

DUAL ENROLLMENT & EARLY COLLEGE AT THE UNIVERSITY OF SOUTH ALABAMA

Make Your Summer Count.  
Start South Today.

## Start South Summers 2023

### **Join Start South on campus for special events this summer!**

It's never too early to prepare for college. Connect with Start South on campus in June for a college readiness workshop led by South's College of Arts and Sciences on how to choose a major that will lead to a fulfilling career after graduation. Discover what all South has to offer from engineering and health to foreign language and art and find the inspiration to answer that age-old question "what do you want to do when you grow up?"

Participants will tour departments, lunch at the USA Student Center, and engage with faculty, staff, and students. Programming is the same for both dates.

Workshops run from 9:00 – 2:30 with check in beginning at the USA Student Center at 8:45. Registration fee is \$25 which includes lunch – select a date below to register!
