Purpose:

Academic Advisors assist our diverse undergraduate student population with the development and implementation of comprehensive education plans consistent with established values and stated academic and career objectives. An academic advisor’s purpose is to encourage students to develop as self-directed learners and decision makers. Further, an academic advisor serves as a resource to the University community and supports their work with undergraduate students. Finally, good academic advising supports the mission of the University of South Alabama through encouraging student academic success and persistence towards graduation.

IMPORTANT ADVICE FROM YOUR ADVISOR

• Go to class every day and get to know your professors.
• Maintain good academic standing each term.
• Read your JagMail regularly.
• Even if not required, meet your academic advisor each semester.
• Develop good study habits and seek academic assistance early.
• Understand the impact of dropping classes – academic and financial – meet with an advisor beforehand.
• Review your grades and Degree Works regularly.
• Graduate in four years.

Understand that your advisor will not make decisions for you during advising sessions. The educational choices you make are yours and the responsibility of knowing and fulfilling degree requirements rests with you (Gordon, et al., 2011).
