## **Honors College Mentoring Agreement**

**Objectives:** Develop a long-term realistic mentoring plan and the skills necessary to accomplish the plan by outlining mutual expectations for any stage of the project. Adjust to meet the needs of your partnership, but follow the expectations in the guidelines for the Senior Project/Thesis.

**Mentee Instructions:** Make an appointment to discuss this document with your prospective mentor, and share the document in advance.

**Mentor Instructions:** This document helps outline initial expectations for a positive working relationship with an undergraduate researcher, as well as guidance for changes over time.

## **Foundational Details**

mentor and members of the Honors College. Confirm by <u>selecting one of the following</u> :		
☐ Prospectus Attached	☐ Not Applicable	
2. This agreement will be in effect until agreed upon adjustments are made.	(date) or until mutually	
3. Mentor—What would you like your mentee to know about how they should address you		
(Dr., Mr/Ms/Mrs/First name, other considerations):		

4b. If this agree we set is face (NAL): time a Theorie // attack the aircraft support to a recovered by

4. Mentee— What would you like your mentor to know about how they should address you
(Mr/Ms/Mrs/First name, other considerations):
Mutual Expectations  5. Communication and meeting plan—how frequently, by what means, and, with what level of formality? Who will have the responsibility to initiate, and how long will it take to respond? Are reminders necessary? Are you flexible? Do you need lead time?
6. Expectations regarding content and feedback (for example, how long it will take to revise or review of manuscript, expectations about deadlines)
7. What impediments might arise? Consider known scheduling conflicts (professional and personal), needed research material/conditions, and difficulties imagined based on work of others. Are contingency plans in place? How might you prepare for these eventualities?

mentoring relationship?  Skills development for the mentee (one or two realistic objectives)		
Understanding of profession, such as graduate school, day-to-day tasks, or major figu	ıres	
Experiences in or planning for conferences, networking, and long-term goals		
9. Steps to goals in 8, above (e.g., meetings, manuscripts/grants, collaborating, steps to independence, etc.):		
The Project and the Larger Intellectual Community  10. Will the project require the assistance of other experts, and/or specific networking opportunities/people?		
11. How, and by when, will you determine the two additional committee members? If conducting a project outside of your major, are you in compliance with the policy?		

Planning for Progress and Grading
12. Benchmarks—consider at least three per term, with dates. These may include items such as
draft first act of play, complete first round of data collection, submit 10 pages of draft.
13. If 499 (or other relevant courses) are taken over two semesters, how will the grade be
determined? Note if the course is taught by someone other than the mentor.
14. Discussion plan for the first meeting will focus on the topic(s) below (consider goals, skills,
impediments, professional planning, in addition to the topic of research):
For Research Projects Only
15. Please attach mentee certificate for CITI Research Ethics training (required by the
University—link here:
https://www.southalabama.edu/departments/research/compliance/responsible-
conduct/resources/rcr.training.policy.8.2019.pdf . As of September, 2020, Honors students
complete training in HON 301). If this has not yet been completed, please schedule a deadline.
Deadline for CITI training (if completed, write in date of completion)
Constitute Conservation the Desirat Pole and to this Assessment
Specific Concerns for the Project Relevant to this Agreement
16. Confidentiality: List, as possible, areas of confidentiality that must be maintained during
the research process, such as legal limitations regarding disclosure of unpublished research.

17. Do you need a safety or Mitigation Plan regarding the use of hazardous materials? <b>(Select one)</b> $\square$ Yes $\square$ No If yes, attach the plan to this document, or a deadline to complete.			
<ul><li>18. Is safety training necessary?</li><li>(Select one)□ Yes□ No If yes, list details here or attach necessary summary.</li></ul>			
Periodic Review of Progress			
Please go ahead and schedule at least two such meetings now, with the first to occur within 1-2 months.			
Assess the progress of the research project or planning as an opportunity to celebrate success or motivate for necessary improvement.			
At the review, review each item of the agreement to affirm, revise, or terminate. Attach affirmation, dated addendum, or revision that reflects changes.			
First Review Date			
Second Review Date			
<b>Signatures</b> By signing below, I acknowledge that I will conduct my participation in this mentorship in accordance with the agreement, principles, and description provided above.
