

UNIVERSITY OF SOUTH ALABAMA

Assistant Professor of Marine Sciences (Teaching, non-tenure track) School of Marine and Environmental Sciences

The School of Marine and Environmental Sciences at the University of South Alabama invites applications for a full-time, nine-month, non-tenure Assistant Professor of Marine Sciences (Teaching) position, starting August 15, 2022. Applicants should possess an earned Ph.D. in Marine Sciences, Earth Sciences, Biology, or a Geosciences field.

We seek a broadly trained scientist to teach undergraduate lecture courses in the Marine Sciences. Additional duties include coordinating the introductory marine sciences labs, serving as the institutional liaison representative to the Marine Environmental Sciences Consortium at the Dauphin Island Sea Lab.

USA recently launched a new B.S. in Marine Sciences degree, and the candidate will spearhead program growth; consequently, preference will be given to candidates with demonstrated success in undergraduate teaching, recruitment of undergraduate marine science majors and academic advising. Further, the successful candidate should have experience in program development and assessment.

Review of applications will begin July 1, 2022, and will continue until the position is filled. To apply, please send a single pdf file containing (1) a cover letter of interest, (2) a current curriculum vitae, (3) a one-page statement regarding teaching philosophy, and (4) a one-page statement outlining strategies for inclusivity and recruitment.

Candidates selected for an on-campus interview will need to arrange to have three signed, original or pdf letters of reference sent to Dr. Delbert “Lee” Smee, the Search Committee Chairperson, through Mrs. Julie Herman at jherman@southalabama.edu, and they will need to arrange to have official graduate and undergraduate transcripts sent directly by the registrars of all colleges and universities attended to Dr. Smee at this mailing address:

School of Marine and Environmental Sciences
University of South Alabama,
600 Clinic Drive
EOB Suite 300
Mobile, AL 36688-0002.

We prefer all correspondence to be sent electronically to Mrs. Herman. Questions regarding this position should be directed by email to Dr. Lee Smee: lsmee@disl.org.
