

All Student Applications Must Include:

- A completed application form.
- A copy of your current report card.
- Recommendation letter; preferably from a science or mathematics teacher.
- A one-paragraph essay describing your personal and career interests.
- A completed photo release form.
- A completed USA insurance form.
- Please submit all forms at the same time to SEA to nperezuribe@southalabama.edu
- Incomplete application packets will not be reviewed.

Camp Guidelines

- Camp hours are 9:00 am - 3:00 pm daily except Friday (finishing after lunch).
- Lunch will be provided each day.
- Acceptance into SEA will be based on available space in program.
- Tuition for SEA is \$300.00.
- Full tuition must be paid prior to participation. Credit card (online) or cash only.
- No refunds (unless not selected)
- Notification of acceptance will be sent to students by June 12, 2020.
- Photo Release Form must be completed prior to participation.
- Students may be dismissed from the academy due to misbehavior.
- Housing is not provided.

**Application Deadline
June 5, 2020**

Space is limited! Get applications in as soon as possible.

Making a World of Difference

2020 SEA Summer Engineering Academy For Rising 10th and 11th Graders

University of South Alabama
College of Engineering
Shelby Hall
150 Jaguar Dr.
Mobile, AL 36688

Email: nperezuribe@southalabama.edu

Summer Engineering Academy
Entering 10th and 11th graders
June 22-26, 2020

The University of South Alabama College of Engineering Summer Engineering Academy is a great opportunity to discover all engineering fields and get hands-on engineering experience.

This program includes:

- Exposure to electrical, civil, computer and mechanical engineering and their subdisciplines.
- Exploration of engineering by hands-on activities.
- Interaction with engineering students, faculty and professional engineers.
- Group and individual engineering activities.
- A taste of college life

- Spend a week exploring research and careers in engineering.
- Learn engineering design skills.
- Acquire programming skills that you can use in your adventures in science, technology, engineering, arts, and math.
- Get to know the bare-bones of automation (microcontrollers, sensors, actuators) and applications in engineering systems.

Email the following items to Nani Perez at nperezuribe@southalabama.edu

1. SEA Application
2. Letter of Recommendation
3. Report Card
4. Interest Essay
5. Photo Release Form (on SEA website)
6. Insurance Form (on SEA website)

Application Deadline: June 5, 2020
