## Main Residency MATCH Results

Match Day is an important day for each graduating medical student. It also serves as a focus of celebration for each medical school. Across the United States, medical students simultaneously learn of the locations of the residency programs in which they will continue the next phase of their medical training. At the USA COM, we are proud to be able to host an in person Match Day ceremony for the Class of 2021 limited to the students so that each student can honor the tradition of pinning the Match Day map as classes have done in the past. Since families and friends cannot aggregate on campus with our students, the event will be livestreamed for families, friends, and the remainder of our USA family who typically attend. As in the past, we are extremely proud of our students' successes in securing excellent residency positions. Our students' successes reflect years of hard work on their part and also speak to the quality of the educational training provided to them here in the College of Medicine at the University of South Alabama.
