You might be prompted to select a family member. **Rec Center members: select yourself each time to ensure that you pay the correct price.** There is a place farther in the registration process to list the child’s name.

**If you select a family member, and that child does not have a membership to the Rec Center, then the non-member price will apply at check-out. Make sure to register yourself to get the correct pricing. You will list your child’s name later in the registration process.**
How to register for 2021 summer camps

List an emergency contact, authorized pickup persons, and continue to register your child(ren) for spots. Add each one to the cart, then check out when you’re finished adding spots.

Check the email address that is associated with your account. Your receipt will automatically be emailed to that address upon checkout. It is also the email address that the camp staff will use to communicate with you closer to each session.

Thank you and we’re excited to have your child at camp!
