

CIS 497/498 Senior Capstone Special Permission Form

A comprehensive team project will be completed and documented. Writing assignments will reinforce the importance of life-long learning, leadership skills, and the ethical issues of computing as well as appropriate resume and job application cover letter creation. Oral and written reports will be required. *This course is to be taken the final semester of the student's degree program.*

Students must submit this approval form to the School of Computing office before the closed course override will be processed.
