Federal regulations allow a dependent student to be awarded a Federal Direct Unsubsidized Loan if our office can verify that the parent(s) has ceased financial support or the parent(s) refuses to provide parental information on the student's Free Application for Federal Student Aid (FAFSA). **However, student information must be submitted on the FAFSA.**

The student must provide a signed and dated statement from one parent specifically stating that the parent(s):

- **has stopped providing financial support to the student (include the date when financial support ceased) and will not provide financial support in the future (including cash and non-cash support, such as room and board) and**
- OR
- **refuses to complete the parental section of the student's FAFSA**

If the request is approved by our office, the student will be eligible to receive **ONLY** a Federal Direct Unsubsidized Loan (for the most current interest rates, visit <https://studentaid.gov>) and will be subject to annual borrowing limits based upon grade level. **No other federal, state, or university need-based aid will be available.** The student's parent(s) will not be eligible to apply for a Federal Direct PLUS Loan for the student. An approved student will remain in a dependent status, and will only be eligible to apply for higher interest rate private student loans if additional aid is needed during the academic year.

Academic Grade Level of Dependent Student	Unsubsidized Stafford Loan Limit
Freshman	\$5,500
Sophomore	\$6,500
Junior	\$7,500
Senior	\$7,500

If the request is denied by our office, the student must obtain the required parental information and signatures and submit a corrected FAFSA before any Title IV aid may be awarded.
