Achieving promotion at the University of South Alabama is a multi-step process that begins in the Department and ends with the Board of Trustees. University policies pertaining to promotion are set forth in the *Faculty Handbook* (2017): http://www.southalabama.edu/departments/academicaffairs/resources/facultyhandbook.pdf.

The present document describes the promotion procedures for the English Language Center, a unit of Global USA.

**GENERAL REVIEW POLICIES**

**REVIEW COMMITTEES**

The Global USA Promotion Committee is appointed each year by the Associate Vice President for Global Engagement with respect to achieving a balance of disciplines. Membership on this Committee shall be limited to associate and full professors from multiple departments on campus in which faculty have expertise in English as a second language or a related discipline. The Committee reviews all departmental recommendations for promotion and reports the results of the reviews directly to the Associate Vice President for Global Engagement. Recommendations are only a part of a larger process in which the Candidates, ELC Director, the Associate Vice President for Global Engagement, the Senior Vice-President for Academic Affairs, the University President, and the Board of Trustees participate.

The Departmental Review Committee consists of three faculty members within the ELC with the rank of senior instructor, excluding the director. In the event that it is not possible to constitute a committee from ELC faculty, the Associate Vice President for Global Engagement will appoint an appropriate committee from USA faculty, following the spirit of the review process. All members of the committee shall hold the rank of senior instructor, associate professor, or full professor.

The Review Committees implement rather than make policy. Deliberations are, therefore, guided by University policies already in place. No external review is required.

Promotion procedures, criteria, and the application of criteria are stipulated in Faculty Handbook, Section 3.10.3.
GENERAL PROCEDURES

Peer review is required in arriving promotion decisions; therefore, each Department is required to indicate explicitly how recommendations evolved during the review process and must communicate these procedures to the Candidates and to the administration.

CRITERIA FOR PROMOTION TO SENIOR INSTRUCTOR

The parties involved in the promotion process at all levels rely on the principles and criteria as defined in the Faculty Handbook (2017, Section 3.10). These criteria involve consideration of the quality of teaching, the level of scholarship judged by national standards, and the regular performance of duties, including the ability to participate in a healthy learning environment. The degree of professional achievement is thereby evaluated in three broad areas: teaching effectiveness, professional development, and professional service to the Department, College, University, and where appropriate, the Community.

The ELC Review Committee, ELC Director, Global USA Review Committee, and Associate Vice President for Global Engagement must, in turn, provide reasons and any appropriate additional information in support of their recommendations. DEPARTMENTAL REVIEW COMMITTEES

The members of the faculty charged with review and evaluation of their colleagues' applications for promotion are responsible for the strictest professionalism and confidentiality during and after the review process. Committees reach their decisions by discussion and secret written vote concerning each Candidate.

The ELC Review Committee reviews all material with the realization that evidence of continuing scholarly/creative productivity as well as teaching effectiveness are typically the essence of all promotion recommendations. The ELC Review Committee is expected to distinguish between scholarship and popularization and also between research for scholarly purposes and activity that is essentially service oriented. This distinction requires a careful evaluation by the reviewers of the Candidate's research objectives, contributions, and publications and an evaluation of any published commentaries on the Candidate's work. The ELC Review Committee should include an assessment of the quality of the journals in which papers have been published and identify refereed and non-refereed journals.

The Chair of the ELC Review Committee, on behalf of the Committee, must submit to the ELC Director, a narrative letter reporting the sense of the deliberations and the decisions of the Committee's (including a tally of all votes as "ayes," "nays," and "abstain") that specifically addresses teaching, research and creative activity, and service. In the case of split decisions, the recommendations must clearly represent the majority and minority viewpoints. An ELC recommendation must include evaluation of this work by the members of the Committee. A vote is not enough information. Every member of the ELC Review Committee (whether voting or abstaining), including the Committee Chair, must sign this letter. A minority report may be submitted in writing by any member(s) of the Review Committee.

INFORMATION REQUIRED FROM THE ENGLISH LANGUAGE CENTER (ELC) DIRECTOR

For each faculty member being reviewed, the ELC Director will submit the following information:

1. The ELC Director will email a copy of the Candidate's Promotion Report with active links to Supplementary Materials to the Associate Vice President for Global Engagement and to the Chair of the ELC Review Committee.
2. The ELC Director’s recommendation and justification for the recommendation should be carefully documented and provide a considered statement assessing the Candidate’s strengths and weaknesses in teaching, research and creative activities, and service. The statement should address all relevant criteria and assess the extent to which the Candidate meets them. If the Director concurs with the ELC Review Committee and is willing to vouch for its appropriateness with respect to adherence to relevant procedures and criteria, the peer review evaluation may serve as the “justification” statement.

3. For each faculty member reviewed, the ELC Director is responsible for reviewing the organization of the portfolio and for forwarding the portfolio, including the report of the Committee and any supplementary materials, to the Associate Vice President for Global Engagement.
