Biology Department: Two Tenure-Track Positions

The Department of Biology at the University of South Alabama seeks applications for two full-time (9-month), tenure-track Assistant Professor positions to begin August 15, 2020. An earned Ph.D. in Biology or closely related field is required at the time of the appointment. Postdoctoral experience is preferred. The department offers B.S. and M.S. degree programs. The successful applicants are expected to develop externally-funded research programs, involving both undergraduate and graduate students.

Position one is in Genetics: the research specialty is open, but candidates using computational approaches are preferred. The successful candidate will be expected to teach existing courses in Genetics and Computational Biology and develop new curricula in his/her specialties that target undergraduate and graduate students.

Position two is in Animal Physiology: The successful candidate will be expected to teach an existing course in Animal Physiology and develop new curricula in his/her specialties that target undergraduate and graduate students. The ability to teach Cell Biology is of particular advantage.

To apply: Send by email a cover letter, vita, statement of teaching philosophy, statement of research goals, unofficial transcripts, and arrange for three original letters of recommendation to be sent either to snichadhain@southalabama.edu (Genetics) or kmajor@southalabama.edu (Animal Physiology). Applicants invited for a campus interview will arrange to have official graduate and undergraduate transcripts sent directly by the Registrars of all colleges attended to the Department of Biology.

Review of applications will begin October 11, 2019, and continue until positions are filled.

The University of South Alabama is an EO/AA employer and does not discriminate on the basis of race, color, national origin, sex (including pregnancy, sexual orientation, gender identity and gender expression), religion, age, genetic information, disability, or protected veteran status.
