How to register for summer camps

You might be prompted to select a family member. **Rec Center members: select yourself each time to ensure that you pay the correct price.** There is a place farther in the registration process to list the child's name.

If you select a family member, and that child does not have a membership to the Rec Center, then the non-member price will apply at check-out. Make sure to register yourself to get the correct pricing. You will list your child's name later in the registration process.

The screenshot shows a registration modal window with the title "Which family member would you like to Register?". It contains two rows of options:

Member Type	Expiration Date	Action
Primary Member	1/1/1975	Register
Family Member	1/1/2010	Register

At the bottom of the modal, there are two buttons: "Add a new Dependent" and "Close".
