

UAB School of Medicine

Huntsville Regional Medical Campus

For Pre-med College Students Interested in Rural Primary Care

Huntsville Rural Pre-Medical Internship

Primary Care Shadowing and Clinical Education

7 Week Summer Program

Objectives: -To provide students insight into the primary care needs of rural Alabama, particularly in the fields of Family Medicine, Internal Medicine and Pediatrics;

-To enhance the interns' understanding of medical school, and the training of family doctors;

-To increase the participants' competitiveness for medical school admission.

Location: UAB School of Medicine, Huntsville Regional Medical Campus (5 weeks), and at the office of a Family Medicine doctor near the intern's hometown (3 weeks).

Dates: June 3rd – July 19th, 2019

Stipends: \$2,500 to assist with housing, transportation and meals.

College Level and Academic Credentials: Students must have completed at least 4 semesters of on-campus coursework by May 2019, with an overall GPA in the B or higher range, and scores on the ACT > 22 or the SAT > 1200. Only Alabama residents are accepted.

Students who have lived in rural Alabama at least eight years are given priority in the selection process.

Application and Interviews: Applications are available from your pre-health academic advisor, on-line <http://www.uab.edu/medicine/home/rural-medicine/huntsville-rural-pre-medical-internship/application-curriculum-information/application> or by e-mail request to the Office for Family Health, Education & Research: paulaclawson@uabmc.edu.

Applicants considered for selection will be interviewed in February 2019.

Additional information about the internship can be found on-line at:
