Welcome to South

We’re the University of South Alabama. South, for short. Our university is a dynamic community of leaders and learners who support and challenge one another to be actively engaged citizens who advance the Gulf Coast region and the world.

Founded in 1963, South’s vision is to foster an environment that couples engaging learning experiences with high-level research, enabling our faculty and students to be leaders in their disciplines. The unique and beautiful Gulf Coast region is a catalyst for discovery and innovation, and South’s 1,200-acre campus has been transformed over the past decade with new facilities and resources for housing and recreation, health sciences, the arts, engineering, computer science and athletics.

USA is a place where students discover and strengthen their career passions, and form connections that result in lifelong relationships. At South, we look at the world and see things that we have the power to change, affect and shape — together. So that’s exactly what we do, every single day.
