Environmental Conditions & Concerns

Do not paddle through severe weather, seek shelter.
Don’t forget to check the weather before you leave.
Look For:
- lightning
- winds higher than 6 mph
- Water levels higher than 19ft.
- flash flood warnings
- watch the radar prediction.

Do not interact with wildlife. Maintain a safe and respectful distance.

Relevant Information (campsite check-in/out times, trail notes, important details, etc.)

Remember Leave No Trace:
1. Plan ahead and Prepare
2. Camp and Travel on Durable Surfaces
3. Dispose of Waste Properly
4. Respect Others
5. Respect Wildlife
6. Minimize Campfire Impact
7. Leave What You Find

Recommended Water Levels
Claiborne Dam river stages ranging from 6 to 19 feet on tailrace reading provide optimum water levels for this route. River stages above these values should be considered hazardous. For water level information at Claiborne Dam, call 1-888-771-4601 or visit https://waterdata.usgs.gov/al/nwis/uv?site_no=02428401

Potential Trip Itinerary:
