About USA

The University of South Alabama is a dynamic, growing institution on the outskirts of Mobile, Alabama. With a population of over 15,000 students and a green campus nestled between the waters of Mobile Bay and the beautiful beaches of the Gulf of Mexico, USA is a high research activity university as designated by the Carnegie Classification of Institutions of Higher Education and hosts a diverse student body. USA is classified as one of the nation's top ranking universities by *USNews Education*.

Center of Academic Excellence

Based on excellence in Information Security teaching and research, the National Security Agency and the Department of Homeland Security designated USA a Center of Academic Excellence in Information Assurance Education.
