4. Minors in the workplace/minors on campus: Dr. Mary Townsley addressed the lack of a University policy regarding minors on campus and in the workplace and inquired about the need for a campus wide policy. The Deans were in agreement that there was a need for this type of policy as long as it did not place unreasonable restrictions on participation in research or on outreach to middle and high schools. Dr. Townsley will draft a policy to present to the Deans at an upcoming meeting.
Minutes of the February 19, 2020 meeting were approved as distributed.

Study Abroad Programs and Pandemic Preparation: Dr. Richard Carter gave an update on the Study Abroad Program including the number of students and the programs currently being rerouted from Italy to other destinations. Dr. Carter stated the Travel Policy was revised according to CDC guidelines.

3. Commencement Cancellation: Dr. David Johnson stated that a decision will be made no later than March 23, 2020 regarding the cancellation of commencement. If canceled, the commencement publication will be printed and mailed along with the student’s diplomas. There may be an option for students to participate in a commencement ceremony at a later date. If colleges anticipate having any issues with checkout, they should let Academic Affairs and the Registrar know as soon as possible.

4. Drop Date Extension: Nicole Carr indicated that Student Success, Financial Aid, and the Registrar recommended an extension of the drop date for the spring term. A motion was made by Dr. Greg Frazer to extend the last day to drop courses or withdraw from all courses for the Spring semester to the last day of classes, May 1, 2020. The motion was seconded by Dr. Bob Wood and passed unanimously.

5. Grading Policy – Pass/Fail: Dr. Johnson discussed allowing students the option to choose a Pass/Fail grade as opposed to a letter grade on a limited number of courses for which enough of the objectives had been met for a passing grade and the only other alternative would be an incomplete. Deans are to generate a list of courses that would benefit from this, and submit to Dr. Charles Guest for discussion at the next CAD meeting.

6. Mail Pick-Up: The USA Mail Hub announced that mail services will continue on a limited basis effective March 23, 2020.

7. Coronavirus Response Issues: Dr. Charles Guest reported on items discussed at the University’s Pandemic Executive Committee. Those items include:
   a. University issued badges should be worn on campus at all times by faculty and staff.
   b. Dean’s and Direct Reports should submit a building plan for their areas indicating what buildings will be locked/open.

d. Direct Reports should submit a list of persons who will be working on campus continuously, working from home continuously, and any blended schedules.
Members Present: David Johnson (Provost/SVPAA), Andrzej Wierzbicki (A&S), Greg Frazer (PCCAHP), Bob Wood (MCOB), Andrea Kent (EDUC), John Usher (ENG), Richard Carter (GUSA), Lorene Flanders (LIB), Heather Hall (NURS), Alec Yasinsac (SOC), Kathy Cooke (HC), Mary Townsley (COM), Harold Pardue (GRAD)

Guest(s): Charles Guest, Andre Green, S. Raj Chaudhury, Nicole Carr, Sal Liberto, Angela Coleman, Bobbie Hancock, Mike Jacobs, Kelly Osterbind, Tony Waldrop, Susan Gordon-Hickey, Susan McCready, John Cleary, Scott Weldon

1. Minutes of the March 18, 2020 meeting were approved as distributed.

2. Summer and Maymester Tuition Rates: Dr. David Johnson proposed a rate change for Summer and Maymester tuition in anticipation of all classes moving to online delivery. This temporary change would charge undergraduate resident students the current instate tuition rate and non-resident students would pay the current online tuition rate. Dr. Greg Frazer made a motion to approve these changes to tuition. The motion was seconded by Dr. Andrzej Wierzbicki and passed unanimously. The recommendation will go to the President and will require approval by the Board of Trustees.

3. Temporary Changes to Undergraduate Admissions Criteria: Sal Liberto presented a recommendation for temporary changes to the University’s undergraduate admissions policy in light of the cancellation of the ACT exam due to COVID-19 (attachment). The proposed changes would allow applicants with a High School (HS) GPA of 3.0 or higher to be automatically admitted without an ACT score and applicants with a HS GPA of 2.5-2.99 to be admitted without an ACT score upon review and recommendation of the Undergraduate Admissions Committee on a case-by-case basis. Dr. Andrzej Wierzbicki made a motion to approve this temporary policy change effective March 26, 2020. The motion was seconded by Dr. Bob Wood and passed unanimously.

4. Pass/Fail Option: Dr. David Johnson proposed a temporary policy change to add a Satisfactory/Unsatisfactory grading option for undergraduate students for courses in the Spring 2020 semester. Dr. Andre Green will work on policy language and a vote will be conducted via email.

5. Stop Tenure Clock: Dr. David Johnson proposed that the pandemic be considered a "life event" as addressed in the Tenure Extension Policy for Life Events (Faculty Handbook 3.13). Approval of the pandemic as a “life event” will allow tenure track faculty to use the procedures within the policy to apply for a one-year extension of their tenure-track period. Dr. Greg Frazer made a motion to approve the recommendation to count the pandemic as a qualifying life event. The motion was seconded by Dr. Bob Wood and passed unanimously.

6. Student Perceptions of Instruction (SPI): Dr. Angela Coleman discussed how the move to online classes for Spring 2020 and the extension of the drop date could impact the results of the current SPI instrument. Dr. Coleman will develop a new instrument and present to the deans for approval.
7. Incompletes: Dr. Nicole Carr recommended extending the deadline to clear incomplete grades from July to early September. This recommendation was approved by the deans. Dr. Carr will prepare a memo for approval of the Provost and President.

8. Graduation Fees: It was recommended by Dr. Nicole Carr and approved by the deans to waive late fees for students who find it necessary to push their graduation date due to the pandemic. Dr. Carr will prepare a memo for approval of the Provost and President.

9. ProctorU Requests: Due to the response to the COVID-19 pandemic crisis, Dr. Raj Chaudhury proposed making a temporary change to the Final Examination policy 6.6.2 in the Faculty Handbook in order to give options for final assessments other than an exam delivered in the scheduled final exam time slot. The deans concurred with this temporary change to policy. Dr. Chaudhury will draft a revision to the policy to distribute to faculty. This policy change will remain in effect until further notice.

10. Other Issues from Faculty Senate: Dr. Susan McCready and Dr. John Cleary discussed issues that were raised during the March 18th Faculty Senate meeting regarding the University’s response to the pandemic. Dr. McCready stated that a major concern was a lack of clarity around policies governing internships, clinical practica, student teaching and other field experiences by students this term. Dr. McCready stated the most notable issue to be addressed is the need for better communication with faculty and students regarding policies governing this issue and other policies that are changing in response to the pandemic.

11. Adding Chairs to Online Courses: Dr. Charles Guest reported that several chairs had requested to be added as an additional instructor for online courses so they could observe and provide assistance during the conversion to online delivery. The current policy allows a chair to be added as “read only” upon notification of the instructor. Dr. Chaudhury indicated that the read only role was allowable in Sakai but not in Canvas. It was determined that for Sakai courses, Chairs should ask instructors to add them in a read only role. Dr. Chaudhury will provide instructions for this process. Should the instructor not add the Chair in a timely manner or for courses delivered in Canvas rather than Sakai, Chairs may ask the Registrar to add them to a course as an additional instructor. In these cases, Chairs should notify the instructor prior to observing the online course.

12. Commencement for Spring 20 Grads (August Ceremony?): Dr. David Johnson will present this topic at the next scheduled Council of Academic Deans meeting.
1. Minutes of the April 1, 2020 meeting were approved as distributed.

2. Essential Employees: Scott Weldon gave an update on the process to identify essential employees who need authorization to travel to campus. Letters will be distributed to the employees who are identified by each division and the next step is for every department to return the form to Scott Weldon as soon as possible.

3. Pass/Fail for Graduate Students: Dr. Harold Pardue shared that at the April meeting of the Alabama Council of Graduate Deans there were discussions related to what each institution is doing regarding Pass/Fail options for graduate students. Dr. Pardue led a discussion of this topic and the deans expressed concerns that such an option would not work for the majority of graduate programs at USA. Dr. Pardue will investigate this further and return to the Deans Council with more information once it becomes available.

4. Spring Incomplete Grades S/U Policy: Dr. Kelly Osterbind discussed the new policy on Satisfactory and Unsatisfactory (S/U) grades for undergraduate students that was approved and announced last week. It was determined that students who receive an incomplete grade for a Spring 2020 course will have until 10 days beyond the date the incomplete grade is replaced with an A-F letter grade (or until 10 days beyond the current September 1 deadline for incomplete grade resolution) to select the S/U grade replacement option.

Although this policy currently only applies to Spring 2020, the question was raised regarding extending this policy to Summer and Maymester 2020. Members of the Deans Council will reach out to other institutions nationwide to determine whether this is being considered elsewhere. Any decision regarding extending the S/U Policy to Maymester and/or Summer 2020 will be decided at a later date.

5. Commencement for Spring 20 Graduates: Dr. David Johnson discussed the results of the SGA survey sent to students scheduled to graduate this semester. Preliminary results showed the majority of respondents with a preference for a separate ceremony for spring 2020 graduates as early as practical. July 31, 2020 was the first choice identified by the students with homecoming weekend second.

6. Graduate Student Tuition: Dr. David Johnson discussed concerns expressed by students regarding a reduced rate for May/Summer graduate tuition similar to that applied to undergraduates. It was determined that because cost of services for graduate students are continuing and graduate education costs significantly more to deliver, the University cannot
reduce tuition or fees for graduate programs. Dr. Guest will distribute a statement regarding graduate tuition for summer to the Deans to be used upon inquiry.

7. Other items: Dr. Kelly Osterbind asked that any colleges holding virtual celebrations for graduates send the details to her office to be posted to the University’s commencement website.

8. Other items: Dr. S. Raj Chaudhury announced that he would be providing detailed instructions regarding Zoom security settings and best practices for the use of Zoom for online classes and campus meetings.

9. Other items: Dr. David Johnson shared the results of the Zoom conference with student leaders regarding student perceptions of the campus response to the Covid-19 virus. A list of suggestions gathered from the conference was provided to the deans and a few key issues were discussed.
1. Minutes of the April 8, 2020 meeting were approved with the following correction:

   Spring Incomplete Grades S/U Policy: Dr. Kelly Osterbind discussed the new policy on Satisfactory and Unsatisfactory (S/U) grades for undergraduate students that was approved and announced last week. It was determined that students who receive an incomplete grade for a Spring 2020 course will have until 10 days beyond the date the incomplete grade is replaced with an A-F letter grade (or until 10 days beyond the current September 1 deadline for incomplete grade resolution) to select the S/U grade replacement option.

2. Game Day Parking – Week day Games: Dr. Joel Erdmann presented the current parking plan for the one weekday football game scheduled for the upcoming 2020 season. Dr. Erdmann asked for feedback from the deans on the draft plan to handle parking on campus for this game. An Academic Affairs liaison will be designated to work with Dr. Erdmann and relay feedback from the deans.

3. Freshman Residency Requirements 2021: Chris Cleveland shared a proposed policy to require first-time full-time freshmen to live on campus beginning in fall 2021.

4. Hiring Freeze and Exceptions Committees: Dr. David Johnson discussed the process for requesting an exception to the hiring freeze. Dr. Johnson reminded deans that any outstanding faculty or staff positions as well as any reclassifications of staff will require his approval as well as the approval of a university exceptions committee. To receive approval, deans must send a memo outlining the need for the exception to Dr. Johnson and copy Bobbie Hancock by email.

5. Extend S/U option into May/Summer terms: Dr. David Johnson briefed the deans on a summary compiled by Dr. Coleman on what other institutions are planning regarding an extension of the S/U grading option beyond Spring 2020. There was discussion and consensus that we would not extend the option beyond Spring 2020.

6. Other items: Dr. Harold Pardue discussed inquiries that the Graduate College has received to include graduate students in the S/U grading option. It was determined that a policy change would not be necessary as the current policy allows deans to approve grade changes on a case-by-case basis. Dr. Pardue will develop draft guidelines for programs who support the S/U option and distribute them to the deans for review.
7. Other items: Dr. David Johnson asked deans to give some thought as to how to open campus for the Fall 2020. The deans discussed onboarding of students, the possibility of more online options, blended options to reduce class size, and other potential actions to enhance social distancing and prevent transmission of COVID-19. The topic will be added to next week’s CAD agenda.

8. Other items: Dr. David Johnson also provided feedback from a conversation with student leaders and asked that the deans continue to consider commencement options for Spring 2020 graduates.
1. Minutes of the April 15, 2020 meeting were approved as distributed.

2. May and summer grant salaries for faculty: Dr. Lynne Chronister advised deans that the current recommendation for May and Summer terms is to not charge salaries to grants unless the faculty member is working and research is ongoing. She said that, in all likelihood, the provisions made by sponsors for continued compensation without effort will not be extended beyond the Spring term. Dr. Andrzej Wierzbicki has drafted an approval form to ensure that Personal Action Forms are only approved for faculty who are working during these terms. Dr. Chronister will edit the form and distribute to all deans. She indicated that she is also available to address any questions or concerns.

3. Summer Transient Requests: Nicole Carr indicated that there have been transient requests by students for the Summer term due to challenges related to COVID-19. Dr. Johnson recommended granting these requests for students who report a reasonable financial or other hardship.

4. Planning for re-opening campus for fall 2020: Dr. Johnson briefed the deans on the status of plans for returning to campus. President Waldrop has appointed a committee charged with researching and recommending plans for the return to campus. The committee will meet this Friday, April 24th to discuss ideas related to when and how to re-open campus. Dr. Johnson will form a task force to develop recommendations for possibly re-starting instructional and other academic activity this fall. He asked deans to indicate their interest in participation and/or submit names of administrators or faculty they would recommend to serve on this committee.

Guest(s): Charles Guest, Andre Green, S. Raj Chaudhury, Bobbie Hancock, Kelly Osterbind, Tony Waldrop, Lynne Chronister, Chris Hansen

1. Minutes of the April 22, 2020 meeting were approved as distributed.

2. Grant Salaries in the Summer: Dr. Lynne Chronister outlined the details of the memo sent to Deans regarding summer salary on grants and contracts for faculty, staff and students. Dr. Chronister advised that any principal investigator requesting summer salary should complete the Summer Activity Form and send it to the Dean for approval. If the Dean approves, it will go to Vice President Lynne Chronister and Provost David Johnson for final review and approval. In an effort to avoid having to reverse the source of funds to cover salary, a decision has been made that after May 15, 2020, no salary or wage will be paid for grant or contract work that is not being carried out at the effort level committed in the grant. Reductions in effort can be considered but in all cases the effort reported must match the actual work being done and salary/wages must match effort. This includes salaries/wages for faculty, staff and students.

3. Conflict of Commitment Policy: Dr. Harold Pardue and Chris Hansen presented a revised Conflict of Commitment Policy to the deans. The deans offered suggestions to clarify several points in the policy and after further discussion, Dr. Pardue will edit the policy to be presented at a future meeting.

4. Dismissal/Suspension Policy: Dr. Harold Pardue and Dr. Kelly Osterbind presented proposed changes to the Undergraduate Dismissal and Suspension policy that would allow for reinstatement rather than readmission. After discussion, Dr. Kathy Cooke made a motion to approve these changes to the policy. The motion was seconded by Dr. Bob Wood and passed with eleven votes in favor and one abstention. Dr. Charles Guest will work with Nicole Carr to develop a proposal allowing for the acceptance of transient credit while a student is on suspension/dismissal. Dr. Carr will present this to the deans at a future meeting.

5. Grade Replacement Policy: It was determined that this policy was previously approved by the Dean’s Council at the December 11, 2019 meeting. There was no further discussion on this topic.

6. Other Items - Lecture Capture Plans: Dr. S. Raj Chaudhury asked the deans to help the ILC gather information about room specifications in their respective colleges so lecture capture systems can be installed. A spreadsheet was provided to assist the deans in gathering this information. Dr. Chaudhury will put together a proposal and cost estimate to equip rooms with the tools necessary to produce high quality videos in preparation for a return to campus in the Fall. Dr. Chaudhury also announced that modules are now available through ACUE that offer credentials to faculty in areas of effective teaching and best practice in an online learning environment. Faculty should contact the ILC for more information on how to apply and be selected to participate in this outstanding opportunity for professional development.
Members Present: David Johnson (Provost/SVPAA), Andrzej Wierzbicki (A&S), Susan Gordon-Hickey, (PCCAHP), Bob Wood (MCOB), Andrea Kent (EDUC), John Usher (ENG), Richard Carter (GUSA), Lorene Flanders (LIB), Heather Hall (NURS), Debra Chapman (SOC), Kathy Cooke (HC), Mary Townsley (COM), Harold Pardue (GRAD)

3. Budget Requests: The FY 2021 budget planning process is beginning. In order to verify the items on the budget change sheet, please send a reminder to Dr. David Johnson of all previously approved budget requests for the 2020-2021 academic year as soon as possible.

4. Guidelines for Faculty and Administrative Searches Policy: Beth Shepard presented the changes made by the Faculty Senate to the draft policy previously approved by the deans. She will send the most current version via email to the deans for their review and the deans will consider and vote on the changes at a future meeting.

5. Expectations for Summer Online Teaching: Dr. S. Raj Chaudhury discussed some challenges faculty faced in the Spring that are also anticipated for Summer. He asked deans to encourage their faculty to adopt the most appropriate methodology for optimal learning and to remain flexible in accommodating student schedules. He reminded the deans of the resources available through the Innovation in Learning Center (ILC).

6. Faculty who wish to teach online for Fall: Deans should notify Dr. David Johnson of any faculty who wish to have the option to teach fully online for Fall 2020 due to COVID-19 related health concerns. The deans recommended that these faculty be allowed, if consistent with the achievement of learning outcomes, to teach courses with synchronous online content. It was determined that courses with synchronous content, whether on-campus or online, will be listed as hybrids and that fully online courses listed as such will be asynchronous. Professional development efforts to assist faculty in preparing high quality courses for the fall, regardless of delivery method, will be made available through the ILC.

7. External Activities Policy: Due to time constraints, this policy will be voted on at the next meeting.

8. Other Items: The deadline to clear incomplete grades is September 1, 2020, not July 7 as indicated in PAWS. Kelly Osterbind will send an email to all faculty and staff clarifying this change.
Members Present: David Johnson (Provost/SVPAA), Andrzej Wierzbicki (A&S), Susan Gordon-Hickey (PCCAHP), Bob Wood (MCOB), Andrea Kent (EDUC), John Usher (ENG), Richard Carter (GUSA), Lorene Flanders (LIB), Heather Hall (NURS), Alec Yasinsac (SOC), Kathy Cooke (HC), Mary Townsley (COM), Harold Pardue (GRAD)

2. COVID-19 Update: Dr. Benjamin Estrada updated the council on the current conditions regarding the COVID-19 pandemic and its effects on our local community and hospitals. Dr. Estrada gave projections for fall in light of the recent expiration of the Stay at Home order for the state of Alabama and made suggestions for a safe reopening of campus for faculty, staff and students.

3. Start South (Dual Enrollment): Dr. Andrea Kent presented a draft of the proposed dual enrollment program, Start South, which was developed by Dr. Kent, Dr. Andre Green, and Dr. S. Raj Chaudhury. Start South would provide high school students the opportunity to enroll in courses that earn both high school and college credit. Most instruction will be delivered in an online learning environment with some structured on campus experiences. After discussion, it was agreed that the group should pursue development of the program, beginning with a presentation to President Waldrop.

4. Guidelines for Faculty and Administrative Searches Policy: Dr. David Johnson reviewed changes that were made by the Faculty Senate to the draft policy previously approved by the deans. Dr. Mary Townsley and Dr. Andrzej Wierzbicki will draft revisions to the current version that were suggested by the council. The deans will consider and vote on the changes at a future meeting.

5. External Activities Policy: Dr. Harold Pardue presented the External Activities Policy to the deans. After discussion, Dr. Alec Yasinsac made a motion to approve this policy as written. The motion was seconded by Dr. Andrzej Wierzbicki and passed with a unanimous vote.

3. Guidelines for Faculty and Administrative Searches Policy: Dr. Mary Townsley and Dr. Andrzej Wierzbicki discussed edits made to the Guidelines for Faculty Searches. After discussion, Mary Townsley and Charles Guest will draft revised language to the policy and Paul Frazier will be invited to the next Council of Academic Deans meeting to address questions. Dr. Andre Green also presented a proposed edit. As this edit will also require input from Dr. Frazier, discussion was postponed.

4. Library Study Space: Dr. Mary Townsley expressed concerns that, without opening study spaces in the libraries, it will be more difficult to achieve social distancing in academic building study spaces and could also create issues with program accreditation requirements. Dr. Lorene Flanders stated that the intent for the Fall 2020 semester is to open study spaces but to do so in a manner that prevents patron access to collections - also allowing for social distancing. Ms. Flanders will work with Dr. Charles Guest to revise that section of the Academic Affairs Reopening Plan with additional detail related to opening study spaces.

5. Summer Distribution of Tuition Revenue: Dr. Alec Yasinsac asked if Finance and Administration could review the current summer tuition distribution formula to determine whether an increase in the share distributed to colleges would incentivize additional instruction in the summer. Dr. David Johnson noted that the distribution formula for this summer has not changed from previous summers but that he would address Dr. Yasinsac’s concerns with Scott Weldon.

6. Other Items: Dr. Andrzej Wierzbicki stated that Arts and Sciences has received requests from faculty; who had previously indicated that they preferred to teach online in the fall; to switch their classes to a web-based synchronous format. Other faculty members have requested to teach fully on-line delivered asynchronously. Deans were asked to communicate to chairs that either delivery method is acceptable. For courses that need to be changed from web-enhanced to fully online (delivered asynchronously), Dr. Harold Pardue will develop a process for those changes and communicate it to the deans.

7. Other Items: Dr. Johnson announced that the Start South dual enrollment program was approved by President Waldrop and will be presented at the June Board of Trustees meeting.
1. Minutes of the May 20, 2020 meeting were approved as distributed.

2. Academic Calendar – Fall 2020: Dr. Angela Coleman presented options for a truncated Academic Calendar for Fall 2020 in response to COVID-19. The options would eliminate a return to campus for students after Thanksgiving break in an effort to minimize infection from travel. After discussion, Dr. Bob Wood made a motion to approve the option with the last day of class on 11/24/2020 and final exams to be held in the last class meeting or virtually during a scheduled exam period from 12/1/2020 - 12/4/2020. Dr. Andrzej Wierzbicki seconded the motion and the plan passed with a vote of 10 in favor and 2 abstentions. The Academic Calendar Committee will meet to discuss any concerns with this change and Dr. Coleman will send the feedback to Dr. Johnson.

3. Update on Return to Campus Plans: Dr. Charles Guest presented changes to the current draft of the Academic Return to Campus plan. Changes include:

   a. Academic units are responsible for surveying their classroom space and determining social distance. The offices of Safety and Environmental Compliance and Facilities Management will be available to help review the plans.
   
   b. The Academic Disruption Policy will be used to enforce the requirement for masks/face coverings for students.
   
   c. The draft plan also includes a one semester waiver of the Final Exam Policy. This waiver will allow faculty to utilize alternatives to traditional final exams without requiring approval.

   Dr. Guest also asked for feedback from the deans regarding tuition for courses which were originally listed as web-enhanced that are being moved fully online due to faculty request. Options included giving the students the choice of getting into another section or changing the tuition model for that course. Dr. Johnson indicated that deans should send him a list of courses being moved from web-enhanced to fully online for Fall 2020 to determine the scope of the issue.

4. Other Items - Faculty justification for requests to teach online (work remotely) for Fall: Currently, the draft academic reopening plan requires the approval of Chairs and Deans for faculty requests to teach online due to COVID-19 risk. Dr. Johnson asked the deans to consider whether this approval process should remain as drafted or be modified to mirror the staff plan. Several deans indicated their preference for deans and chairs to be responsible for applying the policy.
5. Guidelines for Faculty and Administrative Searches: Dr. David Johnson presented revisions to the Guidelines for Faculty and Administrative Searches. Dr. Paul Frazier detailed the proposed role of the Office of Diversity and Inclusion in reviewing candidates prior to interviews. After discussion, Dr. Johnson instructed the deans to review the recommended edits in preparation for a vote during the next CAD meeting.
1. Minutes of the May 27, 2020 meeting were approved as distributed.

2. Orientation/Registration: Sal Liberto gave an update on orientation and registration for fall 2020. Orientation will be held virtually in Canvas throughout the summer, with an in-person on-campus component in the fall if conditions allow. An outline of the virtual components will be sent to the deans for their information.

3. Other Items:
   a. Dr. David Johnson announced that the modified academic calendar for fall 2020 has been approved and will be posted to the website. A message to the university community will be sent as soon as possible.
   b. Dr. Johnson also announced that the Academic Affairs Reopening Plan has been approved by the University Committee on Returning to Campus. The plan will be posted to the website and Marketing and Communications is developing an announcement to be sent out university-wide.
   c. Dr. S. Raj Chaudhury gave an update on the ILC Summer Institute. The Summer Institute is aimed at helping faculty, particularly in larger 100 and 200 level courses, increase student engagement and improve learning outcomes utilizing evidence-based online tools and strategies. The early application deadline is June 8, 2020 and deans are asked to encourage faculty to sign up.

5. Other:
   a. Dr. Nicole Carr announced that she would be sending colleges lists of students (with advisor assignments) who received an F or F* grade and did not select a U or U* option. 1. Minutes of the June 10, 2020 meeting were approved as distributed.

2. Bartleby Learn Service – USA Bookstore: Dr. Usher discussed concerns about the Bartleby homework service offered by the Bookstore. Dr. Chris Cleveland indicated that this service was removed from the online textbook shopping cart at the request of the deans last fall but that the service in now offered in the cart again after a nationwide update of the website. Chris Cleveland will reach out to Barnes and Noble to have a representative speak at a future Council of Academic Deans (CAD) meeting to address questions/concerns and Dr. Clive Woods from the College of Engineering will be asked to participate as he brought the concern to Dr. Usher. Ms. Cleveland also informed the deans that textbook adoption requests for fall 2020 are only at 50%. The bookstore will be reaching out to faculty directly to get fall book requests and will also coordinate as needed with department chairs.

3. Return to Work Plan: Dr. David Johnson reviewed the details of the current return to work plan for staff. The first phase of the return will begin on June 29, 2020. Dr. Johnson asked that departments limit the number of staff in the office in this first phase to include only those employees who need to be on campus to perform essential functions of their jobs. Departments will be asked to add employees weekly with a tentative target of August 1 for a full return to work for staff. As all employees will have to be screened for COVID-19 prior to returning, deans were also asked to try to balance the numbers of those returning over the next several weeks so as not to overwhelm the screening process. Lists of employees who need to return by June 29 should be sent to Bobbie Hancock as soon as possible.

4. Equipment Request Update: Due to the backlog of orders for Audio/Visual equipment from our vendors and the significant cost of the requests Dr. S. Raj Chaudhury asked that deans provide a prioritized list of rooms that will need electronic lecture capture equipment.

5. Summer Institute Update: The Summer Institute kicks off on June 22 and has been expanded to accommodate 60 participants. Dr. Chaudhury indicated that the institute has representation from almost all colleges and that a significant number of faculty teaching General Education courses are included. All participants are expected to complete Canvas Fundamentals Training prior to the start of the program.
1. Minutes of the June 17, 2020 meeting were approved as distributed.

2. Bartleby Learn Service – USA Bookstore: Dr. John Usher discussed concerns about the Bartleby homework service offered by the Bookstore. Paul Stevenson, of Barnes & Noble, stated that the intent of the product was to act as homework assistance similar to a tutoring service. Dr. Clive Woods described his experience when he tested the service and indicated that Bartleby provided solutions to the problems he submitted rather than tutoring and that, although there was an honor code on the Bartleby site, students were not required to agree to or acknowledge the code. Dr. Chris Cleveland indicated that this service has been removed from the online textbook shopping cart as of today, however advertising of the product still appears on the bookstore website. Dr. David Johnson tasked Dr. Usher with developing a recommendation to Barnes & Noble which will be presented to the Council of Academic Deans at a later date.

3. Exam Rooms: Dr. John Usher expressed a potential need for large exam spaces to allow instructors to proctor exams for all students in a course while also social distancing. Dr. Usher has been collecting information on available rooms and sizes and will distribute them to the deans for further discussion at the next meeting.

4. Other:
   a. Excused Absence Policy: Dr. Johnson advised that we are revising the policy on medical excused absences through the Dean of Students and will have a recommendation soon. He indicated the need to avoid any incentive for students who are ill to attend in person courses.
   b. Equipment Requests: Dr. S. Raj Chaudhury indicated that bids for electronic lecture capture equipment have been received and that he will share that information with the deans.
   c. Dr. John Cleary stated that there appeared to be differences in how Chairs are approving faculty requests to teach online in the fall. Dr. Johnson indicated that, in the case of a CDC COVID-19 risk category exception, approval should be granted and that other requests to teach online should be managed on a case by case basis and based on the needs of the department/program as has always been the policy.
Members Present: David Johnson (Provost/SVPAA), Andrzei Wierzbicki (A&S), Susan Gordon-Hickey, (PCCAHP), Bob Wood (MCOB), Andrea Kent (EDUC), John Usher (ENG), Richard Carter (GUSA), Lorene Flanders (LIB), Heather Hall (NURS), Alec Yasinsac (SOC), Kathy Cooke (HC)

Bill Guess is currently identifying common areas where signs are needed and any additional signage can be ordered by departments on the university reopening website. In addition to signage, sanitizing products and masks can also be ordered on the site. Departments should use their regular FOAPAL information for ordering but the purchases will be tracked and added to the university FEMA request with the potential for 75% reimbursement.

3. South Strong Together Campaign (to promote social distancing, masking, etc): Dr. David Johnson introduced a new campaign to promote healthy behaviors for fall. A committee was formed, led by John Friend and Diane Nichols, with substantial student representation and other representatives from throughout the university. The tests will be free to students and can be administered in their hometown within a 14 day window before coming to campus. Students with positive test results will have to delay entry to campus. The university also plans to adopt a mandatory screening app developed by UAB and a voluntary Bluetooth contact tracing app developed for Apple and Google platforms

   a. Proctoring services for exams administered online are available through ProctorU and RPNow in Canvas.
   b. Students are required to be notified about additional course fees such as proctoring services at the time of registration.
   c. Courses that will be taught remotely in Fall 2020 might still have a schedule type listed as Web-Enhanced or Web-Blended. Proctoring fees for exams have typically not been associated with these types of courses.
   d. The University plans to pay the cost of exam proctoring services in those courses that have been shifted to virtual instruction due to COVID-19, unless the students have been informed of this cost prior to registration. This will be a limited resource and Dr. Chaudhury will send a Google form to the deans to be completed in order to determine eligibility.

Dr. David Johnson will prepare a memo to Dr. Tony Waldrop with these recommendations and, if approved, they will be submitted to Dr. Chris Cleveland for negotiations with Barnes and Noble.

   a) Require that any advertising of the Bartleby Learn service on the USA bookstore website include a warning that if the tool is not used within the standards of academic integrity, it could constitute academic misconduct and place students' academic careers at risk.
   b) Require students to acknowledge this warning as a part of the purchase process and before any use of the tool.
   c) Require Barnes and Noble to have each user read the Bartleby Learn honor code and acknowledge their understanding that if the tool is not used within the standards of academic integrity it could constitute academic misconduct.

3. Lecture Capture Room Update: Dr. S. Raj Chaudhury updated the deans on the status of the classroom technology upgrades for Fall. A demo of equipment for lecture capture has been set up in the ILC and will begin testing today. Dr. Chaudhury stated that networking in some buildings will need to be upgraded and it will likely be early to mid-Fall semester before all spaces are up to full capacity.

4. Other Items: Dr. Charles Guest reminded deans to submit their lists of part time faculty two weeks prior to their anticipated return so they can be screened and complete training modules. Dr. Johnson advised the deans that, based on current infection rates in the state and the fact that USA contact tracing is not at full capacity, it would be advisable to slow the return to campus process for the next two weeks and only bring back employees who cannot perform their job functions remotely in an attempt to reduce density on campus.

3. Fall Attendance Policies: Dr. Charles Guest highlighted areas of concern related to fall course attendance policies:

   b. An email communication regarding the modified absence policy will be sent to all faculty.

4. Spring Hill College (SHC) Program: Dr. David Johnson informed the deans that, although a decision was made to suspend the SHC program for Fall semester 2020, a small group of graduating SHC students will be allowed to take courses if open slots are available.

Provost Transition Activities: Dr. David Johnson reminded deans that Dr. Andi Kent will begin Interim Provost duties starting on September 1, 2020. In preparation for the transition, all communications sent to Dr. Johnson should be copied to Dr. Kent as well.

Other Items: Dr. Charles Guest discussed input from Randy Moon regarding requests for the use of long-term during the fall term. It was determined that there would be significant safety issues and that it would be cost prohibitive to use tents and departments should explore other options.

Other Items: Dr. S. Raj Chaudhury updated the deans on the status of problems that USA experienced with Canvas over the weekend that created challenges for faculty trying to meet the Monday grading deadline. There was a problem with the way Canvas was communicating with Banner that caused it to unenroll students. Dr. Chaudhury also announced that lecture recording technology will begin to arrive on campus during the week of August 10th and installation will begin shortly thereafter. 3. Masking and Social Distance Requirement Enforcement: Dr. Susan Gordon-Hickey asked for clarification of how faculty and supervisors would enforce mask and social distancing requirements with students and staff. Dr. Mitchell suggested that the first step would be to remind students of the pledge they agreed to while filling out the return to class survey. For non-compliance by faculty or staff, supervisors should intervene and the anonymous reporting system can also be utilized.

7. Other Items: Dr. Johnson reminded the deans that, they may utilize remote work when
possible for staff as long as offices are all open during regular business hours. Staff who work remotely will, however, have to be able to do 100% of their job as administrative leave for hours not worked will no longer be approved.

8. Other Items: Dr. Johnson mentioned that we may want to alter the course registration listing course formats for the spring semester to better reflect the variety of course delivery methods we will use next semester.
