

April 27, 2017

GY480 Field Geology Pre-Departure Checklist:

1. All students taking GY480 Field Geology must be registered for the May semester course before the scheduled departure date - no exceptions. For 2017 the departure date is May 8.
2. The GY480 course fee (for 2017 currently \$1,600) must display as being paid in full by the time of departure - no exceptions.
3. Proof of medical insurance must be photocopied and turned in to the department secretary before departure. USA offers a summer medical insurance plan to current students.
4. A photocopy of a drivers license or some equivalent type of ID proving the age of the student must be left with the dept secretary before departure.
5. A liability release form for the Murchison Ranch in Texas should be left with the instructor(s) that is leading the Texas portion of the GY480 course (for 2017 Dr. Beebe).
6. Proof of Red Cross first aid certification must be photocopied and left with the dept. secretary if the USA First Aid course has not been taken.
7. Indicate on the GY480 vehicle sign-up list which vehicle you are riding in. If you are planning to take your own vehicle indicate that and who would be traveling with you in the space below the sign-up grid.
8. Sign the signature page of the GY480 Safety Plan and turn it in to the dept secretary.
