

**Department of Earth Sciences: Geography Tenure-Track Position: Long Ad**

The University of South Alabama Department of Earth Sciences invites applications for a full-time (9-month), tenure track Assistant Professor position in Digital Cartography, starting August 15, 2021. The successful candidate must have a Ph.D. in Geography or a closely related field at the time of appointment, but ABD candidates near completion of the degree will be considered. Excellence in undergraduate teaching and an active research agenda are expected. Skills in Digital Cartography with expertise in either GIS and/or Remote Sensing are necessary as well as a focus on Human-Environment Interaction. The candidate will assume responsibility for a Digital Cartography course as well as teach courses in the growing GIS program. The candidate selected for this position must meet eligibility requirements to work legally in the United States and must be able to communicate effectively in English.

**Review of applications will begin on November 23, 2020, and will continue until the position is filled.**

To apply, send a cover letter of interest, your current curriculum vitae, a one-page research statement, and a one-page statement regarding teaching philosophy to the Search Committee Chairperson, Dr. Steven Schultze, at the following email address: [schultze@southalabama.edu](mailto:schultze@southalabama.edu).

In addition, arrange to have three signed, original or pdf letters of reference sent to Dr. Schultze at his email address above or at the University mailing address below, and arrange to have your official transcripts sent from all colleges/universities attended to Dr. Schultze at the following mailing address:

Department of Earth Sciences  
LSCB Rm 136  
5871 USA Drive N.  
University of South Alabama  
Mobile, AL 36688-0002

The University of South Alabama is located on a suburban campus in the city of Mobile, Alabama. The university features a highly diverse population of more than 14,000 students. Mobile is a growing city of nearly 200,000 with a metro area of more than 600,000 people when including neighboring Baldwin County across the Mobile Bay. The city features an excellent food and music scene along with numerous recreation opportunities.
