WES or IEE) evaluation to determine if the course may be used for programs leading to Teacher Certification.

Persons With Degrees Other Than In Education
Persons holding degrees other than in Education may apply for study in an approved program leading to professional certification; they will be required to complete their approved programs outlined in this Bulletin to qualify for Alabama certification.

Worksheets Available For All Programs
Course of Study sheets are available on-line at [https://www.southalabama.edu/colleges/ceps/programs.html](https://www.southalabama.edu/colleges/ceps/programs.html). Each student will have access to his/her degree audit via PAWS.

Approvals And Services
Upon satisfactory completion of an approved program of study and upon recommendation of the Dean and Certification Officer of the College of Education and Professional Studies, a professional certificate will be issued by the appropriate State Department of Education only if the student is eligible and applies. Presently, many State Departments of Education have reciprocal agreements for issuing certificates to graduates of NCATE-accredited institutions.

Certification In More Than One Teaching Field
Students enrolled in the College of Education and Professional Studies desiring to complete certification requirements in more than one teaching field will complete the curriculum in each field including general studies, professional studies in teacher education (including the internship), and teaching specialization. Courses used for one level of certification may not be used again for a higher level certificate.

Graduation Average
A minimum grade-point average of 2.2 in the major/specialization (including transfer work) and a grade-point average of 2.2 on all work undertaken in residence at the University of South Alabama are required for the Bachelor of Science degree in CEPS majors other than teacher certification, Hospitality and Tourism Management, and Interdisciplinary Studies. In addition, students seeking teacher certification must have a minimum overall grade-point average of 2.75 (Per the ALSDE, effective for students unconditionally admitted July 1, 2017 and thereafter.) on all work attempted at the University of South Alabama and a minimum program grade-point average of 2.75 (including transfer work), a minimum grade-point average of 2.75 in professional teacher education with no grade below "C" (including transfer work), and a minimum grade-point average of 2.75 in area(s) of teaching specialization(s) (including transfer work).

Directed/Independent Studies
No more than two (2) Directed/Independent Study courses may be used for degree and/or certification requirements, including use in improving the grade-point average. For students with a minor, no more than 12 hours can count toward major or professional studies.

Graduate Programs
The Master of Education degree in Educational Administration with an emphasis in higher education leadership. The Master of Education degree leading to Alabama Class A Certification in Art Education, Early Childhood Education, Elementary Education,

The Alternative Master of Education degree leading to the Alabama Class A Certificate, or equivalent, to persons who have earned a non-education baccalaureate degree from an accredited institution of higher education: Early Childhood Education, Elementary Education, English for Speakers of Other Languages, Foreign Languages, Secondary Education, Special Education and Visual Arts.

The Master of Science degree in Clinical Mental Health Counseling, Educational Media and Technology, Exercise Science, Health, Instructional Design and Development, and Sport Management. Both thesis and non-thesis degree options are available to the graduate student.

The Educational Specialist degree leading to AA Certification, in Alabama, in the following areas: Early Childhood Education, Elementary education, Instructional Leadership, Reading Specialist, Secondary Education, Special Education and Teacher Leader.

The Doctor of Philosophy degree in Instructional Design and Development. The Doctor of Education degree in Educational Leadership. The doctoral program in Educational Leadership offers two tracks—one with a focus in P-12 education and the other with a focus in higher education.

The combined-integrated Doctor of Philosophy Degree in Clinical and Counseling Psychology offered jointly with the Department of Psychology in the College of Arts and Sciences.

Admission/Readmission

Each applicant to a graduate program must hold a bachelor’s degree from a regionally accredited institution of higher education documented on an official transcript and meet the admission requirements of the Graduate School (http://www.southalabama.edu/colleges/graduateschool/), The College of Education and Professional Studies (http://www.southalabama.edu/colleges/ceps/index.html), and the specific program that the student is seeking admission. Individual programs may have additional requirements for admission and may be restricted because of capacity limitations in addition to the Graduate School and College of Education and Professional Studies requirements.

Individuals interested in applying for admission to a specific program should consult the department program website for program GPA and any other or more specific requirements. Satisfying minimal standards, however, does not guarantee admission. Some programs have additional GPA minimum requirements above the college GPA requirement.

Sufficient courses in the major subject are required to qualify for graduate study in the involved discipline. A student who has a deficiency in courses in the discipline but who otherwise qualifies for admission will be required to complete appropriate prerequisite course work.

The different programs in the College have different requirements as to whether standardized testing is required. Consult specific requirements on the department program website to determine which test results if any are required for admission.

Readmission to some programs in the College of Education and Professional Studies require review and approval by program faculty. A student wishing to change from one graduate program to another must apply to the new program through the Office of Admissions.

Admission Requirements

1. GPA Requirement: A minimum overall grade-point-average (GPA) of 2.5 on a 4.0 scale based on the GPA used as the basis for granting the degree and posted on the official transcript from a regionally accredited institution at the time the degree was earned OR a 2.5 GPA on the last 60 semester hours of undergraduate course work posted on the official transcript from a regionally accredited institution at the time the degree was earned. For specific program GPA admission requirements, consult the department program website.

GPA Exception: Individuals who have earned a bachelor’s degree from a regionally accredited institution at the time the degree was earned and who do not have a qualifying GPA for admission may seek admission based on a qualifying score of the Graduate Record Examination (GRE) or the Miller Analogies Test (MAT). For the GRE, this standard is defined as having a score at the 50th percentile on all of the following subtests: Verbal Reasoning, Quantitative Reasoning, and Analytical Writing. For the Miller Analogies Test, students must have a score at or above the 50th percentile based on the total group percentile rank score. For Alternative Class A programs, applicants must submit a qualifying alternate score on the Alabama-prescribed Praxis subject-area test.

2. Personal statement on purpose for graduate study and applicant’s career goals.
3. Sufficient coursework in the major subject to qualify for graduate study in the involved discipline. Students with a deficiency in required coursework may be required to successfully complete additional prerequisite courses.

4. For those students who have had previous graduate work, performance at the graduate level may be taken into consideration as well as undergraduate performance. An earned advanced degree may substitute for some admission requirements.

Non-Degree Admission
See Non-Degree Admission requirements in Graduate School section of the Bulletin.

Completion Time
All requirements for a master's degree or educational specialist degree must be completed within seven calendar years from admission as a graduate student at the University of South Alabama. Course work completed more than seven years prior to the date for graduation in a master's degree or educational specialist degree may not be counted for degree credit. All requirements for a doctoral degree must be completed within ten calendar years from admission to a doctoral program at the University of South Alabama. Under extraordinary circumstances, an appeal for a time extension may be made to the Director of Graduate Studies in the College of Education and Professional Studies.

Examinations
Students are responsible to apply for the Graduate Comprehensive Examination. This should be done prior to the end of the first week of class in the semester student wishes to sit for the examination. Two types of examinations are available. See departmental programs for specific information.

Type I Comprehensive Examination – Written Or Oral
This examination is written or oral, or both, at the option of the faculty of the student's major department, and is in the candidate's Program of Study. The examination is conducted by a committee of at least three members appointed by the chair of the department in which the student has majored. This examination shall not exceed three hours. Comprehensive examinations are scheduled once each semester. The student is responsible for ascertaining the date and time of the examination. Student must be in good standing, i.e. not on academic probation in order to take the exam.

The comprehensive examination is taken during the semester in which students complete during their degree requirements or a subsequent semester. The examination is given at least two weeks before the end of the semester.

Application for the comprehensive examination can be obtained from https://www.southalabama.edu/colleges/ceps/gradschool/resources/compsapp.pdf. Submission deadlines for the application are available at https://www.southalabama.edu/colleges/ceps/gradschool/comps.html. The result of this examination is reported to the Director of Graduate Studies College of Education and Professional Studies by the Chairperson of the department.

Comprehensive examinations may be repeated at the discretion of the graduate student's department. A student will be dismissed from the program after two unsuccessful attempts to pass the examination. Specific recommendations for additional work, following failure of the comprehensive examination, will be at the discretion of the department involved.

Type II Comprehensive Examination Performance
This examination requires a performance either as part of a culminating seminar, internship, field study, or practicum review. Successful completion of this examination is determined by the faculty of the department of the student's major.

The result of this examination is reported to the Director of Graduate Studies, College of Education and Professional Studies, by the Chair of the Department. The student should consult with an advisor for entering this phase of graduate work.

If a thesis is submitted, an oral examination on the thesis is required. The examination is conducted by the candidate's Thesis Committee. Approval by a majority of the examination committee is required.

Course Fees
All graduate three semester hour courses in the CEPS, except internships, practicum and pre-practicum experiences have a special computer fee.

Graduate Assistantships
Masters level assistantships are awarded on an annual basis and are granted for the fall and spring semesters. The stipend for the two semesters is $6,000 and waiver of up to 10 hours of tuition. Fees are paid by the student. In return, twenty clock hours of work are required per week. Awards are made generally in the summer for the next academic year.
Doctoral level assistantships are awarded on an annual basis and are granted for the fall, spring, and summer semesters. The stipend for the three semesters is $11,000 and waiver of up to 10 hours of tuition. Fees are paid by the student. In return, twenty clock hours of work are required per week. The awards are made generally during the summer for the next academic year.

Teacher Certification Policies

For All Graduate Programs Leading To Alabama Class A Or AA Certification

1. Prior-Level Credit: Credits used for prior-level certification or degree in any teaching field or area of instructional support may not be used to meet subsequent-level certification requirements.
2. Special Education/Diversity Requirement: A survey of special education course is required unless that course was taken for prior-level certification. If taken for prior-level certification, then an ALSDE-approved diversity course is required for each subsequent level of certification.
3. Transfer Courses from Previous Degrees: Students with a previous master's or specialist degree, seeking Class A or AA certification without obtaining a second master's and second specialist degree, and wish to apply this credit, must obtain approval from the CEPS Office of Graduate Studies. Courses approved in this manner may be applied to certification requirements, but will not be applied toward earning a second master's or second specialist degree.
4. Degree for Certification: If seeking Class A certification, then a transcript from a regionally accredited institution documenting an earned master's degree is required. If seeking Class AA certification, then a transcript from a regionally accredited institution documenting an earned education specialist degree is required.
5. Validity of Certificate: The certification used as the basis for admission must be valid at the time of admission and at the time of graduation for certification recommendation. If unconditionally admitted based on a valid certificate from another state, individual must hold appropriate and valid certificate in Alabama before applying for Class A or Class AA certification.
6. Unconditional Admission: Admission to the graduate school is not equivalent to unconditional admission to an approved program. Admission requirements listed for educator preparation programs are for unconditional admission and must be met to begin the program. In addition to program specific admission requirements, all programs require a criminal history background check with a suitable status in the ALSDE Certification Search.
7. A candidate cannot be recommended for certification based on completion of a program for which State approval expired more than seven years prior to the date of program completion.

For Graduate Programs Leading To Alabama Class A Certification

1. Certification/Graduation Requirements: For students unconditionally admitted July 1, 2017, and thereafter, to Class A programs, a minimum GPA of 3.25 is required in coursework used to meet the requirements for the ALSDE-approved program.
2. Level of Course Enrollment: Students may not enroll in courses unique to Ed.S. programs that lead to Class AA certification while enrolled in Class A programs.

Master Of Education, Traditional Class A Certification In A Teaching Field

1. Admission Requirements: A valid bachelor's-level professional educator certificate in the same teaching field(s) in which the Class A Professional Educator Certificate is sought, with the exception of special education, English for speakers of other languages (ESOL), and reading specialist. Unconditional admission to a Class A special education program or a Class A ESOL program requires at least a valid bachelor's-level certificate in any teaching field. Unconditional admission to a Class A reading specialist program requires two full years of full-time classroom teaching experience.
2. Certification/Graduation Requirements: A qualifying score on the prescribed Praxis subject assessment(s) for initial Class A certification in a teaching field.

Master Of Education, Alternative Class A Certification In A Teaching Field

1. Admission Requirements: (1) A criminal history background check. (2) A bachelor's degree from a regionally accredited institution with a minimum overall GPA of 2.75 or a master's or higher degree with a GPA of at least 3.0. This GPA must be documented on the official transcript of the degree granting institution and must be the GPA that was used as the basis for granting the degree, not a GPA that includes post-degree courses. If admitted on master's or higher degree GPA, courses from that degree cannot be used to meet certification requirements. (3) Appropriate coursework in the teaching field or a passing score on the prescribed Praxis subject assessment.
   GPA Exception for unconditional admission to Alternative Class A State Department of Education-approved programs: Individuals who have earned a bachelor's degree from a regionally accredited institution at the time the degree was earned and do not meet the minimum overall undergraduate GPA of 2.75, but have at least a 2.0 overall undergraduate GPA, may seek provisional admission to an Alternative Class A program if the alternate score on the Alabama prescribed Praxis subject-area test is obtained. The alternate scores can be found on the Alternate Score Requirements document.
at www.alsde.edu (Department Offices: Educator Assessment: Educator Assessment Policies). The ONLY tests and scores accepted are those listed on the Alternate Score Requirements document. All other requirements for admission must also be met.

2. Certification/Graduation Requirements: (1) A qualifying score on the prescribed Praxis subject assessment(s). (2) A passing score on the appropriate Educative Teacher Performance Assessment (edTPA) handbook administered by Pearson.

Master Of Education, Class A Certification In Areas Of Instructional Support

1. Admission Requirements: (1) A valid bachelor’s-level or valid master’s-level professional educator certificate in a teaching field or a valid master’s-level certificate in another area of instructional support. (2) A minimum of two full years of full-time, acceptable P-12 professional educational work experience documented on the Supplement EXP form. The School Counseling program at USA is CACREP accredited, leads to Class A certification, and does not require existing certification or work experience for admission.

2. Certification/Graduation Requirements: (1) A qualifying score on the prescribed Praxis assessment.

Master Of Education, Class A Certification In Instructional Leadership

1. Admission Requirements: (1) A valid bachelor’s-level or valid master’s-level ALABAMA professional educator certificate in a teaching field or a valid master’s-level certificate in another area of instructional support. (2) A minimum of three full years of full-time, acceptable professional educational experience in a P-12 setting, which must include at least one full year of full-time P-12 classroom teaching experience documented on the Supplement EXP form. (3) Three letters of recommendation to include the applicant’s principal or supervisor. (4) Completed copy (all forms) of the most recent performance appraisal to include the professional development component, if available. (5) Evidence of ability to improve student achievement. (6) Evidence of leadership and management potential, including evidence of most recent accomplishments in the area of educational leadership. (7) Summary of candidate’s reasons for pursuing instructional leadership certification. (8) Summary of what the candidate expects from the preparation program. (9) Pass an interview conducted by a program admission committee that includes both P-12 instruction leaders and higher education faculty.

2. Certification/Graduation Requirements: (1) A qualifying score on the prescribed Praxis assessment.

For Graduate Programs Leading To Alabama Class AA Certification

1. Certification/Graduation Requirements: For students unconditionally admitted July 1, 2017, and thereafter, to Class AA programs, a minimum GPA of 3.5 is required in coursework used to meet the requirements for the ALSDE-approved program.

Educational Specialist, Class AA Certification In A Teaching Field

1. Admission Requirements: A valid master’s-level professional educator certificate in the same teaching field(s) in which the Class AA Professional Educator Certificate is sought with the exception of Special Education (Class A in any teaching field), Early Childhood (if Class B in Early Childhood and Class A in Reading), Elementary Education (if Class B in Elementary and Class A in Reading), English Language Arts (if Class B in English and Class A in Reading), and any teaching field for which Class B is valid if Class A in ESOL.

2. Teacher Leader Admission Requirements: (1) A valid master’s level professional educator certificate in any teaching field or area of instructional support. (2) A minimum of three full years of full-time teaching experience in a P-12 setting documented on the Supplement EXP form. (3) Three letters of recommendation. (4) Evidence of ability to positively affect student achievement. (5) Evidence of collaborative leadership potential.

Educational Specialist, Class AA Certification In Areas Of Instructional Support

1. Admission Requirements: A valid master’s-level professional educator certificate in the instructional support field in which the Class AA Professional Educator Certificate is sought with the exception of Teacher Leader.

Educational Specialist, Class AA Certification In Instructional Leadership

1. Admission Requirements: (1) A valid Class A Professional Educator Certificate in Instructional Leadership or a valid Class A Professional Leadership Certificate. (2) If certificate is not Instructional Leadership, then applicant must submit same admission documents as required for Class A Instructional Leadership and meet one of the following criteria on Supplement EXP form: (i) Currently serving as a superintendent, assistant or associate superintendent, assistant to the superintendent, principal, assistant principal, supervisor (any subject and/or grade level), administrator of career and technical education, coordinator, or evaluator. (ii) Document three years of employment in an instructional leadership position.

https://www.southalabama.edu/colleges/engineering/

Degree Programs Offered  The College of Engineering offers programs of study leading to the following degrees:

- Bachelor of Science in Chemical Engineering
- Bachelor of Science in Civil Engineering
- Bachelor of Science in Computer Engineering
- Bachelor of Science in Electrical Engineering
- Bachelor of Science in Mechanical Engineering
- Master of Science in Chemical Engineering
- Master of Science in Civil Engineering
- Master of Science in Electrical Engineering
- Master of Science in Mechanical Engineering
- Master of Science in Systems Engineering
- Doctor of Philosophy (Ph.D.) in Systems Engineering

Mission Statement

The mission of the College of Engineering is to provide students with quality accessible undergraduate and graduate engineering education, to prepare graduates for professional careers and lifelong learning, to promote the creation and dissemination of knowledge, to serve society through professional practice and community outreach and to act as a catalyst for economic and technological development of the Gulf Coast region, the State of Alabama and the Nation.

Honors Program In Engineering

To receive a designation of "Departmental Honors" students must have at least a 3.5 GPA at the time of graduation and complete an Honors Senior Project in their major. The Honors Senior Project requirement may be satisfied in either of two ways.

1. By completing an Honors Senior Project course that requires completion of a research project under the guidance of a faculty mentor.
2. By completing a special honors design project as part of the capstone engineering design requirement under the guidance of a faculty mentor.

It is required that there be both a written report and an oral presentation of the results of the Honors Senior Project.

Students participating in "Departmental Honors" may also elect to take the University Honors Seminar and participate in other University Honors Activities upon recommendation of their major advisor.

Undergraduate Admission

All students, whether domestic or international, are strongly encouraged to submit standardized test scores, either ACT or SAT.
Computer Ownership Policy

All College of Engineering undergraduate students are required to own a personal laptop computer that conforms to the current college minimum standards at the time they enter engineering level courses. For more information, consult the Laptop Policy at www.southalabama.edu/colleges/engineering/currentstudents/academicpolicies.html.

Requirements For Minors In Disciplines Other Than Engineering

Engineering students may complete a minor in disciplines other than engineering. Students desiring to do so must complete the published requirements for that discipline.

Choice Of Bulletin For Undergraduate Degree Requirements

After an absence of one calendar year or when transferring into an engineering program, students must use the Bulletin in effect at the time of readmission or transfer, or a later version. No student may use a Bulletin older than six years from the date of graduation.

Cooperative Education Program

The College of Engineering also offers an attractive five year cooperative Education Program. This program allows students to gain valuable engineering experience as they pursue their degree. The freshman year is spent as a full-time student at the university. During the sophomore and junior years the students alternate working full time with an excellent salary for one semester and taking full-time course work the next semester. Students return to study full time for the senior year.

This program offers many advantages for students. Interested students should consult with either the Career Services Center or the College of Engineering Deans Office.

Master's Program

The College of Engineering offers programs leading to degrees of Master of Science in Chemical, Civil, Electrical, Mechanical, and Systems Engineering.

The programs of study are designed to provide knowledge of modern engineering concepts and practices; to prepare the graduate for the practice of engineering at a higher level of proficiency than attainable with the bachelor's degree; and to prepare the graduate for further study toward the doctoral degree should the graduate so desire. The programs comprise course work and directed theoretical and experimental inquiry in thesis or project research.

Three plans of study are offered: thesis option, project option, and coursework only option. The difference between the thesis option and the project option is that a thesis is usually oriented toward engineering applications. The coursework only option, while available to all graduate students, is particularly attractive to full-time employed engineers who are interested in augmenting and enhancing their engineering skills as part-time students. Courses are available in the evening to accommodate employed students.

Admission To Graduate Programs

The following criteria supplement the Graduate School criteria (see Categories of Admission) and are required for admission to all College of Engineering Master Programs:

I. Regular Admission
   A. A Bachelor's degree in engineering in a relevant field from an ABET accredited program.
   B. A grade-point average of 3.0 or greater (A=4.0) on all undergraduate work.
   C. A minimum GRE Quantitative score of 151 and a minimum GRE Verbal score of 141.
   D. For applicants whose native language is not English, a minimum score of 550 on the written Test of English as a Foreign Language (TOEFL) or a minimum score of 79 on the Internet-based TOEFL exam, or a minimum score of Band 6.5 on the International English Language Testing System (IELTS) test is required.
II. Provisional Admission
   A. A Bachelor's degree in engineering or in a field acceptable to the departmental Graduate Admissions Committee is required. Depending on the student's background additional undergraduate preparatory courses may be required. These courses will not count toward the Master's degree.
   B. A minimum grade-point average of 2.5 (A=4.0) on all undergraduate work including a minimum grade-point average of 2.5 over the last 64 course hours of undergraduate work is required. Alternatively, a minimum grade-point average of 2.75 (A=4.0) over the last 64 course hours of undergraduate work is required.
   C. For applicants whose native language is not English, a minimum score of 525 on the written Test of English as a Foreign Language (TOEFL) or a minimum score of 71 on the Internet-based TOEFL exam, or a minimum score of Band 6.0 on the International English Language Testing System (IELTS) test is required.

III. Non-degree Admission
   A. Non-degree admissions are accepted in accordance with Graduate School requirements. Each applicant will be reviewed by the Admissions Committee of the appropriate department which may reserve the right to evaluate additional credentials, such as, but not limited to, course work taken, and letters of recommendation.

The above are minimum requirements for admission. Specific requirements for admission differ for each department. For details, see the Master of Science in Chemical Engineering, Master of Science in Civil Engineering, Master of Science in Electrical Engineering, Master of Science in Mechanical Engineering, and Master of Science in Systems Engineering program requirements.

Change Of Status From Provisional To Regular Standing Within The Masters' Programs
Students required to complete additional undergraduate course work in partial fulfillment of the requirements to advance from Provisional Admission to Regular Admission must obtain a minimum grade-point average of at least 3.00 on the total of all such required courses with a grade of at least "C" in each course.

Doctor Of Philosophy (Ph.D.) In Systems Engineering

The Doctor of Philosophy (Ph.D.) in Systems Engineering offers students a holistic approach to the design and understanding of complex systems. NASA defines systems engineering as "a holistic, integrative discipline, wherein the contributions of structural engineers, electrical engineers, mechanism designers, power engineers, human factors engineers, and many more disciplines are evaluated and balanced, one against another, to produce a coherent whole that is not dominated by the perspective of a single discipline.” At USA, we emphasize a model-based systems engineering approach (MBSE) in many of our courses. The main objectives of the Ph.D. program are to (1) provide our graduates with the ability to approach all systems (engineered, environmental, coastal, biological, social/organizational, etc.) with the ability to understand the entire system lifecycle in a manner that meets the needs of industry, and (2) prepare our graduates for leadership positions requiring applied research along with critical and creative thinking. This program is appropriate for students who want to pursue research-based careers in industry, government, or academia. The program requires coursework across multiple engineering disciplines, and specific, validated systems research resulting in a publicly defended doctoral thesis.

Requirements For Admission: (With Master's Degree)
In addition to meeting Graduate School requirements, the requirements for admission with a Master's degree to the Ph.D. Program are as follows:

1. A written Statement of Purpose outlining the applicant's professional goals and commitment to completing the degree requirements.
2. Three letters of recommendation from individuals familiar with the student's academic and technical abilities.
3. A M.S. degree in a discipline related to engineering (e.g. civil, computer, chemical, electrical, industrial, mechanical engineering, etc.).
4. A B.S. degree in a discipline related to engineering (e.g. civil, computer, chemical, electrical, industrial, mechanical engineering, etc.) (The Ph.D. Admission committee reserves the right to review the coursework at the B.S. level before making any admission decision.)
5. A grade point average of 3.0 or greater (on a scale of 4.0) on all graduate coursework.
6. Applicants whose highest degree is a graduate degree from an accredited institution of higher education will not be required to provide GRE scores.
7. For international students whose native language is not English, a minimum score of 79 on the Internet-based TOEFL, or a minimum score of 213 on the computer-based TOEFL, or a minimum score of band 6.5 on the IELTS test, or a minimum overall score of 58 on the Pearson PTE Academic Test.
8. Official transcripts from all colleges and universities attended by the applicant.

Final admission decisions are made based upon an evaluation of the applicant’s complete file which consists of all official academic transcripts, undergraduate grade-point average, GRE scores (when required), three letters of reference regarding the applicant’s ability to succeed in the Ph.D. in Systems Engineering, the applicant’s statement of purpose, TOEFL or IELTS or iTEP or Pearson PTE Academic score (for International applicants), applicant’s work history, program enrollment and funding availability if required by applicant.

Admission may be granted by the Systems Engineering Program Director, in special cases where a holistic evaluation of the credentials is appropriate.

Requirements For Regular Admission (With Bachelor’S Degree)

In addition to meeting Graduate School requirements, the requirements for acceptance without a Master’s degree are as follows:

1. A Bachelor’s degree in a discipline related to engineering (e.g. civil, computer, chemical, electrical, industrial, mechanical engineering, etc.). Other STEM Bachelor's degrees MAY be considered if the degree led to working in an Engineering field and the applicant has gained experience. (Factors such as length of time and experience gained will be considered at the admission committee’s discretion. The Ph.D. admission committee reserves the right to review the coursework at the B.S. level before making any admission decision.)

2. A grade point average of 3.0 or greater (on a scale of 4.0) on all undergraduate coursework.

3. A grade of B or higher for all graduate courses to be considered as transfer credits from previous institutions attended. Only graduate credits that have not been applied to another degree can be considered for transfer.

4. Official transcripts from all colleges and universities attended.

5. A minimum score of 151 in the Verbal portion and a minimum score of 151 in the Quantitative portion of the Graduate Record Examination (GRE).

6. For international students whose native language is not English, a minimum score of 79 on the Internet-based TOEFL, or a minimum score of 213 on the computer-based TOEFL, or a minimum score of band 6.5 on the IELTS test, or a minimum overall score of 58 on the Pearson PTE Academic Test.

Final admission decisions are made based upon an evaluation of the applicant’s complete file which consists of all official academic transcripts, undergraduate grade-point average, GRE scores (when required), three letters of reference regarding the applicant’s ability to succeed in the Ph.D. degree in Systems Engineering, the applicant’s statement of purpose, TOEFL or IELTS or iTEP or Pearson PTE Academic score (for International applicants), applicant’s work history, program enrollment and funding availability if required by applicant.

Admission may be granted by the Systems Engineering Program Director, in special cases where a holistic evaluation of the credentials is appropriate.

College Requirements

Undergraduate

Admission to the University of South Alabama constitutes admission to the College of Engineering for those students wishing to major in engineering. Incoming students should specify a particular discipline in the College as a major as soon as practical in order to receive proper counseling and pursue their engineering course work. Transfer students must declare a major and have all transfer credit evaluated by the Admissions Office. The department chair will approve transfer credit for engineering degree
credit except where substitutions are involved; substitutions require the approval of the dean. Transfer students are encouraged
to have departmental evaluations accomplished prior to their first registration for classes.

Entering freshmen students not adequately prepared to enter the degree program may be required to take additional preparatory
course work. Such preparatory work will not be counted toward the major degree program.

Students must have the prerequisites for the courses in which they enroll; students who enroll without prerequisites are subject to
administrative withdrawal. Prerequisites are satisfied by courses taken either at the University of South Alabama or by acceptable
transfer credit. Students not exempted from EH 101 will be required to take it as a prerequisite to EH 102.

Today’s society is permeated by an extensive technology that affects the lives of everyone. The engineering function in this
modern society — while basically unchanged from the goal of using natural resources for the betterment of mankind — has more
far-reaching and immediate consequences than ever before through the social, economic, environmental, and political reactions
that follow technological developments.

The engineering profession has recognized that to fulfill the social as well as technical responsibilities incumbent upon today’s
engineer, engineering graduates must not only be technically competent, but must also be as broadly educated as possible
within the allotted educational time period. To this end, the College of Engineering strives to prepare its students ultimately to
assume their responsibilities by providing technically sound programs of instruction that incorporate a strong component in the
humanities and social sciences. Graduates are prepared to take industrial positions, to assume positions with government, or
to pursue graduate studies.

Engineering students may also qualify as premedical students should they desire to apply for admission to medical school. Students interested in medical careers should consult the Dean of the College of Medicine.

General Education Requirements

Engineering students must comply with the University’s general education requirements. In the area of Humanities and Fine
Arts, engineering students are required to take a total of at least 9 semester hours with a minimum of 3 semester hours in
literature and a minimum of 3 semester hours in the arts with the remaining hours from the Humanities and Fine Arts. In the
area of History, Social, and Behavioral Sciences, engineering students are required to take at least 9 semester hours with a
minimum of 3 semester hours in history and a minimum of 3 semester hours from among the other disciplines in the social and
behavioral sciences.

Professional Component Standing For Undergraduate Programs

It is important that students make adequate progress in departmental majors within the College of Engineering, so each
department establishes a list of courses that must be satisfactorily completed with a minimum grade before the student is allowed
to proceed with more advanced courses. Professional Component Standing (PCS) within a department indicates that these
courses have been satisfactorily completed. Six courses are required for PCS in every department, so they are collectively
required for every student. The PCS requirements for all College of Engineering students are shown in the following table:

<table>
<thead>
<tr>
<th>Course Number</th>
<th>Course Title</th>
<th>Credit Hours</th>
<th>Minimum Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>EH 101</td>
<td>English Composition I</td>
<td>3</td>
<td>C</td>
</tr>
<tr>
<td>EH 102</td>
<td>English Composition II</td>
<td>3</td>
<td>C</td>
</tr>
<tr>
<td>CH 131</td>
<td>General Chemistry I + Lab</td>
<td>4</td>
<td>C</td>
</tr>
<tr>
<td>MA 125</td>
<td>Calculus I</td>
<td>4</td>
<td>C</td>
</tr>
<tr>
<td>MA 126</td>
<td>Calculus II</td>
<td>4</td>
<td>C</td>
</tr>
<tr>
<td>PH 201</td>
<td>Calculus-Based Physics I + Lab</td>
<td>4</td>
<td>C</td>
</tr>
</tbody>
</table>

In addition, all departments in the College of Engineering require Departmental Professional Component Standing for enrollment
in most 300- and 400-level courses. PCS is awarded by the appropriate department chair when the student completes the
College of Engineering PCS requirements and the departmental PCS requirements. See the departmental policy statements
for additional details.
Requirements For A Bachelor's Degree

To become a candidate for a Bachelor of Science degree in one of the five major disciplines within the College of Engineering, the student must satisfy the general requirements of the University as set forth in “Academic Policies and Procedures,” and must have satisfactorily completed the program of instruction specified by the major department. In addition to these requirements, the Engineering student must have at least a GPA of 2.00 or C-level competency in all subjects taken in the student's major department at the University of South Alabama.

Mechanical and Civil Engineering students are required to take and make a “good faith” effort to pass the Fundamentals of Engineering (FE) examination prior to their anticipated date of graduation. Students should be aware of the deadline established by the National Council of Examiners for Engineering and Surveying (NCEES) for submission of examination application materials. Failure to meet the deadline could result in delayed graduation.

A transfer student must complete at least 25 percent of the credit hours required for the degree from upper-division courses with at least 16 hours in the upper level of the student's major department at the University of South Alabama.

Engineering students with less than 15 credit hours are required to take EG 101. This requirement for EG 101 can be waived by the student's advisor once it is demonstrated that a particular student has been exposed to material covered in this course and most likely is not going to benefit from this course. An appropriate math, science or engineering course must be substituted if the student does not take EG 101.

Accelerated Bachelor's To Master's Program

The College of Engineering allows well-qualified undergraduates in the program to follow an “Accelerated Bachelor's to Master’s” study plan. This plan permits up to six credit hours of graduate coursework to count towards both the Bachelor's (as Technical Electives) and the Master’s degrees, so that the Master’s degree is earned faster than usual. (The coursework concerned must individually satisfy the requirements of both degrees.) See a departmental advisor for specific details.

ABM students must meet all requirements for admission to the Graduate School. However, each degree program has specific requirements that may exceed Graduate School minimums. An ABM student must meet all requirements of their specific degree program. A complete Graduate School application is required.

Eligibility Requirements

- 3.0 cumulative undergraduate GPA
- Have completed at least 90 credit hours
- Have completed at least 30 credit hours at USA

A student who withdraws or is dismissed from the ABM program may not count graduate coursework towards both degrees. Graduate courses for which an undergraduate student did not earn an “A” or “B” grade may not be counted towards the graduate degree.

An ABM student must be a full time student and must complete all degree requirements for the Master's degree within three semesters of the semester in which they were admitted to the Graduate School. An exception for a fourth semester may be granted where an additional semester is required for final revisions to and submission of a defended thesis. Exceptions to the ABM policy are at the discretion of the Dean of the Graduate School.

Graduate

Requirements For A Master's Degree

The thesis option includes 6 hours of credit for the thesis. The project option includes 3 hours of credit for the project. The coursework option requires credit only for graduate courses. Specific degree requirements differ for each department. For details, see the Master of Science in Chemical Engineering, Civil Engineering, Electrical Engineering, Mechanical Engineering and System Engineering program descriptions.

Required study includes coursework in a specific engineering discipline and coursework in supporting areas. Supporting areas include mathematics, natural sciences, basic medical sciences, computer sciences, statistics, and business, as well as engineering.

All students pursuing a thesis or project option are required to take the Online Citi Program course in research integrity as part of their engineering coursework requirements. A maximum of six hours of directed study may be counted toward the degree. A maximum of six hours of thesis may be counted toward the degree.
All students must satisfactorily complete a comprehensive examination. Students failing this examination may attempt it again no sooner than 12 weeks after the first attempt. Students failing the second time will be academically dismissed from the program. A thesis or project candidate must present a satisfactory oral defense of the written report. Should the student present an unsatisfactory defense, a second attempt will be allowed no sooner than 12 weeks after the first attempt. A second unsatisfactory defense will result in dismissal from the program.

An engineering senior at the University of South Alabama who has completed 96 semester hours with a GPA of 3.00 or better may, with approval of the Director of Graduate Studies, enroll in graduate engineering courses in accordance with Graduate School policies. See Graduate Study For Advanced Undergraduates.

**Systems Engineering (Ph.D.)**

**Degree Requirements**

The College of Engineering offers a Doctor of Philosophy degree in Systems Engineering. This program is an intensive 67 credit hour course designed for students who wish to earn a terminal degree in Systems Engineering. If you have an Engineering or STEM related M.S. degree, 24-30 hours may be applied toward the 67 credit hours with the approval of the program director. Only courses with a grade of A or B are eligible for transfer. A minimum of 23 graduate credit hours of the required 67 graduate credits must be awarded by the University of South Alabama. In addition to meeting graduate school requirements, the following requirements must be met:

1. Minimum grade of B required on all Core Course Requirements.

2. Required Examinations:
   - Qualifying Exam: Written and Oral
   - Proposal Defense: Written and Oral
   - Dissertation Defense: Written and public Oral Defense

The College of Nursing is dedicated to the education of professional nurses who provide the highest quality health care to the communities they serve. The practice of nursing is both an art and a science; the focus of nursing is the diagnosis and treatment of human responses to actual or potential health problems.

The College of Nursing has two locations, one is on the USA main campus, and the other is on the USA Baldwin County campus in downtown Fairhope. The resources of the University, the USA Hospitals and clinics, and the numerous clinical agencies provide excellent opportunities for students to acquire the knowledge and skills essential for professional nursing.

**Mission**

The mission of the College of Nursing is to provide quality innovative educational programs to a diverse student body, to participate in research and scholarly activities, and to provide service to the University, the profession, and the public. The College accomplishes this by providing a caring, engaging environment for the empowerment of student learning potential, the professional development of faculty, and the promotion of the nursing profession.

**Goals**

1. Cultivate a caring, innovative, and engaging environment to facilitate teaching, learning, scholarship, and service.
2. Deliver innovative quality nursing programs that meet the needs of a diverse student body and other communities of interest.
3. Promote the discovery, communication, and preservation of knowledge through scholarly activities and leadership.
4. Provide service to the University, the profession, and the public.
5. Develop community partnerships to promote nursing and the enhancement of the health care delivery system using interprofessional approaches.

**Accreditation**

The baccalaureate program is approved by the Alabama Board of Nursing and the baccalaureate, master's degree program in nursing, Doctor of Nursing Practice degree program and post-graduate APRN certificate programs are accredited by the Commission on Collegiate Nursing Education.

655 K Street, NW, Suite 750
Washington, DC 20001
P: (202) 887-6791
F: (202) 887-8476

**Student Responsibility**

While the University of South Alabama will endeavor to provide timely and accurate advisement, it is the responsibility of the student to know and satisfy the degree requirements of the academic program found in the student's PAWS account, to be aware of the University calendar, [https://www.southalabama.edu/academiccalendar/index.html](https://www.southalabama.edu/academiccalendar/index.html) and to understand and comply with University academic policies and procedures.

**Degrees Offered**

The College of Nursing offers the Bachelor of Science in Nursing (BSN) degree, the Master of Science in Nursing (MSN) degree, and the Doctor of Nursing Practice (DNP) degree.
Certificates Offered

Post-Graduate Certificates are awarded to students completing planned programs of study in a nursing specialty area and subspecialty areas.

Departments Of Instruction

Nursing.......................................................... 982
Graduate School

General Information

Admission Requirements And Procedures

The Dean of the Graduate School, advised by the Graduate Council, establishes and monitors the standards under which students are admitted for study in degree programs under its jurisdiction.

Each student must be qualified for admission to the Graduate School. However, the fact of qualification does not guarantee admission. Admission may be restricted because of capacity limitations. Official notice of actions on applications for admission is provided by the Office of Admissions. Any other correspondence between student and faculty members, department chairs, and/or administrative officers does not constitute nor does it imply admission to the Graduate School.

Application forms and other materials are available on-line at https://www.southalabama.edu/colleges/graduateschool/forms.html.

The Office of Admissions contact information: 2500 Meisler Hall, University of South Alabama, Mobile, Alabama 36688-0002, telephone (251)460-6141 or toll-free telephone number (800)872-5247. The e-mail address is admiss@southalabama.edu.

International students should contact the Office of Immigration and International Admissions, 2200 Meisler Hall, University of South Alabama, Mobile, Alabama 36688-0002, telephone (251)460-6050, for application information. The email address is internationaladmissions@southalabama.edu.

Specific information regarding academic programs may be obtained by contacting the Director of Graduate Studies in the appropriate colleges.

Deadlines For Applications

Final deadlines for all applications and supporting documents for new graduate students are as follows: July 15 for Fall Semester, December 1 for Spring Semester, and May 1 for Summer Semester. New graduate students who do not register for the semester in which they were accepted must update their admission in writing by the deadline if they wish to enroll in a future semester.

A former USA graduate student who has not taken a graduate course within a seven-year period, or a graduate student who wishes to change degree program, student type, or student level must apply through the Office of Admissions. Deadlines are stated above.

Deadlines for applications and supporting documents for new international students are usually at least one month earlier than the deadlines for U.S. citizens. Refer to the "International Students" section for details.

Not all programs admit students each semester and some programs set earlier application deadlines. Please see appropriate section of this publication for exceptions.

Please note: The College of Education and Professional Studies and the College of Nursing re-evaluates files each semester and acceptance is only valid for the semester in which they apply. Acceptance is not valid for an academic year in programs within these two colleges.

USA graduate students who have not attended for three consecutive semesters must file for readmissions with the Office of Admissions by the published deadlines found at https://www.southalabama.edu/departments/eforms/admissions. If a student has been absent from first enrollment in a Master's program for more than 7 years or from a doctoral program for more than 10 years, the student must apply through the Office of Admissions. Please note some programs may have shorter time limits.

Documents Required For Admission

Transcripts and test scores must be official, i.e., mailed from the home institution or testing agency directly to the address specified by the Office of Admissions, and become the property of the University of South Alabama. If a student changes programs, a new application must be submitted.
Admission Requirements
Each program has specific requirements for admission that may exceed the requirements listed as follows for admission to the Graduate School. Persons interested in applying for admission to a specific program should consult the appropriate program's Requirements for Admission.

Applicants seeking admission must satisfy the following requirements:

1. A bachelor's degree from an accredited institution of higher education.
2. Most graduate programs or colleges require a minimum grade-point average for admission. See the individual program descriptions elsewhere in this Bulletin for details.
3. Sufficient coursework in the major subject to qualify for graduate study in the involved discipline. Students with a deficiency in required coursework may be required by the admitting graduate program to take additional pre-requisite courses.
4. International students not meeting the exception requirements below must submit evidence showing TOEFL test scores of 197 or above on the computer based test or 71 or above on the internet based test, or a minimum score of 6 on the IELTS test, or minimum iTEP score of 3.7 or minimum PTE academic score of 48 or a minimum Duolingo score of 100 or
a bachelor’s or graduate degree earned at an accredited United States institution of higher education. Please note some programs may require higher scores to prove English proficiency.

Certain graduate programs waive the English proficiency requirement for international applicants who are citizens of or who have attended school in specific countries where English is an official language and/or the medium of instruction. Approved countries are listed below. See individual program requirements elsewhere in this bulletin.

Antigua and Barbuda
Australia
Bahamas
Barbados
Belize
Bermuda
Botswana
Canada, with the exception of Quebec
Cayman Islands
Dominica
Ghana
Grenada
Guyana
Irish Republic
Jamaica
Kenya
Malawi
New Zealand
Nigeria
Rwanda
Singapore
Saint Lucia
St. Kitts and Nevis
St. Vincent and the Grenadines
Sierra Leone
South Africa
Tanzania
Trinidad & Tobago
Uganda
United Kingdom (England, Scotland, Northern Ireland, Wales)
Virgin Islands (British & US)
Zambia
Zimbabwe
5. Most graduate programs require standardized test scores for admission. See the individual program descriptions elsewhere in this Bulletin for details.

6. For those students who have had previous graduate work, performance at the graduate level may be taken into consideration as well as undergraduate performance. An earned advanced degree may substitute for some admission requirements (see description of specific program).

7. Non-Degree Admission - Students holding baccalaureate degrees from accredited institutions of higher education who are not interested in earning graduate degrees or who need to complete prerequisites for particular degree programs may enroll as Non-Degree graduate students. A suitable background for the courses to be taken is expected. A minimum grade point average of 2.5 on all undergraduate work ("A" = 4.0) is required to enroll as a Non-Degree graduate student. Some graduate programs may impose additional requirements. Because of limited class size and resources, academic units may limit the enrollment of Non-Degree students. After admission, permission to enter each course is obtained from the Graduate Director/Coordinator in the appropriate college, school and/or department.

International students must submit documentary evidence showing TOEFL test scores of 525 or above (197 on computer based test or 71 on internet based test), or bachelor’s or graduate degrees earned at accredited United States institutions of higher education. Non-Degree students subsequently seeking admission into one of the graduate degree programs of the University must submit a formal application through the Office of Admissions to the Graduate Director/Coordinator of the appropriate college, school and/or department. Students may be subject to further conditions, such as the completion of necessary undergraduate background courses. The student's record in graduate courses taken while in the Non-Degree status may be considered. Students may be able to transfer courses toward a graduate degree program (see section on Transfer Credit). Non-Degree graduate students are subject to the Graduate School Dismissal Policy. For dismissal purposes, program GPA will be calculated based on all credits earned while in non-degree graduate status.

**Dual Masters Degrees**

A student may enroll in and pursue two master's degrees simultaneously. The student must apply to and be accepted in each of the two programs individually. One program has to be designated as primary and the other as a secondary degree program. All requirements for each degree have to be met, including the requirement for time to degree. A maximum of nine (9) credit hours may be counted towards both degrees if approved by each of the two degree programs. Although the start date of the two programs does not have to be the same date, the two degrees will be awarded on the same date after completion of both degrees. All requirements for the two degrees must be completed within seven calendar years of admission to the first graduate program.

**Transient Enrollment**

Students in good standing in the graduate school of other universities may enroll in the Graduate School of the University of South Alabama, provided they have the written permission of the Dean of the Graduate School of the University of South Alabama. Enrollment as a transient student in no way implies future admission as a degree or non-degree graduate student. Students who wish to remain in transient status for more than one semester must submit the University's Transient Student Form and a readmission form (available from the Office of Admissions) each semester prior to the deadline (see "Readmission to the University").

**Graduate Study For Advanced Undergraduates**

With permission of the department chair and appropriate director of graduate studies, a student who has completed 89 semester hours with a "B" (3.0) average may register for graduate courses. Each course can be applied to an undergraduate degree or perhaps a future graduate degree. The same course cannot be applied to both an undergraduate and a graduate degree (except for accelerated master's degrees and undergraduate/graduate dual degrees). Up to 12 graduate credit hours may be transferred to a future graduate degree at USA. If and when a student has applied to and been admitted into graduate school, courses can be evaluated for transfer provided they were not taken any more than seven years ago.

**Accelerated Bachelor's To Master's Program**

**Program Description**

The USA accelerated bachelor’s to master's (ABM) provides exceptional undergraduate students the opportunity to earn a bachelor's and master's degree at an accelerated pace in select academic programs. ABM students may count up to 12 credit hours of graduate course work towards both the undergraduate and graduate degrees in approved programs. ABM students typically complete the master's degree within one academic year after completing the undergraduate degree.
Admission
ABM students must meet all requirements for admission to the Graduate School. However, each degree program has specific requirements that may exceed Graduate School minimums. An ABM student must meet all requirements of their specific degree program. A complete Graduate School application is required.

Eligibility Requirements
- 3.0 cumulative undergraduate GPA
- have completed at least 90 credit hours
- have completed at least 30 credit hours at USA

A student who withdraws or is dismissed from the ABM program may not count graduate coursework towards both degrees. Graduate courses for which an undergraduate student did not earn an “A” or “B” grade, may not be counted towards the graduate degree.

An ABM student must be a full time student and must complete all degree requirements for the master’s within three semesters of the semester in which they were admitted to the Graduate School. An exception for a fourth semester may be granted where an additional semester is required for final revisions to and submission of a defended thesis. Exceptions to the ABM policy are at the discretion of the Dean of the Graduate School.

Contact the program coordinator to discuss individual program requirements. Application deadlines vary by programs.

To qualify for a baccalaureate degree a student must complete a minimum of 120 approved semester hours, meet the university’s general education requirements, meet the requirements of the major, and meet any specific requirements of the college or school. To qualify for a master’s degree a student must complete a minimum of 30 semester hours of credit in an approved program of study.

Assistantships And Fellowships
Information concerning assistantships and fellowships may be obtained from the college or department concerned or online at https://www.southalabama.edu/colleges/graduateschool/information.html. A completed graduate assistantship/fellowship application must be submitted. Tuition remission granted for a graduate assistantship/ fellowship may not be applied to courses outside of the degree program.

Graduate School Academic Standards

Applicability
All students enrolled in graduate courses or graduate programs are subject to Graduate School Academic Standards and Procedures. This includes those students who are in graduate programs and graduate certificate programs, non-degree graduate students, and transient graduate students.

Grade Standards
Courses for which the grade of “D” was assigned may not be counted toward a degree program. A maximum of two courses with the grade of “C” may be counted toward a degree program. However, some programs accept no grades of “C”; see specific program.

Grades And Grade-Points (Graduate)
Students are graded on the basis of the following guidelines:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Guideline</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4 grade-points per semester hour</td>
</tr>
<tr>
<td>B</td>
<td>3 grade-points per semester hour</td>
</tr>
<tr>
<td>C</td>
<td>2 grade-points per semester hour</td>
</tr>
<tr>
<td>F</td>
<td>Failure, no grade-points (weighted)</td>
</tr>
<tr>
<td>F*</td>
<td>Failure in cases where the student does not officially withdraw, but who failed to attend or participate in class activities, or who stopped attending or participating in class activities prior to the end of classes. No grade points.</td>
</tr>
<tr>
<td>S</td>
<td>Satisfactory, no grade-points (unweighted)</td>
</tr>
</tbody>
</table>
U  Unsatisfactory, no grade-points (unweighted)
U*  Unsatisfactory in cases where the student does not officially withdraw, but who failed to attend or participate in class activities, or who stopped attending or participating in class activities prior to the end of classes. No grade points.

The following symbols are substitutes for grades. They are not grades:

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>Incomplete (see below)</td>
</tr>
<tr>
<td>WD</td>
<td>Withdrawal in good standing</td>
</tr>
<tr>
<td>P</td>
<td>Course in progress (see below)</td>
</tr>
<tr>
<td>AU</td>
<td>Audit</td>
</tr>
<tr>
<td>UA</td>
<td>Unsatisfactory Audit (did not meet attendance requirements)</td>
</tr>
<tr>
<td>N</td>
<td>No grade or invalid grade (assigned only by the Registrar)</td>
</tr>
</tbody>
</table>

The symbol “I” (Incomplete) is assigned when, for reasons beyond the student’s control, the student is unable to fulfill all the normal course requirements. The situation warranting an “I” must be a medical condition, an equipment problem, or other mitigating circumstance that is patently demonstrable to be beyond the student’s control. This symbol is not used to provide time for completion of extra work beyond the normal course requirements for improving the student’s grade, or to permit the student to avoid probation, suspension, or dismissal. The “I” symbol should not be assigned unless the amount of incomplete work can reasonably be completed in the time period allotted for an “I” grade without additional extensions. Extensions of “I” grades should only be granted in rare cases where additional and unanticipated circumstances beyond a student’s control have prevented completion. All records of the symbols “I” must be cleared by the specified deadline of the next term; if they are not, grades of “F” will be recorded by the Registrar.

The symbol “P” (In Progress) is assigned only in a limited number of approved courses which require more than one term for completion. P grades remain in effect until they are changed to a letter grade, or until the time limits for a graduate degree have expired.

Change Of Grade
Grades reported by instructors to the Registrar may not be changed unless there was an error in recording or in evaluation. Grade changes require the approval of the primary instructor of record and the signature of the department chair and the dean of the college in which the course is taught (or, for graduate students, the Director of Graduate Studies and the Dean of the Graduate School.) A Dean may delegate this responsibility to an Assistant/Associate Dean or to a Director or other academic administrator in their college when appropriate. All grade changes involving an F* or U* grade will also require the signature of the Associate Vice President for Academic Affairs. Grades on record for one calendar year may not be changed. The approval authority of the Dean is not intended to impede or restrict the right of the faculty to request and be granted approval to change a grade when it has been erroneously entered into the official academic records of the University.

Dismissals
1. Academic Dismissal
   • The Dean of the Graduate School has authority to dismiss graduate students from the Graduate School.
   • Any semester in which a graduate student drops below a 3.0 Program GPA, the student is placed on probationary status and has a period of two semesters to attain a 3.0 Program GPA or be dismissed.
   • A student will be dismissed from the Graduate School after two unsuccessful attempts to pass the comprehensive examination or the Qualifying Exam.
   • A student who has been academically dismissed is eligible to reapply to the Graduate School subject to the approval of the director of graduate studies of the specific new program and the Dean of the Graduate School. This is not intended to include the program from which the student has been dismissed.

2. Non-Academic Dismissal
   • A student dismissed from a graduate program as the result of an academic misconduct penalty or research misconduct will be automatically dismissed from the Graduate School and the University of South Alabama and will not be eligible to apply for readmission.
Final Grade Grievance Policy
A student may initiate an inquiry under procedures set forth by the Undergraduate Final Grade Grievance Policy. A copy of this policy is available in the dean's office of each college and is published in The Lowdown (Student Handbook) and in the Faculty Handbook.

English Language Proficiency
English is the language of instruction at the University of South Alabama. Any remedial work in English language skill, which may be found needed after a student has been admitted to the Graduate School, may be specified and requested by the director of the graduate program in which the student is enrolled.

Academic Procedures

Full Load Of Course Work In A Semester
A full load is six to ten credit hours. Permission to take more than ten credit hours must be obtained within the college/department.

Transfer Credit
1. Transfer credit to masters programs
A maximum of twelve (12) semester hours of approved transfer credit from another institution is allowed for a master's degree. Transfer credit from regionally accredited universities may be accepted by certain programs. In the event that the university is non-accredited, the individual USA graduate program will determine if the quality and content of the course meets the standards of the program. Students may also transfer a maximum of twelve (12) semester hours of appropriate courses taken while at USA while in a non-degree graduate status or taken while in another program. Approval of the program's graduate coordinator, the college director of graduate studies, and the Graduate Dean is required. Only courses with "A", "B", or "S" grades are acceptable for transfer. The Graduate School does not award graduate credit for prior portfolio-based experiential learning.

2. Transfer credit to doctoral programs
A maximum of one half of the minimum hours required for the degree is normally allowed as transfer credit. Exceptions are allowed under unusual circumstances, but in no case will the number of transfer credit hours exceed two thirds of the minimum hours required for the degree. Transfer credit from regionally accredited universities may be accepted by certain programs. In the event that the university is non-accredited, the individual USA graduate program will determine if the quality and content of the course meets the standards of the program. Students may also transfer appropriate courses taken while at USA while in non-degree graduate status or taken while in another program. Some programs will allow graduate courses applied to certain master's degrees to be transferred in and also count towards the doctoral degree, subject to the limits of maximum transfer credit hours. The University of South Alabama does not award graduate credit for prior portfolio-based experiential learning. Approval of the program's graduate coordinator, the college director of graduate studies, and the Vice President of Academic Affairs or Health Sciences as appropriate is required. Only courses with "A", "B", or "S" grades are acceptable for transfer.

Change Of Program
A student wishing to change from one graduate program to another must apply to the new program through the Office of Admissions. If the new program is a related program within the same college, the student should first consult the Director of Graduate Studies of the appropriate college.

Application For Degree
Each candidate for the Master's, Specialist's, or Doctoral degree must make application for the degree during the semester preceding the semester of graduation, in the Registrar's Office. The dates are specified in the University Calendar.

Student Responsibility
While the University of South Alabama will endeavor to provide timely and accurate advisement, it is the responsibility of the student to know and satisfy the degree requirements of the academic program, to be aware of the University calendar and to understand and comply with University academic policies and procedures.
Thesis And Dissertations

Guidelines For Theses And Dissertations

1. Students who intend to write a thesis or dissertation should consult early in their programs with the department chair or program director/coordinator for a list of Members of the Graduate Faculty from which to select an advisor to supervise and direct their research.

2. If the Member of the Graduate Faculty selected by the student consents to serve as an advisor, then the advisor and student initiate a recommendation for a thesis/dissertation committee using the Appointment of Graduate Faculty to a Thesis, Dissertation, or COMP form.

3. A Master's thesis committee must include a minimum of three members of the Graduate Faculty and a dissertation committee must include at least four members of the Graduate Faculty. Master's thesis committees may be chaired by Associate or Full Members of the Graduate Faculty. Dissertation committees must include at least one Full Member of the Graduate Faculty who is the committee chair and normally the student's advisor/major professor. Both thesis and dissertation committees must have at least one member from outside the student's department or program. Administratively appointed graduate faculty members may serve on thesis/dissertation committees for a specified student. Two thirds of the committee must be USA Associate or Full Members of the Graduate Faculty.

4. The Dean of the Graduate School is the appointing authority for thesis and dissertation committees. Once the Graduate Dean has appointed the committee, the student prepares a thesis or dissertation prospectus under the direction of the committee.

5. "A Guide for Preparing Theses and Dissertations", accessed at https://www.southalabama.edu/colleges/graduateschool/thesis.html, is the guide for preparation of the prospectus and the thesis or dissertation. Diverse resources can also be found on this page.

6. Once a thesis or dissertation committee is appointed by the Dean of the Graduate School, the student may then enroll for 599 Thesis or 699/799 Dissertation credit with permission of the thesis/dissertation committee chair (advisor or major professor).

7. To be considered for approval by the Dean of the Graduate School, an acceptable thesis or dissertation must be submitted to the Graduate School office by the first submission deadline announced in the University Calendar.

Standards For Theses And Dissertations

1. A thesis/dissertation should demonstrate that the student has the capacity for original research, facility in the use of the English language, the ability to review appropriate background material, formulate and address (a) significant question(s), obtain, collate, and analyze appropriate data and draw logical conclusions therefrom, and integrate in a meaningful way the new knowledge into the greater body of existing knowledge and state its significance. The final thesis/dissertation must be acceptable to the major professor, a majority of the thesis/dissertation committee, the chair of the student's department, the college/school director of graduate studies and the Dean of the graduate school.

2. The thesis or dissertation must be an original research and/or creative project. This document will demonstrate the student's ability to:
   A. Select a topic and delineate a problem that can be studied in terms of time, equipment needs and experimental population available to the faculty sponsor.
   B. Search the literature for relevant studies on the topic of choice.
   C. Organize and analyze the information that is available, using logical and/or statistical analysis appropriate for the project.
   D. Present the results orally and in a written form to the satisfaction of the thesis/dissertation committee and the Graduate Faculty.
   E. Present a final document as the Thesis or Dissertation to the Graduate School Office in an acceptable form and by the procedures outlined in the Guide for Preparing Theses and Dissertations, University of South Alabama.

3. All theses/dissertations should meet current standards relative to responsible conduct of research.

GRADUATE CERTIFICATE PROGRAM REQUIREMENTS

A graduate certificate program is a related cluster of credit bearing graduate courses that constitutes a coherent body of study within a discipline or set of related disciplines.

1. Admissions follows the same graduate school standards and procedures as used for admission to a master’s level graduate program. The individual graduate certificate program may impose more restrictive standards as necessary for the purposes of the specific program.
2. The curriculum is defined by the individual graduate certificate program per university standards and procedures. See: https://www.southalabama.edu/departments/academicaffairs/resources/policies/guidelinesforcertificateprogramsjuly11_11.pdf

3. Upon approval by the graduate program and Graduate School, a student may transfer from another accredited institution to a USA graduate certificate program the lower amount of: a maximum of fifty percent of the required graduate credit hours composing the certificate or 12 credit hours. Transfer credit must meet the guidelines established for master's level programs.

4. Graduate School academic standards policy applies to certificate programs.

5. Completion of a graduate certificate does not guarantee admission into a graduate degree program. Credit hours earned in a certificate program may or may not be used in a future graduate degree program.

6. The graduate certificate program must be completed within four years.

**Degree Requirements**

**Research Integrity And Professional Ethics**

Graduate level instruction in research integrity and professional ethics is required in all graduate programs.

**Requirements For The Master's Degree**

1. A minimum of 30 semester hours of credit in a program approved by the graduate program and the Dean of the Graduate School is required. The following limitations apply:
   A. No more than 18 hours of dual-listed courses (400-and 500-level listing for the same course) may be counted toward meeting the minimum hours required for a degree. Graduate students will only receive graduate credit for the 500 level version of dual-listed courses.
   B. A maximum of twelve (12) semester hours of graduate credit obtained at another accredited institution may be approved for transfer to the University of South Alabama. Transfer credit must have the recommendation of the graduate program and appropriate director of graduate studies and the approval of the Dean of the Graduate School. Only grades of “A”, “B”, or “S” or the equivalent may be accepted as transfer credit. Grade equivalency must be verified by the appropriate director of graduate studies. Course work completed more than seven years prior to the date for graduation may not be counted for degree credit. Students must meet all degree residency requirements.
   C. A course applied toward credit for a degree at this institution, or elsewhere, will not be acceptable as credit toward a subsequent master's degree, except in approved dual-master's programs where a maximum of nine (9) hours may be counted in both programs (except for accelerated bachelor's to master's degrees).

2. A minimum overall 3.0 grade-point average on all work attempted in the student's specific program of study as well as an overall 3.0 grade-point average on all work attempted while enrolled in the current program of study is required. Courses for which the grade of “D” was assigned may not be counted toward a degree program. A maximum of two courses with the grade of “C” may be counted toward a degree program; however, some programs accept no grades of “C” (see specific program).

3. A minimum of 21 semester hours of degree program credit in residence at the University of South Alabama is required.

4. All requirements for a master’s degree must be completed within seven calendar years from admission as a graduate student at the University of South Alabama. Under extraordinary circumstances, an appeal may be made to the Graduate Dean for a time extension. The appeal form may be found on the Forms and Policies web page of the Graduate School. Some degree programs may set shorter time limits.

5. Each student will be evaluated to ensure achievement of program outcomes. This evaluation may be in the form of a comprehensive exam or other measurement tools. If unsatisfactory, after corrective action, the evaluation may be repeated once. The comprehensive exam committee must be comprised of at least 3 graduate faculty members. For details see specific programs.

6. Submission of a standardized test score may be required. For details, see specific programs.

7. A foreign language may be required. For details see specific programs. International students should note that English may not be offered as a foreign language. The foreign language requirement must be fulfilled, normally no later than two semesters before graduation, in one of two ways:
   A. Undergraduate course work in one acceptable foreign language which demonstrates successful completion of at least the second-year intermediate level (a course offered in the sixth quarter or fourth semester of an
undergraduate sequence begun at the introductory level) with a minimum grade-point of 2.5 in all work attempted in the foreign language. The course work must have been completed within seven calendar years before the date of graduation from the relevant program. Course work may be taken as a graduate student with no graduate credit.  

B. A satisfactory performance on an examination conducted at the University of South Alabama requiring a written translation from the foreign language into English, which examination will last no more than two hours and allow the use of a dictionary. The examination is offered only to matriculated students and must be passed no more than seven calendar years before the date of graduation from the relevant program. The text set for translation will be related to the student's subject area. Programs requiring a foreign language are invited to make recommendations regarding appropriate material to the Department of Foreign Languages and Literatures, which will appoint from its faculty a specialist to be the examiner and to schedule, prepare, administer, and evaluate the examination. The examiner will evaluate the translation as satisfactory or not satisfactory.  

8. Thesis  
A. A program may require or allow a candidate for the Master's degree to prepare a thesis. A maximum of nine (9) semester hours of 599 thesis credit may be counted toward meeting the minimum hours required for a degree; some programs may allow fewer than nine hours (see specific program), but no fewer than three (3) hours.  
B. A letter grade is assigned for each semester a student is enrolled in a thesis or dissertation credit hour course.  
C. A student on a thesis option program will be required to prepare a thesis prospectus.  
D. An oral defense of the thesis is required.  
E. The student must be enrolled in at least one hour of thesis during the semester in which the student completes their graduate degree. Normally, thesis students should be enrolled in 599 continuously from inception of the project until final approval of the thesis by the Dean of the Graduate School. Students who are not on campus or using University resources during the semester of their graduation may appeal to the Graduate Dean for an exception to this policy.  
F. See Guidelines for Theses and Dissertations and Standards for Theses and Dissertations.  

Requirements For The Doctoral Degree  
1. The specific requirements for doctoral degrees vary among the specialties. Each program leading to the completion of a doctoral degree has specific requirements regarding courses, seminars, laboratory studies, directed studies, workshops, and research. In general, a minimum of 60 credits of graduate work will be required for the doctoral degree. Transfer of graduate credit from regionally accredited universities may be accepted by certain programs. Prior approval of the college director of graduate studies is required. Only courses with "A" or "B" grades are acceptable for transfer. The quality of the student's program and performance are emphasized and are considered as important as the fulfillment of requirements. Completion of original research, and writing and defending a dissertation are requirements for the doctoral degree.  
2. Students who are candidates for the doctoral degree must be enrolled for Research Dissertation during the semester in which the open defense of the dissertation is completed, and must be enrolled in at least one hour of Research and Dissertation during the semester in which the student completes their graduate degree. Students who are not on campus or using University resources during the semester of their graduation may appeal to the Graduate Dean for an exception to this policy.  
3. All requirements for a doctoral degree must be completed within ten calendar years from admission to a doctoral program at the University of South Alabama. Under extraordinary circumstances, an appeal may be made to the Graduate Dean for a time extension. Some degree programs may set shorter time limits.  

Programs By College  

Degrees Offered  
The Graduate School offers twenty different graduate degrees (Au.D., M.A., M.Ac., M.B.A., M.D., M.S.N., M.Ed., MFA, M.P.A., M.H.S., M.S., M.S.S.H., M.S.C.E., M.S.CHE., M.S.E.E., M.S.M.E., M.S.C.I.S., Ed.S., Ed.D., D.Sc., D.BA., Ph.D., DNP and thirty-eight programs, within numerous areas of concentration. For specific admission and degree requirements, in addition to those of the Graduate School, see the department or college section of your interest.  

Graduate Programs  
The following graduate degree programs are offered through the Graduate School of the University. More details are available under Colleges and Schools listings elsewhere in this Bulletin. Navigate to Degrees and Programs for a complete listing of graduate programs and certificates.
The Pat Capps Covey College Of Allied Health Professions
- Master of Science in Speech and Hearing Sciences
- Master of Science in Occupational Therapy
- Master of Science of Physical Therapy
- Master of Rehabilitation Science in Occupational Therapy
- Master of Rehabilitative Science in Therapy
- Master of Health Sciences in Physician Assistant Studies
- Doctor of Philosophy in Communication Sciences and Disorders
- Doctor of Audiology
- Doctor of Physical Therapy

College Of Arts And Sciences
- Master of Science in Biological Sciences
- Master of Arts in Communication
- Master of Arts in English
- Master of Arts in History
- Master of Science in Marine Conservation and Resource Management
- Master of Science in Marine Sciences
- Doctor of Philosophy in Marine Sciences
- Master of Science in Mathematics
- Master of Music
- Master of Public Administration
- Master of Music
- Master of Public Administration
- Master of Science in Psychology
- Master of Arts in Sociology
- Master of Fine Arts in Creative Technologies and Practice

Mitchell College Of Business
- Master of Accounting
- Master of Business Administration
- Doctor of Philosophy in Business Administration
  These programs are given in the evenings and are designed for those individuals presently engaged in managerial or technical positions with business, industry, or government.
- A limited residence Doctor of Business Administration is also offered.

The School Of Computing
- Master of Science in Computer and Information Sciences
- Ph.D. in Computing

The College Of Education And Professional Studies
- Alternative Master of Education in Art Education
- Alternative Master of Education in Early Childhood Education
- Alternative Master of Education in Elementary Education
- Alternative Master of Education in English for Speakers of Other Languages
- Alternative Master of Education in Secondary Education
- Alternative Master of Education in Special Education
- Master of Education in Art Education
- Master of Education in School Counseling
- Master of Education in Early Childhood Education
- Master of Education in Early Childhood Education with Reading Certificate
• Master of Education in Educational Administration
• Master of Education Educational Media
• Master of Education Elementary Education
• Master of Education Physical Education - P-12 Teacher Certification
• Master of Education in Physical Education - Health Education
• Master of Education in Secondary Education
• Master of Education in Special Education
• Master of Science in Clinical Mental Health Counseling
• Master of Science in Educational Media and Technology
• Master of Science in Exercise Science
• Master of Science in Health Education
• Master of Science in Instructional Design and Development
• Master in Sport Management
• Educational Specialist in Early Childhood Education
• Educational Specialist in Elementary Education
• Educational Specialist Instructional Leadership
• Educational Specialist in Reading Specialist
• Educational Specialist in Secondary Education
• Educational Specialist in Special Education
• Educational Specialist in Teacher Leader
• Education Doctorate in Educational Leadership
• Doctor of Philosophy in Instructional Design and Development

The College Of Engineering
• Master of Science in Chemical and Biomolecular Engineering
• Master of Science in Civil, Coastal, and Environmental Engineering
• Master of Science in Electrical and Computer Engineering
• Master of Science in Mechanical Engineering
• Master of Science in Systems Engineering
• Doctor of Science in Systems Engineering

The College Of Medicine
• Doctor of Philosophy degree in Basic Medical Sciences. The objective of the program is to produce graduates with training and knowledge in basic human biology with an in-depth knowledge of one of the basic medical sciences (Biochemistry and Molecular Biology, Microbiology and Immunology, Molecular and Cellular Pharmacology, Physiology, Cell Biology and Neuroscience). A combined program leading to the awarding of both the Ph.D. and M.D. degree is available to highly qualified applicants.
• Medical Doctorate in Medical Sciences

The College Of Nursing
• Master of Science in Nursing
• Doctor of Nursing Practice

Interdisciplinary Graduate Program
• Master of Science in Environmental Toxicology
• Doctor of Philosophy in Clinical and Counseling Psychology

USA Education/Study Abroad
• Graduate students are encouraged to incorporate international experiences in their academic program through participation in study, research, internship and work abroad experiences. For more information please contact your academic advisor and the Office of International Education.
Certificate Programs

- Graduate Certificate in Spanish for Healthcare Professionals
- Graduate Certificate in Gerontology
- Graduate Certificate in Clinical Mental Health Counseling
- Graduate Certificate in Educational Media and Technology
- Graduate Certificate in Human Performance Improvement
- Graduate Certificate in Instructional Design and Development
- Graduate Certificate in Reading Specialist
- Graduate Certificate in Systems Engineering
- Graduate Certificate in Nursing Subspecialty Options
- Certification in Post-Graduate Nursing

Doctor of Philosophy in Chemical and Biomolecular Engineering ...................................... 274
Doctor of Philosophy in Clinical and Counseling Psychology ........................................... 327
Honors College

General Information

The University of South Alabama Honors College offers a curriculum of interdisciplinary excellence designed to stimulate the analytical and critical thinking of exceptionally qualified and highly motivated students. To do so, the Honors College challenges these students with scholarly creative activities, exposes them to cultural enrichment, and provides avenues to engage in community service. The Honors College bases its curriculum and learning experiences around 3 major pillars: intellectual curiosity, leadership and engagement with the University, and the creation of knowledge and culture.

Within the context and diversity of a midsize urban university, the Honors College provides the academic and cultural atmosphere one expects of a small, personal campus community of excellence.

Program Description

The Honors College includes honors course work and extracurricular activities throughout the four years of a student's undergraduate career. In addition to general university curriculum requirements and degree requirements of the selected major, Honors students also complete enriched honors core courses, honors seminars and a Honors Senior Project. Honors students also meet and engage with Faculty, eventually choosing a mentor, who works with the student on research and scholarly experience that culminates in an Honors Seniors Project. Honors classes are small, typically limited to 15 students.

In addition to a challenging academic curriculum, the Honors College offers a variety of experiences that extend learning beyond the classroom, including social and cultural events and community service projects. Honors students often participate in international programs, such as study abroad or exchange programs, and off-campus internship opportunities.

Students who complete the requirements of both the Honors College and of the selected major with a grade-point average of 3.50 or higher will receive the relevant designation on the transcript and the diploma.

Qualifications For Consideration For The Honors College

Applicants usually have a 27 or higher ACT Composite (or comparable SAT score) and a minimum 3.5 high school grade-point average (4.0 system) (as computed by the University of South Alabama). Students without the above qualifications can submit an application package and documentation of their special qualifications for review by the Honors Admissions Committee.

Procedure To Apply For The Honors College

1. Apply for admission to the University of South Alabama and complete all necessary steps for acceptance.
2. After admission to the university, complete and submit the University of South Alabama Honors College Application Form in JagSPOT: (https://southalabama.academicworks.com/users/sign_in). You will need your university I.D. number and university e-mail address password to sign in.

Other Honors Options

For transfer students, or others, who have completed significant credits toward graduation, the specific curriculum requirements for the Honors Degree may be impracticable. Additionally, other non-honors students may find certain honors courses desirable while being unable to commit to the entire honors curriculum. Options available in these cases include enrollment in specific honors courses (indicated on the transcript as honors credit) with permission of the instructor and the Honors College Dean when space is available, and/or pursuing and completing an appropriate Honors Senior Project. Students interested in these options should consult with the Honors College Dean.

USA International Education/Study Abroad

Honors College students are encouraged to participate in an international experience through study, research, internship or work abroad. Honors students should seriously consider applying for one of the many international prestigious scholarship programs such as the Goldman Sachs Global Leaders Program, Winston Churchill Foundation Scholarship, George J. Mitchell Scholarship, Rhodes Scholarship, Fulbright Student Grants, Gates Cambridge, Rotary Ambassadorial Scholarships and NSEP.
Boren Scholarship and Gilman Scholarship. For more information contact your Honors advisor and the Office of International Education.

Departments Of Instruction

Honor Interdisciplinary Studies

Honors Requirements

Honors College Curriculum Requirements

The following courses, or a substitute approved by the Honors College Dean, must be completed with a grade of "C" or better, in addition to general studies requirements and specific requirements of the major department, to graduate with Honors College recognition. Transfer students may petition to receive credit for honors courses taken elsewhere. High School AP and IBP credits may not substitute for Honors required courses.

<table>

<td>24</td>
</tr>
</tbody>
</table>

** Student should determine early in their program the requirements in their major.

Honors Seminars are special topics courses, and a variety are available each fall and spring semester for students to make their selection.

The Honors Electives requirements can be satisfied by taking any courses offered for Honors credit (courses with "Honors" in the title or an "H" suffix).
College Requirements

Undergraduate

Honors students must maintain satisfactory progress in the required curriculum to remain in the Honors College. Scholarship recipients, must meet any additional requirements of their specific award. To remain in good standing with the Honors College, honors students must maintain satisfactory progress in the required curriculum and must maintain a GPA of 3.50 or higher after their first year. Scholarship recipients must meet any additional requirements of their specific award. A student may be placed on honors probation if GPA requirements aren’t met. Scholarships that depend on GPA will not be reinstated after probation.

Honors students participate in and attend cultural, service, and scholarly events on campus and in the community. These activities will be facilitated by the Honors College and student mentors.

By the junior year, each Honors student will identify a suitable faculty mentor and design an Honors Senior Project. The project represents a scholarly effort appropriate to the student, including a significant component of investigation and written presentation. The Honors Senior Project will total 6.00 credit hours. Graduating Honors seniors will present their Honors senior project at a defense before their committee in a professional format suitable for the project and discipline (e.g., an exhibition, research presentation or poster, or performance). The senior project will be evaluated and graded by a committee of three faculty members, and chaired by the honors project mentor. The senior project also must be approved by the Dean of the Honors College in order to graduate with an Honors designation.
School Of Computing

School of Computing website
https://www.southalabama.edu/colleges/soc/

Mission Statement

The mission of the School of Computing is to prepare graduates who are professionally competent, motivated to lifelong learning, and demonstrate ethical behavior in the computing sciences; to provide an atmosphere for faculty to demonstrate research and teaching excellence; and to provide service in the computing sciences to our community and discipline.

Accreditation

The Bachelor of Science in Computer Science, Information Systems, and Information Technology programs are accredited by the Computing Accreditation Commission of ABET, http://www.abet.org. For a quick understanding of what accreditation is and why an accredited program should be chosen, go to http://www.abet.org/why-accreditation-matters/.

National Center Of Academic Excellence In Information Assurance Education

The University of South Alabama was first awarded a National Center of Academic Excellence in Information Assurance Education (CAE/IAE) designation in June 2011 and was re-designated as a National Center of Academic Excellence in Information Assurance / Cyber Defense Education by the National Security Agency and the U.S. Department of Homeland Security in 2014 through 2021. This designation is awarded to institutions after a rigorous review for programs that have demonstrated their commitment to academic excellence in Information Assurance education. Student wishing to comply with USA’s CAE/IA-CD curriculum in conjunction with their specialization must complete all required courses and must choose courses designated as IA in the specialization wherever an optional choice is presented.

College Requirements

Undergraduate

Admission To The Degree Programs And Courses

In order to be admitted as an undergraduate major in the School of Computing, a student must be "calculus ready”. For a major in Computer Science, "calculus ready" means that the student is eligible to enroll in MA 120 (Calculus I). For a major in either Information Systems or Information Technology, "calculus ready” means that the student is eligible to enroll in MA 120, (Calculus and Its Applications).
General Requirements For The Bachelor Of Science Degrees In The School Of Computing

Majors in the School of Computing must complete requirements for one of the four Bachelor of Science Programs offered: Computer Science, Health Informatics, Information Systems, or Information Technology.

All undergraduate students in the School of Computing must comply with the University's general education requirements, (See Academic Policies and Procedures). Although these requirements are not specifically organized according to the four general education areas, each of the bachelor of science programs in the School of Computing, incorporates general education requirements within the published programs.

In addition to an overall grade-point average of 2.0, all courses in the major, prerequisites for courses in the major and required supporting courses for the major, must be passed with a minimum grade of "C." Any course taken at the University of South Alabama with a grade of "D" or "F" may be retaken only at the University of South Alabama.

Any courses taken at another institution to meet degree requirements must have prior approval of the School of Computing Dean. Failure to obtain prior approval may result in loss of transfer credit for the course work.

Laptop Ownership Policy

All students enrolling in any undergraduate or graduate courses offered by the School of Computing except for CIS 101, CIS 110, CIS 150, CIS 210, CIS 211, CIS 227 and CIS 250 are required to own a personal laptop computer system that conforms to the current School's minimum published standards. This is a one-student one-machine requirement. For more information consult the Laptop Policy at https://www.southalabama.edu/colleges/soc.

Transfer Students

Transfer students must complete at least eighteen (18) credit hours of courses at the 300-level or above of courses in their chosen program of study in the School of Computing. All undergraduate transfer students are required to satisfactorily complete CIS 300, Information Technology in Society at the University of South Alabama.

Accelerated Bachelor's To Master's Degree Program

The School of Computing offers an accelerated Bachelor’s to Master’s (ABM) Program in Computer Science (CS), Information Systems (IS), and Information Technology (ITE) that provides qualified undergraduate students the opportunity to earn their master’s degree within one academic year after completing their bachelor’s degree. Undergraduate students with a 3.0 GPA, who meet all of the requirements for admission to the Master’s degree program and have completed at least 101 credit hours towards their CS Bachelor’s degree or 96 credit hours towards their IS or ITE Bachelor’s degree, may apply for this program. Financial aid is available to qualified students admitted to this program.

Choice Of Bulletin Under Which A Student Graduates

Majors in the School of Computing may choose any bulletin from their entry date to their time of graduation. This applies for entering freshmen and transfer students. Students at the University of South Alabama changing their choice of major in the School of Computing, changing their major in another college to a major in one of the programs in the School of Computing or who interrupt their program of study for more than one calendar year are considered new students with respect to bulletin selection.

Graduate

Master's Degree Programs

General Information About The MSCIS Program

The Master of Science in Computer and Information Sciences degree program is designed for students and professionals wishing to further their knowledge and expertise in computing. There are two major areas of specialization within the degree program:

1. COMPUTER SCIENCE (CSC) for students interested in the theoretical aspects of the discipline with an emphasis on the construction of system software or the development of scientific applications using software engineering principles. For more information about the Master of Science in CSC, Computer Science specialization, go to https://www.southalabama.edu/colleges/soc/cist.

2. INFORMATION SYSTEMS (ISC) for students interested in business and organizational applications and information systems management. For more information about the Master of Science in CIS, Information Systems specialization, go to https://www.southalabama.edu/colleges/soc/cist/.
Requirements For Admission
Students are admitted each semester. In addition to the general admissions requirements of the USA Graduate School, admission requirements for the Master’s Degree in Computer and Information Sciences programs are:

1. Undergraduate or graduate degree from an accredited institution of higher education.
2. An official academic transcript from each college or university attended.
3. Three letters of recommendation from persons able to speak directly to the applicant’s academic abilities.
4. A written statement of purpose indicating the student’s personal and academic goals.
5. A minimum grade-point average of 3.0 (4.0 scale) for either all completed post-secondary coursework or for a completed graduate program to be accepted for regular admission.
6. Official scores for the Graduate Records Examination (GRE) including the AW portion.
   • Domestic applicants with an undergraduate or graduate degree from an accredited U.S. institution are not required to provide GRE scores.
   • Any applicant with a graduate degree awarded by an accredited U.S. institution of higher education is not required to provide GRE scores.
7. For international students, an official TOEFL, IELTS, iTEP, or PET score. See the policy of the Graduate School: https://www.southalabama.edu/bulletin/current/index.html.
8. A completed application for admission to the Graduate School.

Final admission decisions are made based upon an evaluation of the applicant's complete file which consists of all official academic transcripts; undergraduate grade-point average; GRE scores (when required); three (3) letters of reference regarding the applicant's ability to succeed in the Master of Science program in Computer and Information Sciences; the applicant's statement of purpose; TOEFL, IELTS, iTEP, or Pearsons (PTE Academic) scores (for international applicants); and program enrollment and availability.

Full Load Of Coursework Per Semester
Permission of the School of Computing Director of Graduate Studies is required to take more than 10 semester hours.

International Students' Special Requirements
International students must submit documentary evidence showing IELTS test scores of at least 6.0, TOEFL test scores of at least 525 on the paper version, 197 on the computer version, or 71 on the internet version, iTEP score of at least 3.7, a minimum score of 48 on the Pearsons (PTE Academic), or an equivalent level of competence as exhibited by a bachelor's degree from an accredited university in the United States. The School of Computing reserves the right to exclude students with more than five course failures.

Choice Of Bulletin Under Which A Student Graduates
Students entering the SoC masters program may choose any bulletin from their entry date to their time of graduation. This applies for new students and transfer students. Students at the University of South Alabama changing their graduate specialization in School of Computing, changing their major to School of Computing, or who interrupt their program for more than one calendar year are considered new students with respect to bulletin selection.

Courses Taken Outside The School Of Computing
No more than four graduate courses, maximum of twelve (12) semester hours taken outside of the School of Computing may be applied toward the degree. Only grades of "A" or "B" may be accepted. Transfer credit is approved only after completion of a minimum of nine (9) semester hours of graduate credit towards the degree. A formal request for transfer credits must be made to the coordinator of the student's specialization area (CSC or ISC). Any such transfer courses must be approved by the SoC Director of Graduate Studies and may not have been used to fulfill the requirements of another graduate degree.

Scheduling Of Courses
The graduate program courses are scheduled to accommodate full-time students (normally two or three courses per semester) and part-time students (one course per semester). Special topics, directed study, and thesis courses are available as needed.

Time Limitation
All requirements for the Master of Science in Computer and Information Sciences degree must be completed within seven (7) calendar years from the date of matriculation as a School of Computing graduate student. The seven calendar year constraint also applies to all accepted transfer courses.
Comprehensive Examination

All School of Computing masters students must complete a comprehensive examination for the CORE courses in their Specialization (Computer Science or Information Systems). The comprehensive examination may be repeated no more than once. A written examination is required of students who choose the Course Only Concentration and an oral examination is required of students who complete the Thesis or Project Concentration.

The School of Computing Comprehensive Examination Policies and Procedures document and the Comprehensive Examination Application form are available at [https://www.southalabama.edu/colleges/soc/essentialstudentlinks.html](https://www.southalabama.edu/colleges/soc/essentialstudentlinks.html)

Ph.D. In Computing Program

General Information About The Ph.D. In Computing Program

The interdisciplinary Ph.D. in Computing degree program integrates coursework and research projects from three related disciplines: computer science, information systems, and information technology. The program emphasizes advanced discovery and the development of solutions to research-focused problems in the areas of cyber assurance, risk assessment, forensics, and data analytics. Ph.D. graduates are eligible for research positions in academia, industry, and government. For more information about the Ph.D. in Computing program, go to [https://www.southalabama.edu/colleges/soc/phdprogram.html](https://www.southalabama.edu/colleges/soc/phdprogram.html)

Requirements For Admission

Students are normally admitted in the fall semester and are encouraged to complete the admissions application prior to February 1st. In addition to the general admission requirements of the USA Graduate School, admission requirements for the Computing Ph.D. program are:

1. A baccalaureate or graduate degree in Computer Science, Information Systems, Information Technology or a closely related field. A graduate degree is not required for admission.
2. An undergraduate minimum GPA of 3.3 (4.0 scale) for all completed post-secondary coursework or a 3.5 overall (4.0 scale) for a completed graduate program.
3. Official scores for the Graduate Records Examination (GRE) including the AW portion.
   - Domestic applicants with an undergraduate or graduate degree from an accredited U.S. institution are not required to provide GRE scores.
   - Any applicant with a graduate degree awarded by an accredited U.S. institution of higher education is not required to provide GRE scores.
4. A statement of purpose indicating the student’s personal goals and research interests. Because prospective students are matched with a faculty mentor, competitive applications align with the research areas of School of Computing graduate faculty.
5. Three letters of recommendation from persons able to speak directly to the applicant’s ability to engage in advanced discovery and contribute new knowledge to the discipline.
7. An official transcript from each college or university attended.
8. A completed application for admission to the Graduate School.
9. For international students, an official TOEFL, IELTS, iTEP, or Pearsons (PTE Academic) score, or an equivalent level of competence as exhibited by a bachelor or graduate degree from an accredited university in the United States is required. See the policy of the Graduate School: [https://www.southalabama.edu/bulletin/current/index.html](https://www.southalabama.edu/bulletin/current/index.html)

Admission is competitive and the decision is based on a review of all submitted admission materials. A personal interview may be requested. Applicants are encouraged to submitted samples of prior work. All admissions materials should be submitted online at: [https://southalabama.liaisoncas.com/applicant-ux/#/login](https://southalabama.liaisoncas.com/applicant-ux/#/login).

Admission may be granted by the Director of Graduate Studies when supported by a vote of the Graduate Faculty in special cases where a holistic evaluation of the applicant's credentials is appropriate.

Full Load Of Coursework Per Semester

Permission of the School of Computing Director of Graduate Studies is required to take more than 10 semester hours.
Academic Standards
Student must maintain a cumulative 3.0 GPA in order to be considered in good standing. Failure to maintain a cumulative 3.0 GPA will result in the student being placed on academic probation. The School of Computing Director of Graduate Programs may recommend dismissal of a student who does not maintain good academic standing or is not making sufficient progress.

Courses Taken Outside The School Of Computing
A maximum of 24 semester hours of graduate credit earned at an approved graduate school may be counted toward the Ph.D. program. Transfer credit may be approved after the completion of twelve (12) semester hours of credit at the University of South Alabama. Transfer credit must be approved by the School of Computing Director of Graduate programs with the recommendation of the student’s advisor.

Scheduling Of Courses
The PhD program courses are scheduled to accommodate full-time students (normally two or three courses per semester) and part-time students (one course per semester).

Comprehensive Exams
Doctoral students must pass a comprehensive written and oral examination. The written content of the examination will be determined by the comprehensive examination committee. Normally the written component is based on the student’s coursework. The oral component consists of an oral defense of the student’s proposed research project. Failure to pass the comprehensive examination within three attempts will result in dismissal from the program.

Time Limitation
All requirements for the Ph.D. in Computing degree must be completed within ten (10) calendar years from the date of matriculation as a School of Computing Ph.D. student. This ten calendar year constraint also applies to all accepted transfer courses. After reaching candidacy, a student has a maximum of 3 years to complete the dissertation. A student may apply to the Director of Graduate programs for an extension to complete the degree.

General Graduate Program Policies

Professional Participation
Students are expected to take an active part in at least one (1) professional computing organization. They are expected to be aware of the social impact of computing and adhere to the ACM/AITP code of ethics. For more information consult https://www.southalabama.edu/colleges/soc.

Graduate Assistantships And Fellowships
A limited number of graduate assistantships are available on a competitive basis and are awarded on the recommendation of the School of Computing. Applications are available on-line at: https://www.southalabama.edu/departments/efoms/graduateschool/graduateassistantapptform.pdf. Applications must be received by April 1st for fall applicants or November 1st for spring applicants.

Graduate School Standards
For all other graduate policies and procedures not specifically stated for the Master of Science in Computer and Information Sciences degree program, or Ph.D. in Computing degree program, see Computer Science Master's program, www.southalabama.edu/colleges/soc.

Department Of Accounting Mission

Our mission is to provide value-added accounting education, conduct research that improves accounting practice and instructional development, and provide service to the profession, university, and Gulf Coast Region constituencies. Our graduates should have the requisite accounting and information technology skills to become the future ethical leaders of the accounting profession.

Accounting (BSBA)

Degree Requirements

General Education Requirements (59 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 120, MA 125,

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 3 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112
C. 6 hours: ECO, ECO 216

Area V 200-Level Business Core (18 Hours)
A grade of a least C is required in each course.
A. 6 hours: ACC 211, ACC 212
B. 6 hours: BUS 245, BUS 255
C. 3 hours: BUS 265
D. 3 hours: CIS 250

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (63 Hours)

Freshman Core (1 Course, 3 Hours)
A. 3 hours: BUS 150 or Transfer Student Elective for students transferring into the College with more than 45 hours. Students transferring with 46-60 hours are highly encouraged to take BUS 150.

Upper Division Business Core (6 Courses, 18 Hours)
A 2.0 GPA is required in the Upper Division Business Core.
A. 3 hours: BUS 305, ECO 453  
B. 15 hours: FIN 315, MGT 300, MGT 305 (W), MGT 325, MKT 320

**Experiential Learning (2-4 Courses, 6 Hours)**
A. 3 hours from: BUS 101, BUS 201, BUS 301, BUS 302  
B. 3 hours from: ACC 496, ECO 496, FIN 496, MGT 496, MKT 496

**Accounting Major Courses (9 Courses, 27 Hours)**
A. 21 hours: ACC 331, ACC 341, ACC 371, ACC 372, ACC 381, ACC 416, ACC 451  
B. 6 hours from: ACC 432, ACC 452, ACC 461, ACC 410

**Business Electives (2 Courses, 6 Hours)**
A. 6 hours from: 300-400 electives from ACC, BUS, ECO, FIN, MGT, MKT

**Business Policy Capstone (2 Courses, 3 Hours)**
A. 3 hours: MGT 485 (W), MGT 486

**Minor Requirements (0 Hours)**
A minor is not required for this degree program

---

**Notes:**
*Course substitutions are possible with approval of the student’s advisor or the Dean.

**Transfer credit for Accounting Major Courses will only be accepted from AACSB accredited institutions.

African American Studies

Department Information

The minor in African American Studies provides an interdisciplinary investigation of the experiences, conditions, origins, accomplishments, and contributions of people of African ancestry in the United States. Students may deepen their appreciation and understanding of African Americans by studying their earlier history in Africa, their transition to the New World, and their diasporic experiences in other parts of the world. The African American Studies Program is comprised of eighteen courses offered through seven departments of instruction within the College of Arts and Sciences.

The minor in African American Studies takes advantage of those characteristics of the African American experience that make it uniquely valuable for serious academic study and teaching, for it exposes students to the diversity and unity of the African American experience as well as to the similarities and differences among the cultures of Africa.

Minor In African American Studies

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

Core Requirements

1. AFR 101, Introduction to African American Studies (three semester hours). This course is to be taken immediately after the African American Studies minor is declared.
2. At least one humanities and one social science course selected from the offerings below.
3. The election of additional courses to bring the total credits to at least 21 hours.

Air Force Studies

Department Information

Department of Air Force Studies website
https://www.southalabama.edu/colleges/artsandsci/afrotc/

Air Force ROTC offers students a course of study leading to a commission as a second lieutenant. Designed to complement individual academic majors, AFROTC courses can be applied toward minor requirements. Cadets enrolled in the program represent a broad cross section of the student body. The student/cadet has an opportunity to explore and evaluate Air Force career opportunities while earning a college degree. Completion of the AFROTC curriculum is the initial step in the education of the professional officer and provides a firm understanding of basic aerospace doctrine and the Air Force missions, organization, and operation.

The Air Force ROTC program consists of two phases: the General Military Course (GMC) and the Professional Officer Course (POC). Each phase requires four (4) semesters of study.

General Military Course (The Basic Course)

Students may enroll in the General Military Course with no military obligation. The GMC courses focus on Air Force organizations and their missions, Air Force history, and basic leadership skills. Communication skills are also emphasized.

Professional Officer Course (The Advanced Course)

Enrollment in the POC is limited to those students who have applied and been accepted for the course. Selection is based on interest in the Air Force together with academic records, observed leadership abilities, physical fitness, and SAT/ACT scores. Application is normally made while a member of the GMC. Individuals entering the POC must have two academic years remaining in college as full-time students at the undergraduate level. Upon completion, all POC students are obligated to accept a commission and enter the active-duty Air Force.

Junior-year materials emphasize student involvement in learning and practicing management and leadership techniques. Leadership and management skills as they apply to a Junior officer in the Air Force are emphasized, and communication skills are stressed throughout the entire AFROTC curriculum. The senior-year course deals extensively with the political, economic, and social factors relating to the formulation and implementation of national security policy.

Cadets receive a nontaxable allowance monthly while on contract (normally during the two academic years in the POC). This stipend is in addition to any other scholarship benefits.

Field Training Course

All students must complete one field training course, conducted at an active Air Force base during the summer months. The program requires a four-week course to be completed, normally, between the sophomore and junior years. When attending field training, a student is furnished transportation or payment for travel plus pay at the current rate of approximately $400 per month. Uniforms and free medical care are furnished while at field training.

AFROTC College Scholarship Program

The Professor of Air Force Studies (PAS) can nominate qualified freshmen, sophomores, and juniors to compete for three and two-year scholarships. The scholarship entitlement pays full tuition and fees at USA, a textbook allotment, and the monthly allowance mentioned above. Scholarship consideration is predicated on student ability, performance, and potential needs of the Air Force. Interested students need to contact the Department of Air Force Studies.

Three and four-year scholarships are also available to high school students. High school students interested in applying should call the Department of Air Force Studies at (251)460-7211 or write the Department of Air Force Studies (AFROTC), University of South Alabama, AHS Rm 147, Mobile, AL 36688-0002.

Also, you can apply via the Internet at http://www.afrotc.com.
Air Force ROTC Uniforms

Students in Air Force ROTC will be issued uniforms to wear to class and leadership laboratory. They must be turned in upon completion of the year or when the cadet drops or is dropped from the program.

Courses Of Instruction

The GMC course is normally completed during the freshman and sophomore years. This basic course consists of four semesters of study with one hour of classroom work and two hours of leadership laboratory per week. The POC consists of four semesters of study, and this advanced course leads to a commission in the United States Air Force. Three classroom hours and two hours of Leadership Laboratory are required weekly. Students interested in this program should contact the Professor of the Air Force Studies.

In addition, students must complete all commissioning requirements.
Art & Art History

Department Information

Department of Art & Art History website
https://www.southalabama.edu/art

The goals of the Department of Art & Art History include preparing students for graduate work or careers in the visual art; providing suitable programs and courses for persons who want to study or practice the arts for their own personal development and cultural enrichment; and introducing students to their cultural tradition.

The Department of Art & Art History offers Bachelor of Arts and the Bachelor of Fine Arts degree with concentrations in Animation, Art History, Ceramics, Graphic Design, Painting, Photography, Sculpture, Glass, and Printmaking. These degree programs are intended for students who plan to pursue careers in Art or Art History, which will typically require having completed their studies at the graduate level. The Department offers minors in Studio Art and in Art History.

All first-time freshmen must successfully complete CAS 100: First Year Experience as a degree requirement. Students must enroll during their first term at USA, except for summer-entry students who must enroll in the fall semester following entry. Students receiving a B.A. in Art & Art History must take ARS 396 (Studio Art students) or ARH 493 (Art History students) to fulfill the technology requirement. Students receiving a B.F.A. in Studio Art must take ARS 396 (Studio students), or ARS 479 (Graphic Design students), or ARH 493 (Art History students) to fulfill the technology requirement.

Graduate Studies

The University of South Alabama offers a Masters of Fine Arts degree (MFA) in Creative Technologies and Practice, which is the terminal, or highest, degree available in the field. It is a cross-disciplinary degree program appealing to creatives who are interested in a variety of media technologies. The program emphasizes interdisciplinary practice that spans multiple concentrations within the Art & Art History with technology serving to inform or facilitate the creative process.

The MFA in Creative Technologies and Practice will equip individuals to enter the workforce in a variety of creative technology areas, to manage creative teams, to pursue careers as visual artists, to advance knowledge in the field through research or creative input, and to teach at the university level.

The University of South Alabama offers a Masters in Art Education and an Alternative Masters in Art Education which are housed in the College of Education and Professional Studies. Course work in the visual arts is within the Department of Art & Art History. Further information regarding these degree programs is listed in the Bulletin under graduate programs in the College of Education and Professional Studies.

Studio Art (BFA) - Animation Concentration

Degree Requirements

General Education Requirements (52-55 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (7 Courses, 21 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 15 hours in Art History: ARH 103, ARH 123, ARH 344, plus 6 hours in elective Art History courses.

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 227, MA 237, MA 238
B. 8-10 hours from: AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L, GY 111 & GY 111L, GY 112 & GY 112L, MAS 134 & MAS 134L, PH 101 & PH 101L, PH 104 & PH 104L, PH 114 & PH 114L, PH 115 & PH 115L, PH 201 & PH 201L, PH 202 & PH 202L. Note: BLY 121 and BLY 122 are restricted to Arts and Sciences science majors, Allied Health science majors, Engineering majors, and Computer Science majors. Students cannot receive credit for both BLY 101 and BLY 121 or for both BLY 122 and BLY 102.

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 6 hours from: HY 101, HY 102, HY 135, HY 136
B. 6 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112. No more than 6 hours in any one discipline may be counted.

Area V (0-23 Hours)
A. 2 hours from: CAS 100

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (54 Hours)

Studio Art (BFA)- Animation Concentration (7 Courses, 21 Hours)

Art Core Requirements
A. 6 hours: ARS 121, ARS 122
B. 6 hours: ARS 123, ARS 124
C. 6 hours from: ARS 222, ARS 225, ARS 322, ARS 325, ARS 326, ARS 422, ARS 425
D. 3 hours from: ARS 322, ARS 325, ARS 326, ARS 422, ARS 425

Animation Concentration (11 Courses, 33 Hours)
A. 21 hours: ARS 200, ARS 201, ARS 202, ARS 204, ARS 301, ARS 302, ARS 304,
B. 3 hours: ARS 408
C. 6 hours: ARS 409
D. 3 hours: ARS 396 (W)
Secondary Concentration Requirements (15 Hours)

A secondary concentration is required for this program.

The secondary concentration is fifteen hours in a studio area different from the student's primary concentration for the BFA in Studio Art. Secondary concentrations are available in Ceramics, Glass, Painting, Photography, Printmaking, Sculpture and Interdisciplinary. Interdisciplinary Secondary concentration consists of 9 credits in one area and 6 credits in any combination of the other.

Additional Information

Requirements For A Double Primary Concentration

In lieu of a secondary concentration, students may complete a second primary concentration. This will require course work in excess of the 121 hours minimum required for the B.F.A. and may delay time to graduation. To complete a Double Primary Concentration, students must complete Primary Concentration requirements in two separate areas including Senior Thesis or Senior Portfolio where applicable.

Requirements For An Optional Minor

In addition to the completion of the Studio Art B.F.A. primary and secondary concentration requirements, students have the option to complete a minor in a discipline outside the department. The addition of a minor will require course work in excess of the 120 hours minimum required for the B.F.A. and may delay time to graduation.

Studio Art (BFA) - Art History Concentration

Degree Requirements

General Education Requirements (52-55 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (7 Courses, 21 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 15 hours in Art History: ARH 103, ARH 123, ARH 344, plus 6 hours in elective Art History courses.

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238
B. 8-10 hours from: AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L, GY 111 & GY 111L, GY 112 & GY 112L, MAS 134 & MAS 134L, PH 101 & PH 101L, PH 104 & PH 104L, PH 114 & PH 114L, PH 115 & PH 115L, PH 201 & PH 201L, PH 202 & PH 202L. Note: BLY 121 and BLY 122 are restricted to Arts and Sciences science majors, Allied Health science majors, Engineering majors, and Computer Science majors. Students cannot receive credit for both BLY 101 and BLY 121 or for both BLY 122 and BLY 102.

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 6 hours from: HY 101, HY 102, HY 135, HY 136
B. 6 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112. No more than 6 hours in any one discipline may be counted.

Area V

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (54 Hours)

Art Core (7 Courses, 21 Hours)
A. 6 hours: ARS 121, ARS 122
B. 6 hours from: ARS 222, ARS 225, ARS 322, ARS 325, ARS 326, ARS 422, ARS 425
C. 3 hours from: ARS 322, ARS 325, ARS 326, ARS 422, ARS 425
D. 6 hours: ARS 123, ARS 124

Art History Concentration (11 Courses, 33 Hours)
A. 3 hours from Ancient Art: ARH 304, ARH 306
B. 3 hours from Medieval Art: ARH 312, ARH 415
C. 3 hours from Renaissance Art and Baroque Art: ART 322, ARH 324, ARH 326, ARH 330, ARH 332, ARH 335, ARH 434
D. 3 hours from Modern Art: ARH 340, ARH 345, ARH 346
E. 3 hours from Seminar: ARH 480, ARH 492
F. 3 hours: ARH 493 (W)
G. 6 hours from: ARH 498
H. 9 hours ARH Electives

Secondary Concentration Requirements (15 Hours)

A secondary concentration is required for this program. The secondary concentration is fifteen hours in a studio area different from the student's primary concentration for the BFA in Studio Art. Secondary concentrations are available in Ceramics, Glass, Painting, Photography, Printmaking, Sculpture and Interdisciplinary. Interdisciplinary Secondary concentration consists of 9 credits in one area and 6 credits in any combination of the other.

Notes:
Seminar and Special Topics courses may be used to satisfy Art History Concentration area requirements.

Additional Information

Requirements For A Double Primary Concentration
In lieu of a secondary concentration, students may complete a second primary concentration. This will require course work in excess of the 120 hours minimum required for the B.F.A. and may delay time to graduation. To complete a Double Primary Concentration, students must complete Primary Concentration requirements in two separate areas including Senior Thesis or Senior Portfolio where applicable.

Requirements For An Optional Minor
In addition to the completion of the Studio Art B.F.A. primary and secondary concentration requirements, students have the option to complete a minor in a discipline outside the department. The addition of a minor will require course work in excess of the 120 hours minimum required for the B.F.A. and may delay time to graduation.

### Notes

**See Degree Requirements**
Studio Art (BFA) - Ceramics Concentration

Degree Requirements

General Education Requirements (47-50 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 15 hours: Art History: ARH 103, ARH 123, ARH 344, plus 6 hours in elective Art History courses.

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238
B. 8-10 hours from: AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L, GY 111 & GY 111L, GY 112 & GY 112L, MAS 134 & MAS 134L, PH 101 & PH 101L, PH 104 & PH 104L, PH 114 & PH 114L, PH 115 & PH 115L, PH 201 & PH 201L, PH 202 & PH 202L. Note: BLY 121 and BLY 122 are restricted to Arts and Sciences science majors, Allied Health science majors, Engineering majors, and Computer Science majors. Students cannot receive credit for both BLY 101 and BLY 121 or for both BLY 122 and BLY 102.

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 6 hours from: HY 101, HY 102, HY 135, HY 136
B. 6 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112. No more than 6 hours in any one discipline may be counted.

Area V

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (54 Hours)

Studio Arts (BFA) - Ceramics Art Core (7 Courses, 21 Hours)
A. 6 hours: ARS 121, ARS 122
B. 6 hours: ARS 123, ARS 124
C. 6 hours from: ARS 222, ARS 225, ARS 322, ARS 325, ARS 326, ARS 422, ARS 425
D. 3 hours from: ARS 322, ARS 325, ARS 326, ARS 422, ARS 425

Ceramics Concentration (10 Courses, 33 Hours)
A. 3 hours: ARS 241
B. 9 hours: ARS 341
C. 12 hours: ARS 400 level Ceramics
D. 6 hours: ARS 498
E. 3 hours: ARS 396 (W)
Secondary Concentration Requirements (15 Hours)

A secondary concentration is required for this program. The secondary concentration is fifteen hours in a studio area different from the student's primary concentration for the BFA in Studio Art. Secondary concentrations are available in Ceramics, Glass, Painting, Photography, Printmaking, Sculpture and Interdisciplinary. Interdisciplinary Secondary concentration consists of 9 credits in one area and 6 credits in any combination of the other.

Additional Information

Requirements For A Double Primary Concentration

In lieu of a secondary concentration, students may complete a second primary concentration. This will require course work in excess of the 121 hours minimum required for the B.F.A. and may delay time to graduation. To complete a Double Primary Concentration, students must complete Primary Concentration requirements in two separate areas including Senior Thesis or Senior Portfolio where applicable.

Requirements For An Optional Minor

In addition to the completion of the Studio Art B.F.A. primary and secondary concentration requirements, students have the option to complete a minor in a discipline outside the department. The addition of a minor will require course work in excess of the 120 hours minimum required for the B.F.A. and may delay time to graduation.

Note: BLY 121 and BLY 122 are restricted to Arts and Sciences science majors, Allied Health science majors, Engineering majors, and Computer Science majors. Students cannot receive credit for both BLY 101 and BLY 121 or for both BLY 122 and BLY 102.

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 6 hours from: HY 101, HY 102, HY 135, HY 136
B. 6 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112. No more than 6 hours in any one discipline may be counted.

Area V

______

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (30 Hours)

Studio Art (BFA)- Glass Art Core (7 Courses, 21 Hours)

Art Core:
A. 6 hours: ARS 121, ARS 122
B. 6 hours: ARS 123, ARS 124
C. 6 hours from: ARS 222, ARS 225, ARS 322, ARS 325, ARS 326, ARS 422, ARS 425
D. 3 hours from: ARS 322, ARS 325, ARS 326, ARS 422, ARS 425

Glass Concentration (10 Courses, 33 Hours)
A. 21 hours: ARS 211, ARS 212, ARS 290, ARS 311, ARS 312, ARS 390, ARS 410, ARS 411, ARS 412, ARS 414, ARS 490, ARS 494, ARS 498
B. 3 hours: ARS 418
C. 6 hours: ARS 497
D. 3 hours: *ARS 396 (W)
Secondary Concentration Requirements (15 Hours)

A secondary concentration is required for this program. The secondary concentration is fifteen hours in a studio area different from the student's primary concentration for the BFA in Studio Art. Secondary concentrations are available in Ceramics, Glass, Painting, Photography, Printmaking, Sculpture and Interdisciplinary. Interdisciplinary Secondary concentration consists of 9 credits in one area and 6 credits in any combination of the other.

Notes:
Students may prefer to take either glass blowing or kiln formed classes. It is recommended that students take at least one kiln formed class (ARS 311) and one glass blowing class (ARS 212), before committing to a specific direction.

Additional Information

Requirements For A Double Primary Concentration
In lieu of a secondary concentration, students may complete a second primary concentration. This will require course work in excess of the 121 hours minimum required for the B.F.A. and may delay time to graduation. To complete a Double Primary Concentration, students must complete Primary Concentration requirements in two separate areas including Senior Thesis or Senior Portfolio where applicable.

Requirements For An Optional Minor
In addition to the completion of the Studio Art B.F.A. primary and secondary concentration requirements, students have the option to complete a minor in a discipline outside the department. The addition of a minor will require course work in excess of the 121 hours minimum required for the B.F.A. and may delay time to graduation.

Studio Art (BFA) - Graphic Design Concentration

Degree Requirements

General Education Requirements (52-55 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (7 Courses, 21 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 15 hours in Art History: ARH 103, ARH 123, ARH 344, plus 6 hours in elective Art History courses.

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 227, MA 237, MA 238
B. 8-10 hours from: AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L, GY 111 & GY 111L, GY 112 & GY 112L, MAS 134 & MAS 134L, PH 101 & PH 101L, PH 104 & PH 104L, PH 114 & PH 114L, PH 115 & PH 115L, PH 201 & PH 201L, PH 202 & PH 202L. Note: BLY 121 and BLY 122 are restricted to Arts and Sciences science majors, Allied Health science majors, Engineering majors, and Computer Science majors. Students cannot receive credit for both BLY 101 and BLY 121 or for both BLY 122 and BLY 102.

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 6 hours from: HY 101, HY 102, HY 135, HY 136
B. 6 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (54 Hours)

Art Core (7 Courses, 21 Hours)
A. 6 hours: ARS 121, ARS 122
B. 6 hours from: ARS 123, ARS 124
C. 6 hours from: ARS 222, ARS 225, ARS 322, ARS 325, ARS 326, ARS 422, ARS 425
D. 3 hours from: ARS 322, ARS 325, ARS 422, ARS 425

Graphic Design Concentration (11 Courses, 33 Hours)
A. 3 hours: ARS 488
B. 9 hours in ARS 271, ARS 273, and ARS 272
C. 12 hours in: ARS 273, ARS 374, ARS 472 and ARS 473
D. 6 hours from: ARS 375, ARS 376, ARS 390, ARS 490 or ARS 496
E. 3 hours: ARS 479 (W)
Secondary Concentration Requirements (15 Hours)

A secondary concentration is required for this program. The secondary concentration is fifteen hours in a studio area different from the student's primary concentration for the BFA in Studio Art. Secondary concentrations are available in Ceramics, Glass, Painting, Photography, Printmaking, Sculpture and Interdisciplinary. Interdisciplinary Secondary concentration consists of 9 credits in one area and 6 credits in any combination of the other.

Notes:

Graphic Design Sophomore Review:

Once a year, students who wish to pursue a degree in graphic design at the University of South Alabama apply for admission to the BFA program in graphic design after completing ARS 271 (Introduction to Graphic Design), ARS 273 (Graphic Design Foundations), and have completed or be taking ARS 272 (Typography). For more information on the Review please contact art@southalabama.edu or dgibbs@southalabama.edu for specific dates and requirements.

Additional Information

Requirements For A Double Primary Concentration

In lieu of a secondary concentration, students may complete a second primary concentration. This will require course work in excess of the 121 hours minimum required for the B.F.A. and may delay time to graduation. To complete a Double Primary Concentration, students must complete Primary Concentration requirements in two separate areas including Senior Thesis or Senior Portfolio where applicable.

Requirements For An Optional Minor

In addition to the completion of the Studio Art B.F.A. primary and secondary concentration requirements, students have the option to complete a minor in a discipline outside the department. The addition of a minor will require course work in excess of the 120 hours minimum required for the B.F.A. and may delay time to graduation.

Studio Art (BFA) - Painting Concentration

Degree Requirements

General Education Requirements (52-55 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (7 Courses, 21 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 15 hours in Art History: ARH 103, ARH 123, ARS 344, plus 6 hours in elective Art History courses.

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 227, MA 237, MA 238
B. 8-10 hours from: AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L, GY 111 & GY 111L, GY 112 & GY 112L, MAS 134 & MAS 134L, PH 101 & PH 101L, PH 104 & PH 104L, PH 114 & PH 114L, PH 115 & PH 115L, PH 201 & PH 201L, PH 202 & PH 202L. Note: BLY 121 and BLY 122 are restricted to Arts and Sciences science majors, Allied Health science majors, Engineering majors, and Computer Science majors. Students cannot receive credit for both BLY 101 and BLY 121 or for both BLY 122 and BLY 102.

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 6 hours from: HY 101, HY 102, HY 135, HY 136
B. 6 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112. No more than 6 hours in any one discipline may be counted.

Area V

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (54 Hours)

Studio Art (BFA)-Painting Concentration (7 Courses, 21 Hours)
Art Core
A. 6 hours: ARS 121, ARS 122
B. 6 hours: ARS 123, ARS 124
C. 6 hours from: ARS 222, ARS 225, ARS 322, ARS 323, ARS 325, ARS 326, ARS 422, ARS 425
D. 3 hours from: ARS 322, ARS 325, ARS 326, ARS 422, ARS 425

Painting Concentration (10 Courses, 33 Hours)
A. 3 hours: ARS 231
B. 3 hours: ARS 232
C. 3-12 hours: ARS 331
D. 3-6 hours: ARS 431
E. 9 hours: ARS 438, ARS 439
F. Electives: ARS 326, ARS 390, ARS 430, ARS 434, ARS 490, ARS 494
G. 3 house: ARS 396 (W)

Secondary Concentration Requirements (15 Hours)

A secondary concentration is required for this program. The secondary concentration is fifteen hours in a studio area different from the student's primary concentration for the BFA in Studio Art. Secondary concentrations are available in Ceramics, Glass, Painting, Photography, Printmaking, Sculpture and Interdisciplinary. Interdisciplinary Secondary concentration consists of 9 credits in one area and 6 credits in any combination of the other.

Additional Information

Requirements For A Double Primary Concentration

In lieu of a secondary concentration, students may complete a second primary concentration. This will require course work in excess of the 121 hours minimum required for the B.F.A. and may delay time to graduation. To complete a Double Primary Concentration, students must complete Primary Concentration requirements in two separate areas including Senior Thesis or Senior Portfolio where applicable.

Requirements For An Optional Minor

In addition to the completion of the Studio Art B.F.A. primary and secondary concentration requirements, students have the option to complete a minor in a discipline outside the department. The addition of a minor will require course work in excess of the 120 hours minimum required for the B.F.A. and may delay time to graduation.

### Notes

**See Degree Requirements**
Studio Art (BFA) - Printmaking Concentration

Degree Requirements

General Education Requirements (52-55 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (7 Courses, 21 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 15 hours in Art History: ARH 103, ARH 123, ARH 344, plus 6 hours in elective Art History courses.

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (0-23 Hours)
______________________________________________
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (54 Hours)

Studio Art (BFA) - Printmaking Concentration-Art Core (7 Courses, 21 Hours)
A. 6 hours: ARS 121, ARS 122
B. 6 hours: ARS 123, ARS 124
C. 6 hours from: ARS 222, ARS 225, ARS 322, ARS 325, ARS 326, ARS 422, ARS 425
D. 3 hours from: ARS 322, ARS 325, ARS 326, ARS 422, ARS 425

Printmaking Concentration (11 Courses, 33 Hours)
A. 3 hours: ARS 255
B. 9-12 hours: ARS 352, ARS 353, ARS 354, ARS 355
C. 6-9 hours: ARS 326, ARS 450, ARS 451, ARS 454, ARS 494
D. 3 hours: ARS 458
E. 6 hours: ARS 459
F. 3 hours: ARS 396 (W)
Secondary Concentration Requirements (15 Hours)

A secondary concentration is required for this program. The secondary concentration is fifteen hours in a studio area different from the student's primary concentration for the BFA in Studio Art. Secondary concentrations are available in Ceramics, Glass, Painting, Photography, Printmaking, Sculpture and Interdisciplinary. Interdisciplinary Secondary concentration consists of 9 credits in one area and 6 credits in any combination of the other.

Studio Art (BFA) - Sculpture Concentration

Degree Requirements

General Education Requirements (52-55 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
   A. 3 hours: EH 101
   B. 3 hours: EH 102

Area II - Humanities & Fine Arts (7 Courses, 21 Hours)
   A. 3 hours: CA 110
   B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
   C. 15 hours in Art History: ARH 103, ARH 123, ARH 344, plus 6 hours in elective Art History courses.

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
   A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238
   B. 8-10 hours from: AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L, GY 111 & GY 111L, GY 112 & GY 112L, MAS 134 & MAS 134L, PH 101 & PH 101L, PH 104 & PH 104L, PH 114 & PH 114L, PH 115 & PH 115L, PH 201 & PH 201L, PH 202 & PH 202L. Note: BLY 121 and BLY 122 are restricted to Arts and Sciences science majors, Allied Health science majors, Engineering majors, and Computer Science majors. Students cannot receive credit for both BLY 101 and BLY 121 or for both BLY 122 and BLY 102.

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
   A. 6 hours from: HY 101, HY 102, HY 135, HY 136
   B. 6 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112. No more than 6 hours in any one discipline may be counted.

Area V

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (54 Hours)

Studio Art (BFA) - Art Core (7 Courses, 21 Hours)
   A. 6 hours: ARS 121, ARS 122
   B. 6 hours: ARS 123, ARS 124
   C. 6 hours from: ARS 222, ARS 225, ARS 322, ARS 325, ARS 326, ARS 422, ARS 425
   D. 3 hours from: ARS 322, ARS 325, ARS 326, ARS 422, ARS 425, ARS 426, ARS 425, ARS 325, ARS 326, ARS 422, ARS 425

Sculpture Concentration (10 Courses, 33 Hours)
   A. 6 hours: ARS 261, ARS 262
   B. 15 hours: ARS 361, ARS 362, ARS 461, ARS 464
   C. 9 hours: ARS 468, ARS 469
   D. 3 hours: ARS 396 (W)
Secondary Concentration Requirements (15 Hours)

A secondary concentration is required for this program. The secondary concentration is fifteen hours in a studio area different from the student’s primary concentration for the BFA in Studio Art. Secondary concentrations are available in Ceramics, Glass, Painting, Photography, Printmaking, Sculpture and Interdisciplinary. Interdisciplinary Secondary concentration consists of 9 credits in one area and 6 credits in any combination of the other.

Notes:

Additional Information

Requirements For A Double Primary Concentration

In lieu of a secondary concentration, students may complete a second primary concentration. This will require course work in excess of the 121 hours minimum required for the B.F.A. and may delay time to graduation. To complete a Double Primary Concentration, students must complete Primary Concentration requirements in two separate areas including Senior Thesis or Senior Portfolio where applicable.

Requirements For An Optional Minor

In addition to the completion of the Studio Art B.F.A. primary and secondary concentration requirements, students have the option to complete a minor in a discipline outside the department. The addition of a minor will require course work in excess of the 120 hours minimum required for the B.F.A. and may delay time to graduation.

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238
B. 8-10 hours from: AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L, GY 111 & GY 111L, GY 112 & GY 112L, MAS 134 & MAS 134L, PH 101 & PH 101L, PH 104 & PH 104L, PH 114 & PH 114L, PH 115 & PH 115L, PH 201 & PH 201L, PH 202 & PH 202L. Note: BLY 121 and BLY 122 are restricted to Arts and Sciences science majors, Allied Health science majors, Engineering majors, and Computer Science majors. Students cannot receive credit for both BLY 101 and BLY 121 or for both BLY 122 and BLY 102.

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (4 Courses, 11-12 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182
   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern Languages and Literature at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:
   AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L.
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (39 Hours)

Visual Art (BA) Core (5 Courses, 15 Hours)
A. 15 hours: ARH 103, ARH 123, ARH 344, ARS 123, ARS 124

Art History Concentration (8 Courses, 24 Hours)
A. 3 hours from Ancient Art: ARH 304, ARH 306
B. 3 hours from Medieval Art: ARH 312, ARH 415
C. 3 hours from Renaissance Art and Baroque Art: ARH 322, ARH 324, ARH 326, ARH 330, ARH 332, ARH 335, ARH 434
D. 3 hours from Modern Art: ARH 340, ARH 345, ARH 346
E. 3 hours from Seminar: ARH 480, ARH 492
F. 3 hours: ARH 493
G. 6 hours: ARH Electives

Minor Requirements (18-24 Hours)
A minor is required for this degree program

Notes:
Seminar and Special Topics courses may be used to satisfy Art History Concentration area requirements.

Language Requirements In Art History:
While the department does not require language training beyond the General Education requirement (6 hours), we strongly encourage art history majors, particularly those planning graduate study, to pursue foreign languages beyond what is required by the College. French and German are the preferred languages because they are required by most M.A. and Ph.D. programs in art history.

The B.A. program requires completion of the general education requirements in the College of Arts and Sciences, requirements for a minor, and enough elective courses for credit hours to total 120. At least 30 hours of courses numbered 300 or higher must be taken at this University, including a minimum of 15 hours of upper-division art courses. Two courses must be designated writing credit (W) courses, at least one of which is in the art program. A minimum of 39 hours in art history and studio courses is required. All students must complete the core requirements and those listed under one of two concentrations, art history or art studio.

**Notes**
- *Recommended Course*
- Number of courses and number of upper division courses depends on Minor Department.
- **See Graduate Degree Requirements in Art History require a reading knowledge of one or more foreign languages (y=typically one for MA and two for a Ph.D.) French or German are preferred. It is recommended that students planning to pursue a graduate degree take four courses in one language to achieve reading proficiency.**
Visual Art (BA) - Studio Art Concentration

Degree Requirements

General Education Requirements (55-59 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238
B. 8-10 hours from: AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L, GY 111 & GY 111L, GY 112 & GY 112L, MAS 134 & MAS 134L, PH 101 & PH 101L, PH 104 & PH 104L, PH 114 & PH 114L, PH 115 & PH 115L, PH 201 & PH 201L, PH 202 & PH 202L. Note: BLY 121 and BLY 122 are restricted to Arts and Sciences science majors, Allied Health science majors, Engineering majors, and Computer Science majors. Students cannot receive credit for both BLY 101 and BLY 121 or for both BLY 122 and BLY 102.

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (4 Courses, 11-12 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern Languages and Literature at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:
   AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L.
UNIVERSITY OF SOUTH ALABAMA

VISUAL ART (BA) - STUDIO ART CONCENTRATION

C. 2 hours from: CAS 100

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (39 Hours)

Visual Art (BA) Core (5 Courses, 15 Hours)
A. 15 hours: ARH 103, ARH 123, ARH 344, ARS 123, ARS 124

Studio Art Concentration (8 Courses, 24 Hours)
A. 3 hours: ARS 396
B. 9 hours from: ARS 301, ARS 302, ARS 304, ARS 311, ARS 312, ARS 322, ARS 325, ARS 326, ARS 331, ARS 341, ARS 351, ARS 352, ARS 353, ARS 354, ARS 355, ARS 361, ARS 362, ARS 373, ARS 374, ARS 375, ARS 376, ARS 381, ARS 382, ARS 387, ARS 400, ARS 404, ARS 410, ARS 411, ARS 412, ARS 425, ARS 430, ARS 431, ARS 434, ARS 440, ARS 441, ARS 450, ARS 451, ARS 454, ARS 460, ARS 461, ARS 464, ARS 470, ARS 472, ARS 473, ARS 474, ARS 479, ARS 480, ARS 481, ARS 483, ARS 484, ARS 485, ARS 487, ARS 490, ARS 494, ARS 496
C. 12 hours: ARS Electives

Minor Requirements (18-24 Hours)
A minor is required for this degree program

Notes:
The B.A. program requires completion of the general education requirements in the College of Arts and Sciences, requirements for a minor, and enough elective courses for credit hours to total 120. At least 30 hours of courses numbered 300 or higher must be taken at this University, including a minimum of 15 hours of upper-division art courses. Two courses must be designated writing credit (W) courses, at least one of which is in the art program. A minimum of 39 hours in art history and studio courses is required. All students must complete the core requirements and those listed under one of two concentrations, art history or art studio.

Visual Art (MFA) - Creative Technologies And Practice

Degree Requirements

Master Of Fine Arts In Creative Technologies And Practice (M.F.A.) Program

The Master of Fine Arts program in Creative Technologies and Practice at the University of South Alabama is a cross-disciplinary program appealing to creatives who are interested in a variety of media technologies. The program emphasizes interdisciplinary practice that spans multiple concentrations within the visual arts with technology serving to inform or facilitate the creative process.

The MFA in Creative Technologies and Practice will equip individuals to enter the workforce in a variety of creative technology areas, particularly to manage creative teams, to pursue careers as visual artists, to advance knowledge in the field through research or creative output, and to teach at the university level.

The requirements and procedures that follow are specifically for the Department of Visual Arts. However, the general rules and policies of the Graduate School also apply.

Minimum Requirements For Regular Admission

Students are normally admitted in the Fall Semester. Although applications for admission and assistantships are accepted throughout the year. Applicants who want to be considered for the assistantships need to have their application in by February 15. Applications will begin being reviewed starting February 15 through July 1. The graduate admissions committee will make initial recommendations about applicants for the following Fall class, with formal letters sent to applicants by the end of April. Depending on availability of space and funding, applications may be approved and students admitted throughout the year. In addition to the general admissions requirements of the Graduate School, requirements for admission to the M.F.A. Creative Technologies program are:

1. Applicants to graduate programs in Arts and Sciences typically have a minimum GPA of at least a 3.0 on all undergraduate work. In exceptional cases, applicants may be considered with at least a 2.5 GPA on all undergraduate work, or at least a 2.75 GPA on the last 60 hours of undergraduate work.
2. Official Transcript(s) from other institutions and sessions/programs/workshops the student has attended.
3. Artist’s statement of no more than 500 words.
4. Letter of intent of no more than 500 words.
5. Resumé or Curriculum Vitae
6. Three letters of recommendation.
7. A portfolio of 20 pieces that shows proficiency of media in which the student wishes to dedicate further study. If the student is focusing on video, film, or animation we require portfolio equivalents of five pieces that are three to five minutes in length.

To apply please go to this link and upload all materials through the online system. If you have any questions please email me at gradart@southalabama.edu.

For applicants for whom English is a second language, the students must have a working proficiency of the English language and submit:

- Minimum TOEFL IBT score of at least 71 OR
- Minimum IELTS score of at least 6 (Paper-based score of 525, computer-based score of 197) OR
- Minimum iTEP score of 3.7 OR
- Minimum PTE Academic score of 48

Note: ESL applicants must apply through the International Admissions Office at USA. Some programs may require higher scores to prove English proficiency. Applicants who hold a bachelor's degree from an accredited U.S. institution are not required to submit TOEFL results.
Applicants to graduate programs in Arts and Sciences typically have a minimum GPA of at least a 3.0 on all undergraduate work. In exceptional cases, applicants may be considered with at least a 2.5 GPA on all undergraduate work, or at least a 2.75 GPA on the last 60 hours of undergraduate work.

**Graduate Assistantships**
The Department of Visual Arts offers assistantships to M.F.A. students annually on a competitive basis. Assistantships include a stipend, a tuition fellowship, and waiver of out-of-state fees. The deadline for Graduate Assistantships is February 15. Applications for admissions are taken continuously. See Graduate Coordinator for information and application. (See also Bulletin section on Graduate School, "Assistantships and Fellowships.") Students awarded assistantships must complete all semesters of study in residence at the University of South Alabama. More information about assistantships is available from the Office of the Dean of the Graduate School, Mobile Townhouse 222, University of South Alabama, Mobile, AL 36688-0002.

**Degree Requirements**
The Master of Fine Arts in Creative Technologies and Practice degree is awarded in recognition of the student’s demonstrated ability to create original, creative research at the highest levels without extensive supervision. The degree is not granted solely upon completion of a stated amount of course work, but rather after the student demonstrates and defends a body of work or presentation of a major project in a public exhibition.

**General Required Credit**
A minimum of 60 semester hours of approved graduate credit is required. Details about the curriculum are given below.

**Transfer Credit**
Graduate courses taken at another accredited university, such as for students with MA degrees in the same (or a closely related) subject as that of the M.F.A. program, may be considered in the M.F.A. plan of study up to a maximum of 12 semester hours. Only grades of "A" or "B" may be accepted as transfer credit. The graduate coordinator, in consultation with the Chair, and if necessary, the advisory committee, will evaluate transfer credit; the transfer credit is approved by the Dean of the Graduate School only after completion of a minimum of nine semester hours of graduate course work in the masters program at USA.

**Residency Requirements**
A minimum of four semesters of study in residence is required. The residency requirement must be met at USA.

The final two semesters of study may be completed as low residency. The low residency requirement obligates each student to visit the USA main campus two to three times during each semester of low residency.

If a student plans on completing his/her final two semesters in residency elsewhere the student must meet the following by February 1 of his/her second year:

No one with an assistantship will be able to apply for the final year to be held in low residency.

1. The student must have internet access and a computer or phone on which to video chat weekly with primary thesis advisor, having virtual studio tours.
2. The student must provide proof of access to a facility where they can create and obtain suitable studio space in which to work.
3. The student must have the ability to transport the work to the University of South Alabama main campus.
4. The student’s thesis show must be on the University of South Alabama main campus.
5. The student must have the ability to travel during the weeks specified for both semesters.
6. The student must be on campus for a thesis review during the first full week of classes during the Fall Semester and once again during the last week of October or the first full week of November. In the Spring Semester the student must be on campus three times: once during the first full week of class, the second time will be the week before spring break, and the third time will be at the end of the semester to hang and present his/her thesis show.
7. The student must be available per the faculty’s schedule.

**Time Limit**
Failure to complete the work within the periods specified shall necessitate reevaluation of the student’s program and may result in a recommendation for dismissal by the Director of Graduate Studies to the Graduate Dean.

All requirements for the M.F.A. degree must be completed within seven years from the date of matriculation. A student who has not satisfactorily completed a thesis in a seven-year period must apply for a defined extension to complete the degree based on a personal hardship. This request must be recommended by the major professor, the Chair of the Department, the Director
of Graduate Studies, and approved by the Dean of the Graduate School. If the extension is not approved, the student will be dismissed.

If the student does not complete the degree requirements in any defined extension period, the Director of the Graduate Program may recommend and the Dean of the Graduate School may take whatever action is necessary up to and including dismissal.

**Course Requirements**

All students must have fifteen credits of art history including Contemporary Art History at time of graduation, but students may exempt the requirement using undergraduate courses. However, any credit hours exempted must be replaced using appropriate graduate coursework.

Each student must have at least 18 semester hours in art history, theory, criticism, and creativity seminars (ARS 591), 36 hours in directed research, (ARS 500-590, ARH 590, or approved Graduate Coursework outside of the Department), and at least 6 hours in thesis development (ARS 592).

Interdisciplinary Graduate Program in Basic Medical Sciences
https://www.southalabama.edu/colleges/com/doctoral-program/

Requirements For Admission

The requirements for admission to the Interdisciplinary Graduate Program for the Doctor of Philosophy degree in Basic Medical Sciences are:

1. The applicant shall possess, by the time of matriculation, a baccalaureate degree or the equivalent from an accredited college or university.
2. Two semesters or three quarters of undergraduate work are recommended in each of the following: physics, general chemistry, organic chemistry, biology, English composition, and mathematics (including calculus and statistics).
3. A grade-point average of at least 3.0 for all undergraduate and graduate work, on a 4.0 scale.
4. Satisfactory standing at the last educational institution attended.
5. Satisfactory scores on all standardized achievement examinations. The Graduate Record Examination (GRE) is required. In addition, international applicants must present evidence of competence and fluency in spoken and written English with a TOEFL score of at least 95-100, an IELTS score of at least 7, an iTEP score of at least 4.5, or a PTE score of at least 68.

Matriculation is contingent upon review and recommendation by the Admissions Committee of the Graduate Program in Basic Medical Sciences.
Procedures For Admission

Applications for the Basic Medical Sciences Interdisciplinary Graduate Program are accepted for matriculation in the Fall Semesters. The Basic Medical Sciences Graduate Program does not accept students on a "non-degree" or "provisional" basis. Applications and materials should be accessed and submitted through the university’s website: https://www.southalabama.edu/departments/admissions/graduate.html.

Information for the graduate program can be obtained on-line https://www.southalabama.edu/colleges/com/doctoral-program/how-to-apply.html or by contacting the Associate Director of the Office of Research Education and Training, 5795 USA Drive North, CSAB 212, College of Medicine, University of South Alabama, Mobile, Alabama 36688-0002; Telephone: (251) 460-6153; E-mail: oret@southalabama.edu.

To be considered for review by the Admissions Committee, an applicant must submit the following:

1. A completed application form through UNICAS.
2. An official transcript from each college or university attended.
3. An official report of all scores on standardized achievement examinations (GRE, TOEFL/IELTS/ITEP/PTE).
4. Supplemental materials required for the program in Basic Medical Sciences must be submitted through UNICAS. Supplemental materials include:
   a. Three letters of recommendation from instructors, advisors, or other persons qualified to evaluate the student's academic performance and potential in graduate school.
   b. A personal statement

All documents submitted for admissions review become the property of the University of South Alabama.

Degree Requirements

Required Course Work

Students will matriculate into the first year interdisciplinary core curriculum for the Ph.D. Program in Basic Medical Sciences without needing to choose an advanced program prior to entry. In year one, students complete IDL 576, IDL 577, IDL 580, IDL 581, GIS 501, and three research rotations. The purpose of rotations is to acquaint the students with various research problems under investigation and aid in the selection of a major professor in their area of specialization.

By the end of the first year, each student selects a major professor and research track. Advanced curricula are determined by the student’s chosen track, in conjunction with advising from their major professor and dissertation committee. Advanced curricula must include a minimum of 8 credit hours from 500 level and above courses with the following course prefixes: IDL, BCH, CBN, MIC, PHA, and PHS.

Degree Requirements

In addition to the requirements set by the Graduate School, the following requirements must be completed for the Ph.D. degree in the Basic Medical Sciences: completion of the core and advanced curricula, a minimum overall 3.0 grade-point average on all work attempted for credit, qualifying examination, a completed dissertation approved by the student's major professor and a majority of the Dissertation Committee, and closed and open defenses of the research presented in the dissertation.

All requirements for the Ph.D. degree should normally be completed within four to five years from the date of matriculation, and must be completed within seven years. A student who has not satisfactorily completed a dissertation in a seven-year period must apply for a defined extension to complete the degree.

Detailed information on program requirements and expectations can be found in the Basic Medical Sciences Student Handbook (https://www.southalabama.edu/colleges/com/doctoral-program/resources/bms-handbook.pdf). Additional information can also be obtained by contacting the Associate Director of the Office of Research Education and Training, the Office of Research Education and Training Co-directors, or the individual Track Coordinators. (Contact information can be found on Department Information).
Biology

Department Information

Department of Biology website
https://www.southalabama.edu/biology

Undergraduate Studies

The program of the Department of Biology is designed to contribute to a scientific background as part of a liberal education. The department offers a diversified, broadly based program, which can be designed to satisfy many areas of study. Our multitrack major can provide the traditional student with a well-rounded background in biology, or students may select courses to prepare them for a particular area of study. The multitrack curriculum can prepare students for graduate study, pre-health professional fields (such as medicine or dentistry), marine biology, or environmental science. The department has persons trained to advise in each of these areas. A list of advisors for a specific track or area of study can be obtained from the departmental office.

All first-time freshmen must successfully complete CAS 100: First Year Experience as a degree requirement. Students must enroll during their first term at USA, except for summer-entry students, who must enroll in the fall semester following entry.

Biology majors are required to take CIS 150, BLY 304 or ST 210 to fulfill the technology proficiency requirement, which was formerly known as the computer proficiency requirement.

Effective for fall, 2016, Major Milestones are used in all concentrations of the Biology Bachelor of Science major to help students stay on track for timely graduation. Each regular semester in the Biology major is a tracking term. To remain on track, students must complete the milestone requirements for each tracking term. These requirements are viewable on the Major Milestone tab above.

Major milestone requirements apply only to full-time, degree-seeking students who first entered Fall 2016 or later. Milestone requirements do not apply to transfer students in the Biology program.

The sample academic plan viewable on the Major Milestone tab above is designed to ensure graduation in the Biology major in four years. Several academic plans are available — consult with your academic advisor for the plan that is the best fit for you. For specific course requirements, refer to the program requirements above and the General Education requirements of the College of Arts and Sciences.

Biology (MS)

Degree Requirements

Graduate Studies

The Master of Science degree in Biology is designed to provide qualified students the opportunity to further their knowledge in areas of biology, as indicated by course offerings and research interests of the faculty.

Requirements For Admission

Students are admitted each semester.

The following criteria supplement the Graduate School criteria (see Categories of Admission):

Regular Admission

1. Undergraduate major in Biology, Botany, Zoology, or Environmental Biology with a minimum GPA of 2.5 (on a 4-point scale) in all biological courses taken.
2. One year of freshman chemistry and at least one semester of organic chemistry.
3. One year of physics or geology.
4. Mathematics at least through calculus or statistics.
5. International students who do not speak English as their native language must submit proof of proficiency. A minimum TOEFL test scores of 560 on the paper-based test (PBT), 220 on the computer-based test (CBT) or 85 on the internet-based test (IBT), or a minimum score of 6.5 on the IELTS test.
7. A 750-word letter from the student indicating their research interests.
8. A willing mentor from Biology (in this regard the student should contact the Graduate Coordinator before applying to the program).

Non-Degree Admission

The Department of Biology accepts Non-Degree Graduate Students within the general admission and credit regulations of the University of South Alabama with certain reservations and limitations. Students should consult the Department concerning these limitations before applying for such status. Included, but not limited to, are the following:

1. Students are restricted to enrollment in courses prefixed BLY that the Chair determines will advance their career development in biological sciences. Only in exceptional cases wherein it is determined to the satisfaction of the Chair that the aforementioned career goals are enhanced will a non-degree student be permitted to enroll in courses in other departments.
2. Students must confer with the Chair or the Graduate Coordinator of the Department of Biology before attempting to enroll in any class.
3. Students seeking to change from non-degree status to a degree-granting program must reapply and be evaluated as any other student who has not previously applied to such program.

Graduate Assistantships

The Department offers several types of assistantships to qualified students. Application forms for assistantships with primary responsibilities in teaching and preparing laboratories are available from the departmental office. In addition, some assistantships with primary responsibility in research are usually available each year. These assistantships are associated with grants and contracts that support the research of individual faculty members. In all cases, assistantships are approved by the Dean of the Graduate School upon recommendation of the appropriate sponsor within the University.

Requirements For Degree For All Students

The curriculum for each student will be developed by the student's advisory committee in view of the student's professional goals. If, in the opinion of a student's committee, the student lacks adequate undergraduate preparation or English skills, the student will be required to make up such deficiencies.
All requirements must be met in five years. In addition to satisfying the general requirements of the Graduate School, the candidates for the Master of Science degree in Biology must satisfy the following requirements:

**Thesis Program**

1. Complete, with a minimum grade of "B", thirty hours of course work at the 500 level. All Biology graduate student must complete at least 18 hours of formal coursework in BLY (excluding directed studies and thesis) listed courses. No course at the 400 level or below may be taken for graduate credit. A maximum of six credit hours may be granted for Directed Studies (BLY 594). All courses must be accepted by the student's graduate advisory committee. The student's graduate committee may, at its own discretion, require consultation with the student, require demonstration of additional proficiency in mathematics, computer skills, statistics, and/or require the student to take additional course work.

2. Included in the 18 hours of formal coursework, students will complete the following core sequence:
   - BLY 510 – Professionalism in Science (3h)
   - BLY 520 – Biometry (4h)
   - BLY 544 – Molecular Biology (3h)
   - BLY 545 – Bioinformatics of Genetics (1h)
   - BLY 585 – Evolutionary Biology (3h)
   - BLY 592 – Seminar (1h)
   (The remaining 3 hours needed to meet the 18-hour requirement can be chosen from other 500-level BLY course offerings)

3. Complete a thesis representing original research. A maximum of 9 hours credit will be granted for the thesis. Enrollment in BLY 599 (Thesis) is not permitted until the student's research prospectus has been approved by the advisory committee and the Director of Graduate Studies, College of Arts and Sciences.

4. After submission of the written research prospectus to the committee, students will schedule a committee meeting and comprehensive qualifying exam. The exam will be oral and will start with a presentation of the prospectus and, where applicable, a progress report. Students will first be examined on the prospectus and progress report, and then any area of study closely or broadly related to the student's area of specialization. The exam committee will consist of the student's thesis committee.

5. The student will be graded by all committee members, following a rubric that considers various aspects of the presentation and has three possible scores for each category: 1 (insufficient), 2 (meets expectations), and 3 (above expectations). To pass the exam, a student will have to score an average of 2 or higher. Students are encouraged to look at the rubric before the presentation to be aware of the committee's expectations.

   Students who fail the exam will be given a second opportunity.

**Non-Thesis Program**

Students planning to pursue the Ph.D. degree are encouraged to follow the thesis option. However, a non-thesis curriculum is available for those students who so elect.

1. The student will be required to complete, with a minimum grade of "B", thirty hours of course work at the 500 level. No course at the 400 level or below may be taken for graduate credit. A maximum of six credit hours may be granted for Directed Studies (BLY 594).

2. A thesis will not be required. Consequently, BLY 599 (Thesis) may not be taken, and the six semester hours normally associated with it must be earned through formal coursework.

3. The student will complete at least 18 hours of graduate coursework with the "BLY" designation, excluding BLY 594. Additional career-relevant graduate course selection may be from other departments. The 18 hours of BLY coursework will include the following core sequence:
   - BLY 510 – Professionalism in Science (3h)
   - BLY 520 – Biometry (4h)
   - BLY 544 – Molecular Biology (3h)
   - BLY 545 – Bioinformatics of Genetics (1h)
   - BLY 585 – Evolutionary Biology (3h)
   - BLY 592 – Seminar (1h)
4. At the completion of coursework, non-thesis students will take a comprehensive evaluation in oral and/or written format. A departmental committee will evaluate the student's performance using a rubric. If unsuccessful, the evaluation may be repeated once after corrective action is recommended and implemented.

5. Transition between “thesis” and “non-thesis” options requires the majority consent of the student’s advisory committee.
Biology (BS)

Degree Requirements

General Education Requirements (48 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (5 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 and LG 102, LG 106 and LG 107, LG 110 and GLS 111, LG 111 and LG 112 or proficiency test or LG 113, LG 121 and LG 122, LG 131 and LG 132 or proficiency test or LG 134, LGS 131 and LGS 132, LG 141 and LG 142, LGS 141 and LGS 142, LG 151 and LG 152 or proficiency test or LG 153, LGS 161 and LGS 162, LG 171 and LG 172 or LG 173, LGS 171 and LGS 172, LGS 181 and LGS 182
   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:

southalabama.edu/bulletin 2021-22 GRADUATE/UNDERGRADUATE BULLETIN
102L, GY 111 & GY 111L, GY 112 & GY112L, MAS 134 & MAS 134L, PH 101 & PH 101L, PH 104 & PH 104L, PH 114 &

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH
235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses

Major Requirements (37 Hours)

Biology Core (5 Courses, 17 Hours)

1. 8 hours: BLY 121/BLY 121L, BLY 122/BLY 122L
2. 9 hours from: BLY 301, BLY 302, BLY 303
(Note: a C or better is required for these five courses

C. 20 hours: Students then must complete 20 hours of upper level Biology courses (12 of which are taken from a selection
of upper level Biology courses listed below)

Other STEM requirements (26-29 Hours)

CH 131/CH 131L, CH 132/CH 132L, CH 201/CH 201L

PH 114/PH 114L and PH 115/PH 115L or GY 111/GY 111L and GY 112/GY 112L

MA 115 and ST 210 or MA 125 or BLY 304

Minor Requirements (18-24 Hours)

A minor is required for this degree program.

Major Milestones

Effective for fall, 2016, Major Milestones are used in all concentrations of the Biology Bachelor of Science major to help students
stay on track for timely graduation. Each regular semester in the Biology major is a tracking term. In order to remain on track,
students must complete the milestone requirements for each tracking term. These requirements are viewable on the Major
Milestone table below.

Major milestone requirements apply only to full-time, degree-seeking students who first entered Fall 2016 or later. Milestone
requirements do not apply to transfer students in the Biology program.

The sample academic plan viewable on the Major Milestone tab below is designed to ensure graduation in the Biology major
in four years. Several academic plans are available -- consult with your academic advisor for the plan that is the best fit for
you. For specific course requirements, refer to the program requirements above and the General Education requirements of the
College of Arts and Sciences.

13

Total degree hours = 121

All bolded courses meet general education requirements.

- Students with ACT Math scores 22-23 should take CH 100 and MA 112 in the first semester, and they will graduate with 128 hours; MA 125 also satisfies the math requirement. Students with ACT Math scores 21 and below should begin math courses in the summer before Fall - Year 1.

- Students who earn an English ACT score of 27 or above, SAT score of 610 or above on the verbal portion, or a new SAT Reading Test can opt out of EH 101.

- ** Must have one history elective and one literature elective. In addition, students must choose a second history or literature to complete a two-part sequence.

- *** There may be additional prerequisites for upper level major electives. Refer to the bulletin for more information.

- All Arts and Sciences majors require a minor between 18 and 24 hours. Courses used in a minor can also be used for general education requirements or major requirements (up to two courses).

- Two designated writing (W) courses are required with at least one course chosen from offerings in the student’s major or minor. Courses carrying this required credit are identified in the University Bulletin by a (W) after the course title.

- The Sample 4-year plan is designed as a guide for students preparing for their course selections. This information provides only a suggested schedule. Actual course selections should be made in consultation with an advisor.
Biology (BS) - Environmental Science Concentration

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V – (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 and LG 102; LGS 106 and LGS 107; LGS 110 and GLS 111; LG 111 and LG 112 or proficiency test or LG 113; LG 121 and LG 122; LG 131 and LG 132 or proficiency test or LG 134; LGS 131 and LGS 132; LG 141 and LG 142; LGS 141 and LGS 142; LG 151 and LG 152 or proficiency test or LG 153; LGS 161 and LGS 162; LG 171 and LG 172 or LG 173; LGS 171 and LGS 172; LG 181 and LG 182

   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.

B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (37 Hours)**

**Biology Core (5 Courses, 17 Hours)**

A. 8 hours: BLY 121/BLY 121L, BLY 122/BLY 122L
B. 9 hours from: BLY 301, BLY 302, BLY 303

(Note: a C or better is required for these five courses)

C. 20 hours: Students then must complete 20 hours of upper level Biology courses (12 of which are taken from a selection of upper level Biology courses listed below)

BLY 314, BLY 360, BLY 332, BLY 354, BLY 425, BLY 426, BLY 433, BLY 435, BLY 455, BLY 459, BLY 470, BLY 481, or BLY 484. Other preapproved elective courses, such as BLY 490 - Special Topics, may also be accepted on a course-by-course basis

Other STEM requirements (26-29 Hours)

CH 131/CH 131L, CH 132/CH 132L, CH 201/CH 201L

PH 114/PH 114L and PH 115/PH 115L or GY 111/GY 111L and GY 112/GY 112L

MA 115 and ST 210 or MA 125 or BLY 304

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program

**Notes:**

Effective for Fall, 2016, Major Milestones are used in all concentrations of the Biology Bachelor of Science major to help students stay on track for timely graduation. Each regular semester in the Biology major is a tracking term. In order to remain on track, students must complete the milestone requirements for each tracking term. These requirements are viewable on the Major Milestone tab above.

Major milestone requirements apply only to full-time, degree-seeking students who first entered Fall 2016 or later. Milestone requirements do not apply to transfer students in the Biology program.

B. 9 hours from: BLY 301, BLY 302, BLY 303
   (Note: a C or better is required for these five courses)
C. 20 hours: Students then must complete 20 hours of upper level Biology courses

**Other STEM requirements (26-29 Hours)**

- CH 131/CH 131L, CH 132/CH 132L, CH 201/CH 201L
- PH 114/PH 114L and PH 115/PH 115L or GY 111/GY 111L and GY 112/GY 112L
- MA 115 and ST 210 or MA 125 or BLY 304

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program

**Notes:**

Effective for fall, 2016, Major Milestones are used in all concentrations of the Biology Bachelor of Science major to help students stay on track for timely graduation. Each regular semester in the Biology major is a tracking term. In order to remain on track, students must complete the milestone requirements for each tracking term. These requirements are viewable on the Major Milestone tab above.

Major milestone requirements apply only to full-time, degree-seeking students who first entered Fall 2016 or later. Milestone requirements do not apply to transfer students in the Biology program.

**Additional Information**

The Biology Senior Thesis Program offers bright, academically motivated undergraduate students the opportunity to develop research and communication skills in preparation for a graduate or professional career. To apply for admission into the program, a student must:

1. have completed BLY 121, 121L, BLY 122, 122L, CH 131, CH 132, plus one more upper division biology course.
2. have earned a 3.25 GPA or better in biology courses attempted.
3. have earned a 3.0 GPA or better overall.
4. obtain a recommendation from a faculty member.

In addition to fulfilling the requirements of the standard biology program, senior thesis students must:

1. participate in the Undergraduate Senior Thesis in Biology program for four terms; this may include summer terms.
2. complete a minimum of six credits of directed research, three credits of which must be Honors Research in Biology (BLY 499).
3. complete a research prospectus including an introduction, proposed methods, and relevant literature citations. The prospectus must be submitted and approved by their advisory committee during the first term of participation in the program.
4. complete a written thesis, which must be approved by the advisory committee.
5. present a public oral defense of the research project.
6. complete a poster presentation at the USA Annual Research Forum or the UCUR Annual Research Forum.

Students participating in the Biology Senior Thesis Program who have a 3.5 GPA will also be eligible for Departmental Honors status.

Biology students who are part of the University Honors College will meet requirements for the Undergraduate Biology Senior Thesis as well as those of the University's program.
Minor In Biology

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

Department of Biomedical Sciences website
https://www.southalabama.edu/colleges/alliedhealth/biomedical

The Department of Biomedical Sciences educates students for successful health-related careers by providing instruction in core scientific content, encouraging critical thinking and providing active collaboration; it engages in hypothesis-driven research, embraces global diversity, and guides students to become life-long learners dedicated to enriching the scientific and healthcare community. The curriculum offers students a strong general education in the humanities, arts, and social sciences, followed by in-depth study in one of three concentrations: Pre-Professional Health Sciences, Biotechnology, and Public and Global Health. The program offers an optional Honors Research Thesis (BMD 499) to qualified students consisting of a laboratory apprenticeship in biomedical research under the mentorship of a faculty scientist. Students interested in the Honors Research Thesis option should contact Dr. Robin Mockett for information.

Concentrations

Pre-Professional Health Sciences (PPH)
The PPH concentration provides a strong foundation in basic human sciences, with corollary work in chemistry, math, and statistics. The PPH concentration prepares students to pursue post baccalaureate educational experiences in any biomedical discipline, including medicine, dentistry, pharmacy, optometry, as well as a Ph.D. degree in a variety of health and science related fields. In addition, this concentration offers prerequisite course work for students wishing to pursue programs in the Pat Capps Covey College of Allied Health Professions.

Biotechnology (BT)
The BT concentration provides a strong foundation in basic human sciences, with an emphasis on fundamental concepts of genetics, molecular biology, and recombinant DNA technology. The core requirements have a strong applied skill-based laboratory component that further reinforces theoretical concepts. The BT concentration prepares students for entry level biotechnology jobs or post-graduate (M.S. and Ph.D.) research programs.

Public And Global Health (PGH)
The PGH concentration offers students interested in healthcare careers with a foundational knowledge of those challenges that limit the provision of health care globally. This concentration provides a strong foundation in basic human sciences, corollary work in chemistry, math, and statistics, and adds a multi-disciplinary exploration into key factors important to health and disease in resource limited areas. Students in the PGH concentration will gain knowledge of public health, global diseases, international healthcare systems, and introduction to epidemiology, as well as a basic knowledge of those social and environmental factors that impact health and disease in vulnerable populations. A BMD degree with a concentration in PGH prepares students for a tremendous diversity of graduate programs and careers in scientific research, public health, global health education, and jobs in industry and government laboratories (CDC).

Biomedical Sciences (BS)

Degree Requirements

Biomedical Sciences (BS) (56 - 60 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-12 Hours)
A. 3-4 hours from: MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238
B. 8 hours: CH 131 & CH 131L, CH 132 & CH 132L

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, IS 100, IST 201, NAS 101, PSC 130, PSY 120*, PSY 250*, SY 109*, SY 112*

Area V - Supporting Required Courses (15-19 Hours)
A. 8 hours: CH 201 & CH 201L, BLY 121 & BLY 121L
B. 3 hours from: ST 210, ST 305, ST 310, ST 345
C. 4-5 hours: PH 114 & PH 114L or AN 121 & AN 121L**
D. 0-3 hours: CIS 150 or CIS 010 Computer Proficiency Exam (passed)

NOTES
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

* Recommended
** Only students in the Public and Global Health (PGH) Concentration should enroll in AN 121 / AN 121L

Major Requirements (48 Hours)

Biomedical Sciences Core (6-7 Courses, 17-19 Hours)
A. 9 hours: BMD 201, BMD 321, BMD 322, BMD 323
B. 4-6 hours: BMD 251 & BMD 251L or BMD 311 & BMD 334***
C. 4 hours: BMD 210 & BMD 210L or BMD 402
***Students enrolled in the Pre-Professional Health (PPH) concentration are required to complete BMD 334

Electives - (16-17 Unduplicated Hours)
A. 16-17 hours from: BMD 210, BMD 210L, BMD 212, BMD 212L, BMD 251, BMD 252, BMD 290, BMD 311, BMD 331, BMD 334, BMD 335, BMD 336, BMD 350, BMD 351, BMD 390, BMD 401, BMD 402, BMD 403, BMD 410, BMD 420, BMD 430, BMD 441, BMD 450, BMD 451, BMD 490, BMD 493, BMD 494, BMD 499, BLY 301, BLY 411, BLY 459, EMS 210, SY 559

Concentration Options - (14-15 Hours)
A. 15 hours in Pre-Professional Health (PPH): BMD 335, BMD 336, BMD 350, BMD 401, BMD 430
B. 15 hours in Public and Global Health (PGH): IS 100, HS 263, BMD 351, BMD 451, HS 462
C. 14 hours in Biotechnology (BT): BMD 331, BMD 350, BMD 441, BLY 445

Minor Requirements (0 Hours)
A minor is not required for this degree program

Notes:
A maximum of 3 hours of BMD 450, BMD 494 or BMD 499 can count toward major electives

Students interested in pre-medicine, pre-dental, pre-pharmacy, and Ph.D. programs in basic medical sciences should also enroll in General Biology II, Physics II, and Organic Chemistry II

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student’s major. General electives can be chosen from any courses to reach the 120 total credits required for graduation.

### Major Milestones

Effective for fall, 2016 Major Milestones are used in all concentrations of the Biomedical Sciences major to help students stay on track for timely graduation. Each regular semester in the Biomedical Sciences major is a tracking term. In order to remain
on track, students must complete the milestone requirements for each tracking term. These requirements are viewable on the Major Milestones table below.

Major milestone requirements apply only to full-time, degree-seeking students who first entered Fall 2016 or later. Milestone requirements do not apply to transfer students in the Biomedical Sciences program.

The sample academic plan viewable on the Major Milestone tab below is designed to ensure graduation in the Biomedical Sciences major in four years. Several academic plans are available – consult with your academic advisor for the plan that is the best fit for you. For specific course requirement, refer to the program requirements above and the General Education requirement of the College of Allied Health Professions.

Ph.D. Chemical And Biomolecular Engineering

Department Information

The USA Graduate School offers an interdisciplinary PhD program in Chemical and Biomolecular Engineering. The purpose of the PhD program is to produce graduates who can apply the fundamental principles of thermodynamics, mass transfer, and reaction kinetics to a variety of technical areas, such as drug discovery, industrial chemistry, biological systems, and environmental engineering. As an interdisciplinary program housed in the Graduate School, the PhD in Chemical and Biomolecular Engineering aligns with the mission of the University of South Alabama by delivering high quality graduates who will promote discovery, health, and learning to the citizens of Alabama and the Gulf Coast region.

Because the program is built upon the application of chemistry, the central science, and is interdisciplinary by design, graduates will find careers in diverse areas such as petrochemical, chemical processing, biotechnology, green technologies, pharmaceuticals, and private consulting. However, the program will also qualify graduates for academic appointments as professors, post-graduate researchers, and research scientists in university programs and laboratories. There is a growing demand for PhD graduates who possess the analytical skills to move from molecular design to process design using state-of-the-art, cutting-edge technologies, and this program will meet this need.

Succinctly list at least four (4) but no more than seven (7) of the most prominent student learning outcomes of the program. These outcomes should lend themselves to subsequent review and assessment of program accomplishments.

Graduates of the program will be able to:

1. integrate and apply advanced chemical and biomolecular analytical tools and techniques to solve problems in a specific science, technology, engineering, or math domains
2. formulate a significant research question and demonstrate the ability to carry out a research plan from inception to dissemination to answer such a question
3. obtain employment in chemical and biomolecular related positions in industry, academia, or government
4. work effectively on an interdisciplinary team in a variety of laboratory settings
5. present research findings in professional and academic journals

Admissions

The admission requirements required by the Graduate School of the USA as listed below.

- Statement of purpose
- Three letters of recommendation
- Curriculum vita
- Official transcripts from all previous institutions attended
- A baccalaureate or graduate degree in a closely related field. A graduate degree is not required for admission
- An undergraduate minimum GPA of 3.0 overall or a graduate minimum of 3.5 overall (4 point scale)
- Official scores for the Graduate Records Examination (GRE)
- A completed application for admission to the Graduate School
- For international students, an official TOEFL, IELTS, iTEP, or Pearson (PTE Academic) score, or an equivalent level of competence as exhibited by a bachelor or graduate degree from an accredited university in the United States is required. The minimum required test scores are: TOEFL – 525 on the paper version, 197 on the computer version, or 71 on the internet version; IELTS – 6.0; iTEP – 3.7; Pearson’s (PTE Academic) - 4
- Some variances in these admissions requirements may be allowed as approved by the program coordinator.
Areas Of Study

Degrees, Programs, Or Concentrations

Ph.D. Chemical and Biomolecular Engineering
Ph.D. Chemical And Biomolecular Engineering

Degree Requirements

The core classes for this program are defined as CHE 510 Advanced Chemical Thermodynamics, CHE 520 Advanced Transport Phenomena I, and CHE 525 Chemical Reactor Analysis. For the proposed degree program, the student will complete a minimum of 43 credit hours of classwork courses and 18 credit hours for thesis research. In addition, a doctoral student must pass a PhD doctoral examination, which is comprised of the qualifying exam and a preliminary oral examination, to be admitted to candidacy. The qualifying exam requirement is satisfied by obtaining a B or better in the core courses defined above. The preliminary oral exam is completed at the end of the 6th semester, or earlier, where the student presents their proposed research. A doctoral plan of study must be submitted to the USA graduate school by the time the student completes 30 hrs of credit towards a doctorate. A final oral dissertation defense of the written dissertation is required to be presented to the students committee and a majority of the committee must approve.

Department of Chemical and Biomolecular Engineering website
https://www.southalabama.edu/colleges/engineering/chbe/index.html

Chemical Engineering is a profession in which knowledge of mathematics, chemistry, biology and other natural sciences gained by study, experience, and practice is applied with judgment to develop economical ways of using material and energy for the benefit of mankind. The program required for the degree of Bachelor of Science in Chemical Engineering provides fundamental instruction in mathematics, chemistry, biology, physics, and engineering. This education prepares the graduate to seek employment in petrochemical, pharmaceutical, healthcare, microelectronics, polymers, energy and environmental industries. In addition, the graduate is well-prepared to pursue graduate school.

All electives must be approved by the student's advisor. Degree requirements include a minimum of 18 semester hours of approved electives in the Humanities and Social Sciences.

Satisfactory completion of the 126 hour program outlined below leads to the degree of Bachelor of Science in Chemical Engineering. Students must also comply with the College of Engineering Requirements for a Degree, which are covered in the Bulletin under the College of Engineering.

BSChE Program Educational Objectives

The educational objectives of the Department of Chemical & Biomolecular Engineering’s undergraduate program are that, within a few years of program completion, graduates will have used the knowledge and skills gained through academic preparation and post-graduation experience so they have:

1. Advanced in the chemical engineering profession and applied engineering knowledge and problem-solving skills to multi-disciplinary projects.
2. Incorporated economic environmental, social, regulatory, constructability, safety, and sustainability considerations into the practice of chemical engineering.
3. Exhibited effective communication skills, teamwork, leadership, initiative, project management, and professional and ethical behavior.
4. Continued their technical and professional development, which may include graduate level education, continuing education, and participation in professional organizations.

BSChE Student Outcomes

By the time of graduation from the BSChE program, a student will have demonstrated attainment of the following outcomes:

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. an ability to communicate effectively with a range of audiences
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgements, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgement to draw conclusions.
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

The BSChE curriculum is designed to ensure the attainment of the student outcomes.

The Bachelor of Science in Chemical Engineering program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org

**BSChE Accelerated Bachelor’s To Master’s (ABM) Degree Option**

The Department of Chemical and Biomolecular Engineering allows well-qualified undergraduates in the program to follow an “Accelerated Bachelor’s to Master’s” study plan. This plan permits up to six credit hours of graduate coursework to count towards both the Bachelor’s (as Technical Electives) and the Master’s degrees, so that the Master’s degree is earned faster than usual. (The coursework concerned must individually satisfy the requirements of both degrees.) See a departmental advisor for specific details.

**BSChE Departmental Honors Designation**

To receive a designation of “Departmental Honors,” students must:

1. successfully complete 4 to 6 credit hours of Honors Senior Project in Chemical Engineering (CHE 499).
2. have at least a 3.50 GPA at the time of graduation.
3. have both submitted a written report and made an oral presentation of the Honors Senior Project in keeping with the expectations of the Honors College (https://www.southalabama.edu/colleges/honors/seniorproject.html). See a departmental advisor for specific details.

Chemical Engineering (BS)

Degree Requirements

General Education Requirements (58 Hours)

Area I – Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102 or EH 105

Area II – Humanities & Fine Arts (3 Courses, 9 Hours)
A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 12 Hours)
A. 4 hours from: MA 125
B. 8 hours from: CH 131 & CH 131L, CH 132 & CH 132L

Area IV – History, Social & Behavioral Sciences (3 Courses, 9 Hours)
A. 3 or 6 hours from: HY 101, HY 102, HY 135, HY 136
B. 3 or 6 hours from: AN 100, AN 101, CA 100, CA 211, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, IS 100, IST 201, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (22 Hours)
A. 11 hours from: MA 126, MA 227, MA 238
B. 11 hours from: BLY 121, PH 201 & PH 201L, PH 202 & PH 202L

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

Major Requirements (68-69 Hours)

Chemical Engineering Requirements (22 Courses & Labs, 56 Hours)
A. 2 hours: EG 101 or EG 201
B. 8 hours: CH 201 & CH 201L, CH 202 & CH 202L
C. 3 hours: EG 231
D. 4 hours: CHE 203
E. 23 hours: CHE 311, CHE 321, CHE 322, CHE 331, CHE 332, CHE 342, CHE 351, CHE 352, CHE 372
F. 16 hours: CHE 421, CHE 441, CHE 442, CHE 452, CHE 461, CHE 462

Chemistry Electives (1 Course, 3 – 4 Hours)
A. 4 hours: CH 265 & CH 265L
B. 3 hours: CH 440* or BMD 321

Technical Electives (1 Course, 3 Hours)
A. 3 hours: Biology: BLY 122* (only if CH 440 or BMD 321 is also taken)
B. 3 hours: Chemistry: Any course higher than CH 202
C. 3 hours: Computer Information Sciences: CIS 210
D. 3 hours: Mathematics from: MA 237, MA 332, MA 354
E. 3 hours: Statistics from: ST 315, ST 320
F. 3 hours: Engineering from: Any 200, 300 or 400 level elective (excluding EG 270)

Chemical Engineering Electives** (2 Courses, 6 Hours)
A. 3 hours: CHE 463, Simulation of Chemical Processes
B. 3 or 6 hours: CHE 490, Special Topics in Chemical Engineering
C. 3 or 6 hours: CHE 494, Directed Independent Study
D. 3 or 6 hours: CHE 499, Senior Honors Project

Minor Requirements (0 Hours)
A minor is not required for this degree program

Notes:
1. C-grade or higher required in all prerequisite courses.
2. CHE 203: C-grade or higher required and only two attempts permitted.
4. **Accelerated Bachelor's to Master's (ABM) students will take up to six hours of approved graduate coursework.
5. Appropriate software tools will be utilized in almost all CHE courses.

Additional Information
It is important that students make adequate progress in the Chemical Engineering program. Satisfactory completion of a set of fundamental courses is required before a student is allowed to take advanced courses. Professional Component Standing (PCS) is awarded by the chair of the department when the student completes the College of Engineering PCS requirements and the ChBE departmental PCS requirements.

Students who fail to maintain at least a 2.00 GPA overall at the University of South Alabama will lose PCS and may be required to take or repeat appropriate courses as specified by the department chair to correct their deficiencies and may not be permitted to continue in 300- and 400-level engineering courses. CHE 203 may only be taken twice. Failure to achieve a C-grade or higher in the second attempt of CHE 203 will result in dismissal from the Chemical Engineering program.

All bolded courses meet general education requirements.

Courses listed as Milestones are required to obtain the Professional Component Standing (PCS) and require a C-grade or higher.

Prerequisite courses denoted (cc) may be taken concurrently.

*Students who earn an English ACT score of 27, or a written SAT score of 610, can opt out of EH 101.

**Students not Term 1 - Calculus I ready will exceed the 126 hours required for this degree. Students with ACT Math scores 21 and below will not complete the degree in 4 years. Students beginning in MA 112 must utilize summer before Term 3 by taking MA 125 and CH 132/CH 132L and utilize the summer before Term 5 to complete the degree in 4 years. Students with ACT Math scores 23 and below should begin math courses in the summer before Fall - Year 1.

Two designated writing (W) courses are required with at least one course chosen from offerings in the student's major or minor. Courses carrying this required credit are identified in the University Bulletin by a (W) after the course title.

The Sample 4-year plan is designed as a guide for students preparing for their course selections. This information provides only a suggested schedule. Actual course selections should be made in consultation with an advisor.
Chemical Engineering (MS)

Degree Requirements

With the ever-increasing pace of technological development in society, new opportunities are becoming available that require chemical engineering graduates with increased levels of specialization. The Department offers a Master of Science degree in Chemical Engineering that blends scholarship and research with advanced coursework to provide excellent training for students to pursue careers in the chemical industry. Graduate students have opportunities to undertake cutting-edge research with faculty for both thesis and project work. In addition, a coursework-only program is also offered by the department for those who intend to further their professional development while pursuing a graduate degree. Students with a Bachelor's degree in a major other than chemical engineering can qualify for admission by taking a prescribed series of undergraduate courses.

Admission To The MSChE Program

The following criteria supplement the College of Engineering admission criteria (see Admission To Graduate Programs):

I. Admission Requirements
   A. A Bachelor's degree in chemical engineering or a related field such as chemistry, physics, mathematics or engineering.
   B. A grade-point average of 3.0 or greater (A=4.0) on all undergraduate work.
   C. A minimum score of 151 in the quantitative section and a minimum score of 141 in the verbal section of the Graduate Record Examination (GRE).
   D. For applicants whose native language is not English, a minimum score of 79 in the internet-based TOEFL or a minimum band score of 6.5 in the IELTS test.

Depending on the student's background, additional undergraduate preparatory courses may be required. These courses will not count toward the Master's degree.

The minimum credit hour requirements for the different options for the MSChE degree are:

- Thesis Option 30 credit hours
- Project Option 30 credit hours
- Course Option 33 credit hours

Graduation Plan

Chemical Engineering (MS) : (30-33 Total Hours)

The Graduation Plan is an example of course progression. Individual student plans may vary. Students should consult with an academic advisor to create a personalized plan. Thesis and Project students are required to receive Responsible Conduct of Research (RCR) training from CITI PROGRAM.

Department Information

Department of Chemistry website
https://www.southalabama.edu/colleges/artsandsci/chemistry/

Undergraduate Studies

The chemistry curriculum is designed for students seeking a liberal education as well as for those students requiring more specialized training and skills. The courses provide the foundation necessary for those planning careers as chemists and biochemists following graduation, for students planning to further their education through advanced degrees in chemistry, biochemistry, related sciences, and for those in other professional fields. Two basic curricula are offered for chemistry majors:

1. The American Chemical Society certified degree program in Chemistry is available for those students seeking technical positions in chemistry, as well as for those planning to attend graduate school, or
2. A Biochemistry Option track is available for students strongly interested in the interface of chemistry and biomedical or biological sciences, especially for students anticipating going to graduate school in medical sciences, biochemistry, biophysics, or other life sciences.

Students pursuing a degree in Chemistry also must have a minor in another discipline. All first-time freshmen must successfully complete CAS 100: First Year Experience as a degree requirement. Students must enroll during their first term at USA, except for summer-entry students who must enroll in the fall semester following entry. CH 150 will fulfill the technology proficiency requirement.

Undergraduate Senior Thesis In Chemistry

The Chemistry Senior Thesis Program is designed to stimulate analytical and critical thinking and as such offers motivated and focused undergraduate students the opportunity to develop research and communication skills in preparation for a graduate or professional career. To apply for admission into the program, a student must:

1. Have Junior Chemistry Major status or above.
2. Have completed CH 131, CH 132, CH 201, CH 202, plus one (1) more lower or upper division chemistry course.
3. Have earned a 3.25 GPA or better in chemistry courses attempted.
4. Have earned a 3.0 GPA or better overall.
5. Obtain a recommendation from a faculty member who will serve as research mentor for senior thesis.

In addition to fulfilling the requirements of the standard chemistry program, senior thesis students must complete:

1. A minimum of six (6) semester hours of Honors Research (CH 499). Upon successful completion of six (6) hours of CH 499 the requirement for four (4) hours of Directed Studies (CH 494) will be waived.
2. A formal research Project Prospectus needs to be submitted and approved by the student's research mentor during the first term of participation in program. The prospectus will be prepared under the supervision of the student's research mentor and should include an introduction to the proposed research project, proposed research methods, and relevant literature citations.
3. Complete a written research thesis.
4. The formation of a thesis committee will be at the discretion of the faculty mentor.
5. Present a formal oral defense of the research work to Chemistry Department faculty and students.
6. Complete a poster presentation at national, regional, or local research forum.

Examples of appropriate venues for the presentation include an ACS National meeting, the USA Annual Research Forum (Spring term) or the UCUR Annual Research Forum (Fall term). Students participating in the Chemistry Senior Thesis Program who have a 3.5 GPA will also be eligible for Departmental Honors status. Chemistry majors who are part of the University Honors College will meet the requirements for the Undergraduate Chemistry Senior thesis as well as those of the University’s program.
Graduate Studies

Although the Department of Chemistry has no graduate degree programs, courses are offered at the graduate level for those students who need such work.

Degree Requirements

General Education Requirements (48 Hours)

Area I – Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II – Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   - LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LG 161 & LG 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182
   - Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:
   - AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L,
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136).

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student’s major or minor.

**Major Requirements (48 Hours)**

A. 48 hours: CH 131, CH 131L, CH 150, CH 132, CH 132L, CH 201 & CH 201L, CH 202 & CH 202L, CH 265 & CH 265L, CH 301 & CH 301L, CH 302 & CH 302L, CH 401 & CH 401L, CH 440, CH 465 & CH 465L, CH 492

B. 4 hours from: CH 394 and/or CH 494

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program.

**Additional Information**

**Mathematics:** MA 125 and 126

**Physics:** Students are to select one of the following options.  
Option 1: PH 201 and PH 202.  
Option 2: PH 114, PH 115, and MA 227.  
Option 3: PH 114, PH 115, and PH 201.  
Option 4: PH 114, PH 115, and PH 202. Options 3 and 4 require the approval of the Chair of the Department of Physics.

**Graduation Plan**

Chemistry (BS) : Chemistry ASC Certified Track (123 Total Hours)

**First Year - Fall Semester**

### Notes

* While the General Chemistry I and II Lecture and Lab are not strict co-requisites, completion of both is required to enroll in any course for which they are a pre-requisite. It is very strongly suggested that CH 131 and CH131L be taken the same semester, and CH 132 and CH 132L be taken the following semester.
** See Degree Requirements
Chemistry Biochemistry Track, Major

Degree Requirements

General Education Requirements (48 Hours)

Area I – Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II – Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V - (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any group: LG 101 and 102; LGS 106 and LGS 107; LGS 110 and LGS 111; LG 111 and LG 112 or proficiency test or LG 113; LG 121 and LG 122; LG 131 and LG 132 or proficiency test or LG 134; LGS 131 and LG 132; LG 141 and LG 142; LGS 141 and LG 142; LG 151 and LG 152 or proficiency test or LG 153; LGS 151 and LG 152; LG 171 and LG 172; LGS 171 and LGS 172; LGS 181 and LGS 182.
Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136). All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student’s major or minor.

**Major Requirements (47 Hours)**

A. 47 hours: CH 131, CH 131L, CH 150, CH 132, CH 132L, CH 201 & CH 201L, CH 202 & CH 202L, CH 265 & CH 265L, CH 300 & CH 300L OR CH 301 & CH 301L OR CH 302 & CH 302L, CH 440, CH 441, CH 443, CH 465 & CH 465L, CH 492

B. 4 hours from: CH 394 and/or CH 494

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program.

**Notes:**

**Electives:** In addition to those courses listed above, a student must choose one (1) other 300/400 level Chemistry, Physical Science, or Life Science course (no less than 3 hrs) with the prior approval of their advisor and department chair to satisfy the degree program requirements.

Students in the Biochemistry track who desire ACS Certification of their degree must take CH 401 as their elective course.

**Additional Information**

**Mathematics:** MA 125 and 126

**Physics:** Students are to select one of the following options. **Option 1:** PH 201 and PH 202. **Option 2:** PH 114, PH 115, and MA 227. **Option 3:** PH 114, PH 115, and PH 201. Option 4: PH 114, PH 115, and PH 202. **Options 3 and 4** require the approval of the Chair of the Department of Physics.

**Graduation Plan**

**Chemistry (BS) : Biochemistry Track (122 Total Hours)**

Department of Civil, Coastal, and Environmental Engineering website
https://www.southalabama.edu/colleges/engineering/ce/index.html

Civil Engineering involves the design and construction of systems necessary for our modern society to function. It encompasses many technical specialties whose focus is the design of large, normally one-of-a-kind, facilities such as bridges, buildings, tunnels, highways, dams, waterways, airports, flood control systems, coastal protection systems, water supply networks, and waste treatment plants. As our society expands, challenging opportunities will continue to be available for Civil Engineers practicing in their own private firms, in large companies, or in governmental agencies.

BSCE Program Educational Objectives:

The educational objectives of the Civil Engineering undergraduate program are that, within a few years of program completion, graduates will have used the knowledge and skills gain through academic preparation and post-graduation experience so they have:

1. Advanced in the civil engineering profession, obtained professional licensure, and applied engineering knowledge and problem-solving skills to multi-disciplinary projects.
2. Incorporated economic, environmental, social, regulatory, constructability, and sustainability considerations into the practice of civil engineering.
3. Exhibited effective communication, teamwork, leadership, initiative, project management, and professional and ethical behavior as complements to technical competence.
4. Continued their technical and professional development, which may include graduate level education, continuing education, and participation in professional organizations.

BSCE Student Outcomes:

By the time of graduation from the BSCE Program, students should attain the following outcomes:

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
3. an ability to communicate effectively with a range of audiences
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies

The Bachelor of Science in Civil Engineering program is accredited by the Engineering Accreditation Commission of ABET, https://www.abet.org.
The curriculum builds on a strong base in mathematics, physical sciences, engineering sciences, and humanities developed primarily during the freshman and sophomore years. During the junior year, students develop an understanding of the fundamentals of each area of Civil Engineering. The specialty areas include:

- Environmental Engineering
- Geotechnical Engineering
- Structural Engineering
- Transportation Engineering
- Water Resources/Coastal Engineering

The senior year focuses on design, construction practices, and the integration of more advanced knowledge in civil engineering. A comprehensive project with students participating in a design team prepares them to enter professional practice.

Satisfactory completion of the program outlined in this Bulletin leads to a degree of Bachelor of Science in Civil Engineering. Students must also comply with the College of Engineering Requirements for a Degree which is covered in this Bulletin under College of Engineering.

**BSCE Accelerated Bachelor's To Master's (ABM) Degree Option**

The Department of Civil, Coastal, & Environmental Engineering allows well-qualified undergraduates in the program to follow an "Accelerated Bachelor’s to Master’s" study plan. This plan permits up to six credit hours of graduate coursework to count towards both the Bachelor’s (as Technical Electives) and the Master’s degrees, so that the Master’s degree is earned faster than usual. (The coursework concerned must individually satisfy the requirements of both degrees.) See a departmental advisor for specific details.

Civil Engineering (BS)

Degree Requirements

General Education Requirements (51 Hours)

Area I – Written Composition (2 Courses, 6 Hours)
  A. 3 hours: EH 101
  B. 3 hours: EH 102

Area II – Humanities & Fine Arts (3 Courses, 9 Hours)
  A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
  B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101
  C. 3 hours CA 110

Area III – Natural Sciences & Mathematics (7 Courses & Labs, 16 Hours)
  A. 4 hours from: MA 125
  B. 12 hours from: CH 131 & CH 131L, CH 132 & CH 132L, PH 201 & PH 201L

Area IV – History, Social & Behavioral Sciences (3 Courses, 9 Hours)
  A. 3-6 hours from: HY 101, HY 102, HY 135, HY 136
  B. 3-6 hours from: AN 100, AN 101, CA 100, CA 211, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (3 Courses & Labs, 11 Hours)
  A. 11 hours from: MA 126, MA 227, MA 238

Major Requirements (80-81 Hours)

Civil Engineering Requirements (33 Courses & Labs, 80-81 Hours)
  A. 2 hours: EG 101 or EG 201
  B. 3 hours: ST 315
  C. 15 hours from: EG 231, EG 283, EG 284, EG 315, EG 360
  D. 5 hours: CE 102, CE 204, CE 205

Science Elective (1 Courses & Lab, 4 Hours)
  A. 4 hours: BLY 121 & BLY 121L, GY 111 & GY 111L, GEO 102 & GEO 102L

Civil Engineering Structural Design (1 Course & Lab, 4 Hours)
  A. 4 hours: *CE 480, CE 481 or *CE 485, CE 486

Civil Engineering Technical Electives** (2 Courses, 6-7 Hurs)
  A. 3 hours: CE 442, CE 474, CE 482, CE 490, CE 485/CE 486
  B. 3-4 hours: CE 410, CE 412, EG 450, GIT 460

Minor Requirements (0 Hours)

A minor is not required for this degree program
Notes:
*Students must complete all five terminal subdiscipline courses (CE 353, CE 440, CE 460, CE 470 and structural design course) with a “C” grade or better.

**Two technical electives are required, at least one of which must be a “design-oriented” course. Students can take 2 courses from List A (design oriented) or one course from List A and one course from List B (non-design oriented).

CA 110, Public Speaking is required for all Civil Engineering students.

Additional Information

It is important that students make adequate progress in the Civil Engineering program. Satisfactory completion of a set of fundamental courses is required before a student is allowed to take advanced courses. Professional Component Standing (PCS) is awarded by the chair of the department when the student completes the College of Engineering PCS requirements and the CCEE departmental PCS requirements.

Students who fail to maintain at least a 2.00 GPA overall at the University of South Alabama may be required to take or repeat appropriate courses as specified by the department chair to correct their deficiencies and may not be permitted to continue in 300- and 400-level engineering courses.

Notes

**See Degree Requirements

**Bold** courses required for Professional Component Standing (PCS) with a “C” grade or better

Students must make a 2.0 GPA in CE Major courses to graduate.

Students must complete all 5 terminal subdiscipline courses (CE 353, CE 440, CE 460, CE 470, and Structural Design) with a “C” grade or better.

**TOTAL 131**

All bolded courses meet general education requirements.

Courses listed as Milestones are required to obtain the Professional Component Standing (PCS).

Prerequisite courses denoted (cc) may be taken concurrently.

*Students who earn an English ACT score of 27, or a written SAT score of 610, can opt out of EH 101.

**Students not Term 1 - Calculus I ready will exceed the 131 hours required for this degree. If math is not started prior to Fall - Year 1, you are likely extending your four-year graduation time table. Students with ACT Math scores 21 and below should begin math courses in the summer before Fall - Year 1.

Two designated writing (W) courses are required with at least one course chosen from offerings in the student's major or minor. Courses carrying this required credit are identified in the University Bulletin by a (W) after the course title.

The Sample 4-year plan is designed as a guide for students preparing for their course selections. This information provides only a suggested schedule. Actual course selections should be made in consultation with an advisor.
Civil Engineering (MS)

Degree Requirements

The program leading to the Master of Science in Civil Engineering focuses on civil engineering in the coastal environment and allows for specialization in several possible civil engineering sub-disciplines: Environmental Engineering, Geotechnical Engineering, Structural Engineering, Transportation Engineering, or Water Resources/Coastal Engineering. Program admission and MS Degree requirements, as well as plan of study options (thesis, project, and coursework only), are described under the College of Engineering section of this Bulletin. Many graduate courses in Civil Engineering are offered in late afternoon, early evening, or online to accommodate practicing engineers. See the detailed degree requirements.

Admission To The MSCE Program

The following criteria supplement the College of Engineering admission criteria (see Admission To Graduate Programs):

1. Regular Admission requirements
   a. A grade-point average of 3.0 or greater (A=4.0) on all undergraduate work.
   b. A minimum score of 151 on the GRE quantitative section and a minimum score of 146 on the GRE verbal section.
   c. Names and e-mail addresses of three references who can evaluate the applicant's previous academic and professional work must be submitted with the application.
   d. Verification of registration by examination as a Professional Engineer (P.E.) can be substituted for GPA and GRE requirements.
   e. International students whose native language is not English must submit documentary evidence showing a score of 71 or higher on the internet-based TOEFL or an IELTS band score of 6.5 or higher.

2. Provisional Admission requirements
   a. A minimum grade-point average of 2.5 (A=4.0) on all undergraduate work.
   b. A minimum score of 151 on the GRE quantitative section and a minimum score of 146 on the GRE verbal section.
   c. Names and e-mail addresses of three references who can evaluate the applicant's previous academic and professional work must be submitted with the application.
   d. International students whose native language is not English must submit documentary evidence showing a score of 71 or higher on the internet-based TOEFL or an IELTS band score of 6.5 or higher.

Applicants for admission to the MSCE program must submit official scores obtained on the Graduate Record Exam (GRE). This requirement is waived for students who received the BSCE degree from the University of South Alabama. Those students may be required, however, to present GRE scores to be eligible for some assistantships or fellowships.

The minimum credit hour requirements for the different options for the MSCE degree are:

- Thesis Option: 30 credit hours
- Course Option: 30 credit hours

Civil Engineering - Coastal Engineering Certificate

Degree Requirements

The Department offers Graduate Certificates in three focus areas: Coastal Engineering, Structural Engineering, and Water/Wastewater Engineering. Each Certificate requires the completion of 12 credit hours (four classes) in one of the three focus areas. Upon completion, a Graduate Certificate is awarded; however, all earned credits are full graduate credits and can either be applied toward a MSCE degree at USA, or transferred to other institutions. For acceptance, graduate certificate applicants should have a civil engineering Bachelor’s degree (or closely related equivalent) and appropriate course prerequisites. The program requires satisfactory completion of 12 credit hours with a minimum GPA of 3.0 to be awarded the Certificate.

Clinical And Counseling Psychology

Department Information

The University of South Alabama offers a Doctor of Philosophy in Clinical and Counseling Psychology (CCP). This program is a collaborative effort between the Department of Psychology in the College of Arts and Sciences and the Department of Counseling and Instructional Sciences in the College of Education and Professional Studies. The program combines an asset-strength model from Counseling Psychology with a health psychology/wellness model from Clinical Psychology. The Clinical and Counseling Psychology program prepares professionals to provide the most effective and culturally sensitive types of psychological care for individuals and communities. Further, the program is based on a scientist-practitioner model of training, meaning that graduates will develop competence in clinical practice, scientific research, and ability to integrate these two domains. Graduates of the program will have a set of competencies which will also enable them to work successfully with a variety of other health care professionals for the purposes of health promotion and to prevent and remediate mental health conditions in the world. Graduates might be employed in a variety of settings, including counseling centers in colleges and universities, medical centers, Veterans Administration hospitals, schools, private practices, health and wellness facilities, state and federal agencies, family counseling services, academic departments in higher education institutions, and professional associations. Such responsibilities would include direct service to individuals and the management of psychological services for individuals and groups using evidence-based interventions as well as research, advocacy, teaching, supervision and/or training other health professionals.

Program Admission Requirements

Routes To Admission:

Applicants can apply at one of two stages of their education.

1. Admission having only previously completed with a Bachelor's Degree: Students admitted at this stage must complete the requirements of the master's degree in psychology (Clinical & Counseling Psychology Concentration) along the way to earning their Ph.D. (see required coursework). Such students are automatically granted admission to the Ph.D. program of study once their M.S. coursework and degree requirements are completed. Students who fail to complete the requirements of the master's degree in psychology within 2 years may be prohibited from entering the doctoral program.

2. Admission having already earned with a Master's Degree: Students who have completed a master's degree (Master of Science/Arts/Education) at another institution will enter the doctoral training program upon admission. Students are still held to course and program requirements of the Masters Degree in Psychology (Clinical & Counseling Psychology Concentration). Such students may submit requests to have these requirements waived based on prior graduate level coursework and other program requirements (e.g., master's thesis). The core faculty of the CCP program evaluate prior graduate coursework and may waive some of the foundational course requirements if they are equivalent to USA's version of the same course. Students who enter the CCP with a master's degree will invariably have a number of courses that need to be remediated, particularly students with master's degrees in fields other than psychology.

Students are admitted to start the program in the fall semester only. No spring or summer admissions are permitted. Participation in the program is full-time and, with the exception of an assistantship, students are discouraged from engaging in any outside employment. Applications to the CCP program should be completed by December 15th for admission for the following fall semester. In addition to the Graduate School application form and required supporting documentation, the Clinical and Counseling Psychology program requires submission of a program application form, a statement of purpose, curriculum vitae (CV), and three letters of academic recommendation. The following criteria supplement the Graduate School criteria for admission:

In addition to meeting graduate school requirements for regular admission, applicants to the Clinical and Counseling Psychology program must meet the following criteria:

a. Although there is no minimum score on the Graduate Record Examination a summed score of 305 or greater on the verbal and quantitative subtests, and a score of 4 or higher on the Writing subtest is preferred.

b. Completion of an undergraduate or graduate degree in psychology, counseling or a similar program from an accredited institution. Applicants must have completed at least 21 semester hours of prior psychology courses (usually at the undergraduate level) including a statistics course, and a course in research design and methods.

c. The program's model of admission heavily values the degree of match between the student's clinical and research interests and that of their faculty mentor. Students are assigned a mentor at the time they are offered admission, and
usually this individual is their primary advisor, mentor as well as thesis and dissertation chair. Thus, students will ideally articulate their clinical and research interests as well as identify the faculty member(s) with whom these best fit in their applications materials.

**Required Psychological Foundations**

Students must complete graduate coursework and demonstrate competency in the following foundation areas. These courses will be completed in the student's master's degree program for those admitted with a Bachelor’s Degree. Although students entering with a Master’s Degree may request waivers for these competency area courses such students will invariably have a number of courses that need to be remediated, particularly students with master's degrees in fields other than psychology. For the courses in the Master’s Degree in Psychology (Clinical & Counseling Psychology Concentration) that correspond to the domains listed below see the bulletin page for this program of study:

https://www.southalabama.edu/bulletin/current/degrees-programs/psychology/psychology-ms/index.html

Students entering the doctoral program after completing a bachelor's degree will take these M.S. courses and earn the M.S. degree before transferring to the Ph.D. program of study.

- Biological, Cognitive, & Affective Bases of Behavior Cognitive
- Neuroscience
- Applied Psychology & Diagnostic Interviewing
- Evidence Based Psychological Practice
- Statistics
- Lifespan Development
- Personality & Affected Assessment
- Psychopathology
- Social & Personal Psychology
- Clinical Practicum in Psychotherapy & Assessment

Applicants should submit the following materials electronically by December 15th to the below link:

https://southalabama.liaisoncas.com/applicant-ux/#/loginlogin

- Official GRE scores
- Official copies of all undergraduate and graduate academic transcripts
- Statement of purpose
- Three letters of academic recommendation
- Clinical and Counseling Psychology program application form
- Curriculum Vitae (CV)

An interview either in-person or via video-conference/telephone must be completed with faculty designated by the Director of Clinical Training prior to a potential admissions offer being made.

**Graduate Assistantships**

Graduate assistantships are available annually on a competitive basis. Applicants interested in receiving an assistantship will complete the graduate assistantship application form upon being admitted into the program.

**Comprehensive Examination**

Students must pass a comprehensive examination following successful completion of six semesters of clinical practica coursework. Passing the exam is one of the required components for admission to candidacy for the doctoral degree. The content of the comprehensive examination will be determined by the comprehensive examination committee and may consist of a written as well as an oral component.

**Candidacy**

Admission to candidacy for the doctoral degree requires completion of the following:

- successful completion of required academic work, except the capstone internship
- successful completion of the comprehensive examination
• approval of a dissertation research project

The doctoral candidate is, therefore, a student who has fulfilled all requirements for the Ph.D. degree with the exception of completing the dissertation research and the required internship.

Dissertation Hours And Defense

Nine credit hours of dissertation research may be applied to and are required for completion of the doctoral program of studies in Clinical and Counseling Psychology. However, a student must be continually enrolled in CCP 799 (Dissertation Research) until the final defense of the dissertation is completed and the dissertation document has been approved by the Graduate School. The final defense is scheduled following the completion of and preparation of the final written report of the dissertation research. Revisions of the dissertation may be required for final approval by the student's advisory committee or as a condition of the Graduate School's evaluation of the written report.

The Limit

After being admitted to candidacy for the Ph.D. degree in Clinical and Counseling Psychology, the student has a maximum of three years to complete the dissertation.

Residency Requirement

Prior to beginning their capstone internship, students must have completed a minimum of 3 years of graduate study in the clinical and counseling psychology program. Years spent in the M.S. portion of the program can count towards this requirement, but at least 1 of these 3 years must occur in the Ph.D. portion of the program.

Note: This list above represents the minimum requirements for completion of the doctoral program of studies. A student may be required or elect to take additional course work in a specific area if needed to enhance skills or to support an area of specialization. Each candidate for the Ph.D. degree in clinical psychology takes practicum courses in the psychological clinic and must also complete a one-year internship in an accredited facility. The internship is taken after completion of coursework and passing of the doctoral preliminary exam, and is a degree requirement.
Communication

Department Information

Department of Communication website
https://www.southalabama.edu/colleges/artsandsci/communication/index.html

The purpose of the Department of Communication is to provide students with core competencies, within the context of a broad liberal arts and sciences curriculum, which will prepare them to be independent, critical thinkers who uphold the highest ethical standards as communication leaders in a global society.

Given this purpose, the Department attempts to meet individual performance and career needs with a flexible curriculum. Students select one of the concentrations offered and confer with their advisors to plan their courses of study. These focused areas of study help prepare students for a variety of careers in the communication field.

The concentrations of study offered in Communication are: Communication Studies, Digital Cinema and Television, Journalism (Multimedia Journalism and Broadcast Journalism), and Strategic Communication. Students pursuing a degree in Communication must also have a minor in another discipline.

All first-time freshmen must successfully complete CAS 100: First Year Experience as a degree requirement. Students must enroll during their first term at USA, except for summer-entry students who must enroll in the fall semester following entry.

Honors In Communication

The Communication Departmental Honors program offers undergraduate students an opportunity to prepare for a graduate program or professional career. Students in this program will use their communication skills to develop a formal research project.

To be awarded Departmental honors in communication, students must:

1. Complete the standard requirements for the major in communication.
2. Have an overall institutional GPA of 3.5 or higher (University requirement).
3. Have a minimum 3.5 GPA in all communication courses (Department requirement).
4. Complete a communication research methods course (CA 300, mass communication concentrations or CA 424, communication studies concentration) with an earned grade of "B" or higher. This course may be counted toward the communication degree and toward 3 hours of upper division credit.
5. Complete a minimum of 3 credit hours, and no more than 6 credit hours in the Senior Honors Project, CA 499. Students receiving honors in communication will be required to take a minimum of 48 hours in communication (including CA 110, Public Speaking).
6. Successfully defend the final research project during an oral presentation to a faculty committee. It is recommended that the student present a summary of the project during the Department's colloquium series and/or another appropriate public forum.

Application procedure - Students must:

1. Have earned an overall institutional GPA of 3.5 or higher and a minimum 3.5 GPA in all communication courses.
2. Apply by April 1 of their junior year.
3. Receive agreement of a tenure-track faculty member of the Department of Communication to serve as mentor, and obtain a letter of recommendation from that faculty member.
4. Receive permission of the Department Chair.

Communication (BA) - Communication Studies Concentration

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (3 Courses, 9-10 Hours)
A. Foreign Language: 6 hours from any one group:

LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (42 Hours)**

**Communication Core (5 Courses, 15 Hours)**

A. 15 hours: CA 100 or CA 101, CA 210 or CA 220, CA 260, CA 300, CA 445

Students in the Communication Studies Concentration should take CA 100 and CA 210 from above.

**Communication Studies Concentration (9 Courses, 27 Hours)**

A. CA 200, CA 222, CA 275, CA 310

B. 15 hours from: CA 211, CA 222, CA 230, CA 315, CA 330-W, CA 410, CA 411, CA 422, CA 424-W, CA 425, CA 430, CA 453, CA 475, CA 496

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program.

### Notes

* See Degree Requirements

** All Arts and Sciences majors require a minor between 18 and 24 hours. This plan incorporates a 21 hour minor.
***Courses may be selected from CA 244, CA 275, CA 283, CA 284, CA 343 (if not selected above), CA 344 (if not selected above), CA 352, CA 382, CA 424 (W), CA 452, CA 496

****The number of elective hours required will depend on the number of hours required by your minor. Work with your advisor to determine the number of elective hours you must take.
Communication (BA) - Journalism Concentration

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours, Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (0-23 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.

B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:
   AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L,
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (42 Hours)**

**Communication Core (5 Courses, 15 Hours)**
- A. CA 100 or CA 101, CA 210 or CA 220, CA 260, CA 300, CA 445
  - Students in the Journalism Concentration should take CA 101 and CA 220 from above.

**Journalism Core (4 Courses, 12 Hours)**
- A. CA 350, CA 353, CA 370, CA 455

**Multimedia Journalism Concentration (5 Courses, 15 Hours)**
- A. CA 281, CA 382, CA 387, CA 482
- B. Choose 1 from: CA 288, CA 354, CA 456, CA 481 (W), CA 496

**Broadcast Journalism (5 Courses, 15 Hours)**
- A. CA 250, CA 450, CA 454
- B. Choose 2 from: CA 288, CA 354, CA 382, CA 482, CA 496

**Minor Requirements (18-24 Hours)**
- A minor is required for this degree program

Communication (BA) - Strategic Communication Concentration

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:

   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:

_________________________

Students must complete a 6 credit-hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (42 Hours)**

**Communication Core (5 Courses, 15 Hours)**

A. CA 100 or CA 101, CA 210 or CA 220, CA 260, CA 300, CA 445

Students in the Strategic Communication Concentration should take CA 101 and CA 220 from above.

**Strategic Communication Concentration (6 Courses, 18 Hours)**

A. CA 224, CA 271, CA 321, CA 324, CA 485, CA 486/CA 487

**Group 1: Advertising**

A. Account Management: Required: CA 384  Choose 6 additional hours from any of the 300/400 level elective courses listed below

B. Visual Communication: CA 371, CA 471  Choose 3 additional hours from any of the 300/400 level elective courses listed below

**Group 2: Public Relations**

1. Choose 9 hours from any of the CA 300/CA 400 level elective courses listed below.

**Strategic Communication Elective Courses**

CA 322, CA 323, CA 325, CA 340, CA 354, CA 371, CA 383, CA 384, CA 387, CA 440, CA 453, CA 455, CA 456, CA 470, CA 471, CA 474, CA 496

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program

Communication (MA)

Degree Requirements

Graduate Studies

The Master of Arts in Communication integrates theoretical and research components of mass communication with a special emphasis in strategic communication, digital media and communication leadership. The graduate faculty combines applied knowledge with communication theory as they engage students to think critically about current communication issues and practices. Courses examine how communication creates, sustains, and changes organizations, political institutions, and society as a whole.

The program curriculum consists of 33 credit hours, including a 9-hour core, 24 hours from elective courses from the Communication and other university departments.

Thesis/Non-Thesis Option

The program provides a thesis or non-thesis option. The non-thesis curriculum consists of 33 credit hours, including a 9-hour core, 24 hours of elective courses. The thesis curriculum consists of 33 credit hours, including a 9-hour core, 18 hours of elective courses, and 6 credit hours toward completion of a thesis.

Thesis hours count toward degree completion only when a thesis is completed. In the event of non-completion, students will substitute 6 additional credit hours to complete the non-thesis degree option.

Requirements For Admission

All applications must receive approval from the Graduate Program Coordinator, the Director for Graduate Studies for the College of Arts and Sciences, and the Graduate Dean. Students are admitted each semester and must meet the following requirements:

Regular Admission

A bachelor’s degree from an institution accredited by the appropriate United States accrediting agency or equivalent for international institutions.

Official copies of undergraduate transcripts.

Minimum GPA of 3.0 on all undergraduate work.

For applicants with less than a GPA of 3.0, the following graduate exam scores are required for regular admission:

• GRE - The required score is 297 or more combined points on the quantitative and verbal portions.
• GMAT - A combined score of 1000 or more when calculated as follows: 200 x undergraduate GPA + GMAT score.
• Earned graduate degree - An earned graduate degree may substitute for graduate entry exam scores. Students must submit a written request along with evidence of the degree to the graduate coordinator for review.

International Students

• International students must submit documentation of TOEFL test scores of 250 on computer-based test or 100 on internet-based test, or a minimum score of 7 on the IELTS.
• A documented evaluation by the USA host department to be conducted by video teleconference or telephone.
• Students who are required to take the English Language Proficiency Examination and whose scores suggest an English language deficiency must take the appropriate English as a Second Language courses. These courses are not counted as part of the 33-hour degree program.

Non-Degree Admission

Students may register for and complete up to 15 hours without formal entrance into the program.

Degree Requirements And Courses

Students must complete a minimum of 33 semester hours of credit in approved 500-level courses. A minimum of 27 semester hours must be completed at the University of South Alabama. At least 27 semester hours must be taken in communication.
Core Courses
The following 6 hours are required and must be completed at the University of South Alabama.

- CA 502, Communication Theory (generally offered in the fall semester)
- CA 503, Quantitative Communication Research Methods (generally offered in the spring semester).

Although students are advised to take CA 502 and CA 503 sequentially, they are not required to do so.

Remaining Courses
- With advisor approval, students may take up to 6 of the 33 required graduate hours outside of the Communication Department. Students should work closely with their advisors to develop a plan of study. After completing the two required courses, the remaining hours (excluding any directed studies, courses outside the department, or thesis hours for those on the thesis-track) may be selected from any CA 500-level courses.

Directed Studies - CA 594
Directed study courses involve independent study of a communication topic. The purpose is to provide study in an area of specialization not covered by an existing course.

- The student must submit a topic proposal to a graduate faculty member. Once the topic is approved, both the faculty member and the student must sign a contract describing student expectations and outcomes and grading criteria.
- The student can register for between 1 and 3 credit hours in CA 594 courses with course requirements determined accordingly.
- The student may take a maximum of 3 hours in directed study coursework.

Grade Requirements
- A minimum of a 3.0 GPA on all work attempted is required for graduation.
- Courses in which a student receives a "D" or below will not be counted toward the degree program.
- A maximum of 2 courses with a grade of "C" will be counted toward the degree program.
- Students receiving 3 grades of "C" or below, regardless of the overall GPA, will be dismissed from the program.
- A student who receives a failing grade in a course for graduate credit may be dismissed from the program.

Time Limitations
- All degree requirements must be completed within 7 calendar years.
- Most students who take 9 hours per semester complete the degree within a 2-year period.
- The time required for degree completion depends on how many courses a student can take each semester.

Course Load
- Two or three courses (6-9 credit hours) per semester constitute a full-time course load.
# Minor In Communication

## Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

## Requirements For A Minor In Communication

Minors in Communication must complete a total of 18 hours in communication including 9 upper division hours.

Computer Science

Department Information

Department of Computer Science website
https://www.southalabama.edu//colleges/soc/computerscience

Computer Science is a discipline that involves the understanding and design of computers and computational processes. In its most general form, it is concerned with the understanding of information transfer and transformation. Particular interest is placed on making processes efficient and endowing them with some form of intelligence. The discipline includes both advancing the fundamental understanding of algorithms and information processes in general, as well as the practical design of efficient, reliable software to meet given specifications. Courses offer students the opportunity to explore current trends in computing such as: cyber security, artificial intelligence, machine learning, big data, video game development, computer graphics and robotics.

Artificial Intelligence Certificate Non-Degree Program

Degree Requirements

The School of Computing is responding to its industry need for a skilled workforce in Artificial Intelligence.

Artificial Intelligence integrates many computing disciplines and specialty groups into a team effort forming a structured development process that advances development from production through operation and maintenance. Artificial Intelligence considers both the business and the technical needs of specialized customers with the goal of providing a quality product that meets the user needs.

The coursework will require successful completion of five baccalaureate level courses worth 3 credits each.

The five courses that will be required to attain this certificate are:

# Computer Science (BS)

## Degree Requirements

### General Education Requirements (62 Hours)

#### Area I - Written Composition (2 Courses, 6 Hours)
- A. 3 hours: EH 101
- B. 3 hours: EH 102

#### Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
- A. 3 hours: CA 110
- B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
- C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

#### Area III – Natural Sciences & Mathematics (3 Courses & Labs, 12 Hours)
- A. 4 hours from: MA 125
- B. 8 hours from: (BLY 121 / BLY 121L & BLY 122 / BLY 122L), (CH 131 / CH 131L & CH 132 / CH 132L), (GY 111 / GY 111L & GY 112 / GY 112L), (PH 201 / PH 201L & PH 202 / PH 202L)

#### Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
- A. 3 hours from: HY 101, HY 102, HY 135, HY 136
- B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

#### Area V (6 Courses, 20 Hours)

Additional Math Required:
- A. 10 hours: MA 126, MA 267, ST 315
B. 6 elective hours from: MA 227 or MA 237 or MA 238 or MA 267 or MA 311 or MA 316 or MA 320 or MA 321 or MA 332 or MA 334 or MA 335 or MA 354 or MA 367 or MA 410 or MA 413 or MA 414 or MA 434 or MA 436 or MA 437 or MA 451 or MA 458 or MA 467 or MA 481 or MA 490

Additional Science Required (note: cannot be lower level course from same sequence taken in Area III):

A. 4 hours from: (BLY 121 / BLY 121L) or (BLY 122 / BLY 122L) or (CH 131 / CH 131L) or (CH 132 / CH 132L) or (GEO 101 / GEO 101L) or (GEO 102 / GEO 102L) or (GY 111 / GY 111L) or (GY 112 / GY 112L) or (MAS 134 / MAS 134L) or (PH 101 / PH 101L) or (PH 201 / PH 201L) or (PH 202 / PH 202L)

Major Requirements (62 Hours)

Computer Science

A. 50 hours: CA 275, EH 372, CIS 101, CSC 120, CSC 228, CSC 231, CIS 300, CSC 311, CSC 320, CSC 322, CSC 331, CSC 332, CSC 333, CSC 399, CSC 440, CSC 434, CIS 497, CIS 498

B. 12 elective hours from: CSC 410, CSC 412, CSC 413, CSC 416, CSC 417, CSC 418, CSC 426, CSC 428, CSC 433, CSC 450, CSC 457, CSC 460, CSC 485, CSC 490, CIS 324 or CSC 324, CIS 494, ISC 472

Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:
Students must complete a 6-credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Students must complete a 8-hour sequence in natural science (Area III – (BLY 121 / BLY 121L and BLY 122 / BLY 122L), or (CH 131 / CH 131L and CH 132 & CH 132L), or (GY 111 / GY 111L and GY 112 / GY 112L), or (PH 201 / PH 201L and PH 202 / PH 202L)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major.

Credit for both CIS 324 & CSC 324 is not allowed.

Computer And Information Sciences (MS)

Degree Requirements

Requirements For Master's Degree With Computer Science (CSC) Specialization

Students must satisfactorily complete thirty-six (36) graduate credit hours for the Master of Science degree with Computer Science specialization and a comprehensive exam. Required prerequisite courses are prescribed by the Computer Science Chair after reviewing prior academic work.

Computer Science Specialization majors must complete their Computer Science program with a minimum grade of "B" in required courses, and an overall GPA of 3.0. The thirty-six (36) graduate semester hours consisting of eighteen (18) semester hours of REQUIRED courses, and eighteen (18) semester hours of approved elective courses according to the selected concentration option.

Required Courses (18 Semester Hours):
- Performance Evaluation of Algorithms CSC 522
- Software Engineering Principles CS 527 or Information Systems Analysis Design ISC 560
- Computer Architecture CSC 520
- Data Security CSC 580 or MA 581 or Distributed Systems CSC 532
- CIS Research Methodologies CIS 518
- Data Mining CSC 526

Concentrations (18 Semester Hours):
Three concentrations of study are available to students who select the Computer Science Specialization in the SoC masters program. These are THESIS, PROJECT and COURSE-ONLY concentrations.

Thesis Concentration

Research Development
A minimum of three (3) semester credit hours of CIS 595, Computer and Information Sciences Research Development, are required. A Thesis Concentration student must be enrolled in CIS 595 in the semester during which they defend their thesis prospectus. A grade of "C" or lower in CIS 595 will result in the dismissal of the student from the Thesis Concentration. Students may only enroll in CIS 595 after successfully completing CIS 518.

Thesis
A minimum of three (3) semester credit hours of CIS 599, Computer and Information Sciences Thesis, must be applied towards the degree for the Thesis Concentration. Students may only enroll in CIS 599 after successfully defending their thesis prospectus (minimum grade of "B" in CIS 595). A Thesis Concentration student must be enrolled in CIS 599 in the semester during which they defend and/or submit their thesis.

Elective Course Work
Twelve (12) semester hours of additional electives are required. (A maximum of three (3) semester hours of CIS 594 Directed Study courses may be applied to the degree for the Thesis Concentration.) A list of Pre-Approved Computer Science courses and a list of Special Permission courses are given at the end of this section.

Comprehensive Examination
All students in the Thesis Concentration must pass an oral comprehensive examination administered after the thesis committee accepts the thesis. The School of Computing Comprehensive Examination Policies and Procedures document and the Comprehensive Examination Application form are available at https://www.southalabama.edu/colleges/soc/essentialstudentlinks.html.
Project Concentration

Research
A minimum of three (3) semester credit hours of CSC 595, Computer Science Project Proposal Development are required. A Project Concentration student must be enrolled in CSC 595 in the semester during which they defend their project prospectus. A grade of “C” or lower in CSC 595 will result in the dismissal of the student from the Project Concentration. Students may only enroll in CSC 595 after successfully completing CIS 518.

Project
A minimum of three (3) semester credit hours of CSC 598, Computer Science Project, must be applied towards the degree for the Project Concentration. Students may only enroll in CSC 598 after successfully defending their project prospectus (minimum grade of “B” in CSC 595). A Project Concentration student must be enrolled in CSC 598 in the semester during which they defend and/or submit their project.

Elective Course Work
Twelve (12) semester hours of additional approved electives are required. (A maximum of three (3) semester hours of CIS 594 Directed Study courses may be applied to the degree for the Project Concentration.) A list of Pre-Approved Computer Science courses and a list of Special Permission courses are given at the end of this section.

Comprehensive Exam
All students in the Project Concentration must pass an oral comprehensive examination administered after the project committee accepts the project. The School of Computing Comprehensive Examination Policies and Procedures document and the Comprehensive Examination Application form are available at https://www.southalabama.edu/colleges/soc/essentialstudentlinks.html

Course Only Concentration
For the Course Only Concentration, eighteen (18) semester hours of elective course work are required.

Elective Course Work
Eighteen (18) semester hours of approved electives are required. (A maximum of 3 semester hours of CIS 594 Directed Study and a max of 3 hours in CSC 595 or CIS 595 may be applied to the degree for the Course Only Concentration.) No credits from CIS 599 or CSC 598 may be applied to the Course Only Concentration. A list of Pre-Approved Computer Science courses and a list of Special Permission courses are given at the end of this section.

Comprehensive Examination
Students in the Course Only Concentration must pass a written examination. Students wishing to sit for the examination must apply on-line to the Director of SoC Graduate Studies by the Friday of the first week of classes in the semester in which the examination is to be taken. The comprehensive examination is offered twice a year. The School of Computing Comprehensive Examination Policies and Procedures document and the Comprehensive Examination Application form are available at https://www.southalabama.edu/colleges/soc/essentialstudentlinks.html

Computer Science Electives
A list of Pre-Approved Computer Science elective courses and a list of Special Permission courses are given below. All other courses must be approved by the Computer Sciences Chair. A maximum of six (6) credit hours of non-CSC or non-CIS courses will be allowed.

Pre-approved Computer Science Electives
- Artificial Intelligence and Heuristic Programming
- Artificial Intelligence Theory and Programming
- Big Data Analytics
- Communications and Network Analysis
- Compiler Design and Construction
- Computer Graphics
- Computer Language Design
- Computer Vision and Robotics
- Cyber Physical Security
• Data Mining
• Data Warehousing
• Digital Forensic Analysis
• Game Development
• Image Processing
• Information Assurance and IT Auditing
• Information Systems Database Management
• Introduction to Bioinformatics
• Modeling and Simulation
• Network Security
• Numerical Analysis
• Real-Time Software Systems
• Security in Hardware
• Surreptitious Software
• Web Technologies and Knowledge Modeling
Minor In Computer Science

Degree Requirements

(23 hours) A student wishing to obtain a minor in Computer Science must complete all courses shown below with a minimum grade of "C".

PhD Program in Computing website
https://www.southalabama.edu/colleges/soc/phdprogram.html

Computing is a discipline that involves the understanding and design of computers and computational processes. In its most general form, it is concerned with the understanding of information transfer and transformation. Particular interest is placed on making processes efficient and endowing them with some form of intelligence. The discipline includes both advancing the fundamental understanding of algorithms and information processes in general, as well as the practical design of efficient, reliable software to meet given specifications. Courses offer students the opportunity to explore current trends in computing such as: game development, robotics, graphics, and data mining.

Computing (PhD)

Degree Requirements

Doctor Of Philosophy In Computing

The interdisciplinary Doctor of Philosophy degree in Computing integrates coursework and research projects from three related disciplines: computer science, information systems, and information technology. The program emphasizes advanced discovery and the development of solutions to research-focused problems in the areas of cyber assurance, risk assessment, forensics, and data analytics. Ph.D. graduates are eligible for research positions in academia, industry, and government.

The Ph.D. degree is awarded to candidates who have demonstrated a capacity for original research, have made a meaningful contribution to knowledge in the computing discipline, and have successfully defended a dissertation.

Requirements For Admission

To apply to the Ph.D. in computing degree program, please visit the University of South Alabama (USA) Graduate School website.

In addition to the general admission requirements of the USA Graduate School, admission requirements for the Computing Ph.D. program are:

1. A baccalaureate or graduate degree in Computer Science, Information Systems, Information Technology or a closely related field. A graduate degree is not required for admission.
2. An undergraduate minimum GPA of 3.3 (4.0 scale) for all completed post-secondary coursework or a 3.5 overall (4.0 scale) for a completed graduate program.
3. Official scores for the Graduate Records Examination (GRE) including the AW portion.
   - Domestic applicants with an undergraduate or graduate degree from an accredited U.S. institution are not required to provide GRE scores.
   - Any applicant with a graduate degree awarded by an accredited U.S. institution of higher education is not required to provide GRE scores.
4. A statement of purpose indicating the student's personal goals and research interests. Because prospective students are matched with a faculty mentor, competitive applications align with the research areas of School of Computing graduate faculty.
5. Three letters of recommendation from persons able to speak directly to the applicant's ability to engage in advanced discovery and contribute new knowledge to the discipline.
7. An official transcript from each college or university attended.
8. A completed application for admission to the Graduate School.
9. For international students, an official TOEFL, IELTS, iTEP, or Pearsons (PTE Academic) score, or an equivalent level of competence as exhibited by a bachelor or graduate degree from an accredited university in the United States is required.

Admission may be granted by the Director of Graduate Studies, when supported by a vote of the Graduate Faculty, in special cases where a holistic evaluation of the applicant's credentials is appropriate.

Admission is competitive and the decision is based on a review of all submitted admission materials. A personal interview may be requested. Applicants are encouraged to submitted samples of prior work. All admissions materials should be submitted online at:

https://southalabama.liaisoncas.com/applicant-ux/#/login

Program Requirements

To qualify for the Ph.D. in Computing, a minimum of 72 semester hours of approved graduate credit is required and the following program of study must be completed with a grade of “B” or better in all course work.

<table>
<thead>
<tr>
<th>Required Course Work (18 hours)</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>CSC 612 Cybersecurity</td>
<td>3 hrs</td>
</tr>
</tbody>
</table>
Electives (24 Hours)
Student will complete 24 semester hours of 500-level or higher approved graduate coursework. A maximum of 12 semester hours of CIS 694 Directed Study may be counted towards fulfilling the electives requirement. Any student without an academic research background should take CIS 518 (Research Methodologies) or other similar research course as an elective.

Dissertation (30 Hours)
A primary educational objective of the Ph.D. program is for students to develop the ability to conduct advanced research and contribute new knowledge to the discipline. To that end, the student will complete 30 hours of CIS 799 Dissertation.

Academic Standards
Student must maintain a cumulative 3.0 GPA in order to be in good standing. Failure to maintain a cumulative 3.0 GPA will result in the student being placed on academic probation. The School of Computing Director of Graduate Programs may recommend dismissal of a student who does not maintain good academic standing or is not making sufficient progress.

Graduate Assistantships
A limited number of graduate assistantships are available on a competitive basis and are awarded on the recommendation of the School of Computing. Applications are available on-line at: https://www.southalabama.edu/departments/eforims/graduateschool/graduateassistantapptform.pdf. Applications must be received by April 1st for fall applicants or November 1st for spring applicants.

Comprehensive Examinations
Doctoral students must pass a comprehensive examination. The format of the examination will be determined by the comprehensive examination committee. Normally the examination is based on the required coursework. Failure to pass the comprehensive examination within three attempts will result in dismissal from the program.

Candidacy
A doctoral student is admitted to candidacy upon successful completion of a comprehensive examination. Candidacy indicates the student has completed the required coursework and is eligible to begin the dissertation research project.

Dissertation Hours And Defense
Doctoral candidacy is required to enroll in CIS 799 Dissertation. At the discretion of the Director of Graduate programs, directed study credit constituting preliminary preparation for the dissertation study may be substituted for CIS 799. While only 30 hours of CIS 799 may be counted toward the degree, a student must continuously enroll in at least 1 credit hour of dissertation during the fall and spring semesters until the dissertation is successfully defended. Failure to enroll continuously without the written approval of the Director of the Graduate program may lead to dismissal from the program.

A doctoral candidate must successfully defend a dissertation prospectus. The final oral defense of the dissertation is scheduled after the dissertation study has been completed and prepared in written form. Revisions to the written dissertation may be required for final approval by the dissertation committee and as a result of a review by the Graduate School.

Transfer Credit
A maximum of 24 semester hours of graduate credit earned at an approved graduate school may be counted toward the Ph.D. program. Transfer credit may be approved after the completion of nine (9) semester hours of credit at the University of South Alabama. Transfer credit must be approved by the School of Computing Director of Graduate programs with the recommendation of the student’s advisor.

Time Limit
All requirements for the PhD in Computing degree must be completed within ten (10) calendar years from the date of matriculation as a School of Computing PhD student. This ten calendar year constraint also applies to all transfer credit.
After reaching candidacy, a student has a maximum of 3 years to complete the dissertation. A student may apply to the Director of Graduate programs for an extension to complete the degree.

Department Of Counseling And Instructional Sciences

The Department of Counseling and Instructional Sciences offers the Master of Education degree in Educational Media (leading to certification in Library Media), and in School Counseling leading to certification as a school counselor, and the Master of Science degree in Educational Media & Technology, Clinical Mental Health Counseling, and Instructional Design. The department also offers the Doctor of Philosophy degree in Instructional Design and Development. The department collaborates with the Department of Psychology in the College of Arts and Sciences to deliver the Ph.D. degree in Combined-Integrated Clinical & Counseling Psychology. Finally, the department offers the B.S. degree and minor in Instructional Design & Performance Improvement.

Interdepartmental Education

Faculty within the department offer foundational coursework in Education Technology, Educational Psychology, Educational Foundations, and Educational Research. These courses are offered for students in the undergraduate and graduate programs throughout the college and are designed to broaden and strengthen degree-area preparation.

Clinical Mental Health Counseling (MS)

Degree Requirements

The program described below is designed to provide for the acquisition of skills and competencies needed by counselors working in an agency setting.

A grade of "B" or better is required in all coursework counting towards the degree.

Counselor educators are ethically required to ensure that students meet academic requirements and demonstrate clinical competencies. Satisfactory progress will be predicated on a combination of factors such as academic success, clinical competence, adherence to ethical standards, and appropriate interpersonal functioning. Students who do not demonstrate satisfactory competence within any of these critical areas of professional performance may be terminated from the program. Core faculty will evaluate students on a continuing basis to determine students' satisfactory progression through the program. Other policies, procedures, and guidelines are addressed in the Counselor Education Graduate Student Handbook.

Students who are not enrolled for three consecutive semesters must complete all admissions requirements again and be reviewed by the program admissions committee.

Comprehensive Examination: Counselor Preparation Comprehensive Examination (CPCE).

Educational Media (M.Ed.) – Library Media

Degree Requirements

The Master of Education degree program in Education Media with a certificate in Library Media is designed to prepare students to plan, design, and administer library/media centers and qualify students to serve as School Library Media Specialists in a P-12 educational setting. This program is offered entirely online with two options:

- Master of Education Degree with Certification in Library Media
- Alabama Class “A” Certification in Library Media.

Upon successful completion of the nationally recognized and accredited program, graduates may be able to qualify for certification in states other than Alabama. For certification as a library media specialist by the State Department of Education, one must have completed a basic program in a teaching field. Eligibility for certification requires two years of appropriate professional experience. See specific requirements for each program. The initial certificate is valid for five years.

Satisfactory progress in the program will be predicated on a combination of factors such as academic success, demonstration of competence in requisite skills, adherence to ethical standards, and appropriate interpersonal functioning. Students who do not demonstrate satisfactory competence with any of these critical areas of professional performance may be terminated from the program. Core faculty will evaluate students on a continuing basis to determine students’ satisfactory progression through the program.

Master Of Education Degree With Certification In Library Media (30 Semester Hours)

Students entering this program must have valid baccalaureate-level or master’s level professional educator certification in a teaching field. Program requirements include:

1. Completing a minimum of 30 semester hours as outlined below, with a minimum grade-point average of 3.25 on all work attempted. A minimum grade of “B” is required for all EDM courses, and a satisfactory performance is required in each of the internship experiences.
2. Passing a written comprehensive and portfolio examination.
3. Passing the PRAXIS II test for Library Media Specialist.

Alabama Class "A" Certification In Library Media (21 Semester Hours)
To be eligible for admission to this program, students must have a valid Alabama master's level certification in a teaching field or a valid master's level certification in another area of instructional support and must have completed the equivalent graduate course work listed under Instructional Support Courses for the master's degree (9 semester hours).

Additional requirements for admission are found on the Program webpage at https://www.southalabama.edu/colleges/ceps/cins/edmedia-med.html

To apply - click here to get to the admissions login page.

Program completion requirements include:

1. Completing the Educational Media Core (21 semester hours) as outlined below, with a minimum grade point average of 3.25 in all core courses and a satisfactory performance in each of the internship experiences.
2. Passing a written comprehensive and portfolio examination.
3. Passing the PRAXIS II test for Library Media Specialist.

Students will be required to accumulate a total of 300 contract hours during the three internships: A, B, and C (100 hours in each). Of the 300 contact total hours, 150 must be accumulated in a P-12 school library. Although it is preferred that all internship hours are accumulated in a P-12 school library, other settings may be approved such as a public or university library. Internship A MUST be conducted in a school library. Of the 300 total hours, at least 100 must be at the elementary level (K-6) and at least 100 at the secondary level (7-12); the remaining 100 may be at the level(s) of choice. It is the students' responsibility to initiate the internship experiences by: identifying potential sites and obtaining on-site administrative approval. Final approval of internship arrangements will be made by program faculty. The supervising library media specialist must be certified, currently employed as a media specialist, and have at least three successful years as a media specialist.
Educational Media And Technology (MS)

Degree Requirements

The University of South Alabama Master of Science degree in Educational Technology, a completely online program, prepares graduates to design, evaluate, and implement educational technologies. Through coursework and practical experiences, students will learn to use a diverse set of technological tools for the design and development of effective instruction. Students will also evaluate technological tools and resources designed to enhance teaching and learning and collaborate with educators and others to use technology to enhance learner experiences and outcomes.

Requirements For Degree

To qualify for the Master's Degree in Educational Technology, candidates must satisfactorily complete the following program with a minimum grade of "B" or better on all course work. Students must successfully complete a digital comprehensive exam portfolio which includes a thesis paper and an instructional technology project. The digital comprehensive exam portfolio may only be submitted two times.

Graduate Certificate In Clinical Mental Health Counseling

Degree Requirements

The Graduate Certificate in Clinical Mental Health Counseling at USA requires a minimum of five courses (15 hours) with grades of "A" or "B". The student may choose from a list of courses to meet requirements for the certificate that provides specific training in the individual's area of counseling emphasis. The student will work with the program director and/or advisor to develop the best plan possible to meet career goals.

Counselor educators are ethically required to ensure that students meet academic requirements and demonstrate clinical competencies. Satisfactory progress will be predicated on a combination of factors such as academic success, clinical competence, adherence to ethical standards, and appropriate interpersonal functioning. Students who do not demonstrate satisfactory competence within any of these critical areas of professional performance may be terminated from the program. Core faculty will evaluate students on a continuing basis to determine students' satisfactory progression through the program. Other policies, procedures, and guidelines are addressed in the Counselor Education Graduate Student Handbook.

Students who are not enrolled for three consecutive semesters must complete all admissions requirements again and be reviewed by the program admissions committee.

Comprehensive Examination: Counselor Preparation Comprehensive Examination (CPCE).

Graduate Certificate In Human Performance Improvement

Degree Requirements

The Graduate Certificate for Human Performance Improvement requires a minimum of five courses (15 hours). Requirements for the certificate include 3 core courses (9 credit hours) of ISD 641, ISD 640, & IDE 645; 1 course (3 credit hours) from the following: ISD 621, ISD 642, or IDE 660; 1 required capstone course (3 credit hours) ISD 611.

Criteria
To be eligible, the student must meet the master's admission and applicant requirements of the IDD master's program. These include the following: a) hold a bachelor's degree or equivalent from a regionally accredited institution, and b) have a cumulative junior/senior undergraduate GPA of 2.5 or higher or 2.75 GPA or higher on the last 64 undergraduate credit hours.

Requirements For Certificate Program
A minimum GPA of 3.0 on all program of study courses and all work attempted is required. A maximum of two Cs can be counted. No grades of D or F may be counted. If a third C or any grade below is earned, the student will be dismissed from the program.

Those enrolled in the Certificate program may also elect to pursue the master's degree and be allowed to apply the courses toward their degree program once admitted and upon approval of the IDD faculty admissions committee.

Students enrolled in an IDD graduate program may opt to complete a certificate program to earn the certificate in addition to completing their degree program.

Core Courses
• ISD 621
• ISD 641
• IDE 640
• IDE 645

Culminating Capstone Experience
• ISD 611 (ISD 621 and ISD 640 are prerequisites) – culminating experience is enrollment in ISD 611 and satisfactory completion of its final project.

To be eligible, the student must meet the master's admission and applicant requirements of the IDD master's program. These include the following: a) hold a bachelor's degree or equivalent from a regionally accredited institution, and b) have a cumulative junior/senior undergraduate GPA of 2.5 or higher or 2.75 GPA or higher on the last 64 undergraduate credit hours.

Application Procedures and Requirement

The students would make application to the certificate program via University admissions application process and submit documents and fees as required by the IDD certificate program.

Requirements for admission are found on the Program webpage at https://www.southalabama.edu/colleges/ceps/cins/idd-cert.html

To apply - click here.

Final admission decision involves evaluation of the following: grade-point average, scores on the GRE, letters of reference, applicant's statement of career goal(s) and purpose(s), professional experience, and program enrollment and availability.

Applicants are responsible to ensure that all materials arrive within the deadline. Incomplete applications will not be considered. Applications will be retrieved for review when all materials are received.

An IDD program faculty admission committee will review applications, make admissions decisions and a written communication from the university will notify applicants about admissions decisions.

Requirements for Certificate Programs

A minimum GPA of 3.0 on all program of study courses and all work attempted is required. A maximum of two Cs can be counted. No grades of D or F may be counted. If a third C or any grade below is earned, the student will be dismissed from the program.

Those enrolled in the Certificate program may also elect to pursue the master's degree and be allowed to apply the courses toward their degree program once admitted and upon approval of the IDD faculty admissions committee.

Students enrolled in an IDD graduate program may opt to complete a certificate program to earn the certificate in addition to completing their degree program.
Instructional Design And Development (MS)

Degree Requirements

The Master of Science degree program in Instructional Design and Development provides students with the information and skill training to analyze instructional tasks, to design and deliver instructional programs, and to perform evaluative procedures on instructional products and services. The job market potential for graduates of the program includes the management of in-service education in business and industry, health-related institutions and agencies, military agencies, institutions of higher education, K-12 education, and related self-employed activities.

1. Each student will be assigned a major professor and will complete a course-of-study form by the end of the first semester of study.
2. A program committee will be appointed to work with the student.
3. A Master's Comprehensive Examination will be completed by each student during the student's last semester.

The Master's program in Instructional Design and Development (IDD) has both on-campus and on-line courses. Although not all courses are taught in both formats, students are able to complete the Master's program in one format or the other, or a combination of on-campus and on-line courses. Using the Internet and other distance learning technologies, the IDD on-line program provides an educational opportunity for those who choose to use similar technology that they might employ for delivering educational and training courses after graduation.

Flexibility is the key to the program, and students can complete courses via the Internet following their individual learning schedules during the semester. Students are able to interact directly with their instructor and classmates to obtain subject information, to work on course and team assignments, and to complete assessments via the Internet. In addition, students have direct access to the University Library and advising services.

For more detailed information, please visit the ID&D website at https://www.southalabama.edu/colleges/ceps/cins/ or contact:
Telephone (251) 380-2861

Admission Requirements

Applications for the Instructional Design and Development program are reviewed throughout the year.

Requirements for admission are found on the Program webpage at https://www.southalabama.edu/colleges/ceps/cins/idd-ms.html

To apply - click here to get to the admissions login page.

Final admission decision involves evaluation of the following: grade-point average, scores on the GRE, letters of reference, applicant's statement of career goal(s) and purpose(s), professional experience, and program enrollment and availability.

Internship

Many Instructional Design and Development students complete an internship of a minimum of 240 contact hours. Students must complete all foundational core courses prior to enrolling for the internship. The internship component is designed to give students practical experience in design, implementation, and/or evaluation of instructional systems and must have prior approval of the internship coordinator and the student's advisor.

Requirements For Degree

To qualify for the Master's Degree in Instructional Design and Development, candidates must satisfactorily complete the following program, maintain a minimum GPA of 3.0 on all program of study courses and all work attempted. A maximum of two Cs can be counted. No grades of D or F may be counted. If a third C or any grade below is earned, the student will be dismissed from the program. Students must complete a written course of study by the end of their first semester in the program.

Students must successfully complete a 1-hour oral comprehensive exam. The exam may be taken only two times.

Instructional Design And Development (Ph.D.)

Degree Requirements

The Doctor of Philosophy degree in Instructional Design and Development consists of components in instructional systems design, instructional technology, learning theory, and research and evaluation. Program emphases are: applying instructional systems design procedures in educational program development; developing instructional models for a variety of subject matter areas and educational settings; matching instructional strategies to student learning styles; evaluating, selecting, and integrating new technologies into instructional systems; and utilizing formative and summative evaluation and research in the development and improvement of instructional systems. Graduates of the program will be prepared to function in school districts, colleges and universities, business and industry, health care organizations, and the military with responsibility for planning, implementing, and evaluating instructional programs.

Admission Requirements

Applicants for the doctoral program with a Bachelor's degree or without a Master's degree in Instructional Design and Development from a program deemed to be equivalent by the admissions committee will be required to complete the Foundational Core courses in the Master's degree in IDD and take a qualifying exam on the Foundational Core. Students must satisfy all Foundational Core requirements and maintain a minimum GPA of 3.0 on all program of study courses and all work attempted. A maximum of two Cs can be counted. No grades of D or F may be counted. If a third C or any grade below is earned, the student will be dismissed from the program. The student must pass the qualifying examination. In addition, the applicant's progress and preparation for advanced work will be reviewed by a committee that will make a decision for or against admission to the regular Ph. D. program.

Applicants with a Master's degree in Instructional Design and Development or equivalent may be admitted to the regular Ph.D. program. After transcript review, however, the admission committee may require additional coursework and/or successful completion of the Master's comprehensive exam. Any additional pre-requisite coursework will be indicated in the acceptance letter.

The Admissions Committee will select the most highly qualified candidates to be considered for admission to the program. A positive effort will be made to identify and recruit minority students into the program.

Requirements for admission are found on the Program webpage at https://www.southalabama.edu/colleges/ceps/cins/idd-phd.html

To apply - click here to get to the admissions login page.

The admission decision involves evaluation of the following: the grade-point average on undergraduate and graduate course work, scores on the GRE or the MAT, letters of recommendation, professional experience, the applicant's statement of purpose, and the program's current enrollment. Final decisions regarding admission will be based on the applicant's personal and professional qualifications as well as the program's ability to accommodate additional doctoral students. Upon acceptance by the College of Education and Professional Studies, the applicant will be recommended for admission. Admissions will notify all applicants in writing of the disposition of their applications.

Information about the Ph.D. program should be requested from the Coordinator, Instructional Design and Development Program, UCOM 3800, College of Education and Professional Studies, the University of South Alabama, Mobile, Alabama 36688-0002 (Telephone: (251) 380-2861).

All documents for admission review (i.e., transcripts, test scores or letters of recommendation) must be official and mailed from the home institutions or testing agency directly to the Office of Admissions. Once submitted, documents become the property of the University of South Alabama.

Program

The Doctor of Philosophy degree program in Instructional Design and Development is designed to provide persons with skills required in planning, implementing, and evaluating instructional programs in a variety of educational settings. The program consists of four major components:

1. the instructional design and development foundation core
2. research methods and statistics
3. supporting coursework
4. completion of a dissertation

A minimum of 60 semester hours of approved graduate course work is required in the program. Refer to the current Instructional Design and Development doctoral handbook for specific requirements. The requirements for each of the components in the program in Instructional Design and Development are described below. (Any additional requirements will be determined by the student's doctoral advisory committee.)

Requirements for the Ph.D. in instructional design and development program (60 semester hours)
To qualify for the Doctor of Philosophy Degree in Instructional Design and Development candidates must maintain a minimum GPA of 3.0 on all program of study courses and all work attempted. A maximum of two Cs can be counted. No grades of D or F may be counted. If a third C or any grade below is earned, the student will be dismissed from the program.

Continuous Enrollment

Doctoral students must be continuously enrolled for one semester hour or more to remain active in the program. After admission to candidacy and until graduation, students must enroll each academic term for a minimum of one semester hour of IDE 799, Research and Dissertation. A minimum of 9 hours of dissertation credit is required.

Failure to enroll for any hours during any semester will result in a student being removed from the program. Students who voluntarily withdraw from the program must be reviewed by the Admissions Committee under standards in effect at the time the student applies for readmission. The student will need to demonstrate that he or she is current with the research literature in the field. This may require additional work on the part of the candidate.

Residency

Students in the program will complete a minimum of one year of residency during their doctoral studies. Residency is defined as enrollment as a full-time student for a period of two consecutive semesters. Residency is a requirement for admission to candidacy.

Examinations

Doctoral students are required to successfully complete two major examinations before admission to candidacy.

Research Core Examination

This Research Core Examination is a one-day examination consisting of a written portion and the analysis of a data set using a computer program of the student's choice. The purpose of the examination is to verify that the student has developed an understanding of research, measurement, evaluation and statistical skills.

Instructional Core Examination

The Instructional Core Examination is a written and oral examination. The purpose of the two-day written portion is to assure that all Instructional Design and Development candidates are prepared in the core areas of the discipline. The two-hour oral examination is intended to review and extend the topics covered in the written parts of the examination. The written exam must be passed in order to sit for the oral exam. The Instructional Core Exam may be taken only two times.

Candidacy

Students will be admitted to candidacy for the degree of Doctor of Philosophy in Instructional Design and Development after successful completion of the following program requirements:

1. doctoral advisory committee appointed;
2. program of study established;
3. residency established;
4. Research Core Examination;
5. Instructional Core Examination; and
6. dissertation topic approved.

Transfer Credit

A maximum of 30 semester hours of graduate credit closely related to the required curriculum may be counted toward the Ph.D. plan of study. The credit is approved only after completion of a minimum of nine (9) semester hours of graduate credit at the University of South Alabama and the student must be in regular status. Recommendations concerning transfer credit will be made by the Doctoral Advisory Committee in light of a student's total program of study. All proposed transfer credit must be approved by the Director of Graduate Studies and the student's Doctoral Advisory Committee. Only courses with "A" or "B" grades are acceptable for transfer and must be from a regionally accredited institution.
IDD Doctoral Student Handbook
The Instructional Design and Development Doctoral Student Handbook provides additional information about the program. The latest version of the handbook is available from the Professional Studies department secretary or on-line. In addition to basic information about the program, the IDD Doctoral Handbook includes specific information on requirements doctoral students must complete.
School Counseling (M.Ed.)

Degree Requirements

The program described below is designed to provide for the acquisition of skills and competencies needed by counselors working in educational settings.

A grade of "B" or better is required in all coursework toward the degree.

Counselor educators are ethically required to ensure that students meet academic requirements and demonstrate clinical competencies. Satisfactory progress will be predicated on a combination of factors such as academic success, clinical competence, adherence to ethical standards, and appropriate interpersonal functioning. Students who do not demonstrate satisfactory competence within any of these critical areas of professional performance may be terminated from the program. Core faculty will evaluate students on a continuing basis to determine students’ satisfactory progression through the program. Other policies, procedures, and guidelines are addressed in the Counselor Education Graduate Student Handbook.

Students who are not enrolled for three consecutive semesters must complete all admissions requirements again and be reviewed by the program admissions committee.

Comprehensive Examination: Counselor Preparation Comprehensive Examination (CPCE).

The Alabama State Department of Education (ALSDE) now offers an expanded certification option for CACREP- accredited programs. Requirements under this option include "completion of a school counseling program that is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP), a passing score on the Praxis II test #0421, Professional School Counseling, and attainment of passing scores on the National Counseling Examination for Licensure and Certification. Note that certification in a teaching field or another area of instructional support is not required for admission to a CACREP-accredited program in school counseling".

### Electives

- **A preapproved three course sequenced elective cognate is required**

### Note

- **School Counselors are required under the CACREP Certification Option to successfully complete the National Counselor Exam prior to applying for certification.**

- **Under the SDE option, SPE 500 Must be taken for 3 additional hours by students who have not previously satisfied the special education requirement.**
Earth Sciences

Department Information

Department of Earth Sciences website
http://southalabama.edu/colleges/artsandsci/earthsci/

The Department of Earth Sciences includes the disciplines of Geography, Geology, and Meteorology, and it offers a B.S. degree as well as a minor in each of these three majors. Students can also earn a GIS Certificate and/or a minor in Geographic Information Technology (GIT). Geography, which is both a natural and a social science, studies the location, spatial distribution, and spatial interaction of Earth’s natural and human environments. Courses and research in the program encompass the broad subfields of Human Geography (for example, tourism, health, and social justice), Physical Geography (like climatology, natural hazards, and environmental geography), Regional Geography (International Economics and Relations), and Geographic Techniques, including Geographic Information Science and Technology (GIS/GIT) and Remote Sensing. Upon completing their degree, geography students are employed in government, industry, and nonprofits in multiple kinds of work environments (includes field, lab, computer, office and work).

Geology is an interdisciplinary physical science pertaining to the study of the Earth. Courses and research within the department address the chemical and physical properties of minerals, rocks, soils, sediments, and water; the processes that shape the Earth’s surface; the stratigraphic, paleobiological, and geochemical records of Earth history; and the processes associated with deformation in the Earth’s crust and mantle. Together an understanding is obtained of present-day, historical, and long-term feedbacks between global systems, as well as the origin and occurrence of our natural resources.

Meteorology is the study of atmospheric phenomena and the processes that cause weather. The science of meteorology is firmly rooted in basic physical laws governing mass, momentum, and energy. Many weather processes are simulated by complex computer models; however, accurate weather analysis and forecasting often requires meteorologists to identify and conceptualize weather patterns often missed by automated techniques.

The programs of the Department of Earth Sciences are designed to give the non-major a background in Earth and atmospheric science and the human impact on the landscape as part of a general education. Students pursuing a degree in Geography, Geology, or Meteorology must also have a minor in another discipline.

The Department of Earth Sciences offers a departmental honors program that allows exceptional students to pursue independent research. Students work with a faculty committee to choose an Earth Sciences research project (Geography, Geology, Meteorology), develop a prospectus, and complete a senior thesis. Students completing this program graduate with departmental honors.

Requirements for successful completion of an honors degree in Geography, Geology, or Meteorology include a GPA of at least 3.50 at graduation and completion of ES 492 (Honors Earth Sciences Seminar), ES 497 (Senior Thesis Prospectus), and six hours of ES 499 (Senior Honors Thesis). These classes are in addition to those required for the major in Geography, Geology, or Meteorology. All honors courses are listed under the prefix ES. Students interested in Earth Sciences honors must apply for the program by their junior year. Complete requirements are available on the departmental web page.

All first-time freshmen must successfully complete CAS 100: First Year Experience as a degree requirement. Students must enroll during their first term at USA, except for summer-entry students who must enroll in the fall semester following entry. Students must demonstrate technology proficiency by passing the designated class in their major. GEO 331 for Geography majors, GY 301 for Geology majors, or MET 455 for Meteorology majors.

Graduate Studies

Although the Department of Earth Sciences has no graduate degree program, courses, including Geographic Information Technology (GIT), are offered at the graduate level for students enrolled in Biology, Public Administration, Marine Sciences and Environmental Toxicology, and others who need such course work. Contact the Department for more information.

</tbody>
</table>

For students to earn a GIS Certificate, they must have a 3.0 overall GPA and at least a "B" in each of the six courses that make up the GIS Certificate. If students receive less than a B in a class, it may still count as credit, but not towards the certificate.
Geography (BS)

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226 or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.
Major Requirements (47 Hours)

Geography Major Requirements (47 Hours)
A. 29 hours: GEO 101 and 101L, GEO 102 and 102L, GEO 114, GEO 115, GEO 201, GEO 331, GEO 332, GEO 435, GEO 485
B. 18 hours: At least one upper level course from each of the following 4 categories: Human Geography courses: GEO 312, GEO 321, GEO 365, GEO 370, GEO 417; Physical Geography courses: GEO 310, GEO 405, GEO 410, GEO 411, GEO 412, GEO 440, GEO 441, GEO 443; Regional Geography courses: GEO 313, GEO 314, GEO 315, GEO 317, GEO 475; Technical Geography courses: GIT 442, GIT 460, GIT 461, GIT 462, GIT 490

Only two courses in the GIT minor may be counted toward the Geography major. Complete at least 15 semester hours in residence in major at the 300 and/or 400 level. A minimum GPA of 2.0 is required in major.

Minor Requirements (18-24 Hours)

A minor is required for this degree program

Notes:

Additional Information

The Geography degree also requires: One additional Natural science course, one additional social science course outside of Geography, and ST 210.

Note that a portion of Area IV (GEO 114, GEO 115) of the General Education requirements and the Natural Sciences portion of Area III (GEO 101, GEO 102, ST 210) of the General Education requirements are fulfilled by the major requirements specified above.

Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.

</table>
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

Major Requirements (40 Hours)

Geology Major Core (10 Courses, 33 Hours)
A. 32 hours: GY 111 and GY 111L, GY 112 and 112L, GY 301, GY 302, GY 303, GY 306 (W), GY 403 (W), GY 480

Geology Major Elective
A. 8 hours: GY 304 (W), GY 305, GY 401, GY 425, GY 446, GY 494

Minor Requirements (18-24 Hours)

A minor is required for this degree program

Notes:
* Recommended Course

Additional Information

The Geology degree also requires: CH 131 & CH 131L, CH 132 & CH 132L, PH 114 & PH 114L or PH 201 & PH 201L, PH 115 & PH 115L or PH 202 & PH 202L, MA 125, MA 126

Meteorology (BS) - Broadcast Met Track

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238
B. 8-10 hours from: AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L, GE 102 & GE 102L, GY 101 & GY 101L, GY 102 & GY 102L, MAS 134 & MAS 134L, PH 101 & PH 101L, PH 104 & PH 104L, PH 114 & PH 114L, PH 115 & PH 115L, PH 201 & PH 201L, PH 202 & PH 202L. Note: BLY 121 and BLY 122 are restricted to Arts and Sciences science majors, Allied Health science majors, Engineering majors, and Computer Science majors. Students cannot receive credit for both BLY 101 and BLY 121 or for both BLY 122 and BLY 102.

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LG 106 & LG 107, LG 110 & LG 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LG 131 & LG 132, LG 141 & LG 142, LG 141 & LG 142, LG 151 & LG 152 or proficiency test or LG 153, LG 161 & LG 162, LG 171 & LG 172 or LG 173, LG 171 & LG 172, LG 181 & LG 182

   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:
   AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L,

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (47 Hours)**

**Meteorology Major Core (9 Courses, 33 Hours)**
- A. 33 hours: MET 140 and MET 140L, MET 443 (W), MET 353, MET 354, MET 355, MET 356, MET 360, MET 454, MET 455

**Broadcast Meteorology Track (6 Courses, 14 Hours)**
- A. 13 hours: MET 342, MET 358, MET 359, MET 496, MET 497
- B. 1 hour from: MET 191, MET 357, MET 370, MET 410 (W), MET 420, MET 430, MET 440, MET 442, MET 456 (W), MET 490, MET 495, GY 425, GIT 460, MGT 300, MKT 320

**Minor Requirements (18-24 Hours)**
- A minor is required for this degree program

**Notes:**
- * Recommended Course

**Additional Information**

The Meteorology degree also requires: MA 125, MA 126, MA 227, MA 238, PH 201 & PH 201L, PH 202 & PH 202L, ST 315

Note that Area III General Education requirements are fulfilled by these major requirements.

Upon completion of Meteorology major requirements, students are only one course short of a minor in Mathematics. This recommended template incorporates a Math minor. However, students are free to choose a different minor or double-minor. Many Broadcast Track Meteorology students pursue a minor in Communication.

Many Broadcast Track Meteorology majors choose to complete an internship during the summer between the junior and senior year in addition to another internship during typical senior year classes. Completion of a summer internship is not mandatory; however, the Meteorology faculty strongly recommend completing two internships with one emphasizing broadcasting and the other emphasizing reporting/producing.
Meteorology (BS) - Graduate School Track

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V - (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.

B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (47 Hours)**

**Meteorology Major Core (9 Courses, 33 Hours)**

A. 33 hours: MET 140 and MET 140L, MET 443 (W), MET 353, MET 354, MET 355, MET 356, MET 360, MET 454, MET 455

**Graduate School Meteorology Track (4-5 Courses, 14 Hours)**

A. 4 hours: MET 420
B. 3-4 hours from: MET 358, MET 370
C. 6 - 7 hours from, including at least one 2+ hour 400-level course: MET 191, MET 342, MET 357, MET 358, MET 359, MET 370, MET 410 (W), MET 430, MET 440, MET 442, MET 456 (W), MET 490, MET 495, MET 496, MET 497, GY 425, GIT 460, MGT 300, MKT 320

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program

**Notes:**

**Additional Information**

The Meteorology degree also requires: MA 125, MA 126, MA 227, MA 238, PH 201& PH 201L, PH 202& PH 202L, ST 315

Note that Area III General Education requirements are fulfilled by these major requirements.

**Notes**

* Recommended Course
** See Degree Requirements

Upon completion of Meteorology major requirements, students are only one course short of a minor in Mathematics. This recommended template incorporates a Math minor specifying MA 332 (Differential Equations II, Partial Differential Equations) since most Meteorology graduate programs require it.
Meteorology (BS) - Professional Track

Degree Requirements

General Education Requirements (53-57 Hours)

Area I – Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II – Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V - (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 161 & LG 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182
   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (47 Hours)**

**Meteorology Major Core (9 Courses, 33 Hours)**

A. 33 hours: MET 140 and MET 140L, MET 443 (W), MET 353, MET 354, MET 355, MET 356, MET 360, MET 454, MET 455

**Professional Meteorology Track (4-5 Courses, 14 Hours)**

A. 2 hours: MET 357
B. 3-4 hours from: MET 358, MET 370
C. 8-9 hours from: MET 191, MET 342, MET 358, MET 359, MET 370, MET 410 (W), MET 420, MET 430, MET 440, MET 442, MET 456 (W), MET 490, MET 495, MET 496, MET 497, GY 425, GIT 460, MGT 300, MKT 320. At least 1 course must be a 400-level course.

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program

**Notes:**

**Additional Information**

The Meteorology degree also requires: MA 125, MA 126, MA 227, MA 238, PH 201& PH 201L, PH 202& PH 202L, ST 315

Note that Area III General Education requirements are fulfilled by these major requirements.

**Graduation Plan**

**Meteorology (BS): Professional Track (47 Total Hours)**

<td></td>
</tr>
</tbody>
</table>
Minor In Geography

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

<table>
<thead>
<tr>
<th>Minor in Geography</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>A minimum of 20 hours of Geography related classes.</td>
<td>20</td>
</tr>
<tr>
<td>Required is one class from each of the following:</td>
<td></td>
</tr>
<tr>
<td>GEO 101/GEO 101L or GEO 102/GEO 102L</td>
<td></td>
</tr>
<tr>
<td>GEO 114 or GEO 115</td>
<td></td>
</tr>
<tr>
<td>GEO 331 or GEO 332</td>
<td></td>
</tr>
<tr>
<td>Plus 9 additional credits in GEO 300: GEO 499</td>
<td></td>
</tr>
</tbody>
</table>

A geography faculty advisor is recommended for planning an appropriate minor curriculum with the remaining upper level courses to suit the student’s interests and needs.
Minor In Geology

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

<table>
<thead>
<tr>
<th>Minor in Geology</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>

Department of Economics, Finance and Real Estate website
https://www.southalabama.edu/colleges/mcob/economic_and_finance

The Economics and Finance major is designed to prepare students for managerial positions in business and government. Three concentrations are available within the Economics/Finance major: Economics, Finance, and Real Estate. All Economics/Finance majors are required to take the following two courses and choose one concentration area:

- ECO 315
- FIN 343 or ECO 340

The Economics Concentration

The Economics program is designed to prepare students for professional careers in managerial positions, government, administration, education, and others. Positions in business economics and graduate study require knowledge of economics and the application of economic tools to analyze problems for decision-making.

The Finance Concentration

The Finance program is designed to provide an understanding of the various areas and principles of finance. Students will develop a body of specialized knowledge and analytical techniques that are used in the acquisition, allocation and management of financial resources. Finance careers are typically in industry and commercial businesses, public utilities and government agencies, banks, insurance companies, brokerage houses, investment companies and other financial institutions. The finance degree is appropriate for students who plan a career in corporate finance, financial planning, investment planning and research, or insurance.

The Real Estate Concentration

The Real Estate program is designed to educate and prepare students for the myriad of professional careers available in residential, commercial, and related real estate industries. Students will develop the specialized quantitative and qualitative skills necessary to elevate their knowledge of real estate as an asset class and investment vehicle. Studying real estate will better prepare students for the unique demands and complex risks associated with real estate practice and investment. Additionally, exposure to active real estate professionals through coursework and internships will provide students the opportunity to begin building a professional network that will add value to their education and enhance their career prospects upon graduation.

Economics & Finance (BSBA) - Economics Concentration

Degree Requirements

General Education Requirements (59 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 120, MA 125

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 3 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112
C. 6 hours: ECO 215, ECO 216

Area V  200-Level Business Core (18 Hours)
A grade of at least C is required in each course.
A. 6 hours: ACC 211, ACC 212
B. 6 hours: BUS 245, BUS 255
C. 3 hours: BUS 265
D. 3 hours: CIS 250

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)
Major Requirements (63 Hours)

Freshman Core (1 Course, 3 Hours)
A. 3 hours: BUS 150 or Transfer Student Elective for students transferring into the College with more than 45 hours. Students transferring with 45-60 hours are highly encouraged to take BUS 150.

Upper Division Business Core (6 Courses, 18 Hours)
A 2.0 GPA is required in the Upper Division Business Core.
A. 3 hours from: ECO 453
B. 15 hours: FIN 315, MGT 300, MGT 305 (W), MGT 325, MKT 320

Experiential Learning (2-4 Courses, 6 Hours)
A. 3 hours from: BUS 101, BUS 201, BUS 301, BUS 302
B. 3 hours from: ACC 496, ECO 496, FIN 496, MGT 496, MKT 496

Economic Concentration (9 Courses, 27 Hours)
A 2.0 GPA is required for the major courses.
A. 12 hours: ECO 315, ECO 316, ECO 330, ECO 491 (W)
B. 3 hours from: FIN 343 or ECO 340
C. 12 hours from: ECO 318, ECO 322, ECO 323, ECO 343, ECO 355, ECO 363, ECO 371, ECO 372, ECO 383, ECO 390, ECO 451, ECO 490, FIN 420, FIN 430

Business Electives (2 Courses, 6 Hours)
A. 6 hours from: 300-494 Electives from ACC, ECO, FIN, MGT, MKT

Business Policy Capstone (2 Course, 3 Hours)
A. 3 hours: MGT 485 (W), MGT 486

Minor Requirements (0 Or 18-24 Hours)
A minor is not required for this degree program

Economics & Finance (BSBA) - Finance Concentration

Degree Requirements

General Education Requirements (59 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 120, MA 125

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 3 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112
C. 6 hours: ECO 215, ECO 216

Area V 200-Level Business Core (18 Hours)
A. 6 hours: ACC 211, ACC 212
B. 6 hours: BUS 245, BUS 255
C. 3 hours: BUS 265
D. 3 hours: CIS 250

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (63 Hours)

Freshman Core (1 Course, 3 Hours)
A. 3 hours: BUS 150 or Transfer Student Elective for students transferring into the College with more than 45 hours. Students transferring with 45-60 hours are highly encouraged to take BUS 150.
Upper Division Business Core (6 Courses, 18 Hours)
A. 3 hours from: ECO 453
B. 15 hours: FIN 315, MGT 300, MGT 305 (W), MGT 325, MKT 320

Experiential Learning (2-4 Courses, 6 Hours)
A. 3 hours from: BUS 101, BUS 201, BUS 301, BUS 302
B. 3 hours from: ACC 496, ECO 496, FIN 496, MGT 496, MKT 496

Finance Concentration (9 Courses, 27 Hours)
A. 18 hours: ECO 315, FIN 332, FIN 350, FIN 410, FIN 411 (W), FIN 420
B. 3 hours from: FIN 343 or ECO 340
C. 6 hours from: FIN 344, FIN 345, FIN 370, FIN 421, FIN 425, FIN 426, FIN 430, FIN 445, FIN 446, FIN 470, FIN 471, FIN 490

Business Electives (2 Courses, 6 Hours)
A. 6 hours from: 300-494 Electives from ACC, ECO, FIN, MGT, MKT

Business Policy Capstone (2 Courses, 3 Hours)
A. 3 hours: MGT 485 (W), MGT 486

Minor Requirements (0 Or 18-24 Hours)
A minor is not required for this degree program

# Economics And Finance (BSBA)

## Degree Requirements

**Bachelor Of Science Degree Requirements - Major In Economics and Finance**

To graduate, students complete a minimum of 122 semester hours with an overall institution grade-point average (GPA) of 2.0 (38 hours of general education requirements and 84 hours of business courses). In addition, a grade of at least C is required in each of the Basic Business Techniques courses and a 2.0 GPA is required in the 300-level business core courses, and a 2.0 GPA is required for all courses counted in the Economics and Finance Major, which include the following:

Department of Electrical and Computer Engineering website
https://www.southalabama.edu/colleges/engineering/ece/index.html

The Department of Electrical and Computer Engineering offers the degrees of Bachelor of Science in Electrical Engineering (BSEE) and Bachelor of Science in Computer Engineering (BSCpE), both granted by the College of Engineering. The BSCpE program is administered by the ECE Department in consultation with the School of Computing. The ECE Department also offers the degree of Master of Science in Electrical Engineering.

### BSEE Program Educational Objectives

The program educational objectives (PEOs) of the Electrical Engineering Degree Program are to produce graduates who, during their first few years after graduation, will:

1. Achieve professional advancement with increasing responsibility, leadership, and mentorship.
2. Function effectively on multidisciplinary teams, and individually, to develop and apply electrical engineering solutions within a global, societal, and environmental context.
3. Communicate effectively and manage resources skillfully as members and leaders of their profession.
4. Advance professional competence through continuous learning such as studying for advanced degrees, professional registration, and leadership through ethical standards and professionalism.

### BSEE Student Outcomes

By the time of graduation from the Electrical Engineering Program, students should attain the following outcomes:

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
3. an ability to communicate effectively with a range of audiences
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

The BSEE curriculum is designed to ensure the attainment of the student outcomes.
The Bachelor of Science in Electrical Engineering program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org

Electrical Engineering is among the fastest evolving disciplines in our technological society. Engineering developments in electrical technology have provided, in a substantial way, improvement in the standard of living of humanity. The domain of the electrical engineer reaches from massive electrical energy systems to microscopic integrated circuits; from life studies in bioengineering to satellite communications systems; and from the control of electromagnetic radiation to the control of information flow in a computer. The Computer Engineering program is geared to students who are interested in the design of digital computing systems, integrating both hardware and software design components.

The highly diverse and rapidly evolving characteristics of these fields require a thorough understanding of fundamentals as well as flexibility in the design of individualized programs of study. Therefore, emphasis is placed on mathematics, physics, humanities, social sciences, basic sciences and engineering sciences during the first two years while sufficient flexibility is provided at the senior level to allow a student, in consultation with an advisor, to prepare a specialized course of study in two areas from the broad field of electrical and computer engineering.

**BSCpE Program Educational Objectives**

The program educational objectives (PEOs) of the Computer Engineering Degree Program are to produce graduates who, during their first few years after graduation, will:

1. Achieve professional advancement with increasing responsibility, leadership and mentorship.
2. Function effectively on multidisciplinary teams, and individually, to develop and apply computer engineering solutions within a global, societal, and environmental context.
3. Communicate effectively and manage resources skillfully as members and leaders of their profession.
4. Advance professional competence through continuous learning such studying for advanced degrees, professional registration, and leadership through ethical standards and professionalism.

**BSCpE Student Outcomes**

By the time of graduation from the BSCpE program, a student will have demonstrated attainment of the following outcomes:

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
3. an ability to communicate effectively with a range of audiences
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies

The BSCpE curriculum is designed to ensure the attainment of the student outcomes. The Bachelor of Science in Computer Engineering program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org

In the Computer Engineering Degree Program, sequences of courses are chosen from Electrical and Computer Engineering and from Computer Science that produce an in-depth treatment of digital logic and systems theory. In addition, means are provided in both degree programs, through the Electrical and Computer Engineering Design Laboratory, for a student to pursue a design topic outside of, but related to, the formal course work.

Students are required to take general education (GenEd) elective courses in two broad areas: (i) Literature, Humanities and Fine Arts, and (ii) History, Social, and Behavioral Sciences. These courses provide breadth to the educational experience of Electrical Engineering and Computer Engineering students. They must be planned, in consultation with an academic advisor, to reflect a rationale appropriate to the educational objectives of the Departmental Programs, while conforming strictly to the requirements of the Articulation and General Studies Committee of the State of Alabama.

A minimum of 18 semester hours from areas (i) and (ii) above must be successfully completed. In area (i), Public Speaking (CA 110) is required for all Electrical and Computer Engineering students. Of the two remaining courses, one course must be in
literature and one course must be in the fine arts; in area (ii), at least one course must be in history and at least one course must be from disciplines in the social and behavioral sciences.

Students in Electrical and Computing Engineering are required to become Student Members of the Institute of Electrical and Electronics Engineers (IEEE) when they enroll in EE 401 and EE 404. Students in Computer Engineering are required to become members of either the Institute of Electrical and Electronics Engineers (IEEE) or the Association for Computing Machinery (ACM) when they enroll in EE 401 and EE 404. Through participation in the activities of such technical organizations the student becomes aware of the activities of electrical and computer engineers in society. An excellent opportunity is provided to students for contact with practicing professionals as well as fellow students.

Any Electrical and Computer Engineering student interested in pursuing a career in medicine or bioengineering should consult with an advisor for an appropriate sequence of courses which will meet the minimum requirements for entry into a medical school or the necessary life sciences background to enter a graduate program in bioengineering.

The award of the BSEE or the BScpE degree will allow the graduate to enter the professions of electrical engineering or computer engineering directly, or to continue his/her education at the graduate level.

**BSEE And BScpE Accelerated Bachelor's To Master's (ABM) Degree Option**

The Department of Electrical and Computer Engineering allows well-qualified EE and CpE undergraduates to follow an “Accelerated Bachelor’s to Master’s” study plan. This plan permits up to six credit hours of graduate coursework to count towards both the Bachelor’s (as Technical Electives) and the Master's degrees, so that the Master’s degree is earned faster than usual. (The coursework concerned must individually satisfy the requirements of both degrees.) See a departmental advisor for specific details.

Computer Engineering (BS)

Degree Requirements

General Education Requirements (54 Hours)

Area I – Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II – Humanities & Fine Arts (3 Courses, 9 Hours)
A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101
C. 3 hours from: CA 110

Area III – Natural Sciences & Mathematics (4 Courses & Labs, 16 Hours)
A. 4 hours: MA 125
B. 12 hours from: CH 131 & CH 131L, PH 201 & PH 201L, PH 202 & PH 202L

Area IV – History, Social & Behavioral Sciences (3 Courses, 9 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 6 hours from: AN 100, AN 101, CA 100, CA 211, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V Pre-Professional, Major, Elective Courses (4 Courses, 14 Hours)
A. 14 hours from: MA 126, MA 227, MA 238, MA 267

Major Requirements (75 Hours)

Computer Engineering Major Core (24 Courses, 62 Hours)
A. 2 hours: EG 101 or EG 201
B. 3 hours: EG 231
C. 13 hours: CIS 210, CSC 231, CSC 311, CSC 322
D. 14 hours: EE 220, EE 223, EE 227, EE 263, EE 264, EE 268
E. 16 hours: EE 321, EE 322, EE 328, EE 331, EE 334, EE 368
F. 14 hours: EE 401, EE 404, EE 431, EE 446, EE 454, EE 457

Computer Technical Electives For Hardware Track (4 Courses, 12 Hours)
A. 6 hours from: EE 438, EE 439, *EE 440, *EE 441, *EE 443, EE 444, EE 465, EE 468, EE 469, EE 470, EE 471, EE 473, CSC 410, CSC 411, CSC 412, CSC 413, CSC 414, CSC 415, CSC 416, CSC 417, CSC 418, CSC 434, CSC 440
B. 6 hours from: EE 438, EE 439, *EE 440, EE 441, *EE 443, EE 444, EE 465, EE 468, EE 469, EE 470, EE 471, EE 473
*Credit for both EE 440 & EE 443 not allowed OR

Computer Technical Electives For Software Track (4 Courses, 12 Hours)
A. 9 hours from: CSC 331, CSC 332, CSC 333
B. 3 hours from: EE 438, EE 439, *EE 440, EE 441, *EE 443, EE 444, EE 465, EE 468, EE 469, EE 470, EE 471, EE 473, CSC 410, CSC 411, CSC 412, CSC 413, CSC 414, CSC 415, CSC 416, CSC 417, CSC 418, CSC 434, CSC 440

Computer Senior Lab (1 Course, 1 Hour)
A. 1 hour from: EE 437, EE 447, EE 449
Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:

- Recommended Course
- Hardware Track – Students will take 2 senior level EE or CSC Technical Elective courses along with 2 senior level EE Technical courses
- Software Track – Students will take 1 senior level EE or CSC Technical Elective course along with CSC 331, CSC 332 and CSC 333.
- Credit for both EE 440 & EE 443 not allowed
- All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor

Additional Information

Professional Component Standing (PCS)

PCS is required to be eligible to take EE 300-level and EE 400-level courses. PCS is awarded when the students meet the following requirements.

- Courses: MA 125, MA 126, CH 131, CH 131L, PH 201, CIS 210, EE 220, EE 263, EH 101, EH 102
- C-grade or higher required in PCS courses
- Minimum Grade Point Average: 2.00 USA GPA

Students who fail to maintain at least a 2.00 GPA overall at the University of South Alabama will lose PCS and may be required to take or repeat appropriate courses as specified by the department chair to correct their deficiencies and may not be permitted to continue in 300- and 400-level engineering courses.

All bolded courses meet general education requirements. See the departmental flow chart for the current listing of courses.

Courses listed as Milestones are required to obtain Professional Component Standing (PCS). All Milestone courses require a grade of "C" or better. Prerequisite courses denoted (cc) may be taken concurrently.

*Students who earn an English ACT score of 27, or a written SAT score of 610, can opt out of EH 101.

**Students not Term 1-Calculus I ready will exceed the 129 hours required for this degree. If math is not started prior to Fall of Year 1, you are likely extending your four-year graduation timetable. Students with ACT Math scores 21 and below should begin math courses in the summer before Fall of Year 1.**

Two designated writing (W) courses are required with at least one course chosen from offerings in the student's major or minor. Courses carrying this required credit are identified in the University Bulletin by a (W) after the course title.

The Sample 4-year plan is designed as a guide for students preparing for their course selections. This information provides only a suggested schedule. Actual course selections should be made in consultation with an advisor.
Electrical Engineering (BS) - General Track

Degree Requirements

General Education Requirements (54 Hours)

Area I – Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II – Humanities & Fine Arts (3 Courses, 9 Hours)
A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101
C. 3 hours: CA 110

Area III – Natural Sciences & Mathematics (4 Courses & Labs, 16 Hours)
A. 4 hours: MA 125
B. 12 hours from: CH 131 & CH 131L, PH 201 & PH 201L, PH 202 & PH 202L

Area IV – History, Social & Behavioral Sciences (3 Courses, 9 Hours)
A. 3–6 hours from: HY 101, HY 102, HY 135, HY 136
B. 3–6 hours from: AN 100, AN 101, CA 100, CA 211, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, PSC 130, PSY 120, PSY 132, PSY 250, SY 109, SY 112

Area V Pre-Professional, Major, Elective Courses (4 Courses, 14 Hours)
A. 14 hours from: MA 126, MA 227, MA 237, MA 238

Major Requirements (75 Hours)

Electrical Engineering Major Core (26 Courses & Labs, 65 Hours)
A. 2 hours: EG 101 or EG 201
B. 3 hours: CIS 210
C. 6 hours: EG 231, EG 270
D. 14 hours: EE 220, EE 223, EE 227, EE 263, EE 264, EE 268
E. 29 hours: EE 321, EE 322, EE 328, EE 331, EE 334, EE 354, EE 355, EE 355, EE 368, EE 372, EE 381, EE 385
F. 11 hours: EE 401, EE 404, EE 431, EE 437, EE 465

Technical Electives (3 Courses, 9 Hours)
A. 6 hours: Control Systems: EE 422, EE 423, EE 424, EE 427, EE 438, EE 468
B. 6 hours: Communications and Networks: EE 441, EE 444, EE 453, EE 456, EE 471, EE 473
C. 6 hours: Digital Systems: EE 438, EE 440*, EE 441, EE 443*, EE 454, EE 457, EE 468, EE 469
D. 6 hours: Electromagnetics and Optics: EE 450, EE 452, EE 453, EE 455, EE 456, EE 458, EE 468
E. 6 hours: Electronics: EE 430, EE 432, EE 438, EE 439, EE 455, EE 470, EE 482, EE 486
F. 6 hours: Power Systems: EE 430, EE 481, EE 482, EE 483, EE 484, EE 485, EE 486, EE 488, EE 489
G. 3 hours: EE 422, EE 423, EE 424, EE 427, EE 430, EE 432, EE 438, EE 440*, EE 441, EE 443*, EE 444, EE 450, EE 452, EE 453, EE 454, EE 455, EE 456, EE 457, EE 458, EE 465, EE 468, EE 469, EE 470, EE 471, EE 473, EE 481, EE 482, EE 483, EE 484, EE 485, EE 486, EE 488, EE 489
Senior Lab Elective (1 Course, 1 Hour)

A. 1 hour: EE 446, EE 447, EE 449

Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:

* Recommended Course

1. EE Technical electives must be selected from Electrical Engineering courses carrying a 400 number and must include a two-course concentration from approved list with permission of the student’s advisor.
2. Credit for both EE 440 & EE 443 not allowed
3. All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student’s major or minor.
4. Appropriate software tools will be utilized in almost all EE courses.

Additional Information

Professional Component Standing (PCS)

PCS is required to be eligible to take EE 300-level and EE 400-level courses. PCS is awarded when the students meet the following requirements.

- Courses: MA 125, MA 126, CH 131, CH 131L, PH 201, CIS 210, EE 220, EE 263, EH 101, EH 102,
- C-grade or higher required in PCS courses
- Minimum Grade Point Average: 2.00 USA GPA

Students who fail to maintain at least a 2.00 GPA overall at the University of South Alabama will lose PCS and may be required to take or repeat appropriate courses as specified by the department chair to correct their deficiencies and may not be permitted to continue in 300- and 400-level engineering courses.

Notes

Students with an adequate ACT/SAT score in English Composition will not be required to take EH 101 as a prerequisite to EH 102

**BOLD courses are required for Professional Component Standing (PCS). “C” grade or better in each course is required to obtain PCS in the Electrical Engineering Program.**

**EE technical electives must be selected from Electrical Engineering courses carrying a 400 number and must include a two-course concentration from the following concentration areas with permission of the student's advisor:**

Control Systems: EE 422, EE 423, EE 424, EE 427, EE 438, and EE 468.

Communications and Networks: EE 441, EE 444, EE 453, EE 456, EE 471, and EE 473.

Digital Systems: EE 438, EE 440, EE 441, EE 443, EE 454, EE 457, EE 468 and EE 469.

Electromagnetics and Optics: EE 450, EE 452, EE 453, EE 455, EE 456, EE 458, and EE 488.

Electronics: EE 430, EE 432, EE 438, EE 439, EE 455, EE 470, EE 482, and EE 486.

Power Systems: EE 430, EE 481, EE 482, EE 483, EE 484, EE 485, EE 486, EE 488, and EE 489.

Appropriate software tools will be utilized in almost all EE courses.

**TOTAL 129**

All bolded courses meet general education requirements. See the departmental flow chart for the current listing of courses.

Courses listed as Milestones are required to obtain Professional Component Standing (PCS). All Milestone courses require a grade of "C" or better. Prerequisite courses denoted (cc) may be taken concurrently.

*Students who earn an English ACT score of 27, or a written SAT score of 610, can opt out of EH 101.

**Students not Term 1-Calculus I ready will exceed the 129 hours required for this degree. If math is not started prior to Fall of Year 1, you are likely extending your four-year graduation timetable. Students with ACT Math scores 21 and below should begin math courses in the summer before Fall of Year 1.

Two designated writing (W) courses are required with at least one course chosen from offerings in the student's major or minor. Courses carrying this required credit are identified in the University Bulletin by a (W) after the course title.

The Sample 4-year plan is designed as a guide for students preparing for their course selections. This information provides only a suggested schedule. Actual course selections should be made in consultation with an advisor.
Electrical Engineering (BS) - Premed Track

Degree Requirements

General Education Requirements (74 Hours)

Area I – Written Composition (2 Courses, 6 Hours)
- A. 3 hours: EH 101
- B. 3 hours: EH 102 or EH 105

Area II – Humanities & Fine Arts (3 Courses, 9 Hours)
- A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
- B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101
- C. 3 hours: CA 110

Area III – Natural Sciences & Mathematics (13 Courses & Labs, 28 Hours)
- A. 4 hours from: MA 125
- B. 24 hours from: BLY 121 & BLY 121L, BLY 122 & BLY 122L, CH 131 & CH 131L, CH 132 & CH 132L, PH 201 & PH 201L, PH 202 & PH 202L

Area IV — History, Social & Behavioral Sciences (3 Courses, 9 Hours)
- A. 3 -6 hours from: HY 101, HY 102, HY 135, HY 136
- B. 3-6 hours from: AN 100, AN 101, CA 100, CA 211, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, IS 100, IST 201, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V – Pre-Professional, Major, Elective Courses (8 Courses, 22 Hours)
- A. 22 hours: MA 126, MA 227, MA 237, MA 238, CH 201 & CH 201L, CH 202 & CH 202L

Major Requirements (65 Hours)

Electrical Engineering Major Core (24 Courses & Labs, 58 Hours)
- A. 2 hours: EG 101 or EG 201
- B. 6 hours: BMD 321, BMD 322
- C. 3 hours: *BLY 350 (not required)
- D. 3 hours: CIS 210
- E. 3 hours: EG 231
- F. 14 hours: EE 220, EE 223, EE 227, EE 263, EE 264, EE 268
- G. 19 hours: EE 321, EE 322, EE 328, EE 331, EE 334, EE 368, EE 372
- H. 11 hours: EE 401, EE 404, EE 431, EE 437, EE 465

Technical Electives (2 Courses, 6 Hours)
Must include a two-course concentration *Credit for both EE 440 & EE 443 not allowed
- A. 6 hours: Control Systems: EE 442, EE 423, EE 424, EE 427, EE 438, EE 468
- B. 6 hours: Communications and Networks: EE 441, EE 444, EE 453, EE 471, EE 473
- C. 6 hours: Digital Systems: EE 438, EE 440*, EE 441, EE 443*, EE 454, EE 457, EE 468, EE 469
- D. 6 hours: Electromagnetics and Optics: EE 450, EE 452, EE 453, EE 455, EE 456, EE 458, EE 488
- E. 6 hours: Electronics: EE 430, EE 432, EE 438, EE 439, EE 455, EE 470, EE 482, EE 486
- F. 6 hours: Power Systems: EE 430, EE 481, EE 482, EE 483, EE 484, EE 485, EE 486, EE 488, EE 489
Senior Lab Elective (1 Course, 1 Hour)
A. 1 hour: EE 446 or EE 447

Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:
* Recommended Course

1. C-grade or higher required in all prerequisite courses.
2. Appropriate software tools will be utilized in almost all EE courses.
3. BLY 350 is recommended but not required for the Pre-Med Track.
4. **PSY 120 and **SY 109 are recommended for the MCAT.
5. Accelerated Bachelor’s to Master’s (ABM) students will take up to six hours of approved graduate coursework.
6. All Electrical and Computer Engineering undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major.

Additional Information

Professional Component Standing (PCS)

PCS is required to be eligible to take EE 300-level and EE 400-level courses. PCS is awarded when the students meet the following requirements.

• Courses: MA 125, MA 126, CH 131, CH 131L, PH 201, CIS 210, EE 220, EE 263, EH 101, EH 102,
• C-grade or higher required in PCS courses
• Minimum Grade Point Average: 2.00 USA GPA

Students who fail to maintain at least a 2.00 GPA overall at the University of South Alabama will lose PCS and may be required to take or repeat appropriate courses as specified by the department chair to correct their deficiencies and may not be permitted to continue in 300- and 400-level engineering courses.

**Notes**

*See Degree Requirements

Students with an adequate ACT/SAT score in English Composition will not be required to take EH 101 as a prerequisite to EH 102

**BOLD** courses are required for Professional Component Standing (PCS). “C” grade or better in each course is required to obtain PCS in the Electrical Engineering Program

**EE technical electives must be selected from Electrical Engineering courses carrying a 400 number and must include a two-course concentration from the following concentration areas with permission of the student's advisor:**

- **Control Systems:** EE 422, EE 423, EE 424, EE 427, EE 438, and EE 468.
- **Communications and Networks:** EE 441, EE 444, EE 453, EE 456, EE 471, and EE 473.
- **Digital Systems:** EE 438, EE 440*, EE 441, EE 443*, EE 454, EE 457, EE 465, EE 468 and EE 469.
- **Electromagnetics and Optics:** EE 450, EE 452, EE 453, EE 455, EE 456, EE 458, and EE 488.
- **Electronics:** EE 430, EE 432, EE 438, EE 439, EE 455, EE 470, EE 482, and EE 486.
- **Power Systems:** EE 430, EE 481, EE 482, EE 483, EE 484, EE 485, EE 486, EE 488, and EE 489.

Appropriate software tools will be utilized in almost all EE courses.
Electrical Engineering (MS)

Degree Requirements

With the ever-increasing pace of technological development in society, new and challenging opportunities are becoming available that require engineering graduates with increased levels of specialization. To provide for this, the Electrical and Computer Engineering Department offers electrical engineering and computer engineering graduates a cutting-edge program in graduate studies leading to the Master of Science in Electrical Engineering (MSEE) degree.

The program offers advanced level courses and areas of specialization in computer engineering, digital controls, laser-assisted fabrication, microelectronics, networks, image processing, pattern recognition, wireless communications, optical information processing and power systems. Graduate students have wide opportunities to undertake front-line engineering research alongside faculty for both thesis and project work. In addition, a coursework-only program is also offered by the department for those in industry who intend to further their professional development while pursuing a graduate degree.

Admission To The MSEE Program

The following criteria supplement the College of Engineering admission criteria (see Admission to Graduate Programs):

1. Regular Admission
   a. A B.S. degree in electrical or computer engineering is required.
   b. A grade-point average of 3.0 or greater (A=4.0) on all undergraduate work is required. This can be relaxed depending on the academic background and experience of the applicant.
   c. A minimum score of 151 in the quantitative section and a minimum score of 141 in the verbal section of the Graduate Record Examination (GRE) is required. GRE scores are not required for ECE students who have graduated from the University of South Alabama.
   d. For International students whose native language is not English, a minimum score of 550 on the written Test of English as a Foreign Language (TOEFL) or a minimum score of 79 on the Internet-based TOEFL exam, or a minimum score of Band 6.5 on the International English Language Testing System (IELTS) test, is required.

2. Provisional Admission
   a. A B.S. degree in electrical or computer engineering, or in a field acceptable to the departmental Graduate Admissions Committee, is required. Depending on the student's background, additional undergraduate preparatory courses may be required. These courses will not count toward the MS degree.
   b. A minimum grade-point average of 2.5 (A=4.0) on all undergraduate work, including a minimum grade-point average of 2.5 over the last 64 course hours of undergraduate work is required. Alternatively, a minimum grade-point average of 2.75 over the last 64 course hours of undergraduate work is required.
   c. A minimum GRE combined score greater than or equal to 283 (Verbal + Quantitative) is required. GRE scores are not required for ECE students who have graduated from the University of South Alabama.
   d. For International students whose native language is not English, a minimum score of 525 on the written Test of English as a Foreign Language (TOEFL) or a minimum score of 71 on the Internet-based TOEFL exam, or a minimum score of Band 6.0 on the International English Language Testing System (IELTS) test, is required.

BSEE And BSCpE Accelerated Bachelor’s To Master’s (ABM) Degree Option

The Department of Electrical and Computer Engineering allows well-qualified EE and CpE undergraduates to follow an “Accelerated Bachelor’s to Master’s” study plan. This plan permits up to six credit hours of graduate coursework to count towards both the Bachelor’s (as Technical Electives) and the Master’s degrees, so that the Master’s degree is earned faster than usual. (The coursework concerned must individually satisfy the requirements of both degrees.)

Example: the MSEE degree requires 30 total credit hours (for thesis option, 24 credit hours of coursework plus six credit hours of thesis work). ABM students may take up to six of the MSEE coursework credit hours as Technical Electives for their BSEE or BSCpE degrees, leaving only 24 credit hours of coursework (for non-thesis option) or 18 credit hours of coursework plus six credit hours of thesis work (for thesis option) needed to earn the MSEE degree.

Eligibility Requirements:

- Must have at least 3.0 cumulative undergraduate GPA (at USA), and
• Must have completed at least 90 credit hours (i.e., senior status; within two semesters of BSEE or BSCpE graduation), and
• Must have completed at least 30 credit hours at USA.

A student who later withdraws or is dismissed from the ABM program may not count graduate coursework towards both degrees. Graduate courses will only be counted towards the MSEEE degree if the undergraduate student earns an “A” or “B” grade.

An ABM student must be a full time student and must complete all degree requirements for the Master’s degree within three semesters of the semester in which he or she was admitted to the Graduate School. An exception for a fourth semester may be granted where an additional semester is required for final revisions to and submission of a defended thesis. Thesis option students must form the thesis committee during the second semester of the program the latest. Exceptions to the Electrical and Computer Engineering ABM program policy are at the discretion of the Department Chair and the Dean of the Graduate School.

Procedure:
If you satisfy these eligibility requirements, and wish to be considered for the ABM program:

1. Discuss ABM with the Department Chair and/or your advisor, for course planning;
2. Complete an undergraduate Advising Form at https://www.southalabama.edu/colleges/engineering/currentstudents/resources/engineeringadvisingform.pdf incorporating the ABM courses you have chosen;
3. Complete and print the ABM Declaration form at https://www.southalabama.edu/departments/eforms/graduateschool/abmdeclarationform.pdf incorporating the ABM courses you have chosen;
4. Submit this printed form to the Department Chair for formal approval and routing;
5. Fill out the Graduate Course Request Form at https://www.southalabama.edu/departments/eforms/registrar/graduate_level_course_for_undergraduate_degree.pdf and submit it to the Department Chair for formal approval and routing;
6. Enroll in the graduate section (500-level) of your chosen ABM Technical Elective(s) (N.B., this will require course overrides).

These 500-level Technical Electives will count towards the MSEEE degree after you apply for graduate school (after completing the BS degree) and successfully complete nine additional credit hours of graduate courses.

Graduation Plan

Electrical Engineering (MS): (30 Total Hours)

The minimum credit hour requirements for the three different options for the MSEEE degree are:

• Thesis Option: 30 credit hours
• Project Option: 30 credit hours
• Course Option: 30 credit hours

The details of each option are contained in the Electrical and Computer Engineering Department Guidelines for the MSEEE program.

The Graduation Plan is an example of course progression. Individual student plans may vary. Students should consult an academic advisor to create a personalized plan.

**Notes**

*Thesis course: EE 599

**Project course EE 594

***Graduate elective classes must be approved by the departmental graduate coordinator

Some classes from other disciplines are available for graduate students: these must be approved by the departmental graduate coordinator

No more than 18 hours of dual-listed courses (400-and 500-level listing for the same course) may be counted toward meeting the minimum hours required for a degree.

Other ECE Requirements are as specified in the Departmental policies

Graduate level instruction in research integrity and professional ethics is required in all graduate programs

---

**BSEE And BSCpE Accelerated Bachelors – Masters (ABM) Degree Option**

The Department of Electrical and Computer Engineering allows well-qualified EE and CpE undergraduates to follow an “Accelerated Bachelor’s to Master’s” study plan. This plan permits up to six credit hours of graduate coursework to count towards both the bachelor’s (as Technical Electives) and the master’s degrees, so that the master’s degree is earned faster than usual. (The coursework concerned must individually satisfy the requirements of both degrees.)

Example: the MSEE degree requires 30 total credit hours (for thesis option, 24 credit hours of coursework plus 6 credit hours of thesis work). ABM students may take up to six of the MSEE coursework credit hours as Technical Electives for their BSEE or BSCpE degrees, leaving only 24 credit hours of coursework (for non-thesis option) or 18 credit hours of coursework plus 6 credit hours of thesis work (for thesis option) needed to earn the MSEE degree.

**Eligibility Requirements:**

- Must have at least 3.0 cumulative undergraduate GPA (at USA), and
- Must have completed at least 90 credit hours (i.e., senior status; within two semesters of BSEE or CpE graduation), and
- Must have completed at least 30 credit hours at USA.

A student who later withdraws or is dismissed from the ABM program may not count graduate coursework towards both degrees. Graduate courses will only be counted towards the MSEE degree if the undergraduate student earns an “A” or “B” grade.

An ABM student must be a full time student and must complete all degree requirements for the master’s within three semesters of the semester in which they were admitted to the Graduate School. An exception for a fourth semester may be granted where an additional semester is required for final revisions to and submission of a defended thesis. Thesis option students must form the thesis committee during the second semester of the program the latest. Exceptions to the Electrical and Computer Engineering ABM program policy are at the discretion of the Department Chair and the Dean of the Graduate School.

**Procedure:**

If you satisfy these eligibility requirements, and wish to be considered for the ABM program:

1. Discuss ABM with the Department Chair and/or your advisor, for course planning;
2. Complete an undergraduate Advising Form at [https://www.southalabama.edu/colleges/engineering/currentstudents/resources/engineeringadvisingform.pdf](https://www.southalabama.edu/colleges/engineering/currentstudents/resources/engineeringadvisingform.pdf) incorporating the ABM courses you have chosen;
3. Complete and print the ABM Declaration form at: [https://www.southalabama.edu/departments/eforms/graduateschool/abmdeclarationform.pdf](https://www.southalabama.edu/departments/eforms/graduateschool/abmdeclarationform.pdf) incorporating the ABM courses you have chosen;
4. Submit this printed form to the Department Chair for formal approval and routing;
5. Fill out the Graduate Course Request Form and submit it to the Department Chair for formal approval and routing.
6. Enroll in the graduate section (500-level) of your chosen ABM Technical Elective(s) (N.B., this will require course overrides).

These 500-level Technical Electives will count towards the MSEE degree after you apply for graduate school (after completing the BS degree) and successfully complete nine additional credit hours of graduate courses.

Department of Emergency Medical Services Education website
https://www.southalabama.edu/colleges/alliedhealth/ems/index.html

The Department of EMS Education prepares students for careers in Emergency Medical Services. To meet the expanding role of prehospital providers, the Department of EMS Education offers three certificate programs, EMT, AEMT and Paramedic, as well as a Bachelor of Science in Emergency Medical Services.

Advanced EMT (AEMT) Certificate Program

Degree Requirements

The EMT certificate program can be completed in one academic semester and is a prerequisite to the Advanced EMT (AEMT) certificate program. The AEMT certificate program can be completed in one academic semester and is a prerequisite to the Paramedic certificate program. The Paramedic certificate program can be completed in three academic semesters. Together, these programs can be completed in five semesters. Students may, however, elect to complete only the EMT level of education, or the AEMT level of education.

After successful completion of each level of education, the student is eligible to sit for the National Registry of EMT's (NREMT) certification examination. Successful completion of this examination is mandatory for licensure to practice in the State of Alabama. State licensure as an EMT is required to apply for AEMT education. Those who complete any level of education and licensure are qualified to work in escalating roles (by level) in many areas of out-of-hospital emergency medical care, including ambulance services, fire rescue departments, and industrial health and safety settings.

Emergency Medical Services (BS)

Degree Requirements

General Education Requirements (41 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11 Hours)
A. 3 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (0-3 Hours)
A. 0-3 hours: CIS 150 or pass computer proficiency exam
B. MGT 300

If students have passed BMD 252 with a grade of B or higher, they are exempt from taking EMS 200

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

Major Requirements (85 Hours)

Emergency Medical Sciences Requirements(30 Courses, 85 Hours)
A. 85 hours: EMS 112, EMS 140, EMS 113, EMS 115, EMS 141, EMS 143, EMS 200, EMS 210, EMS 212, EMS 214, EMS 216, EMS 217, EMS 240, EMS 242, EMS 244, EMS 245, EMS 247, EMS 297, EMS 295, EMS 310, EMS 315, EMS 320, EMS 325, EMS 340, EMS 440, EMS 445, EMS 460, EMS 475, EMS 495, MGT 300
Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:

- EMS 410 - Concepts of Professional Paramedics, 6 credits (Bridge Course). Required. This track is designed especially for licensed paramedics who have earned their paramedic education elsewhere. In addition to the EMS 410 course, students are required to meet all admissions requirements. Upon completion of EMS 410, up to 40 semester hours will be awarded to the student's previous paramedic training during the final semester before graduation.

D. 1 credit hour: EMS 104
E. 3 credit hours: EMS 110 or a Lab Science Elective (4)
F. 3 credit hours: ST 210 or ST 305
G. 3 credit hours: EMS 210
H. 0-3 credit hours: CIS 150 or pass computer proficiency exam

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)
All undergraduates must complete at least two designated writing credit (W) courses, both of which are already required in the major.

**Major Requirements (48-51 Hours)**

**Professional Health Sciences (16-17 Courses, 48-51 Hours)**

A. 18 hours: EMS 310, EMS 320, EMS 340, EMS 401, EMS 440, EMS 460
B. 15 hours: CA 275, EH 372, FIN 300, IST 450, MGT 300
C. 15-18 hours: General Electives or an Approved Minor

**Healthcare Management Concentration (4 Courses, 12 Hours)**

A. 12 hours: MGT 306, MGT 341, MGT 351, MKT 320

**Healthcare Informatics Concentration (4 Courses, 12 Hours)**

A. 12 hours: HI 300, HI 410, HI 450, HI 455

**Minor Requirements (0 Hours)**

A minor is not required for this degree program

**Notes:**

* Recommended Course

Notes

*A two-course sequence is required in Literature or History: EH 215 & 216; 225 & 226; 235 & 236 OR HY 101 & 102; HY 135 & 136.

**A minimum of two Intensive Writing (W) courses are required.
English

Department Information

Department of English website
https://www.southalabama.edu/colleges/artsandsci/english

Through its focus on the interpretation, analysis, and production of literary and other texts, the English Department teaches students how those texts shape and are shaped by the world around them. In so doing, the Department helps students acquire the critical skills they need to analyze and participate in these interactions and contribute to the shaping of their worlds. The faculty's teaching and research in literature, creative writing, and composition/rhetoric combine to foster excellence in critical reading, creative thinking, and effective writing.

For all students, the Department provides the composition skills essential for success at the University and offers courses introducing the cultural diversity and historical breadth of British, American, and world literatures. For students majoring or minoring in English, the Department teaches critical strategies needed for intensive study in creative writing, professional writing, and in diverse literatures in English. For students pursuing graduate study in English, the Department provides advanced training in creative writing, literary analysis, rhetoric, methods of scholarly research, and critical theory. In all cases, by asking students to read, discuss, and write about a wide variety of texts, the Department promotes an inclusive and evolving understanding of English Studies.

All first-time freshmen must successfully complete CAS 100, First Year Experience, as a degree requirement. Students must enroll during their first term at USA, except for summer-entry students who must enroll in the fall semester following entry. EH 300 will fulfill the technology proficiency requirement.

Honors In English

To be awarded Departmental Honors in English a student must:

1. Complete all the standard requirements for the major in English.
2. Maintain a 3.5 overall GPA (University requirement) and a 3.5 GPA in all course work in English.
3. Receive permission from the Department Chair and agreement from a Department member to serve as mentor.
4. Complete a Senior Honors Thesis (EH 499), with a grade of “A” or “B” in addition to the standard requirements for the English major. EH 499, Senior Honors Thesis (six semester hours credit), may be counted toward three hours of the 39 hours required for the major and toward three hours of the nine 400-level hours required for the major. Thus, the student receiving honors in English will be required to take a total of 42 hours in English instead of 36. In EH 499 the student will normally take three hours in the Fall semester for research and three in the Spring for writing. A final committee of three or more faculty members, including a representative of the University Honors College, will conduct an oral defense. The thesis must be approved by the director of the University Honors College.

PLEASE NOTE: To be eligible to undertake an honors thesis in creative writing, the student must first complete four creative writing courses at the University of South Alabama. This policy on creative writing theses not only applies to students seeking departmental honors but also to students enrolled in the Honors College.

Graduate Studies

The Master of Arts degree program in English is designed to meet the needs of students pursuing a terminal M.A. and of those planning to work toward the Ph.D. and a career in university teaching. The terminal M.A. serves such career tracks as junior college or secondary-school teaching and writing or editing in the business or corporate community. Creative writers find the degree meaningful in careers both in and out of the academic community since the M.A. provides guidance towards book publication and time to study successful literary texts.

Requirements for admission

Students are admitted each semester. The following criteria supplement the Graduate School criteria (see Categories of Admission):
1. For the Literature Concentration, applicants normally have an undergraduate major or minor in English or at least 21 semester hours of course work in English beyond the freshman level, at least 12 of these hours in upper-division literature courses. For the Creative Writing Concentration, applicants normally have 15 semester hours of course work in English beyond the freshman level. Students lacking prior coursework can complete additional upper-division courses in English to strengthen their applications.

2. Applicants to graduate programs in Arts and Sciences typically have a minimum GPA of at least 3.0 on all undergraduate work. In exceptional cases, applicants may be considered with at least a 2.5 GPA on all undergraduate work, or at least a 2.75 GPA on the last 60 hours of undergraduate work. The English Department normally requires a minimum GPA of 3.0 in junior- and senior-level courses presented in fulfillment of requirement 1.

3. Applicants normally have a score of at least 153 on the Verbal section of a GRE General Test taken within the past seven years. Admission with a lower Verbal GRE score requires specific approval of the Department’s Graduate Committee. In rare cases, applicants may be admitted provisionally without submitting a score, but one must be submitted before the student can progress to the second semester.

4. All applicants should submit a personal statement of no more than 500 words, a writing sample of 5-15 pages in the area of concentration (creative writing or literature) and three letters of recommendation.*

5. All applicants for whom English is a second language should submit a TOEFL IBT score of at least 79 or IELTS score of at least 6.5. (Note that ESL applicants must apply through the International Admissions Office at USA.)

*Students must specify their concentration at the time of application and may not thereafter change concentrations without the specific approval of the English Department's Graduate Committee.

Graduate Assistantships
The English Department awards both teaching assistantships and research assistantships. Teaching assistantships involve responsibility for freshman composition classes. Graduate students holding research assistantships are usually assigned tasks involving tutoring, research, editing, or administrative/clerical tasks. Awards are normally made for the academic year; occasionally, assistantships become available for spring semester. Applications are taken continuously; competition for appointments begins in February for the following year. See Graduate Coordinator for information and application. (See also Bulletin section on Graduate School, "Assistantships and Fellowships.")

English (BA)

Degree Requirements

General Education Requirements (53-27 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101
D. 6 hours from: AFR 101, ARH 100, ARH 103, ARH 123, ARH 203, ARS 101, ARS 121, ARS 123, ARS 124, CLA 110, DRA
110, EH 215, EH 216, EH 225, EH 226, EH 235, EH 236, LG 101, LG 102, LG 111, LG 112, LG 121, LG 122, LG 131, LG
132, LG 141, LG 142, LG 151, LG 152, LG 171, LG 172, LG 173, LG 201, LG 202, LG 211, LG 212, LG 213, LG
221, LG 222, LG 231, LG 232, LG 234, LG 241, LG 242, 251, LG 252, LG 271, LG 272, LG 273, LGS 101, LGS 102, LGS
282, MUL 101, PHL 110, PHL 120, PHL 211, PHL 231, PHL 240, REL 100, REL 200, REL 201

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 227, MA 237, MA 238
B. 8-10 hours from: AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY
122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO
102L, GY 111 & GY 111L, GY 112 & GY 112L, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG
132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LGS 151 & LG 152 or proficiency

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY
102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (0-23 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG
122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LGS
151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS
181 & LGS 182

   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and
   Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another
test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who
pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete
only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:
   AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH
101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L,

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student’s major or minor.

**Major Requirements (39 Hours)**

**English BA Major Core (16 Courses, 39 Hours)**

A. Survey Sequence - 6 hours from: EH 215/EH 216, EH 225/EH 226, or EH 235/EH 236
B. Gateway Course - 3 hours: EH 300 -Should be completed prior to enrollment in any 400-level English course.  Also fulfills technology requirement.
C. Literature prior to 1660 - 3 hours from: EH 314, EH 315, EH 321, EH 322, EH 324, EH 461, EH 465, EH 467, EH 470, EH 471, EH 472 (NOTE: Classical Mythology EH/PHL/REL/CLA 310 cannot satisfy this requirement.)
D. British or American Literature, 1660-1900 - 3 hours from: EH 331, EH 332, EH 334, EH 340, EH 342, EH 343, EH 351, EH 352, EH 353, EH 354, EH 462, EH 474, EH 475
E. Literature after 1900 - 3 hours from: EH 360, EH 362, EH 363, EH 364, EH 365, EH 366, EH 369, EH 380, EH 463, EH 468, EH 476, EH 478, EH 479
F. Criticism, Theory, Rhetoric - 3 hours from: EH 402, EH 421, EH 422
G. English Electives*- Six additional EH Courses - 18 hours.  (Any EH course qualifies, not just those listed above.  See limits on 200-level courses.)
H. 400-level courses - At least 9 hours - Note: These can simultaneously fulfill requirements C-G above, with one being Item F.

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program

Notes

**See Degree Requirements**
English (BA) - Creative Writing Concentration

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.

2. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (39 Hours)**

**English BA With Creative Writing Concentration (16 Courses, 39 Hours)**

A. Survey Sequence - 6 hours from: EH 215/EH 216, EH 225/EH 226, or EH 235/EH 236
B. Gateway course - 3 hours: EH 300 - Should be completed prior to enrollment in any 400-level English course. Also fulfills technology requirement.
C. Literature prior to 1660 - 3 hours from: EH 314, EH 315, EH 321, EH 322, EH 323, EH 324, EH 461, EH 465, EH 467, EH 470, EH 471, EH 472 (NOTE: Classical Mythology EH/PHL/REL/CLA 310 cannot satisfy this requirement.)
D. British or American Literature, 1600-1900 - 3 hours from: EH 331, EH 332, EH 334, EH 340, EH 342, EH 343, EH 351, EH 352, EH 353, EH 354, EH 462, EH 474, EH 475
E. Literature after 1900 - 3 hours from: EH 360, EH 362, EH 363, EH 364, EH 365, EH 366, EH 369, EH 380, EH 463, EH 468, EH 476, EH 478, EH 479
F. Criticism, Theory, Rhetoric - 3 hours from: EH 402, EH 421, EH 422
G. Creative Writing Core courses - 9 hours from: EH 200, EH 391, and EH 395
H. Additional Creative Writing courses - 6 hours with one course being 400-level
I. English Elective - one additional EH course 3 hours. Note: Any EH course will qualify, not just those listed on this page.
J. 400-level courses - At least 9 hours - Note: these can simultaneously fulfill requirements C-G above, with one being from F.

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program

**Notes:**

* English Electives

English (BA) - Professional Writing And Editing Concentration

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.

   2. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:
      AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L,
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

Major Requirements (39 Hours)

English B.A. With Professional Writing And Editing Concentration
(16 Courses, 39 Hours)

A. Survey Sequence - 6 hours from: EH 215/EH 216, EH 225/EH 226, or EH 235/EH 236
B. Gateway course - 3 hours: EH 300 - Should be completed prior to enrollment in any 400-level English course. Also fulfills technology requirement.
C. Literature prior to 1660 - 3 hours from: EH 314, EH 315, EH 321, EH 322, EH 323, EH 324, EH 461, EH 465, EH 467, EH 470, EH 471, EH 472 (NOTE: Classical Mythology EH/PHL/REL/CLA 310 cannot satisfy this requirement.)
D. British or American Literature, 1600-1900 - 3 hours from: EH 331, EH 332, EH 334, EH 340, EH 342, EH 343, EH 351, EH 352, EH 353, EH 354, EH 462, EH 474, EH 475
E. Literature after 1900 - 3 hours from: EH 360, EH 362, EH 363, EH 364, EH 365, EH 366, EH 369, EH 380, EH 463, EH 468, EH 476, EH 478, EH 479
F. Criticism, Theory, Rhetoric - 3 hours from: EH 402, EH 421, EH 422
G. Professional Writing and Editing Core courses - 9 hours from: EH 372 or EH 373, EH 404, and EH 405
H. Professional Writing and Editing courses - additional classes from this list to reach 9 hours from: EH 371, EH 372, EH 373, EH 481, EH 496 (1 or 2 credits)
I. 400-level courses - at least 9 hours - Note: these can simultaneously fulfill requirements C-I above, with one being Item F.

Minor Requirements (18-24 Hours)

A minor is required for this degree program

Notes:
* English Electives

</tr>
</tbody>
</table>

B. Before graduation, English M.A. students in the literature concentration must successfully meet their comprehensive examination requirement by completing either a literature thesis and oral thesis defense or by completing a capstone option.

Literature Thesis: The literature thesis is the preferred option for students who plan to enter a doctoral program in English. Students write a thesis, which may draw on a student’s previous written work in courses, but which must also involve substantial further research under the supervision of a thesis director. Students take three to six semester hours of credit toward the graduation requirement, which will be granted upon successful completion and defense of the thesis, leaving a minimum of thirty hours of credit to be accomplished in course work. An oral exam or defense, which will situate the thesis in the comprehensive objectives of the literature concentration, will be required one to two weeks prior to the Thesis First Submission Deadline for the Graduate School.

Literature Capstone: Students produce a capstone project, either the Research Essay or the Digital Humanities Teaching Option, which may draw on a student’s previous written work in courses, but which must also involve significant further research, meeting the comprehensive objectives of the literature concentration under the supervision of a capstone mentor. In their last semester of graduate study, students take three semester hours of Directed Study credit toward the capstone requirement, leaving a minimum of thirty-three hours of credit to be accomplished in course work. Each capstone requires an annotated bibliography, a major researched essay or an essay/digital presentation, and a presentation in the department. In order to qualify for graduation, all capstone work must be completed by April 15 (spring) or November 15 (fall) and receive the approval of the capstone mentor and the Graduate Committee. Departmental presentations will be scheduled between the deadline and the end of the semester.

C. Demonstrated proficiency in a foreign language is required.

Foreign Language Proficiency Requirement: All students pursuing the M.A. in English must demonstrate a reading proficiency in Spanish, French, German, or Latin before registering for the comprehensive exam or for thesis hours. Foreign nationals for whom English is not native may offer their native language. Credit in reading courses in acceptable languages may not count toward the 36 hour credit requirement for the M.A. in English.
## English (MA) Creative Writing

### Degree Requirements

Foreign Language Proficiency Requirement:
All students pursuing the M.A. in English must demonstrate a reading proficiency in Spanish, French, German, or Latin before registering for the comprehensive exam or for thesis hours. Foreign nationals for whom English is not native may offer their native language. Credit in reading courses in acceptable languages may not count toward the 36 hour credit requirement for the M.A. in English.
Minor In English Creative Writing

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

The minor in creative writing invites students from any major to explore literature and creative writing. While there are many ways to pursue creative writing, this minor provides those who want more sustained work in creative writing, a structure for that work, and a community of support. In addition, the creative writing minor fosters skills that employers have come to expect of students who study literature, such as the ability to comprehend complex material, analyze subtext, and communicate their ideas clearly.

To achieve a minor in creative writing, a student will need a minimum of 21 semester hours in English, exclusive of freshman English composition (EH 101 and EH 102). The other details and requirements are:

Minor In English Professional Writing

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

The minor in English: Professional Writing provides students with the conceptual foundations and hands-on practice necessary for communicating and writing proficiently in technical and professional contexts. The minor is intended to prepare students for producing the forms of writing they will encounter in the workplace (feasibility studies, technical reports, business letters, and grants, for example), and to provide a broad understanding of the rhetorical dimensions of written communication, especially nonacademic texts.

Environmental Toxicology

Department Information

Environmental Toxicology website
https://www.southalabama.edu/colleges/graduateschool/etox/

The University of South Alabama offers an interdisciplinary Masters program in Environmental Toxicology. Students focus on understanding how toxins and/or pollutants affect the health of people, foodwebs, and ecosystems. Projects will assess the fate, effects and risks of natural toxins and pollutants using a multidisciplinary approach that incorporates toxicology, environmental chemistry, risk assessment, and ecology. Students in this program will learn to:

• evaluate the impact of specific toxins, pollutants, and/or mixtures in the environment
• perform laboratory and/or field studies to monitor environmental and evaluate the impacts of toxins/pollutants
• optimize and/or develop field or laboratory methods to identify and evaluate toxic substances in biota and in the environment
• evaluate strategies to prevent, mitigate, and/or control and manage toxic substances
• evaluate policies and regulations used in risk analysis and risk management

Graduates from this program will be able to seek opportunities across multiple employment sectors including academic research, State and Federal Government research and policy, industry, non-governmental organizations, and private consulting and/or environmental monitoring. Alternatively, students may continue their education by pursuing a Ph.D. degree in Environmental Toxicology or related areas (e.g., Marine Sciences, Biology, Biomedical Sciences). In addition, these graduates will be qualified for jobs requiring M.S. degrees in their original areas of concentration.

Minimum Requirements For Admission

Students applying to this program must fulfill all the requirements for admission specified by the Graduate School. Additional requirements include:

• B.S./B.A. degree from an accredited four-year college or university. The program is designed for graduates holding baccalaureate degrees in Biology, Biomedical Sciences, Chemistry, Engineering or related fields.
• An undergraduate GPA of 3.00 or above is required.
• The Graduate Record Exam (GRE) will be required and will be considered among the admission criteria. A minimum score of 300 combined on the verbal and quantitative subtests.
• In addition, students applying to this program must have completed the following undergraduate courses: Biology (2 semesters); Statistics (1 semester); Calculus (1 semester); Organic Chemistry (2 semesters); Biochemistry.
• It is recommended (but not required) that students applying to the program have completed at least 6 credit hours of undergraduate Biochemistry. Those students who have only taken the minimum 3 hours of undergraduate biochemistry will have to include an additional 3 hours of graduate Biochemistry among the elective courses to complete the program.

The applicant will also be required to submit:

1. A completed application including a 1-2 page statement indicating the students interests and professional goals
2. Official transcripts from all undergraduate institutions attended
3. At least two professional letters of recommendation with current contact information
4. Official scores from the GRE

Assessment of credentials will be supplemented by evaluation of letters of recommendation and the educational background of the student. Foreign applicants must meet all University entrance requirements and meet a minimum TOEFL score of 71 (or equivalent). More details for foreign applicants can be found here: https://www.southalabama.edu/departments/international/requirements-deadline.html

To ensure compatibility between the student’s research interests and faculty expertise, particular attention will be given to the written statement of interest from applicants. A University faculty member will be asked to act as a “mentor” for the applicant based on the statement of interest, and if necessary, a follow-up interview. Through this process, the student’s interests will be
matched to the expertise available at the University. Where possible student’s should contact potential mentors in advance or work with the graduate coordinator to find a potential mentor when applying to the program.

**Fellowships And Assistantships**

The Graduate School offers a limited number of competitive research and/or teaching assistantships to students in the Environmental Toxicology program at the University of South Alabama. These include tuition remission and waiver of out-of-state fees. Additional research assistantships may be possible through extramural grants and contracts t

**Deadline For Applications To The Environmental Toxicology Program**

Applications are accepted in the Fall semester in each year by the deadlines indicated in the University of South Alabama Bulletin. Early applications and inquiries are welcomed to assist in identification of potential mentors.

Environmental Toxicology (MS)........................................................................................................ 531

**Courses**

**Course Listing**

Environmental Toxicology (EXT). ..................................................................................................... 1354
Environmental Toxicology (MS)

Degree Requirements

The Master of Science degree in Environmental Toxicology is awarded in recognition of a student’s demonstrated ability to successfully complete a prescribed program of courses and original scholarly research. Original scholarly research will be evaluated based on a student’s ability to write and defend an acceptable research thesis.

Required Credit

A minimum of thirty-two (32) semester hours of course credit beyond the baccalaureate degree is required for students pursuing an MS degree.

Residence, Full-Time Study, And Continuous Registration

A minimum of two consecutive semesters of fulltime study in residence is required. The residency requirements may be met at the University of South Alabama, the Dauphin Island Sea Lab, or the Mitchell Cancer Institute.

Time Limit

All requirements for the MS degree must be completed within four (4) years from the date of matriculation. A student who has not satisfactorily completed a MS degree in a five year period must apply for a defined extension to complete the degree. This request must be recommended by a major professor, the program coordinator, the Director if Graduate studies, and approved by the Dean of the Graduate School. If the student does not complete the degree requirements in the defined extension period, the Director of Graduate studies may recommend, and the Dean of the Graduate School may take, whatever action is necessary up to and including dismissal.

Failure to complete the work in the periods specified shall necessitate reevaluation of the student’s program, and may result in a recommendation of dismissal by the Director of Graduate studies to the graduate Dean.

Students will be required to take twelve (12) semester hours of core classes including Environmental Chemistry (CH 514 and CH514L); Environmental Toxicology (EXT 515); and Environmental Statistics (ST 550) plus a Research Integrity Seminar (GIS 501). Additional coursework will be determined by the student’s advisory committee and approved by the Environmental Toxicology program coordinator. Elective courses should be selected from the recommended list of electives where possible (see below) to make up an additional six (6) semester hours of credit towards the degree. Directed studies conducted under the supervision of a student’s advisor or an advisory committee member should comprise up to six (6) semester hours of credit. Lastly, students will be expected to demonstrate research capability, preferably through the completion of an acceptable written thesis and oral defense of the research. At least eight (8) semester hours should be included in the MS degree program of study to meet this thesis requirement.

Course Requirements

The student and her/his advisory committee will be responsible for designing the curriculum that best fits the student's professional goals. If, in the opinion of the student's committee, the student lacks adequate undergraduate preparation, the student will be required to make up such deficiencies.

Forensic Science at USA is an interdisciplinary program offering students the opportunity to gain foundation-level exposure to the various social and physical sciences from which forensic applications are derived. Students will acquire broad-based knowledge and skills in a combination of areas such as chemistry, anthropology, criminal justice and biology.

The minor is designed to prepare students for future graduate education or job training in specialized fields within forensic science, including the search for and recovery of human remains, human identification, crime scene investigation, evidence collection, and laboratory analyses. Although all students at USA are welcome to minor in FS, the minor will be especially useful for students in anthropology, biology, biomedical sciences, chemistry, and criminal justice. Students who plan to pursue careers in forensic science will benefit from a broader understanding of the criminal justice system, offender behavior, and due process law. Students who plan to pursue careers in the criminal justice system will benefit from a broader understanding of forensic science so that they understand what happens to evidence once it is taken to a lab for processing.

Department of Gender Studies website
https://www.southalabama.edu/genderstudies

The Gender Studies Program offers a minor in the interdisciplinary study of contemporary and historical gender theory and gender issues on a global level. The program allows students to acquire depth of knowledge in specific areas of gender-related focus and gender theory, as well as a wide range of research skills and methodologies from across the disciplines. The program offers courses from numerous departments within the College of Arts and Sciences, as well as service learning and community internship opportunities.

Gender Studies deepens students’ understanding of areas of study such as historical and contemporary constructions of femininity and masculinity and their representations; sexuality; feminist theory; LGBTQIA+ studies; male and female physiology; gender and health, business and politics; and the intersection of race, class, gender and sexuality. The Gender Studies Program encourages students to become actively engaged in gender-focused research and its practical applications, and provides numerous opportunities for students to interact with faculty members to discuss their current research.

For further information about the program, contact Dr. Claire Cage, Gender Studies Program, Department of History, HUMB 344, University of South Alabama, Mobile, AL 36688-0002. Phone (251) 460-7373; E-mail address: ccage@southalabama.edu.

Minor In Gender Studies

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

Core Requirements
1. Students minoring in Gender Studies must complete a total of 18 semester hours in approved courses.
2. Students are required to complete two courses in the Humanities and two courses in Social Sciences.
3. Minor courses must also represent four different disciplines.
4. Approved Variable and Special Topics Courses that focus on gender studies can also be taken to complete the 18 semester hour requirement. For information on upcoming variable and special topics courses, consult the Director.
5. GS 101 Introduction to Gender Studies.
6. One 400 level course with a focus on gender studies. This can be a GS course (i.e. GS 490) or an approved 400 level course in another discipline.

Department of Gerontology website
https://www.southalabama.edu/colleges/artsandsci/syansw/gerontologyprogram/

The University of South Alabama offers Certificates in Gerontology at the Graduate and Undergraduate levels and an Interdisciplinary Minor in Gerontology.

Gerontology is the interdisciplinary study of:

1. The human life cycle
2. Issues related to aging
3. Intergenerational Relationships

The Gerontology program is designed to establish an expertise that will enhance and compliment the analytical skills that the student acquires as part of the major area of study. This expertise may be used as preparation to specialize within the career area related to the student's major area of study or to pursue further academic training in graduate or medical school. Special topics courses and on-line instruction are available.

Depending on their specific needs and interests, students may be able to complete requirements for the Undergraduate or Graduate Certificate in Gerontology through distance learning options. Students who are interested in pursuing a Gerontology Certificate on-line should speak with their academic advisor and the Gerontology program director. Students in professional programs may be able to use field placements in lieu of the Gerontology Internship.

The Degree Works audit tool lists the Gerontology Certificates as programs. Students should alert their advisors to check that they are enrolled in a Gerontology Certificate program (Graduate or Undergraduate). In order to receive the printed Gerontology Certificate, the student must submit a completed Data Sheet and Application available at the program website: https://www.southalabama.edu/colleges/artsandsci/syansw/gerontologyprogram/. The certificate is not automatically issued without an application. Students and alumni of the program may be asked to participate in exit interviews or surveys.

Graduate Gerontology Certificate

Degree Requirements

Requirements For The Graduate Certificate In Gerontology

The Graduate Certificate Program at USA requires a minimum of four courses (12 hours) with grades of "A" or "B", including Aging in American Society (SY 523) and an approved internship or approved equivalent experience. It is strongly recommended that students take other courses to enhance their research/practice in aging and the life course, such as a course in public policy or public health; a research methods course appropriate to the student's primary discipline and/or gerontology; and a course in professional ethics. All courses not specifically listed in this section must be approved by the Gerontology Program Director and the student's academic advisor prior to registration for the course.

The Gerontology internship (GRN 596) is required but may be waived for students who are employed in the field of aging or those who complete an approved internship or clinical/field placement within the student's discipline. The internship must allow the student to apply skills to work with older individuals and their families. Research shows that positive, supportive attitudes toward aging are best developed through personal involvement with older people. The skill of applying knowledge to the issues in aging is developed in experiential learning situations. Therefore, an internship is required unless the student demonstrates substantial previous experience with the client population. A maximum of six credit hours of internship and six credit hours of directed study may be applied toward the Graduate Certificate in Gerontology. The internship must be approved by the program director during the semester prior to placement. Students in professional programs may be able to use field placements in lieu of the Gerontology Internship. Additional course substitutions may be possible. The Gerontology Certificate is a valuable added credential for students in Nursing, Allied Health Professions, Health Education, and Public Health/Health Administration. Students are encouraged to speak with their academic advisors and the Director or Associate Director of the Gerontology Programs about adding the Gerontology Certificate to their programs of study.

All course waivers and substitutions must be approved by the Gerontology program director. The student must work closely with the director and with the advisor in the major area of specialization to develop the best program possible to meet career goals.

SY 572

Graduate level Special Topics courses and Directed Studies may be taken as electives when the course topic is appropriate for gerontology. Distance learning options may be offered for some courses. Check with the program director or associate director for information about on-line courses and other distance learning opportunities.

Other electives may be taken from the student's degree discipline with approval by the student's graduate advisor, the Gerontology program director, and the Graduate School (Examples: courses in Advanced Geropsychiatric Nursing and courses in the College of Allied Health Professions where the focus is on aging and age-related health conditions). Students should meet with the Gerontology program director to discuss specific questions about elective courses.

Courses which are taken as part of a degree program may be considered for credit toward the certificate provided they are approved by the Director of the University Programs in Gerontology, the Director of Graduate Studies in the College offering the degree, and the Dean of the Graduate School. In order to receive the printed Graduate Certificate in Gerontology, you must submit a completed application form. Certificates are not issued automatically. Forms are available on the program website at: http://www.southalabama.edu/gerontology/. Students must schedule an exit interview with the director or associate director of the Gerontology Program six weeks prior to completion of the program. Zoom or phone interviews can be arranged. Certificate recipients are listed in the Commencement Program closest to the date the certificate completion documentation approved.

For further information about the program contact Dr. Roma Stovall Hanks, Director or Dr. Hosik Min, Associate Director, USA Programs in Gerontology, 5991 USA Dr. N., HUMB 34, University of South Alabama, Mobile, Alabama 36688-0002; phone: (251) 460-6020; FAX (251) 460-7925 e-mail: rhanks@southalabama.edu or hmin@southalabama.edu.

website: http://www.southalabama.edu/colleges/artsandsci/syansw/gerontologyprogram/southalabama.edu/gerontology/

Application For The Certificate
The Degree Works audit tool lists the Gerontology Certificates (Graduate and Undergraduate) as programs. Students should alert their advisors to check that they are enrolled in the appropriate Gerontology Certificate program. Upon completion of requirements, an application must be submitted by the student.

The application is available at the Gerontology website: http://www.southalabama.edu/colleges/artsandsci/syansw/gerontologyprogram/southalabama.edu/gerontology/.
Minor In Gerontology

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

Requirements For The Interdisciplinary Minor In Gerontology

The Interdisciplinary Minor in Gerontology requires 18 semester hours. At least 9 hours (lower and/or upper-division) hours of courses in the minor must be completed at the University. At least 9 hours of courses must be upper division. The Interdisciplinary Minor on Gerontology is designed for those Arts and Sciences majors who are interested in obtaining jobs in agencies that provide services for older individuals and their families or in pursuing graduate degrees that involve research on aging and the life course or intergenerational relationships. Majors in other colleges may also pursue the Interdisciplinary Minor in Gerontology, but should discuss this option with an advisor from the major field. Students who complete requirements for the Gerontology minor may be eligible to receive the Undergraduate Certificate in Gerontology as well, provided all requirements for the Certificate are met. Students should consult their advisor and the program director or assistant director to discuss this dual credential option. University policies regarding dual use of courses for both a major and a minor apply.

Interdisciplinary Minor in Gerontology

Core Courses For The Minor (Undergraduate)

Required:

SY 372 (3 hrs)
BLY 207, SY 435, or GRN 435 (3 hrs)
PSY 456 or PSY 250 (3 hrs)

Internship (Required)

Internship in Gerontology (GRN 496 or equivalent). With permission of the program director and the student's academic advisor, an internship in the student's primary discipline may be substituted if the internship provides significant contact with older people, their families, or appropriate service agencies. Three (3) semester hours required; up to six (6) semester hours may be accepted. Approval of the internship placement must be obtained at least 6 weeks prior to registration. The 3 hour internship requires 100 contact hours; the 6 hour internship requires 200 contact hours. If you plan to substitute an internship from another discipline, you must obtain written approval from the Gerontology Program Director prior to registration.

Elective Courses

(Select courses to bring total hours to 18)

Please note: GRN 290 and GRN 490 are variable topic courses. Directed studies, seminars, and special topics courses may be taken for credit toward the minor or certificate in gerontology only when the course topic is appropriate for the study of aging or intergenerational relationships. Check the class schedule each term to determine which topic is being offered. Sample topics include: Gender and Aging; Leadership and Advocacy in Gerontology; Housing and Lifestyle Changes across the Life Course; Aging and Public Policy. Other electives may be taken from the student's degree discipline with approval by the student's advisor and the Gerontology Program Director. Content of the elective must include substantial focus on aging.
Undergraduate Gerontology Certificate

Degree Requirements

Requirements For The Undergraduate Gerontology Certificate
Students who wish to earn an Undergraduate Certificate in Gerontology must complete four courses (12 semester hours), including an approved internship that will expose the student directly to older people and their families. The internship must be approved by the program director during the semester prior to placement. The internship may be waived for students who are currently employed in the field of aging or those who can provide documentation of substantial work experience in the field. Waiver of the internship requirement must be approved by the Gerontology Program Director and the student’s academic advisor. Students in professional programs may be able to substitute clinical or field placements for the internship with permission of the Gerontology Program Director and the student’s academic advisor. Substitutions will be approved only if the placement provides opportunities to interact with and provide services for older individuals and their families.

Approved courses are offered in various departments as well as in Gerontology (GRN). Students are encouraged to pursue the Gerontology Certificate in conjunction with degree programs. Some approved courses may not carry the GRN designation. It is essential for students to work with their academic advisors and the Gerontology program director or associate director to develop a plan of study for the Gerontology Certificate.

Department of Health, Kinesiology, and Sport website
http://www.southalabama.edu/colleges/ceps/hks

The Department of Health, Kinesiology, and Sport offers state and nationally accredited undergraduate programs of study in Physical Education (P-12), Health Education (6-12), and a combined Health (6-12) and Physical Education (P-12) program that lead to Alabama Class B Educator Preparation and Certification. Graduate programs of study are offered in Physical Education (P-12) and Health Education (6-12) that lead to Alabama Class A Educator Preparation and Certification.

The Department offers a totally on-line graduate program in Sport Management. Undergraduate and graduate programs are available in Exercise Science and Health. Undergraduate programs are offered in Recreational Therapy and Sport Management and Recreation Studies with concentrations in Sport Administration or Coaching Administration. The Department also provides a physical activity instructional program for all university students through courses in physical fitness, lifetime sports, dance, and martial arts. An undergraduate Coaching Certificate program is also offered by the department as well as minors in Sport Management and Recreational Studies and Health and Wellness.

Undergraduate

Requirements For Admission To Candidacy In Teacher-certification Programs (HS And PE)

All students must apply in the Advising Center (UCOM 3360), for admission to teacher candidacy. This is normally done during the final semester of the sophomore year or first semester of the junior year. All previously listed requirements of the University and College must be met prior to application.

Teacher Candidacy Admission Requirements for Physical Education (P-12) & Health (6-12) majors, & merged Health (6-12) and Physical Education (P-12).

Hours:

60 semester hours (48 must be in General Education). A minimum of 12 semester hours must be taken at USA.

GPA Requirements:

• 2.75 Minimum Overall GPA (All work attempted at USA).
• 2.75 Minimum Program GPA (All courses used on this Advising Sheet, including transfer work).
• 2.75 Minimum Professional Studies GPA (All courses used in the Professional Studies area, including transfer work).
• 2.75 Minimum Teaching Field GPA (All courses used in the Teaching Field, including transfer work).
• No grade below a "C" will be accepted in Professional Studies courses.

Course Requirements:

• Course requirements for PE P-12 Majors: CA 110, EH 101, EH 102, BMD 114 or BMD 110 or BMD 251, EDM 310, EDU 400, EPY 351, KIN 100, KIN 201, and KIN 166.
Course requirements for merged Health (6-12) and Physical Education (P-12): CA 110, EH 101, EH 102, BMD 110, BMD 114 or BMD 251, EDM 310, EDU 400, EPY 351, KIN 100, KIN 201, HS 262, HS 263
Course requirements for Health 6-12 Majors: CA 110, EH 101, EH 102, BMD 114, EDM 310, EDU 400, EPY 351, KIN 100, KIN 201, HS 170, HS 262, and HS 263.

Other Requirements:
- Proof of clear SDE fingerprinting/background check and professional liability insurance.
- Completion of the Dispositions Survey and a signed teacher Candidacy application form.
- Completion of a satisfactory departmental interview with your assigned advisor. Recommendation of advisor, department chairperson and approval of the Candidacy Committee.
- Sufficient physical ability and emotional stability to perform as a teacher.

Application/Admission Information:
- Candidacy applications are due the semester in which the student completes all candidacy requirements. The intent is for students to apply for Candidacy AND meet with their content area advisor prior to registration to enable appropriate planning decisions for upcoming semesters.
- Apply for Candidacy in the Advising Center (UCOM 3360).
- The College of Education and Professional Studies Candidacy Committee may recommend, defer or deny admission to the program.

Admission to Candidacy will remain deferred until all requirements have been met and grades are submitted at the end of the term. Once grades are available and all requirements are met, the Office of Student Services will notify students via their official JAG e-mail account when they have been admitted to Candidacy. Students will then be able to register for Candidacy courses.

Requirements For Admission To Candidacy Non-teacher-certification Programs
All students must apply for admission to a program during the semester immediately following the completion of 60 semester hours of credit provided they meet the requirements listed below. Courses in progress during the semester the student makes application for candidacy may be used in the candidacy application process.

Admission to a non-teacher certification program requires that

1. The student:
   a. declare a specialization
   b. take any necessary tests
   c. submit to any needed evaluations
   d. be available for necessary interviews
2. The student's application receives approval from the advisor and departmental chair. The application must be submitted to the College of Education and Professional Studies Advising Center by the second week of the semester in which the student is eligible to be admitted.
3. The student's application receives approval from the Undergraduate Candidacy Committee
4. The student's application receives the approval of the Dean or Associate Dean, College of Education and Professional Studies

Candidacy requirements are summarized on Departmental Advising Sheets.

The following are the criteria to be considered by the Undergraduate Candidacy Committee:

1. Completion of 60 semester hours of course work, 48 of which must be in General Studies.
2. A minimum overall grade-point average of 2.2 in the major/specialization (including transfer work) and a grade-point average of 2.2 on all work attempted at the University of South Alabama.
3. Sufficient physical ability and emotional stability to perform successfully as a professional. These and other factors could be determined in a departmental interview.
4. Recommendation of the advisor and department chair.
5. Completion of any departmental prerequisite courses.
6. Health majors must complete EH 101, EH 102; KIN 100, KIN 201; HS 170, HS 262, HS 263; BMD 110, or BMD 114, or BMD 251 and BMD 111, or BMD 115, or BMD 252; CA 110, and any departmental prerequisite courses, in addition to the above.
7. Recreational Therapy majors and Sport Management and Recreation Studies majors must complete EH 101, EH 102; SM 191, RTH 292, SM 391, CA 110 and any departmental prerequisite courses, in addition to the above.
8. Exercise Science majors must complete EH 101, EH 102; KIN 100, KIN 282; HS 170, BMD 114 or BMD 251, or (BMD 110, Only for Health-Fitness Concentration), CA 110, and any departmental prerequisite courses, in addition to the above.

The Undergraduate Candidacy Committee may recommend the admission of the student to the program, defer admission, or reject the student's application.

Internships In Non-teaching (NTC) Programs (Exercise Science, Health, Recreational Therapy, Sport Management And Recreation Studies)

Students enrolled in one of the following NTC Majors: Exercise Science, Health, Recreational Therapy, or Sport Management and Recreation Studies, must be admitted to candidacy in their program and attain senior status prior to enrollment in an internship. All internships must be completed at departmentally approved sites, and must be planned and approved at least one full semester in advance of the experience. No other academic courses may be taken during the internship without permission of the academic advisor. Health, and Exercise Science students enroll in KIN 495, Recreational Therapy students enroll in RTH 495, and Sport Management and Recreation Studies students enroll in SM 495. See advisor for details and internship planning.

Graduate

The Department of Health, Kinesiology, and Sport offers:

I. The Master of Education degree with specializations in:
   • Physical Education, Teacher Certification
   • Health Education, Teacher Certification

These programs are planned to lead to Alabama Class A Teacher Certification. An Alabama Class B certificate or the equivalent is required for students seeking the Master's level (Class A) certification.

II. The Master of Science degree in:
   • Exercise Science
   • Health
   • Sport Management (Fully Online Program)

Coaching Certificate

Degree Requirements

The University of South Alabama Coaching Certificate is a 21 hour academic program that can be completed in two years. The program is intended to give students with coaching aspirations significant course work in coaching theory, sport behavior, basic athletic injury care, sport specific coaching strategies, and team management. Program Requirements: Satisfactory completion of 21 hours (12 required, KIN 100, 278, 282, 478; 9 hours of electives from KIN 373, 374, 375, 376, 377, 378) with a minimum GPA of 2.0 required for certificate. Combining the Coaching Certificate with the Class B Teaching Certificate prepares the individual for coaching in the high school setting.

Exercise Science (BS) - Health And Fitness Concentration

Degree Requirements

General Education Requirements (48 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 101, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (7 Hours)
A. 1 hour: PE 102
B. 3 hours from: PE 101 - 157 (No Repeats)
C. 3 hours from: CIS 150, EDM 310, elective with passing Computer Proficiency Exam – CIS 010

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 135)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.
Major Requirements (72 Hours)

Exercise Science Major Core (15 Courses, 43 Hours)
A. 37 hours: HS 170, HS 263, HS 363, KIN 100, KIN 278, KIN 282, KIN 380, KIN 474, KIN 476, KIN 479, KIN 480, KIN 484, KIN 486
B. 3 hours from: KIN 381, ST 210
C. 3 hours from: KIN 475, SM 472

Health And Fitness Concentration (7 Courses, 29 Hours)
A. 26 hours: BMD 251, BMD 252, HS 262, KIN 201, KIN 370, KIN 495
B. 3 hours from: 300-499 Elective from HS, KIN, PSY, RTH, SM

Minor Requirements (0 Hours)
A minor is not required for this degree program.

Notes:
* Recommended Course
Courses in BOLD require admission to Candidacy as a prerequisite

Additional Information

Candidacy
This major contains a set of upper level courses that are only available to students who have gained admission to Candidacy. To be considered for admission to Candidacy, students must meet the following requirements.

- Courses: BMD 251, CA 110, EH 101, EH 102, HS 170 KIN 100, KIN 282
- Hours: 60 credit hours of degree requirements completed
- Minimum Grade Point Averages: 2.20 Major GPA, 2.20 USA GPA

Students should complete a Candidacy application in the CEPS Advising Center (UCOM 3360) the semester before they plan to enroll in Candidacy classes. The advisor, department chairperson, and dean review applications and make the decision to approve, defer, or deny admission. The decision to defer occurs when requirements are in progress at the time of application and reviewers select to defer with approval pending completion of requirements.

- Courses in Candidacy: HS 363 (W), KIN 381, SM 472 (W), KIN 479, KIN 480, KIN 486, KIN 495

Graduation Plan

Exercise Science (BS) : Health And Fitness Concentration (120 Total Hours)
The Graduation Plan is an example of course progression. Individual student plans may vary. Students should consult with an academic advisor to create a personalized plan.

Enrollment in this program does not assure admission to the professional component. See Additional Information in Degree Requirements.

**BOLD courses require admission to Candidacy**

Many courses in the Health, Kinesiology, and Sport Department (HS, KIN, LS, PE) are also offered in the Maymester and Summer Semesters.
Exercise Science (BS) - Pre-Professional Concentration

Degree Requirements

General Education Requirements (48 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, Dra 110, MUL 101
D. 3 hours from: AFR 101, ARH 100, ARH 103, ARH 123, ARH 203, ARS 101, CLA 110, DRA 110, EH 215, EH 216, EH 225,
EH 226, EH 235, EH 236, LG 101, LG 102, LG 111, LG 112, LG 121, LG 122, LG 131, LG 132, LG 141, LG 142, LG 151,
LG 152, LG 153, LG 171, LG 172, LG 173, LG 201, LG 202, LG 211, LG 212, LG 213, LG 221, LG 222, LG 231, LG 232,
LG 234, LG 241, LG 242, 251, LG 252, LG 271, LG 272, LG 273, LGS 101, LGS 102, LGS 106, LGS 107, LGS 110, LGS
111, LGS 131, LGS 141, LGS 142, LGS 161, LGS 162, LGS 171, LGS 172, LGS 173, LGS 181, LGS 182, LGS 201, LGS 202,
LGS 206, LGS 207, LGS 210, LGS 211, LGS 241, LGS 242, LGS 261, LGS 262, LGS 281, LGS 282, MUL 101, PHL 110, PHL
120, PHL 121, PHL 131, PHL 231, PHL 240, REL 100, REL 200, REL 201

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, * MA 115, MA 120, MA 125, MA 227, MA 237, MA 238
B. 8-10 hours from: AN 121 & AN 121L, BLY 101 & BLY 101L or * BLY 121 & BLY 121L, BLY 102 & BLY 102L or * BLY 122
 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L,
GEO 102 & GEO 102L, GY 111 & GY 111L, GY 112 & GY 112L, MAS 134 & MAS 134L, PH 101 & PH 101L, PH 104 &
PH 104L, PH 114 & PH 114L, PH 115 & PH 115L, PH 201 & PH 201L, PH 202 & PH 202L

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 101, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, HY 101, HY 102,
HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, * PSY 120, * PSY 250, SY 109, SY 112

Area V (7 Hours)
A. 1 hour: PE 102
B. 3 hours from: PE 101 - 157 (No Repeats)
C. 3 hours from: CIS 150, EDM 310, elective with passing Computer Proficiency Exam – CIS 010

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235
& EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 135)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student’s
major or minor.
Major Requirements (72 Hours)

Exercise Science Major Core (15 Courses, 43 Hours)
A. 37 hours: HS 170, HS 263, HS 363, KIN 100, KIN 278, KIN 282, KIN 380, KIN 474, KIN 476,  KIN 479, KIN 480, KIN 484, KIN 486
B. 3 hours from: KIN 381, ST 210
C. 3 hours from: KIN 475, SM 472

Pre-Professional Concentration (7 Courses & Labs, 29 Hours)
A. 26 hours: BMD 251, BMD 252, CH 131 & CH 131L, CH 132 & CH 132L, PH 114 & PH 114L, PH 115 & PH 115L
B. 3 hours from: KIN 495, 300-499 Elective from HS, KIN, PSY, RTH, SM

Minor Requirements (0 Hours)
A minor is not required for this degree program

Notes:

Health (BS) - Health Education 6-12 Teacher Certification

Degree Requirements

General Education Requirements (45 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (4 Hours)
A. 3 hours: KIN 100
B. 1 hour from: PE 101- PE 157

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (75 Hours)

Professional Studies (10 Courses, 30 Hours)
A. 30 hours from: EDM 310, EDU 400, EPY 351, EDU 363, HS 340, HS 430, HS 429, HS 460, KIN 381, KIN 460

Teaching Field (15 Courses & Labs, 45 Hours)
A. 33 hours: BMD 110 or BMD 114 or BMD 251; BMD 111 or BMD 115 or BMD 252; HS 170, HS 262, HS 263, HS 351, HS 361, HS 362, HS 463, KIN 201, KIN 475
B. 3 hours from: KIN 380, KIN 474, KIN 476
C. 9 hours from: 300-499 Elective HS or KIN

**Minor Requirements (0 Hours)**

A minor is not required for this degree program

---

**Notes:**

Courses in BOLD require admission to Candidacy as a prerequisite

---

**Additional Information**

**E-portfolio And Assessment**

Students enrolled in education classes are required to purchase a LiveText membership.

- [https://www.southalabama.edu/colleges/ceps/livetext.html](https://www.southalabama.edu/colleges/ceps/livetext.html)

**Teacher Candidacy – Health Education**

This major contains a professional component comprised of upper level courses (300-400 levels), as shown on the graduation plan, and are only available to students who have gained admission to Teacher Candidacy.

**Admission Requirements for Teacher Candidacy:**

**Courses and GPA**

- Courses: BMD 110 or BMD 114 or BMD 251; CA 110, EDM 310, EDU 400, EPY 351, EH 101, EH 102, HS 170, HS 262, HS 263, KIN 100, and KIN 201
- Hours: 60 credit hours of degree requirements completed
- Minimum Grade Point Averages: 2.75 Program, 2.75 Professional Studies, 2.75 Teaching Field, and 2.75 USA GPA (all GPAs found in degree audit). No grade below a “C” is accepted in Professional Studies.

**Test**

- Core Academic Skills for Educators Test: satisfactory completion of ALL parts (Math, Reading, and Writing) [https://www.ets.org/praxis/al/al_teacher_ed/](https://www.ets.org/praxis/al/al_teacher_ed/)

**ALSDE Background Check**

- [https://www.alsde.edu/sec/ec/Pages/background_clearance-all.aspx](https://www.alsde.edu/sec/ec/Pages/background_clearance-all.aspx)

**Application, Liability Insurance, and Interview**

- Completed and scheduled in the UCOM Advising Center during the semester prior to beginning Teacher Candidacy

**Prerequisites and Certification/Graduation Requirements:**

- While in Teacher Candidacy, students must maintain GPAs at or above admission requirement levels
- Prior to Internship, students must pass the Health Education Praxis [https://www.ets.org/praxis/al/al_teacher_ed/](https://www.ets.org/praxis/al/al_teacher_ed/)
- Prior to certification and graduation, students must pass edTPA

**NOTE:** Praxis tests requirements are subject to change as prescribed by the ALSDE. Prior to registering for any Praxis exam, please verify current requirements by going directly to the ALABAMA portion of the ETS Praxis website at [http://ets.org/praxis/al](http://ets.org/praxis/al).

"**See Degree Requirements"
Health (BS) - Health Promotion

Degree Requirements

General Education Requirements (48 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUT 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (7 Hours)
A. 3 hours: KIN 100
B. 1 hour from: PE 101- PE 107
C. 3 hours: CIS 150, EDM 310, elective with passing Computer Proficiency Exam - CIS 010

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (72 Hours)

Professional Studies Core (4 Courses, 18 Hours)
A. 15 hours: KIN 381, KIN 475, KIN 495
B. 3 hours from: RTH 471 (W), SM 472 (W)

Health Promotion Major Core (54 Hours)
A. 39 hours: BMD 110 or BMD 114 or BMD 251; BMD 111 or BMD 115 or BMD 252; HS 170, HS 262, HS 263, HS 351, HS 361, HS 362, HS 462, HS 463, KIN 201, KIN 278
B. 3 hours from: KIN 380, KIN 474, KIN 476
C. 3 hours from: KIN 461, IST 210, SPE 400
D. 12 hours from: ACC, BLY, BMD, BUS, CH, CLS, ECO, EMS, FIN, HS, KIN 231- KIN 499, MA, MGT, MKT, PH, PSY, RTH, SM, ST, or SY

Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:
* Recommended Course
Courses in BOLD require admission to Candidacy as a prerequisite

Additional Information

Candidacy – Health Promotion
This major contains a professional component (Candidacy) comprised of upper level courses (300-400 levels), as shown on the graduation plan, and are only available to students who have gained admission to Candidacy.

Admission Requirements for Candidacy – Health:

• Courses: BMD 110 or BMD 114 or BMD 251, BMD 111 or BMD 115 or BMD 252, CA 110, EH 101, EH 102, HS 170, HS 262, HS 263, KIN 100, and KIN 201
• Hours: 60 credit hours of degree requirements completed
• Minimum Grade Point Averages: 2.20 Major GPA, 2.20 USA GPA

Students should complete a Candidacy application in the CEPS Advising Center (UCOM 3360) the semester before they plan to enroll in Candidacy classes. The advisor, department chairperson, and dean review applications and make the decision to approve, defer, or deny admission. The decision to defer occurs when requirements are in progress at the time of application and reviewers select to defer with approval pending completion of requirements.

• Courses in Candidacy: KIN 381, RTH 471 (W), LS 472 (W), KIN 495

A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, ECO 215, ECO 216, GEO 114, GEO 115, HY 101, HY 102, HY 135, HY 136, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (2 Courses, 6 Hours)
A. 3 hours: KIN 100
B. 3 hours: HS 262

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (75 Hours)

Professional Studies (12 Courses, 33 Hours)
A. 33 hours: EDM 310, EDU 400, EPY 351, HS 340, HS 430, HS 429, HS 460, KIN 351, KIN 381, KIN 429, KIN 450, KIN 452

Teaching Field (42 Hours)
A. 42 hours: BMD 110 or BMD 114 or BMD 251; BMD 111 or BMD 115 or BMD 252; HS 170, HS 263, HS 361, HS 362, HS 463, KIN 166, KIN 201, KIN 370, KIN 380, KIN 461, KIN 475, KIN 476
Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:
Courses in BOLD require admission to Candidacy as a prerequisite

Additional Information

E-portfolio And Assessment
Students enrolled in education classes are required to purchase a LiveText membership.
  • https://www.southalabama.edu/colleges/ceps/livetext.html

Teacher Candidacy – Merged Health And Physical Education
This major contains a professional component comprised of upper level courses (300-400 levels), as shown on the graduation plan, and are only available to students who have gained admission to Teacher Candidacy.

Admission Requirements for Teacher Candidacy:

Courses and GPA
  • Courses: BMD 110 or 114 or 251, CA 110, EDM 310, EDU 400, EPY 351, EH 101, EH 102, HS 170, HS 262, HS 263, KIN 100, and KIN 201
  • Hours: 60 credit hours of degree requirements completed
  • Minimum Grade Point Averages: 2.75 Program, 2.75 Professional Studies, 2.75 Teaching Field, and 2.75 USA GPA (all GPAs found in degree audit). No grade below a "C" is accepted in Professional Studies.

Test
  • Core Academic Skills for Educators Test: satisfactory completion of ALL parts (Math, Reading, and Writing) https://www.ets.org/praxis/al/al_teacher_ed/

ALSDE Background Check
  • https://www.alsde.edu/sec/ec/Pages/background_clearance-all.aspx

Application, Liability Insurance, and Interview
  • Completed and scheduled in the UCOM Advising Center during the semester prior to beginning Teacher Candidacy

Prerequisites and Certification/Graduation Requirements:
  • While in Teacher Candidacy, students must maintain GPAs at or above admission requirement levels
  • Prior to Internship, students must pass the Health and Physical Education Praxis tests https://www.ets.org/praxis/al/al_teacher_ed/
  • Prior to certification and graduation, students must pass edTPA

NOTE: Praxis tests requirements are subject to change as prescribed by the ALSDE. Prior to registering for any Praxis exam, please verify current requirements by going directly to the ALABAMA portion of the ETS Praxis website at http://ets.org/praxis/al.

Physical Education (BS) - P-12 Teacher Certification

Degree Requirements

General Education Requirements (49 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, ECO 215, ECO 216, GEO 114, GEO 115, HY 101, HY 102, HY 135, HY 136, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (8-10 Hours)
A. 7 hours: HS 262, KIN 100, PE 106
B. 1-3 hours from: *PE 130, PE 131, KIN 231, KIN 477

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (72 Hours)

Professional Studies (9 Courses, 27 Hours)
A. 27 hours: EDM 310, EDU 400, EPY 351, HS 361, HS 429, KIN 381, KIN 429, KIN 452 (W), KIN 470

Teaching Field (44 Hours)
A. 44 hours: BMD 110 or BMD 114 or BME251; HS 170, HS 263, HS 362, HS 460, KIN 166, KIN 201, KIN 282, KIN 351, KIN 370, KIN 380, KIN 461, KIN 475 (W), KIN 476, KIN 478
Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:
Courses in BOLD require admission to Candidacy as a prerequisite

Additional Information

E-portfolio And Assessment
Students enrolled in education classes are required to purchase a LiveText membership.

- https://www.southalabama.edu/colleges/ceps/livetext.html

Teacher Candidacy – Physical Education
This major contains a professional component comprised of upper level courses (300-400 levels), as shown on the graduation plan, and are only available to students who have gained admission to Teacher Candidacy.

Admission Requirements for Teacher Candidacy:

Courses and GPA

- Courses: BMD 110 or BMD 114 or BMD 251, CA 110, EDM 310, EDU 400, EPY 351, EH 101, EH 102, KIN 100, KIN 166, and KIN 201
- Hours: 60 credit hours of degree requirements completed
- Minimum Grade Point Averages: 2.75 Program, 2.75 Professional Studies, 2.75 Teaching Field, and 2.75 USA GPA (all GPAs found in degree audit). No grade below a “C” is accepted in Professional Studies.

Test

- Core Academic Skills for Educators Test: satisfactory completion of ALL parts (Math, Reading, and Writing) https://www.ets.org/praxis/al/al_teacher_ed/

ALSDE Background Check

- https://www.alsde.edu/sec/ec/Pages/background_clearance-all.aspx

Application, Liability Insurance, and Interview

- Completed and scheduled in the UCOM Advising Center during the semester prior to beginning Teacher Candidacy

Prerequisites and Certification/Graduation Requirements:

- While in Teacher Candidacy, students must maintain GPAs at or above admission requirement levels
- Prior to Internship, students must pass the Physical Education Praxis https://www.ets.org/praxis/al/al_teacher_ed/
- Prior to certification and graduation, students must pass edTPA

NOTE: Praxis tests requirements are subject to change as prescribed by the ALSDE. Prior to registering for any Praxis exam, please verify current requirements by going directly to the ALABAMA portion of the ETS Praxis website at http://ets.org/praxis/al.

southalabama.edu/bulletin 2021-22 GRADUATE/UNDERGRADUATE BULLETIN
Recreational Therapy (BS)

Degree Requirements

General Education Requirements (47 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 6 hours: PSY 120, PSY 250
C. 3 hours from: AIS 201, AN 100, AN 101, ECO 215, ECO 216, GEO 114, GEO 115, HY 101, HY 102, HY 135, HY 136, PSC 130, SY 109, SY 112

Area V (8 Hours)
A. 3 hours: KIN 100
B. 2 hours from: PE 101-PE 157 (No repeats)

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (70 Hours)

Recreational Therapy Major Core (21 Courses, 70 Hours)
A. 70 hours: BMD 251, BMD 252, HS 170, KIN 370, RTH 292, RTH 295, RTH 298, RTH 375, RTH 395, RTH 397, RTH 465, RTH 466, RTH 468, RTH 471, RTH 495, SM 483, PSY 340
B. 3 hours from: KIN 380, KIN 476
C. 3 hours from: KIN 461, ST 210
D. 3 hours from: KIN 477, KIN 231, KIN 166
General Electives (3 Hours)
A3 hours from: CIS 150, EDM 310, elective with passing Computer Proficiency Exam - CIS 010

Minor Requirements (0 Hours)

A minor is not required for this degree program.

Notes:
Courses in BOLD require admission to Candidacy as a prerequisite

The following electives are recommended for Recreational Therapy students, but selections should be made with the advice and approval of the academic advisor:
EMS 210, IST 201, KIN 380, PSY 416 (requires PSY 220 as a prerequisite), Courses may serve as prerequisites for OT/PT.

Additional Information

Candidacy – Recreational Therapy
This major contains a professional component (Candidacy) comprised of upper level courses (300-400 levels), as shown on the graduation plan, and are only available to students who have gained admission to Candidacy.

Admission Requirements for Candidacy – Recreational Therapy:
• Courses: CA 110, EH 101, EH 102, BMD 251, BMD 252, RTH 292, RTH 295
• Hours: 60 credit hours of degree requirements completed
• Minimum Grade Point Averages: 2.20 Major GPA, 2.20 USA GPA

Students should complete a Candidacy application in the CEPS Advising Center (UCOM 3360) the semester before they plan to enroll in Candidacy classes. The advisor, department chairperson, and dean review applications and make the decision to approve, defer, or deny admission. The decision to defer occurs when requirements are in progress at the time of application and reviewers select to defer with approval pending completion of requirements.
• Courses in Candidacy: RTH 465, RTH 466, RTH 471, RTH 495, SM 483

Sport Management And Recreation Studies (BS) – Coaching Administration

Degree Requirements

General Education Requirements (46 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (5 Hours)
A. 3 hours: KIN 100
B. 2 hours from: PE 101-PE 157 (No repeats)

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (66 Hours)

Sport Management And Recreation Studies Major Core (12 Courses, 45 Hours)
A. 45 hours: KIN 278, KIN 475, SM 276, SM 286, SM 348, SM 391, SM 394, SM 472, SM 483, SM 486, SM 495, SM 496

Coaching Administration Concentration (7 Courses, 21 Hours)
A. 15 hours: HS 262, HS 263, KIN 370, KIN 474, KIN 478
B. 6 hours from: KIN 373, KIN 374, KIN 375, KIN 376, KIN 377, KIN 378

southalabama.edu/bulletin

2021-22 GRADUATE/UNDERGRADUATE BULLETIN
General Electives (8 Hours)
A. 3 hours: CIS 150 (or elective if USA Computer Proficiency requirement is met.)
B. 5 hours from: ACC, BLY, BUS, CA, CH, CLS, ECO, EMT, FIN, HS, KIN 201- KN 499, LS, MA, MGT, MKT, PE 101 - PE 157 (2 hr. max), PH, PSY, ST

Minor Requirements (0 Hours)
A minor is not required for this degree program.

Notes:
Courses in BOLD require admission to Candidacy as a prerequisite.

Additional Information

Candidacy – Coaching Administration
This major contains a professional component (Candidacy) comprised of upper level courses (300-400 levels), as shown on the graduation plan, and are only available to students who have gained admission to Candidacy.

Admission Requirements for Candidacy:
• Courses: CA 110, EH 101, EH 102, KIN 278, SM 276, SM 286, SM 391
• Hours: 60 credit hours of degree requirements complete
• Minimum Grade Point Averages: 2.20 Major GPA, 2.20 USA GPA

Students should complete a Candidacy application in the CEPS Advising Center (UCOM 3360) the semester before they plan to enroll in Candidacy classes. The advisor, department chairperson, and dean review applications and make the decision to approve, defer, or deny admission. The decision to defer occurs when requirements are in progress at the time of application and reviewers select to defer with approval pending completion of requirements.

• Courses in Candidacy: RTH 471, SM 472, SM 483, SM 495, SM 496

BOLD courses require admission to Candidacy
History

Department Information

Department of History website
http://www.southalabama.edu/history

Undergraduate Studies

Knowledge and awareness of history and society are important ingredients of a liberal education. The Department of History offers general courses for all students, a major and a minor in history, and preparation for students who plan to continue study at the graduate level, to teach history, or to enter related fields.

All first-time freshmen must successfully complete CAS 100: First Year Experience as a degree requirement. Students must enroll during their first term at USA, except for summer-entry students who must enroll in the fall semester following entry.

Technological Proficiency Requirement

Any one of the three research seminars (HY 441/HY 442/HY 443) will satisfy the technology competency requirement for History majors.

Honors In History

To be awarded Honors in History, a student must:

a. complete the standard requirements for a major in History
b. have a 3.5 overall GPA (University requirement)
c. have a 3.5 History GPA (Department requirement)
d. receive agreement of a member of the History Department to serve as mentor
e. receive permission of the Department Chair to undertake this program
f. complete a Senior Honor Paper (HY 499), with a grade of "B" or "A", in addition to the standard History requirements. HY 499: Senior Honors Paper (six semester hours credit) may be counted toward three hours of the 36 required for a major and toward the three hours of 400-level electives required for the major. Thus, the student receiving honors in History will be required to take a total of 39 hours in History instead of 36 (In HY 499, the student will normally take three hours in Fall Semester for research and three in Spring for writing, though occasionally this may be spread out over a longer period. A final committee of three or more faculty, which may include a representative of the University Honors College, will conduct an oral defense)

NOTE: 1) one need not be receiving University Honors to obtain Honors in History; 2) a certificate will be awarded to the student indicating that they have been awarded "Honors in History."

Graduate Studies

The Master of Arts degree in History is designed to meet the varied needs of students. There are two study tracks or plans for completion of the degree: thesis, non-thesis.

Normally, those who wish to enter a Ph.D. program, law school, or certain positions in archives, government, and community college teaching positions pursue the thesis option. Other students pursuing positions where a thesis is not needed often study in the non-thesis track.

For further information on the M.A. program, see the Department website under Graduate Academic Programs.

Requirements For Admission

Students are admitted each semester. In addition to Graduate School requirements, all applicants must submit a statement of purpose for undertaking graduate work in History, provide three academic letters of recommendation, and a writing sample. These documents must be submitted electronically at http://www.southalabama.edu/colleges/artsandsci/history/gradadmit.html. Please contact the History Department Coordinator of Graduate Studies for more information. The following criteria supplement Graduate School criteria (see Categories of Admission).
Regular Admission
1. At least twenty-one semester hours of college work in History approved by the Graduate Committee of the Department of History.
2. Applicants to graduate programs in Arts and Sciences typically have a minimum GPA of at least a 3.0 (on a 4.0 scale) on all undergraduate work. In exceptional cases, applicants may be considered with at least a 2.5 GPA on all undergraduate work, or at least a 2.75 GPA on the last 60 hours of undergraduate work.

Non-degree Students
Students holding baccalaureate degrees from accredited institutions of higher education who are not interested in earning an MA degree, or who are not yet ready to apply for Regular Admission may enroll in a Non-Degree status. A suitable background for the courses to be taken is expected. Non-Degree students may enroll only in courses offered at specific times and places. They may not enroll in directed studies courses.

Graduate Assistantships
A limited number of assistantships are awarded to incoming and returning graduate students on a competitive basis. Assistantships include a tuition waiver and a stipend, for which students are asked to work 20 hours a week, usually as teaching assistants, in public history, or assisting in the University Archives. Applications for each academic year are due in the department no later than March 15.

<tr>
<th>Area II - Humanities &amp; Fine Arts (4 Courses, 15 Hours)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A. 3 hours: CA 110</td>
</tr>
<tr>
<td>B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236</td>
</tr>
<tr>
<td>C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Area III – Natural Sciences &amp; Mathematics (3 Courses &amp; Labs, 11-14 Hours)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 227, MA 237, MA 238</td>
</tr>
</tbody>
</table>

Note: BLY 121 and BLY 122 are restricted to Arts and Sciences science majors, Allied Health science majors, Engineering majors, and Computer Science majors. Students cannot receive credit for both BLY 101 and BLY 121 or for both BLY 122 and BLY 102.

<table>
<thead>
<tr>
<th>Area IV – History, Social &amp; Behavioral Sciences (4 Courses, 12 Hours)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A. 3 hours from: HY 101, HY 102, HY 135, HY 136</td>
</tr>
<tr>
<td>B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Area V (3 Courses, 9-10 Hours)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A. Foreign Language. 6 hours from any one group:</td>
</tr>
<tr>
<td>LG 101 &amp; LG 102, LG 106 &amp; LG 107, LG 110 &amp; LG 111, LG 111 &amp; LG 112 or proficiency test or LG 113, LG 121 &amp; LG 122, LG 131 &amp; LG 132 or proficiency test or LG 134, LGS 131 &amp; LGS 132, LGS 141 &amp; LGS 142, LGS 151 &amp; LG 152 or proficiency test or LG 153, LGS 161 &amp; LG 162, LG 171 &amp; LG 172 or LG 173, LGS 171 &amp; LGS 172, LGS 181 &amp; LGS 182 &amp; LG 101 and LG 102</td>
</tr>
</tbody>
</table>

Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.

B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from: |
| AN 121 & AN 121L, BLY 101 & BLY 101L or BLY 121 & BLY 121L, BLY 102 & BLY 102L or BLY 122 & BLY 122L, CH 101 & CH 101L, CH 103 & CH 103L, CH 131 & CH 131L, CH 132 & CH 132L, GEO 101 & GEO 101L, GEO 102 & GEO 102L,

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (36 Hours)**

**History Major Core (12 Courses, 36 Hours)**

A. 18 hours: HY 101, HY 102, HY 135, HY 136

Three hours from: African (HY 362), Asian (HY 103, HY 104, HY 283, HY 284, HY 366, HY 367, HY 368, HY 461), Latin American (HY 228, HY 321, HY 323, HY 325, HY 326, HY 429), OR Middle Eastern History (HY 364, HY 365, HY 465).

One research seminar (HY 441, 442, or 443)

B. 18 hours from:

One elective course at the 400 level

Three elective courses at the 300 or 400 level (One designated as W)

Two elective courses at any level

**Minor Requirements (0 Hours)**

A minor is required for this degree program

**Notes:**

- W Course & Research Seminar Overview:
  - Students should avoid at all costs taking the W course and the Research Seminar in the same semester. The workload is too onerous.
  - Ideally, one of these courses will be taken in the student's junior year; the other will be taken during his or her senior year.
  - Ideally, the W course should come before the Research Seminar course.

- W Course:
  - The W course should be taken early on in the student's slate of upper-division history courses, but it should not be the student's first upper-division history course.

- Research Seminar:
  - In the spirit of understanding the Research Seminar as “doing history after learning history,” it should not be the student's first 400-level course. It should be taken after the student has completed a couple of 400-level courses.
  - The Research Seminar ideally should be taken in the first semester of the senior year. (If it is taken during the student's last semester of the senior year, and the student fails the course, he or she will not be able to graduate on time.)

** See Degree Requirements
History (MA) - Non-Thesis Option

Degree Requirements

Requirements For Degree

All candidates for the Master of Arts degree in History, regardless of which of the two tracks they are following, must complete the following requirements:

- A minimum of 30 credit hours with grade of "A" or "B".
- A minimum of 21 credit hours completed at the University of South Alabama.
- A maximum of 9 credit hours of 500 level courses that are dual-listed at the 400 level. Graduate students will only receive graduate credit for the 500 level version of dual-listed courses. These courses will require extra work beyond that expected of undergraduates in the 400 level course.
- At least 21 credit hours at the 500 level courses that are not dual-listed with the 400 level.
- Complete one of HY 530 American Historiography, HY 540 Modern European Historiography, or HY 542 World Historiography (except for students taking the Public History topical field or other topical fields).
- Choose a major field with 12 credits of coursework, and a minor field with 9 credits of coursework from among the following fields: American History, European History or World History, Topical Fields

Note: A grade of "C" or below is not considered a passing grade by the Department of History. Students receiving such a grade in a required course must make-up the hours.

Requirements for topical fields vary. Students must check with graduate coordinator for specific requirements. The remaining requirements are dictated by the track in which students choose to study:

Non-Thesis Option

- Complete comprehensive exams in both major and minor fields choosing from American; European or World; or topical field.
History (MA) - Thesis Option

Degree Requirements

Requirements For Degree

All candidates for the Master of Arts degree in History, regardless of which of the two tracks they are following, must complete the following requirements:

- A minimum of 30 credit hours with grade of "A" or "B".
- A minimum of 21 credit hours completed at the University of South Alabama.
- A maximum of 9 credit hours of 500 level courses that are dual-listed at the 400 level. Graduate students will only receive graduate credit for the 500 level version of dual-listed courses. These courses will require extra work beyond that expected of undergraduates in the 400 level course.
- At least 21 credit hours at the 500 level courses that are not dual-listed with the 400 level.
- Complete one of HY 530 American Historiography, HY 540 Modern European Historiography, or HY 542 World Historiography (except for students taking the Public History topical field or other topical fields).
- Choose a major field with 12 credits of coursework, and a minor field with 9 credits of coursework from among the following fields: American History, European History or World History, Topical Fields

Note: A grade of "C" or below is not considered a passing grade by the Department of History. Students receiving such a grade in a required course must make-up the hours.

Requirements for topical fields vary. Students must check with graduate coordinator for specific requirements. The remaining requirements are dictated by the track in which students choose to study:

Thesis Option

- Complete a minor field in one field (see list of fields above) other than the thesis field.
- Complete six credit hours of HY 599 Thesis.
- Submit an approved thesis prospectus.
- Formally defend their thesis in public. (Students must be enrolled in at least one hour of HY 599 when they defend.)
- Submit an approved thesis in accordance with Graduate School regulations.
Minor In History

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

A minimum of 21 semester hours in History. Students must complete a six hour sequence in either Western Civilization (101 and 102) or US History (135 and 136) and 15 semester hours of electives, of which nine semester hours must be taken in courses numbered 300 or above at this University.
Honors Interdisciplinary Studies

Department Information

The University of South Alabama Honors College is a diverse community of interdisciplinary excellence designed to stimulate the thinking and intellectual curiosity of highly motivated students. Here in Honors we challenge each other through discussion, research, creative scholarship, intercultural engagement and the arts so that together we create the feel of a small college environment in the midst of the opportunities provided by a large urban university.

Our graduates, equipped with this intensive education as well as a wide variety of additional learning experiences, are especially well-prepared for productive careers, committed citizenship and meaningful lives.

Departmental Honors Designation

Degree Requirements

Students who have completed significant credits toward graduation before deciding to pursue an honors degree, and for whom completing the entire Honors curriculum would not be practical, may pursue “Departmental Honors”. To receive a designation of “Departmental Honors,” students must successfully complete an Honors thesis in their major or minor, have at least a 3.50 GPA, and meet the specific honors requirements of their major or minor department. These students may also elect to take Honors courses and participate in other Honors College activities. The Dean of the Honors College, the Dean of the relevant College or School, and the Chair or Director of the relevant minor must approve all Departmental Honors graduation designations. Please consult departmental sections of the Bulletin for any additional honors requirements specific to your major or minor.

Please consult departmental sections of the Bulletin for any additional honors requirements specific to your major.

http://www.htm@southalabama.edu

Vision

Improve the well-being of people along the Gulf Coast by producing hospitality, tourism and ecotourism professionals who possess fiscal, social, environmental and professional competencies through education and training, job placement and partnerships.

Mission

To advance the people of the Gulf Coast, and the global community through the creation and dissemination of knowledge and experience anchored in sustainable and best practices in the hospitality, tourism and ecotourism sectors.

Goal

Provide graduates with career and life competencies for sustainable employment, local and global leadership, engaged citizenry and research opportunities.

Program Educational Objectives

Develop learner-focused pedagogies that:

- Prepare students for global hospitality, tourism and ecotourism careers from an interdisciplinary perspective.
- Provide students with observational, situational, experiential learning and research opportunities.
- Apply and infuse sustainable and best hospitality, tourism and ecotourism practices.

- **See Degree Requirements**
- HTM 200 is the prerequisite for all HTM core courses.
- *(W)* Courses that satisfy USA writing requirement.
Minor In Hospitality And Tourism Management

Degree Requirements

Students in other colleges may elect, with the approval of their department chair, an HTM minor in the College of Education and Professional Studies. A 2.0 GPA is required for the courses applied toward the minor. The HTM minor allows students to enhance their major degrees with exposure to a program that prepares students for local and global hospitality and tourism careers. The required courses provide students an overview of the foundational elements of the industry, while the elective courses offer more in-depth exposure to the various sectors within the industry.

The minor consists of 18 credit hours, comprised of four upper-division courses (12 hours), one lower division course (3 hours), and an elective (3 hours).

Information Systems

The Information Systems (IS) discipline centers on the development of systems that will improve the performance of people in organizations. Information Systems professionals design, implement, and maintain the information systems that form the backbone of today's global economy. Information Systems graduates pursue professional careers as application developers, database analysts, systems analysts, IS project managers and directors. The combination of business, technical, and interpersonal skills are what recruiters seek in IS graduates.

Health Informatics

Technology is revolutionizing the way that healthcare is delivered both in the United States and around the world. The Health Informatics discipline focuses on improving patient care and outcomes through the use of information systems. Health Informaticists accomplish this in three main ways: supporting the healthcare provider, improving the efficiency and effectiveness of the healthcare organization, and empowering the patient to be more involved in their own care. Health Informatics graduates pursue professional careers with hospitals, large clinics, healthcare software vendors, and various state and federal agencies. The combination of healthcare, technical, and interpersonal skills allow HI graduates to enter these organizations and be productive immediately without the additional training that other traditional technologists may require. Health Informatics is a rapidly growing field that provides graduates who save lives and impact society through the use of technology.

Information Technology

Information technology professionals utilize state-of-the-art, computer-based tools to deliver today's rapidly evolving computing technology to knowledge workers in widely diverse situations. The information technologist must be prepared to work in the complex network and World-Wide-Web environments to meet the needs of the end users in today's organizations. These tasks require bringing solutions together using the different technologies developed by the computer engineers, computer scientists, and information scientists.

Faculty

BLACK, MICHAEL E.
Assistant Professor
BS, University of South Alabama
MS, University of South Alabama
PHD, Capella University

BOURRIE, DAVID M.
Associate Professor
BA, Michigan State University
PHD, Auburn University

CAMPBELL, STEPHEN M.
Associate Professor
BS, Tennessee Technological U
MBA, Tennessee Technological U
PHD, University of NC-Charlotte

CHAPMAN, DEBRA L.
Assistant Professor
BS, University of Southern Miss
MS, University of South Alabama
PHD, University of Southern Miss

CLARK, ANGELA M.
Senior Instructor
BS, University of South Alabama
MS, University of South Alabama

GREEN JR., RICKY E.
Instructor
BSITE, University of South Alabama
MSCIS, University of South Alabama

HOLIFIELD, JEFFREY
Instructor
AAS-AT, Community College Of Air Force
BS, Southern Illinois U-Carbondale
MA, George Washington University
MCOAS, Air University
MSCIS, University of South Alabama

LANDRY, JEFFREY P.
Professor
BS, University of New Orleans
MBA, University of New Orleans
PHD, Florida State University

LUCAS, RHONDA L.
Instructor
BS, University of South Alabama
MS, University of South Alabama

OVERSTREET, PAUL R.
Instructor
BS, University of Alabama
MS, University of Alabama

ROBINSON, OCLLO P.
Instructor
BS, Auburn University
MS, University of South Alabama

SHROPSHIRE, JORDAN D.
Professor
BBA, University of Florida
PHD, Mississippi State University

SITTING, SCOTT M.
Assistant Professor
BS, University of LA at Lafayette
MHI, Louisiana Tech University
PHD, University of Texas Health Sc

SMITH, MELISSA E.
Senior Instructor
BS, Troy University-Main
MS, University of South Alabama

SWEENY JR., ROBERT B.
Associate Professor
BS, Auburn University
MS, University of Memphis
PHD, University of Memphis

VAN DEVENDER, MAUREEN S.
Instructor
ND, Mississippi Gulf Coast CC
BS, University of South Alabama
MBA, Spring Hill College
Health Informatics (BS)

Degree Requirements

General Education Requirements (41 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11 Hours)
A. 3-4 hours from: MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 6 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 250, SY 109, SY 112
C. 3 hours: PSY 120

Area V (0 Hours)
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (81 Hours)

Health Informatics Core (5 Courses, 15 Hours)
A. 15 hours from: HI 300, HI 410, HI 450, HI 455, HI 460

Information Systems Environment (11 Courses, 31 Hours)
A. 31 hours from: CIS 115, ISC 245, ISC 272, ISC 285, CIS 321, CIS 324, ISC 360 (W), EH 372 (W), ISC 462, ISC 475, CIS 496

Business Environment (6 Courses, 18 Hours)
A. 18 hours from: CIS 150 or CIS 010 Exam, ACC 211, CA 275, MGT 300, Statistics I, Statistics II

Health Care Environment (5 Courses, 17 Credit Hours)
A. 17 hours from: BMD 110, BMD 111, EMS 210, EMS 200, EMS 401
Minor Requirements

A minor is not required for this degree program. However, students who have completed all required coursework for the Health Informatics degree will also qualify for a minor in Information Systems.

Area V (12 Hours)
A. 3 hours from: *BUS 245 or ST 210
B. 3 hours from: *BUS 255 or ST 340
C. 3 hours: CA 275
D. 3 hours from: *EH 372 (W) or EH 373 (W)

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235
   & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (62 Hours)

Information Systems Core (11 Courses, 32 Hours)
A. 32 hours: CIS 115, CIS 300, CIS 321, CIS 324, ISC 245, ISC 272, ISC 285, ISC 360, ISC 361, ISC 462, ISC 475

Capstone (2 Courses, 3 Hours)
A. 3 credit hours: CIS 497 (W) or CIS 499
B. 0 hours: CIS 498
Information Systems Environment (5 Courses, 15 Hours)
A. 9 hours: ACC 211, ECO 215, MGT 300
B. 6 hours of 200-499 approved electives from: ACC, ECO, FIN, MGT, MKT

Information Systems Electives (4 Courses, 12 Hours)
A. 12 hours of approved electives from:
   Advanced Data Management: *ISC 472, *ITE 474, *ITE 490
   Health Informatics Core: HI 300, HI 410, HI 450, HI 455
   ITE Web: ITE 375, ITE 380, ITE 453, ITE 482
   ITE Networking: ITE 382, ITE 384, ITE 476, ITE 484
   ITE Digital Forensics: CJ 223, ITE 372, ITE 373, ITE 473

Information Systems (MS)

Degree Requirements

Requirements For Master's Degree With An Information Systems (ISC) Specialization:

Students must satisfactorily complete all prescribed prerequisite courses, a comprehensive examination, and thirty-six (36) graduate credit hours for the Information Systems specialization in the SoC Master of Science degree. Required prerequisite courses are prescribed by the Information Systems Coordinator after reviewing prior academic work and results from any required School of Computing Foundation Placement Examinations. Information Systems Specialization majors must complete their Information Systems program with a minimum grade of "B" in core courses, and an overall program GPA of 3.0. The thirty-six (36) graduate hours consist of twelve (12) hours of CORE courses, nine (9) hours of REQUIRED courses, and fifteen (15) semester hours of approved elective courses according to the selected concentration option as follows:

<table>

<td></td>
</tr>
</tbody>
</table>

southalabama.edu/bulletin 2021-22 GRADUATE/UNDERGRADUATE BULLETIN
A grade of "C" or lower in CIS 595 will result in the dismissal of the student from the Thesis Concentration to the Course-Only Concentration.

**Thesis**

CIS 599

A minimum of three (3) semester hours credit of CIS 599, Computer and Information Sciences Thesis, must be applied towards the degree for the Thesis Concentration. Students may only enroll in CIS 599 after successfully defending their thesis prospectus (minimum grade of "B" in CIS 595). A Thesis Concentration student must be enrolled in CIS 599 in the semester during which they defend and/or submit their thesis. A grade of "C" or lower in CIS 599 will result in the dismissal of the student from the Thesis Concentration to the Course-Only Concentration.

**Elective Course Work**

Nine (9) semester hours of additional approved electives are required. A maximum of three (3) semester hours of Special Permission courses may be applied to the degree for the Thesis Concentration. A list of Pre-Approved Information Systems courses and a list of Special Permission courses are given at the end of this section.

**Comprehensive Examination**

All students in the Thesis Concentration must pass an oral comprehensive examination administered after the thesis committee accepts the thesis. The School of Computing Comprehensive Examination Policies and Procedures document and the Comprehensive Examination Application form are available at [https://www.southalabama.edu/colleges/soc/essentialstudentlinks.html](https://www.southalabama.edu/colleges/soc/essentialstudentlinks.html).

**B. Project Concentration** - For the Project Concentration, fifteen (15) semester hours of required and elective course work are required.

- **Research Development - ISC 595**

A minimum of three (3) semester hours credit ISC 595, ISC Project Development are required

A Project Concentration student may only enroll in ISC 595 after successfully completing CIS 518 and their core courses. A Project Concentration student must be enrolled in ISC 595 in the semester during which they defend their project prospectus. A grade of "C" or lower in ISC 595 will result in the dismissal of the student from the Project Concentration to the Course-Only Concentration.

- **Project - ISC 598**

A minimum of three (3) semester hours credit of ISC 598, Information Systems Project, must be applied towards the degree for the Project Concentration. Students may only enroll in ISC 598 after successfully defending their project prospectus (minimum grade of "B" in ISC 559). A Project Concentration student must be enrolled in ISC 598 in the semester during which they defend and/or submit their project prospectus. A Project Concentration student may only enroll in ISC 598 after successfully completing CIS 518 and their core courses. A grade of "C" or lower in ISC 599 will result in the dismissal of the student from the Project Concentration to the Course-Only Concentration.

**Elective Course Work**

Nine (9) semester hours of additional approved electives are required. A maximum of three (3) semester hours of Special Permission courses may be applied to the degree for the Project Concentration. A list of Pre-Approved Information Systems courses and a list of Special Permission courses are given at the end of this section.

**Comprehensive Examination**

All students in the Project Concentration must pass an oral comprehensive examination administered after the project committee accepts the project. The School of Computing Comprehensive Examination Policies and Procedures document and the Comprehensive Examination Application form are available at [https://www.southalabama.edu/colleges/soc/essentialstudentlinks.html](https://www.southalabama.edu/colleges/soc/essentialstudentlinks.html).

**C. Course Only Concentration** - For the Course Only Concentration, eighteen (18) semester hours of elective course work are required.

**Elective Course Work**

Eighteen (18) semester hours of approved electives are required. A maximum of six (6) semester hours of Special Permission courses may be applied to the degree for the Course Only Concentration. A list of Pre-Approved Information Systems courses and a list of Special Permission courses are given at the end of this section. ISC 568 may be taken at most two (2) times for the Course Only Concentration.
Comprehensive Examination

Students in the Course Only Concentration must pass a written comprehensive examination. Students wishing to sit for the examination must apply on-line to the SoC Director of Graduate Studies by the Friday before the start of classes in the semester in which the examination is to be taken. The comprehensive examination is offered twice a year. The School of Computing Comprehensive Examination Policies and Procedures document and the Comprehensive Examination Application form are available at https://www.southalabama.edu/colleges/soc/essentialstudentlinks.html

Information System Electives

A list of Pre-Approved Information Systems elective courses and a list of Special Permission courses are given below. All other courses must be approved by the Information Systems Coordinator.

Information Technology (BS)

Degree Requirements

General Education Requirements (48 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
  A. 3 hours: EH 101
  B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
  A. 3 hours: CA 110
  B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
  C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MG 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
  A. 3-4 hours from: *MA 120, MA 125, MA 126

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
  A. 3 hours from: HY 101, HY 102, HY 135, HY 136
  B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (12 Hours)
  A. 3 hours from: *BUS 245 or ST 210 or ST 315
  B. 3 hours from: *BUS 255 or ST 310 or ST 335 or ST 340
  C. 3 hours: CA 275
  D. 3 hours from: EH 372 (W) or EH 372 (W)

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (59 Hours)

Information Technology Core (14 Courses, 44 Hours)
  A. 44 hours: CIS 115, CIS 300, CIS 321, CIS 324, CIS 497, CIS 498, ITE 271, ITE 272, ITE 285, ITE 370, ITE 474, ITE 475, ITE 480, ITE 485
ITE Electives (7 Courses, 21 Hours)
Twenty-one (21) credit hours are required. Students complete one of the following Focus Tracks consisting of twelve (12) hours of specified Focus Track courses and nine (9) hours of approved Information Technology support electives.

Web Publishing Concentration (7 Courses, 21 Hours)
A. 12 hours from: ITE 375, ITE 380, ITE 453, ITE 482
B. 9 hours from approved electives

Networking Concentration (7 Courses, 21 Hours)
A. 12 hours from: ITE 382, ITE 384, ITE 476, ITE 484
B. 9 hours from approved electives

Digital Forensics Concentration (7 Courses, 21 Hours)
A. 12 hours from: CJ 223, ITE 372, ITE 373, ITE 473
B. 9 hours from approved electives

Minor Requirements (0 Hours)
A minor is not required for this degree program

Notes:
* Recommended Course

Additional Information
Courses in the Major Requirements must be completed with a minimum grade of “C”.

Department of Integrative Studies website
http://www.southalabama.edu/colleges/ceps/integrative/index.html

The Department of Integrative Studies (INGS) includes the Interdisciplinary Studies programs. Faculty are professionals from various backgrounds including business, political science, instructional design, teacher education, interdisciplinary studies, community counseling, educational research, and child development.

The Interdisciplinary Studies degree is a customizable program which can be taken fully online, offering a BA or BS which builds skills in communication, cultural competency, analytical thinking, leadership, and teamwork. Diversity is valued among learners and emphasis is on the importance of becoming an active leader, effective team member, and engaged global citizen.

The Interdisciplinary Studies (IST) degree is designed to give students a variety of options in earning a Bachelor’s degree tailored to meet their needs and interests. The Department of Interdisciplinary Studies (IST) offers a fully on-line degree.

Degree Requirements

General Education Requirements (41 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
  A. 3 hours: EH 101
  B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
  A. 3 hours: CA 110
  B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
  C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
  A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
  A. 3 hours from: HY 101, HY 102, HY 135, HY 136
  B. 9 hours from: AN 100, AN 101, CA 100, CA 101, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 135)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

Major Requirements (79 Hours)

General Competency (5 Courses, 15 Hours)
  • 15 hours: IST 302, IST 320, IST 330 (W), IST 350, IST 495

Capstone (1 Course, 3 Hours)
  • 3 hours from: IST 430 (W), IST 498 (W)
Concentration (30 Hours)
• Collaborate with academic advisor to design an individualized program of study.

Electives (31 Hours)
• 31 hours from: IST 101, IST 120, IST 125, IST 210, IST 290, IST 294, IST 305, IST 310, IST 315, IST 401, IST 420, IST 425, IST 490, IST 494, IST 499, Electives 100-499

Minor Requirements (0 Hours)
A minor is not required for this degree program

Graduation Plan

Interdisciplinary Studies (BS Or BA) (120 Total Hours)
The Graduation Plan is an example of course progression. Individual student plans may vary. Students should consult with an academic advisor to create a personalized plan.

### Major Milestones

Effective fall 2016, the Interdisciplinary Studies degree includes a Major Milestones guideline to help students stay on track for timely graduation. In order to remain on track, students must complete the Milestone requirements for each term. Requirements for Major Milestones apply only to full-time degree-seeking students who entered fall 2016 or later. These requirements are viewable on the Major Milestones table below.

Total Term GPA 2.0

Total degree hours = 120

* Students who earn an English ACT score of 27, or a written SAT score of 610, can opt out of EH 101.
** Must have one history elective and one literature elective. In addition, students must choose a second history or literature course to complete a two-part sequence.

Two designated writing courses are required with at least one course chosen from the student's major. Writing courses are identified in the University Bulletin by a (W) after the course title. This Sample 4-Year Plan is designed as a guide for students preparing for their course selections and only provides only a suggested schedule. Actual course selections should be made in consultation with an academic advisor.
Minor In Interdisciplinary Studies

Degree Requirements

Students in other colleges may elect, with the approval of their department chair, an IST minor in the College of Education and Professional Studies. A 2.0 GPA is required for the courses applied toward the minor. Students must complete at least 50% of the courses counted towards the IST minor at the University of South Alabama. The minor consists of 18 credit hours, comprised of 4 upper-division courses (12 hours) and 2 electives (6 hours).

Interdisciplinary Programs

Department Information

Interdisciplinary programs are designed to combine several disciplines in their curriculum. Several interdisciplinary programs are offered by the College.

Areas Of Study

- a minor in African-American Studies……………………………………………………………………………………………………… 183
- a Composite Science Minor (24 hrs.)………………………………………………………………………………………………………… 658
- a minor in Forensic Sciences……………………………………………………………………………………………………………… 534
- a minor in Gender Studies……………………………………………………………………………………………………………………… 536
- an undergraduate and graduate certificate in Gerontology……………………………………………………………………………… 538
- a major in International Studies……………………………………………………………………………………………………………… 660
- a double major in International Studies and Modern and Classical Languages and Literatures……………………………………… 692
- a minor in International Studies……………………………………………………………………………………………………………… 693
- a minor in Museum Studies…………………………………………………………………………………………………………………… 929
- a minor in Native American Studies…………………………………………………………………………………………………………… 981
- a minor in Related Sciences…………………………………………………………………………………………………………………… 659

Courses

Course Listing

- African-American Studies (AFR)……………………………………………………………………………………………………………… 1222
- College of Arts/Sciences (CAS)………………………………………………………………………………………………………………… 1281
- Gerontology (GRN)……………………………………………………………………………………………………………………………… 1373
- Gender Studies (GS)……………………………………………………………………………………………………………………………… 1366
- Interdisciplinary Progs (IDS)……………………………………………………………………………………………………………………… 1400
- International Studies (IS)………………………………………………………………………………………………………………………… 1402
- Museum Studies (MUM)………………………………………………………………………………………………………………………… 1444
Minor In Composite Science

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

To declare the Composite Science minor, talk to your academic advisor or visit the Arts and Sciences Advising Center in Alpha Hall South, room 345.

<table>
<thead>
<tr>
<th>Composite Science Minor</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Requirements</td>
<td>24</td>
</tr>
</tbody>
</table>

Choose three laboratory science sequences:

- a. BLY 101/BLY 101L and BLY 102/BLY 102L or BLY 121/BLY 121L and BLY 122/BLY 122L
- b. CH 131/CH 131L and CH 132/CH 132L
- c. GEO 101/GEO 101L and GEO 102/GEO 102L
- d. GY 111/GY111L and GY 112/GY 112L
- e. PH 114/PH 114L and PH 115/PH 115L or PH 201/PH 201L and PH 202/PH 202L

Students cannot choose a laboratory sequence in their major.

Geology majors are required to take a Physics laboratory sequence.
Minor In Related Science

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

To declare the Composite Science minor, talk to your academic advisor or visit the Arts and Sciences Student Academic Services Center in Alpha Hall South, room 345.

Related Sciences Minor

The Related Sciences minor offers two tracks: a Medical/Molecular Sciences track, and an Ecosystems Sciences track. Students must choose one track: consult with your Academic Advisor about the best choice for your major and career. The Medical/Molecular Science Track is designed for students seeking to enhance their preparation in organic and biochemistry, such as pre-med students. The Ecosystems/Evolution Track emphasizes the study of terrestrial ecosystems.

### Related Sciences Minor: Medical/Molecular Science Track

A student must take 22 semester hours as follows:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Name</th>
</tr>
</thead>
<tbody>
<tr>
<td>CH 131/CH 131L</td>
<td>General Chemistry I</td>
</tr>
<tr>

International Studies website
http://www.southalabama.edu/departments/internationalstudies

The International Studies major is a rigorous interdisciplinary program designed for students who wish to build a solid foundation for a career in international affairs. The program combines language fluency, international/area studies, and international business, and, as such, fulfills the requirements for both the major and minor. The faculty directing the major is drawn mostly from the departments of modern and classical languages and literature, geography, history, philosophy, political science, sociology and anthropology.
All first-time freshmen must successfully complete CAS 100: First Year Experience as a degree requirement. Students must enroll during their first term at USA, except for summer-entry students who must enroll in the fall semester following entry. GEO 312 will satisfy the technology requirement for International Studies majors.

Study Abroad

Students in International Studies are strongly encouraged to incorporate international experiences as part of their academic activities. Study, research, and internships as well as service learning and community service abroad are available options. For more information contact the IS Office and/or the USA Office of International Education.

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, *HY 102, HY 135, HY 136
B. 9 hours from: *AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, *GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, *IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V - (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (42 Hours)**

**International Studies Core (6 Courses, 18 Hours)**

A. 18 hours: IS 100, PSC 250, PSC 270, GEO 312, PHL/REL 352, IS 495

**Asian Studies Concentration (8 Courses, 24 Hours)**

A. 6 hours: Asian Language at 200 level: LG 221 & LG 222, LGS 201 & LGS 202, LGS 206 & LGS 207, or LGS 271 & LGS 272

B. 3 hours: HY 104

C. 3 hours: 300-400 level courses: HY 367 (W), HY 368, HY 461

D. 3 hours: PHL 354, PHL 355

E. 3 hours: PSC 368 (W)

F. 6 hours electives: ARH 203; HY 367, HY 368, HY 461 (not taken above); PHL 354, PHL 355 (not taken above); PSC 365 (W); IS 489, IS 491, IS 492, IS 496; or any approved Special Topics course or Directed Studies focusing on contemporary Asia or Asian country.

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program.

**Notes:**

* IS 100, HY 102, GEO 114 are required for IS majors; AN 100 is recommended for students with an Asian Studies Concentration

**Additional Information**

Students majoring in International Studies should complete 18 credit hours of core courses, one of six concentrations (24 credit hours), and a pre-professional program or traditional minor in a complementary subject.

**Pre-Professional Program (21 Hours)**

Students should complete either one of the three pre-professional programs outlined below (international business, a language specialization, or a personalized pre-professional program) or have a traditional minor. Students with a double major are not required to have a pre-professional program or a minor.

**International Business (21 Hrs)**

The International Business option provides students with a basic foundation in business and best equips the student to enter the field of international business or related areas upon graduation.

- ECO 330 Global Economic Issues or
- ECO 363 International Economics
- MKT 320 Principles of Marketing
MKT 374 Consumer Behavior
MKT 380 Integrated Market
9 hrs electives from the following: FIN 332; MGT 334; MGT 465; MKT 336; MKT 384; MKT 390; MKT 310, MKT 477; MKT 492; IS 496; IS 475

Language Specialization (21 Hrs)
The Language Concentration option allows students to acquire a professional level of fluency in a foreign language as a complement to their international studies training. The requirements are 21 hours of study in a selected foreign language. Students wishing to concentrate in language should consider the FL/IS double major described below. Note: This option may not be available for all languages.

Personalized Pre-professional Program (21 Hrs)
The Personalized Pre-professional Program is designed primarily for students who wish to pursue graduate study and need a special program tailored to the needs of their expected graduate area. A pre-professional program consisting of a minimum of 21 semester hours including at least one upper-level seminar, directed studies, or internship. Proposals for a personalized program, drawn up by the student in consultation with his or her advisor, must be submitted for approval to the Program Director and the Dean of Arts and Sciences before the first semester of the student's junior year.

Notes
International Studies (BA) - European Studies Concentration

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, *HY 102, HY 135, HY 136
B. 9 hours from: *AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, *GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, *IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V - (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

Major Requirements (42 Hours)

International Studies Major Core (6 Courses, 18 Hours)
A. 18 hours: IS 100, PSC 250, PSC 270, GEO 312, PHL/REL 352, IS 495

European Studies Concentration (8 Courses, 24 Hours)
A. 24 hours: Six hours of a European language at the 200 level* (LG 211 and LG 212, LG 231 and LG 232, LG 241 and LG 242, LG 251 and LG 252, or LG 271 and LG 272)
B. 3 hours: GEO 314
C. 3 hours: HY 357
D. 3 hours: PSC 360
E. 9 hours of electives from among the following: any 300-400 level course in European language or literature (if not in language pre-professional or double major program); ARH 312, ARH 322, ARH 324, ARH 326, ARH 330, ARH 332, ARH 335; EH 216, EH 349; HY 246, HY 333, HY 334, HY 335, HY 336, HY 337, HY 338, HY 345, HY 346, HY 347, HY 348, HY 355, HY 356, HY 357, HY 450, HY 454, HY 457; PSC 313 (W); IS 489, IS 491, IS 492, IS 496; PHL 245, PHL/EH 349 or any approved Special Topics course or Directed Studies focusing on contemporary Europe or European country.

Minor Requirements (18-24 Hours)

A minor is required for this degree program

Notes:
* IS 100, HY 102, GEO 114 are required for IS majors; AN 100 is recommended for students with a European Studies Concentration

Additional Information

Students majoring in International Studies should complete 18 credit hours of core courses, one of six concentrations (24 credit hours), and a pre-professional program or traditional minor in a complementary subject.

Pre-Professional Program
Students should complete either one of the three pre-professional programs outlined below (international business, a language specialization, or a personalized pre-professional program) or have a traditional minor. Students with a double major are not required to have a pre-professional program or a minor.

International Business (21 Hrs)
The International Business option provides students with a basic foundation in business and best equips the student to enter the field of international business or related areas upon graduation.

ECO 330 Global Economic Issues or
ECO 363 International Economics
MKT 320 Principles of Marketing
MKT 374 Consumer Behavior
MKT 380 Integrated Market
9 hours electives from the following: FIN 332; MGT 334; MGT 465; MKT 336; MKT 384; MKT 390; MKT 310, MKT 477; MKT 492; IS 496; IS 475

Language Specialization (21 Hrs)
The Language Concentration option allows students to acquire a professional level of fluency in a foreign language as a complement to their international studies training. The requirements are 21 hours of study in a selected foreign language. Students wishing to concentrate in language should consider the FL/IS double major described below. Note: This option may not be available for all languages.

Personalized Pre-professional Program (21 Hrs)
The Personalized Pre-professional Program is designed primarily for students who wish to pursue graduate study and need a special program tailored to the needs of their expected graduate area. A pre-professional program consisting of a minimum of 21 semester hours including at least one upper-level seminar, directed studies, or internship. Proposals for a personalized program, drawn up by the student in consultation with his or her advisor, must be submitted for approval to the Program Director and the Dean of Arts and Sciences before the first semester of the student's junior year.

Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:

_________________________

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (42 Hours)**

**International Studies Major Core (6 Courses, 18 Hours)**

A. 18 hours: IS 100, PSC 250, PSC 270, GEO 312, PHL/REL 352, IS 495

**Global Health Concentration (8 Courses, 24 Hours)**

A. Six hours of a foreign language at the 200 level* (LG 211 and LG 212, LG 221 and LG 222, LG 231 and LG 232, LG 251 and LG 252, LG 271 and LG 272, LGS 206 and LGS 207, LGS 241 and LGS 242, LGS 271 and LGS 272, or LGS 201 and LGS 202).

B. 3 hours: GEO 417

C. 3 hours: PHL 333

D. 3 hours: EDF 310

E. *9 hours of electives from among the following: EDF 300, EDF 320, EDF 325, GEO 370, IS 492, IS 496, LG 337, PHL 327, PSC 481, PSY 340, PSY 480, SY 459; or any approved Special Topics course or Directed Studies focusing on global health.

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program.

**Notes:**

* IS 100, HY 102, GEO 114 are required for IS majors; AN 100 is recommended for students with a Global Health Concentration

---

### Additional Information

Students majoring in International Studies should complete 18 credit hours of core courses, one of six concentrations (24 credit hours), and a pre-professional program or traditional minor in a complementary subject.

**Pre-Professional Program**

Students should complete either one of the three pre-professional programs outlined below (international business, a language specialization, or a personalized pre-professional program) or have a traditional minor. Students with a double major are not required to have a pre-professional program or a minor.

**International Business (21 Hrs)**

The International Business option provides students with a basic foundation in business and best equips the student to enter the field of international business or related areas upon graduation.

- ECO 330 Global Economic Issues or ECO 363 International Economics
- MKT 320 Principles of Marketing
- MKT 374 Consumer Behavior
- MKT 380 Integrated Market
9 hrs electives from the following: FIN 332; MGT 334; MGT 465; MKT 336; MKT 384; MKT 390; MKT 310, MKT 477; MKT 492; IS 496; IS 475

Language Specialization (21 Hrs)
The Language Concentration option allows students to acquire a professional level of fluency in a foreign language as a complement to their international studies training. The requirements are 21 hours of study in a selected foreign language. Students wishing to concentrate in language should consider the FL/IS double major described below. Note: This option may not be available for all languages.

Personalized Pre-professional Program (21 Hrs)
The Personalized Pre-professional Program is designed primarily for students who wish to pursue graduate study and need a special program tailored to the needs of their expected graduate area. A pre-professional program consisting of a minimum of 21 semester hours including at least one upper-level seminar, directed studies, or internship. Proposals for a personalized program, drawn up by the student in consultation with his or her advisor, must be submitted for approval to the Program Director and the Dean of Arts and Sciences before the first semester of the student's junior year.

### Notes

---

- southalabama.edu/bulletin
- 2021-22 GRADUATE/UNDERGRADUATE BULLETIN
International Studies (BA) - International Relations Concentration

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, "HY 102, HY 135, HY 136
B. 9 hours from: *AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, *GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V - (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student’s major or minor.

Major Requirements (42 Hours)

International Studies Core (6 Courses, 18 Hours)
A. 18 hours: IS 100, PSC 250, PSC 270, GEO 312, PHL/REL 352, IS 495

International Relations Concentration (8 Courses, 24 Hours)
A. 24 hours: Six hours of a foreign language at the 200 level* (LG 211 and LG 212, LG 221 and LG 222, LG 231 and LG 232, LG 251 and LG 252, LG 271 and LG 272, LGS 201 and LGS 202)
B. 3 hours from: IS/PSC 489 or PSC 372
C. 3 hours from: AN 357 or AN 358 (AN 100 required as a prerequisite)
D. 3 hours: CA 330
E. *9 hours of electives from: ECO 330, ECO 363 (if not taken as part of a pre-professional program), ECO 371; HY 303, HY 305, HY 405; PSC 313 (W), PSC 365 (W), PSC 470; IS 491, IS 492, IS 496; or any approved Special Topics course or Directed Studies focusing on International Relations.

Minor Requirements (18-24 Hours)
A minor is required for this degree program

Notes:
* IS 100, HY 102, GEO 114, and AN 100 are required for International Relations majors

Additional Information

Students majoring in International Studies should complete 18 credit hours of core courses, one of six concentrations (24 credit hours), and a pre-professional program or traditional minor in a complementary subject.

Pre-Professional Program
Students should complete either one of the three pre-professional programs outlined below (international business, a language specialization, or a personalized pre-professional program) or have a traditional minor. Students with a double major are not required to have a pre-professional program or a minor.

International Business (21 Hrs)
The International Business option provides students with a basic foundation in business and best equips the student to enter the field of international business or related areas upon graduation.

ECO 330 Global Economic Issues or ECO 363 International Economics
MKT 320 Principles of Marketing
MKT 374 Consumer Behavior
MKT 380 Integrated Market
9 hrs electives from the following: FIN 332; MGT 334; MGT 465; MKT 336; MKT 384; MKT 390; MKT 310, MKT 477; MKT 492; IS 496; IS 475
Language Specialization (21 Hrs)
The Language Concentration option allows students to acquire a professional level of fluency in a foreign language as a complement to their international studies training. The requirements are 21 hours of study in a selected foreign language. Students wishing to concentrate in language should consider the FL/IS double major described below. Note: This option may not be available for all languages.

Personalized Pre-professional Program (21 Hrs)
The Personalized Pre-professional Program is designed primarily for students who wish to pursue graduate study and need a special program tailored to the needs of their expected graduate area. A pre-professional program consisting of a minimum of 21 semester hours including at least one upper-level seminar, directed studies, or internship. Proposals for a personalized program, drawn up by the student in consultation with his or her advisor, must be submitted for approval to the Program Director and the Dean of Arts and Sciences before the first semester of the student's junior year.

southalabama.edu/bulletin  2021-22 GRADUATE/UNDERGRADUATE BULLETIN
International Studies (BA) - Latin American Studies Concentration

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, *HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, *GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, *IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V - (9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (42 Hours)**

**International Studies Core (6 Courses, 18 Hours)**

A. 18 hours: IS 100, PSC 250, PSC 270, GEO 312, PHL/REL 352, IS 495

**Latin America Studies Concentration (8 Courses, 24 Hours)**

A. 6 hours from: Spanish or Portuguese language at the 200 level- (LG 231 and LG 232, or LGS 281 and LGS 282)
B. 3 hours: AN 347 (AN 100 required as a prerequisite)
C. 3 hours: GEO 315
D. 3 hours: HY 228
E. 3 hours: PSC 363
F. 6 hours of electives from among the following: any 300-400 level course in Spanish language or literature (if not in language pre-professional or double major program); HY 321, HY 323, HY 325, HY 326, HY 429; PSC 450 (appropriate content), PSC 470 (appropriate content); or any approved Special Topics course or Directed Studies focusing on contemporary Latin America or Latin American country.

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program

**Notes:**

* IS 100, HY 102, GEO 114 and AN 100 are required for Latin American Studies majors

**Additional Information**

Students majoring in International Studies should complete 18 credit hours of core courses, one of six concentrations (24 credit hours), and a pre-professional program or traditional minor in a complementary subject.

**Pre-Professional Program**

Students should complete either one of the three pre-professional programs outlined below (international business, a language specialization, or a personalized pre-professional program) or have a traditional minor. Students with a double major are not required to have a pre-professional program or a minor.

**International Business (21 Hrs)**

The International Business option provides students with a basic foundation in business and best equips the student to enter the field of international business or related areas upon graduation.

ECO 330 Global Economic Issues or
ECO 363 International Economics
MKT 320 Principles of Marketing
MKT 374 Consumer Behavior
MKT 380 Integrated Market
9 hrs electives from the following: FIN 332; MGT 334; MGT 465; MKT 336; MKT 384; MKT 390; MKT 310, MKT 477; MKT 492; IS 496; IS 475
Language Specialization (21 Hrs)
The Language Concentration option allows students to acquire a professional level of fluency in a foreign language as a complement to their international studies training. The requirements are 21 hours of study in a selected foreign language. Students wishing to concentrate in language should consider the FL/IS double major described below. Note: This option may not be available for all languages.

Personalized Pre-professional Program (21 Hrs)
The Personalized Pre-professional Program is designed primarily for students who wish to pursue graduate study and need a special program tailored to the needs of their expected graduate area. A pre-professional program consisting of a minimum of 21 semester hours including at least one upper-level seminar, directed studies, or internship. Proposals for a personalized program, drawn up by the student in consultation with his or her advisor, must be submitted for approval to the Program Director and the Dean of Arts and Sciences before the first semester of the student's junior year.

International Studies (BA) - Middle East Studies Concentration

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours. Arts And Sciences Majors Take 5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, "HY 102, HY 135, HY 136
B. 9 hours from: "AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, "GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, "IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V - (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   - LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.
B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (42 Hours)**

**International Studies Core (6 Courses, 18 Hours)**

A. 18 hours: IS 100, PS 250, PSC 270, GEO 312, PHL/REL 352, IS 495

**Middle East Studies Concentration (8 Courses, 24 Hours)**

A. 6 hours of 200-level Arabic language courses (LGS 206 and LGS 207)
B. 3 hours: HY 365
C. 3 hours: PSC 365
D. 3 hours: PSC 452
E. 9 hours of electives: HY 364, HY 465, IS 491, IS 492, IS 496 or any approved Special Topics course of Directed Studies focusing on contemporary Middle East or Middle Eastern country.

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program

**Notes:**

* IS 100, HY 102, GEO 114 are required for IS majors; AN 100 is recommended for students with an Middle East Studies Concentration

**Additional Information**

Students majoring in International Studies should complete 18 credit hours of core courses, one of six concentrations (24 credit hours), and a pre-professional program or traditional minor in a complementary subject.

**Pre-Professional Program**

Students should complete either one of the three pre-professional programs outlined below (international business, a language specialization, or a personalized pre-professional program) or have a traditional minor. Students with a double major are not required to have a pre-professional program or a minor.

**International Business (21 Hrs)**

The International Business option provides students with a basic foundation in business and best equips the student to enter the field of international business or related areas upon graduation.

- ECO 330 Global Economic Issues or ECO 363 International Economics
- MKT 320 Principles of Marketing
- MKT 374 Consumer Behavior
- MKT 380 Integrated Market

9 hrs electives from the following: FIN 332; MGT 334; MGT 465; MKT 336; MKT 384; MKT 390; MKT 310, MKT 477; MKT 492; IS 496; IS 475
Language Specialization (21 Hrs)
The Language Concentration option allows students to acquire a professional level of fluency in a foreign language as a complement to their international studies training. The requirements are 21 hours of study in a selected foreign language. Students wishing to concentrate in language should consider the FL/IS double major described below. Note: This option may not be available for all languages.

Personalized Pre-professional Program (21 Hrs)
The Personalized Pre-professional Program is designed primarily for students who wish to pursue graduate study and need a special program tailored to the needs of their expected graduate area. A pre-professional program consisting of a minimum of 21 semester hours including at least one upper-level seminar, directed studies, or internship. Proposals for a personalized program, drawn up by the student in consultation with his or her advisor, must be submitted for approval to the Program Director and the Dean of Arts and Sciences before the first semester of the student’s junior year.

International Studies (BA) – Modern And Classical Languages And Literature /International Studies Double Major

Degree Requirements

Majors in Arts and Sciences may be completed with a minimum of 120 semester hours unless designated otherwise. At least 30 hours of course work, which represents 25% of the required 120 hours, must be at the upper division level in order to fulfill the University’s residency requirement. At least 15 of the 30 upper-division hours must be in the major or concentration area. An overall grade-point-average (GPA) of 2.0 is required for graduation. In addition, a minimum GPA of 2.0 is required in the student’s major or concentration area.

Modern And Classical Languages And Literature/International Studies Double Major

This program allows students to maximize their international training and experience. In addition to completing the 42 hours requirements for the International Studies major, the student will complete the program of study set out by the Department of Modern and Classical Languages and Literature. This option allows the student to develop additional language and analytical skills. Moreover, Modern and Classical Languages and Literature majors enjoy additional and special opportunities to participate in study abroad program.
Minor In International Studies

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

<table>

Program in Jewish & Holocaust Studies website
https://www.southalabama.edu/colleges/artsandsci/jewishandholocauststudies

The minor in Jewish and Holocaust Studies is an interdisciplinary program offering students the opportunity to gain exposure to the various fields within Jewish and Holocaust Studies. Students will acquire knowledge about Jewish religion and Jewish history, including that of the Holocaust. They will also be introduced to different methodologies and how the study of Jewish life is impacted within different disciplines. This minor will help prepare students for graduate programs in different fields related to Jewish and Holocaust Studies, and also for work in public and private sectors.

Jewish & Holocaust Studies deepens students’ understanding of areas of study such as historical/cultural constructions of the “Other” and the relationship of minority groups to their host societies. It will also explore constructs of “Jewishness”—in both positive and negative ways—and that of anti-minority sentiment, including historical and present-day Antisemitism. Moreover, students will also learn about the demonization of “Others” and the all-too-frequent prevalent of ethnic violence and genocide, including the Holocaust. The Jewish & Holocaust Studies Program encourages students to become actively engaged in research about the Jewish people and other minority groups, how one can have a career in this field, and provides numerous opportunities for students to interact with faculty members to discuss their current research.

Minor In Jewish And Holocaust Studies

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

Core Requirements
1. Students minoring in Jewish & Holocaust Studies must complete a total of 18 semester hours in approved courses.
2. Approved Variable and Special Topics Courses that focus on Jewish & Holocaust studies can also be taken to complete the 18 semester hour requirement. For information on upcoming variable and special topics courses, consult the Director.
3. Complete all three core courses (JHS 101, REL 200, & HY 347) listed below.
4. Three electives from the following list, excluding the core courses. Please note that most electives do need Director Approval before credit will be given.
5. Students must take at least one upper division course outside of their major discipline, and courses must be approved by the director, who will evaluate the course content for consideration within the Jewish and Holocaust Studies minor.
6. As part of the minor, students may count HY101/102 or HY135/136 for only one of their three electives, with director permission. Students must take at least two upper-level (300-level and higher) courses (6 credit hours) as part of their electives.

https://www.southalabama.edu/colleges/ceps/lte/

Undergraduate

The Department offers the Bachelor of Science degree in Education leading to Alabama Class B certification in the following areas: Elementary Education, Early Childhood Education, Secondary Education, and Special Education. The department offers the Bachelor of Science degree in Education with a major in Early Childhood Studies.

Graduate

The department offers the M.Ed. degree leading to Alabama Class A Certification in the following areas: Art Education, Instructional Leadership, Elementary Education, Early Childhood Education, English for Speakers of Other Languages, Secondary Education, and Special Education. The department offers the M.Ed. degree in Educational Administration with an emphasis in higher education leadership. The department also offers the Instructional Specialist degree (Ed.S.) leading to Alabama Class AA Certification in the following areas: Early Childhood Education, Elementary Education, Instructional Leadership, Reading Specialist, Secondary Education, Special Education and Teacher Leader. The department offers the Doctor of Education degree in Educational Leadership.

Alabama State Department Of Education Certification Requirements

A Student applying for initial teacher certification will be required to pass the appropriate Praxis II test(s) and have a successful score on his/her edTPA portfolio. ALSDE certification requirements are subject to change and students will be required to meet those which are in place the semester they are applying for certification. Prior to registering for any Praxis II exam, please verify current requirements by going directly to the ALABAMA portion of the Praxis II at http://www.ets.org/praxis/al
# Early Childhood Education (M.Ed.)

## Degree Requirements

The Master of Education (M.Ed.) program in Early Childhood Education provides advanced study for teachers working with children preschool through third grade. Upon completion of the program, students are eligible for the Class A Professional Early Childhood Education Certificate provided they already hold the Class B Professional Early Childhood Certificate.

**Note:** The appropriate course of study sheet and the assigned departmental advisor should be consulted in all program matters.

### Thesis

A student may elect to write a thesis as part of the program. If the student decides to write a thesis, a thesis committee will be appointed to work with the student and to evaluate the thesis. (IDE 510 and IDE 620 are required.)

</table>

All certification programs require an introductory special education course SPE 500 required under B above, if not completed at the undergraduate level.

**Students who have previously not completed an evaluation course will be required to complete an approved evaluation course in addition to IDE 510.**
Early Childhood Studies (BS)

Degree Requirements

General Education Requirements (60 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238
B. 4 hours from: BLY 101 & BLY 101L or BLY 121 & BLY 121L

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours: PSY 120
B. 3 hours from: HY 101, HY 102, HY 135, HY 136
C. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 250, SY 109, SY 112

Area V (7 Courses, 19 Hours)
A. 3 hours: KIN 100
B. 1 hour: PE activity course
C. 15 hours: Electives

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (60 Hours)

Early Childhood Studies Core (60 Hours)
A. 42 hours: AED 301, DRA 261, or MUE 336, EDF 315, EDU 400, EEC 300, EEC 346, EEC 496, MUE 301, KIN 166, PSY 350, RED 334 and RED 348
B. 9 hours: CIS 150 or CIS 250 or EDM 310; EPY 351 or PSY 250; HS 262 or HS 361
C. 9 hours of Advisor Approved Electives: *EDU 330, *MUE 236, Elective from the following prefixes: ACC, AED, IST, AN, ARH, ARS, BLY, BMD, BUS, CAS, CH, CLS, DRA, ECO, EDF, EDU, EEC, EH, EMS, FIN, GEO, GY, HS, HY, LGS, MA, MGT, MKT, MUE, PH, PSC, PY, RED, SHS, ST, SW, SY, PE 231-PE 499.

Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:
* Recommended Course
BOLD courses require admission to Candidacy

Additional Information

Candidacy – Early Childhood Studies
This major contains a professional component (Candidacy) comprised of upper level courses (300-400 levels), as shown on the graduation plan, and are only available to students who have gained admission to Candidacy.

Admission Requirements for Candidacy – Early Childhood Studies
• Courses: CA 110, EH 101, EH 102; CIS 150 or CIS 250 or EDM 310; EPY 351 or PSY 250
• Hours: 60 credit hours of degree requirements completed
• Minimum Grade Point Averages: 2.20 Major GPA, 2.20 USA GPA
• Proof of clear DHR or SDE fingerprinting/background check and professional liability insurance

Students should complete a Candidacy application in the CEPS Advising Center (UCOM 3360) the semester before they plan to enroll in Candidacy classes. The advisor, department chairperson, and dean review applications and make the decision to approve, defer, or deny admission. The decision to defer occurs when requirements are in progress at the time of application and reviewers select to defer with approval pending completion of requirements.

- **See Degree Requirements**

**BOLD** courses require admission to Candidacy

(CP) Prerequisite for Candidacy

Maximum of 3 hours from PE 101-PE 157 allowed for General Electives
Educational Administration (M.Ed.)

Degree Requirements

The department offers the M.Ed in Educational Administration for higher education administrators and the M.Ed in Educational Administration leading to Alabama Class "A" certification in Instructional Leadership. Instructional Leadership courses empower students for advancement in educational service. Leadership programs emphasize growth from the knowledge base through simulations to practical application and career mobility.

*Special Admission Requirements For Instructional Leadership Certification

Applications for Master's programs in Instructional Leadership are reviewed for admission to the fall, spring and summer semesters. Readmission to some programs in Education (i.e. Educational Administration, Doctoral Program, and some AA/Ed.S. Programs) require review by program faculty. Deadline for receipt of all application materials is November 1, April 1 and July 1.

In addition to the requirements listed in the College section of the bulletin, program specific requirements for admission to Instructional Leadership include:

1. Documents required to submit with the application can be found at [https://www.southalabama.edu/colleges/ceps/lte/edlead-med-k12.html](https://www.southalabama.edu/colleges/ceps/lte/edlead-med-k12.html).
2. Successful completion of a structured interview with a panel of Educational Leadership professors and a current K-12 practicing administrator.
3. Special admission requirements apply only to the Instructional Leadership certification and not to the Higher Administration Master's degree.

Admission decisions involve evaluation of the applicant's grade-point average, scores on the GRE and MAT (Master's only), all submitted documents, and structured interview. Program enrollment and availability will also be considered. The application, transcripts, test scores, and complete admissions portfolio must be received by the Office of Admissions, 2500 Meisler Hall, University of South Alabama, Mobile, AL, 36688-0002 by November 1, April 1 and July 1.

Educational Administration For Higher Education Administrators Master Of Education Degree

Program requirements include:

1. Completing a minimum of 30 semester hours as outlined below.
2. Passing a comprehensive examination.

southernalabama.edu/bulletin 2021-22 GRADUATE/UNDERGRADUATE BULLETIN
Class A Certificate In Instructional Leadership And Master Of Education Degree

Students entering this program must have a bachelor’s degree and Alabama Class B Certification in a teaching field. Program requirements include:

1. Completing a minimum of 30 semester hours as outlined below with at least a 3.25 grade-point average, including a grade of “B” or above in all courses with EDL prefix,
2. Passing the electronic portfolio assessment, and completing a School-based Residency focused on authentic assessments of performance on state standards.
3. Successful completion of ALSDE approved certification assessment (Praxis 5412 score 146 and above).

The Class A Certificate is valid for 5 years and is renewable.

</tbody>
</table>

The option is referred to as the "Reduced Hour Option" and includes completing the 18-hour program and passing the appropriate Praxis Exam. It is available only for those already holding a master's degree and a valid Alabama "A" Certificate in another area.

A survey of special education course is required if not previously completed. If a survey of special education course was previously completed, then an ALSDE-approved diversity course is required. If an ALSDE-approved diversity course was previously completed to meet requirements for Class A certification, then an additional diversity course is NOT required for an additional Class A certification. Requirement may be waived if a survey of special education course and an ALSDE-approved diversity course were previously completed. Contact your advisor, the certification officer, or the Office of Student Services to verify eligibility.
Educational Leadership (Ed.D.)

Degree Requirements

Doctor Of Education Program In Educational Leadership

The Educational Leadership Executive Ed.D. program is an intensive 60 credit hour, cohort-based program designed for educators who wish to earn a terminal degree in educational leadership. The Ed.D. program allows students to keep their current full-time jobs while also studying full-time.

The program is aligned with the recommendations of the Carnegie Project on the Education Doctorate (http://cpedinitiative.org/) to redesign the Ed.D. to make it a stronger and more relevant degree for the advanced preparation of school practitioners and clinical faculty, academic leaders, and professional staff for the nation’s schools and colleges, and the learning organizations that support them. The program is intended to train an emerging generation of senior educational leaders with the knowledge and skills necessary to connect research, theory, and practice in leading high performing learning organizations to manage resources strategically, engage in evidence-based decision-making, promote continuous improvement, and encourage innovation.

The program includes courses in educational leadership, program assessment and evaluation, finance, ethics and legal issues, global education, and various research strategies. The dissertation process is structured and systematic, unfolding from the first course throughout the curriculum to make it possible to complete a dissertation study by the end of the program. The research courses in the curriculum are designed to build the expertise needed not only to complete the dissertation, but also to supervise, evaluate, and apply research to the management of complex educational organizations.

Because the program is explicitly designed to prepare educational leaders who can use research and theory to create change by solving a problem of practice, students complete a dissertation that is addressed to a specific practical management challenge appropriate to their work setting.

The Doctor of Education degree has two concentrations. One area of focus is for K-12 practitioners, the other for aspiring Higher Education administrators. For information contact Dr. Susan Santoli, Department of Leadership and Teacher Education. The program accepts applications each March 15th for yearly cohorts starting the following May.

Upon admission, practicing K-12 administrators who hold an Educational Specialist degree in Educational Leadership may request coursework from their Specialist degree be considered for transfer credit into the Educational Leadership Doctoral Program.

A 3.25 program and institutional GPA is required at graduation. Courses over 10 years old cannot be used in the program.

*Required courses for Ed.S. Instructional Leadership
Educational Specialist (Ed.S.)

Degree Requirements

Advanced Graduate Study: Sixth-year (Post-master's) Programs

(Ed.S. and Class AA Certification)

Post-Master's or Sixth-Year Graduate Programs for Educational Specialist which lead to an (Ed.S.) Degree and Class AA (State of Alabama) Professional Certification for Instructional Specialist are available for qualified individuals in the areas listed below.

In addition to college requirements students seeking certification will have a graduate program committee plan a program based upon the student's training, experience and needs. This committee will determine if any prerequisite courses are needed.

Alabama State Department Of Education Certification Requirements:

A Student applying for initial teacher certification will be required to pass the appropriate Praxis II test (s) and have a successful score on his/her edTPA portfolio. ALSDE certification requirements are subject to change and students will be required to meet those which are in place the semester they are applying for certification. Prior to registering for any Praxis II exam, please verify current requirements by going directly to the ALABAMA portion of the Praxis II website at http://www.ets.org/praxis/al.
Elementary Education (M.Ed.)

Degree Requirements

The Master of Education (M.Ed.) program in Elementary Education provides advanced study for teachers working with children kindergarten through sixth grade. Upon completion of the program, students are eligible for the Class A Professional Elementary Education Certificate provided they already hold a Class B Professional Elementary Education Certificate.

Note: The appropriate course of study sheet and the assigned department advisor should be consulted in all program matters.

Thesis

A student may elect to write a thesis as part of the program. If the student decides to write a thesis, a thesis committee will be appointed to work with the student and to evaluate the thesis. (IDE 510 and IDE 620 are required.)

Elementary Education: K-6 (BS)

Degree Requirements

General Education Requirements (60 Hours: 47 Hours Plus 13 Hours To Meet ALSDE 4x12 Requirements)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, *DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238
B. 4 hours: BLY 101 & BLY 101L or BLY 121 & BLY 121L

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, *HY 135, *HY 136

Area V - Health/Physical Education And General Electives (7 Courses, 19 Hours)
A. 3 hours: MA 201
B. 6 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238, *MA 202, *ST 210
D. 3 hours: KIN 100
E. 1 hour: PE 101 activity course
F. 2 hours: Elective

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)
Major Requirements (60 Hours)

Professional Studies (5 Courses, 21 Hours)
A. 21 hours: EDU 345, EDU 346, EDM 310, EPY 351, EDU 430

Teaching Field Core (14 Courses, 39 Hours)
A. 39 hours: EDU 301, HS 365, EDU 300, EDU 303, EDU 311, EDU 312, EDU 313, EDU 330, EDU 331, EDU 332, EDU 335, EDU 336, EDU 337, EDU 362

Minor Requirements (0 Hours)
A minor is not required for this degree program

Notes:
* Recommended Course
Courses in BOLD require admission to Candidacy as a prerequisite

Additional Information

E-portfolio And Assessment
Students enrolled in education classes are required to purchase a LiveText membership.

Teacher Candidacy – Elementary Education K6
This major contains a professional component comprised of upper level education courses (300-400 levels), grouped into three consecutive semesters (as shown on graduation plan: Tier 2, Tier 3, Tier 4), and are only available to students who have gained admission to Teacher Candidacy.

Admission Requirements for Teacher Candidacy:

Courses and GPA
- Courses: 4 x 12 (12 semester hours in each of the four areas: English/Language Arts, Math, Science, Social Science with a grade of C or better). Plus, CA 110, EH 101, EH 102, EDM 310, EPY 351, EDU 330, and EDU 346
- Hours: 60 credit hours of degree requirements completed
- Minimum Grade Point Averages: 2.75 Program, 2.75 Professional Studies, 2.75 Teaching Field, and 2.75 USA GPA (all GPAs found in degree audit). No grade below a “C” is accepted in the 4 x 12, the Professional Studies, or Teaching Field.

ALSDE Background Check
- https://www.alsde.edu/sec/ec/Pages/background_clearance-all.aspx

Application, Liability Insurance, and Interview
- Completed and scheduled in the UCOM Advising Center during the semester prior to beginning Teacher Candidacy

Tier Prerequisites and Certification/Graduation Requirements:

Tier 2 Prerequisite
- Admission to Teacher Candidacy

Tier 3 Prerequisites
- GPAs at Admission Requirement Levels
- Successful Completion of Tier 2 with Grades of C or Higher

Tier 4 Prerequisites
• GPAs at Admission Requirement Levels
• Successful Completion of Tier 3 with Grades of C or higher
• Student Teaching Application

Certification/Graduation Requirements

• Successful Completion of Tier 4 with Grades of C or higher
• GPAs at Admission Requirement Levels
• Passing Score on edTPA
• Applications for Certification and Graduation

Add-on Certification(s) available for K-6 Teacher Education Majors (9-21 Hours plus required Praxis)

CT K-6 Add-on Certificate: No additional coursework required. Praxis Test Requirements: Subject Area-Special ED (required for certification).

P-3 ECE/SPE Add-On Certificate: 9-12 hours of coursework required: EDU 432, EDU 433, and EDU 497. Praxis Test Requirements: Subject Area: Early Childhood and Special Education (both required for certification).

NOTE: Praxis tests requirements are subject to change as prescribed by the ALSDE. Prior to registering for any Praxis exam, please verify current requirements by going directly to the ALABAMA portion of the ETS Praxis website at http://ets.org/praxis/al.

Reading Specialist Certification

### Degree Requirements

#### Reading Specialist Class A Certification

1. Admission. Requirements for admission to the Class A Reading Specialist program shall include:
   a. At least baccalaureate-level professional educator certification in any area of education and master’s degree; Candidates without a master's degree may pursue the reading specialist certification along with the master's degree in Elementary or Early Childhood Education. See advising sheets for details.
   b. Two years of successful classroom teaching experience; **AND**
   c. Certification in Early Childhood Education, Elementary Education, Collaborative Teacher (K-6 or 6-12), **OR**
   d. Certification in any other area of education and completion of two reading courses including an introduction to reading course.

**Note:** All certification programs require an introductory course, special education SPE 500, if not completed at the undergraduate level.

2. Program Requirements.

Selected from approved electives in the student's teaching field. These fields are presently available in this program:
- Art Education
- English Language Arts Composite
- English for Speakers of Other Languages
- General Science Composite
- Mathematics
- Social Science Composite
- French
- German
- Spanish

Internship*                           | 6            |

AED 595 (Art Education), ELT 595 (ESOL), SED 595 (Language Arts), SED 593 (Foreign Language), SED 598 (Math), SED 597 (Science), SED 596 (Social Science)
Supervised practice in a school setting in the student's teaching field. The student will be under the mentorship of a cooperating teacher full time in the school for an entire semester.
*This course has a field component. See advisor for details.
Each comprehensive teaching field of English language arts, general science, and general social science shall ensure that the candidate has completed at least one course in at least two of the comprehensive fields.

Successful completion of PRAXIS II test appropriate to the teaching field and grade level of certification sought is required PRIOR to enrollment in internship.

**Alabama State Department Of Education Certification Requirements:**

A Student applying for initial teacher certification will be required to pass the appropriate Praxis II test (s) and have a successful score on his/her edTPA portfolio. ALSDE certification requirements are subject to change and students will be required to meet those which are in place the semester they are applying for certification. Prior to registering for any Praxis II exam, please verify current requirements by going directly to the ALABAMA portion of the Praxis II website at: http://www.ets.org/praxis/al.

Student must take a comprehensive end of program examination or submit an end of degree portfolio during the semester in which the internship is completed.

Please visit http://www.southalabama.edu/colleges/ceps/programs.html for specific requirements.

Please visit [http://www.southalabama.edu/colleges/ceps/programs.html](http://www.southalabama.edu/colleges/ceps/programs.html) for specific requirements.

* All certification programs require an introductory special education course SPE 500, if not completed at the undergraduate level. This is in addition to the 30 semester hour requirement for the ESOL program.
Secondary Education Biology (BS)

Degree Requirements

General Education Requirements (45 Hours)

Includes 11 hours of Math and Science courses from Area III that will satisfy requirements in the TEACHING FIELD CORE.

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101
D. 3 hours from: AFR 101, ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 115
B. 8 hours: BLY 121 & BLY 121L, BLY 122 & BLY 122L

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, PSC 130, PSY 250, SY 109, SY 112

Area V - Natural Science And Mathematics, Health/Physical Education (3 Courses, 4 Hours)
A. 3 hours: KIN 100
B. 1 hour: PE activity course

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (108 Hours)

Professional Studies Core (10 Courses, 36 Hours)
A. 36 hours: EDM 310, EDU 400, EPY 351, EDU 340, EDU 341, EDU 342, EDU 363, EDU 451, EDU 456, and EDU 468

Teaching Field Core (72 Hours)
Includes 12 hours from GENERAL EDUCATION Area III.
A. 40 hours from: ST 210 or MA 125, GEO 101 and GEO 101L, PH 101 and PH101L, CH 131 and CH 131L, CH 132 and CH 132L, CH 201 and CH 201L, PH 114 and PH 114L, (or PH 201 and PH 201L), PH 115 and PH 115L (or PH 202 and PH 202L), BLY 301, BLY 302, BLY 303
B. 20 hours: BLY 300-499
Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:
* Recommended Course

BOLD courses require admission to Candidacy as a prerequisite

Additional Information

E-portfolio And Assessment
Students enrolled in education classes are required to purchase a LiveText membership.

- https://www.southalabama.edu/colleges/ceps/livetext.html

Teacher Candidacy – Secondary Education
This major contains a professional component (Candidacy) comprised of upper level education courses (300-400 levels), grouped into three semesters (as shown on graduation plan), and are only available to students who have gained admission to Teacher Candidacy.

Admission Requirements For Teacher Candidacy

Courses and GPA

- Courses: CA 110, EH 101, EH 102, EDM 310, EDU 400, EPY 351, and 75% of Teaching Field (or no more than one semester of Teaching Field courses between methods and internship)
- Hours: 60 credit hours of degree requirements completed
- Minimum Grade Point Averages: 2.75 Program, 2.75 Professional Studies, 2.75 Teaching Field, and 2.75 USA GPA (all GPAs found in degree audit). No grade below a "C" is accepted in Professional Studies.

ALSDE Background Check

- https://www.alsde.edu/sec/ec/Pages/background_clearance-all.aspx

Application, Liability Insurance, and Interview

- Completed and scheduled in the UCOM Advising Center during the semester prior to beginning Teacher Candidacy

Prerequisites And Certification/Graduation Requirements:

Semester 1 of Teacher Candidacy: EDU 340 (Prerequisite Below)
- Admission to Teacher Candidacy

Semester 2 of Teacher Candidacy: Methods Block (Fall Only-15 Credit Hours) (Prerequisites Below)
- Successful Completion of EDU 340 with a Grade of C or better
- GPAs at Admission Requirements Levels

Semester 3 of Teacher Candidacy: Internship (Prerequisites Below)
- Praxis - Teaching Field Content Knowledge - Passing Score
  https://www.ets.org/praxis/al/al_teacher_ed/
- Successful Completion of Methods Block with Grades of C or better
- GPAs at Admission Requirement Levels
- Student Teaching Application

Certification/Graduation Requirements

- Successful Completion of Student Teaching
- GPAs at Admission Requirement Level
• Passing Score on edTPA
• Application for Certification and Graduation

Secondary students will be required to participate in an opening of school experience during the fall immediately preceding either their methods block classes or their student teaching. This experience will take place at the beginning of the public school year which is prior to the beginning of U.S.A. classes.

NOTE: Praxis tests requirements are subject to change as prescribed by the ALSDE. Prior to registering for any Praxis exam, please verify current requirements by going directly to the ALABAMA portion of the ETS Praxis website at http://ets.org/praxis/al.

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 4 hours: MA 125
B. 8 hours: BLY 121 & BLY 121L, BLY 122 & BLY 122L

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, PSC 130, PSY 250, SY 109, SY 112

Area V - Health/Physical Education (3 Courses, 4 Hours)
A. 3 hours: KIN 100
B. 1 hour: PE activity course

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (111 Hours)

Professional Studies Core (10 Courses, 36 Hours)
A. 36 hours: EDM 310, EDU 400, EPY 351, EDU 340, EDU 341, EDU 342, EDU 363, EDU 451, EDU 456, and EDU 468

Teaching Field Core (22 Courses, 75 Hours)
Includes 12 hours from GENERAL EDUCATION Area III.
A. 43 hours from: MA 238, ST 210, BLY 301, BLY 302, BLY 303, CH 131 and CH 131L, CH 132 and CH 132L, CH 201 and CH 201L, GEO 101 and GEO 101L, PH 101 and PH 101L, PH 114 and PH 114L, (or PH 201 and PH 201L), PH 115 and PH 115L (or PH 202 and PH 202L)
B. 20 hours: BLY 300- BLY 499
Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:

* Recommended Course

BOLD courses require admission to Candidacy as a prerequisite

Additional Information

E-portfolio And Assessment

Students enrolled in education classes are required to purchase a LiveText membership.

- https://www.southalabama.edu/colleges/ceps/livetext.html

Teacher Candidacy – Secondary Education

This major contains a professional component (Candidacy) comprised of upper level education courses (300-400 levels), grouped into three semesters (as shown on graduation plan), and are only available to students who have gained admission to Teacher Candidacy.

Admission Requirements For Teacher Candidacy

Courses and GPA

- Courses: CA 110, EH 101, EH 102, EDM 310, EDU 400, EPY 351, and 75% of Teaching Field (or no more than one semester of Teaching Field courses between methods and internship)
- Hours: 60 credit hours of degree requirements completed
- Minimum Grade Point Averages: 2.75 Program, 2.75 Professional Studies, 2.75 Teaching Field, and 2.75 USA GPA (all GPAs found in degree audit). No grade below a “C” is accepted in Professional Studies.

ALSDE Background Check

- https://www.alsde.edu/sec/ec/Pages/background_clearance-all.aspx

Application, Liability Insurance, and Interview

- Completed and scheduled in the UCOM Advising Center during the semester prior to beginning Teacher Candidacy

Prerequisites And Certification/Graduation Requirements:

Semester 1 of Teacher Candidacy: EDU 340 (Prerequisite Below)

- Admission to Teacher Candidacy

Semester 2 of Teacher Candidacy: Methods Block (Fall Only-15 Credit Hours) (Prerequisites Below)

- Successful Completion of EDU 340 with a Grade of C or better
- GPAs at Admission Requirements Levels

Semester 3 of Teacher Candidacy: Internship (Prerequisites Below)

- Praxis - Teaching Field Content Knowledge - Passing Score
  https://www.ets.org/praxis/al/al_teacher_ed/
- Successful Completion of Methods Block with Grades of C or better
- GPAs at Admission Requirement Levels
- Student Teaching Application

Certification/Graduation Requirements

- Successful Completion of Student Teaching
- GPAs at Admission Requirement Level
• Passing Score on edTPA
• Application for Certification and Graduation

Secondary students will be required to participate in an opening of school experience during the fall immediately preceding either their methods block classes or their student teaching. This experience will take place at the beginning of the public school year which is prior to the beginning of U.S.A. classes.

NOTE: Praxis tests requirements are subject to change as prescribed by the ALSDE. Prior to registering for any Praxis exam, please verify current requirements by going directly to the ALABAMA portion of the ETS Praxis website at http://ets.org/praxis/al.

Secondary Education Mathematics (BS)

Degree Requirements

General Education Requirements (45 Hours)
Includes 3 hours of Math from Area III that will satisfy requirements in the TEACHING FIELD CORE.

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101
D. 3 hours from: AFR 101, ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 4 hours: MA 125

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, PSC 130, PSY 250, SY 109, SY 112

Area V - Health/Physical Education (3 Courses, 4 Hours)
A. 3 hours: KIN 100
B. 1 hour: PE Activity Course

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (111 Hours)

Professional Studies Core (10 Courses, 36 Hours)
A. 36 hours: EDM 310, EDU 400, EPY 351, EDU 340, EDU 341, EDU 342, EDU 363, EDU 451, EDU 454, and EDU 469

Teaching Field Core (14 Courses, 45 Hours)
Includes 4 hours from GENERAL EDUCATION Area III.
A. 32 hours from: MA 126, MA 227, MA 237, MA 238, MA 311, MA 320, MA 321, MA 410, MA 413, and ST 335
B. 3 hours: ST 210 or ST 315  
C. 3 hours: MA 300-MA 499  
D. 3 hours: MA 300-MA 499  

**Minor Requirements (0 Hours)**

A. 6 hours: HY 135, HY 136
B. 3 hours from: AN 100, SY 109
C. 3 hours: PSC 130

Area V - Health/Physical Education (2 Courses, 4 Hours)
A. 3 hours: KIN 100
B. 1 hour: PE Activity Course

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (87 Hours)

Professional Studies Core (10 Courses, 36 Hours)
A. 36 hours: EDM 310, EDU 400, EPY 351, EDU 340, EDU 341, EDU 342, EDU 363, EDU 451, EDU 457, and EDU 467

Teaching Field Core (14-15 Courses, 42-45 Hours)
Includes 12 hours from GENERAL EDUCATION Area IV.
A. 3-6 hours from: ECO 300 (or ECO 215 and ECO 216)
B. 3 hours: GEO 114 or GEO 115
C. 3 hours: PSC 250 or PSC 270
D. 9 hours: PSY 120, HY 101, HY 102
E. 3 hours from Non-Western History: HY 103, HY 104, HY 228, HY 321, HY 323, HY 325, HY 326, HY 362, HY 364, HY 365, HY 366, HY 367, HY 368, HY 429, HY 461, HY 465
F. 3 hours: HY 441, HY 442 or HY 443 (Research Seminar)
G. 3 hours: HY 432, HY 433, HY 434, HY 435, HY 436, HY 437
H. 12 hours: HY 300-HY 499
I. 3 hours: HY 400-HY 499

Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:
* Recommended Course

**BOLD** courses require admission to Candidacy as a prerequisite

Additional Information

E-portfolio And Assessment
Students enrolled in education classes are required to purchase a LiveText membership.

- https://www.southalabama.edu/colleges/ceps/livetext.html

Teacher Candidacy – Secondary Education
This major contains a professional component (Candidacy) comprised of upper level education courses (300-400 levels), grouped into three semesters (as shown on graduation plan), and are only available to students who have gained admission to Teacher Candidacy.

Admission Requirements For Teacher Candidacy

Courses and GPA
- Courses: CA 110, EH 101, EH 102, EDM 310, EDU 400, EPY 351, and 75% of Teaching Field (or no more than one semester of Teaching Field courses between methods and internship)
- Hours: 60 credit hours of degree requirements completed
- Minimum Grade Point Averages: 2.75 Program, 2.75 Professional Studies, 2.75 Teaching Field, and 2.75 USA GPA (all GPAs found in degree audit). No grade below a “C” is accepted in Professional Studies.

ALSDE Background Check
- https://www.alsde.edu/sec/ec/Pages/background_clearance-all.aspx

Application, Liability Insurance, and Interview
- Completed and scheduled in the UCOM Advising Center during the semester prior to beginning Teacher Candidacy

Prerequisites And Certification/Graduation Requirements:

Semester 1 of Teacher Candidacy: EDU 340 (Prerequisite Below)
- Admission to Teacher Candidacy

Semester 2 of Teacher Candidacy: Methods Block (Fall Only-15 Credit Hours) (Prerequisites Below)
- Successful Completion of EDU 340 with a Grade of C or better
- GPAs at Admission Requirements Levels
Semester 3 of Teacher Candidacy: Internship (Prerequisites Below)

- Praxis - Teaching Field Content Knowledge - Passing Score
  https://www.ets.org/praxis/al/al_teacher_ed/
- Successful Completion of Methods Block with Grades of C or better
- GPAs at Admission Requirement Levels
- Student Teaching Application

Certification/Graduation Requirements

- Successful Completion of Student Teaching
- GPAs at Admission Requirement Level
- Passing Score on edTPA
- Application for Certification and Graduation

Secondary students will be required to participate in an opening of school experience during the fall immediately preceding either their methods block classes or their student teaching. This experience will take place at the beginning of the public school year which is prior to the beginning of U.S.A. classes.

NOTE: Praxis tests requirements are subject to change as prescribed by the ALSDE. Prior to registering for any Praxis exam, please verify current requirements by going directly to the ALABAMA portion of the ETS Praxis website at http://ets.org/praxis/al.

(CP) Prerequisite for Candidacy

**BOLD courses require admission to Candidacy

(W) Courses that satisfy USA writing requirement (2 required)
Special Education (Alt. M.Ed.)

Degree Requirements

Alternative M.Ed. In Collaborative Teaching

This is a special alternative program for individuals with a baccalaureate degree in non-teacher education fields and individuals without Class "B" certification in an area of Education. In general the program requires a minimum of 42 graduate hours. See College of Education and Professional Studies general section for program admission requirements.

All prerequisites must be completed prior to admission to the program.

Academic Standards And Student Responsibility

Students should be aware that the Special Education Program requires that certain courses be taken in sequence. Advisors should be consulted to obtain information about sequencing and prerequisite course work.

A committee consisting of graduate faculty members within the program will be selected by program advisors to assist the student in planning their courses of study following the schedule of course offerings. Such programs of study should be approved before the completion of nine semester hours of work.

The Special Education Program requires that students who receive a grade of "C" in a Special Education course, must repeat that course and attain a grade of "B" or better.

Satisfactory performance in all course work (GPA of 3.0 or greater) is required of all graduate Special Education majors; in the event of unsatisfactory performance (below "C") in a course not in their major area, a student's Graduate Program Committee selects the option of repeating the course and demonstrating satisfactory performance or demonstrating satisfactory performance in an approved alternate course. A minimum GPA of 3.25 is required for graduation.

Students must do their internship/practicum in the Mobile area or arrange to be supervised through another university out of our area. Contact Field Services for info regarding the out of area option.

Students are assigned to advisors in their respective program areas. The student has the sole responsibility for initiating applications and meeting test and other deadline requirements.

K-6 Majors: SPE 595; 6-12 Majors: SPE 596 (Students must have a passing score on the appropriate Praxis II prior to enrollment in the internship). Current admission procedures require a passing score on the appropriate Praxis II prior to admission to the program.

Alabama State Department Of Education Certification Requirements:

A Student applying for initial teacher certification will be required to pass the appropriate Praxis II test(s) and have a successful score on his/her edTPA portfolio. ALSDE certification requirements are subject to change and students will be required to meet those which are in place the semester they are applying for certification. Prior to registering for any Praxis II exam, please verify current requirements by going directly to the ALABAMA portion of the Praxis II website at http://www.ets.org/praxis/al.
Special Education (BS)

Degree Requirements

General Education Requirements (58 Hours: 45 Hours Plus 13 Hours To Meet ALSDE 4x12 Requirements)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, *DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 126, MA 227, MA 237, MA 238
B. 4 hours from: BLY 101 & BLY 101L or BLY 121 & BLY 121L

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, *HY 135, *HY 136

Area V - Natural Sciences And Mathematics, Health/Physical Education And General Electives (7 Courses, 19 Hours)
A. 3 hours: MA 201
B. 6 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 126, MA 227, MA 237, MA 238, MA 202, *ST 210
D. 3 hours: KIN 100
E. 1 hour: PE 101 activity course

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)
Major Requirements (99 Hours: Includes 12 Hours From The General Education Areas I-IV)

Professional Studies (9 Courses, 33 Hours)
A. 33 hours: EDM 310, EDU 400, EPY 351, EDU 340, EDU 341, EDU 342, EDU 451, EDU 453 or (EDU 454, EDU 456, EDU 457), EDU 496

Teaching Field Core CT SPE 6-12 (6 Courses, 14 Hours)
A. 14 hours: EDU 321, EDU 322, EDU 354, EDU 363, EDU 372, EDU 410

Content Teaching Field (32 Hours)
Choose one content area from English/Language Arts; General Science; Mathematics; or Social Science
20 hours of 300-499 Content Coursework not already used in AREAS (IIIV):
A. English/Language Arts: EH 300-499
B. General Science: BLY 300-499, CH 300-499, NS 300-499, or PH 300-499
C. Mathematics: MA 300-499 or ST 300-499
D. Social Science: See Area IV, History, Social and Behavioral Sciences

*** *Must choose to complete Content Teaching in either English/Language Arts, General Science, Math or Social Science*

(CP) Candidacy Prerequisite
**BOLD** courses require admission to Candidacy

(W) Course that satisfy USA writing requirement (2 required)
Special Education (M.Ed.)

Degree Requirements

Special Education Graduate

The graduate program in Special Education prepares individuals with or without special education backgrounds to work with exceptional children and youth. Students seeking Alabama Class A Professional Certification may select programs of study in the areas of Collaborative Teaching K-6 or 6-12.

Post-master's or Sixth-Year Graduate Programs which lead to an Instructional Specialist Degree are available, and for qualified individuals, an Alabama Professional Certificate at the AA level.

Academic Standards And Student Responsibility

Students should be aware that the Special Education Program requires that certain courses be taken in sequence. Advisors should be consulted to obtain information about sequencing and prerequisite course work.

A committee consisting of graduate faculty members within the program will be selected by program advisors to assist the student in planning their courses of study following the schedule of course offerings. Such programs of study should be approved before the completion of nine semester hours of work.

The Special Education Program requires that students who receive a grade of "C" in a Special Education course, must repeat that course and attain a grade of "B" or better.

Satisfactory performance in all course work (GPA of 3.0 or greater) is required of all graduate Special Education majors; in the event of unsatisfactory performance (below "C") in a course not in their major area, a student's Graduate Program Committee selects the option of repeating the course and demonstrating satisfactory performance or demonstrating satisfactory performance in an approved alternate course. A minimum GPA of 3.25 is required for graduation.

Students must do their internship/practicum during their final semesters in the Mobile area or arrange to be supervised through another university. Contact Field Services for information regarding the out of area option.

Students are assigned to advisors in their respective program areas. The student has the sole responsibility for initiating applications and meeting test and other deadline requirements.

Master Of Education Degree Program in Special Education

The requirements for the Master of Education include a minimum of 30 semester hours in the program specialization. All graduate majors will have a graduate program committee plan the individual program of study based upon the student's training, experience, needs and schedule of course offerings.

Those students seeking teacher certification must complete one of the program areas detailed as follows:

Program For Collaborative Teaching, K-6 Or 6-12

For students with a valid Class "B" certificate in an area of Education. The 30 semester hour minimum program for the M.Ed. in the area of Collaborative Teaching includes:

MCOB Graduate Programs

Department Information

Graduate

In the event that a situation is not addressed below, the regulations governing that situation will be determined by the Graduate School.

Master Of Business Administration

The Mitchell MBA degree is accredited by the Association for the Advancement of Collegiate Schools of Business. It is a professional degree designed to enable individuals to study advanced concepts of business, industry, and government operations. The business environment is constantly changing and the coursework in the MBA program is designed to facilitate decision making within ambiguous and changing conditions. The program requires ten (10) courses each carrying three semester hours of credit.

The Master Of Accounting Degree Program

Students may earn a Master of Accounting degree in the Mitchell College of Business. The admissions requirements, academic regulations, and general degree requirements are similar to those required for the MBA Degree.

Students seeking the Master of Accounting degree are required to complete any of the foundation courses as designated by the Director of Graduate Studies. In addition, students must complete six (6) graduate accounting courses, two (2) general business courses, and two (2) elective courses. The entire program is on-line beginning fall semester 2018. Admission to the MAcc program is automatically approved upon application for USA Accounting graduates with an overall GPA of 3.0 and a GPA in the major of 3.0. These applicants may apply for a waiver of the GMAT exam.

Admission Requirements For MBA And MAcc Programs

The Mitchell MBA has a Fall only admission policy. The MAcc program will consider admissions at other times of the academic year.

To be admitted to the graduate programs within the Mitchell College of Business, the following are required:

1. A bachelor's degree from an institution accredited by the appropriate United States accrediting agency or equivalent for international institutions;
2. A grade point average of 3.0 is required for regular admission to the MBA program. Grade point averages below 3.0 will be considered on a case by case basis, and are subject to the approval of the MCOB Director of Graduate Programs.
3. Three (3) reference letters attesting to the qualifications of the applicant for graduate business study.
4. Applicants must take a graduate admissions test (GMAT or GRE) and report the score to the University of South Alabama. The MCOB gives preference to GMAT scores but will accept GRE scores under certain circumstances. For details on this policy, check with the Office of Graduate Studies at the Mitchell College of Business.
5. A personal statement from the applicant explaining his/her career ambitions, the reasons for their application to the Mitchell College of Business and an explanation why they achieved the score that they achieved on the graduate admissions test.
6. Applicants may request a waiver of GMAT if they hold a regionally accredited (or equivalent) advanced degree or have a minimum of 3-5 years of demonstrated professional work experience in an applicable area. Applicants who are currently enrolled, and in good standing, in an advanced degree program in a business related field from an AACSB institution may also be considered.
7. International students must meet or exceed the University’s standard for language proficiency.

There is a "non-degree seeking" category for registration. Students in this category must obtain permission of the Director of Graduate Studies before registering for any graduate courses in the Mitchell College of Business. A student must re-apply if no course work has been completed within one year after admission into the Master of Accounting or the Master of Business Administration programs.
MBA Prerequisite Requirements

Four courses in the MBA program suggest prospective students without sufficient prior academic training to complete preparation materials: MBA 502 Managing Accounting Information requires Principles of Accounting (ACC 211) or an equivalent course; MBA 503 Managing in the Business Environment requires Microeconomics (ECO 215) or an equivalent course; MBA 505 Managing People requires Principles of Management (MGT 300) or an equivalent course; and MBA 506 Managing Finance and Capital requires Business Finance (FIN 315) or an equivalent course. The principle is that all students entering the classroom are appropriately prepared. We strongly recommend that all applicants, but especially those without business background or training, successfully complete the prerequisite requirements. Applicants may fulfill the prerequisite requirements by completing the undergraduate courses or self-study courses available from the University Bookstore. All applicants should check with the MCOB Office of Graduate Programs for clarification.

Requirements For Regular Standing

Applicants with a grade point average of 3.0 or higher are given Regular Standing on entry into the program. A Provisional Admission student will qualify for Regular Standing upon completion of a minimum of nine semester hours taken for graduate credit (500 level) toward degree requirements provided at least a "B" average is maintained in all such work attempted.

Academic Regulations

The following regulations apply to all graduate students and encompass all work taken as a graduate student including all graduate degree courses (core, elective, concentration, business and accounting).

1. All students must earn an overall GPA of 3.0 or better
2. Students receiving a second grade of C will be dismissed
3. No D Grades will be awarded
4. Students receiving a grade of F will be dismissed
5. Students may not drop (WD) from any course more than one time.
6. Students may not repeat a course more than one time

Transfer Credit

A maximum of 9 semester hours of graduate credit earned at another institution may be considered for credit toward a degree in the master programs. Transfer credit is approved only after completion of a minimum of nine (9) semester hours of graduate credit at the University of South Alabama and the student has qualified for Regular Standing. Only grades of "A" or "B" may be accepted as transfer credit. Transfer credits are not used in the calculation of the grade point average. All decisions with respect to transfer credit are subject to the approval of the MCOB Director of Graduate Programs.

Transient Approval

Students enrolled in the Master of Business Administration Program and the Master of Accounting Program are expected to complete all requirements at the University of South Alabama. Students transferring from other accredited graduate programs may transfer a maximum of nine credit hours (three courses) to be counted toward USA graduate requirements. Once enrolled at USA, students are expected to complete the degree requirements at USA. Transient student requests will be approved only under the following conditions:

1. The student is graduating and the specific course requirement is not offered at USA during that term.
2. The student is moving from the Mobile area and can complete the degree requirements at another accredited institution (a maximum of nine hours if the student has not transferred other graduate credit to USA).
   Transient approval will not be granted for students to enroll in graduate classes at other local (non-AACSB accredited) institutions.

Time Limitation

All requirements for the MBA and MAcc programs must be completed within seven (7) calendar years from admission to the program.
Graduate Assistantships

Graduate Assistantships are awarded on an annual basis and are granted for the academic year. The stipend is for two semesters totaling $8,000 and a tuition waiver of up to 12 semester credit hours per semester. Out of state fees are also waived. Any additional fees or cost are paid by the student.

Application forms can be obtained from the Office of Graduate Programs in the Mitchell College of Business.

Requirements For Degrees

MBA students must satisfactorily complete ten (10) three semester-hour graduate courses. Students seeking the Master of Accounting degree must complete ten (10) three semester-hour graduate accounting courses.

Doctor Of Business Administration (DBA)

The Doctor of Business Administration (DBA) program in Management and in Marketing is primarily designed for individuals desiring to transition to an academic career or consulting. The program’s weekend format is designed to allow students to complete classes in an intensive series of Friday through Sunday classes. The Doctor of Business Administration (DBA) degree is awarded in recognition of the student's demonstrated ability to conduct original, scholarly research at the highest levels without extensive supervision. The degree is not granted upon completion of a stated amount of course work, but rather after demonstration by the student of a comprehensive knowledge and research capability in a specialized field of study. The student must demonstrate this ability in writing and by defending the research component based upon the result of an original investigation.

Minimum Requirements For Admission

Applicants must have successfully completed an MBA, a specialized Master's degree in business, or a professional degree in related areas of study, from nationally accredited programs subject to the approval of the Director of Graduate Studies and the Admissions Committee; Applicants must have a minimum of five years of professional experience in business or other professional fields. Instructors from business schools or colleges who want to upgrade their academic status with a doctoral degree are also eligible to apply. Classes are admitted once per year, starting in May. International students must meet or exceed the University’s standard for language proficiency.

Students may apply on-line at [http://www.southalabama.edu/colleges/mcob/dba/index.html](http://www.southalabama.edu/colleges/mcob/dba/index.html).

General Information

Required Credits

A minimum of 60 semester hours of approved graduate credit is required.

Transfer Credit

Graduate courses taken at another accredited university in the same (or closely related) subject as that of the DBA program, may be considered in the DBA plan of study at the discretion of the Director of the DBA Program. Only grades of "A" or "B" may be accepted as transfer credit. The transfer credit is approved by the Dean of the Graduate School only after completion of a minimum of 9 semester hours of graduate work in the doctoral program at USA.

Time Limit

All requirements for the DBA degree must be completed within 36 months from the date of matriculation. A student who has not satisfactorily completed the research component in a three year period must apply for a defined extension to complete the degree. This request must be made by the student to the MCOB Director of Graduate Studies and approved by the Dean of the Graduate School.

A comprehensive examination is scheduled for the summer of the third year of the doctoral program. Failure to complete the work within the periods specified will necessitate reevaluation of the student's program and may result in a recommendation for dismissal by the MCOB Director of Graduate Studies to the Graduate Dean.

Grade Requirements

1. All students must earn an overall GPA of 3.0 or better in the program in order to graduate.
2. Students receiving a second grade of “C-” for a course taken within the first two years of study will be dismissed.
3. Students may not drop (WD) from any course more than one time.
4. Students may not repeat a course more than one time.

Requirements For Degree

DBA students must satisfactorily complete a minimum of sixty (60) semester-hour graduate credit.

CPA Eligibility

Persons seeking licensure as a CPA in the state of Alabama must have completed a minimum of 150 semester hours or 225 quarter hours of postsecondary education, including (1) a baccalaureate degree from an accredited university, and (2) evidence that he or she has satisfied either one of the following:

a. To sit for the CPA Examination in the State of Alabama, an individual must possess at least a baccalaureate degree that is accredited by one of the regional accrediting bodies, such as the Southern Association of Colleges and Schools (SACS) and have completed at least 120 semester hours of college work. The 120 semester hours must include at least 24 semester hours of general business courses other than accounting (i.e. marketing, management, finance, economics, etc.), at least 24 semester hours of accounting courses at the upper division (i.e. junior or senior level) and/or graduate level. Upon completing all four parts of the exam, the successful candidate will have 36 months to complete 3 additional hours of general business coursework and 9 additional hours of accounting courses at the upper division (i.e. junior or senior level) and/or graduate level. In addition, the candidate must have earned a total of at least 150 semester hours of college credit.

b. Candidates who hold the Master of Accounting degree from an accounting program that is separately accredited in accounting by AACSB International (such as the University of South Alabama) are considered to meet all the educational requirements to be a CPA in the State of Alabama. They must also meet the experience requirement to be licensed.

If you need any further information, see the Chair of the Department of Accounting.

2021-22 GRADUATE/UNDERGRADUATE BULLETIN
Business Administration (PhD)

Degree Requirements

Doctor Of Philosophy (PhD)

The Doctor of Business Administration (PhD) program in Management or Marketing is designed for individuals in business desiring to transition to an academic career or build skills for consulting occupations. The program weekend format is designed to allow students to complete the program through an intensive series of Friday through Sunday classes. In the event a situation is not addressed below, the regulations governing that situation will be determined by the Graduate School.

Minimum Requirements For Admission

Applicants must have successfully completed an MBA, a specialized Master's degree in business, or a professional degree in related areas of study, from nationally accredited programs subject to the approval of the Director of Graduate Studies and the Admissions Committee; Applicants must have a minimum of five years of professional experience in business or other professional fields. Instructors from business schools or colleges who want to upgrade their academic status with a doctoral degree are also eligible to apply. Classes are admitted once each year, starting in May. Check the website for specific deadlines. International students must meet or exceed the University’s standard for language proficiency.

Students may apply on-line at https://www.southalabama.edu/colleges/mcob/dba/index.html.

General Information

Required Credits
A minimum of 60 semester hours of approved graduate credit is required. Details about the curriculum are given below.

Transfer Credit
Graduate courses taken at another accredited university in the same (or closely related) subject as that of the PhD program, may be considered in the PhD plan of study up to a maximum of 12 semester hours. Only grades of "A" or "B" may be accepted as transfer credit. The transfer credit is approved by the Dean of the Graduate School only after completion of a minimum of 9 semester hours of graduate work in the doctoral program at USA.

Residence, Full-time Study, And Continuation Registration
A minimum of eight consecutive terms of full-time study in residence is required.

Time Limit
All requirements for the PhD degree must be completed within 36 months from the date of matriculation. A student who has not satisfactorily completed the research component in a three year period must apply for a defined extension to complete the degree. This request must be recommended by the major professor, the Director of Graduate Studies, and approved by the Dean of the Graduate School.

A comprehensive examination is scheduled for the summer of the third year of the doctoral program. Failure to complete the work within the periods specified will necessitate reevaluation of the student's program and may result in a recommendation for dismissal by the Director of Graduate Studies to the Graduate Dean.

Doctor Of Philosophy Degree Requirements

The Doctor of Philosophy (PhD) degree is awarded in recognition of the student's demonstrated ability to conduct original, scholarly research at the highest levels without extensive supervision. The degree is not granted upon completion of a stated amount of course work, but rather after demonstration by the student of a comprehensive knowledge and research capability in a specialized field of study. The student must demonstrate this ability in writing and by defending the research component based upon the result of an original investigation.
Grade Requirements

1. All students must earn an overall GPA of 3.0 or better in the program in order to graduate.
2. Students must pass a course with a grade of no less than a B.
3. Students may not drop (WD) from any course more than one time.
4. Students may not repeat a course more than one time.

Requirements For Degree

PhD students must satisfactorily complete a minimum of sixty (60) semester-hour graduate credit. A minimum of eight consecutive terms of full-time study is required.

To earn a Doctor of Business Administration degree in Marketing from the University, a student must satisfactorily complete the following graduate courses and research assignments.

"Management is doing things right; leadership is doing the right things." - Peter Drucker

Discover Management

A majority of our faculty has extensive practical experience in their fields. They've dealt first hand with the challenges businesses and corporations face, and have a passion for sharing their knowledge. They're committed to nurturing the professional development of students so they graduate with the skills, initiative, integrity and sense of teamwork required in the workplace.

The Department of Management has the following degree options: Entrepreneurship, General Management, and Human Resource Management. The department also manages the On-line General Business Major. Transfer credits for upper division major courses will only be accepted from AACSB accredited institutions.

Entrepreneurship Concentration

Entrepreneurship is the key to economic growth for the United States and the Central Gulf Coast region. The Entrepreneurship concentration is designed to create an "innovation" focused mindset that produces entrepreneurs and entrepreneurial leaders in ALL sectors of the society including: starting businesses, working in financing careers, innovative educators, franchise owners, corporate entrepreneurs, economic development officials and social entrepreneurs. The concentration allows students to choose a combination of courses that best match their interests and entrepreneurial opportunities.

General Management Concentration

The General Management concentration offers courses designed to give students a solid foundation in the field of Management and enable them to become effective managers, problem-solvers, and decision-makers in the world of business, industry, and government. Emphasis is placed upon problem solving, and managerial decision-making. The thrust of the curriculum is to give students insight into the means for improving the productivity and efficiency of modern organizations.

Human Resource Management Concentration

Managers have become aware of the significant impact of effective utilization of the human resources in an organization. As a result, the Human Resource Manager has become a key person on the top management team. The Human Resource Management concentration provides students with the skills and knowledge to become a proficient practitioner in this leading organizational field.
On-line General Business Major

The on-line general business major is designed for students that have completed, or are in the process of completing, the freshman and sophomore level degree requirements and who desire to complete a business degree through the on-line delivery of the junior and senior level requirements.

The program assumes the student has completed 62 credit hours of general education and sophomore level business requirements. Students enrolled in the general business on-line degree program must complete 60 credit hours of junior and senior requirements and all of these courses are available on-line each year, but not every semester.

The on-line courses curriculum allows the student to complete the program in two years or five semesters. Although the curriculum is set up for a five semester sequence, students are not required to complete the courses in the listed sequence. Additionally, students are not required to enroll in a certain number of courses each semester to participate in the on-line degree program.

For additional information about the on-line program or for academic advising, please contact the:

General Business (BSBA)

Degree Requirements

General Education Requirements (59 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 120, MA 125

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 3 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112
C. 6 hours: ECO 215, ECO 216

Area V 200-Level Business (18 Hours)
A. 6 hours: ACC 211, ACC 212
B. 6 hours: BUS 245, BUS 255
C. 3 hours: BUS 265
D. 3 hours: CIS 250

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (63 Hours)

Freshman Core (1 Course, 3 Hours)
A. 3 hours: BUS 150 or Transfer Student Elective for students transferring into the College with more than 45 hours. Students transferring with 46-60 hours are highly encouraged to take BUS 150.

Upper Division Business Core (6 Courses, 18 Hours)
A. 3 hours from: BUS 305, ECO 453
B. 15 hours: FIN 315, MGT 300, MGT 305 (W), MGT 325, MKT 320

**Experiential Learning (2-4 Courses, 6 Hours)**
A. 3 hours from: BUS 101, BUS 201, BUS 301, BUS 302
B. 3 hours from: ACC 496, ECO 496, FIN 496, MGT 496, MKT 496

**General Business Major Courses (9 Courses, 27 Hours)**
A. 18 hours: MGT 340 (W), MGT 351, MKT 385, FIN 343, ECO 318, ACC 380
B. 9 hours from: ECO 330, FIN 300, FIN 344, MGT 311, MGT 390, MGT 441, MKT 350, MKT 380, ACC 331

**Business Electives (2 Courses, 6 Hours)**
A. 6 hours from: 300-494 Electives from ACC, ECO, FIN, MGT, MKT

**Business Policy Capstone (2 Courses, 3 Hours)**
A. 3 hours: MGT 485 (W), MGT 486

**Minor Requirements (0 Or 18-24 Hours)**
A minor is not required for this degree program

**Notes:**
*Course substitutions are possible with approval of the student's advisor or the Dean.

**Transfer credits for General Business Major Courses will only be accepted from AACSB-accredited institutions.**

Management (BSBA)

Degree Requirements

General Education Requirements (59 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 120, MA 125

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 3 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112
C. 6 hours: ECO 215, ECO 216

Area V 200-Level Business Core (18 Hours)
A. 6 hours: ACC 211, ACC 212
B. 6 hours: BUS 245, BUS 255
C. 3 hours: BUS 265
D. 3 hours: CIS 250

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (63 Hours)

Freshman Core (1 Course, 3 Hours)
A. 3 hours: BUS 150 or Transfer Student Elective for students transferring into the College with more than 45 hours. Students transferring with 45-60 hours are highly encouraged to take BUS 150.

Upper Division Business Core (6 Courses, 18 Hours)
A. 3 hours from: BUS 305, ECO 453
B. 15 hours: FIN 315, MGT 300, MGT 305 (W), MGT 325, MKT 320

Experiential Learning (2-4 Courses, 6 Hours)
A. 3 hours from: BUS 101, BUS 201, BUS 301, BUS 302
B. 3 hours from: ACC496, ECO 496, FIN 496, MGT 496, MKT 496

Management Core (4 Courses, 12 Hours)
A. 12 hours: MGT 334, MGT 351, MGT 340 (W), MGT 492

General Management Concentration (5 Courses, 15 Hours)
A. 15 hours from: MGT 311, MGT 345, MGT 347, MGT 355, MGT 356, MGT 357, MGT 390, MGT 430, MGT 441, MGT 450, MGT 451, MGT 452, MGT 454, MGT 455, MGT 460, MGT 462, MGT 470, MGT 483

Business Electives (2 Courses, 6 Hours)
A. 6 hours from: 300-494 Electives from ACC, ECO, FIN, MGT, MKT

Business Policy Capstone (1 Course, 3 Hours)
A. 3 hours: MGT 485 (W), MGT 486

Minor Requirements (0 Or 18-24 Hours)

A minor is not required for this degree program

Notes:
**Transfer credits for the Management Core and General Management Concentration courses will only be accepted from AACSB-accredited institutions.

**Total Hours**: 12

**Notes**

*Recommended Course

**See Degree Requirements for options

***All students must complete either literature or a history sequence

****If opted for Literature sequence, need Area IV; if opted for History sequence, need Area II
Management (BSBA) - General Management Concentration

Degree Requirements

General Education Requirements (59 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 120, MA 125

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 3 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112
C. 6 hours: ECO 215, ECO 216

Area V  200-Level Business Core (18 Hours)
A. 6 hours: ACC 211, ACC 212
B. 6 hours: BUS 245, BUS 255
C. 3 hours: BUS 265
D. 3 hours: CIS 250

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (63 Hours)

Freshman Core (1 Course, 3 Hours)
A. 3 hours: BUS 150 or Transfer Student Elective for students transferring into the College with more than 45 hours. Students transferring with 45-60 hours are highly encouraged to take BUS 150.
Upper Division Business Core (6 Courses, 18 Hours)
A. 3 hours from: BUS 305, ECO 453
B. 15 hours: FIN 315, MGT 300, MGT 305 (W), MGT 325, MKT 320

Experiential Learning (2-4 Courses, 6 Hours)
A. 3 hours from: BUS 101, BUS 201, BUS 301, BUS 302
B. 3 hours from: ACC 496, ECO 496, FIN 496, MGT 496, MKT 496

Management Core (4 Courses, 12 Hours)
A. 12 hours: MGT 334, MGT 351, MGT 340 (W), MGT 492

General Management Concentration (5 Courses, 15 Hours)
A. 15 hours from: MGT 311, MGT 345, MGT 347, MGT 355, MGT 356, MGT 357, MGT 390, MGT 430, MGT 441, MGT 450, MGT 451, MGT 452, MGT 454, MGT 455, MGT 460, MGT 462, MGT 470, MGT 483

Business Electives (2 Courses, 6 Hours)
A. 6 hours from: 300-494 Electives from ACC, ECO, FIN, MGT, MKT

Business Policy Capstone (1 Course, 3 Hours)
A. 3 hours: MGT 485 (W), MGT 486

Minor Requirements (0 Or 18-24 Hours)
A minor is not required for this degree program

Marine Sciences

Department Information

Department of Marine Sciences website
http://www.southalabama.edu/marinesciences

Undergraduate Minor In Marine Sciences

Seventy percent of the Earth’s surface is occupied by oceans. This dominance means that oceans exert a major influence on atmospheric dynamics and terrestrial ecology. The societal and economic importance of healthy ocean ecosystems cannot be overstated or ignored. The Department of Marine Sciences welcomes qualified students who wish to better focus their academic training towards oceanography and marine biology. The undergraduate minor in marine sciences is designed to complement many science and non-science majors offered at USA. Ocean-related science is relevant to many contemporary environmental issues and problems and central to understanding earth-system evolution, dynamics, climate and sustainability. The minor consists of courses and research opportunities offered primarily by faculty and researchers in the Department of Marine Sciences and the Dauphin Island Sea Lab.

Requirements for a Minor in Marine Sciences include a minimum of 18 hours in Marine Sciences related classes. The student must take MAS 134 Ocean Science, MAS 134L Ocean Science Lab, MAS 331 Marine Sciences I and MAS 332 Marine Science II. In addition to these core requirements, students must take 2-3 electives courses (MAS 371, MAS 367, MAS 430, MAS 451, MAS 471, MAS 475 or other electives approved by the Chair). Up to 6 hours required by a student’s major may be applied toward the minor. The Marine Science minor places a strong emphasis on a rigorous natural science foundation; thus, several of the upper division courses related to the minor have prerequisites. Students planning the minor should check catalog course descriptions carefully and should meet with advising staff in the Marine Science Program office.

Master Of Science (M.S.) In Marine Sciences

The Master of Science (M.S.) Program in marine sciences is designed to train and prepare superior students for a career in this field. The marine sciences program offers courses and opportunities for research in four main areas: biological, chemical, physical, and geological oceanography. Each M.S. student receives formal training in at least three of these disciplines while concentrating in a specific research area. Thus, the program is structured to develop the capacity for productive and innovative research, founded on a solid background of broad scientific knowledge. The requirements and procedures that follow are specifically for the Department of Marine Sciences. However, the general rules and policies of the Graduate School also apply.

Minimum Requirements For Admission

Application before January 15 is encouraged; beginning February 1, the admission committee will make initial recommendations about applicants for the following Fall class, with formal letters sent to applicants by the end of April. Although students are normally admitted in the Fall Semester, depending on availability of space and funding, applications may be approved and students admitted throughout the year. In addition to the general admissions requirements of the Graduate School, minimal requirements for admission in full standing to the Marine Sciences M.S. Program are:

1. A baccalaureate degree in marine sciences or in a discipline related to marine sciences (e.g., biology, chemistry, geology, physics) from an accredited four year college or university
2. Applicants to graduate programs in Arts and Sciences typically have a minimum GPA of at least a 3.0 on all undergraduate work. In exceptional cases, applicants may be considered with at least a 2.5 GPA on all undergraduate work, or at least a 2.75 GPA on the last 60 hours of undergraduate work.
3. A minimum score of 300 combined on the verbal and quantitative subtests of the Graduate Record Exam (GRE)

The applicant will be required to submit:

1. A completed application including a statement indicating the student’s interests and professional goals
2. Official transcripts from all undergraduate institutions attended
3. Three letters of recommendation
4. Official scores from the Graduate Record Exam (General Test)
Assessment of credentials will be supplemented by evaluation of letters of recommendation and the educational background of the student. Foreign applicants will be required to pass the TOEFL exam with a score of 71 or greater, or equivalent score on computer administered tests.

To insure compatibility between the student's research interests and the faculty expertise in the Marine Sciences Department, particular attention will be given to the statements of research interests. A faculty member will be asked to act as a "mentor" for the applicant based on the statement of interest and, if necessary, a personal interview. Through this process the student's interests will be matched to the expertise available within the faculty. Moreover, the mentor also may be able to offer the student financial support if a departmental stipend is not available. Students whose interests do not correspond to those of a faculty member and/or have not identified a faculty willing to serve as a mentor, will not be admitted into the M.S. degree program in marine sciences.

Application forms for admission can be found at http://www.southalabama.edu/departments/admissions/. Applications for fellowships (see below) are obtained by writing to: Chair, Department of Marine Sciences, University of South Alabama, Mobile, AL 36688-0002 or visit the website at http://www.southalabama.edu/marinesciences

Fellowships And Assistantships
The Department of Marine Sciences offers a variable number of research assistantships that are sponsored by externally funded grants and contracts. The current stipend for M.S. students is $17,000 per year. Additional funding for tuition fellowship may also be available through extramural grants. Information about assistantships is available from the Office of the Dean of the Graduate School, Administration Building Room 340, University of South Alabama, Mobile, AL 36688-0002.

Master Of Science (M.S.) In Marine Conservation And Resource Management
The M.S. in Marine Conservation and Resource Management is designed to provide a formal course of training and professional development in the marine sciences that will enable students to contribute to the sustainable management of marine resources.

The program does not require thesis research, but instead offers professional development through group projects and professional internships with government agencies, NGOs, and environmental consulting firms. The curriculum and other requirements can accommodate students currently in the workforce.

Minimum Requirements For Admission
Applications for Fall admission are due by April 15 of each year. Enrollment normally begins in the fall semester; however spring admissions will be considered on a case by case situation. In addition to the general admissions requirements of the Graduate School, minimal requirements for admission in full standing to the M.S. Program in Marine Conservation and Resource Management are:

1. A baccalaureate degree in a discipline related to marine sciences (e.g., biology, chemistry, geology, physics, and engineering) or conservation biology (economics, sociology) from an accredited four year college or university
2. Applicants to graduate programs in Arts and Sciences typically have a minimum GPA of at least a 3.0 on all undergraduate work. In exceptional cases, applicants may be considered with at least a 2.5 GPA on all undergraduate work, or at least a 2.75 GPA on the last 60 hours of undergraduate work.
3. A minimum score of 300 combined on the verbal and quantitative subtests of the Graduate Record Exam (GRE)

The applicant will be required to submit:

1. A completed application including a statement indicating the student's interests and professional goals
2. Official transcripts from all undergraduate institutions attended
3. Official scores from the Graduate Record Exam (General Test)

Doctor Of Philosophy (Ph.D.) Program
The Doctor of Philosophy (Ph.D.) Program in marine sciences is designed to provide formal course work and advanced research in marine sciences that produces significant, original contributions to knowledge. The Ph.D. degree is awarded to students who have reached and formally demonstrated a level of competence and accomplishment that enables them to pursue careers as marine science professionals. The Ph.D. degree confers eligibility for many positions in academia, industry, and government.

The marine sciences program offers courses and opportunities for research in multiple sub-disciplines: biological, chemical, physical, and geological oceanography as well as marine ecology and fisheries. Each student receives formal training in each of these disciplines while concentrating in a specific research area. The requirements and procedures that follow are specifically for the Department of Marine Sciences. However, the general rules and policies of the Graduate School also apply.
Minimum Requirements For Admission

Students are normally admitted in the Fall Semester. Although applications for admission and fellowships are accepted throughout the year, application before February 1 is encouraged; beginning February 15 the admissions committee will make initial recommendations about applicants for the following Fall class, with formal letters sent to applicants by the end of April. Depending on availability of space and funding, applications may be approved and students admitted throughout the year. In addition to the general admissions requirements of the Graduate School, requirements for admission to the Marine Sciences Ph.D. program are:

1. A narrative statement indicating the student’s research interests, professional goals and commitment to full-time study for completion of degree requirements
2. Three letters of recommendation
3. For students with baccalaureate degrees:
   a. Official scores from the Graduate Record Examination General Test with a minimum score of 300 combined on the verbal and quantitative subtests
   b. A baccalaureate degree in a discipline related to marine sciences (e.g., biology, chemistry, geology, physics) from an accredited four-year college or university
   c. Applicants to graduate programs in Arts and Sciences typically have a minimum GPA of at least a 3.0 on all undergraduate work. In exceptional cases, applicants may be considered with at least a 2.5 GPA on all undergraduate work, or at least a 2.75 GPA on the last 60 hours of undergraduate work.
4. For students with M.S. degrees:
   a. An M.S. degree in a discipline related to marine sciences (e.g., biology, chemistry, geology, physics) from an accredited college or university
   b. A graduate minimum grade-point average of 3.00 overall (A=4)
5. International students must submit an official score of at least 71 on the Test of English as a Foreign Language (TOEFL), or equivalent score on computer administered tests

To ensure research compatibility between the student and the faculty in the marine sciences program, attention will be given to the statement of research interests. A faculty member will be asked to act as a mentor for the applicant based on the statement of interests and, if necessary, a personal interview. Through this process, the student’s interests will be matched to the expertise available within the faculty. Moreover, the mentor may also be able to offer the student financial support if a stipend is not available. Students whose interests do not correspond to those of a particular faculty mentor, and have not identified a faculty member willing to serve as a mentor, will not be admitted into the Ph.D. degree program in marine sciences.

Application forms for admission to the program and for fellowships (see below) are obtained by writing to: Chair, Department of Marine Sciences, University of South Alabama, Mobile, AL 36688-0002.

Fellowships And Assistantships

The Department of Marine Sciences offers at-large fellowships to Ph.D. students annually on a competitive basis. In addition, there are a variable number of doctoral assistantships that are sponsored by externally funded grants and contracts to faculty. The current stipend for Ph.D. fellowships is $20,000 per year plus tuition fellowship and waiver of out-of-state fees. Prospective students must submit applications by February 1 to receive consideration for at-large fellowships. Information about assistantships is available from the Office of the Dean of the Graduate School, Administration Building Room 340, University of South Alabama, Mobile, AL 36688-0002.

Professor
BA, University of Texas-Dallas
PHD, University of Alabama

WANG, XIANGLI
Assistant Professor
BS, China University of Geoscience
PHD, University of Illinois-Urbana
Marine Science (MS) - Marine Conservation

Degree Requirements

Master Of Science (M.S.) In Marine Conservation And Resource Management

The MS in Marine Conservation and Resource Management is designed to provide a formal course of training and professional development in the marine sciences that will enable students to contribute to the sustainable management of marine resources. The program does not require thesis research, but instead offers professional development through group projects and professional internships with government agencies, NGOs, and environmental consulting firms. The curriculum and other requirements can accommodate students currently in the workforce.

Minimum Requirements For Admission

Applications for Fall admission are due by April 15 of each year. Enrollment normally begins in the fall semester; however spring admissions will be considered on a case by case situation. In addition to the general admissions requirements of the Graduate School, minimal requirements for admission in full standing to the MS Program in Marine Conservation and Resource Management are:

1. A baccalaureate degree in a discipline related to marine sciences (e.g., biology, chemistry, geology, physics, and engineering) or conservation biology (economics, sociology) from an accredited four year college or university.
2. Applicants to graduate programs in Arts and Sciences typically have a minimum GPA of at least a 3.0 on all undergraduate work. In exceptional cases, applicants may be considered with at least a 2.5 GPA on all undergraduate work, or at least a 2.75 GPA on the last 60 hours of undergraduate work.
3. A minimum score of 300 combined on the verbal and quantitative subtests of the Graduate Record Exam (GRE).

The applicant will be required to submit:

1. A completed application including a statement indicating the student's interests and professional goals.
2. Official transcripts from all undergraduate institutions attended.
3. Official scores from the Graduate Record Exam (General Test).

Degree Requirements

The Master of Science degree in Marine Conservation and Resource Management is awarded in recognition of the student's demonstrated ability to successfully complete a prescribed program of courses. Students are not required to undertake original scholarly research (thesis), but instead complete a capstone project (see below).

General

Required Credit

A minimum of thirty (30) semester hours of course credit beyond the baccalaureate degree is required for students pursuing an MS degree. Details about the curriculum are given as follows.

Transfer Credit

A maximum of twelve (12) semester hours of graduate courses taken at another accredited university in the same (or closely related) subject as that of the masters program may be considered as part of the MS degree requirements at USA. Only grades of "A" or "B" may be accepted as transfer credits. The Chair or Graduate Coordinator will evaluate transfer credit; the transfer credit is approved by the Dean of the Graduate School only after completion of a minimum of eight semester hours of graduate course work in the MS program in marine conservation and resource management at USA.

Course work: All students must complete the four core courses of the program. At least two statistics courses will be required for the program. For students who have not had statistics courses as an undergraduate, ST 540 must be one of those courses taken. The remaining coursework (6 cr) requirement should be met through elective courses that are approved by the program coordinator.

A key element of the program is participation in a professional internship or the completion of a capstone research project. Students will do either an internship or capstone, but not both. We recommend that students pursue the internship route in order to develop professional experience. The requirements for these options are below.

1. To fulfill the requirements of the program by performing an internship, a student must perform an internship of approximately 6-month duration working 20 hours a week (approximately 480 hours of internship) in the field of Marine Conservation and Resource Management.

2. In some cases, students may opt for a capstone research project in lieu of the internship. A capstone project provides an opportunity to go more in depth on a topic to address the complex problems facing marine and coastal systems. With the help of a faculty mentor and the program coordinator, a student pursuing the capstone project will design and perform a project to resolve a problem related to conservation and/or resource management. The project shall result in a paper of modest length (about the length of a journal article) and a formal presentation to the Marine Sciences Department faculty and students.

**Time Limit**

All requirements for the MS degree must be completed within two and one half years from the date of matriculation. A student who has not satisfactorily completed a M.S. degree in a 2.5-year period must apply for a defined extension to complete the degree. This request must be recommended by a major professor, the Chair, the Director of Graduate Studies, and approved by the Dean of the Graduate School. If the student does not complete the degree requirements in the defined extension period, the Director of Graduate Studies may recommend, and the Dean of the Graduate School may take, whatever action is necessary up to and including dismissal.

Failure to complete the work within the periods specified shall necessitate reevaluation of the student's program, and may result in a recommendation of dismissal by the Director of Graduate Studies to the Graduate Dean.
Marine Science (MS) - Non-Thesis Option

Degree Requirements

Degree Requirements
The Master of Science degree in Marine Sciences is awarded in recognition of the student's demonstrated ability to successfully complete a prescribed program of courses. It also is preferred that students undertake original scholarly research, which culminates in writing and defending an acceptable thesis.

General

Required Credit
A minimum of thirty-two (32) semester hours of course credit beyond the baccalaureate degree is required for students pursuing an MS degree. Details about the curriculum are given as follows.

Transfer Credit
A maximum of eight (8) semester hours of graduate courses taken at another accredited university in the same (or closely related) subject as that of the masters program may be considered as part of the MS degree requirements at USA. Only grades of "A" or "B" may be accepted as transfer credits. The student's mentor (major professor), in consultation with the Chair, and if necessary, the student's advisory committee, will evaluate transfer credit; the transfer credit is approved by the Dean of the Graduate School only after completion of a minimum of eight semester hours of graduate course work in the MS program in marine sciences at USA.

Residence, Full-Time Study, And Continuous Registration
A minimum of two consecutive semesters of full-time study in residence is required. The residency requirements may be met at USA or the Dauphin Island Sea Lab.

Employment other than University activities directly associated with graduate study is not allowed during full-time study, unless specifically approved by the Chair.

Time Limit
All requirements for the MS degree must be completed within three years from the date of matriculation. A student who has not satisfactorily completed a M.S. degree in a three-year period must apply for a defined extension to complete the degree. This request must be recommended by a major professor, the Chair, the Director of Graduate Studies, and approved by the Dean of the Graduate School. If the student does not complete the degree requirements in the defined extension period, the Director of Graduate Studies may recommend, and the Dean of the Graduate School may take, whatever action is necessary up to and including dismissal.

Failure to complete the work within the periods specified shall necessitate reevaluation of the student's program, and may result in a recommendation of dismissal by the Director of Graduate Studies to the Graduate Dean.

Course Requirements
A field of specialization is required of all candidates for the MS degree. In addition, all students must have formal course work in at least three (3) of the following general areas of marine sciences; biological, chemical, geological, and physical oceanography. This requirement is normally met by completion of three of the four (4) core courses (see below), representing twelve (12) credit hours.

Core Courses
The four (4) core courses consist of four (4) semester hours each for a total of 16 semester hours in physical (MAS 601), chemical (MAS 602), geological (MAS 603), and biological oceanography (MAS 604), or equivalent transfer hours. Two (2) semester hours of seminar (two, one (1) semester hour enrollments) are required.

The remaining course work will be determined by the student's advisory committee, but must include six (6) semester hours of marine sciences electives. Although a thesis is not an absolute requirement, this program is oriented toward research, and students will be expected to demonstrate research capability, preferably through completion of an acceptable thesis. For students...
pursuing a thesis program, the MS degree program of study may include up to nine (9) hours of thesis credit toward the minimum requirements of thirty-two (32) semester hours.

Grades of "B" or better in all core courses will satisfy the requirement of a comprehensive exam.

Non-thesis Program

Students pursuing the MS degree in Marine Sciences are encouraged to follow the thesis option. However, a non-thesis curriculum is available for students, upon agreement of the major professor and advisory committee, who so elect. The student will be required to complete the same degree requirements as those for a student who chooses the thesis option, with the following exceptions:

1. A thesis will not be required, consequently MAS 599 (Thesis) may not be taken, and the nine (9) semester hours normally associated with it must be earned through formal course work.
2. Course work must include all four core courses.
3. The student must take an oral comprehensive exam, to be given by the advisory committee, in addition to the written exam.
4. The student must complete MAS 594 (Directed Studies) under the direction of the major professor. The student must also have an advisory committee whose members will decide if the student's report relating to the directed study is satisfactory. The committee normally will consist of the major professor and two others. The student is required to present an open seminar about the directed study during the last semester of residency.
Marine Science (MS) – Thesis Option

This requirement is normally met by completion of three of the four (4) core courses (see below), representing twelve (12) credit hours.

Core Courses
The four (4) core courses consist of four (4) semester hours each for a total of 16 semester hours in physical (MAS 601), chemical (MAS 602), geological (MAS 603), and biological oceanography (MAS 604), or equivalent transfer hours. Two (2) semester hours of seminar (two, one (1) semester hour enrollments) are required.

The remaining course work will be determined by the student's advisory committee, but must include six (6) semester hours of marine sciences electives. Although a thesis is not an absolute requirement, this program is oriented toward research, and students will be expected to demonstrate research capability, preferably through completion of an acceptable thesis. For students
pursuing a thesis program, the MS degree program of study may include up to nine (9) hours of thesis credit toward the minimum requirements of thirty-two (32) semester hours.

**Defense Of Thesis (When Applicable)**

The final oral defense of the thesis is scheduled after the thesis is completed except for such revisions as may be necessary as a result of the defense. The final oral defense will not be given before all required course work has been completed or is currently in progress.
Marine Science (Ph.D.)

Degree Requirements

Doctor Of Philosophy (Ph.D.) Program
The Doctor of Philosophy (Ph.D.) Program in marine sciences is designed to provide formal course work and advanced research in marine sciences that produces significant, original contributions to knowledge. The Ph.D. degree is awarded to students who have reached and formally demonstrated a level of competence and accomplishment that enables them to pursue careers as marine science professionals. The Ph.D. degree confers eligibility for many positions in academia, industry, and government.

The marine sciences program offers courses and opportunities for research in multiple sub-disciplines: biological, chemical, physical, and geological oceanography as well as marine ecology and fisheries. Each student receives formal training in each of these disciplines while concentrating in a specific research area. The requirements and procedures that follow are specifically for the Department of Marine Sciences. However, the general rules and policies of the Graduate School also apply.

Minimum Requirements For Admission
Students are normally admitted in the Fall Semester. Although applications for admission and fellowships are accepted throughout the year, application before February 1 is encouraged; beginning February 15 the admissions committee will make initial recommendations about applicants for the following Fall class, with formal letters sent to applicants by the end of April. Depending on availability of space and funding, applications may be approved and students admitted throughout the year. In addition to the general admissions requirements of the Graduate School, requirements for admission to the Marine Sciences Ph.D. program are:

1. A narrative statement indicating the student's research interests, professional goals and commitment to full-time study for completion of degree requirements.
2. Three letters of recommendation.
3. For students with baccalaureate degrees:
   a. Official scores from the Graduate Record Examination General Test with a minimum score of 300 combined on the verbal and quantitative subtests.
   b. A baccalaureate degree in a discipline related to marine sciences (e.g., biology, chemistry, geology, physics) from an accredited four-year college or university.
   c. Applicants to graduate programs in Arts and Sciences typically have a minimum GPA of at least a 3.0 on all undergraduate work. In exceptional cases, applicants may be considered with at least a 2.5 GPA on all undergraduate work, or at least a 2.75 GPA on the last 60 hours of undergraduate work.
4. For students with MS degrees:
   a. An MS degree in a discipline related to marine sciences (e.g., biology, chemistry, geology, physics) from an accredited college or university.
   b. A graduate minimum grade-point average of 3.00 overall (A=4).
5. International students must submit an official score of at least 71 on the Test of English as a Foreign Language (TOEFL), or equivalent score on computer administered tests.

To ensure research compatibility between the student and the faculty in the marine sciences program, attention will be given to the statement of research interests. A faculty member will be asked to act as a mentor for the applicant based on the statement of interests and, if necessary, a personal interview. Through this process, the student's interests will be matched to the expertise available within the faculty. Moreover, the mentor may also be able to offer the student financial support if a stipend is not available. Students whose interests do not correspond to those of a particular faculty mentor, and have not identified a faculty member willing to serve as a mentor, will not be admitted into the Ph.D. degree program in marine sciences.

Application forms for admission to the program and for fellowships (see below) are obtained by writing to: Chair, Department of Marine Sciences, University of South Alabama, Mobile, AL 36688-0002.

Fellowships And Assistantships
The Department of Marine Sciences offers at-large fellowships to Ph.D. students annually on a competitive basis. In addition, there are a variable number of doctoral assistantships that are sponsored by externally funded grants and contracts to faculty. The current stipend for Ph.D. fellowships is $20,000 per year plus a tuition fellowship and waiver of out-of-state fees. Prospective
students must submit applications by February 1 to receive consideration for departmental fellowships. Information about assistantships is available from the Office of the Dean of the Graduate School, Administration Building Room 340, University of South Alabama, Mobile, AL 36688-0002.

**Degree Requirements**

The Doctor of Philosophy degree is awarded in recognition of the student's demonstrated ability to conduct original, scholarly research at the highest levels without extensive supervision. The degree is not granted upon completion of a stated amount of course work, but rather after demonstration by the student of a comprehensive knowledge and research capability in a specialized field of study. The student must demonstrate this ability in writing and by defending a dissertation based upon the results of an original investigation.

**General**

**Required Credit**

A minimum of 60 semester hours of approved graduate credit is required. Details about the curriculum are given below.

**Transfer Credit**

Graduate courses taken at another accredited university, such as for students with MS degrees in the same (or a closely related) subject as that of the Ph.D. program, may be considered in the Ph.D. plan of study up to a maximum of 30 semester hours. Only grades of "A" or "B" may be accepted as transfer credit. The student's mentor, in consultation with the Chair, and if necessary, the advisory committee, will evaluate transfer credit; the transfer credit is approved by the Dean of the Graduate School only after completion of a minimum of eight semester hours of graduate course work in the doctoral program at USA.

**Residence, Full-time Study, And Continuous Registration**

A minimum of two consecutive semesters of full-time study in residence is required. The residency requirement may be met at USA or the Dauphin Island Sea Lab.

Employment other than University activities directly associated with graduate study is not allowed during full-time study, unless specifically approved by the Chair.

**Time Limit**

All requirements for the Ph.D. degree must be completed within five years from the date of matriculation. A student who has not satisfactorily completed a dissertation in a five-year period must apply for a defined extension to complete the degree. This request must be recommended by the major professor, the Chair of the Department, the Director of Graduate Studies, and approved by the Dean of the Graduate School.

If the student does not complete the degree requirements in the defined extension period, the Director of the Graduate Program may recommend and the Dean of the Graduate School may take whatever action is necessary up to and including dismissal.

The comprehensive examination must be passed within three years of the beginning of doctoral study, or within four years if the student entered with a master's degree in the same or a closely related field. Failure to complete the work within the periods specified shall necessitate reevaluation of the student's program and may result in a recommendation for dismissal by the Director of Graduate Studies to the Graduate Dean.

**Course Requirements**

**Core Courses**

A field of specialization is required of all candidates for the Ph.D. degree. All students must have formal course work in all of the core marine science subdisciplines. This requirement is normally met by completion of four (4) core courses (see below) and seminar, representing eighteen (18) credit hours.

The four (4) core courses consist of four (4) semester hours each for a total of 16 semester hours in physical (MAS 601), chemical (MAS 602), geological (MAS 603), and biological oceanography (MAS 604), or equivalent transfer courses.

**Other Required Courses**

At least 44 semester hours in courses beyond the baccalaureate degree are required in addition to the core courses, at least half of which must be taken in formal courses exclusive of directed studies or directed research. No more than 18 hours of dual-listed courses (400- and 500- level listing for the same course) may be counted toward meeting the minimum hours required for a degree. Graduate students will only receive graduate credit for the 500 level version of dual-listed courses.
At least 12 semester hours of dissertation course credit is required. Not more than 15 hours in this category can be counted toward the minimum requirement of 60 semester hours.

Two (2) semester hours of seminar (two, one (1) semester hour enrollments) are required.

Comprehensive Examinations

Written and oral examinations in marine sciences are required of all students seeking the Ph.D. degree in marine sciences. These examinations are given after at least two full years but before five full years of graduate study are completed. The written comprehensive examination is taken first and normally is more general in scope than the oral comprehensive examination. The examinations may be taken no more than twice.

Candidacy

A doctoral student is admitted to candidacy upon passing both the written and oral comprehensive examinations and after completing all formal course work requirements. The doctoral candidate is a student who has fulfilled all preliminary requirements for the Ph.D. and has only completion of the dissertation research as the remaining requirement.

Defense Of Dissertation

The final oral defense of the dissertation is scheduled after the dissertation is completed except for such revisions as may be necessary as a result of the defense. The final oral defense will not be given earlier than one semester after admission to candidacy and not before all required course work has been completed or is currently in progress.
Minor In Marine Sciences

Degree Requirements

The Department of Marine Sciences welcomes qualified students who wish to better focus their academic training towards oceanography and marine biology. The undergraduate minor in marine sciences is designed to complement many science and non-science majors offered at USA. Ocean-related science is relevant to many contemporary environmental issues and problems and central to understanding earth-system evolution, dynamics, climate and sustainability. The minor consists of courses and research opportunities offered primarily by faculty and researchers in the Department of Marine Sciences and the Dauphin Island Sea Lab.

Requirements for a Minor in Marine Sciences include a minimum of 18 hours in Marine Sciences related classes. The student must take MAS 134 Ocean Science, MAS 134L Ocean Science Lab, MAS 331 Marine Sciences I and MAS 332 Marine Science II. In addition to these core requirements, students must take 2-3 electives courses (MAS 371, MAS 367, MAS 430, MAS 451, MAS 471, MAS 475 or other electives approved by the Chair). Up to 6 hours required by a student’s major may be applied toward the minor. The Marine Science minor places a strong emphasis on a rigorous natural science foundation; thus, several of the upper division courses related to the minor have prerequisites. Students planning the minor should check catalog course descriptions carefully and should meet with advising staff in the Marine Science Program office.

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

“Business has only two functions - marketing and innovation.” - Milan Kundera

Discover Marketing

Marketing is a dynamic process that creates and delivers value in competitive environments through customer-focused and market-driven actions. The Marketing major provides an integrative and substantive approach to marketing strategy development and implementation based on learning experiences that combine concepts and managerial practice. A well-designed, market-based curriculum allows students to experience the core of marketing through interactive courses, internships, directed study programs, and special topics courses designed to focus on specific areas of marketing interest. These goals are achieved through the Marketing Management, International Business, and Professional Sales concentrations.

Marketing Management Concentration

The Marketing Management concentration offers a holistic view of the marketing function, with special focus on consumer analysis, value creation and delivery, marketing segmentation, and marketing strategy development and execution, within the context of changing and competitive business environments. The Marketing Management concentration prepares students for career in sales, advertising and marketing communication, retailing, supply chain management, market research and related areas. It is good preparation for positions in health care marketing, sports marketing, tourism and hospitality, non-profit marketing, financial services marketing and a host of other growth industries.

Professional Sales Concentration

In globally-competitive organizations, sales professionals are increasingly responsible for market growth, value creation, customer relationship management, branding, and communication of product, service, and organizational benefits. The sales function is the engine that propels every aspect of the organization. The Professional Sales Concentration prepares students for rewarding careers in sales and related areas. Students completing this concentration have some proficiency in relationship selling, buyer behavior, value creation and delivery, prospecting, sales call planning, communications skills, negotiating win/win solutions, and customer relationship management.
International Business Major

A degree in International Business prepares students for management positions in U.S. based companies that serve global markets and foreign based companies that provide products and services in the U.S. and other countries. Students will learn how conducting business on a global scale differs from domestic operations and will develop sensitivity and understanding of cultural differences and business etiquette to allow them to effectively negotiate and conduct business in a variety of cultures.

The curriculum requires proficiency in a foreign language and includes courses in management, marketing, economics, finance, accounting, and business law to prepare students for a variety of jobs in multinational companies.

Students majoring in International Business are strongly encouraged to participate in a study abroad experience. Short-term study abroad immersion experiences are available, including the British Studies Program in London and the Asia-Pacific Business course in Australia, in addition to longer-term study abroad programs at one of our partner universities, accredited by the AACSB.

International exposure is a critical success factor for International Business majors. However, approved alternatives, including research with a major international component, projects with substantial international content, or other options suggested by the International Business faculty advisor, will be considered.

Students must complete an internship with an international focus. This is accomplished by completing an internship with a multinational company operating in the U.S. or by completing an internship with an U.S. or foreign based firm operating in another country.

Proficiency In A Second Language

Students majoring in International Business are required to demonstrate introductory-level proficiency in a second language by passing a foreign language proficiency examination as administered by the University of South Alabama Department of Foreign Languages and Literature or by successfully completing the second semester of any approved elementary sequence in a foreign language.

Supply Chain & Logistics Management Major

The Supply Chain and Logistics Management (SCLM) major is designed to equip students with the skill sets necessary for successful careers in supply chain-related fields. As supply chain management becomes more seminal in competitive strategy, it is important for business leaders to have a strong appreciation for and understanding of the mechanics of supply chain and logistics management and the resulting impact on organizational performance. Given the global nature of supply chains, talent is needed to ensure the proper planning, implementation, and assessment of market-centered, adaptive, and agile supply chains worldwide.

Supply chain and logistics management employment opportunities are wide and varied. The following represents a small sampling of the specific types of jobs available to program graduates: procurement specialists; sourcing analysts; materials manager; sourcing commodity specialists; logistics customer service; transportation sourcing specialists; material coordinator; operations manager; inventory control; production scheduling; warehouse manager; logistics analysts; and quality manager.

Upon completion of the BSBA degree program in SCLM, students will be prepared to enter a wide-range of sectors, including manufacturing, distribution, services, and government. Additionally, the program provides a solid foundation for general MBA programs, as well as specialized programs in supply chain management, logistics management, production and operations management, distribution management, transportation, marketing, and related areas.

Degree Requirements

General Education Requirements (59 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 120, MA 125

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 3 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112
C. 6 hours: ECO 215, ECO 216

Area V 200-Level Business Core (18 Hours)
A grade of at least C is required in each course.

A. 6 hours: ACC 211, ACC 212
B. 6 hours: BUS 245, BUS 255
C. 3 hours: BUS 265
D. 3 hours: CIS 250

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (63 Hours)

Freshman Core (1 Course, 3 Hours)
A. 3 hours: BUS 150 or Transfer Student Elective for students transferring into the College with more than 45 hours. Students transferring with 46-60 hours are highly encouraged to take BUS 150.
Upper Division Business Core (6 Courses, 18 Hours)  
A 2.0 GPA is required in the Upper Division Business Core.
  A. 3 hours from: BUS 305, ECO 453  
  B. 15 hours: FIN 315, MGT 300, MGT 305 (W), MGT 325, MKT 320

Experiential Learning (2-4 Courses, 6 Hours)  
A. 3 hours from: BUS 101, BUS 201, BUS 301, BUS 302  
B. **3 hours from: ACC 496, ECO 496, FIN 496, MGT 496, MKT 496

International Business Major (9 Courses, 27 Hours)  
A 2.0 GPA is required for all courses counted towards the major.
  A. 24 hours: MKT 310, ECO 330, ECO 363, FIN 332, MGT 334, MKT 336, BUS 440, MKT 492  
  B. 3 hours from: MGT 462, MKT 375

Business Electives (2 Courses, 6 Hours)  
A. 6 hours from: 300-494 Electives from ACC, ECO, FIN, MGT, MKT

Business Policy Capstone (2 Courses, 3 Hours)  
A. 3 hours: MGT 485 (W), MGT 486

Minor Requirements (0 Hours)  
A minor is not required for this degree program

Notes:

*Proficiency in a Second Language: Students majoring in International Business are required to demonstrate introductory-level proficiency in a second language by passing a foreign language proficiency examination as administered by the University of South Alabama Department of Foreign Languages and Literature or by successfully completing the second semester of any approved elementary sequence in a foreign language.

**International Internship Requirement: Students must complete an internship with an international focus. This is accomplished by completing an internship with a multinational company operating in the U.S. or by completing an internship with an U.S. or foreign based firm operating in another country.

Study Abroad Requirement: Students majoring in International Business must participate in a study abroad experience. Short-term study abroad immersion experiences are available in the May semester and summer semester and students may also choose longer-term study abroad experiences for one or more semesters at one of our partner universities, which are accredited by the AACSB.

**Transfer credits for International Business Major courses will only be accepted from AACSB-accredited institutions.

Notes

*Recommended Course

**See Degree Requirements for options

***All students must complete either a literature or a history sequence. However, because International Business students are required to take a two course foreign language series fulfilling the Area II humanities requirements, International Business majors should elect the history sequence in Area IV unless they fulfill the foreign language proficiency through testing.

****Students majoring in International Business are required to demonstrate introductory-level proficiency in a second language by passing a foreign language proficiency examination as administered by the University of South Alabama Department of Foreign Languages and Literature or by successfully completing the second semester of any approved elementary sequence in a foreign language.
Marketing (BSBA)

Degree Requirements

Marketing Concentrations

Two concentrations are available within the Marketing major: Marketing Management and Professional Sales. The Marketing Department also manages the International Business major and Supply Chain Management major.

Marketing Management Concentration

The Marketing Management Concentration prepares students for entry-level positions in sales and sales management, supply chain management, retailing, advertising, and market research.

To graduate, students complete a minimum of 122 semester hours with an overall institution grade-point average (GPA) of 2.0 (38 hours of general education requirements and 84 hours of business courses). In addition, a grade of at least C is required in each of the Basic Business Techniques courses and a 2.0 GPA is required in the 300-level business core courses, and a 2.0 GPA is required for all courses counted in the Marketing major.

Professional Sales Concentration

Professional selling is one of the most rewarding career fields in business. Few careers allow for the flexibility, financial rewards, personal satisfaction and overall sense of achievement enjoyed by sales professionals. A high percentage of marketing and business graduates identify the sales field as a career of choice upon graduation.

In globally-competitive organizations, sales professionals are increasingly responsible for market growth, value creation, customer relationship management, branding, and communication of product, service, and organizational benefits. The sales function is the engine that propels every aspect of the organization.

After completing the sales concentration, students are competitively positioned for jobs in a cross-section of firms across the globe. Specifically, you can 'market' yourself to organizations as having some degree of proficiency in relationship selling, buyer behavior, value creation and delivery, prospecting, sales call planning, presenting the core sales message, communications skills, negotiating win/win solutions, customer relationship management, management of high-impact sales teams, and understanding of sales force performance. These skill sets are among the most widely sought of any among successful professional marketers.

To graduate, students complete a minimum of 122 semester hours with an overall institution grade-point average (GPA) of 2.0 (38 hours of general education requirements and 84 hours of business courses). In addition, a grade of at least C is required in each of the Basic Business Techniques courses and a 2.0 GPA is required in the 300-level business core courses, and a 2.0 GPA is required for all courses counted in the Marketing major.
# Marketing (BSBA) - Marketing Management Concentration

## Degree Requirements

### General Education Requirements (59 Hours)

#### Area I - Written Composition (2 Courses, 6 Hours)
- A. 3 hours: EH 101
- B. 3 hours: EH 102

#### Area II - Humanities & Fine Arts (4 Courses, 12 Hours)
- A. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
- B. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

#### Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
- A. 3-4 hours from: MA 120, MA 125

#### Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
- A. 3 hours from: HY 101, HY 102, HY 135, HY 136
- B. 3 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112
- C. 6 hours: ECO 215, ECO 216

#### Area V 200-Level Business Core (18 Hours)
A grade of at least C is required in each course.
- A. 6 hours: ACC 211, ACC 212
- B. 6 hours: BUS 245, BUS 255
- C. 3 hours: BUS 265
- D. 3 hours: CIS 250

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)
Major Requirements (63 Hours)

Freshman Core (1 Course, 3 Hours)
A. 3 hours: BUS 150 or Transfer Student Elective for students transferring into the College with more than 45 hours. Students transferring with 45-60 hours are highly encouraged to take BUS 150.

Upper Division Business Core (6 Courses, 18 Hours)
A 2.0 GPA is required in the Upper Division Business Core.
A. 3 hours from: BUS 305, ECO 453
B. 15 hours: FIN 315, MGT 300, MGT 305 (W), MGT 325, MKT 320

Experiential Learning (2-4 Courses, 6 Hours)
A. 3 hours from: BUS 101, BUS 201, BUS 301, BUS 302
B. 3 hours from: ACC 496, ECO 496, FIN 496, MGT 496, MKT 496

Marketing Management Concentration (9 Courses, 27 Hours)
A 2.0 GPA is required for all courses counted towards the major.
A. 24 hours: MKT 336, MKT 374, MKT 375, MKT 380, MKT 382, MKT 384, MKT 385, MKT 479
B. 3 hours from: MKT 340, MKT 350, MKT 376, MKT 379, MKT 381

Business Electives (2 Courses, 6 Hours)
A. 6 hours from: 300-494 Electives from ACC, ECO, FIN, MGT, MKT

Business Policy Capstone (2 Course, 3 Hours)
A. 3 hours: MGT 485 (W), MGT 486

Minor Requirements (0 Or 18-24 Hours)
A minor is not required for this degree program

Notes:
Transfer credit will only be awarded for courses in the Professional Sales Concentration if the course was taken at an AACSB accredited institution.

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 3 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112
C. 6 hours: ECO 215, ECO 216

Area V 200-Level Business Core (18 Hours)
A grade of at least C is required in each course.
A. 6 hours: ACC 211, ACC 212
B. 6 hours: BUS 245, BUS 255
C. 3 hours: CIS 250

Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

Major Requirements (63 Hours)

Freshman Core (1 Course, 3 Hours)
A. 3 hours: BUS 150 or Transfer Student Elective for students transferring into the College with more than 45 hours. Students transferring with 46-60 hours are highly encouraged to take BUS 150.
Upper Division Business Core (6 Courses, 18 Hours)
A 2.0 GPA is required in the Upper Division Business Core.
A. 3 hours from: BUS 305, ECO 453
B. 15 hours: FIN 315, MGT 300, MGT 305 (W), MGT 325, MKT 320

Experiential Learning (2-4 Courses, 6 Hours)
A. 3 hours from: BUS 101, BUS 201, BUS 301, BUS 302
B. **3 hours from: ACC 496, ECO 496, FIN 496, MGT 496, MKT 496

Supply Chain & Logistics Management Major (9 Courses, 27 Hours)
A 2.0 GPA is required for all courses counted towards the major.
A. 21 hours: MKT 375, SCL 350, SCL 351, SCL 352, SCL 353, SCL 400, MKT 405
B. 3 hours from: MKT 340, MKT 355
C. 3 hours from: MKT 379, MGT 441, MGT 462

Business Electives (2 Courses, 6 Hours)
A. 6 hours from: 300-494 Electives from ACC, ECO, FIN, MGT, MKT

Business Policy Capstone (2 Courses, 3 Hours)
A. 3 hours: MGT 485 (W), MGT 486

Minor Requirements (0 Hours)
A minor is not required for this degree program

Notes:

***All students must complete either a literature or a history sequence

****If opted for Literature sequence, need Area IV; if opted for History sequence, need Area II
Mathematics And Statistics

Department Information

Department of Mathematics and Statistics website
https://www.southalabama.edu/colleges/artsandsci/mathstat/

Developmental Studies

The courses and academic support through an on-demand tutoring center offered by the developmental studies in mathematics provide students with the opportunity to strengthen the basic mathematical skills necessary to progress to college-level mathematics courses.

Credits earned in courses with a DS prefix do not meet degree requirements within the University. The credits earned do carry institutional, non-degree credit and allow students to qualify for financial aid. Grades earned are computed into the overall GPA in most colleges and hours are counted toward classification (sophomore, etc.). Credits earned in courses with a MTH prefix count as free electives.

Math Lab Information
Location
The Math Technology Lab is located in ASC 1301.

Resources:
• 137 computer workstations with Internet access
• Separate testing area and private tutoring rooms
• Study room for one-on-one or group tutoring
• Tutors and instructors available during all operating hours to assist students

Undergraduate Studies

The purpose of the Department of Mathematics and Statistics is to provide a well-rounded program for students majoring in the mathematical sciences and to fulfill the mathematical science needs of students in other fields of study. To this end, the department emphasizes excellence in teaching, and encourages the professional growth of its faculty through study, research, and consulting.

The Department offers a major leading to the Bachelor of Science Degree in Mathematics and Statistics. We also offer a minor in mathematics and a minor in applied statistics. Students pursuing a degree in Mathematics and Statistics also must have a minor in another discipline.

All first-time freshmen must successfully complete CAS 100: First Year Experience as a degree requirement. Students must enroll during their first term at USA, except for summer-entry students who must enroll in the fall semester following entry. ST 335 will fulfill the technology proficiency requirement.

Where To Begin In The Mathematics Courses?
Students must begin at the proper level and in the proper track in mathematics. Students who lack college level credit in mathematics should take the placement exam at least 48 hours prior to registering for a mathematics course. Students must register online to take the test. Times and days of the test as well as registration information are available at the department website.

Graduate Studies

A Master of Science degree in Mathematics is offered by the Department of Mathematics and Statistics. The program has been designed to meet the varied needs and goals of most students seeking advanced degrees in mathematics. The course of study accommodates students interested in traditional and modern mathematics, applied mathematics, statistics, and computer science.
Requirements For Admission

Students are admitted each semester. The following criteria supplement the Graduate School requirements.

Regular Admission

1. A bachelor’s degree in mathematics or in a mathematics-related field from an accredited institution of higher education with a concentration of upper-level mathematics courses including a sequence in advanced calculus or real analysis.
2. A minimum GPA of at least a 3.0 on all undergraduate work. In exceptional cases, applicants may be considered with at least a 2.5 GPA on all undergraduate work, or at least a 2.75 GPA on the last 60 hours of undergraduate work.
3. Submission of scores on the General Test of the Graduate Record Examination. A minimum combined score of 297 on the verbal and quantitative sections or a minimum score of 148 on the quantitative section (without regard to the score on the verbal section). An advanced degree or other standardized test score may be considered in lieu of a GRE score.
4. English proficiency requirement for international applicants:
   - Minimum TOEFL score of 71 OR
   - Minimum IELTS score of 6 OR
   - Minimum iTEP score 3.7 OR
   - Minimum Pearsons (PTE Academic) score 48
   Applicants who hold a bachelor's degree from an accredited U.S. institution are not required to submit test scores.
5. Three original letters of recommendation written by persons familiar with the applicant’s qualifications and ability to undertake the proposed course of study are required.

Non-Degree Admission

Applicants who do not meet all the conditions for admission or who are not interested in earning a graduate degree may apply for non-degree admission. Adequate undergraduate preparation in mathematics which indicates a reasonable chance of success in graduate mathematics courses is required for non-degree admission. After admission, permission of the department graduate coordinator is required for each course taken. In cases where undergraduate preparation is inadequate for a particular graduate course, a plan of study including additional undergraduate courses can be worked out in consultation with the graduate coordinator.

Graduate Assistantships

Graduate students holding assistantships are usually assigned duties such as tutoring or supervising recitation sections in the Department of Mathematics and Statistics. Awards are normally made for the academic year, but positions occasionally become available during the year. An assistantship application can be obtained from the Graduate Coordinator in the department and online. Three letters of recommendation sent directly to the Graduate Coordinator are required. Graduate Assistants are required to enroll in MA 592 (Seminar) each semester.

Policies And Procedures

The document "Department Policies and Procedures for the MS Degree Program in Mathematics" is posted on the departmental website. It contains details concerning advising, the comprehensive examination, graduate assistant duties, student meetings and colloquia.

Where To Begin In The Mathematics Courses?

Students must begin at the proper level and in the proper track in mathematics. Students who lack college level credit in mathematics should take the placement exam at least 48 hours prior to registering for a mathematics course. Students must register online to take the test. Times and days of the test as well as registration information are available at the department website.

Note 1. To Avoid Duplication:
1. Credit for both MA 112 and MA 115 is not allowed.
2. Credit for both MA 113 and MA 115 is not allowed.
3. Credit for both MA 120 and MA 125 is not allowed.
4. Students may receive credit for only one of the following: ST 310, ST 315 or ST 320.

Note 2. MA 110 is not a prerequisite course for any other course required by mathematics and statistics major.
Mathematics (MS) - Non-Thesis Option

Degree Requirements

Mathematics (Non-Thesis)

A minimum of 32 semester hours of course work including MA 535 and MA 536.

In addition to MA 535 and MA 536, at least one two-course sequence must be completed.

Complete a comprehensive examination covering a collection of courses specified by the graduate coordinator.

Complete MA 592 (Seminar) during at least two semesters.

MA 501, MA 502, MA 503, MA 504, MA 505, MA 506 do not satisfy degree requirements.

Policies And Procedures

The document “Department Policies and Procedures for the MS Degree Program in Mathematics” is posted on the departmental website. It contains details concerning advising, the comprehensive examination, graduate assistant duties, student meetings and colloquia.
Mathematics (MS) - Non-Thesis Option With Computer Science Emphasis

Degree Requirements

Computer Science Emphasis (Non-Thesis)

A minimum of 23 semester hours of Mathematics courses including MA 535 and MA 536.

MA 521 or MA 525.

A minimum of 9 semester hours of Computer Science courses approved by the Mathematics Graduate Committee.

Complete a comprehensive examination covering a collection of courses specified by the Graduate Coordinator.

Complete MA 592 (Seminar) during at least two semesters.

MA 501, MA 502, MA 503, MA 504, MA 505, MA 506 do not satisfy degree requirements.

Policies And Procedures

The document “Department Policies and Procedures for the MS Degree Program in Mathematics” is posted on the departmental website. It contains details concerning advising, the comprehensive examination, graduate assistant duties, student meetings and colloquia.
Mathematics (MS) - Thesis Option

Degree Requirements

**Mathematics (Thesis Option)**

A minimum of 32 semester hours of course work including MA 535, MA 536 and MA 599.

In addition to MA 535 and MA 536, at least one two-course sequence must be completed.

Complete a thesis. A maximum of six semester hours of credit will be granted for the thesis. A student may not enroll in MA 599 (Thesis) until a thesis prospectus has been approved by the Graduate Coordinator and the Director of Graduate Studies in the College of Arts and Sciences.

Complete a comprehensive examination covering a collection of course work specified by the Graduate Coordinator.

Complete MA 592 (Seminar) during at least two semesters.

MA 501, MA 502, MA 503, MA 504, MA 505, MA 506 do not satisfy degree requirements.

**Policies And Procedures**

The document "Department Policies and Procedures for the MS Degree Program in Mathematics" is posted on the departmental website. It contains details concerning advising, the comprehensive examination, graduate assistant duties, student meetings and colloquia.
Minor In Mathematics

3. Credit for both MA 120 and MA 125 is not allowed.
4. Students may receive credit for only one of the following: ST 310, ST 315 or ST 320.

Note 2: MA 110 is not a prerequisite course for any other course required by mathematics and statistics major.
Mathematics And Statistics Major (BS)

Degree Requirements

General Education Requirements (53-57 Hours)

Area I - Written Composition (2 Courses, 6 Hours)
A. 3 hours: EH 101
B. 3 hours: EH 102

Area II - Humanities & Fine Arts (5 Courses, 15 Hours)
A. 3 hours: CA 110
B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 11-14 Hours)
A. 3-4 hours from: MA 110, MA 112, MA 113, MA 115, MA 120, MA 125, MA 126, MA 227, MA 237, MA 238

Area IV – History, Social & Behavioral Sciences (4 Courses, 12 Hours)
A. 3 hours from: HY 101, HY 102, HY 135, HY 136
B. 9 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (3 Courses, 9-10 Hours)
A. Foreign Language. 6 hours from any one group:
   LG 101 & LG 102, LGS 106 & LGS 107, LGS 110 & LGS 111, LG 111 & LG 112 or proficiency test or LG 113, LG 121 & LG 122, LG 131 & LG 132 or proficiency test or LG 134, LGS 131 & LGS 132, LG 141 & LG 142, LGS 141 & LGS 142, LG 151 & LG 152 or proficiency test or LG 153, LGS 161 & LGS 162, LG 171 & LG 172 or LG 173, LGS 171 & LGS 172, LGS 181 & LGS 182

   Students may fulfill the foreign language requirement by passing a proficiency test offered by the Department of Modern and Classical Languages at the level equivalent to the second semester of the foreign language sequence, or by passing another test (e.g., AP (Advanced Placement) or CLEP (College Level Examination Program) at the equivalent level). Students who pass a proficiency test at the level equivalent to first semester of the foreign language sequence are required to complete only the second semester and will fulfill the foreign language requirement with 3 credit hours of course work.

B. Natural Sciences/Math. 3-4 hour lab science or math/stat course from:
Students must complete a 6 credit hour sequence either in literature (Area II – EH 215 & EH 216, EH 225 & EH 226, or EH 235 & EH 236) or history (Area IV – HY 101 & HY 102 or HY 135 & HY 136)

All undergraduates must complete two designated writing credit (W) courses, at least one of which must be in the student's major or minor.

**Major Requirements (45 Hours)**

**Mathematics And Statistics (14 Courses, 45 Hours)**

A. 24 hours: MA 125, MA 126, ST 210 or ST 315, MA 227, MA 237, MA 238, ST 335
B. 21 hours from see C and D below:
C. 9 hours from: MA 334, MA 335, MA 410, MA 413, MA 414, MA 434, MA 436, MA 437, MA 451, MA 452, MA 458, MA 467, MA 481, MA 490, MA 494, MA 499, ST 415, ST 425, ST 450, ST 460, ST 470, ST 475, ST 480, ST 490, ST 494, ST 499
D. 12 additional hours from: MA 311, MA 316, MA 318, MA 320, MA 321, MA 332, MA 334, MA 335, MA 354, MA 367, MA 390, MA 410, MA 413, MA 414, MA 434, MA 436, MA 437, MA 451, MA 452, MA 458, MA 467, MA 481, MA 490, MA 494, MA 499, ST 340, ST 345, ST 350, ST 355, ST 415, ST 425, ST 450, ST 460, ST 470, ST 475, ST 480, ST 490, ST 494, ST 499

**Minor Requirements (18-24 Hours)**

A minor is required for this degree program

**Notes:**
Collaborate with the academic advisor to choose upper division electives appropriate for your educational goals.

**Additional Information**

**Graduation Plan**

**Mathematics And Statistics (BS): (120 Total Hours)**

Department of Mechanical Engineering, Aerospace and Biomedical website
https://www.southalabama.edu/colleges/engineering/me/index.html

Mechanical Engineering is one of the broadest engineering disciplines. Mechanical engineers invent, analyze and design systems that produce power or convert energy. This encompasses such diverse applications as designing next-generation aircraft and automobiles, inventing novel methods of generating energy from renewable sources, and developing sophisticated new medical devices and systems. Mechanical engineers are in the forefront of exciting new technological fields, including nano-engineering, biomedical engineering, and energy research.

The basic fields of study for mechanical engineers include:

- Materials science, the study of the relationship between structure, properties, and processing of materials.
- Thermodynamics and heat transfer dealing with basic concepts and applications of work, energy, and power. Applications include power generation from fossil fuels, from renewable sources (solar, wind energy) and fuel cells.
- Engineering mechanics, the study of static and dynamic effects of forces applied to rigid and flexible solid bodies.
- Fluid mechanics, the study of the forces and motions of liquids and gases. Included in this area of study are hydraulics, gas dynamics, aerodynamics, design and application of pumps, compressors, and turbines.
- Control systems including studies of transient and steady-state response of systems to external inputs.
- Design synthesis which integrates all fields of engineering in the production of safe, practical, efficient, and economically feasible solutions to real problems.

All BSME students complete a senior-year "capstone" design project, in which a team of students defines and solves a unique, real-world engineering problem.

The curriculum leading to the degree of Bachelor of Science in Mechanical Engineering (BSME) is designed so that graduates can work in any Mechanical Engineering field, or continue their education at the graduate level.

Aerospace Engineering Track

Students who plan to enter careers or graduate studies in aerospace, aeronautics, astronautics, or a related field may pursue the specialized track in Aerospace Engineering with the BSME program. Students in this track must complete AE 361 Introduction to Aerodynamics, in addition to two other approved aerospace engineering electives.

Students interested in the Aerospace Engineering track within the BSME program should consult their academic advisor.
Biomedical Engineering Track

Students who plan to enter careers or graduate studies in biomedical engineering may pursue the specialized track in Biomedical Engineering within the BSME program. This track may also be appropriate for students planning to pursue a career in the health sciences (medical school, dental school, or other health profession programs).

Students in the Biomedical Engineering track must complete General Biology I & II w/ labs (BLY 121, BLY 121L, BLY 122, BLY 122L), General Chemistry II w/ lab (CH 132, CH 132L) and Introduction to Biomedical Engineering BME 467.

Students interested in the Biomedical Engineering track within the BSME program should consult their academic advisor.

Students planning to apply for admission to a health profession program should also consult a Pre-Health Profession Advisor to identify any additional courses that may be required.

BSME Program Educational Objectives:

Alumni of the Bachelor of Science in Mechanical Engineering (BSME) program should demonstrate the following traits and accomplishments within five years following graduation:

1. Graduates will achieve professional advancements or promotions with progressively higher levels of responsibility, competency, professional and ethical judgment and analysis. They will apply creative and innovative techniques to solve significant problems. They will apply team assimilation skills to successfully manage cross-disciplinary, collaborative projects that require global and multicultural perspectives.

2. Graduates will demonstrate effective written and oral communication skills in presenting, documenting and conveying their work via traditional and new media formats. They will use these skills in creating and supporting new or improved designs, inventions, and intellectual property, thereby contributing to the social, economic, and environmental well-being of local and global communities.

3. Graduates will demonstrate commitment to lifelong learning and continuous professional development through activities such as mentoring, participating in professional societies, completing advanced degrees and achieving professional registration or other certifications.

Mechanical Engineering graduates will accomplish these objectives in the course of professional employment, entrepreneurship, military or public service and postgraduate education.

BSME Student Outcomes:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics

2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, and environmental, and economic factors

3. An ability to communicate effectively with a range of audiences

4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts

5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives

6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions

7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies

The Bachelor of Science in Mechanical Engineering program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

Mechanical Engineering Accelerated Bachelor's To Master's Program

The Department of Mechanical Engineering allows well-qualified undergraduates in the program to follow an “Accelerated Bachelor’s to Master’s” study plan. This plan permits up to six credit hours of graduate coursework to count towards both the Bachelor’s (as Technical Electives) and the Master’s degrees, so that the Master’s degree is earned faster than usual. (The coursework concerned must individually satisfy the requirements of both degrees.) See a departmental advisor for specific details.
Exam-Compliant Calculator Policy
Every Mechanical Engineering (ME) student must have an exam-compliant calculator. Only those calculators which are acceptable for use in the Fundamentals of Engineering (FE) exam are considered to be exam-compliant and may be used in Mechanical Engineering classes which allow calculator usage. Use of a calculator which is NOT exam-compliant in an ME test, quiz, or exam will be considered academic misconduct. For a list of exam-compliant calculator models, see https://ncees.org/exams/calculator/.

Degree Requirements

General Education Requirements (54 Hours)

Area I – Written Composition (2 Courses, 6 Hours)
   A. 3 hours: EH 101
   B. 3 hours: EH 102

Area II – Humanities & Fine Arts (3 Courses, 9 Hours)
   A. 3 hours: CA 110
   B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
   C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 12 Hours)
   A. 4 hours: MA 125
   B. 8 hours: CH 131 & CH 131L, PH 201 & PH 201L

Area IV – History, Social & Behavioral Sciences (3 Courses, 9 Hours)
   A. 3 or 6 hours from: HY 101, HY 102, HY 135, HY 136
   B. 3 or 6 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (4 Courses, 18 Hours)
   A. 14 hours: MA 126, MA 227, MA 237, MA 238, PH 202 & PH 202L

Major Requirements (72 Hours)

Engineering Course Requirements (8 Courses, 23 Hours)
   A. 21 hours: EG 220, EG 231, EG 270, EG 283, EG 284, EG 315, EG 360
   B. 2 hours: EG 101/EG 201

Mechanical Engineering Course Requirements (15 Courses & Labs, 37 Hours)
   A. 4 hours: ME 328
   B. 27 hours: ME 135, ME 312, ME 314, ME 316, ME 317, ME 326, ME 410 (W), ME 426, ME 472
   C. 2 hours: ME 416
   D. 4 hour: ME 336 (W), ME 412, ME 414, ME 429

Science Elective (1 Course (No Lab Required), 3 Hours)
   A. 3 hours: BLY 121, CH 132, GY 111, PH 303 (lab required), ST 315, MA 316, MA 354, MA 437

Mechanical Elective (1 Course, 3 Hours)
   A. 3 hours: ME 400 level courses (excluded required courses or any approved ME 490/ME 494 - must be approved by Chair.)
Mechanical/Technical (2 Courses, 6 Hours)
A. 6 hours from: BLY 122, CH 201, CH 202, GY 305 (lab required), GY 310, PH 303 (lab required),
    ST 315, ST 320, MA 316, MA 332, MA 334, MA 335, MA 354, MA 436, MA 437, or any approved ME 490, ME 494 - must
    be approved by Chair.

Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:
ME 135 – ONLY 2 attempts to earn a grade of C or better. Students who do not meet this requirement will not be allowed to
    continue in the program.

Additional Information

It is important that students make adequate progress in the Mechanical Engineering program. Satisfactory completion of a set
    of fundamental courses is required before a student is allowed to take advanced courses. Professional Component Standing
    (PCS) is awarded by the chair of the department when the student completes the College of Engineering PCS requirements and
    the WBBJ ME departmental PCS requirements.

| Elective | Social/Behavioral | 3       |

| **TOTAL** | **126** |

All **bold** courses meet general education requirements.

Courses listed as Milestones are required to obtain Professional Component Standing (PCS).

Prerequisite courses denoted (cc) may be taken concurrently.

*Students who earn an English ACT score of 27, or a written SAT score of 610, can opt out of EH 101.

**Students not Term 1 - Calculus I ready will exceed the 126 hours required for this degree. If math is not started prior to Fall Year 1, you are likely extending your four-year graduation timetable. Students with ACT Math scores 21 and below should begin math courses in the summer before Fall Year 1.

Two designated writing (W) courses are required with at least one course chosen from offerings in the student's major or minor. Courses carrying this required credit are identified in the University Bulletin by a (W) after the course title.

The Sample 4-year plan is designed as a guide for students preparing for their course selections. This information provides only a suggested schedule. Actual course selections should be made in consultation with an advisor.
Mechanical Engineering (BS) - Aerospace Track

**Degree Requirements**

**General Education Requirements (54 Hours)**

**Area I — Written Composition (2 Courses, 6 Hours)**
- A. 3 hours: EH 101
- B. 3 hours: EH 102 or EH 105 (Honors Only)

**Area II — Humanities & Fine Arts (4 Courses, 12 Hours)**
- A. 3 hours: CA 110
- B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
- C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

**Area III — Natural Sciences & Mathematics (3 Courses & Labs, 12 Hours)**
- A. 4 hours: MA 125
- B. 8 hours: CH 131 & CH 131L, PH 201 & PH 201L

**Area IV — History, Social & Behavioral Sciences (3 Courses, 9 Hours)**
- A. 3 - 6 hours from: HY 101, HY 102, HY 135, HY 136
- B. 3 - 6 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

**Area V (4 Courses, 18 Hours)**
- A. 14 hours: MA 126, MA 227, MA 237, MA 238, PH 202 & PH 202L

**Major Requirements (72 Hours)**

**Engineering Course Requirements (8 Courses, 23 Hours)**
- A. 21 hours: EG 220, EG 231, EG 270, EG 283, EG 284, EG 315, EG 360
- B. 2 hours: EG 101/EG 201

**Mechanical Engineering Course Requirements (15 Courses & Labs, 37 Hours)**
- A. 4 hours: ME 328
- B. 27 hours: ME 135, ME 312, ME 314, ME 316, ME 317, ME 326, ME 410 (W), ME 426, ME 472
- C. 2 hours: ME 416
- D. 4 hours: ME 336 (W), ME 412, ME 414, ME 429

**Science Elective (1 Course (No Lab Required), 3 Hours)**
- A. 3 hours: BLY 12, CH 132, GY 111, PH 303 (lab required), ST 315, MA 316, MA 354, MA 437

**Aerodynamics (1 Course, 3 Hours)**
- A. 3 hours: AE 361

**Aerospace Electives (2 Courses, 6 Hours)**
- A. 3 hours: Approved AE Elective I
- B. 3 hours: Approved AE Elective II

**Minor Requirements (0 Hours)**

A minor is not required for this degree program
Notes:
ME 135 – ONLY 2 attempts to earn a grade of C or better. Students who do not meet this requirement will not be allowed to continue in the program.

Additional Information

It is important that students make adequate progress in the Mechanical Engineering program. Satisfactory completion of a set of fundamental courses is required before a student is allowed to take advanced courses. Professional Component Standing (PCS) is awarded by the chair of the department when the student completes the College of Engineering PCS requirements and the WBBJ MABE departmental PCS requirements.

Courses listed as Milestones are required to obtain Professional Component Standing (PCS).

Prerequisite courses denoted (cc) may be taken concurrently.

*Students who earn an English ACT score of 27, or a written SAT score of 610, can opt out of EH 101.

**Students not Term 1 - Calculus I ready will exceed the 126 hours required for this degree. If math is not started prior to Fall - Year 1, you are likely extending your four-year graduation time table. Students with ACT Math scores 21 and below should begin math courses in the summer before Fall - Year 1.

Two designated writing (W) courses are required with at least one course chosen from offerings in the student's major or minor. Courses carrying this required credit are identified in the University Bulletin by a (W) after the course title.

The Sample 4-year plan is designed as a guide for students preparing for their course selections. This information provides only a suggested schedule. Actual course selections should be made in consultation with an advisor.
Mechanical Engineering (BS) - Biomedical Engineering Track

Degree Requirements

General Education Requirements (54 Hours)

Area I – Written Composition (2 Courses, 6 Hours)
   A. 3 hours: EH 101
   B. 3 hours: EH 102

Area II – Humanities & Fine Arts (3 Courses, 9 Hours)
   A. 3 hours: CA 110
   B. 3 hours from: EH 215, EH 216, EH 225, EH 226, EH 235, EH 236
   C. 3 hours from: ARH 100, ARH 103, ARH 123, ARS 101, DRA 110, MUL 101

Area III – Natural Sciences & Mathematics (3 Courses & Labs, 12 Hours)
   A. 4 hours: MA 125
   B. 8 hours: CH 131 & CH 131L, PH 201 & PH 201L

Area IV – History, Social & Behavioral Sciences (3 Courses, 9 Hours)
   A. 3-6 hours from: HY 101, HY 102, HY 135, HY 136
   B. 3-6 hours from: AN 100, AN 101, CA 100, CA 211, CJ 105, ECO 215, ECO 216, GEO 114, GEO 115, GS 101, HY 101, HY 102, HY 135, HY 136, IS 100, IST 201, NAS 101, PSC 130, PSY 120, PSY 250, SY 109, SY 112

Area V (4 Courses, 18 Hours)
   A. 14 hours: MA 126, MA 227, MA 237, MA 238, PH 202 & PH 202L

Major Requirements (75 Hours)

Engineering Course Requirements (8 Courses, 23 Hours)
   A. 21 hours: EG 220, EG 231, EG 270, EG 283, EG 284, EG 315, EG 360
   B. 2 hours: EG 101/EG 201

Mechanical Engineering Course Requirements (15 Courses & Labs, 37 Hours)
   A. 4 hours: ME 328
   B. 27 hours: ME 135, ME 312, ME 314, ME 316, ME 317, ME 326, ME 410 (W), ME 426, ME 472
   C. 2 hours: ME 416
   D. 4 hour: ME 336 (W), ME 412, ME 414, ME 429

Science Elective (1 Course & Lab, 4 Hours)
   A. 4 hours: CH 132 & CH 132L

Mechanical Elective (1 Course, 3 Hours)
   A. 3 hours: ME 467

Mechanical/Technical (2 Courses & Labs, 8 Hours)
   A. 8 hours: BLY 121 & BLY 121L and BLY 122 & BLY 122L
Minor Requirements (0 Hours)

A minor is not required for this degree program

Notes:
ME 135 – ONLY 2 attempts to earn a grade of C or better. Students who do not meet this requirement will not be allowed to continue in the program.

Additional Information

It is important that students make adequate progress in the Mechanical Engineering program. Satisfactory completion of a set of fundamental courses is required before a student is allowed to take advanced courses. Professional Component Standing (PCS) is awarded by the chair of the department when the student completes the College of Engineering PCS requirements and the WBBJ MABE Departmental PCS requirements.

**TOTAL 15**

All **bold** courses meet general education requirements.

Courses listed as Milestones are required to obtain Professional Component Standing (PCS).
Prerequisite courses denoted (cc) may be taken concurrently.

*Students who earn an English ACT score of 27, or a written SAT score of 610, can opt out of EH 101.

**Students not Term 1 - Calculus I ready will exceed the 126 hours required for this degree. If math is not started prior to Fall - Year 1, you are likely extending your four-year graduation time table. Students with ACT Math scores 21 and below should begin math courses in the summer before Fall - Year 1.

Two designated writing (W) courses are required with at least one course chosen from offerings in the student’s major or minor. Courses carrying this required credit are identified in the University Bulletin by a (W) after the course title.

The Sample 4-year plan is designed as a guide for students preparing for their course selections. This information provides only a suggested schedule. Actual course selections should be made in consultation with an advisor.
Mechanical Engineering (MS)

Degree Requirements

Admission and MS Degree requirements in Mechanical Engineering as well as three plans of study (thesis option, project option, course work only option) are stated under the College of Engineering section. Some graduate courses in Mechanical Engineering are offered at night for the benefit of full-time employed engineers within commuting distance of the campus.

The program leading to the degree of Master of Science in Mechanical Engineering has several possible specializations: biomechanics, materials engineering, heat transfer, fluid mechanics, computational mechanics, vibrations, dynamics, simulation and controls.

Admission To The MSME Program

The following criteria supplement the College of Engineering admission criteria (see Admission To Graduate Programs):

I. Regular Admission requirements
   A. A grade-point average of 3.0 or greater (A=4.0) on all undergraduate work.
   B. A minimum score of 151 on the quantitative GRE and a minimum score of 138 on the verbal GRE.
   C. For International students whose native language is not English, a minimum score of 79 on the internet-based TOEFL or a minimum IELTS band score of 6.5.

II. Provisional Admission requirements
   A. A minimum grade-point average of 2.5 (A=4.0) on all undergraduate work.
   B. A minimum score of 151 on the quantitative GRE and a minimum score of 138 on the verbal GRE.
   C. For International students whose native language is not English, a minimum score of 79 on the internet-based TOEFL or a minimum IELTS band score of 6.5.

Applicants for admission to the MSME program must submit official scores on the Graduate Record Exam (GRE). This requirement is waived for students who received the BSME degree from the University of South Alabama. However, those students may need to present GRE scores to be eligible for some assistantships or fellowships.

Degree Requirements For MSME

The minimum credit hour requirements for the different options for the MSME degree are:

- Thesis Option: 30 credit hours
- Project Option: 33 credit hours
- Course Option: 33 credit hours

Master of Science students in Mechanical Engineering must complete at least three approved core courses, including one in solid mechanics, one in fluid mechanics, and one in thermal sciences. Students in the Course or Project Option must take a fourth core course which may be selected from any of the three areas mentioned above. All candidates for the MSME degree also must complete MA 507 and MA 508.
Mechanical Engineering - Accelerated Bachelor's To Master's Program

Degree Requirements

Qualified students may apply up to six (6) course credits, completed in partial fulfillment of the BSME degree, toward the MSME degree. This Accelerated Bachelor’s to Master’s (ABM) degree option is available to students who meet the following criteria:

1. Student must have an Engineering GPA of 3.4 or greater and an institutional GPA of 3.40 or greater;
2. Student must be currently in their Junior or Senior year of studies in the BSME program.

For a course to count toward both the BSME and MSME degrees, it must satisfy the requirements for both degrees. This includes minimum grade requirements. All courses applied under the ABM option must be taken at USA.

Any student wishing to pursue the ABM option must receive approval from the Department Chair prior to taking any classes under this option. The student must complete an ABM option declaration form and a degree plan for the BSME which show which courses are to be counted under the ABM option. The forms must be approved by the student’s advisor, the MABE Director of Graduate Studies, and the MABE Department Chair, prior to taking any classes under the ABM program.

Only the courses designated on the approved declaration form may be counted toward both degrees. If a student's degree plan changes, a new declaration form must be completed and approved.
Military Science

Department Information

Department of Military Science website
http://www.southalabama.edu/armyrotc

Military Science

Our Mission: To commission the future officer leadership of the United States Army. The Military Science Department offers a progressive program which will enhance student education regardless of academic endeavor. The program is designed to improve the leadership abilities of students, develop managerial skills, inform students concerning the roles, missions, and capabilities of the Army, and train qualified ROTC students to become commissioned officers in the National Guard, U.S. Army Reserve, or the U.S. Army. Military Science is an accredited field of minor study. National Guardsmen, reservists, veterans and former JROTC students may receive advanced placement by requesting it through the department chair.

Requirements For Enrollment And Continuance

The general requirements for enrollment and continuance in the Army ROTC program are as follows:

1. Basic course students must:
   • Be a citizen of the United States
   • Be physically qualified
   • Have freshman or sophomore standing. Students with higher standing require consent of PMS.
2. Basic course Cadets applying for enrollment in the advanced course who seek a commission must:
   • Have successfully completed MS 101, MS 102, MS 201, MS 202
   • Students can receive placement credit for the 100 and 200 level courses for prior military service, Junior ROTC, ROTC Basic Camp and equivalent military training with approval from Professor of Military Science.
   • Have two years remaining at the university (either undergraduate, graduate or in pursuit of additional course work).
   • Have completed a minimum of 30 hours to contract.
   • Be under 31 years old during year of graduation and commissioning (waiverable to 39).
   • Be enrolled as a full-time student, either at the University of South Alabama, or affiliate college or university.
   • Meet military screening and physical requirements.
   • Maintain a minimum 2.0 G.P.A.
   • Maintain B average in military science and leadership courses.

Regularly enrolled students who meet the academic prerequisites may take individual courses as electives with the permission of the department head and academic advisor.

Basic Course

The purpose of the Army ROTC Basic Course is to introduce students to Army ROTC, to give them general information about the Army and to introduce them to basic skills which have both military and civilian application. Courses and practical exercises in land navigation, orienteering, and leadership round out the student's academic life, provide a challenge, develop confidence, and break the classroom monotony. With this initial exposure, the students will have experience upon which to base their decisions to continue into the Advanced Course and into the Army as commissioned officers. There is no military obligation in connection with the Basic Course. Basic Course scholarship students earn $300-$350 a month upon contracting. Contracted cadets are required to pass an Army Physical Fitness Test and meet the Army Height and Weight standards at least once a semester.

MS I (MS 101-102). Meets for one hour per week. Students are required to attend a two hour leadership lab every week and are encouraged to attend physical training lab three times per week for 1 hour per session. During leadership laboratory, students will participate in adventure training, and other military activities.

MS II (MS 201-202). Meets for two hours per week. All students are required to attend a two hour leadership lab every week. In addition, students are required to attend physical training lab three times per week for 1 hour per session. During leadership laboratory, students will participate in adventure training, and other military activities.
Basic Camp
Army ROTC Basic Camp will be conducted during the summer session between a student’s sophomore and junior year. Basic Camp is a challenging four-week training course designed to provide a base knowledge of Army skills in order to give the students the ability to handle themselves and others in new and demanding situations. Throughout the program, the student is provided with the fundamentals of soldiering which include physical training, marksmanship, tactical operations, map reading, and orienteering. Students are provided transportation to and from Basic Camp, fees, room and board, as well as approximately $700 in pay and allowances. Attendance at the Basic Camp does not necessarily obligate the student to military service; it does, however, qualify the student for continuation in the Army ROTC Courses as a contracted Cadet provided eligibility criteria are met, a student can compete for a 2-year or 3-year scholarship upon graduation. See the scholarship section that follows for more information.

Advanced Course
Upon completion of the Basic Course or Basic Camp (above), ROTC students entering the Advanced Course continue to develop their ability in evaluating situations, making decisions, and practicing traits considered essential in a leader. The ability to motivate subordinates, to win their confidence, and to supervise them effectively has been attributed by many civilian and military leaders to training received through ROTC in college. The ROTC Program uses and extends the intellect, education, and special abilities of college students. Its primary purpose is to produce Army officers needed for the defense of our nation in time of crisis; but, in the process, it also develops the kind of Leader or Junior Executive or manager needed in every field of civilian endeavor.

All Advanced Course students earn $450-$500 a month (upon contracting) beginning the first month of their junior year and continuing until they complete the Advanced Course. Additional pay and travel allowances for the 33-day Advance Camp training between the junior and senior years, makes the total received approximately $10,000.

MS III (MS 301-302). Meets for three hours per week. All students are required to attend a two hour leadership lab once per week. In addition, students are required to attend physical training lab three times per week for 1 hour per session. Three training activities off campus will be scheduled during the school year.

MS IV (MS 401-402). Meets for three hours per week. All students are required to attend a two-hour leadership lab once per week. In addition, students are required to attend physical training lab three times per week for 1 hour per session. Three training activities off campus will be scheduled during the school year.

Simultaneous Membership Program
The simultaneous membership program option combines the Army ROTC living allowance with membership in the Army Reserve or Army National Guard and allows the student to receive pay from both programs. ROTC Cadets serve as officer trainees in direct leadership/management positions. Simultaneous membership program participation with National Guard or Reserve forces is one weekend per month and two weeks each year. Cadets participating in the simultaneous membership program are eligible for tuition assistance reimbursement up to $4,500 per year.

Branch Selection
The curriculum of the Army ROTC program is designed to qualify the Cadet for appointment as an officer. Selection for assignment to the various branches of the Army is based upon the personal interests of the Cadet, the major course of study, academic accomplishments, leadership potential, and the needs of the service. Under this system a Cadet may be commissioned in any branch for which he or she is qualified and in which a need for officers exists. After graduation and commissioning, the officer will attend a service school for further specialized military training which will qualify him or her for the branch to which he or she is assigned.

ROTC Scholarship Program
See information provided in the chapter on financial aid.

Army ROTC Scholarships
These competitive scholarships are awarded solely on potential rather than financial need and cover the costs of tuition, fees, and a flat-rate book allowance (of $600 per semester) plus a monthly subsistence allowance of $300 for freshman; $350 sophomores; $450 for juniors; $500 for seniors. This allowance is tax-free. Four-year scholarships are available to designated freshmen, who applied and were selected during their senior year in high school. Three and two-year scholarships are available to eligible students, enrolled in the ROTC program. Two-year undergraduate or graduate school scholarships are available to students who successfully complete Basic Camp. For members of the Army Reserves and National Guard, ROTC has Guaranteed Reserve Forces Duty Scholarships (GRFD) providing the same benefits listed above.
Activities
In an effort to develop maximum leadership qualities among cadets, the following organizations and activities are sponsored by ROTC as an integral part of the Army Cadet Corps:

Color Guard: The official color guard for the University of South Alabama. Present the colors for USA and civic organizations in Mobile.

Ranger Challenge: Students are trained in small-unit tactics and participate in ranger-type operations and competitions.

Running Club: Participation is open to all students. Runs from 3k to 26.2 mile marathons and triathlons.

Scabbard and Blade: Honor Society for Cadets. Cadets must meet national requirements to be a member.

Academic Credit
Academic credit is granted for the completion of Military Science course requirements as follows:

Basic Course 1st Year (MS 101-102)
1st and 2nd Semester - 1 hour each - Total 2

Basic Course 2nd Year (MS 201-202)
1st and 2nd Semester - 3 hours each - Total 6 (Basic Camp in lieu of Basic Course) (6)

Advanced Course 1st Year (MS 301-302)
1st and 2nd Semester - 3 hours each - Total 6

Advanced Course 2nd Years (MS 401-402)
1st and 2nd Semester - 3 hours each - Total 6

Auditing
Students who do not meet qualifications for Army contracting and commissioning may be allowed to audit a Military Science course. Students desiring to audit must receive the permission of the department chair. Auditing students may not participate in leadership laboratory, field training exercises, or other physical activities. Non-U.S. students must have written permission from their government prior to taking an ROTC course.

Requirements For A Commission As A Second Lieutenant In The United States Army
Students desiring a commission must complete a minimum of 23 hours of course work to include:

1. 20 hours of Military Science, including
   a. MS 101 and 102;
   b. MS 201 and 202;
   c. Students can receive placement credit for the 100- and 200-level courses for prior military service, Junior ROTC, ROTC Basic Camp, and equivalent military training with PMS approval;
   d. MS 301 and 302;
   e. MS 401 and 402.
2. A 3 hour Military History Course.
3. In addition to the required courses, students must contract and attend the ROTC Advance Camp for 33 days of training between the junior and senior year.

Minor In Military Science

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

Requirements For A Minor

Completion of the 20 semester hours of MS course work and one military history elective (3) are required for a minor in Military Science. Placement credit may be awarded for the Basic Course for prior military service, attendance at ROTC Leadership Training Course, or three or four years of JROTC. Students who are already commissioned officers are not eligible to receive a minor in military science. Non-contracted students are not eligible to receive a minor in Military Science.
Modern Languages And Literature

Department Information

Department of Modern Languages and Literature website
http://southalabama.edu/colleges/artsandsci/languages/

The department contributes to the liberal education of all students by helping them to improve their ability to communicate with and understand other cultures in an increasingly interdependent world. Language study provides direct insight into other ways of thinking and perceiving reality, and enables a fresh perspective on students' own language and culture. The department offers a major in Modern Languages and Literature with concentrations in French, German, Russian, and Spanish. Minors in those four languages, as well as a Minor in Applied Linguistics, are available. An interdisciplinary Minor in Classical Studies is offered in cooperation with the Philosophy Department. Introductory and intermediate level courses in Arabic, ASL, Chinese, Classical and Modern Greek, Italian, Japanese, Korean, Latin and Portuguese are also provided.

In the first-year sequences (Introductory) the student is given a basic foundation in listening, speaking, reading, and writing. Typically, the emphasis is on listening and oral practice followed by development of reading and writing skills. The second-year courses (Intermediate) build upon the skills acquired in the first year. Upper-level courses provide students with more in-depth knowledge of the countries' language, culture, literature and history. Students with previous language training will be placed at the appropriate level.

All first-time freshmen must successfully complete CAS 100: First Year Experience as a degree requirement. Students must enroll during their first term at USA, except for summer-entry students who must enroll in the fall semester following entry. Modern Languages and Literature majors are required to take LG 480 to fulfill the technology proficiency requirement, which was formerly known as the computer proficiency requirement.

Retroactive Credit Policy

It is to the advantage of students to begin their study of a foreign language at the highest possible level because they can gain college credits through appropriate placement. The Department of Modern and Classical Languages and Literature offers an online language placement exam to assist students with enrollment at the appropriate levels. Please contact the department for details. Students who place into the second semester of the introductory sequence, a higher-level in the target language, may qualify for retroactive credit. By earning a "C" or better in the higher-level course the student may petition the department for either 3 or 6 semester hours of introductory-level credit. Native speakers are not eligible.

Lesser Taught Languages Program (LTLS)

Besides its four main languages, the Department also offers four semesters of instruction for several other languages as part of its Lesser Taught Languages Program. LTLS classes meet three times a week and are conducted by native-speaker coaches. Mid-term and final student performance evaluations are administered by nationally certified external examiners. As in all language classes, success in these courses requires a high degree of motivation, self-discipline, and a long-term commitment to developing oral/aural proficiency in the target language. Students must be willing to assume responsibility for learning appropriate listening and speaking skills. Before enrolling in a LTLS course students are urged to discuss course requirements and testing procedures with the program coordinator. Call (251) 460-6291 for more information.

Graduate Studies

Although the Department of Modern and Classical Languages and Literature has no graduate degree program, graduate-level course work is offered in several languages under the rubrics of "Special Topics," "Seminar," and "Directed Studies" in conjunction with completing requirements in the Alternative or Innovative Master of Education Programs.

Minor In Applied Linguistics

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

Requirements For A Minor In Applied Linguistics

Applied Linguistics is an interdisciplinary field that investigates and offers solutions to language-related problems in the world. Applied linguistics relies on the theories and findings of linguistics, together with the experiences and needs of language users, to engage real-world issues at the intersections of language and society, language and education, and language and power. The Minor in Applied Linguistics exposes students to a field of study that allows them to think critically about the language learning process, and to build a deeper understanding of how languages are both learned and taught successfully.

No more than 6 hours from the student’s major can be counted towards the Minor in Applied Linguistics

*Foreign Language majors may not use the language of their first concentration to fulfill this requirement
Minor In French

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

Requirements For Minor In French

Students must complete a minimum of nine semester hours beyond the Introductory and Intermediate sequences. The student must complete the following upper-division courses in French - LG 326 and LG 327 and either LG 311 or LG 312. Native or near-native speakers of a language may not enroll in upper-level conversation courses.

Note: The Minor in Language cannot fulfill the minor requirement for Language Majors.
Minor In German

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

Requirements For Minor In German

Students must complete a minimum of nine semester hours beyond the Introductory and Intermediate sequences. The student must complete the following upper-division courses in German – nine credits of upper-division courses. Native or near-native speakers of a language may not enroll in upper-level conversation courses.

Note: The Minor in Language cannot fulfill the minor requirement for Language Majors.
Minor In Russian

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.

Requirements For Minor In Russian

Students must complete a minimum of nine semester hours beyond the Introductory and Intermediate sequences. The student must complete the following upper-division courses in Russian - LG 374 or LG 376. Remaining credits are to be selected from the upper-division courses in Russian. Native or near-native speakers of a language may not enroll in upper-level conversation courses.

Note: The Minor in Language cannot fulfill the minor requirement for Language Majors.
Minor In Spanish

Degree Requirements

If a minor is required in your degree program, at least 9 (lower and/or upper-division) hours of courses in the minor must be completed at the University.
